We take no responsibility for, and can provide no assurance as to the reliability of, any other information that others may give to you. The information contained in this prospectus is accurate only as of the date of this prospectus, regardless of the time of delivery of this prospectus.

We are offering to sell, and seeking offers to buy, shares of Class A common stock only in jurisdictions where offers and sales are permitted. We have not taken any action to permit a public offering of our shares of Class A common stock or the possession or distribution of this prospectus in any jurisdiction where action for that purpose is required, other than the United States and Canada. IMPLICATIONS OF BEING AN EMERGING GROWTH COMPANY

As a company with less than $1.07 billion in revenue during our most recently completed fiscal year, we qualify as an "emerging growth company" as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act (the "**JOBS Act**") of 2012. As an emerging growth company, we may take advantage of specified reduced disclosure and other exemptions from requirements that are otherwise applicable to public companies that are not emerging growth companies. These provisions include:

- reduced disclosure about our executive compensation arrangements;
- exemptions from non-binding stockholder advisory votes on executive compensation or golden parachute arrangements; and
- exemption from the auditor attestation requirement in the assessment of our internal control over financial reporting.

We may take advantage of these exemptions for up to five years or such earlier time that we are no longer an emerging growth company. We would cease to be an emerging growth company if we have more than $1.07 billion in annual revenues as of the end of a fiscal year, if we are deemed to be a large-accelerated filer under the rules of the SEC or if we issue more than $1.0 billion of non-convertible debt over a three-year period.

Overview

AWH is a vertically integrated multi-state operator focused on adult-use or near-term adult-use cannabis states in limited license markets. Our core business is the cultivation, manufacturing and distribution of cannabis consumer packaged goods, which we sell through our company-owned retail stores and to third-party licensed cannabis retail stores. We were founded in 2018 and initially pursued cultivation and dispensary licensing opportunities in Massachusetts. In December 2018, we entered the Illinois market with the acquisition of an existing cultivation facility through the acquisition of Revolution Cannabis-Barry LLC. We also acquired HealthCentral, LLC ("**HCI**") and its related entities, which owned two operational medical dispensaries in Illinois. We have since expanded our operational footprint, primarily through acquisitions and now have direct or indirect operations or financial interests in five U.S. geographic markets: Illinois, Massachusetts, Michigan, New Jersey, and Ohio.

We believe in bettering lives through cannabis. Our mission is to improve the lives of our employees, patients, customers and the communities we serve through the use of the cannabis plant. We are committed to providing safe, reliable and high-quality products and providing consumers options and education to ensure they are able to identify and obtain the products that fit their personal needs. As of March 26, 2021, we have direct or indirect operations or financial interests in five U.S. geographic markets and employ approximately 1,000 people.

Currently, approximately one third of our portfolio of cultivation and dispensary assets are generating revenue and we expect the remainder of these assets to begin generating revenue over the course of the 2021 calendar year. We are committed to being vertically integrated in every state we operate in, which entails controlling the entire supply chain from seed to sale. We are currently vertically integrated in two out of our five states with expansion plans underway to achieve vertical integration in all five states. While we have been successful in opening facilities and dispensaries, we expect continued growth to be driven by opening new operational facilities and dispensaries under our current licenses, expansion of our current facilities and increased consumer demand.

Our consumer products portfolio is generated primarily from plant material that we grow and process ourselves. We produce our consumer-packaged goods in five manufacturing facilities with 74,000 square feet of current cumulative canopy and total current capacity of 38,000 pounds annually. We are undergoing expansions at our Barry, Illinois, Lansing, Michigan and Athol, Massachusetts cultivation facilities which are expected to be completed in 2021 and we expect to build facilities in Monroe, Ohio and New Jersey in 2022. The expansions are expected to add approximately 58,000, 28,000, 37,000, 35,000 and 56,000 square feet of canopy, respectively, or a total of approximately 285,000 square feet of cumulative canopy, which is estimated to have a total production capacity of 142,000 pounds annually post build-out, assuming production and yields are in line with the performance of our current operating canopy. Our product portfolio currently consists of 102 stock keeping units ("**SKUs**"), across a range of cannabis product categories, including flower, pre-rolls, concentrates, vapes, edibles and other cannabis-related products. As of March 26, 2021, we have 13 open and operating retail locations, which we anticipate will expand to 20 locations open and operating by the end of calendar year 2021. Our new store opening plans are flexible and will ultimately depend on market conditions, local licensing, construction and other regulatory permissions. All of our expansion plans are subject to capital allocation decisions, the evolving regulatory environment and the COVID-19 pandemic. See "*Cautionary Note Regarding Forward-Looking Statements.*"

Corporate Conversion and Corporate Structure

Immediately prior to the effectiveness of the registration statement of which this prospectus forms a part, we will engage in the following transactions, which we refer to collectively as the "Conversion":

- we will convert from a Delaware limited liability company to a Delaware corporation by filing a certificate of conversion with the Delaware Secretary of State; and
- we will change our name from "Ascend Wellness Holdings, LLC" to "Ascend Wellness Holdings, Inc."

As part of the Conversion:

- we will create two classes of authorized common stock, Class A common stock and Class B common stock;

- holders of Series Seed Preferred and Series Seed Preferred+ Units of AWH will receive one share of Class A common stock of Ascend Wellness Holdings, Inc. for each unit of Series Seed Preferred and Series Seed Preferred+ Units held immediately prior to the Conversion;
- holders of Real Estate Preferred Units of AWH will receive, for each unit of Real Estate Preferred Units of AWH, a number of shares of Class A common stock of Ascend Wellness Holdings, Inc. equal to (x) one plus (y) (A) the original purchase price of such Real Estate Preferred Unit multiplied by 1.5, divided by (B) the price at which we are offering Class A common stock pursuant to this offering;
- holders of common units of AWH will receive one share of Class A common stock of Ascend Wellness Holdings, Inc. for each common unit held immediately prior to the Conversion;
- holders of restricted common units issued under the 2020 Incentive Plan (as defined below) will receive one share of Class A common stock of Ascend Wellness Holdings, Inc. for each restricted common unit held immediately prior to the Conversion;
- holders of convertible notes will convert into shares of Class A common stock in accordance with the terms of the note purchase agreement, dated June 12, 2019, between the Company and the purchasers of the convertible notes (the "**2019 Convertible Notes**"). The holders of 2019 Convertible Notes will receive a number of shares of Class A common stock equal to the outstanding principal and accrued and unpaid interest under the notes divided by a price per share equal to the lesser of (a) (i) a 20% of a discount to the price per share of Class A common stock offered pursuant to this offering in the event the offering occurs on or before 12 months from the closing date; (ii) a 25% of a discount to the price per share of Class A common stock offered pursuant to this offering in the event the offering occurs after 12 months from the closing date, but before the maturity date; and (b) , which represents the price per share resulting from a pre-money valuation of the company of $295,900,000;
- holders of convertible notes will convert into shares of Class A common stock in accordance with the terms of the note purchase agreement, dated January 6, 2021, between the Company and the purchasers of the convertible notes (the "**2021 Convertible Notes**"). The holders of 2021 Convertible Notes will receive a number of shares of Class A common stock equal to the outstanding principal and accrued and unpaid interest under the notes divided by a price per share equal to the lesser of (a) (i) a 20% of a discount to the price per share of Class A common stock offered pursuant to this offering in the event the offering occurs

on or before 12 months from the closing date; (ii) a 25% of a discount to the price per share of Class A common stock offered pursuant to this offering in the event the offering occurs after 12 months from the closing date, but before the maturity date; and (b) $3.00 per share of Class A common stock.

- holders of warrants to acquire 7,062,285 common units of AWH at an exercise price of $2.00 per share will receive warrants to acquire an equal number of shares Class A common stock; and
- AGP Partners, LLC, a Delaware limited liability company ("AGP"), will receive shares of Class B common stock, which will constitute all of the outstanding shares of Class B common stock of AWH.

Prior to the Conversion, we expect holders of warrants to acquire 2,187,500 common units of AWH at an exercise price of $1.60 per unit to exercise their warrants and acquire common units of the Company. Pursuant to the terms of such warrants, if the warrants are not exercised prior to the completion of the offering, the warrants will expire and no longer be exercisable upon the completion of the offering. Additionally, the terms of the warrants permit the holders to exercise the warrants via cashless exercise. If the holders choose to exercise via cashless exercise, the holders will acquire 1,312,500 common units of AWH. However, there is no assurance that the holders will exercise the warrants.

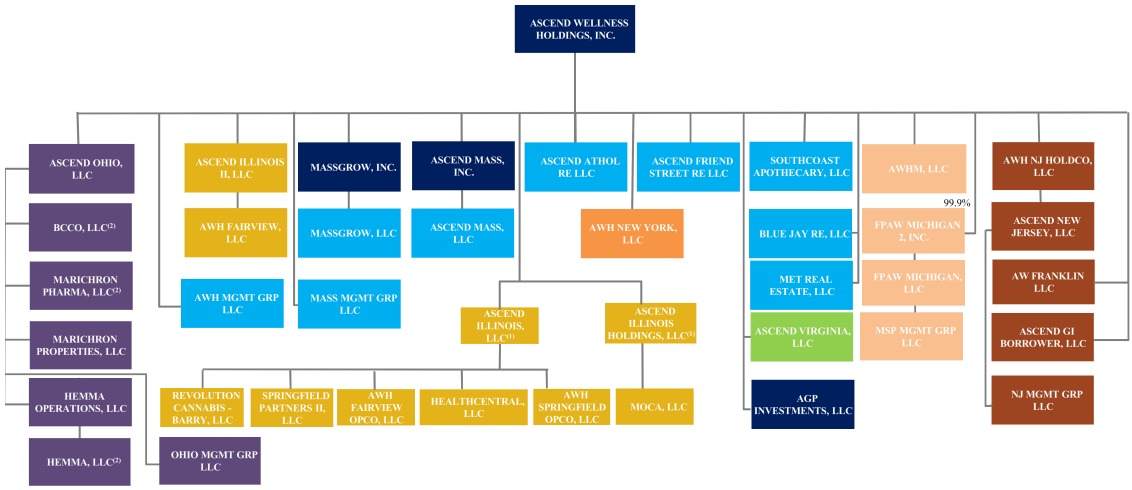
Following the Conversion, Ascend Wellness Holdings, Inc. will be deemed to be the same entity as AWH, and as a result will continue to hold all property and assets of AWH and will remain liable for all of the debts and obligations of AWH. After effecting the Conversion, we will be governed by a certificate of incorporation to be filed with the Delaware Secretary of State and bylaws.

Following the Conversion, we will have two classes of authorized common stock, Class A common stock and Class B common stock. Each share of Class A common stock will be entitled to one vote per share. Each share of Class B common stock will be entitled to votes per share. Holders of Class A common stock and Class B common stock will vote together as a single class on all matters (including the election of directors) submitted to a vote of stockholders, unless otherwise required by law or our certificate of incorporation. Each share of Class B common stock will automatically convert into one share of Class A common stock on the final conversion date, as defined in our certificate of incorporation. Each share of Class B common stock will also be convertible at any time at the option of the holder into one share of Class A common stock. In addition, each share of Class B common stock will convert automatically into one share of Class A common stock upon any transfer, whether or not for value, except for certain transfers described in our certificate of incorporation, including, without limitation, transfers for tax and estate planning purposes, so long as the transferring holder of Class B common stock continues to hold exclusive voting and dispositive power with respect to the shares transferred. Once converted into a share of Class A common stock, a converted share of Class B common stock will not be reissued. Following the conversion of all outstanding shares of Class B common stock, no further shares of Class B common stock will be issued. See "*Description of Capital Stock*."

On the effective date of the Conversion, the members of the board of managers of AWH will become the members of the board of directors (the "**Board**") of Ascend Wellness Holdings, Inc., with the exceptions described in this prospectus, and the officers of AWH will become the officers of Ascend Wellness Holdings, Inc. Following the Conversion, we will consummate the initial public offering of our Class A common stock.

The following diagram illustrates our corporate structure following the completion of the Conversion and the closing of the offering. See Exhibit 21.1 to the registration statement of which this prospectus is a part for a list of our subsidiaries. All lines represent 100% ownership of outstanding securities of the applicable subsidiary unless

otherwise noted. In part, the complexity of our organization structure is due to state licensing requirements that mandate that we maintain the corporate identity of our operating license holders.



(1) In process of transfer to AWH. The Illinois Department of Financial and Professional Regulation is currently reviewing the transfer application.
(2) The Ohio Medical Marijuana Control Program is currently reviewing transfer requests for Hemma, LLC and BCCO, LLC. We have entered into an agreement to acquire Marichron Pharma, LLC, but cannot submit a transfer request until Marichron Pharma, LLC receives a certificate of operation.

Legend:

In this prospectus, except as otherwise indicated or the context otherwise requires, all information is presented giving effect to the Conversion. The purpose of the Conversion is to reorganize our structure so that the entity that is offering our Class A common stock to the public in this offering is a Delaware corporation rather than a Delaware limited liability company, and so that our existing investors will own our Class A common stock rather than equity interests in a limited liability company. The Conversion will be effected by the filing of a certificate of conversion with the Secretary of State of the State of Delaware. See "*Corporate Conversion and Corporate Structure*."

The risks described under the heading "*Risk Factors*" included elsewhere in this prospectus may cause us not to realize the full benefits of our strengths or may cause us to be unable to successfully execute all or part of our strategy. Some of the most significant challenges and risks include the following:

- the effect of the volatility of the market price and liquidity risks on shares of our Class A common stock;
- the effect of the voting control exercised by holders of Class B common stock;
- our ability to attract and maintain key personnel;
- our ability to continue to open new dispensaries and cultivation facilities as anticipated;
- the illegality of cannabis under federal law;
- our ability to comply with state and federal regulations;
- the uncertainty regarding enforcement of cannabis laws;
- the effect of restricted access to banking and other financial services;
- the effect of constraints on marketing and risks related to our products;
- the effect of unfavorable tax treatment for cannabis businesses;
- the effect of security risks;
- the effect of infringement or misappropriation claims by third parties;
- our ability to comply with potential future FDA regulations;
- our ability to enforce our contracts;
- the effect of unfavorable publicity or consumer perception;
- the effect of risks related to material acquisitions, dispositions and other strategic transactions;
- the effect of agricultural and environmental risks;
- the effect of risks related to information technology systems;
- the effect of product liability claims and other litigation to which we may be subjected;
- the effect of risks related to the results of future clinical research;
- the effect of intense competition in the industry;
- the effect of adverse changes in the wholesale and retail prices;
- the effect of outbreaks of pandemic diseases, fear of such outbreaks or economic disturbances due to such outbreaks, particularly the impact of the COVID-19 illness; and

- the effect of general economic risks, such as the unemployment level, interest rates and inflation, and challenging global economic conditions.

Before you invest in our Class A common stock, you should carefully consider all the information in this prospectus, including matters set forth in the section captioned *"Risk Factors."*

RISK FACTORS

Investing in our Class A common stock involves a high degree of risk. You should consider carefully the risks and uncertainties described below before making an investment decision, which we believe are material risks associated with our business and this offering. Our business, financial condition, operating results or growth prospects could be harmed by any of these risks. In such an event, the trading price of our Class A common stock could decline, and you may lose all or part of your investment. In assessing these risks, you should also refer to all of the other information contained in this prospectus, including our consolidated financial statements and related notes. Please also see the sections captioned "Cautionary Note Regarding Forward-Looking Statements" and "Market Industry and Other Data."

Risks Related to this Offering and Our Class A Common Stock

We do not intend to pay dividends on our shares of Class A common stock and, consequently, your ability to achieve a return on your investment will depend on appreciation in the price of our shares of Class A common stock.

We have never declared or paid any cash dividend on our shares of Class A common stock and do not currently intend to do so in the foreseeable future. We currently anticipate that we will retain future earnings, if materialized, for the development, operation and expansion of our business and do not anticipate declaring or paying any cash dividends in the foreseeable future. Therefore, the success of an investment in our shares of Class A common stock will depend upon any future appreciation in their value. Our shares of Class A common stock may not appreciate in the short term or long term or even maintain the price at which said shares of Class A common stock were purchased. A holding of shares of Class A common stock is speculative and involves a high degree of risk and should be undertaken only by holders whose financial resources are sufficient to enable them to assume such risks and who have no need for immediate liquidity in their investment. Holding shares of Class A common stock is appropriate only for holders who have the capacity to absorb a loss of some or all of their holdings.

Our voting control will be concentrated.

Abner Kurtin, one of our founders and our Chief Executive Officer, and Frank Perullo, one of our founders and our Chief Strategy Officer, have the ability to exercise significant voting power with respect to our outstanding shares because of the shares of Class B common stock that will be held by AGP, an entity Mr. Kurtin and Mr. Perullo control. Shares of Class B common stock will be entitled to votes per share. Upon completion of this offering, Mr. Kurtin and Mr. Perullo will control approximately % of our total issued and outstanding shares and approximately % of the voting power attached to all of our issued and outstanding shares (approximately % and %, respectively, if the underwriters exercise their option to purchase additional Class A common stock in full).

As a result, Mr. Kurtin and Mr. Perullo have the ability to exercise significant voting power on decisions that require stockholder approval, including the election and removal of directors and significant corporate transactions. This ability to exercise significant voting power could delay, defer or prevent a change of control, arrangement or merger or sale of all or substantially all of our assets that our other stockholders may support, which in turn could have a material adverse effect on the market price of our Class A common stock. Conversely, this concentrated control could allow the holders of the Class B common stock to consummate such a transaction that our other stockholders do not support. In addition, the holders of the Class B common stock may make long-term strategic investment decisions and take risks that may not be successful and/or may seriously harm our business.

Additionally, subsequent to the Conversion, Mr. Kurtin will serve as our Chair of the Board and Mr. Perullo will serve as one of our directors.

Future transfers by holders of Class B common stock will generally result in those shares converting to Class A common stock, subject to limited exceptions described in our certificate of incorporation. Each share of our Class B common stock is convertible at any time at the option of the Class B holder into one share of Class A common

stock. The conversion of Class B common stock to Class A common stock would dilute the overall voting power of Mr. Kurtin and Mr. Perullo and the voting power of holders of Class A common stock in terms of voting power within the Class A common stock, including holders of Class A common stock purchased in this offering.

For a description of our capital structure, see "*Description of Capital Stock.*"

Our capital structure and voting control may cause unpredictability in the price of our Class A common stock.

Given the concentration of voting control that is held by the holders of the Class B common stock, this capital structure and voting control could result in a lower trading price for, or greater fluctuations in, the trading price of our shares of Class A common stock, adverse publicity or other adverse consequences.

If you purchase our shares of Class A common stock in this offering, you will incur immediate and substantial dilution in the book value of your shares.

If you purchase shares of Class A common stock in this offering, you will incur immediate and substantial dilution of $ per share after giving effect to the sale by us of shares of Class A common stock offered in this offering at the public offering price of $ per share, and after deducting underwriting discounts and commissions for shares sold in the public offering and estimated offering expenses payable by us. The exercise of outstanding stock options and warrants may result in further dilution of your investment. See the section titled "*Dilution*" appearing elsewhere in this prospectus for a more detailed description of the dilution to new investors in the offering.

The market price for the shares of Class A common stock may be volatile, which may affect the price at which you could sell the shares of Class A common stock.

The market price for securities of cannabis companies generally are likely to be volatile. In addition, the market price for the shares of Class A common stock has been and may be subject to wide fluctuations in response to numerous factors beyond our control, including, but not limited to:

- actual or anticipated fluctuations in our quarterly results of operations;
- recommendations by securities research analysts;
- changes in the economic performance or market valuations of companies in the industry in which we operate;
- addition or departure of our executive officers and other key personnel;
- release or expiration of transfer restrictions on outstanding shares of Class A common stock;
- sales or perceived sales of additional shares of Class A common stock;
- operating and financial performance that varies from the expectations of management, securities analysts and investors;
- regulatory changes affecting our industry generally and our business and operations both domestically and abroad, or legislative or regulatory decisions to halt adult-use or medical cannabis programs;
- announcements of developments and other material events by us or our competitors;
- fluctuations in the costs of vital production materials and services;
- changes in global financial markets and global economies and general market conditions, such as interest rates and pharmaceutical product price volatility;
- significant acquisitions or business combinations, strategic partnerships, joint ventures or capital commitments by or involving us or our competitors;
- operating and share price performance of other companies that investors deem comparable to us or from a lack of market comparable companies; and
- news reports relating to trends, concerns, technological or competitive developments, regulatory changes and other related issues in our industry or target markets.

Financial markets have at times historically experienced significant price and volume fluctuations that: (i) have particularly affected the market prices of equity securities of companies, and (ii) have often been unrelated to the

operating performance, underlying asset values or prospects of such companies. Accordingly, the market price of the shares of Class A common stock from time to time may decline even if our operating results, underlying asset values or prospects have not changed. Additionally, these factors, as well as other related factors, may cause decreases in asset values that may result in impairment losses to us. Further fluctuations in price and volume of equity securities may occur in the future. If increased levels of volatility and market turmoil continue, our operations could be adversely impacted, and the trading price of the shares of Class A common stock may be materially adversely affected.

We may face liquidity risks.

We have applied to list our shares of Class A common stock on the CSE and to have our shares of Class A common stock quoted on the OTCQX. Listing and quotation of our Class A common stock will be subject to us fulfilling all of the listing requirements of the CSE and OTCQX, respectively. We cannot predict at what prices the shares of Class A common stock will continue to trade, and an active trading market may not be sustained.

Our shares of Class A common stock do not currently trade on any U.S. securities exchange. In the event our shares of Class A common stock do trade on any U.S. securities exchange, we cannot predict at what prices the shares of Class A common stock will trade and there is no assurance that an active trading market will develop or be sustained. There is a significant liquidity risk associated with an investment in us.

We will be subject to increased costs as a result of being a United States company listed on the CSE.

We have applied to be listed on the CSE and anticipate being subject to SEC rules and regulations. As a result, we will be subject to the reporting requirements, rules and regulations under the applicable Canadian and U.S. securities laws and rules of stock exchanges on which our securities may be listed. The requirements of existing and potential future rules and regulations will increase our legal, accounting and financial compliance costs, make some activities more difficult, time-consuming or costly and may place undue strain on our personnel, systems and resources, which could adversely affect our business, financial condition and results of operations.

We will face costs of maintaining a public listing.

There are costs associated with legal, accounting and other expenses related to regulatory compliance. Securities legislation and the rules and policies of the CSE require listed companies to, among other things, adopt corporate governance and related practices, and to continuously prepare and disclose material information, all of which add to a company's legal and financial compliance costs. We may also elect to devote greater resources on communication and other activities typically considered important by publicly traded companies.

Anti-takeover provisions in our certificate of incorporation and bylaws and Delaware law could discourage a takeover.

Our certificate of incorporation and bylaws, as adopted in connection with this offering, will contain provisions that might enable our management to resist a takeover. These provisions include:

- authorizing the issuance of "blank check" preferred stock that could be issued by our Board to increase the number of outstanding shares and thwart a takeover attempt;
- advance notice requirements applicable to stockholders for matters to be brought before a meeting of stockholders and requirements as to the form and content of a stockholder's notice;
- restrictions on the transfer of our outstanding shares of Class B common stock, which shares will represent % of the voting rights of our capital stock following this offering, or % of the voting rights if the underwriters exercise in full their option to purchase additional shares of Class A common stock;
- the dual-class structure of our common stock, which gives our founders significant influence over all matters requiring stockholder approval, including the election of directors, amendments to our charter

documents and significant corporate transactions, such as a merger or other sale of our company or its assets;
- the inability of our stockholders to act by written consent;
- a requirement that the authorized number of directors may be changed only by resolution of the Board;
- allowing all vacancies, including newly created directorships, to be filled by the affirmative vote of a majority of directors then in office, even if less than a quorum, except as otherwise required by law;
- limiting the forum for certain litigation against us to Delaware; and
- limiting the persons that can call special meetings of our stockholders to our Board, the chief executive officer, the president, the secretary or a majority of the authorized number of directors.

These provisions might discourage, delay or prevent a change in control of our company or a change in our Board or management. The existence of these provisions could adversely affect the voting power of holders of Class A common stock and limit the price that investors might be willing to pay in the future for shares of our Class A common stock. In addition, because we are incorporated in Delaware, we are governed by the provisions of Section 203 of the Delaware General Corporation Law, which generally prohibits a Delaware corporation from engaging in any of a broad range of business combinations with any "interested" stockholder for a period of three years following the date on which the stockholder became an "interested" stockholder. See "*Description of Capital Stock.*"

We may issue shares of preferred stock in the future, which could make it difficult for another company to acquire us or could otherwise adversely affect holders of our Class A common stock, which could depress the price of our Class A common stock.

Our certificate of incorporation will authorize us to issue one or more series of preferred stock. Our Board will have the authority to determine the preferences, limitations and relative rights of the shares of preferred stock and to fix the number of shares constituting any series and the designation of such series, without any further vote or action by our stockholders. Our preferred stock could be issued with voting, liquidation, dividend and other rights superior to the rights of our Class A common stock. The potential issuance of preferred stock may delay or prevent a change in control of us, discourage bids for our Class A common stock at a premium to the market price, and materially and adversely affect the market price and the voting and other rights of the holders of our Class A common stock.

Our certificate of incorporation and bylaws will provide that the Court of Chancery of the State of Delaware will be the sole and exclusive forum for substantially all disputes between us and our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers or employees.

Our certificate of incorporation and bylaws, which will become effective prior to the completion of this offering, provide that, unless we consent to the selection of an alternative forum, the Court of Chancery of the State of Delaware is the sole and exclusive forum for (i) any derivative action or proceeding brought on our behalf, (ii) any action asserting a claim of breach of fiduciary duty owed by any of our directors, officers or other employees to us or to our stockholders, (iii) any action asserting a claim arising pursuant to the Delaware General Corporation Law or our certificate of incorporation or bylaws, (iv) any action to interpret apply, enforce or determine the validity of our certificate of incorporation or bylaws, or (v) any action asserting a claim governed by the internal affairs doctrine.

This exclusive forum provision would not apply to suits brought to enforce any liability or duty created by the Securities Act or the Exchange Act of 1934, as amended (the "**Exchange Act**") or any other claim for which the federal courts have exclusive jurisdiction. Our bylaws provide that, unless we consent in writing to the selection of an alternative forum, the federal district courts of the United States of America shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act or the Exchange Act.

The choice of forum provisions above may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors, officers or other employees or could result in increased costs for a stockholder to bring a claim, both of which may discourage such lawsuits against us and our directors, officers

and other employees. Alternatively, if a court were to find the choice of forum provision contained in our certificate of incorporation to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could harm our business, operating results and financial condition.

It may be difficult to enforce civil liabilities in the U.S. under Canadian securities laws.

We are incorporated in the State of Delaware and our corporate headquarters are located in New York. A majority of our directors and executive officers and certain of the experts named in this prospectus reside principally in the U.S. and the majority of our assets and all or a substantial portion of the assets of these persons is located outside of Canada. It may be difficult for investors who reside in Canada to effect service of process upon these persons in Canada, or to enforce a Canadian court judgment predicated upon the civil liability provisions of the Canadian securities laws against us or any of these persons. U.S. courts may refuse to hear a claim based on an alleged violation of Canadian securities laws against us or these persons on the grounds that the U.S. is not the most appropriate forum in which to bring a claim. Even if a U.S. court agrees to hear a claim, it may determine that U.S. law and not Canadian law is applicable to the claim. If Canadian law is found to be applicable, the content of applicable Canadian law must be proved as a fact, which can be a time-consuming and costly process. Certain matters of procedure will also be governed by U.S. law.

We will be an SEC foreign issuer under Canadian securities laws and, therefore, will be exempt from certain requirements of Canadian securities laws applicable to other Canadian reporting issuers.

Although we intend to be a reporting issuer in Canada, we will be an "SEC foreign issuer" as defined in National Instrument 71-102 – *Continuous Disclosure and Other Exemptions Relating to Foreign Issuer*s, and will be exempt from certain Canadian securities laws relating to continuous disclosure obligations and proxy solicitation if we comply with certain reporting requirements applicable in the U.S., provided that the relevant documents filed with the SEC are filed in Canada and sent to our stockholders in Canada to the extent and in the manner and within the time required by applicable U.S. requirements. In some cases, the disclosure obligations applicable in the U.S. are different or less onerous than the comparable disclosure requirements applicable in Canada for a Canadian reporting issuer that is not exempt from Canadian disclosure obligations. Therefore, there may be less or different publicly available information about us than would be available if we were a Canadian reporting issuer that is not exempt from such Canadian disclosure obligations. While we expect to be an SEC foreign issuer for the foreseeable future, we may lose the ability to rely upon such exemption in the event of a significant increase in the number of our Canadian resident stockholders and/or in the event of a significant change in the administration of our business or the location of our assets, which would in turn require us, as a consequence, to comply with the Canadian disclosure requirements in addition to those of the U.S., thereby necessitating the devotion of further administrative and legal resources in order to meet such requirement.

Risks Related to Our Business and Industry

Cannabis remains illegal under U.S. federal law, and enforcement of cannabis laws could change.

We are currently engaged in the cannabis industry in the United States, both directly and indirectly, where local and state laws permit such activities. However, investors are cautioned that cannabis is a Schedule I controlled substance pursuant to the United States Controlled Substances Act (21 U.S.C. § 811) (the "**CSA**"), and is illegal under U.S. federal law. Even in those states in which the use of cannabis has been legalized, its use, cultivation, sale and distribution remains a violation of federal law. Since federal law criminalizing the use of cannabis preempts state laws that legalize its use, strict enforcement of federal law regarding cannabis would harm our business, prospects, results of operation, and financial condition.

Unlike in Canada, which has federal legislation uniformly governing the cultivation, distribution, sale and possession of medical and adult-use cannabis, for both adult-use and medical purposes, cannabis is largely regulated at the state level in the United States. To date, the cultivation and sale of cannabis for medical uses has been legalized in 36 states, four of five permanently inhabited U.S. territories and the District of Columbia. The adult-use of cannabis has been legalized in 15 states and the District of Columbia. Although certain U.S. states have legalized

the sale of medical or adult-use cannabis, the sale, distribution, and cultivation of cannabis and cannabis-related products remains illegal under U.S. federal law pursuant to the CSA. The CSA classifies cannabis as a Schedule I controlled substance, and as such, medical and adult-use cannabis use is illegal under U.S. federal law.

Unless and until the United States Congress ("**Congress**") amends the CSA with respect to cannabis (and the President approves such amendment), there is a risk that federal authorities may enforce current federal law. If that occurs, we may be deemed to be producing, cultivating or dispensing cannabis and drug paraphernalia in violation of federal law. Any person connected to the cannabis industry in the United States may be at risk of federal criminal prosecution and civil liability in the United States. Any investments may be subject to civil or criminal forfeiture and total loss.

We are directly or indirectly engaged in the medical and adult-use cannabis industry in the United States where local state law permits such activities. Although our activities are believed to be compliant with applicable state and local laws, strict compliance with state and local laws with respect to cannabis may neither absolve us from liability under United States federal law, nor may it provide a defense to any federal proceeding which may be brought against us. There can be no assurances that the federal government of the United States will not seek to enforce the applicable laws against us. Enforcement of federal law regarding cannabis is a significant risk and would greatly harm our business, prospects, revenue, results of operation and financial condition.

Due to the conflicting views between state legislatures and the federal government regarding cannabis, cannabis businesses are subject to inconsistent laws and regulations. The Obama administration attempted to address the inconsistent treatment of cannabis under state and federal law in August 2013 in a memorandum which then-Deputy Attorney General James Cole sent to all U.S. District Attorneys (the "**Cole Memorandum**"). The Cole Memorandum outlined certain priorities for the Department of Justice (the "**DOJ**") relating to the prosecution of cannabis offenses and noted that, in jurisdictions that have enacted laws legalizing cannabis in some form and that have also implemented strong and effective regulatory and enforcement systems to control the cultivation, processing, distribution, sale and possession of cannabis, conduct in compliance with such laws and regulations was not a priority for the DOJ. However, the DOJ did not provide (and has not provided since) specific guidelines for what regulatory and enforcement systems would be deemed sufficient under the Cole Memorandum.

On January 4, 2018, then-U.S. Attorney General Jeff Sessions formally issued a memorandum (the "**Sessions Memorandum**") which rescinded the Cole Memorandum effective upon its issuance. The Sessions Memorandum stated, in part, that current law reflects "Congress' determination that cannabis is a dangerous drug and cannabis activity is a serious crime," and Mr. Sessions directed all U.S. Attorneys to enforce the laws enacted by Congress and to follow well-established principles when pursuing prosecutions related to cannabis activities.

As a result of the Sessions Memorandum, federal prosecutors are now free to utilize their prosecutorial discretion to decide whether to prosecute cannabis activities, despite the existence of state-level laws that may be inconsistent with federal prohibitions. No direction was given to federal prosecutors in the Sessions Memorandum as to the priority they should ascribe to such cannabis activities, and thus it is uncertain how active U.S. federal prosecutors will be in relation to such activities.

There can be no assurance that the federal government will not enforce federal laws relating to cannabis and seek to prosecute cases involving cannabis businesses that are otherwise compliant with state laws in the future. Mr. Sessions resigned as U.S. Attorney General on November 7, 2018. On February 14, 2019, William Barr was confirmed as U.S. Attorney General. On January 7, 2021, then President-elect Joe Biden announced his nomination of current Chief Judge of the United States Court of Appeals for the District of Columbia Circuit, Merrick Garland, to succeed Mr. Barr as the U.S. Attorney General. Merrick Garland was officially sworn in as Attorney General of the United States on March 11, 2021. It is unclear what impact this development will have on U.S. federal government enforcement policy.

We may be subject to action by the U.S. federal government.

Since the cultivation, processing, production, distribution and sale of cannabis for any purpose, medical, adult-use or otherwise, remain illegal under U.S. federal law, it is possible that we may be forced to cease activities. The U.S. federal government, through, among others, the DOJ, its sub-agency, the Drug Enforcement Administration (the "**DEA**"), and the Internal Revenue Service ("**IRS**"), has the right to actively investigate, audit and shut down cannabis growing facilities, processors and retailers. The U.S. federal government may also attempt to seize our property. Any action taken by the DOJ, the DEA and/or the IRS to interfere with, seize or shut down our operations will have an adverse effect on our business, prospects, revenue, results of operation and financial condition.

Because federal law criminalizing the use of cannabis preempts state laws that legalize its use, the federal government can assert criminal violations of federal law despite state laws permitting the use of cannabis. While it does not appear that federal law enforcement and regulatory agencies are focusing resources on licensed cannabis related businesses that are operating in compliance with state law, this could change at any time. Additionally, while the MORE Act was passed by the House of Representatives on December 4, 2020, there is no assurance that the bill will be passed by the Senate or signed into law by the President. The MORE Act was not passed by the Senate prior to the end of the 116th Congress and would need to be reintroduced and passed by the House of Representatives and Senate and signed into law by the president. As the rescission of the Cole Memorandum and the implementation of the Sessions Memorandum demonstrate, the DOJ may at any time issue additional guidance that directs federal prosecutors to devote more resources to prosecuting cannabis related businesses. If the DOJ under the Biden administration aggressively pursues financiers or equity owners of cannabis-related businesses, and U.S. Attorneys follow the DOJ policies through pursuing prosecutions, then we could face:

- seizure of our cash and other assets used to support or derived from our cannabis subsidiaries;
- the arrest of our employees, directors, officers, managers and investors;
- ancillary criminal violations of the Controlled Substances Act for aiding and abetting, and conspiracy to violate the Controlled Substances Act by providing financial support to cannabis companies that service or provide goods to state-licensed or permitted cultivators, processors, distributors and/or retailers of cannabis; and
- the barring of our employees, directors, officers, managers and investors who are not U.S. citizens from entry into the United States for life.

Because the Cole Memorandum was rescinded, the DOJ under the current or new administration or an aggressive federal prosecutor could allege that us and our Board, our executive officers and, potentially, our stockholders, "aided and abetted" violations of federal law by providing finances and services to our portfolio cannabis companies. Under these circumstances, federal prosecutors could seek to seize our assets, and to recover the "illicit profits" previously distributed to stockholders resulting from any of our financing or services. In these circumstances, our operations would cease, stockholders may lose their entire investments and directors, officers and/or stockholders may be left to defend any criminal charges against them at their own expense and, if convicted, be sent to federal prison.

Additionally, there can be no assurance as to the position the new administration under President Biden may take on cannabis, and the new administration could decide to enforce the federal laws strongly. Any enforcement of current federal cannabis laws could cause significant financial damage to us and our stockholders. Further, President Biden's administrations may choose to treat cannabis differently and potentially enforce the federal laws more aggressively.

Violations of any federal laws and regulations could result in significant fines, penalties, administrative sanctions, convictions or settlements arising from civil proceedings conducted by either the federal government or private citizens, or criminal charges, including, but not limited to, disgorgement of profits, cessation of business activities or divestiture. These results could have a material adverse effect on us, including our reputation and ability to conduct business, our holding (directly or indirectly) of cannabis licenses in the United States, the listing of our Class A common stock on various stock exchanges, our financial position, operating results, profitability or liquidity or the market price of our shares of Class A common stock. In addition, it is difficult to estimate the time or

resources that would be needed for the investigation or final resolution of any such matters because: (i) the time and resources that may be needed depend on the nature and extent of any information requested by the authorities involved, and (ii) such time or resources could be substantial.

U.S. State regulation of cannabis is uncertain.

Our activities are, and will continue to be, subject to evolving regulation and interpretation by various governmental authorities. The medical and adult-use cannabis industries are subject to various local, state and federal laws, regulations, guidelines, and licensing requirements relating to the manufacture, sale, distribution, management, transportation, storage, and disposal of cannabis, as well as being subject to laws and regulations relating to health and safety, the conduct of operations, and the protection of the environment. There is no assurance that state laws legalizing and regulating the sale and use of cannabis will not be repealed or overturned, or that local governmental authorities will not limit the applicability of state laws within their respective jurisdictions. Given the current regulatory environment in the United States, new risks may emerge, and management may not be able to predict all such risks. If the U.S. federal government begins to enforce U.S. federal laws relating to cannabis in states where the sale and use of cannabis is currently legal, or if existing state laws are repealed or curtailed, our business or operations in those states or under those laws would be materially and adversely affected. Federal actions against any individual or entity engaged in the cannabis industry or a substantial repeal of cannabis related legislation could adversely affect us, our business and our assets or investments.

As a result of the conflicting views between state legislatures and the federal government regarding cannabis, the rulemaking process at the state level that applies to cannabis operators in any state will be ongoing and result in frequent changes. As a result, a compliance program is essential to manage regulatory risk. All of our implemented operating policies and procedures are compliance-based and are derived from the state regulatory structure governing ancillary cannabis businesses and their relationships to state-licensed or permitted cannabis operators, if any. Notwithstanding our efforts and diligence, regulatory compliance and the process of obtaining regulatory approvals can be costly and time-consuming. No assurance can be given that we will receive or will continue to hold the requisite licenses, permits or cards to operate our businesses as currently operated or as proposed to be operated in the future, or that we will be able to complete business transactions, including acquisitions or transfers of licenses, permits, cards or other property.

In addition, local laws and ordinances could restrict our business activity. Although our operations are legal under the laws of the states in which we operate, local governments have the ability to limit, restrict and ban cannabis businesses from operating within their jurisdiction. Land use, zoning, local ordinances and similar laws could be adopted or changed and have a material adverse effect on our business.

Multiple states where medical and/or adult-use cannabis is legal have or are considering special taxes or fees on businesses in the cannabis industry. It is uncertain at this time whether other states are in the process of reviewing such additional taxes and fees. The implementation of special taxes or fees could have a material adverse effect upon our business, prospects, revenue, results of operation and financial condition.

We are affected by the dynamic laws and regulations of the industry.

The success of our business strategy depends on the legality of the cannabis industry. The constant evolution of laws and regulations affecting the cannabis industry could detrimentally affect us. Our current and proposed operations are subject to a variety of local, state and federal medical cannabis laws and regulations relating to the manufacture, management, transportation, storage and disposal of cannabis, as well as laws and regulations relating to consumable products health and safety, the conduct of operations and the protection of the environment. These laws and regulations are broad in scope and subject to evolving interpretations, which could require us to incur substantial costs associated with compliance or alter certain aspects of their business plans.

In addition, violations of these laws, or allegations of such violations, could disrupt certain aspects of our business plans and result in a material adverse effect on certain aspects of its planned operations. These laws and regulations are rapidly evolving and subject to change with minimal notice. Regulatory changes may adversely

affect our profitability or cause us to cease operations entirely. If cannabis is legalized at the federal level, our business and operations could be negatively affected if such legalization permits cannabis to be transported or sold across state lines, which could disrupt wholesale pricing in states with high wholesale prices. The cannabis industry may come under the scrutiny or further scrutiny by the U.S. Food and Drug Administration (the "**FDA**"), SEC, the DOJ, the Financial Industry Regulatory Authority or other federal or applicable state or nongovernmental regulatory authorities or self-regulatory organizations that supervise or regulate the production, distribution, sale or use of cannabis for medical or adult-use purposes in the United States.

It is impossible to determine the extent of the impact of any new laws, regulations or initiatives that may be proposed, or whether any proposals will become law. The medical and adult-use cannabis industries are subject to significant regulatory change at both the state and federal level. The regulatory uncertainty surrounding the industries may adversely affect our business and operations, including without limitation, the costs to remain compliant with applicable laws and the impairment of its business or the ability to raise additional capital. In addition, we will not be able to predict the nature of any future laws, regulations, interpretations or applications, and it is possible that regulations may be enacted in the future that will be directly applicable to its business. For example, see "*Risk Factors - We may be subject to heightened scrutiny by Canadian regulatory authorities*" below.

State regulatory agencies may require us to post bonds, maintain large insurance policies or post significant fees.

There is a risk that a greater number of state regulatory agencies will begin requiring entities engaged in certain aspects of the legal cannabis industry to post a bond or significant fees when applying, for example, for a dispensary license or renewal as a guarantee of payment of sales and franchise taxes. We are not able to quantify at this time the potential scope of such bonds or fees in the states in which we currently operate or may in the future operate. Any bonds or fees of material amounts could have a negative impact on the ultimate success of our business.

We may be subject to heightened scrutiny by Canadian regulatory authorities.

Following the completion of this offering, we anticipate that our Class A common stock we will be traded on the CSE and quoted on the OTCQX in the United States. Our business, operations and investments in the United States, and any future business, operations or investments, may become the subject of heightened scrutiny by regulators, stock exchanges and other authorities in Canada and the United States. As a result, we may be subject to significant direct and indirect interaction with public officials. There can be no assurance that this heightened scrutiny will not in turn lead to the imposition of certain restrictions on our ability to operate or invest in the United States or any other jurisdiction.

In 2017, there were concerns that the Canadian Depository for Securities Limited, through its subsidiary CDS Clearing and Depository Services Inc. ("**CDS**"), Canada's central securities depository (clearing and settling trades in the Canadian equity, fixed income and money markets), would refuse to settle trades for cannabis issuers that have investments in the United States. However, CDS has not implemented this policy.

On February 8, 2018, the Canadian Securities Administrators published Staff Notice 51-352 describing the Canadian Securities Administrators' disclosure expectations for specific risks facing issuers with cannabis-related activities in the U.S. Staff Notice 51-352 confirms that a disclosure-based approach remains appropriate for issuers with U.S. cannabis-related activities. Staff Notice 51-352 includes additional disclosure expectations that apply to all issuers with U.S. cannabis-related activities, including those with direct and indirect involvement in the cultivation and distribution of cannabis, as well as issuers that provide goods and services to third parties involved in the U.S. cannabis industry.

On February 8, 2018, following discussions with the Canadian Securities Administrators and recognized Canadian securities exchanges, the TMX Group, which is the owner and operator of CDS, announced the signing of a Memorandum of Understanding ("**MOU**") with Aequitas NEO Exchange Inc., the CSE, the Toronto Stock Exchange and the TSX Venture Exchange. The MOU outlines the parties' understanding of Canada's regulatory framework applicable to the rules, procedures and regulatory oversight of the exchanges and CDS as it relates to

issuers with cannabis-related activities in the United States. The MOU confirms, with respect to the clearing of listed securities, that CDS relies on the Canadian securities exchanges to review the conduct of listed issuers.

The MOU notes that securities regulation requires that the rules of each of the exchanges must not be contrary to the public interest and that the rules of each of the exchanges have been approved by the securities regulators. Pursuant to the MOU, CDS will not ban accepting deposits of or transactions for clearing and settlement of securities of issuers with cannabis-related activities in the United States.

Although the MOU indicated that there are no plans to ban the settlement of securities through CDS, there can be no guarantee that this approach to regulation will continue in the future. If such a ban were implemented at a time when shares of Class A common stock are listed on a Canadian stock exchange, it would have a material adverse effect on the ability of holders of shares of Class A common stock to make and settle trades. In particular, the shares of Class A common stock would become highly illiquid until an alternative (if available) was implemented, and investors would have no ability to effect a trade of shares of Class A common stock through the facilities of the applicable Canadian stock exchange.

We face risks associated with a change in U.S. administrations.

The inauguration of President Joseph Biden Jr. in January 2021 has created political uncertainty with respect to the regulation of cannabis in the U.S. federally. This uncertainty may include issues such as enforcement of the U.S. federal laws including those with respect to the cannabis industry. Implementation by the U.S. of new legislative or regulatory regimes could impose additional costs on us, decrease U.S. demand for our products or otherwise negatively impact us, which may have a material adverse effect on the Company's business, financial condition and operations.

We may face limitations on ownership of cannabis licenses.

In certain states, the cannabis laws and regulations limit not only the number of cannabis licenses and types of licenses issued, but also the number of cannabis licenses and types that one person or entity may own. We believe that, where such restrictions apply, the Company may still recognize revenue in the market through wholesale sales, exclusive marketing relations, the provision of management or support services, and joint ventures or similar contractual relationships with other operators to ensure continued compliance with the applicable regulatory guidelines. In addition, states may require that certain qualified applicants or individuals participate in the ownership of the licensed entity. Currently, we have joint ventures or contractual relationships with third parties in Illinois, Michigan and Ohio. Nevertheless, such limitations on the ownership of additional licenses within certain states may limit our ability to expand in such states.

We face risks associated with licensing relating to supply, supply chain and market constraints.

The cannabis laws and regulations of states in which we operate limit the granting and number of licenses granted for dispensaries and cultivation and production facilities. The number of licenses by category, and issuance of individual licenses, may be limited, delayed, denied or otherwise unissued. This separate treatment of individual licenses as well as license categories, along with limits set on the number of licenses granted in each of these operating categories, can result in market and supply chain risks including, for example, mismatch between cultivation and production facilities and dispensaries relating to availability and production of cannabis products. This can result in, among other things, market, pricing and supply risks, which may have a material effect on the Company's business, financial condition and operations.

We may become subject to FDA or Bureau of Alcohol, Tobacco, Firearms and Explosives ("ATF") regulation.

Cannabis remains a Schedule I controlled substance under U.S. federal law. If the federal government reclassifies cannabis to a Schedule II controlled substance, it is possible that the FDA would seek to regulate cannabis under the Food, Drug and Cosmetics Act of 1938. Additionally, the FDA may issue rules and regulations, including good manufacturing practices, related to the growth, cultivation, harvesting, processing and labeling of

medical cannabis. Clinical trials may be needed to verify the efficacy and safety of cannabis. It is also possible that the FDA would require facilities where medical use cannabis is grown to register with the FDA and comply with certain federally prescribed regulations. If some or all of these regulations are imposed, the impact they would have on the cannabis industry is unknown, including the costs, requirements and possible prohibitions that may be enforced. If we are unable to comply with the potential regulations or registration requirements prescribed by the FDA, it may have an adverse effect on our business, prospects, revenue, results of operation and financial condition.

It is also possible that the federal government could seek to regulate cannabis under the ATF. The ATF may issue rules and regulations related to the use, transporting, sale and advertising of cannabis or cannabis products, including smokeless cannabis products.

Cannabis businesses are subject to applicable anti-money laundering laws and regulations and have restricted access to banking and other financial services.

We are subject to a variety of laws and regulations in the United States that involve money laundering, financial record-keeping and proceeds of crime, including the U.S. Currency and Foreign Transactions Reporting Act of 1970 (the "**Bank Secrecy Act**") as amended by Title III of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (which we refer to as the USA Patriot Act), and any related or similar rules, regulations or guidelines, issued, administered or enforced by governmental authorities in the United States. Since the cultivation, manufacture, distribution and sale of cannabis remains illegal under the CSA, banks and other financial institutions providing services to cannabis-related businesses risk violation of federal anti-money laundering statutes (18 U.S.C. §§ 1956 and 1957) and the Bank Secrecy Act, among other applicable federal statutes. Accordingly, pursuant to the Bank Secrecy Act, banks or other financial institutions that provide a cannabis business with a checking account, debit or credit card, small business loan or any other service could be criminally prosecuted for willful violations of money laundering statutes, in addition to being subject to other criminal, civil, and regulatory enforcement actions.

Banks often refuse to provide banking services to businesses involved in the cannabis industry due to the present state of the laws and regulations governing financial institutions in the U.S. The lack of banking and financial services presents unique and significant challenges to businesses in the cannabis industry. The potential lack of a secure place in which to deposit and store cash, the inability to pay creditors through the issuance of checks and the inability to secure traditional forms of operational financing, such as lines of credit, are some of the many challenges presented by the unavailability of traditional banking and financial services. The above-mentioned laws and regulations can impose criminal liability for engaging in certain financial and monetary transactions with the proceeds of a "specified unlawful activity" such as distributing controlled substances, including cannabis, which are illegal under federal law, and for failing to identify or report financial transactions that involve the proceeds of cannabis-related violations of the CSA. We may also be exposed to the foregoing risks.

In February 2014, the U.S. Department of the Treasury's Financial Crimes Enforcement Network ("**FinCEN**") issued a memorandum (the "**FinCEN Memorandum**") providing instructions to banks seeking to provide services to cannabis-related businesses. The FinCEN Memorandum echoed the enforcement priorities of the Cole Memorandum and states that in some circumstances, it is permissible for banks to provide services to cannabis-related businesses without risking prosecution for violation of federal money laundering laws. The FinCEN Memorandum directed prosecutors to apply the enforcement priorities of the Cole Memorandum in determining whether to charge individuals or institutions with crimes related to financial transactions involving the proceeds of cannabis-related conduct.

The revocation of the Cole Memorandum has not yet affected the status of the FinCEN Memorandum, nor has FinCEN given any indication that it intends to rescind the FinCEN Memorandum itself. Shortly after the Sessions Memorandum was issued, FinCEN did state that it would review the FinCEN Memorandum, but FinCEN has not yet issued further guidance.

Although the FinCEN Memorandum remains intact, it is unclear whether the current administration will continue to follow its guidelines. The DOJ continues to have the right and power to prosecute crimes committed by

banks and financial institutions, such as money laundering and violations of the Bank Secrecy Act, that occur in any state including states that have in some form legalized the sale of cannabis. Further, the conduct of the DOJ's enforcement priorities could change for any number of reasons. A change in the DOJ's priorities could result in the prosecution of banks and financial institutions for crimes that were not previously prosecuted.

If our operations, or proceeds thereof, dividend distributions or profits or revenues derived from our operations were found to be in violation of money laundering legislation or otherwise, such transactions may be viewed as proceeds from a crime (the sale of a Schedule I drug) under the Bank Secrecy Act's money laundering provisions. This may restrict our ability to declare or pay dividends or effect other distributions.

The FinCEN Memorandum does not provide any safe harbors or legal defenses from examination or regulatory or criminal enforcement actions by the DOJ, FinCEN or other federal regulators. Thus, most banks and other financial institutions in the United States do not appear comfortable providing banking services to cannabis-related businesses or relying on this guidance given that it has the potential to be amended or revoked by the current administration. There are no assurances that this position will change under the Biden administration. In addition to the foregoing, banks may refuse to process debit card payments and credit card companies generally refuse to process credit card payments for cannabis-related businesses. As a result, we may have limited or no access to banking or other financial services in the United States. In addition, federal money laundering statutes and Bank Secrecy Act regulations discourage financial institutions from working with any organization that sells a controlled substance, regardless of whether the state it operates in permits cannabis sales. Our inability or limitation of our ability to open or maintain bank accounts, obtain other banking services and/or accept credit card and debit card payments may make it difficult for us to operate and conduct our business as planned or to operate efficiently.

Other potential violations of U.S. federal law resulting from cannabis-related activities include the Racketeer Influenced Corrupt Organizations Act ("**RICO**"). RICO is a federal statute providing criminal penalties in addition to a civil cause of action for acts performed as part of an ongoing criminal organization. Under RICO, it is unlawful for any person who has received income derived from a pattern of racketeering activity (which includes most felonious violations of the CSA), to use or invest any of that income in the acquisition of any interest, or the establishment or operation of, any enterprise which is engaged in interstate commerce. RICO also authorizes private parties whose properties or businesses are harmed by such patterns of racketeering activity to initiate a civil action against the individuals involved. Although RICO suits against the cannabis industry are rare, a few cannabis businesses have been subject to a civil RICO action. Defending such a case has proven extremely costly, and potentially fatal to a business' operations.

On March 18, 2021, the Secure and Fair Enforcement Banking Act (the "**SAFE Banking Act**") was reintroduced in the House of Representatives. On March 23, 2021, the bill was reintroduced in the Senate as well. The House previously passed the SAFE Banking Act in September 2019, but the measure stalled in the Senate. As written, the SAFE Banking Act would allow financial institutions to provide their services to state-legal cannabis clients and ancillary businesses serving state-legal cannabis businesses without fear of federal sanctions. There is no guarantee the SAFE Banking Act will become law in its current form, if at all.

In the event that any of our operations, or any proceeds thereof, any dividends or distributions therefrom, or any profits or revenues accruing from such operations in the United States were found to be in violation of money laundering legislation or otherwise, such transactions may be viewed as proceeds of crime under one or more of the statutes noted above or any other applicable legislation. This could restrict or otherwise jeopardize our ability to declare or pay dividends, effect other distributions or subsequently repatriate such funds back to Canada, and subject us to civil and/or criminal penalties. Furthermore, in the event that a determination was made that the proceeds from our operations (or any future operations or investments in the United States) could reasonably be shown to constitute proceeds of crime, we may decide or be required to suspend declaring or paying dividends without advance notice and for an indefinite period of time. We could likewise be required to suspend or cease operations entirely.

We operate in a highly regulated sector and may not always succeed in complying fully with applicable regulatory requirements in all jurisdictions where we carry on business.

Our business and activities are heavily regulated in all jurisdictions where we carry on business. Our operations are subject to various laws, regulations and guidelines by state and local governmental authorities relating to the manufacture, marketing, management, transportation, storage, sale, pricing and disposal of cannabis and cannabis oil, and also including laws and regulations relating to health and safety, insurance coverage, the conduct of operations and the protection of the environment. Laws and regulations, applied generally, grant government agencies and self-regulatory bodies broad administrative discretion over our activities, including the power to limit, require, or restrict business activities as well as impose additional disclosure requirements on our products and services. Achievement of our business objectives is contingent, in part, upon compliance with regulatory requirements enacted by these governmental authorities and obtaining all necessary regulatory approvals for the manufacture, production, storage, transportation, sale, import and export, as applicable, of our products, and as may be required in connection with any business transactions, including acquisition or transfer of licenses, permits, cards or other property. The commercial cannabis industry is still a new industry at the state and local level. The effect of relevant governmental authorities' administration, application and enforcement of their respective regulatory regimes and delays in obtaining, or failure to obtain, applicable regulatory approvals which may be required may significantly delay or impact the development of markets, products and sales initiatives and could have a material adverse effect on our business, prospects, revenue, results of operation and financial condition.

While we endeavor to comply with all relevant laws, regulations and guidelines and we are in compliance or are in the process of being assessed for compliance with all such laws, regulations and guidelines, any failure to comply with the regulatory requirements applicable to our operations may lead to possible sanctions including the revocation or imposition of additional conditions on licenses to operate our business; the suspension or expulsion from a particular market or jurisdiction or of our key personnel; the imposition of additional or more stringent inspection, testing and reporting requirements; and the imposition of fines and censures. In addition, changes in regulations, more vigorous enforcement thereof or other unanticipated events could require extensive changes to our operations, increase compliance costs or give rise to material liabilities and/or revocation of our licenses and other permits, which could have a material adverse effect on our business, results of operations and financial condition. Furthermore, governmental authorities may change their administration, application or enforcement procedures at any time, which may adversely impact our ongoing costs relating to regulatory compliance.

We may face difficulties in enforcing our contracts.

Because our contracts involve cannabis and other activities that are currently illegal under U.S. federal law and the laws of certain other jurisdictions, we may face difficulties in enforcing our contracts in U.S. federal courts and certain state courts.

More specifically, some courts have determined that contracts relating to state legal cultivation and sale of cannabis are unenforceable on the grounds that they are illegal under federal law and therefore void as a matter of public policy. This could substantially impact the rights of parties making or defending claims involving us and any of our lenders or members.

It is a fundamental principle of law that a contract will not be enforced if it involves a violation of law or public policy. Notwithstanding that cannabis related businesses operate pursuant to the laws of states in which such activity is legal under state law, judges have on a number of occasions refused to enforce contracts for the repayment of money when the loan was used in connection with activities that violate federal law, even if there is no violation of state law. There remains doubt and uncertainty that we will be able to legally enforce contracts we enter into if necessary. As we cannot be assured that we will have a remedy for breach of contract, investors must bear the risk of the uncertainty in the law. If borrowers fail or refuse to repay loans and we are unable to legally enforce our contracts, we may suffer substantial losses for which we have no legal remedy. The inability of us to enforce any of our contracts could have a material adverse effect on our business, revenues, operating results, financial condition or prospects.

We have limited trademark and intellectual property protection.

As long as cannabis remains illegal under U.S. federal law as a Schedule I controlled substance pursuant to the CSA, the benefit of certain federal laws which may be available to most businesses, such as federal trademark protection, may not be available to us. Because producing, manufacturing, processing, possessing, distributing, selling and using cannabis is illegal under the CSA, the United States Patent and Trademark Office will not permit the registration of any trademark that identifies cannabis products. As a result, our intellectual property may never be adequately or sufficiently protected against use or misappropriation by third-parties. In addition, since the regulatory framework of the cannabis industry is in a constant state of flux, we can provide no assurance that we will ever obtain any protection of its intellectual property, whether on a federal, state or local level.

Any infringement or misappropriation of our intellectual property could damage its value and limit our ability to compete. We may have to engage in litigation to protect the rights to our intellectual property, which could result in significant litigation costs and require a significant amount of our time.

Competitors may also harm our sales by designing products that mirror our products or processes without infringing on our intellectual property rights. If we do not obtain sufficient protection for our intellectual property, or if we are unable to effectively enforce our intellectual property rights, our competitiveness could be impaired, which would limit our growth and future revenue.

We may also find it necessary to bring infringement or other actions against third parties to seek to protect our intellectual property rights. Litigation of this nature, even if successful, is often expensive and time-consuming to prosecute and there can be no assurance that we will have the financial or other resources to enforce our rights or be able to prevent other parties from developing similar products or processes or designing around our intellectual property.

We are and may continue to be subject to constraints on marketing our products.

We have committed and expect to continue committing significant resources and capital to develop and market existing products and new products and services. The development of our business and operating results may be adversely affected by applicable restrictions on sales and marketing activities imposed by regulatory bodies. Certain of the states in which we operate have enacted strict regulations regarding marketing and sales activities on cannabis products. There may be restrictions on sales and marketing activities imposed by government regulatory bodies that can hinder the development of our business and operating results. Restrictions may include regulations that specify what, where and to whom product information and descriptions may appear and/or be advertised. Marketing, advertising, packaging and labeling regulations also vary from state to state, potentially limiting the consistency and scale of consumer branding communication and product education efforts. The regulatory environment in the U.S. limits our ability to compete for market share in a manner similar to other industries. If we are unable to effectively market our products and compete for market share, or if the costs of compliance with government legislation and regulation cannot be absorbed through increased selling prices for our products, our sales and operating results could be adversely affected.

We face risks related to the results of future clinical research.

Research regarding the medical benefits, viability, safety, efficacy, dosing and social acceptance of cannabis or isolated cannabinoids (such as cannabidiol, commonly referred to as CBD, and tetrahydrocannabinol, commonly referred to as THC) remains in early stages. There have been relatively few clinical trials on the benefits of cannabis or isolated cannabinoids (such as CBD and THC). Although we believe that various articles, reports and studies support our beliefs regarding the medical benefits, viability, safety, efficacy, dosing and social acceptance of cannabis, future research and clinical trials may prove such statements to be incorrect, or could raise concerns regarding, and perceptions relating to, cannabis. Further, the federal illegality of cannabis and associated limits on our ability to properly fund and conduct research on cannabis and the lack of formal FDA oversight of cannabis, there is limited information about the long-term safety and efficacy of cannabis in its various forms, when combusted or combined with various cannabis and/or non-cannabis derived ingredients and materials or when

ingested, inhaled, or topically applied. Future research or oversight may reveal negative health and safety effects, which may significantly impact our reputation, operations and financial performance.

Given these risks, uncertainties and assumptions, prospective purchasers of shares of Class A common stock should not place undue reliance on such articles and reports. Future research studies and clinical trials may draw opposing conclusions to those stated in this prospectus or reach negative conclusions regarding the medical benefits, viability, safety, efficacy, dosing, social acceptance or other facts and perceptions related to cannabis, which could have a material adverse effect on the demand for our products, with the potential to have a material adverse effect on our business, prospects, revenue, results of operation and financial condition.

We face risks related to U.S. tax provisions related to controlled substances.

Limits on U.S. deductibility of certain expenses may have a material adverse effect on our financial condition, results of operations and cash flows. Section 280E ("**Section 280E**") of the United States Internal Revenue Code of 1986, as amended (the "**Code**"), prohibits businesses from deducting certain expenses associated with the trafficking of controlled substances (within the meaning of Schedule I and II of the CSA). The IRS has applied Section 280E broadly in tax audits against various cannabis businesses in the U.S. that are permitted under applicable state laws, seeking substantial sums in tax liabilities, interest and penalties resulting from under payment of taxes due to the lack of deductibility of otherwise ordinary business expenses the deduction of which is prohibited by Section 280E. Although the IRS issued a clarification allowing the deduction of certain expenses that can be categorized as cost of goods sold, the scope of such items is interpreted very narrowly, and the bulk of operating costs and general administrative costs are not permitted to be deducted. While there are currently several pending cases before various administrative and federal courts challenging these restrictions, there is no guarantee that these courts will issue an interpretation of Section 280E that is favorable to cannabis businesses.

If our tax filing positions were to be challenged by federal, state and local or foreign tax jurisdictions, we may not be wholly successful in defending our tax filing positions. We record reserves for unrecognized tax benefits based on our assessment of the probability of successfully sustaining tax filing positions. Management exercises significant judgment when assessing the probability of successfully sustaining tax filing positions, and in determining whether a contingent tax liability should be recorded and, if so, estimating the amount. If our tax filing positions are successfully challenged, payments could be required that are in excess of reserved amounts or we may be required to reduce the carrying amount of our net deferred tax asset, either of which result could be significant to our financial condition or results of operations.

We lack access to U.S. bankruptcy protections.

Because cannabis is illegal under U.S. federal law, and bankruptcy is a strictly federal proceeding, many courts have denied cannabis businesses federal bankruptcy protections, thus making it very difficult for lenders to recoup their investments in the cannabis industry in the event of a bankruptcy. If we were to seek protection from creditors pursuant to applicable bankruptcy or insolvency laws, there is no guarantee that U.S. federal bankruptcy protections would be available to our United States operations, which would have a material adverse effect on us, our lenders and other stakeholders. While state-level receivership options do exist in some states as an alternative to bankruptcy, the efficacy of these alternatives cannot be guaranteed.

Cannabis businesses may be subject to civil asset forfeiture.

As an entity that conducts business in the cannabis industry, we will potentially be subject to federal and state forfeiture laws (criminal and civil) that permit the government to seize the proceeds of criminal activity. Civil forfeiture laws could provide an alternative enforcement mechanism for the federal government, any state, or local police force that wants to discourage residents from conducting transactions with cannabis related businesses but believes criminal liability is too difficult to prove beyond a reasonable doubt. Individuals may be required to forfeit property considered to be from proceeds of crime even if the individual is not convicted of a criminal offense, and the standard of proof in a civil forfeiture matter is lower than the burden in a criminal matter. Depending on the applicable law, whether federal or state, rather than having to establish liability beyond a reasonable doubt, the

federal government or the state, as applicable, may be required to prove that the money or property at issue is proceeds of a crime only by either clear and convincing evidence or a mere preponderance of the evidence.

Our stockholders that are located in states where cannabis remains illegal may be at risk of prosecution under federal and/or state conspiracy, aiding and abetting, and money laundering statutes, and may be at further risk of losing their investments or proceeds thereof under forfeiture statutes. Many states remain able to take action to prevent the proceeds of cannabis businesses from entering their state. Because state legalization is relatively new, it remains to be seen whether these states would take such action and whether a court would approve it. Our stockholders and prospective stockholders should be aware of these potentially relevant federal and state laws in considering whether to invest in our securities.

We are subject to proceeds of crime statutes.

We will be subject to a variety of laws that concern money laundering, financial recordkeeping and proceeds of crime. These include: the Bank Secrecy Act, as amended by Title III of the USA Patriot Act, the Proceeds of Crime (Money Laundering) and Terrorist Financing Act (Canada), the rules and regulations under the Criminal Code of Canada and any related or similar rules, regulations or guidelines, issued, administered or enforced by governmental authorities in the United States and Canada.

In the event that any of our license agreements, or any proceeds thereof, in the United States were found to be in violation of money laundering legislation or otherwise, such transactions may be viewed as proceeds of crime under one or more of the statutes noted above, or any other applicable legislation. This could have a material adverse effect on us and, among other things, could restrict or otherwise jeopardize our ability to declare or pay dividends, effect other distributions or subsequently repatriate such funds back to Canada.

We face security risks.

The business premises of our operating locations are targets for theft. While we have implemented security measures at each location and continue to monitor and improve such security measures, our cultivation, processing and dispensary facilities could be subject to break-ins, robberies and other breaches in security. If there was a breach in security and we fell victim to a robbery or theft, the loss of cannabis plants, cannabis oils, cannabis flowers, other cannabis goods and cultivation and processing equipment could have a material adverse impact on our business, prospects, revenue, results of operation and financial condition.

As our business involves the movement and transfer of cash which is collected from dispensaries or patients/customers and deposited into our bank, there is a risk of theft or robbery during the transport of cash. Our transport, distribution, and delivery of finished cannabis goods inventory including but not limited to wholesale delivery of finished products to retail customers and delivery of finished goods to end consumers and other intermediaries, also is subject to risks of theft and robbery. We have engaged a security firm to provide security in the transport and movement of large amounts of cash and products. Employees sometimes transport cash and/or products and, if requested, may be escorted by armed guards. While we have taken robust steps to prevent theft or robbery of cash during transport, there can be no assurance that there will not be a security breach during the transport and the movement of cash involving the theft of product or cash.

Additionally, we store certain personally identifiable information, credit and debit card information and other confidential information of our customers on our systems. We may experience attempts by third parties to obtain unauthorized access to the personally identifiable information, credit and debit card information and other confidential information of our customers. This information could also be otherwise exposed through human error or malfeasance. The unauthorized access or compromise of this personally identifiable information, credit and debit card information and other confidential information could have could have a material adverse impact on our business, financial condition and results of operation.

We are a holding company.

We are a holding company and substantially all of our assets are the capital stock of our subsidiaries in our five geographic markets, including Illinois, Massachusetts, Michigan, New Jersey and Ohio. As a result, our stockholders are subject to the risks attributable to our subsidiaries and each individual state laws, rules, and regulatory schemes. As a holding company, we conduct substantially all of our business through our subsidiaries, which generate substantially all of our revenues. Consequently, our cash flows and ability to complete current or desirable future enhancement opportunities are dependent on the earnings of our subsidiaries and the distribution of those earnings to us. The ability of these entities to pay dividends and other distributions depends on their operating results and is subject to applicable laws and regulations, which require that solvency and capital standards be maintained by our subsidiaries and contractual restrictions are contained in the instruments governing their debt. In the event of a bankruptcy, liquidation or reorganization of any of our material subsidiaries, holders of indebtedness and trade creditors may be entitled to payment of their claims from the assets of those subsidiaries before us.

Competition for the acquisition and leasing of properties suitable for the cultivation, production and sale of medical and adult-use cannabis may impede our ability to make acquisitions or increase the cost of these acquisitions, which could adversely affect our operating results and financial condition.

We compete for the acquisition of properties suitable for the cultivation, production and sale of medical and adult-use cannabis with entities engaged in agriculture, real estate investment, consumer products manufacturing and retail activities, including corporate agriculture companies, cultivators, producers and sellers of cannabis. These competitors may prevent us from acquiring and leasing desirable properties, may cause an increase in the price we must pay for properties or may result in us having to lease our properties on less favorable terms than we expect. Our competitors may have greater financial and operational resources than we do and may be willing to pay more for certain assets or may be willing to accept more risk than we believe can be prudently managed. Larger companies may enjoy significant competitive advantages that result from, among other things, a lower cost of capital and enhanced operating efficiencies. Our competitors may also adopt transaction structures similar to ours, which would decrease our competitive advantage in offering flexible transaction terms. In addition, due to a number of factors, including but not limited to potential greater clarity of the laws and regulations governing medical use cannabis by state and federal governments, the number of entities and the amount of funds competing for suitable investment properties may increase, resulting in increased demand and increased prices paid for these properties. If we pay higher prices for properties or enter into leases for such properties on less favorable terms than we expect, our profitability and ability to generate cash flow and make distributions to our stockholders may decrease. Increased competition for properties may also preclude us from acquiring those properties that would generate attractive returns to us.

We face risks due to industry immaturity or limited comparable, competitive or established industry best practices.

As a relatively new industry, there are not many established operators in the medical and adult-use cannabis industries whose business models we can follow or build upon. Similarly, there is no or limited information about comparable companies available for potential investors to review in deciding about whether to invest in us.

Stockholders and investors should consider, among other factors, our prospects for success considering the risks and uncertainties encountered by companies, like us, that are in their early stages. For example, unanticipated expenses and problems or technical difficulties may occur, which may result in material delays in the operation of our business. We may fail to successfully address these risks and uncertainties or successfully implement our operating strategies. If we fail to do so, it could materially harm our business to the point of having to cease operations and could impair the value of the shares of Class A common stock to the extent that investors may lose their entire investments.

Our business is subject to the risks inherent in agricultural operations.

Medical and adult-use cannabis is an agricultural product. There are risks inherent in the cultivation business, such as insects, plant diseases and similar agricultural risks. Although the products are usually grown indoors or in

greenhouses under climate-controlled conditions, with conditions monitored, there can be no assurance that natural elements will not have a material adverse effect on the production of our products and, consequentially, on the anticipated business, financial condition or results of our operations.

We may be adversely impacted by rising or volatile energy costs and dependent on inputs.

Our cannabis cultivation operations consume considerable energy, which makes it vulnerable to rising energy costs. Accordingly, rising or volatile energy costs may adversely affect our business and our ability to operate profitably.

In addition, our business is dependent on a number of key inputs and their related costs, including raw materials and supplies related to our growing operations, as well as electricity, water and other utilities. Any significant interruption or negative change in the availability or economics of the supply chain for key inputs could materially impact our financial condition and operating results. Any inability to secure required supplies and services or to do so on appropriate terms could have a materially adverse impact on our business, financial condition and operating results.

We may encounter unknown environmental risks.

There can be no assurance that we will not encounter hazardous conditions, such as asbestos or lead, at the sites of the real estate used to operate our businesses, which may delay the development of our businesses. Upon encountering a hazardous condition, work at our facilities may be suspended. If we receive notice of a hazardous condition, we may be required to correct the condition prior to continuing construction. If additional hazardous conditions were present, it would likely delay construction and may require significant expenditure of our resources to correct the conditions. Such conditions could have a material impact on our investment returns.

We are dependent on key inputs, suppliers and skilled labor.

The cannabis industry is dependent on a number of key inputs and their related costs, including raw materials and supplies related to growing operations, as well as electricity, water and other local utilities. Any significant interruption or negative change in the availability or economics of the supply chain for key inputs, such as the raw material cost of cannabis, or natural or other disruptions to power or other utility systems, could materially impact our business, financial condition, results of operations or prospects. Some of these inputs may only be available from a single supplier or a limited group of suppliers. If a sole source supplier was to go out of business, we might be unable to find a replacement for such source in a timely manner, or at all. If a sole source supplier were to be acquired by a competitor, that competitor may elect not to sell to us in the future. Any inability to secure required supplies and services, or to do so on appropriate terms, could have a materially adverse impact on our business, prospects, revenue, results of operation and financial condition.

Our ability to compete and grow will be dependent on us having access, at a reasonable cost and in a timely manner, to skilled labor, equipment, parts and components. No assurances can be given that we will be successful in maintaining our required supply of skilled labor, equipment, parts and components. This could have an adverse effect on our financial results.

We must attract and maintain key personnel or our business will fail.

Our success is dependent upon the ability, expertise, judgment, discretion and good faith of our senior management and key personnel. We compete with other companies both within and outside the cannabis industry to recruit and retain competent employees. If one or more of our executive officers are unable or unwilling to continue in their present positions, we may not be able to replace them readily, if at all. We may also incur additional expenses to recruit and retain new executive officers.

Our continuing ability to attract and retain highly qualified personnel will also be critical to our success because we will need to hire and retain additional personnel as our business grows. There can be no assurance that we will be

able to attract or retain highly qualified personnel. We face significant competition for skilled personnel in our industries. In particular, if the cannabis industry continues to grow, demand for personnel may become more competitive. This competition may make it more difficult and expensive to attract, hire, and retain qualified managers and employees. Because of these factors, we may not be able to effectively manage or grow our business, which could adversely affect our financial condition, operations or prospects. As a result, the value of an investment in our securities could be significantly reduced or completely lost. If we cannot maintain qualified employees to meet the needs of our anticipated growth, our business and financial condition could be materially adversely affected.

We may be subject to growth-related risks.

We may be subject to growth-related risks, including capacity constraints and pressure on our internal systems and controls. Our ability to manage growth effectively will require us to continue to implement and improve our operational and financial systems and to expand, train and manage our employee base. Our inability to deal with this growth may have a material adverse effect on our business, prospects, revenue, results of operation and financial condition.

Our growth strategy is dependent upon expanding our product and service offerings into new business areas or new geographic markets. There can be no assurance that any new business areas and geographic markets will generate the clients and revenue anticipated. In addition, any expansion into new business areas or geographic markets could expose us to new risks, including compliance with applicable laws and regulations, changes in the regulatory or legal environment, differing customer preferences or habits, adverse exchange rate fluctuations, adverse tax consequences, difficulties staffing and managing new operations, infringement of third-party intellectual property rights, new costs to adapting our products and services for new markets, and difficulties collecting accounts receivable. As a result of such expansion, we may incur losses or otherwise fail to enter new markets successfully.

We face an inherent risk of product liability and similar claims.

As a distributor of products designed to be ingested by humans, we face an inherent risk of exposure to product liability claims, regulatory action and litigation if our products are alleged to have failed to meet expected standards or to have caused significant loss or injury. In addition, the sale of our products involves the risk of injury to consumers due to tampering by unauthorized third parties or product contamination. Previously unknown adverse reactions resulting from human consumption of our products alone or in combination with other medications or substances could occur. We may be subject to various product liability claims, including, among others, that our products caused injury, illness or death, include inadequate instructions for use or include inadequate warnings concerning possible side effects or interactions with other substances. As an agricultural product, the quality of cannabis is inherently variable, and consumers may raise claims that our quality control or labeling processes have not sufficiently ensured that our grown and manufactured processes are sufficient to meet expected standards.

A product liability claim or regulatory action against us could result in increased costs, could adversely affect our reputation with our clients and consumers generally and could have a material adverse effect on our business, results of operations and financial condition. There can be no assurances that we will be able to obtain or maintain product liability insurance on acceptable terms or with adequate coverage against potential liabilities. Such insurance is expensive and may not be available in the future on acceptable terms, or at all. The inability to obtain sufficient insurance coverage on reasonable terms or to otherwise protect against potential product liability claims could prevent or inhibit the commercialization of our potential products.

We may be exposed to infringement or misappropriation claims by third parties, which, if determined adversely to us, could subject us to significant liabilities and other costs.

Our success may depend on our ability to use and develop new extraction technologies, recipes, know-how and new strains of cannabis without infringing the intellectual property rights of third parties. We cannot assure that third parties will not assert intellectual property claims against us. We are subject to additional risks if entities licensing intellectual property to us do not have adequate rights to the licensed materials. If third parties assert copyright or

patent infringement or violation of other intellectual property rights against us, we will be required to defend ourselves in litigation or administrative proceedings, which can be both costly and time consuming and may significantly divert the efforts and resources of management personnel. An adverse determination in any such litigation or proceedings to which we may become a party could subject us to significant liability to third parties, require us to seek licenses from third parties, require us to pay ongoing royalties or subject us to injunctions that may prohibit the development and operation of our applications.

Our products may be subject to product recalls.

Manufacturers, distributors and retailers of products are sometimes subject to the recall or return of their products for a variety of reasons, including product defects, such as contamination, unintended harmful side effects or interactions with other substances, packaging safety and inadequate or inaccurate labeling disclosure. If any of our products or products sold at our retail stores are recalled due to an alleged product defect or for any other reason, we could be required to incur the unexpected expense of the recall and any legal proceedings that might arise in connection with the recall.

We may lose a significant amount of sales and may not be able to replace those sales at an acceptable margin, if at all. In addition, a product recall may require significant management attention. Although we have detailed procedures in place for testing our products and requiring compliant labeling of third-party products we sell, there can be no assurance that any quality, potency or contamination problems will be detected in time to avoid unforeseen product recalls, regulatory action or lawsuits. Additionally, if any of our brands were subject to recall, our image and the image of that brand could be harmed. A recall for any of the foregoing reasons could lead to decreased demand for our products and could have a material adverse effect on the results of our operations and financial condition. Additionally, product recalls may lead to increased scrutiny of our operations by the FDA, or other regulatory agencies, requiring further management attention and potential legal fees and other expenses.

We may face unfavorable publicity or consumer perception.

Our ability to generate revenue and be successful in the implementation of our business plan is dependent on consumer acceptance of and demand for our product lines. Management believes the medical and adult-use cannabis industry is highly dependent upon consumer perception regarding the safety, efficacy and quality of the cannabis produced.

Acceptance of our products depends on several factors, including availability, cost, ease of use, familiarity of use, convenience, effectiveness, safety and reliability. If customers do not accept our products, or if such products fail to adequately meet customers' needs and expectations, our ability to continue generating revenues could be affected.

Consumer perception of our current or proposed products may be significantly influenced by scientific research or findings, regulatory investigations, litigation, media attention and other publicity regarding the consumption of cannabis products. There can be no assurance that future scientific research, findings, regulatory proceedings, litigation, media attention or other research findings or publicity will be favorable to the cannabis market or any particular product, or consistent with earlier publicity. Future research reports, findings, regulatory proceedings, litigation, media attention or other publicity that is perceived as less favorable than, or questions earlier research reports, findings or publicity could have a material adverse effect on the demand for our products. Our dependence upon consumer perceptions means that such adverse reports, whether or not accurate or with merit, could ultimately have a material adverse effect on our business, results of operations, financial condition and cash flows.

Further, adverse publicity reports or other media attention regarding the safety, efficacy and quality of cannabis in general, or our products specifically, or associating the consumption of cannabis with illness or other negative effects or events, could have such a material adverse effect on us. Although we use quality control processes and procedures to ensure our consumer packaged goods meet our standards, a failure or alleged failure of such processes and procedures could result in negative consumer perception of our products or legal claims against us. Adverse

publicity reports or other media attention could arise even if the adverse effects associated with such products resulted from consumers' failure to consume such products appropriately or as directed.

Certain of our products are e-vapor or "vape" products. The use of vape products and vaping may pose health risks. According to the Centers for Disease Control, vape products may contain ingredients that are known to be toxic to humans and may contain other ingredients that may not be safe. Because clinical studies about the safety and efficacy of vape products have not been submitted to the FDA, consumers currently have no way of knowing whether they are safe for their intended use or what types or concentrations of potentially harmful chemicals or by-products are found in these products. It is also uncertain what implications the use of vape or other inhaled products, such as flower that is smoked, may have on respiratory illnesses such as that caused by COVID-19. Adverse findings, regulatory investigations, litigation, media attention and other publicity regarding the consumption of vape or other inhaled products, including adverse publicity regarding underage use of vape or other inhaled products, may adversely affect us.

We face intense competition.

We face intense competition from other companies, some of which have longer operating histories and more financial resources and manufacturing, retail and marketing experience than us. Increased competition by larger and better financed competitors could materially and adversely affect our business, financial condition and results of operations.

Because of the early stage of the industry in which we operate, we face additional competition from new entrants. If the number of consumers of cannabis in the states in which we operate our business increases, the demand for products and qualified talent will increase and we expect that competition will become more intense, as current and future competitors begin to offer an increasing number of diversified products. To remain competitive, we will require a continued high level of investment in research and development, marketing, sales, talent retention and client support. We may not have sufficient resources to maintain research and development, marketing, sales and client support efforts on a competitive basis, which could materially and adversely affect our business, financial condition and results of our operations.

Adverse changes in the wholesale and retail prices could result in earnings declines.

The cannabis industry is a margin-based business in which gross profits depend on the excess of sales prices over costs. Consequently, profitability is sensitive to shifts in wholesale and retail prices caused by changes in supply (which itself depends on other factors such as new entrants into retail markets, new entrants into the cultivation markets or cultivation expansions by existing operators, weather, fuel, equipment and labor costs, shipping costs, economic situation and demand), taxes, government programs and policies for the cannabis industry (including price controls and wholesale price restrictions that may be imposed by government agencies responsible for the sale of cannabis), and other market conditions, all of which are factors beyond our control. Our operating income may be significantly and adversely affected by a decline in the price of cannabis and will be sensitive to changes in the price of cannabis and the overall condition of the cannabis industry, as our profitability is directly related to the price of cannabis. There is currently not an established market price for cannabis and the price of cannabis is affected by numerous factors beyond our control. Any price decline may have a material adverse effect on us.

A decline in the price of the shares of Class A common stock could affect our ability to raise further capital and adversely impact our ability to continue operations.

A prolonged decline in the price of the shares of Class A common stock could result in a reduction in the liquidity of the shares of Class A common stock and a reduction in our ability to raise capital. Because a significant portion of our operations have been and will be financed through the sale of equity securities, a decline in the price of our common stock could be especially detrimental to our liquidity and our operations. Such reductions may force us to reallocate funds from other planned uses and may have a significant negative effect on our business plan and operations, including our ability to develop new products and continue our current operations. If our stock price

declines, there can be no assurance that we will be able to raise additional capital or generate funds from operations sufficient to meet our obligations. If we are unable to raise sufficient capital in the future, we may not be able to have the resources to continue our normal operations.

Our business is highly dependent upon our brand recognition and reputation, and the erosion or degradation of our brand recognition or reputation would likely adversely affect our business and operating results.

We believe that our business is highly dependent on the Ascend brand identity and our reputation, which is critical to our ability to attract and retain customers and consumers. We also believe that the importance of our brand recognition and reputation will continue to increase as competition in the markets in which we operate continues to develop. Our success in this area will depend on a wide range of factors, some of which are within our control and some of which are not. The factors affecting our brand recognition and reputation that are within our control include the following:

- the efficacy of our marketing efforts;
- our ability to maintain high satisfaction among consumers and customers;
- the quality of our products;
- our ability to successfully differentiate our products from competitors' products; and
- our compliance with laws and regulations.

In addition, our brand recognition and reputation may be affected by factors that are outside our control, such as:

- actions of competitors or other third parties;
- consumers' experiences with our services or products;
- positive or negative publicity, including with respect to events or activities attributed to us, our employees, partners or others associated with any of these parties; and
- litigation or regulatory developments.

Damage to our reputation and loss of brand equity from one or more of the factors listed above may reduce demand for our products and have an adverse effect on our business, operating results and financial condition. Moreover, any attempts to rebuild our reputation and restore the value of our brand may be costly and time-consuming, and such efforts may not ultimately be successful.

We may face competition from synthetic production and technological advances.

The pharmaceutical industry may attempt to dominate the cannabis industry, and in particular, legal cannabis, through the development and distribution of synthetic products which emulate the effects and treatment of organic cannabis. If they are successful, the widespread popularity of such synthetic products could change the demand, volume and profitability of the cannabis industry. This could materially adversely affect our ability to secure long-term profitability and success through the sustainable and profitable operation of its business. There may be unknown additional regulatory fees and taxes that may be assessed in the future.

We may have increased labor costs based on union activity.

Labor unions are working to organize workforces in the cannabis industry in general. Currently, there is no labor organization that has been recognized as a representative of our employees. However, it is possible that certain retail and/or manufacturing locations will be organized in the future, which could lead to work stoppages or increased labor costs and adversely affect our business, profitability and our ability to reinvest into the growth of our business. We cannot predict how stable our relationships with U.S. labor organizations would be or whether we would be able to meet any unions' requirements without impacting our financial condition. Labor unions may also limit our flexibility in dealing with our workforce. Work stoppages and instability in our union relationships could delay the production and sale of our products, which could strain relationships with customers and cause a loss of revenues which would adversely affect our operations.

Risks Related to Our Finances and Capital Requirements

We may face difficulties acquiring additional or traditional financing.

Due to the present state of the laws and regulations governing financial institutions in the U.S., banks often refuse to provide banking services to businesses involved in the cannabis industry. Consequently, it may be difficult for us to obtain financing from large U.S. financial institutions.

We have historically, and continue to have, access to equity and debt financing from non-public (i.e., private placement) markets. Our business plan continues to include aggressive growth, both in the form of additional acquisitions and through facility expansion and improvements. Accordingly, we may require equity and/or debt financing to support ongoing operations, to undertake capital expenditures or to undertake acquisitions and/or other business combination transactions. There can be no assurance that additional financing will be available to us when needed or on terms which are acceptable. Our inability to raise financing through traditional banking to fund ongoing operations, capital expenditures or acquisitions could limit our growth and may have a material adverse effect upon our business, prospects, revenue, results of operation and financial condition.

Our ability to utilize our net operating loss carryforwards and certain other tax attributes may be limited.

Under Section 382 and related provisions of the Code, if a corporation undergoes an "ownership change" (generally defined as a greater than 50% change (by value) in its equity ownership over a rolling three year period), the corporation's ability to use its pre-change net operating loss carryforwards and other pre-change tax attributes to offset its post-change income may be limited. We may, in the future as a result of subsequent shifts in our stock ownership, experience, an "ownership change." Thus, our ability to utilize carryforwards of our net operating losses and other tax attributes to reduce future tax liabilities may be substantially restricted for federal or state tax purposes.

Material acquisitions, dispositions and other strategic transactions involve a number of risks for us.

Material acquisitions, dispositions and other strategic transactions involve a number of risks for us, including: (i) potential disruption of our ongoing business; (ii) distraction of management; (iii) increased financial leverage; (iv) the anticipated benefits and cost savings of those transactions may not be realized or may take longer to realize than anticipated; (v) increased scope and complexity of our operations; and (vi) loss or reduction of control over certain of our assets.

Additionally, we may issue additional shares of Class A common stock in connection with such transactions, which would dilute a stockholder's holdings in us.

The presence of one or more material liabilities of an acquired company that are known, but believed to be immaterial, or unknown to us at the time of acquisition could have a material adverse effect on our business, prospects, revenue, results of operation and financial condition. A strategic transaction may result in a significant change in the nature of our business, operations and strategy. In addition, we may encounter unforeseen obstacles or costs in implementing a strategic transaction or integrating any acquired business into our operations.

We may experience risks relating to the closing of acquisitions or investments.

We may experience risks relating to the challenges and costs of closing an acquisition or investment, including the transfers of licenses, permits, cards or other property, and the risk that an announced transaction may not close. Completion of certain acquisition and investment transactions are conditioned upon, among other things, the receipt of necessary approvals, including the receipt of required regulatory clearances which could delay the completion a transaction for a significant period of time or prevent it from occurring at all.

In particular, the completion of our pending acquisitions of each of Hemma LLC, BCCO, LLC and Marichron Pharma LLC remain subject in all respects to approval by the relevant regulatory authorities in Ohio; the completion

of our pending acquisition of Chicago Alternative Health Center, LLC and Chicago Alternative Health Center Holdings, LLC remain subject in all respects to approval by the relevant regulatory authorities in Illinois; and our investment in MedMen NY, Inc. remains subject in all respects to approval by the relevant regulatory authorities in New York. Although we have no reason to believe we will not receive the requisite approvals for the foregoing transactions, there is a possibility that such approvals may not be received. Any combination of the failure to complete the foregoing transactions could have a material adverse effect on us and would prevent us from realizing the anticipated benefits of such transaction(s). We may also be liable for certain transaction costs, including legal and accounting fees, whether or not a transaction is completed.

We may invest in pre-revenue and other revenue-generating cannabis companies which may not be able to meet anticipated revenue targets in the future.

We may make investments in companies with no significant sources of operating cash flow and no revenue from operations. Our investments in such companies will be subject to risks and uncertainties that new companies with no operating history may face. In particular, there is a risk that our investment in these pre-revenue companies will not be able to meet anticipated revenue targets or will generate no revenue at all. The risk is that underperforming pre-revenue companies may lead to these businesses failing, which could have a material adverse effect on our business, prospects, revenue, results of operation and financial condition.

There can be no assurance that our current and future contractual relationships or strategic alliances or expansions of scope of existing relationships will have a beneficial impact on our business, financial condition and results of operations.

We currently have, and may in the future enter into, additional strategic alliances and partnerships with third parties that we believe will complement or augment our existing business. Our ability to complete strategic alliances is dependent upon, and may be limited by, the availability of suitable candidates and capital. In addition, strategic alliances could present unforeseen integration obstacles or costs, may not enhance our business and may involve risks that could adversely affect us, including significant amounts of management time that may be diverted from operations in order to pursue and complete such transactions or maintain such strategic alliances. Future strategic alliances could result in the incurrence of additional debt, costs and contingent liabilities, and there can be no assurance that future strategic alliances will achieve, or that our existing strategic alliances will continue to achieve, the expected benefits to our business or that we will be able to consummate future strategic alliances on satisfactory terms, if at all. Any of the foregoing could have a material adverse effect on our business, financial condition and results of operations.

Our sales are difficult to forecast.

As a result of recent and ongoing regulatory and policy changes in the medical and adult-use cannabis industries and unreliable levels of market supply, the market data available is limited and unreliable. We must rely largely on our own market research to forecast sales, as detailed forecasts are not generally obtainable from other sources in the states in which our business operates. Additionally, any market research and our projections of estimated total retail sales, demographics, demand and similar consumer research, are based on assumptions from limited and unreliable market data. Projections are inherently subject to varying degrees of uncertainty and their achievability depends on the timing and probability of a complex series of future events. There is no assurance that the assumptions upon which these projections are based will be realized. Actual results may differ materially from projected results for a number of reasons including increases in operating expenses, changes or shifts in regulations or applicable laws, undiscovered or unanticipated adverse industry and economic conditions, and unanticipated competition. Accordingly, our stockholders should not rely on any projections to indicate the actual results we might achieve.

Changes in our customer, product or competition mix could cause our product margin to fluctuate.

From time to time, we may experience changes in our customer mix, our product mix or our competition mix. Changes in our customer mix may result from geographic expansion or contractions, legislative or enforcement priority changes affecting the products we distribute, selling activities within current geographic markets and

targeted selling activities to new customer sectors. Changes in our product mix may result from marketing activities to existing customers, the needs communicated to us from existing and prospective customers and from legislative changes. Changes in our competition mix may result from well-financed competitors entering into our business segment. If customer demand for lower-margin products increases and demand for higher-margin products decreases, our business, results of operations and financial condition may suffer.

We have a limited operating history and a history of net losses and negative cash flows from operating activities, and we may not achieve or maintain profitability or positive cash flows in the future.

We began operating in May 2018 and have yet to generate a profit. We generated a net loss of $25.4 million ($61.7 million after giving effect to: the acquisition of MOCA, LLC, the acquisition of Chicago Alternative Health Center Holdings, LLC and Chicago Alternative Health Center Holdings, LLC and the investment in MedMen NY, Inc.; see the unaudited consolidated statement of operations of AWH giving effect to such transactions as if they each occurred on January 1, 2020 attached as Exhibit 99.7 to the registration statement of which this prospectus forms a part) and $31.9 million for the years ended December 31, 2020 and 2019, respectively. We had negative cash flows from operating activities of $6.0 million and $40.9 million during the years ended December 31, 2020 and 2019, respectively. Our "cash and cash equivalents" as of December 31, 2020 was approximately $56.5 million. We intend to continue to expend significant funds to expand our cultivation and processing facilities, make acquisitions and to fund our working capital. We cannot guarantee we will have a positive cash flow status in the future. To the extent we have negative cash flow in any future period, certain of the proceeds from the offering may be used to fund such negative cash flow from operating activities.

Our efforts to grow our business may be more costly than we expect and we may not be able to increase our revenue enough to offset higher operating expenses. We may incur significant losses in the future for a number of reasons, including as a result of unforeseen expenses, difficulties, complications and delays, the other risks described in this prospectus and other unknown events. The amount of future net losses will depend, in part, on the growth of our future expenses and our ability to generate revenue. If we continue to incur losses in the future, the net losses and negative cash flows incurred to date, together with any such future losses, will have an adverse effect on our stockholders' equity and working capital. Because of the numerous risks and uncertainties associated with producing cannabis products, as outlined herein, we are unable to accurately predict when, or if, we will be able to achieve profitability. Even if we achieve profitability in the future, we may not be able to sustain profitability in subsequent periods. If we are unable to achieve and sustain profitability, the market price of our Class A common stock may significantly decrease and our ability to raise capital, expand our business or continue our operations may be impaired. A decline in our value may also cause you to lose all or part of your investment.

We will incur increased costs as a result of operating as a public company and our management will be required to devote substantial time to new compliance initiatives.

Historically, we have operated as a private company. As a public company, we will incur significant legal, accounting and other expenses that we did not incur as a private company. In addition, the Sarbanes-Oxley Act of 2002 and rules implemented by SEC, and CSE, and equivalent rules and regulations in Canada, impose various requirements on public companies, including requirements to file certain periodic and event-driven reports with respect to our business and financial condition and operations and establish and maintain effective disclosure and financial controls and corporate governance practices. In addition, we will incur costs in connection with the Conversion and this offering, including costs related to a contingent beneficial conversion feature which may result in a non-cash expense of approximately $27.4 million, as described further in "*Management's Discussion and Analysis of Financial Condition and Results of Operations - Other Matters*",

Our management and other personnel have limited experience operating a public company, which may result in operational inefficiencies or errors, or a failure to improve or maintain effective internal controls over financial reporting, and disclosure controls and procedures, necessary to ensure timely and accurate reporting of operational and financial results. Our existing management team will need to devote a substantial amount of time to these compliance initiatives, and we may need to hire additional personnel to assist us with complying with these

requirements. Moreover, these rules and regulations will increase our legal and financial compliance costs and will make some activities more time consuming and costly.

In addition, changing laws, regulations and standards relating to corporate governance and public disclosure are creating uncertainty for public companies, increasing legal and financial compliance costs and making some public company required activities more time consuming. These laws, regulations and standards are subject to varying interpretations, in many cases due to their lack of specificity and, as a result, their application in practice may evolve over time as new guidance is provided by regulatory and governing bodies. This could result in continuing uncertainty regarding compliance matters and higher costs necessitated by ongoing revisions to disclosure and governance practices. We intend to invest resources to comply with evolving laws, regulations and standards, and this investment may result in increased general and administrative expenses and divert management's time and attention from revenue generating activities to compliance activities. If our efforts to comply with new laws, regulations and standards differ from the activities intended by regulatory or governing bodies, regulatory authorities may initiate legal proceedings against us and our business may be harmed.

We also expect that being a public company and complying with applicable rules and regulations will make it more expensive for us to obtain director and officer liability insurance, and we may be required to incur substantially higher costs to obtain and maintain the same or similar coverage that is currently in place. These factors could also make it more difficult for us to attract and retain qualified executive officers and members of our Board.

There is no assurance that our management's past experience will be sufficient to enable us to operate successfully as a public company.

There is no guarantee that our current cash position, expected revenue growth and anticipated financing transactions will be sufficient to fund our operations for the next twelve months.

We have an accumulated deficit of $63,592 and $38,153 as of December 31, 2020 and 2019, respectively, as well as a net loss and negative cash flows from operating activities for the reporting periods then-ended. The recurring net losses and negative cash flows from operating activities are indicators of substantial doubt as to our ability to continue as a going concern for at least one year from issuance of the audited financial statements included in this prospectus. If we are unable to raise additional capital on favorable terms, if at all, during the next twelve months, we may be forced to decelerate or curtail certain of our operations until such time as additional capital becomes available.

See "*Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resources*" for a discussion regarding management's belief that the substantial doubt of our ability to continue as a going concern for at least one year from the issuance of the financial statements included in this prospectus has been alleviated.

We are subject to a number of restrictive debt covenants under our loan agreements.

Many of our loan agreements contain certain restrictive covenants, which restrict our ability to, among other things, incur additional indebtedness, incur certain liens on our assets or sell assets, make investments, make capital expenditures, pay dividends and make other restricted payments. Many of our loan agreements also require us to maintain specified financial ratios under certain conditions and satisfy financial condition tests, including minimum cash balances and debt to assets ratios.

Our ability to meet those financial ratios and tests and otherwise comply with our financial covenants may be affected by the factors described herein and other factors outside our control, and we may not be able to meet those ratios, tests and covenants. Our ability to generate sufficient cash from operations to meet our debt obligations will depend upon our future operating performance, which will be affected by general economic, financial, competitive, business and other factors beyond our control. A breach of any of these covenants, ratios, tests or restrictions, as applicable, or any inability to pay interest on, or principal of, our outstanding debt as it becomes due could result in an event of default. Upon an event of default, if not waived by our lenders, our lenders may declare all amounts

outstanding as due and payable. Such an acceleration of the maturity of our indebtedness may, among other things, prevent or limit us from engaging in transactions that benefit us, including responding to changing business and economic conditions and taking advantage of attractive business opportunities.

General Risk Factors

Additional issuances of shares of Class A common stock may result in further dilution.

We may issue additional equity or convertible debt securities in the future, which may dilute an existing stockholder's holdings. Our certificate of incorporation permits the issuance of shares of our Class A common stock, and existing stockholders will have no preemptive rights in connection with such further issuances. Our Board has discretion to determine the price and the terms of further issuances, and such terms could include rights, preferences and privileges superior to those existing holders of shares of Class A common stock. To the extent holders of our options or other convertible securities convert or exercise their securities and sell shares of Class A common stock they receive, the trading price of the shares of Class A common stock may decrease due to the additional amount of shares of Class A common stock available in the market. We cannot predict the size or nature of future issuances or the effect that future issuances and sales of shares of Class A common stock will have on the market price of the shares of Class A common stock. Issuances of a substantial number of additional shares of Class A common stock, or the perception that such issuances could occur, may adversely affect prevailing market prices for the shares of Class A common stock. With any additional issuance of shares of Class A common stock, our investors will suffer dilution to their voting power and economic interest.

Sales of substantial amounts of shares of Class A common stock by our existing stockholders in the public market may have an adverse effect on the market price of the shares of Class A common stock.

Sales of a substantial number of shares of Class A common stock in the public market could occur at any time, subject to certain restrictions described below. These sales, or the perception in the market that holders of many shares intend to sell shares, or the availability of such securities for sale, could adversely affect the prevailing market prices for the shares of Class A common stock. A decline in the market prices of the shares of Class A common stock could impair our ability to raise additional capital through the sale of securities should it desire to do so.

If securities or industry analysts do not publish or cease publishing research or reports or publish misleading, inaccurate or unfavorable research about us, our business or our market, our stock price and trading volume could decline.

The trading market for our shares of Class A common stock will be influenced by the research and reports that securities or industry analysts publish about us, our business, our market or our competitors. If no or few securities or industry analysts cover us, the trading price and volume of our shares would likely be negatively impacted. If one or more of the analysts who covers us downgrades our shares or publishes inaccurate or unfavorable research about our business, or provides more favorable relative recommendations about our competitors, our stock price would likely decline. If one or more of these analysts ceases coverage of us or fails to publish reports on us regularly, demand for our shares could decrease, which could cause our stock price or trading volume to decline.

We are eligible to be treated as an "emerging growth company" as defined in the JOBS Act, and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make the shares of Class A common stock less attractive to investors.

We are an "emerging growth company," as defined in the JOBS Act. For as long as we continue to be an emerging growth company, we may take advantage of exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies, including (1) not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, (2) reduced disclosure obligations regarding executive compensation in this prospectus and periodic reports and proxy statements, and (3) exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. We could be an

emerging growth company for up to five years, although circumstances could cause us to lose that status earlier, including if the market value of the shares of Class A common stock held by non-affiliates exceeds $700 million as of , or if we have total annual gross revenue of $1.07 billion or more during any fiscal year before that time, in which case we would no longer be an emerging growth company as of the following December 31. Additionally, if we issue more than $1.0 billion in non-convertible debt during any three-year period before , we would cease to be an emerging growth company immediately. We cannot predict if investors will find the shares of Class A common stock less attractive because we may rely on these exemptions. If some investors find the shares of Class A common stock less attractive as a result, there may be a less active trading market for the shares of Class A common stock, and the stock price may be more volatile.

Under the JOBS Act, emerging growth companies can also delay adopting new or revised accounting standards until such time as those standards apply to private companies.

We have broad discretion in the use of our cash, cash equivalents, and investments, including the net proceeds from this offering, and may not use them effectively.

Our management will have broad discretion in the application of our cash, cash equivalents, and investments, including the net proceeds from this offering, and could spend the proceeds in ways that do not improve our results of operations or enhance the value of our Class A common stock. We intend to use the proceeds from this offering as described in "*Use of Proceeds."* We could spend the proceeds in ways that our stockholders may not agree with. The failure by our management to apply these funds effectively could result in financial losses that could have a material adverse impact on our business, cause the price of our Class A common stock to decline, and delay the development of additional products or the opening of new locations. Pending their use, we may invest our cash, cash equivalents, and investments, including the net proceeds from this offering, in a manner that does not produce income or that loses value. See the section titled "*Use of Proceeds*" appearing elsewhere in this prospectus.

Changes in U.S. tax law may adversely affect us or our investors.

The rules dealing with U.S. federal, state and local income taxation are constantly under review by persons involved in the legislative process and by the IRS and the U.S. Treasury Department. Changes to tax laws (which changes may have retroactive application) could adversely affect us or holders of our common stock. In recent years, many changes have been made and changes are likely to continue to occur in the future.

For example, the Tax Cuts and Jobs Act was enacted in 2017 and made significant changes to corporate taxation, including the reduction of the corporate tax rate from a top marginal rate of 35% to a flat rate of 21%, which is a historically low rate. On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act, which included certain changes in tax law intended to stimulate the U.S. economy in light of the COVID-19 coronavirus outbreak, including temporary beneficial changes to the treatment of net operating losses, interest deductibility limitations and payroll tax matters.

In light of the election of Joseph Biden, it cannot be predicted whether, when, in what form, or with what effective dates, new tax laws may be enacted, or regulations and rulings may be enacted, promulgated or issued under existing or new tax laws, which could result in an increase in our or our stockholders' tax liability or require changes in the manner in which we operate in order to minimize or mitigate any adverse effects of changes in tax law or in the interpretation thereof.

We face exposure to fraudulent or illegal activity by employees, contractors and consultants.

We face exposure to the risk that employees, independent contractors or consultants may engage in fraudulent or other illegal activities. Misconduct by these parties could be intentional, reckless and/or negligent conduct. There may be disclosure of unauthorized activities that violate government regulations, manufacturing standards, healthcare laws, abuse laws and other financial reporting laws. Further, it may not always be possible for us to identify and deter misconduct by our employees and other third parties, and the precautions we take to detect and prevent these activities may not always be effective in controlling unknown or unmanaged risks or losses, or in

protecting us from governmental investigations or other actions or lawsuits stemming from a failure to be in compliance with such laws or regulations. If any such actions are instituted against us, and we are not successful in defending ourselves or asserting our rights, those actions could have a significant impact on our business, including the imposition of civil, criminal and administrative penalties, damages, monetary fines, contractual damages, reputational harm, diminished profits and future earnings, or curtailment of our operations, any of which could have a material adverse effect on our business, financial condition, results of operations or prospects.

Our reputation and ability to do business may be negatively impacted by the improper conduct by our business partners, employees or agents.

In certain states, we depend on third-party suppliers to produce and ship our orders. Products purchased from our suppliers are resold to our customers. These suppliers could fail to produce products to our specifications or quality standards and may not deliver units on a timely basis. Any changes in our suppliers' production or product availability could impact our ability to fulfill orders and could also disrupt our business due to delays in finding new suppliers.

Furthermore, we cannot provide assurance that our internal controls and compliance systems will protect us from acts committed by our employees, agents or business partners in violation of U.S. federal or state or local laws. Any improper acts or allegations could damage our reputation and subject us to civil or criminal investigations and related stockholder lawsuits, could lead to substantial civic and criminal monetary and non-monetary penalties and could cause us to incur significant legal and investigatory fees.

We face risks related to our information technology systems, and potential cyber-attacks and security breaches.

Our operations depend, in part, on how well we and our suppliers protect networks, equipment, information technology ("**IT**") systems and software against damage and threats, including, but not limited to, cable cuts, damage to physical plants, natural disasters, intentional damage and destruction, fire, power loss, hacking, computer viruses, vandalism and theft. We are susceptible to operational, financial and information security risks resulting from cyber-attacks and/or malfunctioning technology. Our operations also depend on the timely maintenance and replacement of network equipment, IT systems and software, as well as preemptive expenses to mitigate associated risks. Any of the foregoing and other events could result in information system failures, delays, increase in capital expenses, financial losses, the inability to process transactions, the unauthorized release of customer information and reputational risk. If there was a breach in security or if there was a failure in information systems, it could adversely affect our reputation and business continuity.

Additionally, we may store and collect personal information about customers and are responsible for protecting that information from privacy breaches that may occur through procedural or process failure, IT malfunction or deliberate unauthorized intrusions. We are subject to laws, rules and regulations in the United States and other jurisdictions relating to the collection, processing, storage, transfer and use of personal data. Our ability to execute transactions and to possess and use personal information and data in conducting our business subjects us to legislative and regulatory burdens that may require us to notify regulators and customers, employees and other individuals of a data security breach. Any such theft or privacy breach would have a material adverse effect on our business, prospects, revenue, results of operation and financial condition.

In addition, non-compliance could result in proceedings against us by governmental entities and/or significant fines, could negatively impact our reputation and may otherwise adversely impact our business, financial condition and operating results.

We have not experienced any material losses to date relating to cyber-attacks or other information security breaches, but there can be no assurance that we will not incur such losses in the future. Our risk and exposure to these matters cannot be fully mitigated because of, among other things, the evolving nature of these threats. As a result, cyber security and the continued development and enhancement of controls, processes and practices designed to protect systems, computers, software, data and networks from attack, damage or unauthorized access is a priority.

As cyber threats continue to evolve, we may be required to expend additional resources to continue to modify or enhance protective measures or to investigate and remediate any security vulnerabilities.

We face risks related to our insurance coverage and uninsurable risks.

Our business is subject to a number of risks and hazards generally, including adverse environmental conditions, accidents, labor disputes, destruction from civil unrest and changes in the regulatory environment. Such occurrences could result in damage to assets, personal injury or death, environmental damage, delays in operations, monetary losses and possible legal liability.

Although we intend to continue to maintain insurance to protect against certain risks in such amounts as we consider to be reasonable, our insurance will not cover all the potential risks associated with our operations. We may also be unable to maintain insurance to cover these risks at economically feasible premiums. Insurance coverage may not continue to be available or may not be adequate to cover any resulting liability. Moreover, insurance against risks such as environmental pollution or other hazards encountered in our operations is not generally available on acceptable terms. We might also become subject to liability for pollution or other hazards which it may not be insured against or which we may elect not to insure against because of premium costs or other reasons. Losses from these events may cause us to incur significant costs that could have a material adverse effect upon our financial performance and results of operations.

We may be subject to litigation.

We may become party to litigation from time to time in the ordinary course of business, which could adversely affect our business. Should any litigation in which we become involved be determined against us, such a decision could adversely affect our ability to continue operating and the market price for the shares of Class A common stock and could potentially use significant resources. Even if we are successful in litigation, litigation can redirect our significant resources and/or the significant resources of our subsidiaries.

We may be negatively impacted by challenging global economic conditions.

Our business, financial condition, results of operations and cash flow may be negatively impacted by challenging global economic conditions. For example and as discussed in more detail below, since early 2020, the U.S. and other world economies have experienced turmoil due to the outbreak of a novel strain of coronavirus ("**COVID-19**"), which has resulted in global economic uncertainty.

A global economic slowdown would cause disruptions and extreme volatility in global financial markets, increased rates of default and bankruptcy and declining consumer and business confidence, which can lead to decreased levels of consumer spending. These macroeconomic developments could negatively impact our business, which depends on the general economic environment and levels of consumer spending. As a result, we may not be able to maintain our existing customers or attract new customers, or we may be forced to reduce the price of our products. We are unable to predict the likelihood of the occurrence, duration or severity of such disruptions in the credit and financial markets or adverse global economic conditions. Any general or market-specific economic downturn could have a material adverse effect on our business, financial condition, results of operations and cash flow.

Additionally, the U.S. has imposed and may impose additional quotas, duties, tariffs, retaliatory or trade protection measures or other restrictions or regulations and may adversely adjust prevailing quota, duty or tariff levels, which can affect both the materials that we use to package our products and the sale of finished products. For example, the tariffs imposed by the U.S. on materials from China are impacting materials that we import for use in packaging in the U.S. Measures to reduce the impact of tariff increases or trade restrictions, including geographical diversification of our sources of supply, adjustments in packaging design and fabrication or increased prices, could increase our costs, delay our time to market and/or decrease sales. Other governmental action related to tariffs or international trade agreements has the potential to adversely impact demand for our products and our costs, customers, suppliers and global economic conditions and cause higher volatility in financial markets. While we

actively review existing and proposed measures to seek to assess the impact of them on our business, changes in tariff rates, import duties and other new or augmented trade restrictions could have a number of negative impacts on our business, including higher consumer prices and reduced demand for our products and higher input costs.

We are subject to risks arising from epidemic diseases, such as the outbreak of the COVID-19 illness.

In December 2019, COVID-19 emerged in Wuhan, China. Since then, it has spread to several other countries and infections have been reported around the world. On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. A public health epidemic, including COVID-19, or the fear of a potential pandemic, poses the risk that we or our employees, contractors, suppliers, and other partners may be prevented from conducting business activities for an indefinite period of time, including due to shutdowns or other preventative measures taken to limit the potential impact from a public health epidemic that may be requested or mandated by governmental authorities.

Our priorities during the COVID-19 pandemic are protecting the health and safety of our employees and our customers, following the recommended actions of government and health authorities. In the future, the pandemic may cause reduced demand for our products and services if, for example, the pandemic results in a recessionary economic environment. Our operations are currently ongoing as the cultivation, processing and sale of cannabis products is currently considered an essential business by all states in which we operate with respect to all customers (except in Massachusetts where only medical use cannabis has been deemed essential). Our ability to continue to operate without any significant negative operational impact from the COVID-19 pandemic will in part depend on our ability to protect our employees, customers and supply chain, as well as our continued designation as “essential” in states where we do business that currently or in the future impose restrictions on business operations.

While it is not possible at this time to estimate the impact that COVID-19 (or any other actual or potential pandemic) could have on our business, the continued spread of COVID-19 (or any other actual or potential pandemic) and the measures taken by the governments of countries affected could disrupt the supply chain and the manufacture or shipment or sale of our products and adversely impact our business, financial condition or results of operations. It could also affect the health and availability of our workforce at our facilities, as well as those of our suppliers, particularly those in China and India. The COVID-19 outbreak and mitigation measures may also have an adverse impact on global economic conditions which could have an adverse effect on our business and financial condition. The extent to which the COVID-19 outbreak impacts our results will depend on future developments that are highly uncertain and cannot be predicted, including new information that may emerge concerning the severity of the virus and the actions to contain its impact. Because cannabis remains federally illegal, it is possible that we would not be eligible to participate in any government relief programs (such as federal loans or access to capital) resulting from COVID-19 or any other actual or potential pandemic.

Our internal controls over financial reporting may not be effective, and our independent auditors may not be able to certify as to their effectiveness, which could have a significant and adverse effect on our business.

We are subject to various SEC reporting and other regulatory requirements. We have incurred and will continue to incur expenses and, to a lesser extent, diversion of our management’s time in our efforts to comply with Section 404 of the Sarbanes-Oxley Act of 2002 regarding internal controls over financial reporting. Effective internal controls over financial reporting are necessary for us to provide reliable financial reports and, together with adequate disclosure controls and procedures, are designed to prevent fraud. Any failure to implement required new or improved controls, or difficulties encountered in their implementation could cause us to fail to meet our reporting obligations. In addition, any testing by us conducted in connection with Section 404 of the Sarbanes-Oxley Act of 2002, or the subsequent testing by our independent registered public accounting firm when required, may reveal deficiencies in our internal controls over financial reporting that are deemed to be material weaknesses or that may require prospective or retrospective changes to our consolidated financial statements or identify other areas for further attention or improvement. Inferior internal controls could also cause investors to lose confidence in our reported financial information, which could have a negative effect on the trading price of our shares of Class A common stock.

Our internal controls over financial reporting may not be effective and our independent registered public accounting firm may not be able to certify as to their effectiveness, which could have a significant and adverse effect on our business and reputation.

As a public company, we will be required to evaluate our internal controls over financial reporting. Furthermore, at such time as we cease to be an "emerging growth company," as more fully described in these Risk Factors, we shall also be required to comply with Section 404. At such time we may identify material weaknesses that we may not be able to remediate in time to meet the applicable deadline imposed upon us for compliance with the requirements of Section 404. In addition, if we fail to achieve and maintain the adequacy of our internal controls, as such standards are modified, supplemented or amended from time to time, we may not be able to ensure that we can conclude on an ongoing basis that we have effective internal controls over financial reporting in accordance with Section 404. We cannot be certain as to the timing of completion of our evaluation, testing and any remediation actions or the impact of the same on our operations. If we are not able to implement the requirements of Section 404 in a timely manner or with adequate compliance, our independent registered public accounting firm may issue an adverse opinion due to ineffective internal controls over financial reporting and we may be subject to sanctions or investigation by regulatory authorities, such as the SEC. As a result, there could be a negative reaction in the financial markets due to a loss of confidence in the reliability of our financial statements. In addition, we may be required to incur costs in improving our internal control system and the hiring of additional personnel. Any such action could negatively affect our results of operations and cash flows.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains "forward-looking statements" that involve risks and uncertainties, as well as assumptions that, if they never materialize or prove incorrect, could cause our results to differ materially from those expressed or implied by such forward-looking statements. The statements contained in this prospectus that are not purely historical are "forward-looking statements" within the meaning of applicable securities legislation. Forward-looking statements are identified by the use of words such as, but not limited to, "anticipate," "believe," "continue," "could," "estimate," "prospects," "forecasts," "expect," "intend," "may," "will," "plan," "target," and similar expressions or variations intended to identify forward-looking statements. These statements are based on the beliefs and assumptions of our management based on information currently available to management. Such forward-looking statements are subject to risks, uncertainties and other important factors that could cause actual results and the timing of certain events to differ materially from future results expressed or implied by such forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, factors discussed in the section entitled "*Risk Factors*" in this prospectus.

By way of example, and without implied limitation, such risks and uncertainties include:

- the effect of the volatility of the market price and liquidity risks on shares of our Class A common stock;
- the effect of the voting control exercised by holders of Class B common stock;
- our ability to attract and maintain key personnel;
- our ability to continue to open new retail locations, processing facilities and cultivation facilities as anticipated;
- our ability to increase production capacity as anticipated;
- the illegality of cannabis under federal law;
- our ability to comply with state and federal regulations;
- the uncertainty regarding enforcement of cannabis laws;
- the effect of restricted access to banking and other financial services;
- the effect of constraints on marketing and risks related to our products;
- the effect of unfavorable tax treatment for cannabis businesses;
- the effect of security risks;
- the effect of infringement or misappropriation claims by third parties;
- our ability to comply with potential future FDA regulations;
- our ability to enforce our contracts;
- the effect of unfavorable publicity or consumer perception;
- the effect of risks related to material acquisitions, dispositions and other strategic transactions;
- the effect of agricultural and environmental risks;
- the effect of risks related to information technology systems;
- the effect of product liability claims and other litigation to which we may be subjected;
- the effect of risks related to the results of future clinical research;
- the effect of intense competition in the industry;
- the effect of outbreaks of pandemic diseases, fear of such outbreaks or economic disturbances due to such outbreaks, particularly the impact of the COVID-19 illness; and
- the effect of general economic risks, such as the unemployment level, interest rates and inflation, and challenging global economic conditions.

For more information regarding these and other uncertainties and factors that could cause our actual results to differ materially from what we have anticipated in our forward-looking statements or otherwise could materially adversely affect our business, financial condition or operating results, see the section entitled "*Risk Factors*" in this prospectus. The risks and uncertainties described above and in the section entitled "*Risk Factors*" in this prospectus are not exclusive and further information concerning us and our business, including factors that potentially could materially affect our financial results or condition, may emerge from time to time. We assume no obligation to update, amend or clarify any forward-looking statement or departures from them, except as required by applicable law.

MARKET AND INDUSTRY DATA

This prospectus contains statistical data and estimates regarding market and industry data. Unless otherwise indicated, information concerning our industry and the markets in which we operate, including our general expectations, market position, market opportunity and market size, are based on our management's knowledge and experience in the markets in which we operate, together with currently available information obtained from various sources, including publicly available information, industry reports and publications, surveys, our customers, trade and business organizations and other contacts in the markets in which we operate. Certain information is based on management estimates, which have been derived from third-party sources, as well as data from our internal research, and are based on certain assumptions that we believe to be reasonable. Industry publications, surveys and forecasts generally state that the information contained therein has been obtained from sources believed to be reliable. We have not independently verified any of the information from third-party sources nor have we ascertained the validity or accuracy of the underlying economic assumptions relied upon therein. Actual outcomes may vary materially from those forecast in the reports or publications referred to herein, and the prospect for material variation can be expected to increase as the length of the forecast period increases. Because this information involves a number of assumptions and limitations, you are cautioned not to give undue weight to these estimates. The industry in which we operate is subject to a high degree of uncertainty and risk due to a variety of factors, including those described in the section entitled "*Risk Factors*."

MARKET RISK

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign exchange rates, raw material and other commodity prices.

Interest Rate Risk. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Cash and cash equivalents bear interest at market rates. Our financial debts have fixed rates of interest and therefore expose us to a limited interest rate fair value risk.

Commodities Price Risk. Price risk is the risk of variability in fair value due to movements in equity or market prices. The primary raw materials we use, aside from those cultivated internally, are labels and packaging. Management believes a hypothetical 10% change in the price of these materials would not have a significant effect on our consolidated annual results of operations or cash flows, as these costs are generally passed through to our customers. However, such an increase could have an impact on our customers' demand for our products, and we are not able to quantify the impact of such potential change in demand on our annual results of operations or cash flows.

COVID-19 Risk. We are monitoring COVID-19 closely, and although our operations have not been materially affected by the COVID-19 outbreak to date, the ultimate severity of the outbreak and its impact on the economic environment is uncertain. Our operations are ongoing as the cultivation, processing and sale of cannabis products is currently considered an essential business by the states in which we operate with respect to all customers (except for Massachusetts, where cannabis has been deemed essential only for medical patients). In all locations where regulations have been enabled by governmental authorities, we have expanded consumer delivery options and curbside pickup to help protect the health and safety of our employees and customers. The pandemic has not materially impacted our business operations or liquidity position to date. We continue to generate operating cash flows to meet our short-term liquidity needs. The uncertain nature of the spread of COVID-19 may impact our business operations for reasons including the potential quarantine of our employees or those of our supply chain partners or a change in our designation as "essential" in states where we do business that currently or in the future impose restrictions on business operations.

CORPORATE CONVERSION AND CORPORATE STRUCTURE

Immediately prior to the effectiveness of the registration statement of which this prospectus forms a part, we will engage in the following transactions, which we refer to collectively as the Conversion:

- we will convert from a Delaware limited liability company to a Delaware corporation by filing a certificate of conversion with the Delaware Secretary of State; and
- we will change our name from "Ascend Wellness Holdings, LLC" to "Ascend Wellness Holdings, Inc."

As part of the Conversion:

- we will create two classes of authorized common stock, Class A common stock and Class B common stock;
- holders of Series Seed Preferred and Series Seed Preferred+ Units of AWH will receive one share of Class A common stock of Ascend Wellness Holdings, Inc. for each unit of Series Seed Preferred and Series Seed Preferred+ Units held immediately prior to the Conversion;
- holders of Real Estate Preferred Units of AWH will receive, for each unit of Real Estate Preferred Units of AWH, a number of shares of Class A common stock of Ascend Wellness Holdings, Inc. equal to (x) one plus (y) (A) the original purchase price of such Real Estate Preferred Unit multiplied by 1.5, divided by (B) the price at which we are offering Class A common stock pursuant to this offering;
- holders of common units of AWH will receive one share of Class A common stock of Ascend Wellness Holdings, Inc. for each common unit held immediately prior to the Conversion;
- holders of restricted common units issued under the 2020 Incentive Plan (as defined below) will receive one share of Class A common stock of Ascend Wellness Holdings, Inc. for each restricted common unit held immediately prior to the Conversion;
- holders of convertible notes will convert into shares of Class A common stock in accordance with the terms of the note purchase agreement, dated June 12, 2019, between the Company and the purchasers of the convertible notes (the "**2019 Convertible Notes**"). The holders of 2019 Convertible Notes will receive a number of shares of Class A common stock equal to (a) the outstanding principal and accrued and unpaid interest under the notes divided by (b) a price per share equal to the lesser of (i) 20% of a discount to the price per share of Class A common stock offered pursuant to this offering and (ii) , which represents the price per share resulting from a pre-money valuation of the company of $295,900,000;
- holders of convertible notes will convert into shares of Class A common stock in accordance with the terms of the note purchase agreement, dated January 6, 2021, between the Company and the purchasers of the convertible notes (the "**2021 Convertible Notes**"). The holders of 2021 Convertible Notes will receive a number of shares of Class A common stock equal to (a) the outstanding principal and accrued and unpaid interest under the notes divided by (b) a price per share equal to the lesser of (i) 20% of a discount to the price per share of Class A common stock offered pursuant to this offering and (ii) $3.00 per share of Class A common stock.
- holders of warrants to acquire 7,062,285 common units of AWH at an exercise price of $2.00 per share will receive warrants to acquire an equal number of shares Class A common stock; and
- AGP will receive shares of Class B common stock, which will constitute all of the outstanding shares of Class B common stock of AWH.

Prior to the Conversion, we expect holders of warrants to acquire 2,187,500 common units of AWH at an exercise price of $1.60 per unit to exercise their warrants and acquire common units of the Company. Pursuant to the terms of such warrants, if the warrants are not exercised prior to the completion of the offering, the warrants will expire and no longer be exercisable upon the completion of the offering. Additionally, the terms of the warrants permit the holders to exercise the warrants via cashless exercise. If the holders choose to exercise via cashless exercise, the holders will acquire 1,312,500 common units of AWH. However, there is no assurance that the holders will exercise the warrants.

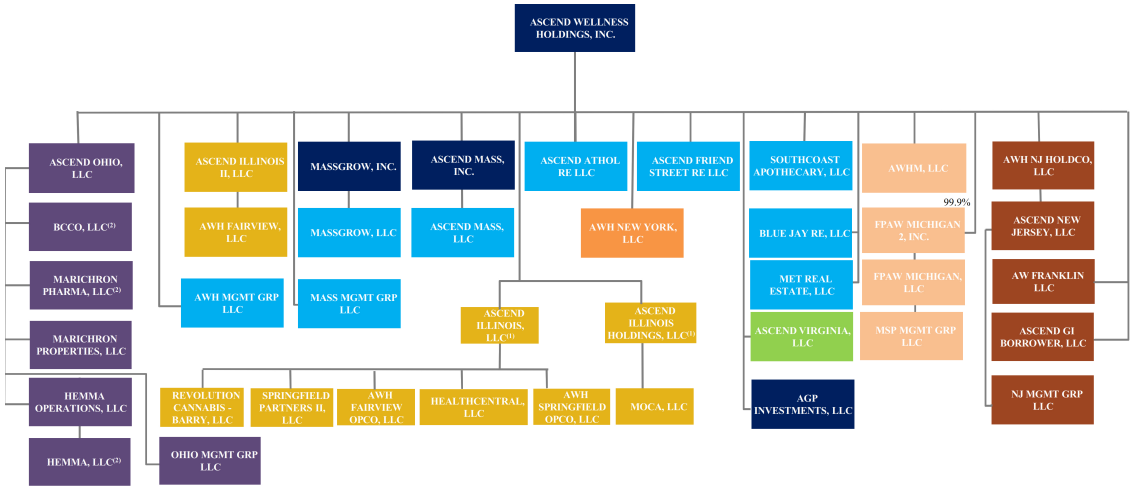
Following the Conversion, Ascend Wellness Holdings, Inc. will be deemed to be the same entity as AWH, and as a result will continue to hold all property and assets of AWH and will remain liable for all of the debts and

obligations of AWH. After effecting the Conversion, we will be governed by a certificate of incorporation to be filed with the Delaware Secretary of State and bylaws.

Following the Conversion, we will have two classes of authorized common stock, Class A common stock and Class B common stock. Each share of Class A common stock will be entitled to one vote per share. Each share of Class B common stock will be entitled to votes per share. Holders of Class A common stock and Class B common stock will vote together as a single class on all matters (including the election of directors) submitted to a vote of stockholders, unless otherwise required by law or our certificate of incorporation. Each share of Class B common stock will automatically convert into one share of Class A common stock on the final conversion date, as defined in our certificate of incorporation. Each share of Class B common stock will also be convertible at any time at the option of the holder into one share of Class A common stock. In addition, each share of Class B common stock will convert automatically into one share of Class A common stock upon any transfer, whether or not for value, except for certain transfers described in our certificate of incorporation, including, without limitation, transfers for tax and estate planning purposes, so long as the transferring holder of Class B common stock continues to hold exclusive voting and dispositive power with respect to the shares transferred. Once converted into a share of Class A common stock, a converted share of Class B common stock will not be reissued. Following the conversion of all outstanding shares of Class B common stock, no further shares of Class B common stock will be issued. See "*Description of Capital Stock*."

On the effective date of the Conversion, the members of the board of managers of AWH will become the members of the Board of Ascend Wellness Holdings, Inc., with the exceptions described in this prospectus, and the officers of AWH will become the officers of Ascend Wellness Holdings, Inc. Following the Conversion, we will consummate the initial public offering of our Class A common stock.

The following diagram illustrates our corporate structure following the completion of the Conversion and the closing of the offering. See Exhibit 21.1 to the registration statement of which this prospectus is a part for a list of our subsidiaries. All lines represent 100% ownership of outstanding securities of the applicable subsidiary unless otherwise noted. In part, the complexity of our organization structure is due to state licensing requirements that mandate that we maintain the corporate identity of our operating license holders.



(1) In process of transfer to AWH. The Illinois Department of Financial and Professional Regulation is currently reviewing the transfer application.
(2) The Ohio Medical Marijuana Control Program is currently reviewing transfer requests for Hemma, LLC and BCCO, LLC. We have entered into an agreement to acquire Marichron Pharma, LLC, but cannot submit a transfer request until Marichron Pharma, LLC receives a certificate of operation.

Legend for state of incorporation:

In this prospectus, except as otherwise indicated or the context otherwise requires, all information is presented giving effect to the Conversion. The purpose of the Conversion is to reorganize our structure so that the entity that is offering our Class A common stock to the public in this offering is a Delaware corporation rather than a Delaware limited liability company, and so that our existing investors will own our Class A common stock rather than equity interests in a limited liability company.

USE OF PROCEEDS

We estimate that the net proceeds to us from our issuance and sale of shares of Class A common stock in this offering will be approximately $ million, after deducting the underwriting commission and estimated offering expenses payable by us. This estimate assumes an initial public offering price of $ per share, the midpoint of the price range set forth on the cover page of this prospectus. If the underwriters exercise their over-allotment option in full to purchase additional shares from us, we estimate that our net proceeds will be approximately $ million, after deducting the underwriting commission and estimated offering expenses payable by us.

Each $1.00 increase (decrease) in the assumed initial public offering price of $ per share would increase (decrease) our net proceeds by approximately $ million, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same, after deducting the underwriting commission and estimated offering expenses payable by us. Each increase (decrease) of shares in the number of shares offered by us would increase (decrease) the net proceeds from this offering by approximately $ million, assuming the assumed initial public offering price remains the same, after deducting the underwriting commission and estimated offering expenses payable by us. The information discussed above is illustrative only and will adjust based on the actual initial public offering price and other terms of this offering determined at pricing. Any increase or decrease in the net proceeds would not change our intended use of proceeds.

We currently expect to use the balance of net proceeds of this offering to increase our capitalization and financial flexibility**.** We intend to use the net proceeds from this offering to fund the expansion of our cultivation and processing facilities, for future acquisitions, to fund working capital and for general corporate purposes. Specifically, we expect to use (i) approximately $31,000,000 of the proceeds for the pending investment in MedMen NY, Inc., (ii) approximately $7,000,000 to consummate the transactions for our proposed acquisitions of (a) Hemma, LLC and (b) BCCO, LLC, both of which are in Ohio, though we are not certain when or if such transactions will be consummated, or the terms upon which they will ultimately be completed, as each remains subject to regulatory approval in all respects, (iii) approximately $20,000,000 for capital expenditures, and (iv) the remainder for future M&A transactions, general administration, tax liabilities, working capital and general corporate purposes, including additional financing provided to MedMen NY, Inc. prior to closing.

Our objective with respect to the proceeds allocated to capital expenditures is to increase our canopy and annual production capacity, in connection with which we intend to build-out our Lansing, Michigan and Athol, Massachusetts cultivation facilities. Of the approximately $20,000,000 of the proceeds allocated to capital expenditures, approximately $10,000,000 will be used to complete the build-out of the Lansing, Michigan cultivation facility and approximately $10,000,000 will be used to complete the build-out of the Athol, Massachusetts cultivation facility. The build-out of these facilities and the anticipated associated production capacity are intended to be used to feed our owned retail stores in Michigan and Massachusetts as well sell finished goods to other third-party dispensaries. Completion for each facility is expected in the second half of 2021.

Additionally, we may use a portion of the net proceeds to acquire or invest in businesses, products, services or technologies. Pending the use of proceeds from this offering as described above, we may invest the net proceeds that we receive in this offering in short-term, investment grade, interest-bearing instruments.

For the year ended December 31, 2020, we had a net loss of $25.4 million, or $61.7 million after giving effect to the acquisition of each primary business. We may have negative cash flow from operating activities and net losses in future periods as revenue from commercial activities continues to increase. A portion of the proceeds from the offering may be used to fund negative cash flow from operating activities in future periods. See *"Risk Factors – We have a limited operating history and a history of net losses and negative cash flows from operating activities, and we may not achieve or maintain profitability or positive cash flows in the future."*

The expected use of proceeds from this offering represent our intentions based upon our current plans and business conditions. The amounts and timing of our actual expenditures may vary significantly depending on numerous factors and any unforeseen cash needs. As a result, management will retain broad discretion over the

allocation of the net proceeds from this offering. See "*Risk Factors - We may experience risks relating to the closing of acquisitions or investments.*"

DIVIDEND POLICY

Following the Conversion, we do not intend to pay any cash dividends on our capital stock in the foreseeable future. We currently intend to reinvest all future earnings to finance the development and growth of our business and team. Any future determination to pay distributions will be at the discretion of the Board and will depend on the financial condition, business environment, operating results, capital requirements, any contractual restrictions on the payment of distributions and any other factors that the Board deems relevant. Our future ability to pay cash dividends on our capital stock may be limited by any future debt instruments or preferred securities. Accordingly, you may need to sell your Class A common stock to realize a return on your investment and you may not be able to sell your shares at or above the price you paid for them.

CAPITALIZATION

The following table sets forth our cash and cash equivalents and our capitalization as of the dates set forth below:

- AWH and its subsidiaries on an actual basis as of December 31, 2020;
- AWH and its subsidiaries immediately prior to the Conversion on a pro forma basis of December 31, 2020, after giving effect to the Conversion;
- Ascend Wellness Holdings, Inc. and its subsidiaries on a pro forma basis after giving effect to the Conversion; and
- Ascend Wellness Holdings, Inc. and its subsidiaries on a pro forma after giving effect to the Conversion, further adjusted to include the sale of shares of Class A common stock in this offering at an assumed initial public offering price of $ per share (which is the midpoint of the price range set forth on the cover page of this prospectus), after deducting the estimated underwriting discounts and commissions and estimated offering expenses that we expect to pay, the application of the net proceeds from this offering as described under "*Use of Proceeds*".

This table should be read in conjunction with "*Use of Proceeds*", "*Selected Financial Data*", "*Management's Discussion and Analysis of Financial Condition and Results of Operations*", and the consolidated financial statements and notes thereto appearing elsewhere in this prospectus.

DILUTION

Pursuant to the registration statement of which this prospectus is a part, we may offer or sell shares of our Class A common stock. If you invest in our Class A common stock in this offering, your interest in the Company will be immediately diluted to the extent of the difference between the public offering price per share of Class A common stock and the as adjusted net tangible book value per share of our Class A common stock immediately after this offering.

Our pro forma net tangible book value as of , was $ million, or $ per share of Class A common stock. Pro forma net tangible book value per share of Class A common stock is determined by subtracting our total liabilities from the total book value of our tangible assets and dividing the difference by the number of shares of Class A common stock deemed to be outstanding, after giving effect to the Conversion.

Our pro forma as adjusted net tangible book value as of , after giving effect to this offering would have been approximately $ million, or $ per share of Class A common stock. This amount represents an immediate increase in pro forma as adjusted net tangible book value of $ per share of Class A common stock to our existing stockholders and an immediate dilution in pro forma as adjusted net tangible book value of approximately $ per share of Class A common stock to new investors purchasing shares of Class A common stock in this offering. We determine dilution by subtracting the pro forma as adjusted net tangible book value per share of Class A common stock after this offering from the amount of cash that a new investor paid for a share of Class A common stock. The following table illustrates this dilution:

Assumed initial public offering price per share		$ —
Pro forma net tangible book value per share as of before this offering	$ —	
Increase in pro forma as adjusted net tangible book value per share attributable to investors in this offering	$ —	
Pro forma as adjusted net tangible book value per share after this offering		$ —
Dilution in pro forma as adjusted net tangible book value per share to new common stock investors in this offering		$ —

A $1.00 increase (decrease) in the assumed initial public offering price of $ per share of Class A common stock, which is the midpoint of the price range listed on the cover page of this prospectus, would increase (decrease) the pro forma as adjusted net tangible book value per share of Class A common stock after this offering by approximately $, and dilution in pro forma as adjusted net tangible book value per share of Class A common stock to new investors by approximately $, assuming that the number of shares of Class A common stock offered by us, as set forth on the cover page of this prospectus, remains the same and after deducting estimated underwriting discounts and commissions and estimated offering expenses payable by us.

If the underwriters exercise their over-allotment option to purchase additional shares of Class A common stock from us in full, the pro forma as adjusted net tangible book value after the offering would be $ per share of Class A common stock, the increase in pro forma as adjusted net tangible book value per share of Class A common stock to existing stockholders would be $ per share of Class A common stock and the dilution in pro forma as adjusted net tangible book value to new investors would be $ per share of Class A common stock, in each case assuming an initial public offering price of $ per share of Class A common stock, which is the midpoint of the price range listed on the cover page of this prospectus.

The following table summarizes, as of , after giving effect to this offering, the number of shares of Class A common stock purchased from us, the total consideration paid, or to be paid, to us and the average price per share of Class A common stock paid, or to be paid, by existing stockholders and by the new investors. The calculation below is based on an assumed initial public offering price of $ per share of Class A common stock, which is the midpoint of the price range listed on the cover page of this prospectus, before deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us.

	Shares Purchased		Total Consideration		Average Price Per Share
	Number	Percent	Amount	Percent	
Existing stockholders		%		%	
New investors					
Total		%		%	

Each $1.00 increase (decrease) in the assumed initial public offering price of $ per share of Class A common stock would increase (decrease) the total consideration paid by new investors and the total consideration paid by all stockholders by $ million, assuming the number of shares of Class A common stock offered by us remains the same and after deducting estimated underwriting discounts and commissions but before estimated offering expenses.

Except as otherwise indicated, the discussion and the tables above assume no exercise of the underwriters' over-allotment option to purchase additional shares of Class A common stock from us. The number of shares of our Class A common stock outstanding after this offering as shown in the tables above is based on the number of shares of Class A common stock outstanding as of , after giving effect to the Conversion and excludes:

- shares of Class A common stock issuable upon the exercise of warrants outstanding as of , at an exercise price of $2.00 per share of Class A common stock.

To the extent any of the outstanding warrants are exercised, there will be further dilution to new investors. To the extent all of such outstanding warrants had been exercised as of , the pro forma as adjusted net tangible book value per share of Class A common stock after this offering would be $, and total dilution per share to new investors would be $.

If the underwriters exercise their over-allotment option to purchase additional shares of Class A common stock from us in full:

- the percentage of shares of Class A common stock held by the existing stockholders will decrease to approximately % of the total number of shares of our Class A common stock outstanding after this offering; and
- the number of shares held by new investors will increase to , or approximately % of the total number of shares of our Class A common stock outstanding after this offering.

BUSINESS OVERVIEW

We are a vertically integrated multi-state operator focused on adult-use or near-term adult-use cannabis states in limited license markets. Our core business is the cultivation, manufacturing, and distribution of cannabis consumer packaged goods, which we sell through our company-owned retail stores and to third-party licensed retail cannabis stores. We were founded in 2018 and initially pursued cultivation and dispensary licensing opportunities in Massachusetts. In December 2018, we entered the Illinois market with the acquisition of Revolution Cannabis-Barry LLC, an existing cultivation facility. We also acquired HealthCentral, LLC ("**HCI**") and its related entities, which owned two operational medical dispensaries in Illinois. We have since expanded our operational footprint, primarily through acquisitions and now have direct or indirect operations or financial interests in five U.S. geographic markets: Illinois, Massachusetts, Michigan, New Jersey, and Ohio. During 2020, our growth was further fueled by the legalization of adult-use cannabis in the state of Illinois. We also acquired three dispensaries in the Chicago, Illinois area, along with a cultivation site and dispensary location in New Jersey. Additionally, we opened four new dispensaries during 2020 and expanded our cultivation operations.

We believe in bettering lives through cannabis. Our mission is to improve the lives of our employees, patients, customers and the communities we serve through the use of the cannabis plant. We are committed to providing safe, reliable and high-quality products and providing consumers options and education to ensure they are able to identify and obtain the products that fit their personal needs. As of March 26, 2021, we have direct or indirect operations or financial interests in five U.S. markets and employ approximately 1,000 people.

We are committed to being vertically integrated in every state we operate in, which entails controlling the entire supply chain from seed to sale. We are currently vertically integrated in two out of the five states in which we operate with expansion plans underway to achieve vertical integration in all five states. While we have been successful in opening facilities and dispensaries, we expect continued growth to be driven by opening new operational facilities and dispensaries under our current licenses, expansion of our current facilities, and increased consumer demand.

Our consumer products portfolio is generated primarily from plant material that we grow and process ourselves. We produce our consumer packaged goods in five manufacturing facilities with 74,000 square feet of current operational canopy and total current capacity of 38,000 pounds annually. We are undergoing expansions to 285,000 square feet of cumulative canopy, which is estimated to have a total production capacity of 142,000 pounds annually post build-out. As of March 26, 2021, our product portfolio consists of 102 stock keeping units ("**SKUs**"), across a range of cannabis product categories, including flower, pre-rolls, concentrates, vapes, edibles, and other cannabis-related products. As of March 26, 2021, we have 13 open and operating retail locations, which we anticipate will expand to 20 locations open and operating by the end of calendar year 2021. Our new store opening plans are flexible and will ultimately depend on market conditions, local licensing, construction, and other regulatory permissions. All of our expansion plans are subject to capital allocations decisions, the evolving regulatory environment, and the COVID-19 pandemic.

Revenue

Revenue in 2020 was $143,732, compared to $12,032 in 2019, representing an increase of $131,700, primarily driven by growth from our existing businesses as well as new site openings and acquisitions. Revenue at our existing dispensaries increased by $71,298, primarily due to the approval of adult recreational use in Illinois in January 2020. We opened four new dispensaries during 2020 which contributed $5,912 of revenue during the year, and the acquisition of four dispensaries contributed additional $15,445 of the total growth. Increased production and sales from our existing cultivation and manufacturing sites contributed $38,929 to our revenue growth, primarily driven by a full year of sales at our Illinois facility, as compared to one quarter during 2019, and the commencement of cultivation and production at our Massachusetts and Michigan facilities during 2020. By the end of 2020, we had 87 SKUs for our cultivation products, compared to 33 at the end of 2019.

Cost of Goods Sold and Gross Profit

Cost of goods sold in 2020 was $82,818, compared to $8,744 in 2019, representing an increase of $74,074. Cost of goods sold represent direct and indirect expenses attributable to the production of wholesale products as well as direct expenses incurred in purchasing products from other wholesalers. The increase in cost of goods sold in 2020 was driven by expansion of our operations, including $8,096 of incremental costs from acquisitions. Gross profit for 2020 was $60,914, representing a gross margin of 42.4%, compared to gross profit of $3,288 and gross margin of 27.3% in 2019. The increase in gross margin was primarily driven by an increase in scale as well as efficiency improvements at our Illinois cultivation facility relative to its operations in 2019.

General and Administrative Expenses

General and administrative expenses were $53,067 in 2020, compared to $29,409 in 2019, representing an increase of $23,658 or 80%. The increase was primarily related to:

- a $7,873 increase in rent and utilities, driven by eight new operating leases that we entered into during 2020 and an increase in related utilities expenses to support the expansion of our operations;
- a $7,155 increase in compensation expense resulting from an increase in headcount from approximately 270 at the end of 2019 to approximately 900 by the end of 2020 to support our expanded operations;
- a $4,336 increase in depreciation and amortization expense due to $4,530 of amortization related to in-place leases that were acquired during 2019, and $583 of incremental amortization from licenses acquired during 2020.
- a $2,633 increase in professional services, driven by an increase in consulting, accounting, and tax services;
- an increase of $709 related to insurance expenses;
- a $545 increase in marketing expenses associated with new dispensary openings; and
- a $286 loss related to the sale of one of our capital assets during 2020.

Certain general and administrative expenses, primarily rent and utilities and amortization of in-place leases, were incurred in 2020 ahead of new store openings, particularly in Michigan. As such, expenses incurred exceeded revenue at certain locations; however, the Company does not anticipate recurring losses at these locations in the future as the business begins to operate at scale. The Company did not identify indicators of potential impairment of intangible assets or goodwill during 2020 or 2019.

Interest Expense

Interest expense was $12,993 in 2020, compared to $6,477 in 2019, an increase of $6,516, due to an increase in the principal amount of Company debt outstanding during 2020. During 2020, the Company had an average outstanding debt balance of $107,791 with a weighted-average interest rate of 10.8%, compared to an average debt balance of $45,643 during 2019 with a weighted-average interest rate of 12.2%.

Income Tax Expense

Income tax expense is recognized based on the expected tax payable on the taxable income for the year, using tax rates enacted at year-end. In 2020, income tax expense was $18,702, compared to income tax expense of $667 in 2019. The increase was primarily attributable to the increase in gross profit during 2020, resulting in an increase in state taxes due to expansion of operations during 2020 compared to 2019, particularly within Illinois and Michigan. The increase in income tax expense was also driven by non-deductible expenses due to the limitations of Internal Revenue Code (“IRC”) Section 280E, which prohibits businesses engaged in the trafficking of Schedule I or Schedule II controlled substances from deducting ordinary and necessary business expenses from gross profit. Cannabis businesses operating in states that align their tax codes with IRC Section 280E are also unable to deduct ordinary and necessary business expenses for state tax purposes. Ordinary and necessary business expenses deemed non-deductible under IRC Section 280E are treated as permanent book-to-tax differences. Therefore, the effective tax rate can be highly variable and may not necessarily correlate with pre-tax income or loss.

Effective January 1, 2020, AWH elected to be treated as a C-Corporation for Federal income tax purposes. AWH did not recognize any deferred taxes as a result of this change, as AWH did not have any temporary book-to-tax differences prior to this election, largely due to the limitations of IRC Section 280E.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“**CARES Act**”) was enacted in response to the COVID-19 pandemic. Among other provisions, the CARES Act allows net operating loss carryforwards incurred in 2018, 2019, and 2020 to be carried back to each of the five preceding taxable years to generate a refund of previously paid income taxes. The Company is currently evaluating the impact of the CARES

Act, but at present does not expect it to have a material impact on its provision due to the limitations of IRC Section 280E.

NON-GAAP FINANCIAL MEASURES

We define "**Adjusted Gross Profit**" as gross profit excluding non-cash inventory costs. We define "**Adjusted Gross Margin**" as Adjusted Gross Profit as a percentage of net revenue. Our "**Adjusted EBITDA**" is a non-GAAP measure used by management that is not defined by U.S. GAAP and may not be comparable to similar measures presented by other companies. We define "**Adjusted EBITDA Margin**" as Adjusted EBITDA as a percentage of net revenue. Management calculates Adjusted EBITDA as the reported net loss, adjusted to exclude: income tax expense; other (income) expense; interest expense, depreciation and amortization; depreciation and amortization included in cost of goods sold; loss on sale of assets; non-cash inventory adjustments; equity based compensation; start-up costs; and transaction-related and other legal expenses. Accordingly, management believes that Adjusted EBITDA provides meaningful and useful financial information, as this measure demonstrates the operating performance of the business. Non-GAAP financial measures may be considered in addition to the results prepared in accordance with U.S. GAAP, but they should not be considered a substitute for, or superior to, U.S. GAAP results.

Such expenses include: rent and utilities of $5,538 and $3,231 during 2020 and 2019, respectively; compensation and related expenses of $664 and $2,420 during 2020 and 2019, respectively; one-time costs associated with acquiring real estate or obtaining licenses and permits totaling $296 and $2,553 during 2020 and 2019, respectively; and other expenses, largely consisting of professional services expenses, totaling $1,599 and $1,892 during 2020 and 2019, respectively.

(2) In addition to other legal expenses incurred for potential future business development and expansion, this amount includes acquisition-related costs for MOCA LLC, Greenleaf Compassion Center, and Chicago Alternative Health Center, LLC totaling $526 during 2020 and legal and professional fees associated with the Company's potential go-public transaction totaling $688 during 2020.

LIQUIDITY AND CAPITAL RESOURCES

We are an emerging growth company and our primary sources of liquidity are operating cash flows, borrowings through the issuances of notes payable, and funds raised through the issuance of equity securities. We are generating cash from sales and deploying our capital reserves to acquire and develop assets capable of producing additional revenue and earnings over both the immediate and long term. Capital reserves are being utilized for acquisitions in the medical and adult use cannabis markets, for capital expenditures and improvements in existing facilities, product development and marketing, as well as customer, supplier, and investor and industry relations.

Financing History and Future Capital Requirements

To date, we have used private financing as a source of liquidity for short-term working capital needs and general corporate purposes. During 2018, we raised $28,675 through the issuance of notes payable and $14,651 through the issuance of membership units to fund the commencement of our operations. During 2019, we raised $64,742 through the issuance of notes payable and $38,481 through the issuance of membership units to help finance our expanded operations and provide funds for investments in our capital assets and acquisitions. During 2020, we raised an additional $101,886 through the issuance of notes payable to further finance our expanded operations. During 2021, we raised $49,500 through the issuance of notes payable to further finance our expanded operations and acquisitions.

Our future ability to fund operations, to make planned capital expenditures, to acquire other entities or investments, to make scheduled debt payments, and to repay or refinance indebtedness depends on our future operating performance, cash flows, and ability to obtain equity or debt financing, which are subject to prevailing economic conditions, as well as financial, business, and other factors, some of which are beyond our control.

As reflected in the Annual Financial Statements, the Company had an accumulated deficit as of December 31, 2020 and 2019, as well as a net loss and negative cash flows from operating activities for the reporting periods then-ended. Management believes that substantial doubt of our ability to continue as a going concern for at least one year from the issuance of our Annual Financial Statements has been alleviated due to: (i) capital raised subsequent to December 31, 2020 and (ii) continued sales growth from our consolidated operations. Management plans to continue to access capital markets for additional funding through debt and/or equity financings to supplement future cash needs, as may be required. However, management cannot provide any assurances that the Company will be successful in accomplishing its business plans. If we are unable to raise additional capital on favorable terms, if at all, whenever necessary, we may be forced to decelerate or curtail certain of its operations until such time as additional capital becomes available.

As of December 31, 2020 and 2019, the Company had total current liabilities of $115,285 and $16,046, respectively, and total current assets of $134,547 and $57,376, respectively, which includes cash and cash equivalents of $56,547 and $10,555, respectively, to meet its current obligations. As of December 31, 2020, the Company had working capital of $19,262, compared to $41,330 as of December 31, 2019.

Approximately 95% and 94% of the Company's cash and cash equivalents balance as of December 31, 2020 and 2019, respectively, is on deposit with banks, credit unions, or other financial institutions. We have not experienced any material impacts related to banking restrictions applicable to cannabis businesses (see "*Risk Factors – Cannabis businesses are subject to applicable anti-money laundering laws and regulations and have restricted access to banking and other financial services*"). Our cash and cash equivalents balance is not restricted for use by variable interest entities.

Cash Flows

(in thousands)	Year Ended December 31, 2020	2019
Net cash used in operating activities	$ (6,004)	$ (40,929)
Net cash used in investing activities	(30,872)	(65,551)
Net cash provided by financing activities	82,168	111,062

Operating Activities

Net cash used in operating activities decreased by $34,925 during 2020, as compared to 2019. The decrease was primarily driven by: the year-over-year decrease in our net loss and increases in non-cash income and expense items impacting net loss, as well as a decrease in net investments in working capital, including inventory partially offset by the timing of accounts receivable and income taxes payable.

Investing Activities

Net cash used in investing activities decreased by $34,679 during 2020, as compared to 2019. The decrease primarily resulted from lower purchases of intangible assets, lower cash investments in capital assets, and an increase in proceeds from the sale of assets, partially offset by an increase in cash paid in business acquisitions.

Financing Activities

Net cash provided by financing activities decreased by $28,894 during 2020, as compared to 2019. The decrease was primarily driven by lower proceeds from the issuance of membership units, lower proceeds from sale-leaseback transactions, and an increase in repayments of debt, partially offset by higher proceeds from the issuance of debt.

(2) Consists of amounts owed for acquisitions or other purchases. Certain cash payments include an interest accretion component.
(3) Reflects our contractual obligations to make future payments under non-cancelable operating leases that did not meet the criteria to qualify for sale-leaseback treatment.
(4) Reflects our contractual obligations to make future payments under non-cancelable operating leases.

Other Commitments

In December 2020, the Company submitted a state application to acquire BCCO, LLC, a medical dispensary license holder in Ohio for cash consideration of approximately $3,500, subject to certain adjustments at closing. The Company may settle the outstanding balances due under a note receivable and a working capital loan as part of the purchase price at closing. The Company expects to enter into a definitive purchase agreement following the state approval of the license transfer. Though precise timing is difficult to estimate given the uncertainties around receipt of the requisite regulatory approvals, if the proposed transaction is completed during 2021, the Company has adequate cash on hand to consummate the proposed transaction and anticipates allocating certain of the proceeds from the offering to this transaction, as indicated in "*Use of Proceeds.*"

In December 2020, the Company submitted a state application to acquire Hemma, LLC, the owner of a medical cultivation site in Ohio, for cash consideration of approximately $9,570, subject to certain adjustments at closing. The Company may settle the outstanding balances due under a note receivable and a working capital loan as part of the purchase price at closing. The Company expects to enter into a definitive purchase agreement following the state approval of the license transfer. Though precise timing is difficult to estimate given the uncertainties around receipt of the requisite regulatory approvals, if the proposed transaction is completed during 2021, the Company has adequate cash on hand to consummate the proposed transaction and anticipates allocating certain of the proceeds from the offering to this transaction, as indicated in "*Use of Proceeds.*"

Capital Expenditures

We anticipate cash capital expenditures, net of tenant improvement allowances, of approximately $90,000 during 2021. This includes new projects we expect to initiate in 2021, as well as payments related to projects that began in 2020. During 2021, we anticipate completing the build-outs of the greenhouse at our Barry, Illinois cultivation facility and the cultivation and processing facility in Lansing, Michigan. We also anticipate completing the phase 2 expansion at our Athol, Massachusetts cultivation facility, as well as the expansion of our Franklin, New Jersey cultivation and processing facility. Spending at our cultivation and processing facilities includes both construction and the purchase of capital equipment such as extraction equipment, Heating, ventilation, and air conditioning (HVAC) equipment, manufacturing equipment and general maintenance capital expenditures. Additionally, we expect to complete the build-outs of 9 total dispensaries across Illinois, Massachusetts, New Jersey, and Michigan that are expected to open in 2021. In addition, dispensary-related capital expenditures include anticipated costs to rebrand all dispensaries to the Ascend retail brand and general maintenance of our retail locations.

As of December 31, 2020, our construction in progress ("**CIP**") balance was $25,139 and relates to capital spending of assets that were not yet complete. This balance includes approximately $15,000 related to the Lansing, Michigan cultivation and processing facility. Production operations at this location are expected to begin during the first quarter of 2021 and cultivation activities are expected to commence during the second quarter of 2021. Approximately $4,000 of the CIP balance relates to the construction of a greenhouse at our Barry, Illinois cultivation facility, which is expected to be completed in the second or third quarter of 2021. The remaining balance of approximately $6,000 relates to the 9 licensed dispensaries that were not yet open as of December 31, 2020.

Off-Balance Sheet Arrangements

As of the date of this MD&A, we do not have any off-balance-sheet arrangements, as defined by applicable regulations of the Securities and Exchange Commission, that have, or are reasonably likely to have, a current or future effect on the results of our operations or financial condition, including, and without limitation, such considerations as liquidity and capital resources.

Related Party Transactions

AWH has a management services agreement ("**MSA**") with AGP Partners, LLC ("**AGP**") under which AGP provides management services to AWH in connection with the monitoring and oversight of AWH's financial and business functions. The founder of AGP is the Chief Executive Officer and founder of AWH. Pursuant to the MSA, AWH pays AGP a quarterly fee of $100. As of December 31, 2020 and 2019, $100 and $200, respectively, of these fees are included in "Accounts payable and other accrued expenses" on the Consolidated Balance Sheets. We recognized expenses of $400 during each of 2020 and 2019, respectively, that are included in "General and administrative expenses" on the Consolidated Statements of Operations. AGP is entitled to receive $2,000 upon the termination of the MSA in the event of an initial public offering or a change of control. This payout is contingent upon the beneficial owners of AGP who serve as officers of the Company entering into lock-up agreements that extend for 180 days following such event. Pursuant to the MSA, each such lock-up agreement shall contain a provision whereby AWH's Board of Managers may waive, in whole or in part, such extended lock-up thereto if AWH's Board of Managers determines, in its sole discretion and in accordance with AWH's governing documents and applicable law, that such waiver will not have an adverse effect on AWH and its equity holders, business, financial condition and prospects.

Additionally, $1,000 of the Company's convertible notes are with related party entities that are managed by one of the founders of the Company.

In December 2020, one of the founders of AWH assigned his interest in Ascend Michigan to AWH. Following the assignment, AWH retains a 99.9% ownership interest in Ascend Michigan. Please see the description of the transaction below for additional information.

Other Matters

As of December 31, 2020, there are 45,602 of Real Estate Preferred Units outstanding, 28,505 of Series Seed Preferred Units outstanding, and 41,964 of Series Seed+ Preferred Units outstanding (collectively, the "**Preferred Units**"), in addition to 96,094 common units. The Preferred Units are convertible at the option of the Holder into common units on a one-for-one basis. In addition, if a go-public transaction were to occur, then each common unit, Series Seed Preferred Unit, and Series Seed+ Preferred Unit would convert on a one-for-one basis. Each Real Estate Preferred Unit would convert at a rate of (i) one (ii) plus (A) the original purchase price of such Real Estate Preferred Unit multiplied by 1.5, divided by (B) the price at which the securities are sold to the public. This conversion feature for the Real Estate Preferred Units is considered a contingent beneficial conversion feature that would only be recognized if the event occurs, and is quantifiable only at the date of such event. We anticipate this contingent beneficial conversion feature may result in a charge of approximately $27,400 that could adversely impact our operating results upon the conversion.

As of December 31, 2020, there are 19,887 of restricted common units issued, of which 5,252 are vested. The Company recognized $313 as compensation expense in connection with these units during 2020, which is included in “General and administrative expenses” on the Consolidated Statement of Operations in the Annual Financial Statements. As of December 31, 2020, total unrecognized compensation cost related to incentive units was $1,802, which is expected to be recognized over the weighted-average remaining vesting period of 1.4 years. Approximately 8,960 of the unvested restricted common units have an acceleration clause upon a go-public transaction. The accelerated vesting provisions could result in additional compensation charges up to $1,084, related to these awards.

In December 2020, the sole member of FPAW Michigan 2, Inc. (“**Ascend Michigan**”) assigned his interests to AWH, thereby making AWH the majority member, retaining 99.9% of the membership interests in Ascend Michigan. The previous member is a founder of the Company and has a significant equity interest in the Company. Ascend Michigan was previously accounted for as a variable interest entity (“**VIE**”) because the Company possessed the power to direct the significant activities of the VIE and had the obligation to absorb losses or the right to receive benefits from the VIE. Subsequent to the assignment of the member interests, Ascend Michigan is considered a wholly owned subsidiary. The assignment had no significant impact on the Company’s results, as Ascend Michigan was previously consolidated as a VIE and will continue to be consolidated as a subsidiary. No impairment of assets or impact on results of operations occurred with the transfer of member interests.

Subsequent Transactions

Investments

On February 25, 2021, we entered into a definitive investment agreement (the “**Investment Agreement**”) with MedMen Enterprises Inc. (“**MedMen**”), under which we will, subject to regulatory approval, complete an investment (the “**Investment**”) of approximately $73,000 in MedMen NY, Inc. (“**MMNY**”), a licensed medical cannabis operator in New York. In connection with the Investment, and subject to regulatory approval, MMNY will engage our services pursuant to a management agreement (the “**Management Agreement**”) under which we will advise on MMNY’s operations pending regulatory approval of the Investment transaction.

Under the terms of the Investment, at closing, MMNY will assume approximately $73,000 of MedMen’s existing secured debt, AWH will invest $35,000 in cash in MMNY, and AWH New York, LLC will issue a senior secured promissory note in favor of MMNY’s senior secured lender in the principal amount of $28,000, guaranteed by AWH, which cash investment and note will be used to reduce the amounts owed to MMNY’s senior secured lender. Following its investment, AWH will hold a controlling interest in MMNY equal to approximately 86.7% of the equity in MMNY, and be provided with an option to acquire MedMen’s remaining interest in MMNY in the future. AWH must also make an additional investment of $10,000 in exchange for additional equity in MMNY, which investment will also be used to repay MMNY’s senior secured lender if adult-use cannabis sales commence in MMNY’s dispensaries.

The transactions contemplated by the Investment Agreement are subject to customary closing conditions, including approval from the New York State Department of Health and other applicable regulatory bodies.

The audited financial statements of MMNY for the years ended December 31, 2020 and 2019, management’s discussion and analysis of financial condition and results of operations of MMNY for the years ended December 31, 2020 and 2019, and the unaudited consolidated statement of operations of AWH giving effect to the acquisition of MOCA, the acquisition of Midway, and the investment in MMNY are attached as Exhibits 99.5, 99.6, and 99.7, respectively, to the registration statement of which this prospectus forms a part. Such financial statements were prepared to satisfy requirements of the Canadian securities regulatory authorities in connection with our concurrent Canadian public offering. Those financial statements were prepared in accordance with U.S. GAAP and audited in accordance with International Standards on Auditing; and are provided solely for the purposes of the Canadian securities regulatory authorities and not with respect to any SEC regulation or the Securities Act.

Leases

Subsequent to December 31, 2020, new operating leases with ROU assets and related lease liabilities of approximately $7,400 have commenced.

Notes Payable

In January 2021, the Company entered into a convertible note purchase agreement (the "**2021 AWH Convertible Promissory Notes**"). The Company issued $49,500 of 2021 AWH Convertible Promissory Notes through the date of this report. Each note matures two years from its issue date and can either be paid in full at maturity or converted into common units. Each note bears interest at 8% for the first twelve months, 10% for months thirteen through fifteen, and 13% thereafter through maturity. Interest is paid-in-kind and added to the outstanding balance of the note, to be paid at maturity or upon conversion.

These notes are convertible into common units of the Company on occurrence of certain events, such as a change of control or an initial public offering ("**IPO**") (which events had not occurred as of the date of the Annual Financial Statements). Upon the occurrence of an IPO, each note, including interest thereon less applicable withholding taxes, will automatically convert into equity securities issued in connection with the IPO, with the number of securities issued on the basis of a price equal to the lesser of: (a)(i) a 20% discount to the issue price if an IPO occurs on or before 12 months from each note issuance; (ii) a 25% discount to the issue price if an IPO occurs after 12 months of each note issuance, but before maturity; and (b) the conversion price then in effect based on a defined pre-money valuation of the Company. If the Company does not consummate an IPO prior to the maturity date, at maturity the holder may elect the outstanding principal amount and accrued and unpaid interest to be paid in full in cash or convert into common units at a price of $3.00 per unit, subject to adjustments for splits, dividends or other similar recapitalization events.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of consolidated financial statements in accordance with GAAP requires our management to make certain estimates that affect the reported amounts. The Company's significant accounting policies are described in Note 2, "*Basis of Presentation and Significant Accounting Policies*," in the Annual Financial Statements. The Company bases estimates on historical experience, known or expected trends, independent valuations, and various other assumptions that the Company believes to be reasonable under the circumstances. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates. The Company believes the following critical accounting policies govern the more significant judgments and estimates used in the preparation of the Annual Financial Statements.

Estimated Useful Lives and Amortization of Intangible Assets

Amortization of intangible assets is recorded on a straight-line basis over their estimated useful lives, which do not exceed the contractual period, if any. Intangible assets that have indefinite useful lives are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they may be impaired.

Business Combinations

Classification of an acquisition as a business combination or an asset acquisition depends on whether the assets acquired constitute a business, which can be a complex judgment. Whether an acquisition is classified as a business combination or asset acquisition can have a significant impact on the entries made on and after acquisition.

In determining the fair value of all identifiable assets and liabilities acquired, the most significant estimates relate to intangible assets. For any intangible asset identified, depending on the type of intangible asset and the complexity of determining its fair value, an independent valuation expert or management may develop the fair value,

using appropriate valuation techniques, which are generally based on a forecast of the total expected future net cash flows.

Cannabis licenses are the primary intangible asset acquired in business combinations, as they provide us the ability to operate in each market. The key assumptions used in calculating the fair value of these intangible assets are cash flow projections that include discount rates and terminal growth rates. In calculating the fair value of the cannabis licenses acquired during 2020 and 2019, management selected discount rates ranging from 13% to 21%. The terminal growth rate represents the rate at which these businesses will continue to grow into perpetuity. Management selected a terminal growth rate of 3%. Other significant assumptions include revenue, gross profit, operating expenses and anticipated capital expenditures which are based upon the Company's historical operations along with management projections.

The evaluations are linked closely to the assumptions made by management regarding the future performance of these assets.

Inventories

The net realizable value of inventories represents the estimated selling price for inventories in the ordinary course of business, less all estimated costs of completion and costs necessary to make the sale. The determination of net realizable value requires significant judgment, including consideration of factors such as shrinkage, the aging of and future demand for inventory, expected future selling price we expect to realize by selling the inventory, and the contractual arrangements with customers. Reserves for excess and obsolete inventory are based upon quantities on hand, projected volumes from demand forecasts and net realizable value. The estimates are judgmental in nature and are made at a point in time, using available information, expected business plans and expected market conditions. As a result, the actual amount received on sale could differ from the estimated value of inventory. Periodic reviews are performed on the inventory balance. The impact of changes in inventory reserves is reflected as cost of goods sold.

Goodwill Impairment

Goodwill is tested for impairment annually and whenever events or changes in circumstances indicate that the carrying amount of goodwill has been impaired. In order to determine if the value of goodwill has been impaired, the reporting unit to which goodwill has been assigned or allocated must be valued using present value techniques. When applying this valuation technique, we rely on a number of factors, including historical results, business plans, forecasts and market data. Changes in the conditions for these judgments and estimates can significantly affect the assessed value of goodwill.

In performing our annual goodwill impairment analysis we concluded that the implied fair value of our reporting units was substantially in excess of its carrying value and that no further evaluation of impairment was necessary. A 10% decrease in the estimated fair value of our reporting unit would not have resulted in a different conclusion.

Leases

For leases other than short-term leases (those with an initial term of twelve months or less), we recognize right-of-use ("**ROU**") assets and lease liabilities on the Consolidated Balance Sheet. Operating lease liabilities are initially recognized based on the net present value of the fixed portion of our lease payments from lease commencement through the lease term. To calculate the net present value, we apply an incremental borrowing rate that is estimated as the rate of interest we would pay to borrow an amount equal to the lease payments on a collateralized basis over a similar term. We use quoted interest rates as an input to derive our incremental borrowing rate as the discount rate for the lease. We recognize ROU assets based on operating lease liabilities reduced by lease incentives, including tenant improvement allowances. We test ROU assets for impairment in the same manner as long-lived assets.

Consolidation

Judgment is applied in assessing whether we exercise control and have significant influence over entities in which we directly or indirectly own an interest. We have control when we have the power over the subsidiary, have exposure or rights to variable returns and have the ability to use our power to affect the returns. Significant influence is defined as the power to participate in the financial and operating decisions of the subsidiaries. Where we are determined to have control, these entities are consolidated. Additionally, judgment is applied in determining the effective date on which control was obtained.

Recently Adopted Accounting Standards and Recently Issued Accounting Pronouncements

For information about our recently adopted accounting standards and recently issued accounting standards not yet adopted, see Note 2, "Basis of Presentation and Significant Accounting Policies," of the Annual Financial Statements.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed in varying degrees to a variety of financial instrument related risks. We mitigate these risks by assessing, monitoring and approving our risk management processes.

Credit Risk

Credit risk is the risk of a potential loss to us if a customer or third party to a financial instrument fails to meet its contractual obligations. The maximum credit exposure at December 31, 2020 is the carrying amount of cash and cash equivalents. We do not have significant credit risk with respect to our customers. All cash and cash equivalents are placed with major U.S. financial institutions.

We provide credit to our customers in the normal course of business. We have established credit evaluation and monitoring processes to mitigate credit risk but have limited risk as the majority of our sales are transacted with cash.

Liquidity Risk

Liquidity risk is the risk that we will not be able to meet our financial obligations associated with financial liabilities. We manage liquidity risk through the effective management of our capital structure. Our approach to managing liquidity is to ensure that we will have sufficient liquidity at all times to settle obligations and liabilities when due.

As reflected in the Annual Financial Statements, we had an accumulated deficit as of December 31, 2020 and 2019, as well as a net loss and negative cash flows from operating activities for the reporting periods then-ended. Management believes that substantial doubt of our ability to continue as a going concern for at least one year from the issuance of our Annual Financial Statements has been alleviated due to: (i) capital raised subsequent to December 31, 2020 and (ii) continued sales growth from our consolidated operations. Management plans to continue to access capital markets for additional funding through debt and/or equity financings to supplement future cash needs, as may be required. However, management cannot provide any assurances that we will be successful in accomplishing our business plans. If we are unable to raise additional capital on favorable terms, if at all, whenever necessary, we may be forced to decelerate or curtail certain of our operations until such time as additional capital becomes available.

Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, raw materials, and other commodity prices. Strategic and operational risks may arise if we fail to carry out business operations and/or raise sufficient equity and/or debt financing. Strategic opportunities or threats may arise from a

range of factors that might include changing economic and political circumstances and regulatory approvals and competitor actions. We seek to mitigate such risks by consideration of potential development opportunities and challenges.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Cash and cash equivalents bear interest at market rates. Our financial debts have fixed rates of interest and therefore expose us to a limited interest rate fair value risk.

Commodities Price Risk

Price risk is the risk of variability in fair value due to movements in equity or market prices. The primary raw materials used by us aside from those cultivated internally are labels and packaging. Management believes a hypothetical 10% change in the price of these materials would not have a significant effect on our consolidated annual results of operations or cash flows, as these costs are generally passed through to our customers. However, such an increase could have an impact on our customers' demand for our products, and we are not able to quantify the impact of such potential change in demand on our annual results of operations or cash flows.

COVID-19 Risk

We are monitoring COVID-19 closely, and although our operations have not been materially affected by the COVID-19 outbreak to date, the ultimate severity of the outbreak and its impact on the economic environment is uncertain. Our operations are ongoing as the cultivation, processing and sale of cannabis products is currently considered an essential business by the states in which we operate with respect to all customers (except for Massachusetts, where cannabis has been deemed essential only for medical patients). In all locations where regulations have been enabled by governmental authorities, we have expanded consumer delivery options and curbside pickup to help protect the health and safety of our employees and customers. The pandemic has not materially impacted our business operations or liquidity position to date. We continue to generate operating cash flows to meet our short-term liquidity needs. The uncertain nature of the spread of COVID-19 may impact our business operations for reasons including the potential quarantine of our employees or those of our supply chain partners or a change in our designation as “essential” in states where we do business that currently or in the future impose restrictions on business operations.

BUSINESS

Overview

AWH is a vertically integrated multi-state operator focused on adult-use or near-term adult-use cannabis states in limited license markets. Our core business is the cultivation, manufacturing and distribution of cannabis consumer packaged goods, which we sell through our company-owned retail stores and to third-party licensed retail cannabis stores. We were founded in 2018 and initially pursued cultivation and dispensary licensing opportunities in Massachusetts. In December 2018, we entered the Illinois market with the acquisition of an existing cultivation facility through the acquisition of Revolution Cannabis-Barry LLC. We also acquired HCI and its related entities, which owned two operational medical dispensaries in Illinois. We have since expanded our operational footprint, primarily through acquisitions, and now have direct or indirect operations or financial interests in five U.S. geographic markets: Illinois, Massachusetts, Michigan, New Jersey, and Ohio.

We believe in bettering lives through cannabis. Our mission is to improve the lives of our employees, patients, customers and the communities we serve through the use of the cannabis plant. We are committed to providing safe, reliable and high-quality products and providing consumers options and education to ensure they are able to identify and obtain the products that fit their personal needs. As of March 26, 2021, we have direct or indirect operations or financial interests in five U.S. geographic markets and employ approximately 1,000 people.

Currently, approximately one third of our portfolio of cultivation and dispensary assets are generating revenue and we expect the remainder of these assets to begin generating revenue over the course of the 2021 calendar year. Our core business is the cultivation, manufacturing and distribution of cannabis consumer packaged goods, which we sell through our company-owned retail stores and to third-party licensed retail cannabis stores. We are committed to being vertically integrated in every state we operate in, which entails controlling the entire supply chain from seed to sale. We are currently vertically integrated in two out of our five states with expansion plans underway to achieve vertical integration in all five states. While we have been successful in opening facilities and dispensaries, we expect continued growth to be driven by opening new operational facilities and dispensaries under our current licenses, expansion of our current facilities and increased consumer demand.

Our consumer products portfolio is generated primarily from plant material that we grow and process ourselves. We produce our consumer-packaged goods in five manufacturing facilities with 74,000 square feet of current cumulative canopy and total current capacity of 38,000 pounds annually. We are undergoing expansions at our Barry, Illinois, Lansing, Michigan and Athol, Massachusetts cultivation facilities which are expected to be completed in 2021 and we expect to build facilities in Monroe, Ohio and New Jersey in 2022. The expansions are expected to add approximately 58,000, 28,000, 37,000, 35,000 and 56,000 square feet of canopy, respectively, or a total of approximately 285,000 square feet of cumulative canopy, which is estimated to have a total production capacity of 142,000 pounds annually post build-out, assuming production and yields are in line with the performance of our current operating canopy. Our product portfolio currently consists of 102 SKUs, across a range of cannabis product categories, including flower, pre-rolls, concentrates, vapes, edibles and other cannabis-related products. As of March 26, 2021, we have 13 open and operating retail locations, which we anticipate will expand to 20 locations open and operating by the end of calendar year 2021. Our new store opening plans are flexible and will ultimately depend on market conditions, local licensing, construction, and other regulatory permissions. All of our expansion plans are subject to capital allocation decisions, the evolving regulatory environment and the COVID-19 pandemic. See "*Cautionary Note Regarding Forward-Looking Statements.*"

The following organizational chart describes our organizational structure as of March 26, 2021. See Exhibit 21.1 to the registration statement of which this prospectus is a part for a list of our subsidiaries. All lines represent 100% ownership of outstanding securities of the applicable subsidiary unless otherwise noted. In part, the

complexity of our organization structure is due to state licensing requirements that mandate that we maintain the corporate identity of our operating license holders.

Operations Summary

The following is an overview of our assets by state that are currently operational, as well as our expected asset base once fully built out:

Illinois

We have an indoor cultivation and manufacturing facility in Barry, Illinois and six open dispensaries, including our pending acquisition of Chicago Alternative Health Center LLC and Chicago Alternative Health Center Holdings LLC (collectively, "**Midway Dispensary**").

Our Barry cultivation and manufacturing facility is a 75,000 square foot building with 55,000 square feet of double-stacked indoor canopy that has an annual production capacity of 28,000 pounds, an increase from 12,000 pounds annual production capacity in December 2019. We currently utilize both ethanol- and butane-based extraction on site. We are also currently building out an additional 110,000 square foot headhouse and greenhouse on the Barry site with 58,000 square feet of canopy. This build-out is funded through a sale lease-back transaction with Innovative Industrial Properties and is expected to add an additional 26,000 pounds of production capacity for total canopy of 114,000 square foot and annual capacity of 54,000 pounds at completion.

We have three open dispensaries in Chicago with two located in each of the Logan Square and River North neighborhoods and one located next to Chicago's Midway Airport. We also have two dispensaries in Springfield and two in the St. Louis area, one of which recently opened. We also have a secondary site license for one additional dispensary in Chicago Ridge, a suburb of Chicago. The Fairview Heights location near St. Louis opened in March 2021 and the Chicago Ridge location is anticipated to open in April 2021. Both of our dispensaries in the St. Louis area are located in retail corridors along major highways. Illinois rules and regulations impose a 10-dispensary cap on any one operator. Given our scale in Illinois, we view the acquisition of additional dispensaries in Illinois as a lower-risk, higher-return opportunity to move up from our current portfolio of eight dispensaries to ten dispensaries over time.

Massachusetts

We have an operational indoor cultivation and manufacturing facility in Athol, Massachusetts and three dispensaries fully permitted and currently under development.

Our Athol cultivation and manufacturing facility is a 360,000 square foot building with 17,000 square feet of double-stacked indoor canopy that has an annual production capacity of 9,000 pounds. We are also currently building out a 90,000 square foot Phase II expansion with 37,000 square feet of indoor single-stacked canopy. This expansion is also funded through a sale lease-back transaction with Innovative Industrial Properties and will add an additional 19,000 pounds of production capacity for total canopy of 54,000 square feet and annual capacity of 28,000 pounds at completion. We expect to add both ethanol and butane-based extraction capabilities in calendar year 2021.

Our dispensaries are located in downtown Boston, Newton and New Bedford, with all three dispensaries anticipated to open in 2021. The downtown Boston dispensary is located in the heart of downtown Boston on Friend Street, one block from TD Garden and North Station and approximately 0.5 miles from Faneuil Hall.

New Jersey

Our New Jersey license grants the right to operate a cultivation and processing facility and up to three medical dispensaries in New Jersey. Our operations are vertically integrated in New Jersey. We currently operate a medical dispensary in Montclair and an indoor cultivation and manufacturing facility in Franklin.

Our Franklin cultivation and manufacturing facility is located in a 115,000 square foot building and currently has 2,300 square feet of indoor canopy that has an annual production capacity of 1,000 pounds. We are currently reviewing opportunities to expand our cultivation and processing capabilities ahead of adult-use sales in New Jersey in late calendar year 2021 to ensure the New Jersey medical and adult-use markets are adequately supplied.

In addition to our existing dispensary, we have a second dispensary site located in Rochelle Park near Paramus that is locally permitted and under development and a third site in Fort Lee that is locally permitted. Our Rochelle Park location is on Route 17 in a major retail corridor and is a mile away from the Garden State Plaza. Our two satellite dispensaries are anticipated to open in calendar year 2021. We anticipate that New Jersey will remain a product-constrained market in the medium term, with a limited number of operators and insufficient canopy ahead of adult-use sales commencing. As such, we are pursuing an aggressive canopy expansion to supply our owned retail stores and wholesale to third-party stores.

Michigan

We have an indoor cultivation and manufacturing facility under development in Lansing, Michigan and four open dispensaries.

Our Lansing cultivation and manufacturing facility is a 144,000 square foot building that will have 28,000 square feet of single-stacked indoor canopy with an annual production capacity of 15,000 pounds at completion of

its build-out. We expect to add both ethanol and butane-based extraction in calendar year 2021 and the site has adequate space for a second phase canopy build-out.

Our dispensaries are located in Ann Arbor, Morenci, Detroit and Battle Creek. We are also currently building out an additional dispensary in Lansing expected to be operational in calendar year 2021. Our existing Detroit dispensary currently serves medical customers only, but Detroit is expected to pass an adult-use ordinance in calendar year 2021. Our Ann Arbor location serves adult-use customers. Morenci and Battle Creek serve both medical and adult-use customers and patients.

New York

On February 25, 2021, we entered into the Investment Agreement with MedMen, under which we will, subject to regulatory approval, complete the Investment of approximately $73 million in MMNY, one of ten medical cannabis vertically integrated operators in New York. In connection with the Investment, and subject to regulatory approval, MMNY will engage our services pursuant to the Management Agreement under which we will advise on MMNY's operations pending regulatory approval of the Investment transaction.

Under the terms of the Investment, at closing, MMNY will assume approximately $73 million of MedMen's existing secured debt, AWH will invest $35 million in cash in MMNY, and AWH New York, LLC will issue a senior secured promissory note in favor of MMNY's senior secured lender in the principal amount of $28 million, guaranteed by AWH, which cash investment and note will be used to reduce the amounts owed to MMNY's senior secured lender. Following its investment, AWH will hold a controlling interest in MMNY equal to approximately 86.7% of the equity in MMNY, and be provided with an option to acquire MedMen's remaining interest in MMNY in the future. AWH must also make an additional investment of $10 million in exchange for additional equity in MMNY, which investment will also be used to repay MMNY's senior secured lender if adult-use cannabis sales commence in MMNY's dispensaries.

The transactions contemplated by the Investment Agreement are subject to customary closing conditions, including approval from the New York State Department of Health and other applicable regulatory bodies.

MMNY operates a 11,000 square foot cultivation and manufacturing facility in Utica, New York, and has four operational medical cannabis dispensaries. The Utica facility sits on five acres and has a 21,000 square foot shell for future expansion already constructed. We also have an option to purchase an additional 5+ acres. MMNY's dispensaries are in the Bryant Park neighborhood of New York City, Syracuse, Buffalo and Lake Success on Long Island. The MedMen flagship location on 5th Avenue is currently one of four dispensaries in Manhattan.

Ohio

We have entered into agreements to acquire a (i) licensed cultivator, (ii) processor and (iii) dispensary operator in Ohio. We are party to a consulting services agreement with the dispensary operator. Our contractual partners have one open medical dispensary and a cultivation and processing facility under development. The medical dispensary is located in Carroll, which is in the Columbus area. The cultivation and processing facilities will be located in Monroe. The 9,000 square foot processing facility and 9,000 square foot cultivation facility is currently under development and we are in the planning stage for a 55,000 square foot cultivation with 35,000 square feet of quad-stacked canopy capable of producing 18,000 pounds annually once complete. The Company is awaiting approval from regulators to move the existing sub-scale cultivation and co-locate a larger, greenfield cultivation on the same site as our processing facility; the Company has submitted an application and is awaiting feedback.

Investment Highlights and Competitive Strengths

Leading Position Across Some of the Most Attractive U.S. Markets

We strive to become a leading player in each of the markets we operate in. While many of our competitors have focused on geographic breadth, our strategy has been to “go deep, not wide” in what we believe to be the most attractive markets. We seek to have scaled cultivation facilities and high-volume, flagship retail locations, alongside a portfolio of brands to create a dominant market position in each of the states in which we operate. Being vertically integrated not only enables operators to capture vertical margin from seed through retail sale, it also ensures availability of supply to owned dispensaries. Availability of supply is especially important in early-stage adult-use markets, where aggregate retail demand can exceed existing cultivation capacity. States with cannabis programs on the East Coast and in the Midwest are also largely limited license markets. We consider states and jurisdictions which have enacted regulations that restrict the number of licenses that may be issued to operate in the cannabis business or have caps on the amount of canopy per cultivation facility to be “limited license.” We believe these markets are characterized by prospects for stable pricing, reasonably predictable competitive forces and the potential for attractive returns for incumbent, vertically integrated operators. AWH operates in these limited license, East Coast and Midwest states and endeavors to capitalize on these favorable market dynamics. Additionally, we believe that our scale within our states should allow us to realize better margins than operators that have wider footprints and lower market shares within their markets on a relative basis. We remain vigilant regarding the allocation of our operational focus and deployment of capital to markets that we believe will afford us optimal returns.

Established Ascend Brand with Focus on Flagship Retail

The Ascend retail brand elevates the cannabis shopping experience by combining consistent and convenient customer service with high-quality products and exclusive brand partnerships. Our stores are primarily located in high-traffic retail corridors, with sufficient parking and proximity to highways or main thoroughfares. Despite operating a number of high-throughput locations, our well-trained staff and omni-channel capabilities enable us to serve our customer efficiently, while also delivering a pleasant, informative and cultivated shopping experience. In Illinois, the Ascend retail brand is a recognized brand in the cannabis market and serves an average of 2,615 customers on a daily basis. We have also focused on opening flagship locations in or near major metropolitan areas including Chicago, Boston, St. Louis and the Greater New York City Area, where we expect to achieve higher customer traffic and drive mind-share for our retail brand. Due to its location, we believe that our Boston location could become one of the highest volume dispensaries on the East Coast. Our flagship location in Collinsville has achieved even higher sales productivity than our Illinois average at $10,893 per square foot in the fourth quarter of 2020, making it one of the top grossing stores in the state. Collinsville served on average 1,262 customers during the same period with an average basket size of $133. We believe these flagship locations strengthen our brand awareness and will create a halo-effect around the rest of our retail portfolio. While the number of dispensaries and competition will likely increase over time, we anticipate that the combination our brand awareness and premium locations will enable us to outperform our competitors.

Omni-channel Customer Experience

As customer shopping preferences continue to evolve and customers increasingly shop across multiple channels, we strive to create a best-in-class, omni-channel customer experience. Although in-store experiences will continue to be the primary fulfillment point for orders, we believe that customers' experiences in our stores are complemented by our omni-channel capabilities, a few of which include:

- Reserve-Online-Pickup-in-Store, allowing customers to purchase merchandise through one of our websites and pick-up the merchandise in-store, which often drives incremental in-store sales. Over 90% of our customers in Collinsville utilize our Reserve-Online-Pickup-in-Store option;
- Curbside Pickup, allowing customers to have their orders brought directly to their vehicles; and
- Online Consultations and Real-time Chat, allowing customers to interact with associates, ask questions and build their basket ahead of their in-store visit, driving associate productivity and incremental sales.

We also believe that our loyalty programs are an important part of our omni-channel strategy as we aim to seamlessly interact and connect with customers across all touchpoints. We had approximately 53,000 SMS loyalty members across our 12 operating dispensaries as of December 31, 2020. We currently have approximately 67,000 SMS loyalty member, growing by 14,000 members or 28% sequentially. Under these programs, customers accumulate points primarily based on purchase activity. These rewards can then be redeemed for merchandise at the point of purchase. Our loyalty programs provide timely customer insights, creating stronger customer engagement while driving a higher average level of customer spend. In addition, we use our loyalty programs as a tool to stay connected to our customers through members-only offers, items and experiences.

Continued Innovation and Brand Partnerships to Expand Product Portfolio

Our product portfolio today includes standard form factors: flower, pre-rolls, distillate vapes and gummies. We believe standard form factors typically account for over 80% of market demand in medical and early-stage adult-use markets. However, as these markets mature, we expect customer preferences to evolve and the consumer will increasingly look toward new form factors and brands. We have a robust product development pipeline that includes a number of new form factors including live resin vapes, tablets, vegan gummies, cigarette-style pre-rolls and mints. We expect to launch five new internally-developed products over the next six months. In addition to developing products internally, we have also partnered with leading West Coast cannabis brands like Cookies Enterprises, 1906, and Airo Brands, to bring established brands with cannabis heritage and name recognition to our existing markets, while creating a halo effect around our retail stores with exclusive launch events and product releases.

Executing on Growth While Maintaining Profitability and Liquidity

We have achieved $ million of revenue during , and will continue to work to open additional dispensaries and build out our existing cultivation facilities during the remainder of calendar year 2021. The figure below shows our quarterly revenue progression from Q1'19 through Q4'20, highlighting that our calendar year 2020 revenue is over 10x higher than revenue in calendar year 2019. Additionally, our gross profit in calendar year 2020 is over 17x higher than revenue in calendar year 2019 and our loss before income taxes decreased from $32.6 million in calendar year 2019 to $5.1 million in calendar year 2020. As of December 31, 2019, we had four open dispensaries and 32,000 square feet of operational canopy. As of December 31, 2020, we had 12 dispensaries open and 74,000 square feet of operational canopy with expectations to have 20 dispensaries and 285,000 square feet of operational canopy by the end of calendar year 2022. We currently have 13 dispensaries open. See "*Cautionary Note Regarding Forward-Looking Statements.*"

Managing significant growth in a capital-intensive industry while determining which opportunities to focus on requires a keen focus on capital allocation. We have worked to secure project financing for our expansion projects by partnering with Innovative Industrial Properties to fund cultivation build-outs through sale leaseback transactions with various financing sources to fund acquisition opportunities.

Our management team has significant capital markets success and has raised over $300 million of debt, equity, and sale-leaseback financing since inception. This proven ability to raise capital is especially important as we execute on our growth plans in a highly capital-intensive industry and as we explore potential acquisitions in the future. We believe that we will continue to be able to source capital in an efficient manner on a go-forward basis.

History

Illinois

In December 2018, we entered the Illinois market with the acquisition of an existing cultivation facility, through the acquisition of Revolution Cannabis-Barry LLC. We expanded our presence in Illinois in January 2019 through the acquisition of HCI and its related entities, which owned two operational medical dispensaries in Springfield and Collinsville. Over the course of 2019, we aggressively scaled our cultivation and manufacturing capabilities in order to ensure adequate supply and customer access in our owned dispensaries for the start of adult-use sales in January 2020. Under the Illinois recreational act, existing operators were granted, as-right, a license to operate an additional adult-use dispensary for each existing medical dispensary they owned. These dispensaries were required to be in the same U.S. Bureau of Labor Statistics ("**BLS**") Region as the existing medical dispensaries. A BLS Region is a geographic area designated by the BLS to gather and categorize certain employment and wage data. There are 17 such regions in Illinois.

We sited our two HCI expansion dispensaries in Springfield and Fairview Heights. Our second Springfield site opened in November 2020 and our Fairview Heights dispensary is currently under construction and is expected to open in Spring 2021. We entered into an agreement to acquire MOCA in August 2020, which operates two Chicago-area dispensaries. MOCA's original dispensary in Logan Square has been operational since 2016 and is licensed for sales to both medical and adult-use customers. MOCA's second dispensary, which opened in August 2020, is located in the River North area of downtown Chicago just outside of the Chicago Loop shopping district and serves adult-use customers. We received approval from the Illinois Department of Financial & Professional Regulation for the acquisition of MOCA on December 15, 2020, and we closed on the transaction on December 23, 2020. On December 14, 2020, we entered into an agreement to acquire Midway Dispensary, an operational medical and adult use dispensary in Chicago located next to Midway Airport. Effective with the agreement date, we obtained financial control over Midway and began providing advisory services. The final closing date is pending the Illinois Department of Financial & Professional Regulation's approval of the license transfer. Midway Dispensary is permitted to open a second adult use dispensary. We have secured a site in Chicago Ridge, a suburb of Chicago, for this second dispensary and are currently under development.

Massachusetts

In 2018, the Company acquired two properties that were zoned for cannabis but unlicensed, which became the foundation of our operations in Massachusetts. The real property that is now our Boston, MA dispensary was acquired in May 2018 and our future Athol, MA cultivation was acquired in August 2018. We obtained local support for both properties and submitted applications with the Massachusetts Cannabis Control Commission. MassGrow LLC, which is the licensee for our Athol cultivation received its provisional license in May 2019 and commenced operations in November 2019. Our dispensary licenses are held by AscendMass, LLC. Our Boston dispensary received its final license in March 2021 and is expected to commence operations in Spring 2021. Our Newton location, which we lease, received its provisional license in June 2020 and is expected to commence operations in Summer 2021. In February 2020, we acquired Southcoast Apothecary LLC, which held the license application for a third adult-use dispensary located in New Bedford, MA. This dispensary was provisionally licensed in August 2020 and is expected to open in the second half of 2021. There is a license cap of three dispensaries in Massachusetts, and we cannot add any additional dispensaries under the current regulations.

New Jersey

Ascend New Jersey LLC acquired certain assets of Greenleaf Compassion Center, which holds a permit for the operation of an Alternative Treatment Center (each, an "**ATC**") in New Jersey on September 29, 2020. We currently operate one medical dispensary in Montclair, NJ and a cultivation and processing facility in Franklin, NJ. An ATC permit enables the holder to pursue two additional satellite dispensary locations, and, as such, we are currently pursuing licensing for two additional dispensary locations.

Michigan

We entered the Michigan market through a series of acquisitions over the course of 2019, acquiring the property that would become our Lansing cultivation and five dispensaries. Our licenses are held by FPAW Michigan, LLC. We closed on the acquisition of properties in Detroit in April 2019 and Battle Creek in August 2019. In July 2019, we acquired our Morenci dispensary property and entered into a back-to-back close and sale leaseback of the Lansing cultivation with Innovative Industrial Properties, and secured a $15 million tenant improvement allowance for the development of the property. In September 2019, we acquired certain lease agreements for our Ann Arbor dispensary. We operate under the Michigan Supply and Provisions retail banner in Michigan.

Ohio

Ascend Ohio, LLC entered into a unit purchase option agreement with BCCO, LLC ("**BCCO**"), which holds a license for a medical dispensary in Carroll, OH, in March 2019. The Carroll dispensary, which is 45 minutes southeast of Columbus, is branded Ohio Provisions and opened in September 2019. We have submitted applications for the full transfer of ownership of BCCO to a wholly owned subsidiary of AWH and are awaiting regulatory approval. The parties also entered into a consulting services agreement in April 2019, pursuant to which AWH provides certain consulting services relating to the operation of the medical dispensary business for a fixed monthly fee of $25,000, which can be adjusted at the discretion of AWH to reflect the scope and nature of services being provided to BCCO, plus expense reimbursement.

In January 2020, Ascend Ohio, LLC entered into an amended merger agreement with Hemma Operations, LLC ("**Hemma**"), which holds a license to operate a medical cannabis cultivation facility in Monroe, OH. We have submitted applications for the full transfer of ownership of Hemma to a wholly owned subsidiary of Ascend and are awaiting regulatory approval. We anticipate the transfer of ownership with the state of Ohio to be completed in the first half of 2021.

We also entered into an agreement with Marichron Pharma LLC, which was granted a processor license in Monroe, Ohio. This processing facility is currently being built-out and is expected to be operational in 2021.

New York

On February 25, 2021, we entered into the Investment Agreement with MedMen, under which we will, subject to regulatory approval, complete the Investment of approximately $73 million in MMNY, a licensed medical cannabis operator in New York. In connection with the investment, and subject to regulatory approval, MMNY will engage our services pursuant to the Management Agreement under which we will advise on MMNY's operations pending regulatory approval of the Investment transaction.

The transactions contemplated by the Investment Agreement are subject to customary closing conditions, including approval from the New York State Department of Health and other applicable regulatory bodies.

MMNY operates a cultivation and manufacturing facility in Utica, New York, and has four operational medical cannabis dispensaries. MMNY's dispensaries are in the Bryant Park neighborhood of New York City, Syracuse, Buffalo and Lake Success on Long Island.

U.S. Cannabis Landscape

As illustrated by the map below, as of the date of this prospectus, a total of 36 states have legalized medical cannabis and 15 states have legalized cannabis for adult-use in some form, although not all of those jurisdictions have fully implemented their legalization programs. Three additional states (Connecticut, Pennsylvania and New York) are actively considering the legalization of cannabis for adult-use. Fourteen additional states have legalized high-cannabidiol (CBD), low tetrahydrocannabinol (THC) oils for a limited class of patients. Notwithstanding the continued trend toward further state legalization, cannabis continues to be categorized as a Schedule I controlled substance under the federal Controlled Substances Act and, accordingly, the cultivation, processing, distribution,

sale and possession of cannabis violate federal law in the United States as discussed further in "*Risk Factors — Cannabis remains illegal under U.S. federal law, and enforcement of cannabis laws could change.*"

We believe support for cannabis legalization in the United States is gaining momentum. According to a November 2020 poll by the Gallup organization, approximately 68% of Americans support the legalization of cannabis for medical or adult-use. In the recent November 3, 2020 election, voters in five states had the opportunity to vote on state legalization of cannabis for medical or adult-use. Voters approved the legalization of cannabis for adult-use in Arizona, New Jersey, South Dakota and Montana. Voters in Mississippi and South Dakota approved the legalization of medical cannabis. These ballot initiatives pushed the number of adults in medical cannabis states to approximately 174 million (69% of the country's adult population) and the number of adults in adult-use states to approximately 85 million (34% of the country's adult population). According to The State of the Legal Cannabis Markets, 8th Edition, published by Arcview Market Research on May 5, 2020, the top seven adult-use geographic markets by population in the U.S. were California, Illinois, Michigan, New Jersey, Washington, Arizona and Massachusetts and the top five medical geographic markets by population were Texas, Florida, New York, Pennsylvania and Ohio. Our footprint gives us a presence in four of the top seven adult-use markets and two of the top five medical geographic markets.

The U.S. cannabis industry has experienced significant growth over the past 12 months fueled in part by increasing consumer acceptance and the legalization of medical and adult-use cannabis across the United States. According to Arcview/BDSA, U.S. adult-use spending is on track to grow 27.9% in 2020 to $9.4 billion and grow at a 21.7% compound annual growth rate ("**CAGR**") to $23.8 billion by 2025, while the U.S. medical market is on track to grow 36.1% to a total of $6.9 billion in 2020, and grow at a 7.9% CAGR to $10.1 billion by 2025.

Our Markets

We operate or have contractual relationships in Illinois, Massachusetts, Michigan, New Jersey and Ohio, which cumulatively represent 15% of the United States' adult population, according to 2019 U.S. Census Bureau data. The regulatory status and market characteristics of each of those states are outlined below. Please refer to the section titled "*Business - Operations Summary*" for a summary of our operations in each such state.

Illinois

On June 25, 2019, Illinois, population 12.7 million, became the eleventh state to legalize adult-use cannabis and the first to do so by legislative action. Illinois' adult-use market reported a strong start to legalization, reaching nearly $110 million in spending from the sale of 2.6 million cannabis items in the first three months of operation. Adult-use spending is expected to see robust growth through the next five years, and exceed $1.3 billion in sales by 2025. Medical spending is anticipated to peak in 2021 at $317 million in sales. Total legal cannabis sales in Illinois are forecasted to grow to more than $1.5 billion by 2025. Illinois is one of just 13 legal cannabis markets in the U.S. forecasted by Arcview to break the $1 billion sales barrier.

Massachusetts

On November 20, 2018, Massachusetts, population 6.9 million, legalized cannabis for adult-use and demonstrated strong starting results, with total sales increasing by 170% between 2018 and 2019, growing from $218 million to $587 million. Supply chain issues have somewhat tempered market potential, as retail rollouts have been slow due to a combination of slow licensing processes and local obstacles, such as zoning restrictions. As a result, a lack of product availability and variety, as well as high prices have strained market forecast expectations, but leave room for significant growth potential should supply chain issues be resolved over time. Total legal cannabis sales in Massachusetts are forecasted to reach nearly $1.5 billion in 2025, growing at a CAGR of 16.4% from 2019. Medical spending is expected to experience a steady decline to $72.4 million in 2025, while adult-use spending will grow at a CAGR of 20.9% to almost $1.4 billion.

Michigan

Voters in Michigan, population 10.0 million, legalized adult-use in November 2018 and the formerly medical-only market commenced adult-use sales on December 1, 2019. The state generated an estimated $46.5 million in adult-use sales during the first quarter of 2020. Growth in 2021 is expected to be tempered by product shortages due to the lack of licensed cultivators and the state regulators estimate it could take up to 18 months before supply can adequately meet demand. Total sales are expected to grow by 29% to reach $825 million in 2020 and $1.3 billion in 2025.

New Jersey

On November 3, 2020, voters in New Jersey, population 8.9 million, authorized the legalization of adult-use cannabis. Adult-use sales are expected to commence in early 2022 and are forecasted to reach $206 million in 2022, while medical sales are expected to peak at $351 million in the same year. By 2025, adult-use sales are anticipated to grow to $1.1 billion, while medical sales are expected to decline to $273 million.

New York

In July 2014, New York, population 20 million, became the 23rd state to legalize the use of cannabis for medical purposes, with sales beginning in 2016. Governor Cuomo included a provision to legalize cannabis for adult-use in his Executive Budget Proposal for 2021-2022 and has publicly committed to passing adult-use cannabis legislation in 2021. Given this commitment, the budget shortfall in New York caused by the COVID-19 pandemic and New Jersey's passage of adult-use cannabis legislation in February 2021, we believe it is highly likely that New York will become an adult-use market in the next few years. Assuming adult-use cannabis is legalized in New York in the coming years, total spending in New York is anticipated to reach $1.6 billion in 2025, growing at a 46.9% CAGR from 2019. Total cannabis market spending in New York was $161 million in 2019 (Source: 8th Edition, The State of the Legal Cannabis Markets, Arcview Market Research (Published May 5, 2020)). There are currently ten licensed vertically integrated operators in New York.

Ohio

In May 2016, Ohio, population 11.7 million, became the 26th state to legalize the use of cannabis for medical purposes, with sales beginning in January 2019. A campaign for a 2020 adult-use cannabis ballot initiative failed to gain traction in part because of the COVID-19 pandemic; however, we believe it is highly likely that Ohio will become an adult-use market in the next few years. Assuming adult-use cannabis is legalized in Ohio in the coming years, total spending in Ohio is anticipated to reach $644 million in 2025, growing at a 49.2% CAGR from 2019.

Our Growth Strategies

Growth From Activation and Optimization of Existing Asset Portfolio

Currently, approximately one third of our portfolio of cultivation and dispensary assets are generating revenue and we expect the remainder of these assets to begin generating revenue over the course of the 2021 calendar year. We believe revenue growth and increased profitability should follow a step function approach throughout the year and we expect our run-rate financial performance at year-end 2021 to be more representative of the full potential of our asset base. We are focused on opening our dispensaries and executing on our canopy expansion plans to achieve both our revenue growth plans and to increase profitability and margins as there are significant carrying costs associated with our non-revenue generating assets, and, historically, our similar assets have achieved profitability in the first month once operational and selling product. Therefore, we do not face long lead times to achieve profitability once we commence operations. We believe that we also have a significant opportunity to optimize the performance of our existing asset base by improving our yields, product mix, and achieving labor efficiencies through automation.

Pursue Accretive Acquisitions of Attractive Operators

Largely due to early license awards, there are a number of independent and single-state operators in the markets in which we operate today. These assets represent attractive acquisition opportunities for us, as we can leverage our local permitting expertise and operational and financial resources to optimize the performance of these assets. We have been successful thus far in navigating local permitting for the secondary dispensary sites of historical acquisitions, such as Paramus and Fort Lee in New Jersey and Fairview Heights in Illinois. We have also been able to improve the financial performance of acquired assets by implementing our standard operating procedures and technology stack such as live inventory, reserve ahead capabilities and loyalty programs as well as leveraging our shared corporate infrastructure. Finally, our ability to raise external capital has enabled us to undertake secondary site build-outs and cultivation expansions that would not have been possible under previous ownership. We believe that our ability to acquire these underperforming assets and optimizing their performance as outlined above has historically created, and will continue to create, significant value for our stockholders.

Execute on Identified Operational Initiatives

We continue to evaluate operational initiatives to improve our profitability by leveraging our purchasing power and strengthening our retail pricing and category management capabilities. We are also working to streamline and refine our marketing process and are investing in more sophisticated information technology systems and data analytics. In addition, we continue to further automate our manufacturing facilities to improve our throughput and optimize our headcount. Although we are still in the early stages of many of these initiatives, we believe that these operational improvements represent a significant cost-saving opportunity and we will continue to benefit from these and other efficiencies.

Building of Brand Portfolio and Introduction of New, Differentiated Products

We anticipate launching a number of new brands and form factors this year and over the course of calendar year 2021. While consumers tend to focus more on stains and potency in early-stage adult-use markets, we believe that long-term brands will be more successful and thus, we are focused on expanding our branded portfolio. Ozone, our branded line of flower, vapes and gummies, launched three new product types in Q4’20: a disposable with a rechargeable battery, a pre-pack 0.3g, repackable glass chillum and a live resin vape, a premium offering which addresses one of the fastest growing product categories in cannabis. Our strategy to date has been to focus on building our Ozone product line and establishing credibility in the market for our primary branded product. We also have an effects-specific brand, Tune, under development that will target the casual consumer and have its own line of flower, vapes and edible products.

We also have a very active edible product development pipeline and expect to offer additional flavors, SKUs and new form factors over the course of calendar year 2021. We launched Drops, a pressed tablet form factor, in partnership with 1906 in December 2020. We anticipate launching an Ozone branded micro-dose chewable mint and a 5.0mg vegan fruit-chew in multiple flavors in 2021. These launches will build on the success we have achieved to date with our strain-specific Ozone gummies. Edibles comprise approximately 15% of our sales in our markets and are a highly profitable form factor given the lower THC content, typically 10 mg per unit. Our revenue per pound on a dry equivalent basis and margins are more than double the pricing as well as our margins realized on our flower-based or other extracted products.

Selectively Apply in Competitive License Processes

We expect to selectively apply in competitive license processes in additional limited license markets. As these processes are competitive and require us to devote internal and external resources and often require the Company to pay property hold fees, we selectively evaluate processes and pursue opportunities where we view the risk-reward as favorable given the inherent value of these licenses. We have submitted applications for vertical licenses in the central-region of Virginia. We have also submitted applications for a number of dispensaries in Rhode Island. In each case, we have obtained local support for the applications. While these processes are extremely competitive and there is no guarantee that we will be successful in these endeavors, this offers another potential avenue to expand our operational footprint.

Cultivation

Our cultivation practices have been engineered for scalability and repeatability as we expand into additional states. We have continuously refined our cultivation operations to rapidly scale our output without sacrificing quality and consistency. Future expansion is planned to provide the infrastructure to diversify the seed supply and further mechanize and automate harvest operations. We believe we will be able to continue to rapidly scale cultivation by: (i) commencing operations at additional cultivation sites; (ii) expanding our canopy at existing cultivation sites; and (iii) increasing yields by dialing in genetics and environmental conditions and increasing the number of harvests.

We currently operate five cultivation facilities with 74,000 square feet of canopy with a production capacity of 38,000 pounds per year. We are undergoing expansions at our Barry, Illinois, Lansing, Michigan and Athol, Massachusetts cultivation facilities which are expected to be completed in 2021 and we expect to build facilities in Monroe, Ohio and New Jersey in 2022. The expansions are expected to approximately 58,000, 28,000, 37,000, 35,000 and 56,000 square feet of canopy, respectively, or a total of approximately 285,000 square feet of cumulative canopy, which is estimated to have a total production capacity of 142,000 pounds annually post build-out, assuming production and yields are in line with the performance of our current operating canopy. We believe this large increase in capacity is needed to fulfill the increasing demand from our own retail network as additional dispensaries come online as well as the needs of the third-party dispensaries via wholesale sales. The wholesale opportunity in the states in which we operate remains robust, with demand generally outpacing supply. In New Jersey, where we are undertaking a significant canopy expansion, there are only 12 licensed operators, many of which have sub-scale cultivations, and the medical market is currently significantly undersupplied. With the New Jersey market moving toward the legalization of adult-use cannabis sales in the near-term, we anticipate robust demand for wholesale product. We anticipate that our portfolio will remain relatively balanced between wholesale and retail sales, despite this increase in production capacity. See "*Cautionary Note Regarding Forward-Looking Statements.*"

We are focused on driving biomass cost per gram lower to create a competitive advantage in the limited license states in which we operate. We have used strain rationalization, improved cultivation practices, and investments in technology to drive significantly higher yields per square foot. We are maximizing the canopy of our existing indoor grows through innovative multi-tiered designs. We are using less capital-intensive greenhouses to add capacity in our biggest market, Illinois, and are planning to add outdoor grows where allowed for inexpensive source material for extract products.

Manufacturing

Our manufacturing operations are centered around the quality of our products and the efficiency of their production. Our manufacturing operations are co-located with our cultivation facilities in each of our markets. We strive to produce high quality, consistent products across our manufacturing facilities, and have implemented strict brand and quality assurance standards and standard operating procedures to ensure consistent product and consumer experience across all operating markets. Almost all of the raw material input we use to produce finished cannabis consumer packaged goods, except packaging materials, are cultivated or processed internally for further use in the manufacturing process. In anticipation of our continued growth, we have planned for additional production manufacturing space and capabilities in all of our markets. These manufacturing operations will be constructed using state of the art processes and equipment to deliver superior products to our customers at the lowest possible cost to produce.

In calendar year 2020, approximately two-thirds of sales out of our Barry, Illinois facility are dedicated to flower-based form factors with the remaining biomass utilized for extracted products including vapes, edibles and concentrates. Our manufacturing in both the Athol, Massachusetts and Franklin, New Jersey facilities is currently limited to flower-based form factors, but we anticipate having ethanol- and butane-based extraction capabilities at Athol in calendar year 2021. We currently manufacture and package 65 SKUs in Illinois, 26 SKUs in Michigan, 7 SKUs in Massachusetts and 4 SKUs in New Jersey.

We are focused on scaling capacity, improving yields and increasing efficiency. This includes adding senior level leadership in operations from industries outside of cannabis with experience driving lean transformational changes. We are standardizing and increasing capacity in our hydrocarbon and ethanol extraction wherever possible to maximize product quality and throughput and improve crude yields. We are making investments in manufacturing and extraction technology, including high speed flower packaging, cartridge filling and automated pre-rolling as major drivers of labor efficiency.

Retail

We believe our vision and standard operating procedures differentiate us from competitors, particularly in the Illinois market, where we currently operate six dispensaries with plans to open two additional dispensaries in calendar year 2021.

We focus on six key pillars to define our retail strategy:

Vision - We believe in using the power of the cannabis plant to help people better their lives. As a company we have a strong commitment to the success of the brand and maintaining this vision.

People - We focus on hiring store managers who have prior experience in cannabis and focus on talent development for the rest of our store employees. We have an extensive onboarding and training program focused not only on brand and product knowledge, but also on creating a great customer experience. Training sessions are led by associates that have proven success in their expertise and have expressed a desire to grow within the Company.

Culture - Our employees are motivated by daily sales goals we set at the stores. We reach our goals by ensuring we have the right product and the right talent in place to deliver a best-in-class customer experience. Our stores measure week over week sales growth, peak days for volume, transactions, gross margin and other key performance metrics. We collect and analyze the data available to us to continually improve our processes and sales strategy.

Menu Management - Our menu management team is actively working alongside our wholesale team and third party vendors. Our purchasing manager builds wholesale third party relationships in order to ensure broad inventory selections across dispensaries. We believe this is critical to our customer retention, which is reflected in over 2.0 customer visits a month with average basket size of $126 in Illinois in the fourth quarter of 2020.

Online Ordering & Reservation - Online ordering has been critical to our operations during the COVID-19 pandemic. Customers order online from our online menu and when completing an order, make a reservation to come in and pick up their order. While online ordering & reservations have grown with the COVID-19 pandemic, we believe they will continue to be a meaningful part of the customer ordering plan after the disruptions caused by the COVID-19 pandemic subside.

Compliance Management - Each dispensary has a support manager dedicated to making sure the team and the dispensary are complying with state regulations. This support manager also pays close attention to any COVID-19 requirements as we navigate through the pandemic.

Wholesale

We expect to drive wholesale growth by maximizing the productivity of our existing facilities, increasing market share through category expansion or new product launches and leveraging our existing licensed cultivation and manufacturing assets through partnerships with established brands who are looking to expand into our states in a capital-light manner. Our key strategies to drive growth in our wholesale segment are below:

Wholesale Category Management and Expansion

Our focus is developing products for everyday cannabis consumers that want convenience, portability, reliability and flexible dose control. Our development is focused on pre-rolls, vapes, edibles and other ready-to-use product forms that we expect to outperform whole flower over time. We are also looking to partner with established cannabis brands that complement our own portfolio and manufacturing capabilities.

We are focused on expanding our vape offering, including live products and ratio products that represent fast growing segments of the vape category. We expect the pre-roll category to grow significantly as the preferred way to consume flower for many customers. We intend to launch multiple additional pre-roll SKUs in smaller sizes, innovative multi-pack options and premium infused pre-rolls. We are expanding our edibles manufacturing capabilities to provide micro-dose product forms along with additional forms desired by the market.

Strategic partnerships will be part of growing our business. We have partnered with the brand Cookies to produce their premium flower products in Illinois, Massachusetts and New Jersey through a licensing deal. We have also partnered with Airo Brands to produce their proprietary vape cartridge in Illinois and Michigan and 1906 to produce their innovative Drops edibles in Illinois. Building incremental brand partnerships is an important part of our strategy as we seek to find additional brands that complement our current portfolio and leverage our asset base of licensed manufacturing sites.

Strategic Sourcing

We are continuing our focus on supply chain optimization and strategic sourcing as we scale, allowing our growing base to provide leverage across the organization. This includes a focus on supplier rationalization, so that best-in-class supply partners are providing full end-to-end service across the enterprise. Building a common base of operating procedures, packaging and supply components, and supply partners across the organization is critical to this strategic direction.

Almost all of the raw material input we use to produce finished cannabis consumer packaged goods, except packaging materials, are cultivated or processed internally for further use in the manufacturing process. In anticipation of continued growth, we have planned for additional production manufacturing space and capabilities in all of our markets. These manufacturing operations will be constructed using state of the art processes and equipment to deliver superior products to our customers and at the lowest possible cost to produce. See “*Business - Cultivation*” and “*Business - Manufacturing*.”

As we build out our strategic sourcing organization, our focus will be on procurement of supplies and materials, along with sourcing of biomass and related byproducts where markets and regulations allow. This will allow our

growth to scale even more rapidly than our canopy and will allow us to flex with the short-term dynamics recognized in any market.

Brands, Products and Marketing

Retail Brands

We and our partners currently operate 13 dispensaries across our markets. We are focused on building a national chain of dispensaries that offer the best selection of products, at the best price and with the best shopping experience.

To help us achieve this goal, we recently re-branded our stores in southern Illinois from Illinois Supply and Provisions to Ascend. We are working to build a recognizable multi-state brand of dispensaries, which now includes Ascend IL and Ascend NJ and will soon include Ascend MA. The brand recognition that we build in one state can easily be transferred to our other stores and markets. Having a consistent and repeatable experience in all our stores will enable us to grow the awareness and reputation around Ascend dispensaries, which in turn creates more value for the Ascend brand. A unified name also serves to save costs and amplifies our retail brand messaging. While we are increasingly moving to a unified retail brand strategy, we believe it is still important for each dispensary and state to have local roots and service their individual communities' needs. As we look to expand, we will continue to add Ascend-branded stores to build our national brand and consider re-naming some of our other existing retail stores to the Ascend brand name.

Retail Marketing Strategy

We continuously market through industry publications such as Weedmaps and Leafly, our own websites and social media channels, and more traditional channels such as billboards, flyers and posters. Our retail brands have thousands of reviews across multiple websites, including Google and Weedmaps, and our dispensaries are consistently highly-rated and reviewed within their local geographies. We also partner with a number of different companies to help us expand our marketing reach. Recently in specific markets, we engaged with new online advertising programs that allow us to geo-target competitors' customers and offer deals and incentives to visit an Ascend store. This program has allowed us to expand our customer base and increase sales for our participating stores.

In addition, we utilize our loyalty program to deepen our relationships with our customers. Each dispensary can sign customers up to join our loyalty program, except where prohibited by applicable law. Program participants consent to receive direct marketing via text or email, and are able to earn points and rewards for continuing to shop with Ascend stores. Our loyalty program enables us to undertake targeted, individualized promotions, such as offers for high value customers, reactivation of lapsed customers, birthdays, visit milestones, etc. Our loyalty program is one of our strongest marketing assets, where one single text could help drive six-digit sales.

Our retail stores engage in weekly marketing initiatives, locally and nationally. National campaigns focused on major holidays or events allow us to show the breadth of our various brands and offer similar campaigns to our customers across various states. Local initiatives allow our teams to market directly to their communities and help increase traffic and sales. These initiatives are frequently marketed through our own social media channels and in-house communication through our text loyalty program.

Product Brands

Our branded products portfolio includes SKUs across a range of product categories, including flower, pre-rolls, concentrates, vapes, edibles and other form factors.

We have taken a 'branded house' strategy within the product landscape. Our Ozone brand covers a variety of cannabis products, categories, and price ranges. Ozone has both a 'Core' tier through which we sell our high-quality yet accessible everyday cannabis products, as well as a 'Reserve' tier that houses our more unique and higher-grade

products. By focusing on one brand within multiple states, we can leverage our marketing expenditure effectively and build a large national brand. This strategy also allows us to quickly enter a new market with our own fully finished products and marketing.

Our Ozone brand is currently sold in Illinois, Massachusetts and Michigan offering a variety of products from flower to extracted products, like vape pens and edibles. Illinois hosted Ozone's initial product launch, and we believe the brand has become a well-known staple in the Illinois market, as it is carried by 78 of 86 dispensaries in the state as of the date of this registration statement. Ozone launched in Massachusetts in August 2020 and currently has a flower-only assortment in the state. Ozone's Michigan reach includes flower, vaporizers and edibles. We are looking to expand offerings in our Franklin, New Jersey production facility.

We pride ourselves on our products and our expression of brand through packaging and marketing initiatives. Ozone is currently a finalist for best cannabis packaging by Adcann, an industry publication.

Branded Products Marketing Strategy

Our Ozone brand is managed and marketed through a variety of medium including our own Ozone website, partner platforms, social media channels and in-store collateral. We believe in continually improving these assets through new packaging initiatives, photo shoots, customer engagement, and product expansion. We engage in frequent marketing initiatives for the Ozone brand, from online campaigns to consumer engagement opportunities, such as the Illinois Cannabis Cup.

A large portion of product marketing is through partner dispensaries. Brands rely heavily on the word of the budtender, the gatekeepers of their products. In order to help these partners better promote the Ozone brand, and sell-through product, we create educational materials, provide them with updated digital and display marketing assets, and send branded gear for their budtenders to proudly wear. We also launched a new Ozone website in Q4'20, which includes in-depth product descriptions and insights, helping existing consumers better understand their Ozone products.

Product expansion is key to continuing to market the Ozone brand. In November 2020, we launched a disposable vape with a rechargeable battery. In December 2020, we launched a pre-pack 0.3g glass chillum and a live resin vape, a premium offering which addresses one of the fastest growing product categories in the cannabis market.

Supply Chain Process

We operate in limited license states in highly regulated markets. Therefore, controlling our supply chain is a critical factor in successfully operating in each state. We are focused on becoming vertically-integrated in all of our markets to ensure we manage the entire supply chain managed from seed to sale, including cultivation, manufacturing and packaging.

Packaging

Our final step prior to distribution to our retail stores or third-party wholesalers is packaging. We keep strict product quality and assurance controls dependent on each state regulations. We have a variety of packaging across both our flower and extracted products.

Packaging for the Ozone branded portfolio was completed in-house and sourced using third-party demand aggregators, who are able to achieve better pricing with scale buys. We utilize glass jars for our Reserve flower and mylar bags for our Core flower-based products. Edibles utilize a variety of packaging form-factors depending on the SKU being produced including plastic jars, metal tins and pop-top tubes. Vapes utilize both cardboard cartons and mylar bags, but some of our vapes utilize different packaging for each flavor or strain. In addition to managing packaging for a growing SKU portfolio, all product packaging must adhere to varying state regulations, which can vary widely from state to state and can hinder our efforts to unify our packaging design. As we bring more brands

and form factors to market, packaging design and sourcing will increasingly be in focus, and we anticipate that we will devote additional internal and external design resources to these efforts.

Significant Customers

Our sales are primarily to our customers through our retail dispensaries, and to third party dispensaries in certain jurisdictions. We are not dependent upon a single customer, or a few customers, and the loss of any one or more of which would not have a material adverse effect on the business. No customer accounted for 10% or more of our consolidated net revenue during calendar years 2020, 2019 or 2018.

Omnichannel Strategy

We generated approximately 65% of our revenue from retail and 35% from wholesale in calendar year 2020. We estimate that our wholesale to retail mix will be split more evenly by the end of 2022 when our cultivation assets are fully built out. While we currently see supply shortages in our limited license states, we believe it is important to have a significant retail footprint to maintain pricing power within our brands and as more supply becomes available in our markets.

Intellectual Property—Patents and Trademarks

We believe that brand protection is critical to our business strategy. Where possible, we protect our intellectual property rights in connection with our operating names (e.g., Ascend), our products (e.g., Ozone) and certain patentable goods and services. The U.S. trademark statute, The Lanham Act, allows for the protection of trademarks and service marks on products and services used, or intended for use, lawfully. Because cannabis-related products and services remain illegal at the federal level under the Controlled Substances Act, we are not able to fully protect our intellectual property at the federal level; therefore, we currently seek trademark protections at the state level where commercially feasible. Nonetheless, our success depends upon other areas of our business such as product development and design, production and marketing and not exclusively upon trademarks, patents and trade secrets.

Since receiving our cultivation licenses, we have developed proprietary cultivation techniques. We have also developed certain proprietary intellectual property for operating butane extraction, carbon dioxide extraction and ethanol extraction machinery, including production best practices, procedures and methods. This requires specialized skills in cultivation, extraction and refining.

We rely on non-disclosure/confidentiality agreements to protect our intellectual property rights. To the extent we describe or disclose our proprietary cultivation or extraction techniques in applications for cultivation or processing licenses, we redact, or request redaction of, such information prior to public disclosure.

We own several website domains, including www.awholdings.com, numerous social media accounts across all major platforms and various phone and web application platforms.

We are currently in the process of submitting applications to protect our brands and marks. We will continue to rely on common law protection for these brands during the trademark registration process. Moreover, we proactively seek intellectual property protection for brand expansions in current markets as well as any new market expansion. For additional details on the risks associated with the lack of trademark protection, see “*Risk Factors*” with respect to intellectual property.

Social Responsibility

While we understand and appreciate how fortunate we are to be in a position to help build and guide the future of modern cannabis, we are also acutely aware of the lives that have been impacted, especially in minority communities, through decades of unjust laws and inequitable enforcement. We think this is unacceptable, which is why we have teamed up with the Last Prisoner Project through a donation match program. We are seeking to raise $250,000, evenly split between customer donations and AWH match. The Last Prisoner Project is a nonprofit

coalition of cannabis industry leaders, executives, and artists dedicated to bringing restorative justice to the cannabis industry.

Working Capital

Effective inventory management is critical to our ongoing success and we use a variety of demand and supply forecasting, planning and replenishment techniques. We strive to maintain sufficient levels of inventory for core product categories, positive vendor and customer relationships and carefully plan to minimize markdowns and inventory write-offs. We typically carry four to six weeks of inventory at our dispensaries and maintain minimum wholesale inventory levels by SKU based on market demand for these SKUs. We will also enter into supply agreements with cultivators as needed to ensure adequate inventory as needed, whether to supplement our owned cultivation operations or in jurisdictions in which we have yet to achieve vertical integration.

For additional details on liquidity and capital resources, see "*Management's Discussion and Analysis of Financial Condition and Results of Operations.*"

Number of Employees

As of March 26, 2021, we have approximately 1,000 employees nationwide including corporate, retail, manufacturing and part-time employees, including but not limited to: finance and accounting, legal and compliance, supply chain and operations, sales and marketing, commercial and cannabis agriculture, chemists, customer service, construction and project management, real estate and human resources. Approximately 850 of our employees are full-time employees.

Environmental Compliance

Expenditures for compliance with federal, state and local environmental laws and regulations are consistent from year to year and are not material to our financials. We are compliant with all applicable regulations and do not use materials that would pose any known risks under normal conditions.

Competitive Conditions

The markets in which our products are distributed are highly competitive. We compete directly with single state and larger multi-state cannabis producers and retailers. More broadly, we view manufacturers of other consumer products, such as those in the pharmaceuticals, alcohol, tobacco, health and beauty and functional wellness industries, as potential competitors. Product quality, performance, new product innovation and development, packaging, customer experience and consumer price/value are important differentiating factors. While we face intense competition, our industry faces relatively high barriers to entry given the licensed nature of the cannabis industry. See "*Risk Factors*" for additional detail regarding risks with respect to competition.

Overview of Government Regulation

Below is a discussion of the federal and state-level regulatory regimes in those jurisdictions where we are currently directly involved through our subsidiaries. Our subsidiaries and licensed operators with which we have contractual relationships are directly engaged in the manufacture, possession, sale or distribution of cannabis in the adult-use and/or medical cannabis marketplace in the states of Illinois, Massachusetts, Michigan, New Jersey and Ohio.

The U.S. federal government regulates drugs through the CSA, which places controlled substances, including cannabis, in a schedule. Cannabis is classified as a Schedule I controlled substance. The CSA explicitly prohibits the manufacturing, distribution, selling and possession of cannabis and cannabis-derived products as a consequence of its Schedule I classification. Classification of substances under the CSA is determined jointly by the DEA and the FDA. The DOJ defines Schedule I drugs and substances as drugs with no currently accepted medical use, a high potential for abuse and a lack of accepted safety for use under medical supervision. However, the FDA has approved Epidiolex, which contains a purified form of the drug CBD, a non-psychoactive cannabinoid in the cannabis plant,

for the treatment of seizures associated with two epilepsy conditions. The FDA has not approved cannabis or cannabis compounds as a safe and effective drug for any other condition. Moreover, under the 2018 Farm Bill or Agriculture Improvement Act of 2018, CBD remains a Schedule I controlled substance under the Controlled Substances Act, with a narrow exception for CBD derived from hemp with a tetrahydrocannabinol, which is commonly referred to as THC, concentration of less than 0.3%.

Unlike in Canada, where federal legislation uniformly governs the cultivation, distribution, sale and possession of medical and adult-use cannabis under the Cannabis Act, S.C. 2018, c. 16, and the Cannabis for Medical Purposes Regulations, cannabis is largely regulated at the state level in the United States. To date, there are 36 states, plus the District of Columbia (and the territories of Guam, Puerto Rico, the U.S. Virgin Islands and the Northern Mariana Islands), that have laws and/or regulations that recognize, in one form or another, legitimate medical uses for cannabis and consumer use of cannabis in connection with medical treatment. In addition, Alaska, Arizona, California, Colorado, Illinois, Maine, Massachusetts, Michigan, Montana, Nevada, New Jersey, Oregon, South Dakota, Vermont, Washington and the District of Columbia have legalized cannabis for adult-use. Fourteen states have also enacted low-THC/high-CBD only laws for medical cannabis patients.

State laws that permit and regulate the production, distribution and use of cannabis for adult-use or medical purposes are in direct conflict with the CSA, which makes cannabis use, distribution and possession federally illegal. Although certain states and territories of the U.S. authorize medical or adult-use cannabis production and distribution by licensed or registered entities, under U.S. federal law, the possession, cultivation, and transfer of cannabis and any related drug paraphernalia is illegal and any such acts are criminal acts under any and all circumstances under the CSA. The Supremacy Clause of the United States Constitution establishes that the United States Constitution and federal laws made pursuant to it are paramount and in case of conflict between federal and state law, the federal law shall apply. Although the Company's activities are believed to be compliant with applicable United States state and local law, strict compliance with state and local laws with respect to cannabis may neither absolve the Company of liability under United States federal law, nor may it provide a defense to any federal proceeding which may be brought against the Company.

The Obama administration attempted to address the inconsistent treatment of cannabis under state and federal law in the Cole Memorandum which outlined certain priorities for the DOJ relating to the prosecution of cannabis offenses. The Cole Memorandum acknowledged that, notwithstanding the designation of cannabis as a Schedule I controlled substance at the federal level, several states had enacted laws authorizing the use of cannabis for medical purposes. The Cole Memorandum noted that jurisdictions that have enacted laws legalizing cannabis in some form have also implemented strong and effective regulatory and enforcement systems to control the cultivation, processing, distribution, sale and possession of cannabis. As such, conduct in compliance with those laws and regulations is less likely to implicate the Cole Memorandum's enforcement priorities. The DOJ did not provide (and has not provided since) specific guidelines for what regulatory and enforcement systems would be deemed sufficient under the Cole Memorandum. In light of limited investigative and prosecutorial resources, the Cole Memorandum concluded that the DOJ should be focused on addressing only the most significant threats related to cannabis, such as distribution of cannabis from states where cannabis is legal to those where cannabis is illegal, the diversion of cannabis revenues to illicit drug cartels and sales of cannabis to minors.

On January 4, 2018, former U.S. Attorney General Jeff Sessions issued the Sessions Memorandum, which rescinded the Cole Memorandum effective upon its issuance. The Sessions Memorandum stated, in part, that current law reflects "Congress' determination that cannabis is a dangerous drug and cannabis activity is a serious crime," and Mr. Sessions directed all U.S. Attorneys to enforce the laws enacted by Congress by following well-established principles when pursuing prosecutions related to cannabis activities. We are not aware of any prosecutions of investment companies doing routine business with licensed cannabis related businesses in light of the new DOJ position. However, there can be no assurance that the federal government will not enforce federal laws relating to cannabis in the future. As a result of the Sessions Memorandum, federal prosecutors are now free to utilize their prosecutorial discretion to decide whether to prosecute cannabis activities, despite the existence of state-level laws that may be inconsistent with federal prohibitions. No direction was given to federal prosecutors in the Sessions Memorandum as to the priority they should ascribe to such cannabis activities, and thus it is uncertain how active U.S. federal prosecutors will be in relation to such activities.

While federal prosecutors appear to continue to use the Cole Memorandum's priorities as an enforcement guide, the prosecutorial effects resulting from the rescission of the Cole Memorandum and the implementation of the Sessions Memorandum remain uncertain. The sheer size of the cannabis industry, in addition to participation by state and local governments and investors, suggests that a large-scale federal enforcement operation may create unwanted political backlash for the DOJ. It is also possible that the revocation of the Cole Memorandum could motivate Congress to reconcile federal and state laws. While Congress is considering and has considered legislation that may address these issues, there can be no assurance that such legislation passes. Regardless, at this time, cannabis remains a Schedule I controlled substance at the federal level. The U.S. federal government has always reserved the right to enforce federal law in regard to the sale and disbursement of medical or adult-use cannabis, even if state law authorizes such sale and disbursement. It is unclear whether the risk of enforcement has been altered.

Additionally, under United States federal law, it may potentially be a violation of federal money laundering statutes for financial institutions to take any proceeds from the sale of cannabis or any other Schedule I controlled substance. Canadian banks are likewise hesitant to deal with cannabis companies, due to the uncertain legal and regulatory framework of the industry. Banks and other financial institutions, particularly those that are federally chartered in the United States, could be prosecuted and possibly convicted of money laundering for providing services to cannabis businesses. While Congress is considering legislation that may address these issues, there can be no assurance of the content of any proposed legislation or that such legislation is ever passed.

Despite these laws, FinCEN issued the FinCEN Memorandum outlining the pathways for financial institutions to bank state-sanctioned cannabis businesses in compliance with federal enforcement priorities. The FinCEN Memorandum echoed the enforcement priorities of the Cole Memorandum and states that in some circumstances, it is permissible for banks to provide services to cannabis-related businesses without risking prosecution for violation of federal money laundering laws. Under these guidelines, financial institutions must submit a Suspicious Activity Report ("**SAR**") in connection with all cannabis-related banking activities by any client of such financial institution, in accordance with federal money laundering laws. These cannabis-related SARs are divided into three categories - cannabis limited, cannabis priority, and cannabis terminated - based on the financial institution's belief that the business in question follows state law, is operating outside of compliance with state law, or where the banking relationship has been terminated, respectively. On the same day that the FinCEN Memorandum was published, the DOJ issued a memorandum (the "**2014 Cole Memorandum**") directing prosecutors to apply the enforcement priorities of the Cole Memorandum in determining whether to charge individuals or institutions with crimes related to financial transactions involving the proceeds of cannabis-related conduct. The 2014 Cole Memorandum has been rescinded as of January 4, 2018, along with the Cole Memorandum, removing guidance that enforcement of applicable financial crimes against state-compliant actors was not a DOJ priority.

However, former Attorney General Sessions' revocation of the Cole Memorandum and the 2014 Cole Memorandum has not affected the status of the FinCEN Memorandum, nor has the Department of the Treasury given any indication that it intends to rescind the FinCEN Memorandum itself. Though it was originally intended for the 2014 Cole Memorandum and the FinCEN Memorandum to work in tandem, the FinCEN Memorandum is a standalone document which explicitly lists the eight enforcement priorities originally cited in the Cole Memorandum. As such, the FinCEN Memorandum remains intact, indicating that the Department of the Treasury and FinCEN intend to continue abiding by its guidance. However, in the United States, it is difficult for cannabis-based businesses to open and maintain a bank account with any bank or other financial institution. On November 7, 2018, U.S. Attorney General Jeff Sessions resigned. On February 14, 2019, William Barr was confirmed as U.S. Attorney General. Mr. Barr resigned as Attorney General on December 23, 2020. On December 24, 2020, Jeffrey Rosen began serving as the Acting Attorney General of the United States. On January 20, 2021, Robert "Monty" Wilkinson replaced Jeffrey Rosen as the Acting Attorney General of the United States.

On March 11, 2021, former Chief Judge of the United States Court of Appeals for the District of Columbia Circuit, Merrick Garland, was sworn in as serve as Attorney General of the United States. It is not yet known whether the Department of Justice under President Biden and Attorney General Garland will re-adopt the Cole Memorandum or announce a substantive cannabis enforcement policy. If the Department of Justice policy under Attorney General Garland were to aggressively pursue financiers or owners of cannabis-related businesses, and

United States Attorneys followed such Department of Justice policies through pursuing prosecutions, then the Company could face (i) seizure of its cash and other assets used to support or derived from its cannabis operations, (ii) the arrest of its employees, directors, officers, managers and investors, and charges of ancillary criminal violations of the Controlled Substances Act for aiding and abetting and conspiring to violate the Controlled Substances Act by virtue of providing financial support to cannabis companies that service or provide goods to state-licensed or permitted cultivators, processors, distributors, and/or retailers of cannabis, and/or (iii) the barring of its employees, directors, officers, managers and investors who are not United States citizens from entry into the United States for life. Unless and until the United States Congress amends the Controlled Substances Act with respect to cannabis (and as to the timing or scope of any such potential amendments there can be no assurance), there is a risk that federal authorities may enforce current U.S. federal law criminalizing cannabis.

One legislative safeguard for the medical cannabis industry, appended to the federal budget bill, remains in place following the rescission of the Cole Memorandum. For fiscal years 2015, 2016, 2017, 2018, 2019 and 2020 Consolidated Appropriations Acts (currently referred to as the "**Rohrabacher/Blumenauer Amendment**") to prevent the federal government from using congressionally appropriated funds to enforce federal cannabis laws against regulated medical cannabis actors operating in compliance with state and local law. The Rohrabacher/Blumenauer Amendment was included in the Consolidated Appropriations Act, 2021 signed into legislation by President Trump in December 2020 to remain in effect until September 30, 2021. At such time, it may or may not be included in the omnibus appropriations package or a continuing budget resolution once the current Consolidated Appropriations Act, 2021 expires.

Despite the rescission of the Cole Memorandum, the DOJ appears to continue to adhere to the enforcement priorities set forth in the Cole Memorandum. The Cole Memorandum and the Rohrabacher/Blumenauer Amendment gave licensed cannabis operators (particularly medical cannabis operators) and investors in states with legal regimes greater certainty regarding the DOJ's enforcement priorities and the risk of operating cannabis businesses. While the Sessions Memorandum has introduced some uncertainty regarding federal enforcement, the cannabis industry continues to experience growth in legal medical and adult-use markets across the United States. Accordingly, as an industry best practice, we continue to employ the following policies to ensure compliance with the guidance provided by the Cole Memorandum:

- ensure that its operations are compliant with all licensing requirements as established by the applicable state, county, municipality, town, township, borough, and other political/administrative divisions;
- ensure that its cannabis related activities adhere to the scope of the licensing obtained (for example: in the states where cannabis is permitted only for adult-use, the products are only sold to individuals who meet the requisite age requirements);
- implement policies and procedures to ensure that cannabis products are not distributed to minors;
- implement policies and procedures in place to ensure that funds are not distributed to criminal enterprises, gangs or cartels;
- implement an inventory tracking system and necessary procedures to ensure that such compliance system is effective in tracking inventory and preventing diversion of cannabis or cannabis products into those states where cannabis is not permitted by state law, or cross any state lines in general;
- ensure that its state-authorized cannabis business activity is not used as a cover or pretense for trafficking of other illegal drugs, and is not engaged in any other illegal activity, or any activities that are contrary to any applicable anti-money laundering statutes; and
- ensure that its products comply with applicable regulations and contain necessary disclaimers about the contents of the products to prevent adverse public health consequences from cannabis use and prevent impaired driving.

On June 7, 2018, the Strengthening the Tenth Amendment Through Entrusting States Act (the "**STATES Act**") was introduced in the Senate by Republican Senator Cory Gardner of Colorado and Democratic Senator Elizabeth Warren of Massachusetts. A companion bill was introduced in the House by Democratic representative Jared Polis of Colorado. The bill provides in relevant part that the provisions of the CSA, as applied to cannabis, "shall not apply to any person acting in compliance with state law relating to the manufacture, production, possession, distribution, dispensation, administration, or delivery of marijuana." Even though cannabis will remain within

Schedule I of the CSA under the STATES Act, the bill makes the CSA unenforceable to the extent it conflicts with state law. In essence, the bill extends the limitations afforded by the protection within the federal budget—which prevents the DOJ and the DEA from using funds to enforce federal law against state-legal medical cannabis commercial activity—to both medical and adult-use cannabis activity in all states where it has been legalized. The STATES Act was reintroduced on April 4, 2019 in both the House and the Senate. Since the STATES Act is currently draft legislation, there is no guarantee that the STATES Act will become law in its current form.

On December 4, 2020, the House of Representatives passed the Marijuana Opportunity Reinvestment and Expungement Act of 2019 (the "**MORE Act**"). The MORE Act would provide for the removal of cannabis from the list of controlled substances in the CSA and other federal legislation. It would end the applicability of Section 280E to cannabis businesses but would impose a 5% federal excise tax. The MORE Act was not passed by the Senate prior to the end of the 116th Congress and would need to be reintroduced and passed by the House of Representatives and Senate and signed into law by the president. There is no guarantee the MORE Act will become law in its current form. Overall, there were more than 1500 cannabis-related bills moving through state legislatures and Congress for the 2020 sessions.

On March 18, 2021, the SAFE Banking Act was reintroduced in the House of Representatives. On March 23, 2021, the bill was reintroduced in the Senate as well. The House previously passed the SAFE Banking Act in September 2019, but the measure stalled in the Senate. As written, the SAFE Banking Act would allow financial institutions to provide their services to state-legal cannabis clients and ancillary businesses serving state-legal cannabis businesses without fear of federal sanctions. There is no guarantee the SAFE Banking Act will become law in its current form, if at all.

Compliance with Applicable State Laws in the United States

We are in compliance with applicable cannabis licensing requirements and the regulatory framework enacted by each state in which we currently operate. We currently have an administrative proceeding pending against the Company in Illinois for 12 counts of regulatory violations dating from October 2019 to January 2020 including camera outages, doors being propped open during construction and a failed security incursion. All of the alleged violations have been remediated, and we are contesting the complaint. Other than as disclosed, we have not been subject to any non-compliance, citations or notices of violation which may have an impact on our licenses, business activities or operations.

We have in place a detailed compliance program and an internal legal and compliance department, and we are building out our operational compliance team across all states in which we operate. Our compliance department is overseen by our chief compliance officer and our senior vice president of compliance, and further consists of compliance professionals who oversee and ensure compliance in each of our jurisdictions and facilities. We also have external state and local regulatory/compliance counsel engaged in every jurisdiction in which we operate.

We provide training for all employees, using various methods on the following topics relevant to job tasks: compliance with state laws and rules; patient education materials; education materials for recreational customers; security in our facilities and establishments; handwashing and sanitation practices; packaging procedures; state mandated tracking software; establishment specific tracking; track and trace; inventory and POS software; audit procedures; epidemic responses; emergency situation response; dispensing procedures; patient/client check-in procedure; employee education and consultation materials; packaging and labeling requirements; cannabis waste and destruction; active shooter response; robbery response; fire response; bomb-threat response; sexual harassment; drug free workplace; internet and phone usage; discrimination harassment; workplace violence; hygiene and clothing requirements; hand washing; medical emergency response; biocontamination response; gas leak response; visitor access; discounts for special groups; customer loyalty programs; client intake; storage and recall of products; the science of cannabis; speaking with physicians; edibles education; reconciling transactions; inventory control; receiving inventory; shipping inventory; corrective and preventive action plans; filing corrective and preventive action reports; pesticides; wastewater; irrigation systems; fertilizer; beneficial organisms; climate control; transplanting; inventory tagging; pruning; defoliation; drying, trimming and curing; storage of products; maintaining confidentiality; cash handling; and preventing diversion of products.

We emphasize security and inventory control to ensure strict monitoring of cannabis and inventory, from delivery by a licensed distributor to sale or disposal. Only authorized, properly trained employees are allowed to access our computerized inventory control system.

We monitor all compliance notifications from the regulators and inspectors in each market and timely resolve any issues identified. We keep records of all compliance notifications received from the state regulators or inspectors, as well as how and when an issue was resolved. Moreover, we monitor news sources for information regarding developments at the state and federal level relating to the regulation and criminalization of cannabis.

Further, we have created comprehensive standard operating procedures that include detailed descriptions and instructions for receiving shipments of inventory, inventory tracking, recordkeeping and record retention practices related to inventory. We also have comprehensive standard operating procedures in place for performing inventory reconciliation, and ensuring the accuracy of inventory tracking and recordkeeping. We maintain accurate records of our inventory at all licensed facilities. Adherence to our standard operating procedures is mandatory and ensures that our operations are compliant with the rules set forth by the applicable state and local laws, regulations, ordinances, licenses and other requirements. We ensure adherence to standard operating procedures by regularly conducting internal inspections and ensures that any issues identified are resolved quickly and thoroughly.

We maintain strict compliance guidelines with respect to online reservations of products. No purchase and sale transactions may be completed online. A patient, patient's primary caregiver or customer may reserve products online, but the patient or customer must be physically present at one of our dispensaries to complete the transaction. This requirement allows our dispensary staff to ensure that our standard operating procedures (including its compliance programs) are applied to all patients, patient's primary caregivers and customers in connection with the purchase and sale of products.

In jurisdictions where medical cannabis is legal, upon arrival of the patient or the patient's primary caregiver at the applicable dispensary, dispensary staff must verify the patient's or the patient's primary caregiver's identity and credentials (such as a state-issued medical cannabis card) and confirm the patient's allotment amount to ensure the user is not exceeding the state's dispensing limits. Once the foregoing is verified, the patient or the patient's primary caregiver may pay for the products to complete the purchase. If the customer does not have valid identification and credentials, the customer will not be able to purchase medical cannabis at the applicable dispensary, irrespective of any reservations made online.

In jurisdictions where recreational cannabis is legal, upon arrival at the dispensary, a customer must present government-issued photo identification to verify they are at least 21 years of age. Once the identification is verified, the customer may pay for the products to complete the transaction. If the customer does not have valid identification, the customer will not be able to purchase recreational cannabis at the applicable Company dispensary, irrespective of any reservations made online.

We will continue to monitor compliance on an ongoing basis in accordance with our compliance program and standard operating procedures. While our operations are in full compliance with all applicable state laws, regulations and licensing requirements, such activities remain illegal under federal law. For the reasons described above and the risks further described in the section entitled "*Risk Factors*," there are significant risks associated with our business. Readers of this prospectus are strongly encouraged to carefully read all of the risk factors contained in "*Risk Factors*."

State Regulation of Cannabis

The risk of federal enforcement and other risks associated with our business are described in the section entitled *"Risk Factors."*

Following the thesis that distributing brands at scale will win, we enter markets where we believe that we can profitably and sustainably operate and command significant market share, and thus maximize consumer and brand awareness. The regulatory frameworks enacted by the states, which are similar to the limited and controlled issuance

of gaming or alcohol distributorship licenses, provide macro-level indication of whether certain state markets will be sustainable and profitable.

Below is a summary overview of the regulatory and competitive frameworks in each of our operating markets.

Illinois

Illinois Regulatory Landscape

In January 2014, the Compassionate Use of Medical Cannabis Pilot Program Act, which allows individuals diagnosed with certain debilitating or "qualified" medical conditions to access medical cannabis, became effective. There are over 35 qualifying conditions as part of the medical program, including epilepsy, traumatic brain injury, and post-traumatic stress disorder. In January 2019, the Illinois Department of Health launched the Opioid Alternative Pilot Program, that allows individuals who have/could receive a prescription for opioids to access medical cannabis.

On August 28, 2018, Public Act 100-1114, the Alternative to Opioids Act of 2018, was signed into law, making changes to the Compassionate Use of Medical Cannabis Pilot Program Act. The Public Act created the Opioid Alternative Pilot Program ("**OAPP**"), which allows access to medical cannabis for individuals who have or could receive a prescription for opioids as certified by a physician licensed in Illinois.

On August 12, 2019 Governor J.B. Pritzker signed into law legislation that made the program permanent and added 11 conditions to the existing program.

In June 2019, Illinois legalized adult-use cannabis pursuant to the Cannabis Regulation and Tax Act (the "**IL Act**"). Effective January 1, 2020, Illinois residents 21 years of age and older may possess up to 30 grams of cannabis (non-residents may possess up to 15 grams). The IL Act authorizes the Illinois Department of Financial and Professional Regulation (the "**IDFPR**") to issue up to 75 Conditional Adult Use Dispensing Organization licenses before May 1, 2020 and an additional 110 conditional licenses during 2021 (no person may hold a financial interest in more than 10 dispensing organizations). Existing medical dispensaries were able to apply for an "Early Approval Adult Use Dispensing Organization License" to serve adult purchasers at an existing medical dispensary or at a secondary site. The IDFPR also held an application period for Conditional Adult Use Cannabis Dispensary Licenses from December 10, 2019 through January 2, 2020. To date, the IDFPR has granted a total of 82 Adult-Use Dispensing Licenses. According to the Cowen report, Charting Cannabis: A U.S. State Level Deep Dive, published February 19, 2020, there were 55 open dispensaries in Illinois as of the end of 2019.

The Illinois Department of Agriculture (the "**IL Ag. Department**") is authorized to make up to 30 cultivation center licenses available for medical and adult-use programs. As with existing medical dispensaries, existing cultivation centers were able to apply for an "Early Approval Adult Use Cultivation Center License." The IL Ag. Department issued approximately 21 Early Approval Adult Use Cultivation Center licenses to date. No person can hold a financial interest in more than three cultivation centers, and the centers are limited to 210,000 square feet of canopy space. Cultivation centers are also prohibited from discriminating in price when selling to dispensaries, craft growers, or infuser organizations. The IL Ag. Department was also permitted to license up to 40 craft growers and 40 infuser organizations by July 1, 2020 and another 60 of each license type by the end of 2021. License awards will likely be delayed due to the COVID-19 pandemic and legal actions taken by applicants. The IL Ag. Department recently closed an application period for craft growers, infusers and cannabis transporters.

The IL Act imposes several operational requirements on adult-use licensees and requires prospective licensees to demonstrate their plans to comply with such requirements. For example, applicants for dispensary licenses must include an employee training plan, a security plan, recordkeeping and inventory plans, a quality control plan and an operating plan.

Licensees must establish methods for identifying, recording, and reporting diversion, theft, or loss, correcting inventory errors, and complying with product recalls. Licensees also must comply with detailed inventory, storage,

and security requirements. Cultivation licenses are subject to similar operational requirements, such as complying with detailed security and storage requirements, and must also establish plans to address energy, water, and waste-management needs. Dispensary licenses will be renewed bi-annually, and cultivation licenses, craft grower licenses, infuser organization licenses, and transporter licenses will be renewed annually.

The IL Ag. Department is authorized to promulgate, and has promulgated, regulations for cultivators, craft growers, infuser organizations, and transporting organizations. The IDFPR is authorized to regulate dispensaries but has not yet issued adult-use regulations. Therefore, currently licensed adult-use retail operations are governed by the IL Act and adult-use retail applications submitted during the application window which closed on January 2, 2020 will be evaluated under and in accordance with the IL Act.

Illinois Licenses

Illinois licenses four types of cannabis businesses within the state: (1) cultivation; (2) processing; (3) transportation; and (4) dispensary. All cultivation, craft growers, infusers, and transporting establishments must register with the Illinois Department of Agriculture. All dispensaries must register with the IDFPR. If applications contain all required information, establishments are issued a cannabis establishment registration certificate. Registration certificates are valid for a period of one year and are subject to strict annual renewal requirements.

HealthCentral LLC has been issued a total of six dispensary licenses, two medical licenses and four adult use licenses. Revolution Cannabis-Barry LLC has been issued two cultivation licenses, one medical license and one adult use license. MOCA LLC is licensed to operate two dispensaries and has been issued a total of three dispensary licenses, one medical and two adult use licenses. On December 14, 2020, we entered into a definitive agreement to acquire Midway Dispensary. The transaction is conditioned on approval of the IDFPR prior to close.

Illinois Storage and Security

Both our cultivation center and our dispensaries are required to store cannabis in restricted-access areas. Our dispensaries must store inventory on-site in a secured and restricted-access area and enter information into Illinois' tracking system as required by law and IDFPR rules. Any cannabis or cannabis products in an open or defective package, which have expired, or which the company otherwise has reason to believe have been opened or tampered with must be segregated in secure storage until promptly and properly disposed of.

Dispensaries are also required to implement security measures designed to deter and prevent unauthorized entry into the facility (and restricted-access areas) and theft, loss or diversion of cannabis or cannabis products. In this respect, dispensaries must maintain a commercial grade alarm and surveillance system installed by an Illinois licensed private alarm contractor or private alarm contractor agency. Dispensaries must also implement various security measures designed to protect the premises, customers and dispensing organization agents (employees).

Illinois Reporting Requirements

Illinois uses BioTrack THC as its track and trace ("**T&T**") system. All dispensing organization licensees are required to use a real-time, web-based inventory tracking/point-of-sale system that is accessible to IDFPR at any time, and at a minimum, tracks the date of sale, amount, price, and currency. We use BioTrack THC for inventory management and LeafLogix as a point-of-sale system. Licensees are also required to track each sales transaction at the time of the sale, daily beginning and ending inventory, acquisitions (including information about the supplier and the product) and disposal.

Illinois Transportation Requirements

Currently, licensed cultivation centers may transport cannabis and cannabis products in accordance with certain guidelines. For receiving products, dispensing organizations must receive a copy of the shipping manifest prepared by the cultivation center in advance of transport and is required to check the product delivered against such manifest at the time of delivery. All cannabis and cannabis products must be packaged in properly labeled and sealed containers. Dispensaries may not accept products that are mislabeled, products that have labels missing or when packaging is opened or tampered with.

U.S. Attorney Statements in Illinois

To the knowledge of management, other than as disclosed in this prospectus, there have not been any statements or guidance made by federal authorities or prosecutors regarding the risk of enforcement action in Illinois. See "*Risk Factors - U.S. State regulation of cannabis is uncertain*."

Massachusetts

Massachusetts Regulatory Landscape

The Massachusetts Medical Use of Marijuana Program (the "**MA Program**") was formed pursuant to the Act for the Humanitarian Medical Use of Marijuana (the "**MA ACT**"). The MA Program allows registered persons to purchase medical cannabis and applies to any patient, personal caregiver, Medical Marijuana Treatment Center (each, a "**MTC**"), and MTC agent that qualifies and registers under the MA Program. To qualify, patients must suffer from a debilitating condition as defined by the MA Program. Currently there are eight conditions that allow a patient to acquire cannabis in Massachusetts, including AIDS/HIV, ALS, cancer and Crohn's disease. As of May 31, 2019, approximately 59,000 patients have been registered to purchase medical cannabis products in Massachusetts. The MA Program is administrated by the Cannabis Control Commission of Massachusetts (the

"**CCC**"). According to the Cowen report, Charting Cannabis: A U.S. State Level Deep Dive, published February 19, 2020, there were 52 open dispensaries in Massachusetts as of the end of 2019.

In November 2016, Massachusetts voted affirmatively on a ballot petition to legalize and regulate cannabis for adult-use. The Massachusetts legislature amended the law on December 28, 2016, delaying the date adult-use cannabis sales would begin by six months. The delay allowed the legislature to clarify how municipal land-use regulations would treat the cultivation of cannabis and authorized a study of related issues. After further debate, the state House of Representatives and state Senate approved H.3818 which became Chapter 55 of the Acts of 2017, An Act to Ensure Safe Access to Marijuana, and established the CCC. The CCC consists of five commissioners and regulates both the Adult Use and Medical Use of Marijuana programs. Sales of adult-use cannabis in Massachusetts started in July 2018. Adult use cannabis in Massachusetts is regulated under M.G.L. ch. 94G and 935 CMR 500 et seq.

Under the MA Program, MTCs are heavily regulated. Vertically integrated MTCs grow, process, and dispense their own cannabis. As such, each MTC is required to have a retail facility as well as cultivation and processing operations, although retail operations may be separate from grow and cultivation operations. An MTC's cultivation location may be in a different municipality or county than its retail facility.

The MA Program mandates a comprehensive application process for MTCs. Each Registered Marijuana Dispensary (each, a "**RMD**") applicant must submit a Certificate of Good Standing, comprehensive financial statements, a character competency assessment, and employment and education histories of the senior partners and individuals responsible for the day-to-day security and operation of the MTC. Municipalities may individually determine what local permits or licenses are required if an MTC wishes to establish an operation within its boundaries.

Massachusetts Licenses

MassGrow LLC has been issued one cultivation and one provisional manufacturing processing license and Ascend Mass LLC has been issued one retail license and two provisional retail licenses.

The below table lists our Massachusetts licenses:

Entity	License Number	City	Expiration Date / Renewal Date	Description
MassGrow, LLC	MC281488	Athol	08/12/2021	Adult Use Cultivation License
MassGrow, LLC	MP281460	Athol	07/13/2021	Manufacturing Processing Provisional License
Ascend Mass, LLC	MR282077	Boston	01/15/2022	Adult Use License
Ascend Mass, LLC	MRN282837	Newton	06/05/2021	Adult Use Provisional License
Ascend Mass, LLC	MRN283075	New Bedford	08/07/2021	Adult Use Provisional License

Each Massachusetts dispensary, grower and processor license is valid for one year and must be renewed no later than 60 calendar days prior to expiration. As in other states where cannabis is legal, the CCC can deny licenses and renewals for multiple reasons, including (per 935 CMR 500.400) (1) failure to complete the application process within the required time period; (2) submission of deceptive, misleading, or fraudulent information, (3) an indication of an inability to maintain and operate a compliant cannabis establishment, (4) determination of unsuitability pursuant to, for example, certain criminal convictions, (5) failure to comply with cannabis license control limitations, (6) rejection of revocation of another cannabis license in Massachusetts or elsewhere; or (7) any other ground that serves the purposes of the law. Revocations can also be based on (per 935 CMR 500.450) (1) failure to

submit or implement a plan of correction; (2) attempting to assign ownership to another entity or making other significant changes without proper permission, (3) lack of responsible operation of a cannabis establishment, (4) maintaining a substandard level of compliance with applicable statutory and regulatory requirements, (5) financial insolvency; (6) failure to cooperate with law enforcement, (7) violation of the safety, health, or welfare of the public; or (8) committing, permitting, aiding, or abetting of any illegal practices in the operation of the cannabis establishment. Additionally, license holders must ensure that no cannabis is sold, delivered, or distributed by a producer from or to a location outside of the state.

Regulation of the Adult-Use Cannabis Market in Massachusetts

Adult-use cannabis has been legal in Massachusetts since December 15, 2016, following a ballot initiative in November of that year. The CCC, a regulatory body created in 2018, licenses adult-use cultivation, processing and dispensary facilities (collectively, "**Marijuana Establishments**" or "**MEs**") pursuant to 935 CMR 500.000 et seq. The first adult-use cannabis facilities in Massachusetts began operating in November 2018.

Massachusetts Licensing Requirements (Adult-Use)

Applicants must submit proof of being an entity registered to do business in Massachusetts, as well as a list of all people and entities having direct or indirect control of the business, documentation of any such people or entities' other business interests, details of the amounts and sources of capital resources, and documentation of a bond or escrow account. Furthermore, the applicant must provide a specific address for the location of the establishment, proof of a property interest in that address, documentation that the applicant has a "host community agreement" with the municipality, and documentation that the applicant has held at least one community outreach meeting. The applicant must also provide a description of plans to ensure that the cannabis establishment will be compliant with all applicable laws and regulations, and also a specific plan to positively impact areas of disproportionate impact (geographical locations in the state which have had historically high rates of arrest, conviction, and incarceration related to cannabis crimes). The application also requires payment of a fee.

All individuals identified as having direct or indirect control in the license must undergo an extensive background check that includes criminal, civil, and regulatory records; certain criminal convictions, civil actions, or regulatory infractions may trigger a finding of unsuitability

Each license applicant must submit detailed information about its business registration, certificates of good standing, and a plan to obtain liability insurance. The application must include a detailed business plan, a detailed summary of operating policies and procedures addressing issues like security, storage, prevention of diversion, transportation, inventory practices, recordkeeping, and a specific diversity plan demonstrating promotion of equity among people of color, women, veterans, persons with disabilities, and LGBTQ+ individuals. Such plans must have specific goals and measurable outcomes that will be monitored and updated through the entire existence of the cannabis establishment.

Pursuant to 935 CMR 500.050, no person or entity may own or have direct or indirect control over more than three licenses in each Marijuana Establishment category (i.e., cannabis retailer, cannabis cultivator, cannabis product manufacturer). Additionally, there is a 100,000 square foot cultivation canopy restriction for adult-use licenses.

Massachusetts Dispensary Requirements (Adult-Use)

Cannabis retailers may purchase, transport, sell, repackage, or otherwise transfer cannabis and cannabis products to consumers. On-site consumption is prohibited. All permitted cannabis-related activities must take place solely at the licensed address.

All cannabis establishment employees must receive at least eight hours of training annually. A total of four hours of training shall be from Responsible Vendor Training Program courses established under 935 CMR 500.105(2)(b). The remaining four hours may be conducted in-house by the cannabis establishment as on-the-job training.

All cannabis establishments must have written operating procedures addressing security measures, employee security policies, descriptions of operating hours and after-hours contact information, storage and waste disposal, product descriptions, price list, recordkeeping, quality control, staffing, emergency procedures, alcohol/smoke/drug-free workplace policies, confidential information handling, plans for immediate dismissal of employees who divert cannabis, engage in unsafe practices or are convicted of certain crimes, board of directors and members list, cash handling, prevention of diversion, energy efficiency, and workplace safety. Retail establishments must also have plans to check the identification of each customer both upon entering the store and again at the point of sale. No one under 21 is permitted to purchase cannabis or to be on the premises. Retail stores must ensure that customers purchase no more than one ounce of cannabis (or its equivalent in other forms) per day. Retailers also have the right to refuse sales to customers, for example, those that appear to be impaired by the influence of substances.

The retail point of sale system must be approved by both the CCC and the state Department of Revenue. It must be integrated with Metrc, the state's seed-to-sale tracking system. The system must also be audited on a monthly basis to ensure that no additional software has been installed that could alter sales data.

Cannabis retailers must have available extensive consumer education materials, including in languages other than English.

Massachusetts Security and Storage Requirements (Adult-Use)

Each Marijuana Establishment must implement sufficient safety measures to deter and prevent unauthorized entrance into areas containing cannabis and theft of cannabis at the establishment. Security measures taken by the establishments to protect the premises, employees, consumers and general public must include, but not be limited to, the following:

- positively identifying individuals seeking access to the premises of the Cannabis Establishment or to whom or cannabis products are being transported pursuant to 935 CMR 500.105(13) to limit access solely to individuals 21 years of age or older;
- adopting procedures to prevent loitering and ensure that only individuals engaging in activity expressly or by necessary implication permitted by the regulations and its enabling statute are allowed to remain on the premises;
- disposing of cannabis in accordance with 935 CMR 500.105(12) in excess of the quantity required for normal, efficient operation as established within 935 CMR 500.105;
- securing all entrances to the Marijuana Establishment to prevent unauthorized access;
- establishing limited access areas pursuant to 935 CMR 500.110(4), which shall be accessible only to specifically authorized personnel limited to include only the minimum number of employees essential for efficient operation;
- storing all finished cannabis products in a secure, locked safe or vault in such a manner as to prevent diversion, theft and loss;
- keeping all safes, vaults, and any other equipment or areas used for the production, cultivation, harvesting, processing or storage of cannabis products securely locked and protected from entry, except for the actual time required to remove or replace cannabis;
- keeping all locks and security equipment in good working order;
- prohibiting keys, if any, from being left in the locks or stored or placed in a location accessible to persons other than specifically authorized personnel;
- prohibiting accessibility of security measures, such as combination numbers, passwords or electronic or biometric security systems, to persons other than specifically authorized personnel;
- ensuring that the outside perimeter of the Marijuana Establishment is sufficiently lit to facilitate surveillance, where applicable;
- ensuring that all cannabis products are kept out of plain sight and are not visible from a public place without the use of binoculars, optical aids or aircraft;
- developing emergency policies and procedures for securing all product following any instance of diversion, theft or loss of cannabis, and conduct an assessment to determine whether additional safeguards are necessary;

- developing sufficient additional safeguards as required by the CCC for Marijuana Establishments that present special security concerns;
- establishing procedures for safe cash handling and cash transportation to financial institutions to prevent theft, loss and associated risks to the safety of employees, customers and the general public;
- sharing the establishment's floor layout with law enforcement and as required by the municipality to identify the use of any flammable or combustible solvents, chemicals, or other such materials in use; and
- sharing the Marijuana Establishment's security plan and procedures with law enforcement authorities and fire services and periodically updating law enforcement authorities and fire services if the plans or procedures are modified in a material way.

Cannabis must be stored in special limited access areas, and alarm systems must meet certain technical requirements, including a failure notification system, perimeter alarms on all entry and exit points, duress/panic alarms, and video surveillance in all areas where cannabis or cash is kept and at all points of entry and exit. The surveillance system must have the ability to record footage 24 hours a day and to retain such footage for at least 90 days. The systems must be angled so as to allow for the capture of clear identification of any person entering or existing the establishment and must be able to remain operational for a minimum of four hours in the event of a power outage. Regular audits are required every 30 days.

Massachusetts Transportation Requirements (Adult-Use)

Cannabis products may only be transported between licensed MEs by registered Marijuana Establishment agents. A licensed cannabis transporter may contract with a licensed Marijuana Establishment to transport that licensee's cannabis products to other licensed establishments. The originating and receiving licensed establishments shall ensure that all transported cannabis products are linked to METRC, Massachusetts' seed-to-sale tracking program. For the purposes of tracking, seeds and clones will be properly tracked and labeled in a form and manner determined by the CCC. Any cannabis product that is undeliverable or is refused by the destination Marijuana Establishment shall be transported back to the originating establishment. All vehicles transporting cannabis products shall be staffed with a minimum of two Marijuana Establishment agents. At least one agent shall remain with the vehicle at all times that the vehicle contains cannabis or cannabis products. Prior to the products leaving a Marijuana Establishment for the purpose of transporting cannabis products, the originating Marijuana Establishment must weigh, inventory, and account for, on video, all cannabis products to be transported. Within eight hours after arrival at the destination Marijuana Establishment, the destination establishment must re-weigh, re-inventory, and account for, on video, all cannabis products transported. When videotaping the weighing, inventorying, and accounting of cannabis products before transportation or after receipt, the video must show each product being weighed, the weight, and the manifest. Cannabis products must be packaged in sealed, labeled, and tamper or child-resistant packaging prior to and during transportation. In the case of an emergency stop during the transportation of cannabis products, a log must be maintained describing the reason for the stop, the duration, the location, and any activities of personnel exiting the vehicle. A Marijuana Establishment or a cannabis transporter transporting cannabis products is required to ensure that all transportation times and routes are randomized. An establishment or transporter transporting cannabis products shall ensure that all transport routes remain within Massachusetts. All vehicles and transportation equipment used in the transportation of cannabis products or edibles requiring temperature control for safety must be designed, maintained, and equipped as necessary to provide adequate temperature control to prevent the cannabis products or edibles from becoming unsafe during transportation, consistent with applicable requirements pursuant to 21 CFR 1.908(c).

Vehicles used for transport must be owned or leased by the Marijuana Establishment or transporter, and they must be properly registered, inspected, and insured in Massachusetts All vehicles must be equipped with a video system that includes at least one camera in the storage area and at least one camera in the driver area. All cameras must remain functional throughout the entire transportation process. All vehciles must also be equipped with an alarm system, and functioning heating and air conditioning. Cannabis may not be visible from outside the vehicle, and it must be transported in a secure, locked storage compartment. The vehicle may not have any external markings indicating that it is used to transport cannabis. Each vehicle must have a global positioning system, and any agent transporting cannabis must have access to a secure form of communication with the originating location. Firearms

are forbidden in side the vehicle or on the person of an agent. Each transport must have a manifest filled out in triplicate.

Massachusetts CCC Inspections

The CCC or its agents may inspect a Marijuana Establishment and affiliated vehicles at any time without prior notice in order to determine compliance with all applicable laws and regulations. All areas of a Marijuana Establishment, all Marijuana Establishment agents and activities, and all records are subject to such inspection. Marijuana establishments must immediately upon request make available to the CCC all information that may be relevant to a CCC inspection, or an investigation of any incident or complaint. A Marijuana Establishment must make all reasonable efforts to facilitate the CCC's inspection, or investigation of any incident or complaint, including the taking of samples, photographs, video or other recordings by the CCC or its agents, and to facilitate the CCC's interviews of Marijuana Establishment agents. During an inspection, the CCC may direct a Marijuana Establishment to test cannabis for contaminants as specified by the CCC, including but not limited to mold, mildew, heavy metals, plant-growth regulators, and the presence of pesticides not approved for use on cannabis by the Massachusetts Department of Agricultural Resources.

Moreover, the CCC is authorized to conduct a secret shopper program in retail establishments to ensure compliance with all applicable laws and regulations.

U.S. Attorney Statements in Massachusetts

On July 10, 2018, the U.S. Attorney for the District of Massachusetts, Andrew Lelling, issued a statement regarding the legalization of adult-use cannabis in Massachusetts. Mr. Lelling stated that since he has a constitutional obligation to enforce the laws passed by Congress, he would not immunize the residents of Massachusetts from federal law enforcement. He did state, however, that his office's resources would be primarily focused on combating the opioid epidemic. He stated that considering those factors and the experiences of other states that have legalized adult-use cannabis, his office's enforcement efforts would focus on the areas of (i) overproduction, (ii) targeted sales to minors, and (iii) organized crime and interstate transportation of drug proceeds.

To the knowledge of management, other than as disclosed in this prospectus, there have not been any statements or guidance made by federal authorities or prosecutors regarding the risk of enforcement action in Massachusetts. See "*Risk Factors - U.S. State regulation of cannabis is uncertain.*"

Michigan

Michigan Regulatory Landscape

In 2008, the Michigan Compassionate Care Initiative established a medical cannabis program for serious and terminally ill patients. This program, which was approved by the House but not acted upon and defaulted to a public initiative on the November ballot. Proposal 1 was approved by 63% of voters on November 8, 2008. Proposal 1 was then written into law and approved by Michigan's lawmakers in December 2008. The resulting Act became the Michigan Medical Marihuana Act ("**MMMA**"). The MMMA provides access to state residents to cannabis and cannabis related products under one of 11 debilitating conditions, including epilepsy, cancer, HIV/AIDS, cancer and post-traumatic stress disorder. In July 2018, the Medical Marihuana Facility Licensing Division approved 11 additional conditions to the list of aliments to qualify for medical cannabis. The additional 11 include chronic pain, colitis and spinal cord injury.

In 2016, the Michigan legislature passed two new acts and also amended the original MMMA. The first act, the Medical Marihuana Facilities Licensing Act ("**MMFLA**"), effective December 20, 2016 and amended effective January 1, 2019, establishes a licensing and regulation framework for medical cannabis growers, processors, secure transporters, provisioning centers, and safety compliance facilities. The second act establishes a "seed-to-sale" system to track cannabis that is grown, processed, transferred, stored, or disposed of under the MMFLA.

In November of 2018 Michigan voters, through another public ballot initiative approved the Michigan Regulation and Taxation of Marihuana Act ("**MRTMA**") legalizing and establishing a licensing and regulatory framework for adult-use growers, processors, secure transporters, retailers, microbusinesses, event organizers, designated consumption, and safety compliance establishments. The proposal was approved by nearly 56% of the voters. The state began taking applications for such on November, 1, 2019 and the first sales of adult-use marihuana took place on December 1, 2019. According to the Cowen report, Charting Cannabis: A U.S. State Level Deep Dive, published February 19, 2020, there were 125 open dispensaries in Michigan as of the end of 2019.

The Marihuana Regulatory Agency ("**MRA**") is a separate bureau within the Michigan Department of Licensing and Regulatory Affairs and is responsible for the oversight of cannabis in Michigan. The MRA consists of the Medical and Adult Marihuana Licensing, Compliance, Legal and Enforcement Divisions and the Michigan Medical Marihuana Program Division. The MRA is responsible for issuing cards to medical cannabis patients, and oversight and licensing of medical facilities and adult-use establishments.

The MRA and State of Michigan are attempting to combine the medical and adult-use markets. On June 22, 2020 Final Administrative rules covering both the MMFLA and MRTMA were filed with the Michigan Secretary of State. Draft bills combining the MMFLA and MRTMA drafted by the Legislative Service Bureau Legal Division were circulated during the 2019-2020 legislative session, but did not receive a vote in the both legislative bodies.

Under both the MMFLA and MRTMA Michigan municipalities can choose if they will allow cannabis establishments or facilities, and the type and number of establishments or facilities within their jurisdiction. This includes licensing and zoning ordinances for many municipalities. Because each municipality is able to devise a unique set of rules for cannabis licenses, each facility or establishment in a different Michigan municipality may be subject to a different set of local ordinances.

Michigan Storage and Security Requirements

Michigan establishments must meet the security requirements as set forth in the MRTMA, MMFLA and Administrative Rules. As such, establishments are required to include a security plan in their state license applications. The plan and required security measures include, but are not limited to, ensuring that visitors are escorted by an employee at all times; maintaining commercial locks or electronic access on all doors and windows; having an alarm system at the establishment; having a video surveillance system that records all areas where marihuana products are weighed, packed, stored, loaded, and unloaded for transportation, prepared, or moved; recording the access point to the surveillance system; recording the exterior and interior of entrances and exits;

recording all areas within 20 feet of exits of the establishment; recording in 720p resolution or higher; ensuring sufficient lighting for recording; maintaining recordings for at least 30 days and a log of all those with access to the surveillance system. General requirements for all cannabis business can be found in Michigan Administrative Rule 420.206.

Michigan Transportation Requirements

Transportation of cannabis to establishments takes place via State licensed secure transporters. Transported products are entered into a manifest and the Michigan T&T system. Products are picked up from cultivators and processors by secure transporters and then delivered to destinations. For adult use products licensed transporters may also transfer products between our retail locations. A transporter must transport all cannabis products in a locked, secured, and sealed container that is not accessible while in transit. The container must be secured by a locked closed lid or door. Cannabis product must be labeled and kept in separate compartments or containers within the main locked, secured, and sealed container. If the transporter transports money associated with the purchase or sale of cannabis product between businesses, the transporter shall lock the money in a sealed container kept separate from the cannabis product and only accessible to the licensee and its employees. A transporter cannot maintain custody of the cannabis product for more than 96 hours without permission from the MRA.

Michigan Reporting Requirements

Michigan establishments must maintain on-site, or have electronic access to, all records of the establishment. Records are defined as books, ledgers, documents, writings, photocopies, correspondence, electronic storage media, electronically stored records, money receptacles, equipment in which records are stored, including data or information in the statewide monitoring system, or any other document that is used for recording information. Additionally, establishments must provide the state with an audited annual financial report every year. This report must be conducted by an independent certified public accountant and includes information including but not limited to: sampling of all transaction done by the organization over the course of the year; employees and employment; bank accounts; management, revenues, METRC transactions, vendors, taxes, ownership and distributions, outsourcing, licensing agreements, and independent contractors. Additionally, licensees must report any change to operations, officers, owners, members, managers, applicants; changes in processing machinery or equipment, violations or local ordinances, changes in named applicant; changes in names; conveyances of interest in a license; modifications to businesses or business plans between inspections or submissions; changes in capacities; changes to ingress or egress; adverse reactions to marihuana products; criminal convictions, charges, civil judgements, lawsuits, legal proceedings, charges, or governmental investigations; employee discipline for misconduct related to product sales or transfers; diversion; theft; and any suspected criminal activity on the premises. The above issues, depending on the type, must be reported either before the change, within 24 hours thereof or within 10 days of notice thereof.

Michigan Site-Visits and Inspections

The MRA or its agents may inspect an establishment at any time without prior notice in order to determine compliance with all applicable laws and regulations. All areas of an establishment, all establishment agents and activities, and all records are subject to such inspection. Establishments must immediately upon request make available to the MRA all information that may be relevant to a MRA inspection, or an investigation of any incident or complaint.

MRA agents conduct initial inspections, an inspection within 30 days of operation, and then bi-annual inspections thereafter. The Michigan Bureau of Fire Services also conducts initial and bi-annual inspections of establishments.

U.S. Attorney Statements in Michigan

On November 8, 2018, United States Attorneys Matthew Schneider and Andrew Birge for the Eastern and Western Districts of Michigan, respectively, issued a joint statement regarding the legalization of adult-use cannabis in Michigan. They stated that since they had taken oaths to protect and defend the Constitution and the laws of

the United States, they would not immunize the residents of Michigan from federal law enforcement. They stated that they would continue to the investigation and prosecution of cannabis crimes as they do with any other crime. They stated they would consider the federal law enforcement priorities set by the DOJ, the seriousness of the crime, the deterrent effect of prosecution, and the cumulative impact of the crime on a community, while also considering their ability to prosecute with limited resources. They stated that combating illegal drugs was just one of many priorities, and that even within the area of drugs, they were focused on combating the opioid epidemic. They stated that they have not focused on prosecution of low-level offenders, which they stated would not change (unless aggravating factors were present). They did state that certain crimes involving cannabis could pose serious risks and harm to a community, including interstate trafficking, involvement of other illegal drugs or activity, persons with criminal records, presence of firearms or violence, criminal enterprises, gangs and cartels, bypassing local laws and regulations, potential for environmental contamination, risks to minors, and cultivation on federal property.

To the knowledge of management, other than as disclosed in this prospectus, there have not been any statements or guidance made by federal authorities or prosecutors regarding the risk of enforcement action in Michigan. See "*Risk Factors - U.S. State regulation of cannabis is uncertain.*"

New Jersey

New Jersey Regulatory Landscape

New Jersey's medical cannabis program was introduced in January 2010 when then Governor Corzine signed the New Jersey Compassionate Use Medical Marijuana Act into law which legalized medical cannabis for patients with certain enumerated qualifying conditions. Medical cannabis sales began in December 2012 and as of the first quarter of 2021, there were 10 licensed and operational ATCs dispensing medical cannabis to patients. However, the state has accepted applications for satellite dispensaries for those operators, and we expect additional locations to open by the end of calendar year 2021. According to the Cowen report, Charting Cannabis: A U.S. State Level Deep Dive, published February 19, 2020, there were six open medical dispensaries in New Jersey as of the end of 2019.

In March 2018, under the direction of Governor Phil Murphy, who campaigned on a platform that included cannabis legalization, the New Jersey Department of Health ("**NJ DOH**") issued the Executive Order 6 Report, which immediately expanded the medical cannabis program in numerous ways including adding chronic pain and anxiety as qualifying conditions, doubling the monthly product limit, and permitting current licensees to open satellite dispensaries. In August 2018, the NJ DOH began accepting applications for the licensing of six additional ATCs, and those licenses were awarded in December 2018. In August 2019, the NJ DOH accepted applications for the licensing of 24 additional ATCs, divvied among three regions (northern, central, southern) and three forms of endorsements (cultivation, dispensary, vertically integrated).

ATC licenses are awarded by a selection committee that evaluates applicants on the following general criteria: (1) submittal of mandatory organizational information; (2) ability to meet the overall health needs of qualified patients and safety of the public; (3) history of compliance with regulations and policies governing government-regulated cannabis programs; (4) ability and experience of applicant in ensuring an adequate supply of cannabis; (5) community support and participation; (6) ability to provide appropriate research data; (7) experience in cultivating, manufacturing, or dispensing cannabis in compliance with government-regulated cannabis programs; and (8) workforce and job creation plan. Information required to be submitted is wide-ranging, and includes identification information and background checks of principals, employees, directors, and other stakeholders, and evidence of compliance with certain state and local laws and ordinances.

ATCs are subject to a detailed regulatory scheme encompassing security, staffing, point-of-sale systems, manufacturing standards, hours of operation, delivery, advertising and marketing, product labeling, records and reporting, and more. As with all jurisdictions, the full regulations (N.J.A.C. 8:64 et seq.) should be consulted for further information about any particular operational area. For example (and not by limitation), ATCs are subject to a number of regulations regarding their policies, procedures, records, and reporting. For example, ATCs must develop oversight procedures; procedures to ensure safe growing and dispensing operations; security policies; inventory

protocols; disaster plans; pricing standards; and crime prevention plans and must maintain careful records, including organizational charts; facility documents; supply-and-demand projections; general business records; detailed sales records; and detailed personnel and training records. ATCs must provide substantial training for their employees and must maintain an alcohol and drug-free workplace.

Licenses are renewed annually, and applications therefore must be submitted 60-days prior to expiration of the license then in force and effect. Provided that the requisite renewal fees are paid, the renewal application is submitted in a timely manner, and there are no material violations associated with the license, license holders can expect to receive a renewal in the ordinary course of business.

On November 3, 2020, voters in New Jersey approved an amendment to the state's constitution to legalize cannabis for adult use in New Jersey. On February 22, 2021, New Jersey Governor Phil Murphy signed into law three bills which, taken together, give effect to the amendment and decriminalize small amounts of cannabis possession in New Jersey. The cultivation, processing and sale of cannabis for adult use purposes will remain prohibited until the new Cannabis Regulatory Commission establishes the regulatory framework for adult use cannabis.

New Jersey Licenses

Ascend New Jersey, LLC is permitted to open three dispensaries and one cultivation under its ATC license. Ascend New Jersey, LLC is an indirect subsidiary of the Company.

The below table lists our New Jersey licenses:

Entity	License Number	City	Expiration Date / Renewal Date	Description
Ascend New Jersey, LLC	9292020	Franklin	12/31/2021	Cultivation License
Ascend New Jersey, LLC	9292020	Montclair	12/31/2021	Medical License

New Jersey Storage and Security Requirements

All ATCs are required to provide effective controls and procedures to guard against theft and diversion of cannabis including, when appropriate, systems to protect against electronic records tampering. With respect to security and inventory protocols, ATCs are required to maintain security and alarm systems in good working order; test and inspect such security systems; employ policies to limit unauthorized access to areas containing cannabis; adopt security protocols to protect personnel; minimize exterior access and ensure the exterior of the facility has adequate lighting; and notify the proper authorities of reportable losses, security breaches, alarm activations, and electrical failures.

Further, all ATCs must install, maintain in good working order and operate a safety and security alarm system at its authorized physical address(es) that will provide suitable protection 24 hours a day, seven days a week against theft and diversion and that provides, at a minimum: (i) immediate automatic or electronic notification to alert state or local police agencies to an unauthorized breach of security at the ATC; and (ii) a backup system that activates immediately and automatically upon a loss of electrical support and that immediately issues either automatically or electronic notification to state or local police agencies of the loss of electrical support. ATCs must also implement appropriate security and safety measures to deter and prevent the unauthorized entrance into areas containing cannabis and the theft of cannabis and security measures that protect the premises, registered qualifying patients, registered primary caregivers and principal officers, directors, board members and employees of the ATC. Each ATC must establish a protocol for testing and maintenance of the security alarm system and conduct maintenance inspections and tests of the security alarm system at the ATC's authorized location at intervals not to exceed 30 days from the previous inspection and test, and it must promptly implement all necessary repairs to ensure the proper operation of the alarm system. In the event of a failure of the security alarm system due to a loss of electrical support or mechanical malfunction that is expected to last longer than eight hours, an ATC must notify NJ DOH and either

provide alternative security measures or close the affected facilities until service is restored. Finally, each ATC must equip its interior and exterior premises with electronic monitoring, video cameras, and panic buttons.

New Jersey Reporting Requirements

The reporting requirements for ATCs are governed by N.J.A.C. 8:64-4.3. The State of New Jersey allows ATCs to choose their method of electronic verification and a T&T system. In the course of operations, ATCs are required to conduct detailed monthly inventories and an annual comprehensive inventory. ATCs must retain records for at least two years.

New Jersey Site-Visits & Inspections

ATCs are subject to inspection by NJ DOH at any time, with or without notice. ATCs must provide immediate access to all facilities, materials, and information requested by NJ DOH. Failure to cooperate with an onsite assessment and or to provide access to the premises or information may be grounds to revoke the permit of the ATC and to refer the matter to state law enforcement agencies. If a problem is discovered, the ATC must notify NJ DOH in writing, with a postmark date that is within 20 business days of the date of the notice of violations, of the corrective actions the ATC has taken to correct the violations and the date of implementation of the corrective actions. Additionally, the NJ DOH is continually monitoring the operations of the ATC through our security and surveillance systems. The NJ DOH has the ability to access our surveillance system at any time and therefore may conduct a visual inspection of the premises at any time.

New Jersey Transportation Requirements

An ATC that is authorized by permit to cultivate medical cannabis at one location and to dispense it at a second location shall transport only usable cannabis from the cultivation site to the dispensing site according to a delivery plan submitted to the NJ DOH. Each vehicle must be staffed with at least two registered ATC employees. At least one delivery team member shall remain with the vehicle at all times that the vehicle contains medical cannabis. Each delivery team member shall have access to a secure form of communication with the ATC, such as a cellular telephone, at all times that the vehicle contains medical cannabis. Each delivery team member must possess their ATC employee identification card at all times and shall produce it to NJ DOH staff or law enforcement officials upon demand.

Each transport vehicle needs to be equipped with a secure lockbox or locking cargo area, which shall be used for the sanitary and secure transport of medical cannabis. Each ATC must maintain current commercial automobile liability insurance on each vehicle used for transport of medical cannabis in the amount of $1 million per incident. Each ATC must ensure that vehicles used to transport medical cannabis bear no markings that would either identify or indicate that the vehicle is used to transport medical cannabis, and each trip must be completed in a timely and efficient manner, without intervening stops or delays. Each ATC shall maintain a record of each transport of medical cannabis in a transport logbook, which must include dates and times of trips, names of employees on the delivery team, relevant facts about the products transported and the signatures of the delivery team.

ATCs must report any vehicle accidents, diversions, losses, or other reportable events that occur during transport to the permitting authority in accordance with New Jersey law.

Home delivery is not permitted under New Jersey law. An ATC may not deliver cannabis to the home or residence of a registered qualifying patient or primary caregiver.

U.S. Attorney Statements in New Jersey

Ohio

Ohio Regulatory Landscape

Effective September 8, 2016, House Bill 523 legalized the use of medical cannabis for 26 debilitating conditions as prescribed by a licensed physician. The Ohio Medical Marijuana Control Program ("**OMMCP**") allows people with certain medical conditions, including Alzheimer's disease, HIV/AIDS, ALS, cancer, traumatic brain injury, chronic pain, post-traumatic stress disorder and cachexia, to purchase medical cannabis. Though Ohio was required to implement a fully operational OMMCP by September 8, 2018 with a controlled system for cultivation, laboratory testing, physician/patient registration and dispensing, the timeline was delayed until November 2018. Regulatory oversight is shared between three offices; (a) the Ohio Department of Commerce with respect to overseeing cultivators, processors and testing laboratories; (b) the Ohio Board of Pharmacy with respect to overseeing retail dispensaries and the registration of patients and caregivers, and (c) the State Medical Board of Ohio with respect to certifying physicians to recommend medical cannabis. The OMMCP will permit limited product types including oils, tinctures, plant materials and edibles. Adult-use and the smoking of cannabis flower are prohibited. As of January 31, 2021, there were approximately 169,000 registered patients allowed to purchase cannabis products from a dispensary. According to the Cowen report, Charting Cannabis: A U.S. State Level Deep Dive, published February 19, 2020, there were 24 open dispensaries in Ohio as of the end of 2019.

Ohio Licenses

To be considered for approval of a provisional dispensary, cultivation or a processing license, the applicant must complete all mandated requirements. To obtain a certificate of operation for a medical cannabis dispensary, cultivation facility or processing facility, the prospective licensee must be capable of operating in accordance with Chapter 3796 of the Revised Code, the Medical Marijuana Control Program. Dispensary certificates of operation carry two-year terms, while certificates of operation for cultivators and processors must be renewed annually.

A certificate of operation will expire on the date identified on the certificate. A licensee will receive written or electronic notice 90 days before the expiration of its certificate of operation. The licensee must submit the renewal information at least 45 days prior to the date the existing certificate expires. The information required for the license renewal includes, but is not limited to, the following: (a) a roster that includes the dispensary's employees' names, (b) the history of compliance with regulations, and (c) the number and severity of any violations. If a licensee's renewal application is not filed prior to the expiration date of the certificate of operation, the certificate of operation will be suspended for a maximum of 30 days. After 30 days, if the dispensary has not successfully renewed the certificate of operation, including the payment of all applicable fees, the certificate of operations will be deemed expired.

BCCO, LLC holds a license to open one dispensary. Marichron Pharma, LLC holds a processing license. Hemma, LLC holds a license to open a cultivation facility. The closing of the transactions with BCCO, LLC and Hemma, LLC have been submitted to regulators for approval. We have entered into an agreement with Marichron Pharma, LLC and intend to submit the transaction for state approval once we are permitted to under state regulations, which we anticipate will be in the third quarter of 2021.

The below table lists the licenses held by our contractual parties hold in Ohio:

Entity	License Number	City	Expiration Date / Renewal Date	Description
BCCO, LLC	MMD.0700028	Carroll	12/4/2020*	Medical – Dispensary
Hemma, LLC	MMCPC0014	Monroe	09/10/2021	Medical Cultivation
Marichron Pharma, LLC	MMCPP00125	Monroe	01/17/2021*	Medical Processing

* Ohio Department of Commerce has extended the expiration date to 07/01/2021 due to COVID-19.

Ohio Storage Requirements

Ohio has selected METRC as the T&T system. Individual licensees, whether directly or through third-party APIs, are required to push data to the state to meet all reporting requirements. A holder of a processing or cultivation license must track and submit through the inventory tracking system any information the Ohio Department of Commerce determines necessary for maintaining and tracking medical cannabis extracts and products.

A holder of a cultivation license must conduct a weekly inventory of medical cannabis which includes (a) date of inventory; (b) amount of medical cannabis on hand; (c) total count of plants, whether in the flowering, vegetative, or clone phase of growth and organized by room in which the plants are being grown; (d) amount of medical cannabis sold since previous weekly inventory; (e) date, quantity, and method of disposal of medical cannabis; (f) summary of the inventory findings; and (g) name, signature, and title of the employees who conducted the inventory and oversaw the inventory. On an annual basis and as a condition for renewal of a cultivation license, a holder of a cultivation license must conduct a physical, manual inventory of the medical cannabis on hand at the cultivation facility and compare the findings to an annual inventory report generated using the inventory tracking system.

New York

New York Regulatory Landscape

In July 2014, the New York Legislature and Governor enacted the Compassionate Care Act (the "**CCA**") to provide a comprehensive, safe and effective medical cannabis program. The CCA provides access to the program to certified patients who suffer from one of 14 qualifying serious conditions including, debilitating or life-threatening conditions including cancer, HIV/AIDS, ALS and chronic pain. Certified patients must also have one of the following associated or complicating conditions: cachexia or wasting syndrome, severe or chronic pain, severe nausea, seizures, or severe or persistent muscle spasms, post-traumatic stress disorder, or opioid use disorder (if enrolled in a treatment program pursuant to Article 32 of the Mental Hygiene Law).

Pursuant to the CCA, only a limited number of product offerings are allowed including metered liquid or oil preparations, solid and semi-solid preparations (e.g. capsules, chewable and effervescent tablets), metered ground plant preparations, and topical forms and transdermal patches. Smoking medical cannabis is not allowed. Medical cannabis may not be incorporated into the food products unless approved by the Commissioner of Health and smoking of cannabis flower is prohibited. According to the Cowen report, Charting Cannabis: A U.S. State Level Deep Dive, published February 19, 2020, there were 35 open dispensaries in New York as of the end of 2019.

New York Licenses

The New York Department of Health ("**NYDOH**") approves entities to operate as "registered organizations" under the CCA. There are currently ten registered organizations. Each registered organization is vertically integrated and can operate one cultivation/processing facility and up to four dispensaries.

As described above, on February 25, 2021, we entered into the Investment Agreement with MedMen, under which we will, subject to regulatory approval, complete the Investment of approximately $73 million in MMNY, a registered organization in New York. MMNY holds a cultivation and four dispensary licenses.

The below table lists the New York licenses held by MMNY:

Entity	License Number	City	Expiration Date / Renewal Date	Description
MedMen NY, Inc.	MM0506D	Williamsville	07/31/2021	Dispensary
MedMen NY, Inc.	MM0502D	Lake Success	07/31/2021	Dispensary
MedMen NY, Inc.	MM0503D	New York	07/31/2021	Dispensary
MedMen NY, Inc.	MM0504D	Syracuse	07/31/2021	Dispensary
MedMen NY, Inc.	MM0501M	Utica	07/31/2021	Manufacturing

Licenses under New York's medical cannabis program are valid for two years from the date of issuance and registered organizations are required to submit a renewal application not more than six months nor less than four months prior to expiration. Registered organizations must ensure that no medical cannabis product is sold, delivered, transported or distributed by a producer from or to a location outside of New York.

New York Record-Keeping/Reporting

The NYDOH uses the BioTrack THC T&T system to track medical cannabis activity. Each month, each registered organization is required to file reports with the NYDOH which provides information showing all medical cannabis products dispensed during the month. All other data shall be pulled from the T&T system. The data must include (a) documentation, including lot numbers where applicable, of all materials used in the manufacturing of the approved medical cannabis product to allow tracking of the materials including but not limited to soil, soil amendment, nutrients, hydroponic materials, fertilizers, growth promoters, pesticides, fungicides, and herbicides, (b) cultivation, manufacturing, packaging and labeling production records, and (c) laboratory testing results. The records are required to be maintained for a period of five years.

New York Inventory/Storage Requirements

A record of all approved medical cannabis products that have been dispensed must be filed with the NYDOH electronically through BioTrack THC no later than 24 hours after the medical cannabis product was dispensed to the certified patient or designated caregiver. The information filed must include (a) a serial number for each approved medical cannabis product dispensed to the certified patient or designated caregiver, (b) an identification number for the registered organization's dispensing facility, (c) the patient's name, date of birth and sex, (d) the patient's address, including street, city, state and zip code, (e) the patient's registry identification card number, (f) if applicable, the designated caregiver's name and registry identification number, (g) the date the approved medical cannabis was filled by the dispensing facility, (h) the medical cannabis product drug code number, (i) the number of days of supply dispensed, (j) the registered practitioner's Drug Enforcement Administration number, (k) the date the written certification was issued by the registered practitioner, and (l) the payment method.

All cannabis must be stored in a secure area or location within the registered organization accessible only to a minimum number of employees essential for efficient operation and in such a manner as approved by the NYDOH in advance, to prevent diversion, theft or loss and against physical, chemical and microbial contamination and deterioration. Cannabis must be returned to its secure location immediately after completion of manufacture, distribution, transfer or analysis.

New York Security Requirements

All facilities operated by a registered organization, including any manufacturing facility and dispensing facility, must have a security system to prevent and detect diversion, theft or loss of cannabis and/or medical cannabis products, utilizing commercial grade equipment which includes, at a minimum (a) a perimeter alarm, (b) motion detectors, (c) video cameras in all areas that may contain cannabis and at all points of entry and exit, (d) a duress alarm, (e) a panic alarm, (f) a holdup alarm, (g) an automatic voice dialer, (h) a failure notification system, and (i) the ability to remain operational during a power outage.

The surveillance cameras must record 24 hours a day, seven days a week. Recordings from all video cameras must include a date and time stamp embedded on all recordings and must be readily available for immediate viewing by a state authorized representative upon request and must be retained for at least 90 days. A registered organization must test the security and surveillance equipment no less than semi-annually at each manufacturing and dispensing facility that is operated under the registered organization's registration. Records of security tests must be maintained for five years and be made available for inspection by the NYDOH.

New York Transportation Requirements

Prior to transporting any medical cannabis, a registered organization must complete a shipping manifest using a form determined by NYDOH. A copy of the shipping manifest must be transmitted to the destination that will receive the products and to NYDOH at least two business days prior to transport unless otherwise expressly approved NYDOH. The registered organization shall maintain all shipping manifests and make them available to the department for inspection upon request, for a period of 5 years.

Approved medical cannabis products must be transported in a locked storage compartment that is part of the vehicle transporting the cannabis and in a storage compartment that is not visible from outside the vehicle. An employee of a registered organization, when transporting approved medical cannabis products must (a) travel directly to his or her destination(s) and may not make any unnecessary stops in between, (b) ensure that all approved medical cannabis product delivery times are randomized, (c) appoint each transport vehicle with a minimum of two employees where at least one transport team member remains with the vehicle at all times that the vehicle contains cannabis, (d) have access to a secure form of communication with employees at the registered organization's manufacturing facility at all times that the vehicle contains cannabis, (e) possess a copy of the shipping manifest at all times when transporting or delivering approved medical cannabis products, and (f) keep the manifest in a safe compartment for a minimum of five years.

U.S. Attorney Statements in New York

Certain Recent Developments

On March 11, 2020, the World Health Organization declared COVID-19 a global pandemic and recommended containment and mitigation measures worldwide. We are monitoring this closely, and although operations have not been materially affected by the COVID-19 outbreak to date, the ultimate severity of the outbreak and its impact on the economic environment is uncertain. Our operations are currently ongoing as the cultivation, processing and sale of cannabis products is currently considered an essential business by the states in which we operate with respect to all customers (except in Massachusetts, where cannabis was been deemed essential only for medical patients, which led to the state-wide suspension of recreational sales from March 24, 2020 to May 25, 2020). The uncertain nature of the spread of COVID-19 globally may impact our business operations for reasons including the potential quarantine of our employees, customers, and third-party service providers, delay in supply chains and the inability to adequately adjust business operations and staffing per evolving regulations and Center for Disease Control guidelines that inhibit business operations and productivity and thereby potentially impact revenue, revenue growth, profitability. Further, rising unemployment levels nationally may result in less consumer spending on our products. At this time, we are unable to estimate the impact of this event on its operations.

EXECUTIVE COMPENSATION

This section discusses the material components of the executive compensation program for our executive officers who are named in the "Summary Compensation Table" below. In 2020, our "named executive officers" and their positions were as follows:

- Abner Kurtin, Founder and Chief Executive Officer;
- Frank Perullo, Founder and Chief Strategy Officer; and
- Daniel Neville, Chief Financial Officer

In preparing to become a public company, we have begun a thorough review of all elements of our executive compensation program, including the function and design of our equity incentive programs. We have begun, and expect to continue in the coming months, to evaluate the need for revisions to our executive compensation program to ensure that our program is competitive with the companies with which we compete for executive talent and is appropriate for a public company. This discussion may contain forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs.

(1) The Company incurred quarterly management fees to AGP Partners, LLC of $400,000 in 2020 and $400,000 in 2019 as described below under "Certain Relationships and Related Transactions". Mr. Kurtin and Mr. Perullo are the principal beneficial owners of AGP.

(2) The amounts reported in the Stock Awards column reflect aggregate grant date fair value computed in accordance with ASC Topic 718, Compensation—Stock Compensation. These amounts reflect our calculation of the value of these awards at the grant date and do not necessarily correspond to the actual value that may ultimately be realized by the named executive officer. Assumptions used in the calculation of these amounts are included in Note 13 to our consolidated financial statements for the fiscal years ended December 31, 2020 and 2019, which are included elsewhere in this registration statement.

Base Salary. We use base salaries to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our named executive officers. None of our named executive officers is currently party to an employment agreement or other agreement or arrangement that provides for automatic or scheduled increases in base salary. The employment agreements with our named executive officers are described below.

In 2019, we paid Mr. Kurtin and Mr. Perullo an annualized base salary of $300,000 beginning on February 1, 2019. On June 29, 2020, our Board approved an increase in the annualized base salaries for Mr. Kurtin and Mr. Perullo to $425,000 per year. In 2019, Mr. Neville earned an annual salary of $250,000. On May 25, 2020, Mr. Neville's annual salary increased to $300,000.

Annual Bonus. Our Board may, in its discretion, award bonuses to our named executive officers from time to time. We have not awarded cash bonuses to our named executive officers or to our employees generally to date. We believe it is imperative to deploy our capital to build our assets and acquire promising targets. In November 2020, as

discussed below, our Board approved additional equity incentive grants to our named executive officers and employees. In the future, we may adopt a formal policy regarding annual cash bonuses.

Equity Incentives. Although we do not have a formal policy with respect to the grant of equity incentive awards to our executive officers, or any formal equity ownership guidelines applicable to them, we believe that equity grants provide our executives with a strong link to our long-term performance, create an ownership culture and help to align the interests of our executives and our stockholders. In addition, we believe that equity grants with a time-based vesting feature promote executive retention. We also believe that having vesting tie to the completion of this offering or a Change of Control encourages our executive officers to continue to operate in the best interests of our equity holders and work toward successful completion of a liquidity event for our members.

In January 2019, our board of managers adopted the Ascend Wellness Holdings, LLC Equity Incentive Plan (the "**Incentive Plan**"). During 2019, our board of managers approved the issuance of incentive units to our named executive officers and employees. We granted 850,000 incentive units to Mr. Kurtin and Mr. Perullo, vesting annually beginning June 29, 2018. Mr. Neville received 750,000 incentive units on March 31, 2020, vesting annually beginning March 18, 2019. The grant agreements for these units provide for accelerated vesting of all unvested units upon an initial public offering or change of control. In November 2020, in connection with our election to be treated as a corporation, as well as the adoption of the 2020 Equity Incentive Plan, our outstanding incentive units that were previously classified as "profits interests" were cancelled and replaced with restricted common units. No changes were made to vesting conditions.

In November 2020, the Company granted Mr. Kurtin and Mr. Perullo 2,500,000 restricted common units each as a 2020 Bonus award. Mr. Neville also received a total of 1,250,000 restricted common units. These awards vest in one-third increments on the first three anniversaries of November 3, 2020. The grant agreements for these units provide for accelerated vesting of 50% of unvested units upon an initial public offering or change of control.

The Incentive Plan

The Incentive Plan was initially approved by the board of managers of the Company in January 2019. The Incentive Plan provided for the grant of incentive units and other unit-based awards. The maximum number of incentive units authorized for issuance under the Incentive Plan was 12,950,000 shares.

The 2020 Incentive Plan

In November 2020, our board of managers approved that the Company be taxed as a corporation under U.S. federal income tax rules as of January 1, 2020. As a result, the incentive units previously approved and issued by the board of managers were required to be cancelled. The board of managers approved the Ascend Wellness Holdings, LLC 2020 Equity Incentive Plan (the "**2020 Incentive Plan**") in November 2020, pursuant to which the Company is permitted to issue common units, common unit options and restricted unit awards. The board of managers has approved the issuance of up to 20,061,147 units under the 2020 Incentive Plan. As of the date of this prospectus, 19,887,158 restricted common units have been issued under the 2020 Incentive Plan.

As part of the Conversion, holders of restricted common units issued under the 2020 Incentive Plan will receive one share of Class A common stock of Ascend Wellness Holdings, Inc. for each restricted common unit held immediately prior to the Conversion. See "*Corporate Conversion and Corporate Structure*."

Abner Kurtin, Chief Executive Officer

Effective as of March 22, 2021, the Company entered into an employment agreement with Abner Kurtin (the "CEO Employment Agreement"). Pursuant to the CEO Employment Agreement, Mr. Kurtin will continue to serve the Company as its Chief Executive Officer and report to the Company's Board, for an initial term of three years, after which the term of employment will automatically renew for successive one year terms unless either Mr. Kurtin or the Company provides notice of non-renewal to the other party at least 90 days prior to the expiration of the then current term. So long as Mr. Kurtin is serving as the Chief Executive Officer, the Company will nominate him for re-election to the Board.

Under the CEO Employment Agreement, Mr. Kurtin is entitled to receive a base salary of $1,000,000 per year (subject to any discretionary increase by the Board from time to time) and is eligible to earn an annual bonus based on the achievement of performance goals established by the Compensation Committee of the Board, with the target and maximum annual bonus opportunities equal to 100% and 200%, respectively, of the base salary. In the event of a change of control of the Company (as defined in the Company's 2021 Equity Incentive Plan), Mr. Kurtin will be deemed to have earned the maximum annual bonus for each fiscal year during the remainder of the term of employment; provided that the Company's obligation to pay such bonus will terminate immediately upon a termination of Mr. Kurtin's employment by the Company for Cause (as defined in the CEO Employment Agreement). Additionally, subject to the Board's approval, Mr. Kurtin will be granted 2,500,000 restricted stock units under the Company's 2021 Equity Incentive Plan.

In the event that Mr. Kurtin's employment is terminated due to death or disability (as described in the CEO Employment Agreement), he will be entitled to: (x) any annual bonus earned for the fiscal year in which such termination occurs, prorated for the number of days worked during such fiscal year (the "Prorated Bonus"), and (y) 12 months of continued participation in the Company's medical and dental insurance plans (the "Benefit Continuation"). If the Company terminates Mr. Kurtin's employment for any reason other than for Cause, including as a result of the Company's non-renewal notice to Mr. Kurtin (and in any event, not due to his death or disability), or if Mr. Kurtin resigns from the Company for Good Reason (as defined in the CEO Employment Agreement), then, in addition to the Prorated Bonus and the Benefit Continuation, Mr. Kurtin will be entitled to: (i) an amount equal to

two times the sum of the base salary and annual bonus earned by him for the full fiscal year preceding the termination date (or, if termination occurs before one full fiscal year of employment has lapsed, the current base salary and target bonus amount), with such amount payable in installments over the 12 month period after the termination date (provided that, if such termination occurs within 18 months after a Change of Control Event (as defined in the CEO Employment Agreement), then such amount will be paid in a lump sum), and (ii) immediate vesting in full and lapse of any repurchase right with respect to all of his outstanding equity awards (with any performance-based equity awards deemed earned at target performance).

The severance benefits described above are subject to Mr. Kurtin's (or his estate's or legal representative's, as applicable) execution and non-revocation of a general release of claims, as well as Mr. Kurtin's compliance with the restrictive covenants set forth in the CEO Employment Agreement, including certain non-competition and non-solicitation restrictions during employment and for 12 months thereafter and to certain obligations relating to non-disparagement, confidentiality and intellectual property for an indefinite period (and the Company has a mutual non-disparagement obligation with respect to Mr. Kurtin).

The foregoing description of the CEO Employment Agreement is only a summary, does not purport to be complete, and is qualified in its entirety by reference to the CEO Employment Agreement, a copy of which is filed as Exhibit 10.28 hereto and is incorporated herein by reference.

So long as Mr. Perullo is serving as the Chief Strategy Officer, the Company will nominate him for re-election to the Board.

Under the CSO Employment Agreement, Mr. Perullo is entitled to receive a base salary of $750,000 per year (subject to any discretionary increase by the Board from time to time) and is eligible to earn an annual bonus based on the achievement of performance goals established by the Compensation Committee of the Board, with the target and maximum annual bonus opportunities equal to 100% and 200%, respectively, of the base salary. In the event of a change of control of the Company (as defined in the Company's 2021 Equity Incentive Plan), Mr. Perullo will be deemed to have earned the maximum annual bonus for each fiscal year during the remainder of the term of employment; provided that the Company's obligation to pay such bonus will terminate immediately upon a termination of Mr. Perullo's employment by the Company for Cause (as defined in the CSO Employment Agreement). Additionally, subject to the Board's approval, Mr. Perullo will be granted 1,500,000 restricted stock units under the Company's 2021 Equity Incentive Plan.

In the event that Mr. Perullo's employment is terminated due to death or disability (as described in the CSO Employment Agreement), he will be entitled to: (x) any annual bonus earned for the fiscal year in which such termination occurs, prorated for the number of days worked during such fiscal year (the "Prorated Bonus"), and (y) 12 months of continued participation in the Company's medical and dental insurance plans (the "Benefit Continuation"). If the Company terminates Mr. Perullo's employment for any reason other than for Cause, including as a result of the Company's non-renewal notice to Mr. Perullo (and in any event, not due to his death or disability), or if Mr. Perullo resigns from the Company for Good Reason (as defined in the CSO Employment Agreement), then, in addition to the Prorated Bonus and the Benefit Continuation, Mr. Perullo will be entitled to: (i) an amount equal to two times the sum of the base salary and annual bonus earned by him for the full fiscal year preceding the termination date (or, if termination occurs before one full fiscal year of employment has lapsed, the current base salary and target bonus amount), with such amount payable in installments over the 12 month period after the termination date (provided that, if such termination occurs within 18 months after a Change of Control Event (as defined in the CSO Employment Agreement), then such amount will be paid in a lump sum), and (ii)

immediate vesting in full and lapse of any repurchase right with respect to all of his outstanding equity awards (with any performance-based equity awards deemed earned at target performance).

The severance benefits described above are subject to Mr. Perullo's (or his estate's or legal representative's, as applicable) execution and non-revocation of a general release of claims, as well as Mr. Perullo's compliance with the restrictive covenants set forth in the CSO Employment Agreement, including certain non-competition and non-solicitation restrictions during employment and for 12 months thereafter and to certain obligations relating to non-disparagement, confidentiality and intellectual property for an indefinite period (and the Company has a mutual non-disparagement obligation with respect to Mr. Perullo).

Management Agreement

Effective April 1, 2018, AWH entered into a management agreement (the "**Management Agreement**") with AGP, the managing member of AWH, pursuant to which AWH paid AGP $100,000 on a quarterly basis in exchange for AGP serving as managing member of AWH. AGP is entitled to receive $2,000,000 upon the termination of the Management Agreement in the event of an initial public offering or change of control of AWH. The payout is contingent upon the beneficial owners of AGP who serve as officers of the Company (i.e., Abner Kurtin and Frank Perullo) entering into lock-up agreements that extend for 180 days beyond the lock-up agreements to be entered into

in connection with the offering. Pursuant to the MSA, each such lock-up agreement shall contain a provision whereby AWH's Board of Managers may waive, in whole or in part, such extended lock-up thereto if AWH's Board of Managers determines, in its sole discretion and in accordance with AWH's governing documents and applicable law, that such waiver will not have an adverse effect on AWH and its equity holders, business, financial condition and prospects. For more information regarding the lock-up agreements, see "*Underwriters*." Following the completion of this offering and the Conversion, the Management Agreement will terminate and AGP will be paid $2,000,000. The Management Agreement was approved by the disinterested members and the board of managers of AWH.

Registration Rights Agreement

In connection with this offering, we intend to enter into a registration rights agreement with AGP. AGP will be entitled to request that we register their shares of capital stock on a long-form or short-form registration statement on one or more occasions in the future, which registrations may be "shelf registrations." AGP will be entitled to participate in certain of our registered offerings, subject to the restrictions in the registration rights agreement. We will pay expenses in connection with the exercise of these rights. The registration rights described in this paragraph apply to (1) shares of our Class A common stock held by AGP and their affiliates, and (2) any of our capital stock (or that of our subsidiaries) issued or issuable with respect to the Class A common stock described in clause (1) with respect to any dividend, distribution, recapitalization, reorganization, or certain other corporate transactions ("**Registrable Securities**") and (3) Class A common stock issuable upon the conversion of Class B common stock. These registration rights are also for the benefit of any subsequent holder of Registrable Securities; provided that any particular securities will cease to be Registrable Securities when they have been sold in a registered public offering, sold in compliance with Rule 144 of the Securities Act or repurchased by us or our subsidiaries. In addition, with the consent of the company and holders of a majority of Registrable Securities, certain Registrable Securities will cease to be Registrable Securities if they can be sold without limitation under Rule 144 of the Securities Act.

Corporate Conversion

We currently operate as a Delaware limited liability company. In connection with this offering, we will convert from a Delaware limited liability company to a Delaware corporation. Existing security holders (including certain related parties) will receive the number of shares of common stock described in this prospectus as a result of the Conversion. See "*Corporate Conversion and Corporate Structure*."

Indemnification

Our bylaws, as will be in effect prior to the closing of this offering, provide that we will indemnify our directors and officers to the fullest extent permitted by the laws of the State of Delaware in effect from time to time, subject to certain exceptions contained in our bylaws. In addition, our certificate of incorporation, as will be in effect prior to the closing of this offering, provides that our directors will not be personally liable for monetary damages for breaches of fiduciary duty as a director.

Prior to the closing of this offering, we will enter into indemnification agreements with each of our executive officers and directors. The indemnification agreements will provide the executive officers and directors with contractual rights to indemnification, and expense advancement and reimbursement, to the fullest extent permitted under the laws of the State of Delaware in effect from time to time, subject to certain exceptions contained in those agreements. In addition, in connection with the offering, the Company will indemnify each of AGP, Abner Kurtin and Frank Perullo, in their capacities as promoter or founders, as applicable, in respect of any third-party liabilities, including, but not limited to, civil liabilities under applicable securities legislation, and to contribute to any payments that such persons may be required to make in respect thereof, subject to any limitations under the Securities Act and applicable legislation.

There is no pending litigation or proceeding naming any of our directors or officers to which indemnification is being sought, and we are not aware of any pending litigation that may result in claims for indemnification by any director or officer.

Promoters

Abner Kurtin and Frank Perullo may each be considered a promoter of the Company within the meaning of applicable securities legislation. Pursuant to the Management Agreement, in connection with this offering, AGP will receive $2 million. AGP is currently owned approximately 78% by entities controlled by Abner Kurtin and 22% by entities controlled by Frank Perullo. Messrs. Kurtin and Perullo will not receive any additional consideration of value nor will they dispose of any assets to the Company in connection with the offering or otherwise.

LEGAL PROCEEDINGS

From time to time, we may become involved in legal proceedings arising in the ordinary course of our business. Except as disclosed below, we are not currently a party to any material pending legal proceedings the outcome of which, if determined adversely to us, would individually or in the aggregate have a material adverse effect on our business, financial condition, results of operations or prospects.

On December 4, 2020, TVP, LLC, TVP Grand Rapids, LLC and TVP Alma, LLC (collectively, the "**TVP Parties**") filed a complaint in the Circuit Court of the State of Michigan, County of Oakland, asserting claims against FPAW Michigan, LLC ("**FPAW**") and AWH. The case number for the action is 2020-184972-CB. The TVP Parties allege that FPAW and AWH have breached multiple contracts with the TVP Parties for the sale of medical cannabis-zoned real estate locations throughout Michigan. The TVP Parties have asked the court to grant specific performance of the contracts with AWH and FPAW, which, if granted, would result in AWH issuing approximately 9.5 million common units and paying approximately $16.5 million in cash to the TVP Parties in exchange for the properties subject to the agreements. FPAW and AWH intend to vigorously defend this action and assert all potential defenses and claims against the TVP Parties. AWH and FPAW filed an answer to the complaint on January 28, 2021.

On January 21, 2021, the Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation (the "**IDFPR**") filed an administrative law complaint against Health Central, LLC, d/b/a Ascend, and three former employees of Ascend's dispensary in Collinsville, Illinois. On March 2, 2021, the IDFPR filed an amended complaint removing pre-2020 claims under the adult use statute, but keeping those claims under the medical use statute. The complaint contains twelve counts alleging compliance and security violations at the dispensary between November 2019 and January 2020 and one incident in June 2020. The counts allege that particular security cameras were temporarily inoperative, a door was propped open during a construction project, products and certain areas were not sufficiently secure on three instances and two incidents of dispensing beyond the adult-use limit (both of which Ascend caught prior to the customer leaving the point of sale and self-reported to the IDFPR). Notably, the IDFPR does not allege that any incident led to diversion of cannabis from the dispensary. All but the June 2020 incident arose during the limited construction project or the opening weeks of legalization of adult-use recreational cannabis. Ascend believes that it has remediated and addressed each alleged incident. The complaint asks the court to discipline Ascend for each count with revocation or suspension of the dispensary license, a fine of up to $10,000 for the pre-2020 claims and $20,000 for the other claims or other discipline as the court deems appropriate. While counsel for the defendants has filed appearances in the case, the defendants have not yet responded to the complaint. A preliminary hearing was held on March 8, 2021, and a status hearing was set for April 26, 2021.

DESCRIPTION OF CAPITAL STOCK

General

The following is a summary of the rights of our common stock and preferred stock and certain provisions of our certificate of incorporation and bylaws assuming the completion of this offering. This summary does not purport to be complete and is qualified in its entirety by the provisions of our certificate of incorporation and bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus is a part. We encourage you to read our certificate of incorporation and our bylaws for additional information.

Immediately following the completion of this offering, our authorized capital stock will consist of shares of capital stock, of which:

- shares are designated as Class A common stock, $ par value per share;
- shares are designated as Class B common stock, $ par value per share; and
- shares are designated as preferred stock, $ par value per share.

As of , there were shares of our Class A common stock outstanding (assuming an initial public offering price of $ per share (the midpoint of the estimated offering price range set forth on the cover page of this prospectus)), held by stockholders of record. As of , there were shares of our Class B common stock outstanding and no shares of our preferred stock outstanding, assuming the completion of the Conversion as of , and the effectiveness of our certificate of incorporation upon the completion of this offering.

Common Stock

Dividend Rights

Subject to preferences that may apply to any shares of preferred stock outstanding at the time, and any contractual limitations, such as our credit agreements, the holders of our common stock will be entitled to receive dividends out of funds then legally available, if any, if our Board, in its discretion, determines to issue dividends and then only at the times and in the amounts that our Board may determine. If a dividend is paid in the form of Class A common stock or Class B common stock, then holders of Class A common stock shall receive Class A common stock and holders of Class B common stock shall receive Class B common stock.

Voting Rights

We will have two classes of authorized common stock, Class A common stock and Class B common stock. Each share of Class A common stock will be entitled to one vote per share. Each share of Class B common stock will be entitled to votes per share. Holders of Class A common stock and Class B common stock will vote together as a single class on all matters (including the election of directors) submitted to a vote of stockholders, unless otherwise required by law or our certificate of incorporation.

Delaware law could require holders of Class A common stock or Class B common stock to vote separately as a single class in the following circumstances:

- if we were to seek to amend our certificate of incorporation to increase or decrease the par value of a class of our capital stock, then that class would be required to vote separately to approve the proposed amendment; and
- if we were to seek to amend our certificate of incorporation in a manner that alters or changes the powers, preferences or special rights of a class of our capital stock in a manner that affected its holders adversely, then that class would be required to vote separately to approve the proposed amendment.

Our stockholders will not have the ability to cumulate votes for the election of directors. Except in respect of matters relating to the election of directors, or as otherwise provided in our certificate of incorporation or required by law, all matters to be voted on by our stockholders must be approved by a majority of the shares present in person or by proxy at the meeting and entitled to vote on the subject matter. In the case of the election of directors, director candidates must be approved by a plurality of the shares present in person or by proxy at the meeting and entitled to vote on the election of directors.

After this offering, all of our Class B common stock, representing % of the voting power of our outstanding capital stock, will be held by AGP which is controlled by Mr. Kurtin and Mr. Perullo, as the managing members of AGP. Mr. Kurtin serves as one of our Founders and our Chief Executive Officer and, subsequent to the Conversion, will serve as a Founder, our Chief Executive Officer and Chair of our Board. Mr. Perullo serves as one of our Founders and our Chief Strategy Officer and, subsequent to the Conversion, will serve as a Founder, our Chief Strategy Officer and as a director on our Board. Because of our dual-class structure, we anticipate that, for the foreseeable future, Mr. Kurtin and Mr. Perullo, as managing members of AGP, will continue to be able to control all matters submitted to our stockholders for approval, including the election and removal of directors.

Conversion, Preemptive or Similar Rights

Each share of Class B common stock will automatically convert into one share of Class A common stock on the final conversion date, as defined in our certificate of incorporation. Each share of Class B common stock will also be convertible at any time at the option of the holder into one share of Class A common stock. In addition, each share of Class B common stock will convert automatically into one share of Class A common stock upon any transfer, whether or not for value, except for certain transfers described in our certificate of incorporation, including, without limitation, transfers for tax and estate planning purposes, so long as the transferring holder of Class B common stock continues to hold exclusive voting and dispositive power with respect to the shares transferred.

All shares of Class B common stock will convert automatically into Class A common stock on the date on which Mr. Kurtin or Mr. Perullo cease for any reason to own cumulatively at least 51% of the voting control of AGP.

Once converted into a share of Class A common stock, a converted share of Class B common stock will not be reissued. Following the conversion of all outstanding shares of Class B common stock, no further shares of Class B common stock will be issued.

Except as described above, holders of Class A common stock and Class B common stock will have no preemptive, conversion, subscription or other rights, and there are no redemption or sinking fund provisions applicable to Class A common stock or Class B common stock. The rights, preferences and privileges of the holders of Class A common stock and Class B common stock will be subject to and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate in the future.

Right to Receive Liquidation Distributions

In the event of our liquidation, dissolution or winding up, holders of our Class A common stock and Class B common stock will be entitled to share ratably in the net assets legally available for distribution to stockholders after the payment of all of our debts and other liabilities and the satisfaction of any liquidation preference granted to the holders of any then-outstanding shares of preferred stock.

Identical Treatment of Common Stock in Change of Control Transaction

In the event of any change of control transaction, shares of our Class A common stock and Class B common stock shall be treated equally, ratably and identically, on a per share basis, with respect to any consideration into which such shares are converted or any consideration paid or otherwise distributed to stockholders of the Corporation, unless different treatment of the shares of each such class is approved by the affirmative vote of the

holders of a majority of the outstanding shares of Class A Common Stock and Class B Common Stock, each voting separately as a class.

Fully Paid and Non-Assessable

All of the outstanding shares of our common stock are, and the shares of our common stock to be issued pursuant to this offering will be, fully paid and non-assessable.

Preferred Stock

After the completion of this offering, no shares of our preferred stock will be outstanding. Pursuant to our certificate of incorporation, our Board will have the authority, without further action by the stockholders, to issue from time to time shares of preferred stock in one or more series. Our Board may designate the rights, preferences, privileges and restrictions of the preferred stock, including dividend rights, conversion rights, voting rights, redemption rights, liquidation preference, sinking fund terms, and the number of shares constituting any series or the designation of any series. The issuance of preferred stock could have the effect of restricting dividends on our common stock, diluting the voting power of our common stock, impairing the liquidation rights of our common stock, or delaying, deterring or preventing a change in control. Such issuance could have the effect of decreasing the market price of our common stock. Any preferred stock so issued may rank senior to our common stock with respect to the payment of dividends or amounts upon liquidation, dissolution or winding up, or both. We currently have no plans to issue any shares of preferred stock.

Anti-Takeover Provisions in Our Certificate of Incorporation and Bylaws

Certain provisions of our certificate of incorporation and bylaws that will be effective as of the completion of this offering may have the effect of delaying, deferring or discouraging another person from attempting to acquire control of us. These provisions, which are summarized below, may discourage takeovers, coercive or otherwise. These provisions are also geared, in part, towards encouraging persons seeking to acquire control of us to negotiate first with our Board. We believe that the benefits of increased protection of our potential ability to negotiate with an unfriendly or unsolicited acquirer outweigh the disadvantages of discouraging a proposal to acquire us because negotiation of these proposals could result in an improvement of their terms.

Stockholder Action; Special Meeting of Stockholders. Pursuant to Section 228 of the Delaware General Corporation Law (the "**DGCL**"), any action required to be taken at any annual or special meeting of the stockholders may be taken without a meeting, without prior notice and without a vote if a consent or consents in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of our stock entitled to vote thereon were present and voted, unless our certificate of incorporation provides otherwise. Our certificate of incorporation will provide that our stockholders may not take action by written consent but may only take action at annual or special meetings of our stockholders. As a result, a holder controlling a majority of our capital stock would not be able to amend our bylaws or remove directors without holding a meeting of our stockholders called in accordance with our bylaws. Our certificate of incorporation will provide that special meetings of the stockholders may be called only upon a resolution approved by a majority of the total number of directors that we would have if there were no vacancies, the Chair of our Board, the Chief Executive Officer or the President. These provisions might delay the ability of our stockholders to force consideration of a proposal or for stockholders controlling a majority of our capital stock to take any action, including the removal of directors.

Advance Notice Requirements for Stockholder Proposals and Director Nominations. Our bylaws will provide advance notice procedures for stockholders seeking to bring business before our annual meeting of stockholders or to nominate candidates for election as directors at our annual meeting of stockholders. Our bylaws will specify certain requirements regarding the form and content of a stockholder's notice. Our bylaws will prohibit the conduct of any business at a special meeting other than as specified in the notice for such meeting. Our bylaws will also provide that nominations of persons for election to our Board may be made at a special meeting of stockholders at which directors are to be elected pursuant to the notice of meeting (i) by or at the direction of our Board or (ii)

provided that our Board has determined that directors shall be elected at such meeting, by any stockholder who (a) is a stockholder of record both at the time the notice is delivered and on the record date for the determination of stockholders entitled to vote at the special meeting, (b) is entitled to vote at the meeting and upon such election and (c) complies with the notice procedures set forth in our bylaws. These provisions might preclude our stockholders from bringing matters before our annual meeting of stockholders or from making nominations for directors at our annual meeting of stockholders if the proper procedures are not followed. We expect that these provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of our company.

No Cumulative Voting. The DGCL provides that stockholders are not entitled to cumulate votes in the election of directors unless a corporation's certificate of incorporation provides otherwise. Our certificate of incorporation will not provide for cumulative voting.

Additional Authorized Shares of Capital Stock. The additional shares of authorized common stock and preferred stock available for issuance under our certificate of incorporation, could be issued at such times, under such circumstances and with such terms and conditions as to impede a change in control.

Issuance of Undesignated Preferred Stock. Our Board will have the authority, without further action by our stockholders, to designate and issue shares of preferred stock with rights and preferences, including super voting, special approval, dividend or other rights or preferences on a discriminatory basis. The existence of authorized but unissued shares of undesignated preferred stock would enable our Board to render more difficult or to discourage an attempt to obtain control of us by means of a merger, tender offer, proxy contest or other means.

Business Combinations with Interested Stockholders. We have elected in our certificate of incorporation to be subject to Section 203 of the DGCL, an anti-takeover law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination, such as a merger, with an interested stockholder (i.e., a person or group owning 15% or more of the corporation's voting capital stock) for a period of three years following the date the person became an interested stockholder, unless (with certain exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Accordingly, we are subject to any anti-takeover effects of Section 203 of the DGCL.

Dual-class Stock Structure. Our certificate of incorporation provides for a dual-class common stock structure. As a result of this structure, our founders will have significant influence over all matters requiring stockholder approval, including the election of directors, amendments to our charter documents and significant corporate transactions, such as a merger or other sale of our company or its assets. This concentrated control could discourage others from initiating any potential merger, takeover or other change of control transaction that other stockholders may view as beneficial.

Choice of Forum

Our certificate of incorporation and bylaws, which will become effective prior to the completion of this offering, provide that, unless we consent to the selection of an alternative forum, the Court of Chancery of the State of Delaware is the sole and exclusive forum for (i) any derivative action or proceeding brought on our behalf, (ii) any action asserting a claim of breach of fiduciary duty owed by any of our directors, officers or other employees to us or to our stockholders, (iii) any action asserting a claim arising pursuant to the Delaware General Corporation Law or our certificate of incorporation or bylaws, (iv) any action to interpret apply, enforce or determine the validity of our certificate of incorporation or bylaws, or (v) any action asserting a claim governed by the internal affairs doctrine.

This exclusive forum provision would not apply to suits brought to enforce any liability or duty created by the Securities Act or the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. Our bylaws provide that, unless we consent in writing to the selection of an alternative forum, the federal district courts of the United States of America shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act or the Exchange Act.

The choice of forum provisions above may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors, officers or other employees or could result in increased costs for a stockholder to bring a claim, both of which may discourage such lawsuits against us and our directors, officers and other employees. Alternatively, if a court were to find the choice of forum provision contained in our certificate of incorporation to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could harm our business, operating results and financial condition.

Transfer Agent

The transfer agent for our Class A common stock is expected to be Odyssey Trust Company.

Trading Symbol and Market

We have applied to list our Class A common stock on the CSE and to have our Class A common stock quoted on the OTCQX. The listing and quotation of our Class A common stock will be subject to us fulfilling all of the listing requirements of the CSE and the OTCQX, respectively.

SHARES ELIGIBLE FOR FUTURE SALE

Prior to the completion of this offering, there has been no established public trading market for shares of our common equity. Future sales of shares of our Class A common stock in the public market after this offering, or the perception that these sales may occur, could adversely affect the prevailing market price at such time and our ability to raise equity capital in the future.

Following the completion of this offering, based on the number of shares of our Class A common stock outstanding as of , as if the Conversion occurred on , a total of shares of our Class A common stock will be outstanding. Of these shares, all shares of our Class A common stock sold in this offering by us will be eligible for sale in the public market without restriction under the Securities Act, except that any shares of our common stock purchased in this offering by our "affiliates," as that term is defined in Rule 144 under the Securities Act, would only be able to be sold in compliance with the conditions of Rule 144 described below. However, we intend to enter into a registration rights agreement with AGP that will require us to register certain shares of Class A common stock, subject to certain conditions. See "*Certain Relationships and Related Transactions — Registration Rights Agreement.*"

The remaining shares of our Class A common stock will be deemed "restricted securities," as that term is defined in Rule 144 under the Securities Act. These restricted securities will be eligible for sale in the public market only if they are registered or if they qualify for an exemption from registration under Rule 144 or Rule 701 under the Securities Act, which rules are summarized below. Subject to the lock-up agreements described below, the applicable conditions of Rule 144 or Rule 701, and our insider trading policy, these restricted securities will be eligible for sale in the public market from time to time beginning 181 days after the date of this prospectus.

Lock-Up Agreements

We, our executive officers and directors and certain stockholders will have entered into lock-up agreements immediately prior to this offering with the underwriters of this offering under which we and they have agreed that, subject to certain exceptions, without the prior written consent of Canaccord Genuity LLC, we and they will not dispose of or hedge any shares or any securities convertible into or exchangeable for shares of our Class A common stock for an initial period ending 180 days after the date of the underwriting agreement and an additional period beginning 180 days from the date of the underwriting agreement until the date that is 360 days after the date of the underwriting agreement. The consent of Canaccord Genuity LLC is required to release any of the securities subject to these lock-up agreements. See the section titled "*Underwriters*."

Pursuant to Canadian National Policy 46-201 - *Escrow for Initial Public Offerings*, we are an "exempt issuer" as defined therein and are thus not subject to escrow.

Registration Rights Agreement

We intend to enter into a Registration Rights Agreement with AGP in connection with this offering. The Registration Rights Agreement will provide AGP certain registration rights whereby, following our initial public offering and the expiration of any related lock-up period, AGP can require us to register under the Securities Act shares of Class B common stock once converted to Class A common stock. The Registration Rights Agreement will also provide for piggyback registration rights for AGP. See "*Certain Relationships and Related Transactions — Registration Rights Agreement*."

Rule 144

In general, under Rule 144, as currently in effect, once we have been subject to the public company reporting requirements of the Exchange Act, for at least 90 days, a person (or persons whose common shares are required to be aggregated) who is not deemed to have been one of our "affiliates" for purposes of Rule 144 at any time during the three months preceding a sale, and who has beneficially owned restricted securities within the meaning of Rule 144 for at least six months, including the holding period of any prior owner other than one of our "affiliates," is

entitled to sell those shares in the public market (subject to the lock-up agreement referred to below, if applicable) without complying with the manner of sale, volume limitations or notice provisions of Rule 144, but subject to compliance with the public information requirements of Rule 144. If such a person has beneficially owned the shares proposed to be sold for at least one year, including the holding period of any prior owner other than "affiliates," then such person is entitled to sell such shares in the public market without complying with any of the requirements of Rule 144 (subject to the lock-up agreement referred to below, if applicable). In general, under Rule 144, as currently in effect, once we have been subject to the public company reporting requirements of the Exchange Act for at least 90 days, our "affiliates," as defined in Rule 144, who have beneficially owned the shares of Class A common stock proposed to be sold for at least six months are entitled to sell in the public market, upon expiration of any applicable lock-up agreements and within any three-month period, a number of those shares of our Class A common stock that does not exceed the greater of:

- 1% of the aggregate number of shares of our capital stock then outstanding, which will equal shares of Class A common stock immediately after the completion of this offering; or
- the average weekly trading volume of our Class A common stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to such sale.

Sales of our Class A common stock made in reliance upon Rule 144 by a stockholder who is deemed to have been one of our affiliates at any time during the preceding 90 days are also subject to the current public information, manner of sale and notice conditions of Rule 144.

Rule 701

Rule 701 generally provides that, once we have been subject to the public company reporting requirements of Section 13 or Section 15(d) of the Exchange Act for at least 90 days, (i) a stockholder who purchased shares of our Class A common stock pursuant to a written compensatory benefit plan or contract and who is not deemed to have been one of our affiliates at any time during the preceding 90 days may sell such shares in reliance upon Rule 144 without complying with the current public information or holding period conditions of Rule 144 and (ii) a stockholder who purchased shares of our Class A common stock pursuant to a written compensatory benefit plan or contract and who is deemed to have been one of our affiliates during the preceding 90 days may sell such shares under Rule 144 without complying with the holding period condition of Rule 144.

Equity Incentive Plans

We intend to file one or more registration statements on Form S-8 under the Securities Act to register the offer and sale of all shares of Class A common stock subject to outstanding stock options, and Class A common stock issued or issuable under our 2020 Incentive Plan. We expect to file the registration statement covering shares offered pursuant to our 2020 Incentive Plan after the date of this prospectus, permitting the resale of such shares by non-affiliates in the public market without restriction under the Securities Act and the sale by affiliates in the public market subject to compliance with the resale provisions of Rule 144 and any lock up agreements entered into in connection with this offering.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a discussion of certain material U.S. federal income tax considerations applicable to a Non-U.S. Holder (as defined below) with respect to the ownership and disposition of shares of our Class A common stock. For purposes of this discussion, the term "**Non-U.S. Holder**" means a beneficial owner of shares of our Class A common stock that is treated for U.S. federal income tax purposes as an individual, corporation, estate or trust, other than:

- an individual who is a citizen or resident of the United States;
- a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust that (1) is subject to the primary supervision of a U.S. court and the control of one or more "United States persons" (within the meaning of Section 7701(a)(30) of the Code) or (2) has a valid election in effect to be treated as a United States person for U.S. federal income tax purposes.

If a partnership (or an entity treated as a partnership for U.S. federal income tax purposes) holds shares of our Class A common stock, the tax treatment of a person treated as a partner of such partnership generally will depend on the status of the partner, the activities of the partnership and certain determinations made at the partner level. Persons that, for U.S. federal income tax purposes, are treated as partners in a partnership holding shares of our Class A common stock should consult their own tax advisors.

This discussion only addresses beneficial owners that are Non-U.S. Holders of shares of our Class A common stock that hold such shares of our Class A common stock as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all aspects of U.S. federal income taxation that may be important to a Non-U.S. Holder in light of such Non-U.S. Holder's particular circumstances or that may be applicable to Non-U.S. Holders subject to special treatment under U.S. federal income tax law (including, for example, financial institutions, regulated investment companies, real estate investment trusts, dealers in securities, traders in securities that elect mark-to-market treatment, insurance companies, tax-exempt entities, Non-U.S. Holders who acquire our Class A common stock pursuant to the exercise of employee stock options or otherwise as compensation for their services, Non-U.S. Holders liable for the alternative minimum tax, controlled foreign corporations, passive foreign investment companies, former citizens or former long-term residents of the United States, persons subject to special tax accounting rules, partnerships or other pass-through entities, persons deemed to sell our Class A common stock under the constructive sale provisions of the Code, and Non-U.S. Holders that hold our Class A common stock as part of a hedge, straddle, constructive sale, conversion or other integrated transaction). In addition, this discussion does not address U.S. federal tax laws other than those pertaining to U.S. federal income tax (such as U.S. federal estate or gift tax or the federal net investment income tax), nor does it address any aspects of U.S. state, local or non-U.S. taxes. Non-U.S. Holders are urged to consult with their own tax advisors regarding the possible application of these taxes. Except as discussed below, this summary does not address tax reporting requirements.

The following discussion is based upon current provisions of the Code, U.S. judicial decisions, administrative pronouncements and Treasury regulations, all as in effect and applicable as of the date hereof. All of the preceding authorities are subject to change at any time, possibly with retroactive effect, so as to result in U.S. federal income tax consequences different from those discussed below. We have not requested, and will not request, a ruling from the IRS with respect to any of the U.S. federal income tax consequences described below, and as a result there can be no assurance that the IRS will not disagree with or challenge any of the conclusions we have reached and describe herein.

Prospective purchasers are urged to consult their own tax advisors as to the particular consequences to them under U.S. federal, state and local, and applicable foreign tax laws of the acquisition, ownership and disposition of our Class A common stock.

Distributions

Although we do not anticipate that we will make any distributions on our Class A common stock in the foreseeable future, distributions of cash or property that we pay in respect of our Class A common stock will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits as determined under U.S. federal income tax principles. Subject to the discussions below under "—U.S. Trade or Business Income," "—Information Reporting and Backup Withholding" and "—FATCA," you generally will be subject to U.S. federal withholding tax at a 30% rate, or at a reduced rate prescribed by an applicable income tax treaty, on any dividends received in respect of our Class A common stock. If the amount of the distribution exceeds our current and accumulated earnings and profits, such excess will first be treated as a return of capital to the extent of your tax basis in our Class A common stock, and thereafter will be treated as capital gain. However, we (or the paying agent or other intermediary through which you hold your Class A common stock) may be required to withhold on the entire distribution, in which case you would be entitled to a refund from the IRS for the withholding tax on the portion of the distribution that exceeded our current and accumulated earnings and profits.

In order to obtain a reduced rate of U.S. federal withholding tax under an applicable income tax treaty, you will be required to provide a properly executed IRS Form W-8BEN or Form W-8BEN-E (or, in each case, a successor form) certifying your entitlement to benefits under the treaty. If you are eligible for a reduced rate of U.S. federal withholding tax under an applicable income tax treaty, you may generally obtain a refund or credit of any excess amounts withheld by filing an appropriate and timely claim for a refund with the IRS. You should consult your own tax advisor regarding your possible entitlement to benefits under an applicable income tax treaty.

Sale, Exchange or Other Taxable Disposition of Class A Common Stock

Subject to the discussions below under "—U.S. Trade or Business Income," "—Information Reporting and Backup Withholding" and "—FATCA," you generally will not be subject to U.S. federal income or withholding tax in respect of any gain on a sale, exchange or other taxable disposition of our Class A common stock unless:

- the gain is U.S. trade or business income (as defined below), in which case, such gain will be taxed as described in "U.S. Trade or Business Income" below;
- you are an individual who is present in the United States for 183 or more days in the taxable year of the disposition and certain other conditions are met, in which case you will be subject to U.S. federal income tax at a rate of 30% (or a reduced rate under an applicable income tax treaty) on the amount by which certain capital gains allocable to U.S. sources exceed certain capital losses allocable to U.S. sources; or
- we are or have been a "United States real property holding corporation" (a "**USRPHC**") under Section 897 of the Code at any time during the shorter of the five-year period ending on the date of the disposition and your holding period for the Class A common stock, in which case, subject to the exception set forth in the second sentence of the next paragraph, such gain will be subject to U.S. federal income tax in the same manner as U.S. trade or business income discussed below.

In general, a corporation is a USRPHC if the fair market value of its "United States real property interests" equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests and its other assets used or held for use in a trade or business. In the event that we are determined to be a USRPHC, gain will not be subject to tax as U.S. trade or business income if your holdings (actually and constructively) at all times during the applicable period described in the third bullet point above constituted 5% or less of our common stock, provided that our Class A common stock was regularly traded on an established securities market during such period under the rules set forth in the Treasury regulations. We believe that we are not currently, and we do not anticipate becoming in the future, a USRPHC for U.S. federal income tax purposes. We have applied to list our Class A common stock on the CSE. Accordingly, we anticipate that our Class A common stock will be regularly traded on an established securities market following this offering. However, we can provide no assurances that the Class A common stock will be regularly traded on an established securities market at the time at the time a Non-U.S. Holder sells, exchanges or otherwise disposes of shares of Class A common stock. Listing of our Class A common stock will be subject to us fulfilling all of the listing requirements of the CSE.

U.S. Trade or Business Income

For purposes of this discussion, dividend income and gain on the sale, exchange or other taxable disposition of our Class A common stock will be considered to be "U.S. trade or business income" if (i) such income or gain is effectively connected with your conduct of a trade or business within the United States and (ii) if you are eligible for the benefits of an income tax treaty with the United States and, if such treaty requires, such gain is attributable to a permanent establishment (or, if you are an individual, a fixed base) that you maintain in the United States. Generally, U.S. trade or business income is not subject to U.S. federal withholding tax (provided that you comply with applicable certification and disclosure requirements, including providing a properly executed IRS Form W-8ECI (or successor form)); instead, you are subject to U.S. federal income tax on a net basis at regular U.S. federal income tax rates (generally in the same manner as a U.S. person) on your U.S. trade or business income. If you are a corporation, any U.S. trade or business income that you receive may also be subject to a "branch profits tax" at a 30% rate, or at a lower rate prescribed by an applicable income tax treaty.

Information Reporting and Backup Withholding

We must annually report to the IRS and to each Non-U.S. Holder any dividend income that is subject to U.S. federal withholding tax or that is exempt from such withholding pursuant to an income tax treaty. Copies of these information returns may also be made available under the provisions of a specific treaty or agreement to the tax authorities of the country in which a Non-U.S. Holder resides. Under certain circumstances, the Code imposes a backup withholding obligation on certain reportable payments. Dividends paid to you will generally be exempt from backup withholding if you provide a properly executed IRS Form W-8BEN, Form W-8BEN-E or Form W-8ECI (or, in each case, a successor form) or otherwise establish an exemption and we do not have actual knowledge or reason to know that you are a U.S. person or that the conditions of such other exemption are not, in fact, satisfied.

The payment of the proceeds from the disposition of our Class A common stock to or through the U.S. office of any broker (U.S. or non-U.S.) will be subject to information reporting and possible backup withholding unless you certify as to your non-U.S. status under penalties of perjury or otherwise establish an exemption and the broker does not have actual knowledge or reason to know that you are a U.S. person or that the conditions of any other exemption are not, in fact, satisfied. The payment of proceeds from the disposition of our Class A common stock to or through a non-U.S. office of a non-U.S. broker will not be subject to information reporting or backup withholding unless the non-U.S. broker has certain types of relationships with the United States (a "U.S. related financial intermediary"). In the case of the payment of proceeds from the disposition of our Class A common stock to or through a non-U.S. office of a broker that is either a U.S. person or a U.S. related financial intermediary, the Treasury regulations require information reporting (but not backup withholding) on the payment unless the broker has documentary evidence in its files that the owner is not a U.S. person and the broker has no knowledge to the contrary. You are urged to consult your own tax advisor on the application of information reporting and backup withholding in light of your particular circumstances.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to you will be refunded or credited against your U.S. federal income tax liability, if any, provided that the required information is timely furnished to the IRS.

FATCA

Pursuant to Section 1471 through 1474 of the Code, commonly referred to as the Foreign Account Tax Compliance Act ("**FATCA**"), foreign financial institutions (which include most foreign hedge funds, private equity funds, mutual funds, securitization vehicles and any other investment vehicles) and certain other foreign entities that do not otherwise qualify for an exemption must comply with information reporting rules with respect to their U.S. account holders and investors or be subject to a withholding tax on U.S. source payments made to them (whether received as a beneficial owner or as an intermediary for another party).

More specifically, a foreign financial institution or other foreign entity that does not comply with the FATCA reporting requirements or otherwise qualify for an exemption will generally be subject to a 30% withholding tax

with respect to any "withholdable payments." For this purpose, withholdable payments generally include U.S.-source payments otherwise subject to nonresident withholding tax (e.g., U.S.-source dividends). While withholding under FATCA would have also applied to payments of gross proceeds from the sale or other disposition of shares of our Class A common stock, recently proposed Treasury regulations eliminate FATCA withholding on payments of gross proceeds. The preamble to these proposed regulations indicates that taxpayers may rely on them pending their finalization. The FATCA withholding tax will apply to all withholdable payments without regard to whether the beneficial owner of the payment would otherwise be entitled to an exemption from imposition of withholding tax pursuant to an applicable income tax treaty with the United States or U.S. domestic law. We will not pay additional amounts to holders of our Class A common stock in respect of amounts withheld. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

FATCA currently applies to dividends made in respect of our Class A common stock. To avoid withholding on dividends, Non-U.S. Holders may be required to provide us (or our withholding agents) with applicable tax forms or other information. Non-U.S. Holders are urged to consult with their own tax advisors regarding the effect, if any, of the FATCA provisions to them based on their particular circumstances.

UNDERWRITERS

We are offering the shares of Class A common stock described in this prospectus through a number of underwriters. Canaccord Genuity LLC is acting as the representative of the underwriters. We have entered into an underwriting agreement with the underwriters. Subject to the terms and conditions of the underwriting agreement, we have agreed to sell to the underwriters, and each underwriter has severally agreed to purchase from us, at the public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus, the number of shares of Class A common stock listed next to its name in the following table:

Name	Number of Shares
Canaccord Genuity LLC	
Total	

The offering is being made in the United States and in each of the Provinces of Canada (other than Quebec). The shares of Class A common stock will be offered in the United States through certain of the underwriters listed above, either directly or indirectly, through their respective U.S. broker-dealer affiliates or agents and in each of the provinces of Canada (other than Quebec) through those underwriters or their affiliates who are registered to offer the Class A common Stock for sale in such provinces and such other registered dealers as may be designated by the underwriters. Sales of shares made outside of the United States and Canada may be made by affiliates of the underwriters.

The underwriters are committed to purchase all the shares of Class A common stock offered by us. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may also be increased or the offering may be terminated.

Before this offering, there has been no public market for our Class A common stock. The initial public offering price will be determined through negotiations between us and the representatives. In addition to prevailing market conditions, the factors to be considered in determining the initial public offering price are:

- the valuation multiples of publicly traded companies that the representatives believe to be comparable to us,
- our financial information,
- the history of, and the prospects for, our Company and the industry in which we compete,
- an assessment of our management, its past and present operations, and the prospects for, and timing of, our future revenues,
- the present state of our development, and
- the above factors in relation to market values and various valuation measures of other companies engaged in activities similar to ours.

An active trading market for the common shares may not develop. It is also possible that after the offering the common shares will not trade in the public market at or above the initial public offering price.

The underwriters have an option to buy up to additional shares of Class A common stock from us to cover sales of shares by the underwriters which exceed the number of shares specified in the table above. The underwriters have 30 days from the date of this prospectus to exercise this option to purchase additional shares. If any shares are purchased with this option to purchase additional shares, the underwriters will purchase shares in approximately the same proportion as shown in the table above. If any additional shares of Class A common stock are purchased, the underwriters will offer the additional shares on the same terms as those on which the shares are being offered.

The underwriting fee is equal to the public offering price per share of Class A common stock less the amount paid by the underwriters to us per share of Class A common stock. The underwriting fee is $ per share. The following table shows the per share and total underwriting discounts and commissions to be paid to the underwriters by us assuming both no exercise and full exercise of the underwriters' option to purchase additional shares. We have agreed to reimburse the underwriters for certain of their expenses in an amount up to $ as set forth in the underwriting agreement.

		Total	
	Per Share	**No Exercise**	**Full Exercise**

We estimate that the total expenses of this offering, including registration, filing fees, printing fees and legal and accounting expenses, but excluding the underwriting discounts and commissions, will be approximately $ million.

A prospectus in electronic format may be made available on the web sites maintained by one or more underwriters participating in the offering. The underwriters may agree to allocate a number of shares to underwriters for sale to their online brokerage account holders. Internet distributions will be allocated by the representatives to underwriters that may make internet distributions on the same basis as other allocations.

We have agreed, subject to certain limited exceptions, not to (1) offer, pledge, announce the intention to sell, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase or otherwise dispose of, directly or indirectly, or file or confidentially submit with the SEC a registration statement under the Securities Act relating to, any shares of our Class A common stock or securities convertible into or exchangeable or exercisable for any shares of our Class A common stock, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, (2) enter into any swap or other arrangement that transfers all or a portion of the economic consequences associated with the ownership of any shares of Class A common stock or any such other securities (regardless of whether any of these transactions are to be settled by the delivery of shares of Class A common stock or such other securities, in cash or otherwise), or (3) make any public announcement of its intention to do any of the foregoing, in each case without the prior written consent of Canaccord Genuity LLC for a period of 180 days after the date of this prospectus.

Our directors, officers and certain of our stockholders have entered into lock-up agreements with the underwriters prior to the commencement of this offering pursuant to which each of these persons or entities, with limited exceptions, for an initial period ending 180 days after the date of the underwriting agreement and an additional period beginning 180 days from the date of the underwriting agreement until the date that is 360 days after the date of the underwriting agreement, may not, without the prior written consent of Canaccord Genuity LLC (A) directly or indirectly, offer, issue, secure, pledge, announce the intention to sell, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer, dispose of or monetize, or engage in any hedging transaction with respect to any shares of the Class A common stock or any securities convertible into or exercisable or exchangeable for Class A common stock (including, without limitation, Class A common stock or such other securities which may be deemed to be beneficially owned by the undersigned in accordance with the rules and regulations of the SEC and the Ontario Securities Commission and securities which may be issued upon exercise of a stock option or warrant), whether now owned or hereafter acquired by the undersigned or with respect to which the undersigned has or hereafter acquires the power of disposition (collectively, the "**Lock-Up Securities**"), or exercise any right with respect to the registration of any of the Lock-Up Securities, or file, cause to be filed or cause to be confidentially submitted any registration statement in connection therewith with the SEC, or any prospectus in connection therewith with any Canadian regulatory authorities or (B) enter into any swap or any other agreement or any transaction that transfers, in whole or in part, directly or indirectly, the consequence of which is to alter economic exposure to, or announce

any intention to do so, in any manner whatsoever, the Lock-Up Securities, whether any such swap or transaction is to be settled by delivery of Class A common stock or other securities, in cash or otherwise. See the section captioned "*Shares Eligible For Future Sale—Lock-up Agreements*."

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act. We have also agreed to reimburse the underwriters for certain of their expenses.

In connection with this offering, the underwriters may engage in stabilizing transactions, which involves making bids for, purchasing and selling shares of Class A common stock in the open market for the purpose of preventing or retarding a decline in the market price of the Class A common stock while this offering is in progress. These stabilizing transactions may include making short sales of the Class A common stock, which involves the sale by the underwriters of a greater number of shares of Class A common stock than they are required to purchase in this offering, and purchasing shares of Class A common stock on the open market to cover positions created by short sales. Short sales may be "covered" shorts, which are short positions in an amount not greater than the underwriters' option to purchase additional shares referred to above, or may be "naked" shorts, which are short positions in excess of that amount. The underwriters may close out any covered short position either by exercising their option to purchase additional shares, in whole or in part, or by purchasing shares in the open market. In making this determination, the underwriters will consider, among other things, the price of shares available for purchase in the open market compared to the price at which the underwriters may purchase shares through the option to purchase additional shares. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the Class A common stock in the open market that could adversely affect investors who purchase in this offering. To the extent that the underwriters create a naked short position, they will purchase shares in the open market to cover the position.

The underwriters have advised us that, pursuant to Regulation M of the Securities Act, they may also engage in other activities that stabilize, maintain or otherwise affect the price of the Class A common stock, including the imposition of penalty bids. This means that if the representatives of the underwriters purchase Class A common stock in the open market in stabilizing transactions or to cover short sales, the representatives can require the underwriters that sold those shares as part of this offering to repay the underwriting discount received by them.

These activities may have the effect of raising or maintaining the market price of the Class A common stock or preventing or retarding a decline in the market price of the Class A common stock, and, as a result, the price of the Class A common stock may be higher than the price that otherwise might exist in the open market. If the underwriters commence these activities, they may discontinue them at any time. The underwriters may carry out these transactions on the , in the over-the-counter market or otherwise.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage, and other financial and non-financial activities and services. Certain of the underwriters and their affiliates have provided in the past to us and our affiliates and may provide from time to time in the future certain commercial banking, financial advisory, investment banking and other services for us and such affiliates in the ordinary course of their business, for which they have received and may continue to receive customary fees and commissions. In addition, from time to time, certain of the underwriters and their affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in our debt or equity securities or loans, and may do so in the future.

In the ordinary course of their various business activities, the underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the issuer (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with us. The underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or

express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

provided that no such offer of shares shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Regulation and each person who initially acquires any shares or to whom any offer is made will be deemed to have represented, acknowledged and agreed to and with us and each of the underwriters that it is a "qualified investor" within the meaning of the law in that Relevant Member State implementing Article 2(e) of the Prospectus Regulation.

For the purposes of this provision, the expression an "offer of shares to the public" in relation to any shares in any Relevant Member State means the communication in any form and by means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase shares, as the same may be varied in that Member State by any measure implementing the Prospectus Regulation in that Member State and the expression "Prospectus Regulation" means Regulation (EU) 2017/1129 (as amended) and includes any relevant implementing measure in the Relevant Member State.

To the Members and Board of Managers of
Ascend Wellness Holdings, LLC

Opinion on the Financial Statements

We have audited the accompanying consolidated statements of financial position of Ascend Wellness Holdings, LLC (the "Company") as of December 31, 2020 and 2019, the related consolidated statements of operations, members' equity and cash flows for each of the two years in the period ended December 31, 2020, and the related notes (collectively referred to as the "financial statements").

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

1. THE COMPANY AND NATURE OF OPERATIONS

Ascend Wellness Holdings, LLC, which operates through its subsidiaries (collectively referred to as "Ascend Wellness," "AWH," "we," "us," "our," or the "Company"), is a multi-state operator in the United States cannabis industry. AWH owns, manages, and operates cannabis cultivation facilities and dispensaries in several states across the United States, most significantly in Illinois, Michigan, and Massachusetts. AWH is a Delaware limited liability company that was formed on May 15, 2018 and is headquartered in New York, New York.

2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation and Principles of Consolidation

The consolidated financial statements and accompanying notes (the "Financial Statements") have been prepared in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP"). The Financial Statements include the accounts of Ascend Wellness Holdings, LLC and its subsidiaries, including: AGP Investments, LLC; Ascend Group Partners, LLC; Ascend Illinois Holdings, LLC; Ascend Illinois, LLC; Revolution Cannabis-Barry, LLC; HealthCentral, LLC; Massgrow, LLC; Ascend Mass, LLC; Ascend Friend Street RE LLC; Ascend New Jersey, LLC; FPAW Michigan 2, Inc.; and Ascend Ohio, LLC. Refer to Note 8, "Variable Interest Entities," for additional information regarding certain entities that are not wholly-owned by the Company. We include the results of acquired businesses in the consolidated statements of operations from their respective acquisition dates. All intercompany accounts and transactions have been eliminated in consolidation.

The preparation of consolidated financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts. We base our estimates on historical experience, known or expected trends, independent valuations, and various other measurements that we believe to be reasonable under the circumstances. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates.

We round amounts in the Financial Statements to thousands, except unit and per unit amounts or as otherwise stated. In June 2019, the Company authorized a 10-for-1 unit split, which is retroactively reflected in these Financial Statements for all periods presented. We calculate all percentages and per-unit data from the underlying whole-dollar amounts. Thus, certain amounts may not foot, crossfoot, or recalculate based on reported numbers due to rounding. Unless otherwise indicated, all references to years are to our fiscal year, which ends on December 31.

Liquidity

As reflected in the Financial Statements, the Company had an accumulated deficit as of December 31, 2020 and 2019, as well as a net loss and negative cash flows from operating activities for the years then-ended. Management believes that substantial doubt of our ability to continue as a going concern for at least one year from the issuance of these financial statements has been alleviated due to: (i) capital raised subsequent to December 31, 2020 (see Note 18, "Subsequent Events") and (ii) continued sales growth from our consolidated operations. Management plans to continue to access capital markets for additional funding through debt and/or equity financings to supplement future cash needs, as may be required. However, management cannot provide any assurances that the Company will be successful in accomplishing its business plans. If the Company is unable to raise additional capital whenever necessary, it may be forced to decelerate or curtail certain of its operations until such time as additional capital becomes available.

Reclassifications

Certain prior year amounts have been reclassified to conform with our fiscal 2020 presentation. These changes had no impact on our previously reported net loss.

Revision of Financial Statements

During 2020, the Company identified and corrected an error related to the calculation of the incremental borrowing rate that is used to determine the present value of future lease payments of the Company's operating leases.

In order to assess materiality with respect to the adjustment, the Company considered Staff Accounting Bulletin ("SAB") 99, *Materiality*, and SAB 108, *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements*, and determined that the impact of the adjustments on prior period consolidated financial statements was immaterial.

This adjustment had no material impact on the Consolidated Statement of Operations for the year ended December 31, 2019.

The impact of this adjustment on the Consolidated Balance Sheet as of December 31, 2019 is as follows:

(in thousands)	Previously Reported	As Revised
Operating lease right-of-use assets	$ 53,939	$ 34,400
Total assets	215,470	195,931
Operating lease liabilities, current	631	660
Operating lease liabilities, noncurrent	83,210	63,642
Total liabilities	180,630	161,091
Total liabilities and members' equity	215,470	195,931

The impact of this adjustment on the Consolidated Statement of Cash Flows for the year ended December 31, 2019 is as follows:

(in thousands)	Previously Reported	As Revised
Amortization of operating lease assets	$ 476	$ 194
Lease liabilities	177	459

Additionally, the non-cash supplemental disclosure related to lease assets obtained in exchange for new operating lease liabilities was previously reported as $64,930 and is revised to $45,108. The weighted average discount rate on our lease liabilities as of December 31, 2019 was previously reported as 9.0% and is revised to 13.0%. The deferred tax assets attributable to operating lease liabilities as of December 31, 2019 was previously reported as $17,976 and is revised to $12,410. The deferred tax liabilities attributable to operating lease right-of-use assets was previously reported as $11,298 and is revised to $5,732. There was no impact to the net deferred tax assets previously reported as of December 31, 2019.

Variable Interest Entities

In determining whether we are the primary beneficiary of a variable interest entity ("VIE"), we assess whether we have the power to direct matters that most significantly impact the activities of the VIE and the obligation to absorb losses or the right to receive the benefits from the VIE that could potentially be significant to the VIE.

A VIE is a legal entity that does not have sufficient equity at risk to finance its activities without additional subordinated financial support or is structured that such equity investors lack the ability to make significant decisions relating to the entity's operations through voting rights or do not substantively participate in the gains or losses of the entity. The primary beneficiary has both the power to direct the activities of the VIE that most significantly impact the entity's economic performance and the obligation to absorb losses or the right to receive

benefits from the VIE that could potentially be significant to the VIE. We assess all variable interests in the entity and use our judgment when determining if we are the primary beneficiary. Other qualitative factors that are considered include decision-making responsibilities, the VIE capital structure, risk and rewards sharing, contractual agreements with the VIE, voting rights, and level of involvement of other parties. We assess the primary beneficiary determination for a VIE on an ongoing basis if there are any changes in the facts and circumstances related to a VIE.

Where we determine we are the primary beneficiary of a VIE, we consolidate the accounts of that VIE. The equity owned by other shareholders is shown as non-controlling interests in the accompanying Consolidated Balance Sheets, Statements of Operations, and Statements of Changes in Members' Equity. The assets of the VIE can only be used to settle obligations of that entity, and any creditors of that entity generally have no recourse to the assets of other entities or the Company unless the Company separately agrees to be subject to such claims.

Non-Controlling Interests

Non-controlling interests ("NCI") represent equity interests in certain of our subsidiaries that are owned by outside parties. NCI may be initially measured at fair value or at the NCI's proportionate share of the recognized amounts of the acquiree's identifiable net assets, made on a transaction by transaction basis. We have elected to measure each NCI at its proportional share of the recognized amounts of the acquiree's identifiable net assets. The share of net assets attributable to NCI are presented as a component of equity. Their share of net income or loss is recognized directly in equity. Total comprehensive income or loss of subsidiaries is attributed to the members of the Company and to the NCI, even if this results in the NCI having a deficit balance. At December 31, 2019, the only NCI is related to Ascend Illinois, which the Company purchased during 2020. There are no NCI as of December 31, 2020. See Note 8, "Variable Interest Entities" for additional information.

Cash and Cash Equivalents and Restricted Cash

We consider all highly liquid securities with an original maturity of three months or less that are held for the purpose of meeting short-term cash commitments and are readily convertible into known amounts of cash to be cash and cash equivalents. As of December 31, 2020 and 2019, we did not hold significant cash equivalents. We maintain cash with various U.S. banks and credit unions with balances in excess of the Federal Deposit Insurance Corporation and National Credit Union Share Insurance Fund limits. The failure of a bank or credit union where we have significant deposits could result in a loss of a portion of such cash balances in excess of the insured limits, which could materially and adversely affect our business, financial condition, and results of operations.

Restricted cash consists of deposits that the Company is contractually obligated to maintain in accordance with the terms of a construction loan. See Note 11, "Debt," for additional information.

The following table provides a reconciliation of cash, cash equivalents, and restricted cash to amounts shown in the Consolidated Statements of Cash Flows:

	As of December 31,	
(in thousands)	**2020**	**2019**
Cash and cash equivalents	$ 56,547	$ 10,555
Restricted cash	1,550	2,250
Total cash, cash equivalents, and restricted cash	$ 58,097	$ 12,805

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are recorded at the invoiced amount, which may bear interest and do not require collateral. Past due balances are determined based on the contractual terms of the arrangements. The Company estimates its allowance for doubtful accounts based on specific identification of probable credit losses and historical write-off experience. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. As of December 31, 2020 and 2019, the Company determined that no allowance for doubtful accounts was required.

(in thousands, except per unit data)

Inventory

Inventory includes the direct costs of seeds and growing materials, indirect costs (such as utilities, labor, depreciation, and overhead costs), and subsequent costs to prepare the products for ultimate sale, which include direct costs such as materials and indirect costs such as utilities and labor. All direct and indirect costs related to inventory are capitalized when they are incurred and they are subsequently classified to "Cost of goods sold" in the Consolidated Statements of Operations. Inventory is valued at the lower of cost and net realizable value, with cost determined using the weighted average cost method for cultivation inventory and specific identification for retail inventory. The Company reviews inventory for obsolete and slow-moving goods, and any such inventories are written down to net realizable value.

Notes Receivable

The Company provides financing to various related and non-related businesses within the cannabis industry. These notes are classified as held for investment and are accounted for as financial instruments in accordance with Accounting Standards Codification ("ASC") Topic 310, *Receivables*. The Company recognizes impairment on notes receivable when, based on all available information, it is probable that a loss has been incurred based on past events and conditions existing at the date of the Financial Statements. No impairment losses were recognized in 2020 or 2019.

Property and Equipment

Property and equipment is stated at cost, net of accumulated depreciation, amortization and impairment losses, if any. Land and construction in process are not depreciated. Depreciation and amortization is calculated on a straight-line basis over the estimated useful lives of the assets which are as follows:

Category	Estimated Lives
Machinery and other equipment	5 years
Leasehold improvements	Shorter of 10 years or lease term
Buildings	39 years

Estimates of useful life and the method of depreciation are reviewed only when events or changes in circumstances indicate that the current estimates or depreciation method are no longer appropriate. Any changes are accounted for on a prospective basis as a change in estimate. Construction in progress is measured at cost and is reclassified upon completion as building or leasehold improvements, depending on the nature of the assets, and depreciated over the estimated useful life of the asset. Repairs and maintenance costs are expensed as incurred. Property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising from derecognition of the asset is included in the Consolidated Statements of Operations.

Leases

The Company early adopted Accounting Standards Update ("ASU") 2016-01, *Leases*, at formation as of May 15, 2018 and accounts for leases in accordance with ASC Topic 842. We record right-of-use ("ROU") assets on the balance sheet (representing the right to use an underlying asset for the lease term) and the corresponding lease liabilities (the obligation to make lease payments arising from the lease). We do not record ROU assets or lease liabilities for leases with an initial term of 12 months or less and we recognize payments for such leases in our Consolidated Statements of Operations on a straight-line basis over the lease term. We do not separate lease components from non-lease components for all asset classes. Sale-leasebacks are assessed to determine whether a sale has occurred under ASC Topic 606, *Revenue from Contracts with Customers*. If a sale is determined not to have occurred, the underlying "sold" assets are not derecognized and a financing liability is established in the amount of cash received. At such time the lease expires, the assets are then derecognized along with the financing liability, with a gain recognized on disposal for the difference between the two amounts, if any. A lease of property and equipment

(in thousands, except per unit data)

is classified as an operating lease whenever the terms of the lease do not transfer substantially all the risks and rewards of ownership to the Company. Lease payments are recognized as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which the economic benefits are consumed. See Note 10, “Leases,” for additional information on our lease arrangements.

Intangible Assets

Finite-lived intangible assets are recorded at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets acquired in a business combination are measured at fair value at the acquisition date. These assets are amortized on a straight-line basis over their estimated useful lives as follows:

	Years
Tradenames	6 months
Licenses and permits	10 years
In-place leases	Lease term

The estimated useful life and amortization method are reviewed at the end of each reporting year, and the effect of any changes in estimate is accounted for on a prospective basis. No impairment indicators were noted during 2020 or 2019 and, as such, we did not record any impairment charges during either period.

Goodwill and Indefinite Life Intangible Assets

Goodwill represents the excess of purchase price of acquired businesses over the fair value of the assets acquired and liabilities assumed. Goodwill is allocated to the reporting unit in which the business that created the goodwill resides. We have elected to make the first day of our fourth quarter the annual impairment assessment date for goodwill. However, we could be required to evaluate the recoverability of goodwill more often if impairment indicators exist.

In 2018, we early adopted ASU 2017-04, *Intangibles-Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment*, which eliminates the two-step goodwill impairment process and allows us to test goodwill for impairment by comparing the fair value of a reporting unit to its carrying amount. If the fair value of a reporting unit is less than its carrying value, an impairment charge will be recorded for the difference between the fair value and carrying value, but is limited to the carrying value of the reporting unit’s goodwill. During the fourth quarter of 2020, we performed our annual assessment of goodwill, noting no indicators of impairment and, as such, we did not record any impairment charges. No impairment was recorded during 2020 or 2019.

Indefinite life intangible assets are carried at cost less accumulated impairment losses. The Company reviews the classification each reporting period to determine whether the assessment made about the useful life as indefinite or finite is still appropriate. Any change is accounted for on a prospective basis as a change in estimate.

Impairment of Long-Lived Assets

The Company evaluates the recoverability of long-lived assets, including property and equipment, finite life intangible assets, and lease-related ROU assets whenever events or changes in circumstances indicate a potential impairment exists. We group assets at the lowest level for which cash flows are separately identifiable, referred to as an asset group. When indicators of potential impairment exist, we prepare a projected undiscounted cash flow analysis for the respective asset or asset group. If the sum of the undiscounted cash flow is less than the carrying value of the asset or asset group, an impairment loss is recognized equal to the excess of the carrying value over the fair value, if any,

Fair Value of Financial Instruments

Fair value is the price we would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets or

liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 – Quoted prices for identical instruments in active markets;

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable; and

Level 3 – Significant inputs to the valuation model are unobservable.

We evaluate assets and liabilities subject to fair value measurements on a recurring and non-recurring basis to determine the appropriate level at which to classify them for each reporting period. The Company records cash, accounts receivable, notes receivable, and notes payable at cost. The carrying value of these instruments approximates their fair value due to their short-term maturities. Unless otherwise noted, it is management's opinion that the Company is not exposed to significant interest or credit risks arising from these financial instruments. During 2020 and 2019, we had no transfers of assets or liabilities between any of the hierarchy levels.

In addition to assets and liabilities that are measured at fair value on a recurring basis, we are also required to measure certain assets at fair value on a non-recurring basis that are subject to fair value adjustments in specific circumstances. These assets can include: goodwill; intangible assets; property and equipment; and lease related ROU assets. We estimate the fair value of these assets using primarily unobservable Level 3 inputs.

Convertible Instruments

The Company accounts for hybrid contracts that feature conversion options in accordance with ASC Topic 815, *Derivatives and Hedging Activities* ("ASC 815"). ASC 815 requires companies to bifurcate conversion options and account for them as freestanding financial instruments according to certain criteria. If the embedded features do not meet the criteria for bifurcation, the convertible instrument is accounted for as a single hybrid instrument in accordance with ASC Topic 470-20, *Debt with Conversion and Other Options* ("ASC 470-20").

From time to time, the Company may issue, in connection with its debt, warrants to purchase common units. The warrants are recorded at fair value using the Black-Scholes option pricing model or a binomial model, based on the classification of the instrument. The classification of warrants as liabilities or equity is evaluated at issuance.

Acquisitions

We account for business combinations using the acquisition method of accounting. On the date of the acquisition, we allocate the purchase price to the assets acquired and liabilities assumed at their estimated fair values. Goodwill on the acquisition date is measured as the excess of the purchase price over the fair values of assets acquired and liabilities assumed. While we use our best estimates and assumptions to accurately value assets acquired and liabilities assumed at the acquisition date as well as contingent consideration, where applicable, our estimates are subject to refinement. As a result, during the measurement period, which may be up to one year from the acquisition date, we record adjustments to the assets acquired and liabilities assumed with corresponding adjustments to goodwill. We recognize subsequent changes in the estimate of the amount to be paid under contingent consideration arrangements in the accompanying Consolidated Statements of Operations. We expense acquisition-related costs as incurred.

For acquisitions that are not deemed to be businesses, the assets acquired are recognized based on their cost to the Company as the acquirer and no gain or loss is recognized. The cost of assets acquired in a group is allocated to the individual assets within the group based on their relative fair values and does not give rise to goodwill. Transaction costs related to acquisitions of assets are included in the cost basis of the assets acquired.

Contingencies and Litigation

The Company may be subject to lawsuits, investigations, and other claims related to employment, commercial, and other matters that arise out of operations in the normal course of business. We accrue for loss contingencies when losses become probable and are reasonably estimable. If the reasonable estimate of the loss is a range and no amount within the range is a better estimate, the minimum amount of the range is recorded as a liability. We recognize legal costs as an expense in the period incurred.

Income Taxes

We account for income taxes using the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statement carrying amount of existing assets and liabilities and their respective tax basis. We measure deferred tax assets and liabilities using enacted tax rates expected to be applied to taxable income in the years in which those temporary differences are expected to be recovered. Deferred tax assets are reviewed for recoverability on an annual basis. A valuation allowance is recorded to reduce the carrying amount of a deferred tax asset to its realizable value unless it is more likely than not that such asset will be realized. We recognize interest and penalties associated with tax matters as part of the income tax provision, if any, and include accrued interest and penalties with the related tax liability in the Consolidated Balance Sheet, if applicable.

As discussed further in Note 14, “Income Taxes,” we are subject to the provisions of Internal Revenue Code (“IRC”) Section 280E.

Revenue Recognition

Revenue is recognized in accordance with ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*, and the related subsequent pronouncements (collectively “Topic 606”), which the Company early adopted at formation as of May 15, 2018. Under Topic 606, revenue recognition depicts the transfer of promised goods or services to a customer in an amount that reflects the consideration to which we expect to be entitled in exchange for those goods or services. Revenue recognition is aligned with the delivery of goods and services and is recognized at a point in time or over time, the assessment of which requires judgment.

In accordance with Topic 606, revenue is recognized when a customer obtains control of promised goods or services. The amount of revenue reflects the consideration to which the Company expects to be entitled to receive in exchange for these goods or services. The Company applies the following five-step analysis to determine whether, how much, and when revenue is recognized: (1) identify the contract with the customer; (2) identify the performance obligation in the contract; (3) determine the transaction price; (4) allocate the transaction price to the performance obligation in the contract; and (5) recognize revenue when or as the Company satisfies a performance obligation.

Under Topic 606, revenue from the sale of medicinal and adult-use cannabis and derivative products has a single performance obligation and revenue is recognized at the point in time when control of the product transfers and the Company’s obligations have been fulfilled. This generally occurs upon delivery and acceptance by the customer. Amounts disclosed as revenue are net of allowances, discounts, and rebates. Sales discounts were not material during 2020. Sales taxes collected from customers are excluded from revenue.

For certain locations, we offer a loyalty program to dispensary customers. A portion of the revenue generated in a sale is allocated to the loyalty points earned and the amount allocated to the points earned is deferred until the loyalty points are redeemed or expire. The loyalty liability was not material at December 31, 2020 or 2019.

Equity-Based Payments

The Company issues equity-based awards to employees and non-employee directors for services. These awards are measured based on their fair value at the grant date and recognized as compensation expense over the requisite service period. Forfeitures are accounted for as they occur. The Company issues new units to satisfy the issuance of equity-based payments.

Loss per Unit

Net loss per unit represents the net loss attributable to members divided by the weighted average number of units outstanding during the period on an as-converted to common unit basis. Diluted earnings per unit reflects the potential dilution that could occur if securities or other contracts to issue common units were exercised or converted into common units of the Company during the reporting periods. Potential dilutive common unit equivalents consist of the incremental common units issuable upon the exercise of warrants and the incremental shares issuable upon conversion of convertible notes. In reporting periods in which the Company has a net loss, the effect of these are considered anti-dilutive and are excluded from the diluted earnings per unit calculation. The number of units excluded from the calculation was 59,452 and 24,292 as of December 31, 2020 and 2019, respectively, because their inclusion would have been anti-dilutive.

Recently Adopted Accounting Standards

Distinguishing Liabilities from Equity and Derivatives and Hedging

In July 2017, the FASB issued ASU 2017-11, *Earnings Per Share (Topic 260); Distinguishing Liabilities from Equity (Topic 480), Derivatives and Hedging (Topic 815): (Part I) Accounting for Certain Financial Instruments with Down Round Features, (Part II) Replacement of the Indefinite Deferred for Mandatorily Redeemable Financial of Certain Nonpublic Entities and Certain Mandatorily Redeemable Noncontrolling Interest with a Scope Exception*, ("ASU 2017-11"). Part I addresses complexities of accounting for certain financial instruments with down round features and Part II addresses the difficulty of navigating Topic 480 for certain financial instruments with characteristics of liability and equity. ASU 2017-11 became effective for us on January 1, 2020 and did not significantly impact our Consolidated Financial Statements.

Fair Value Measurements

In August 2018, the FASB issued ASU 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement (Topic 820)*, ("ASU 2018-13"). ASU 2018-13 adds, modifies, and removes certain fair value measurement disclosure requirements. ASU 2018-13 became effective for us on January 1, 2020 and did not significantly impact our Consolidated Financial Statements.

Recently Issued Accounting Pronouncements

The following standards have been recently issued by the Financial Accounting Standards Board ("FASB"). Pronouncements that are not applicable to the Company or where it has been determined do not have a significant impact on us have been excluded herein.

Financial Instruments

In June 2016, the FASB issued ASU 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, ("ASU 2016-13"). ASU 2016-13 replaces the existing guidance surrounding measurement and recognition of credit losses on financial assets measured at amortized cost, including trade receivables and investments in certain debt securities, by requiring recognition of an allowance for credit losses expected to be incurred over an asset's life based on relevant information about past events, current conditions, and supportable forecasts impacting its ultimate collectability. This current expected credit losses ("CECL") model will result in earlier recognition of credit losses than the current "as incurred" model, under which losses are recognized only upon the occurrence of an event that gives rise to the incurrence of a probable loss.

ASU 2019-05, *Financial Instruments – Credit Losses (Topic 326): Targeted Transition Relief*, was issued in May 2019 to provide target transition relief allowing entities to make an irrevocable one-time election upon adoption of the new credit losses standard to measure financial assets previously measured at amortized cost (except held-to-maturity securities) using the fair value option.

ASU 2019-11, *Codification Improvements to Topic 326, Financial Instruments – Credit Losses*, was issued in November 2019 to clarify, improve, and amend certain aspects of ASU 2016-13, such as disclosures related to accrued interest receivables and the estimation of credit losses associated with financial assets secured by collateral.

ASU 2020-03, *Codification Improvements to Financial Instruments*, was issued in March 2020 to improve and clarify various financial instruments topics, including the CECL standard issued in 2016. The ASU includes seven different issues that describe the areas of improvement and the related amendments to U.S. GAAP, intended to make the standards easier to understand and apply by eliminating inconsistencies and providing clarifications. Certain amendments contained within this update were effective upon issuance and had no material impact on our Consolidated Financial Statements. The amendments related to ASU 2019-04 and ASU 2016-13 will be adopted in conjunction with ASU 2016-13. ASU 2016-13 and its related ASUs are effective for us beginning January 1, 2023. We are currently evaluating the impact of this ASU on our Consolidated Financial Statements.

Income Taxes

In December 2019, the FASB issued ASU 2019-12, *Income Taxes (Topic 740) – Simplifying the Accounting for Income Taxes*, ("ASU 2019-12") which is intended to simplify various aspects related to accounting for income taxes. ASU 2019-12 removes certain exceptions to the general principles in Topic 740 and also clarifies and amends existing guidance to improve consistent application. ASU 2019-12 is effective for us beginning January 1, 2021. We are currently evaluating the impact of this ASU on our Consolidated Financial Statements.

Investments

In January 2020, the FASB issued ASU 2020-01, *Investments – Equity Securities (Topic 321), Investments – Equity Method and Joint Ventures (Topic 323), and Derivatives and Hedging (Topic 815): Clarifying the Interactions between Topic 321, Topic 323, and Topic 815*. This ASU provides clarification of the interaction of rules for equity securities, the equity method of accounting, and forward contracts and purchase options on certain types of securities and is effective for the Company beginning on January 1, 2021, with early adoption permitted. This new guidance is not expected to have a material impact on our Consolidated Financial Statements.

Reference Rate Reform

In March 2020, the FASB issued ASU 2020-04, *Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting*, which provides optional expedients and exceptions for applying U.S. GAAP to contracts, hedging relationships, and other transactions that reference LIBOR or another reference rate expected to be discontinued because of reference rate reform. This new guidance can be adopted prospectively no later than December 1, 2022, with early adoption permitted, and is not expected to have a material impact on the Company's Consolidated Financial Statements.

In January 2021, the FASB issued ASU 2021-01, *Reference Rate Reform* (Topic 848): Scope, ("ASU 2021-01"), which clarifies certain optional expedients and exceptions in Topic 848 when accounting for derivative contracts and certain hedging relationships affected by changes in interest rates. ASU 2021-01 is effective upon issuance and the amendments within are applied either prospectively or retrospectively. ASU 2021-01 is not expected to have a significant impact on the Company's financial statements.

Debt

In August 2020, the FASB issued ASU 2020-06, *Debt – Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging – Contracts in Entity's Own Equity (Subtopic 815-40): Accounting for*

Convertible Instruments and Contracts in an Entity's Own Equity, which simplifies the accounting for convertible instruments by reducing the number of accounting models available for convertible debt instruments. This guidance also eliminates the treasury stock method to calculate diluted earnings per share for convertible instruments and requires the use of the if-converted method. This guidance will be effective for us January 1, 2022 on a full modified or modified retrospective basis, with early adoption permitted. We are currently evaluating the impact of this updated on our Consolidated Financial Statements.

3. REPORTABLE SEGMENTS AND REVENUE

The Company operates under one operating segment, which is its only reportable segment: the production and sale of cannabis products. The Company prepares its segment reporting on the same basis that its Chief Operating Decision Maker manages the business and makes operating decisions. The Company's measure of segment performance is net income and derives its revenue primarily from the sale of cannabis products. All of the Company's operations are located in the United States.

Disaggregation of Revenue

The Company disaggregates its revenue from the direct sale of cannabis to customers as retail revenue and wholesale revenue. We have determined that disaggregating revenue into these categories best depicts how the nature, amount, timing, and uncertainty of revenue and cash flows are affected by economic factors.

	Year Ended December 31,	
(in thousands)	**2020**	**2019**
Retail revenue	$ 103,859	$ 11,204
Wholesale revenue	57,452	1,970
	161,311	13,174
Elimination of inter-company revenue	(17,579)	(1,142)
Total revenue, net	$ 143,732	$ 12,032

4. ACQUISITIONS

The Company has determined that the acquisitions discussed below are considered business combinations under ASC Topic 805, *Business Combinations*, ("ASC Topic 805") and are accounted for by applying the acquisition method, whereby the assets acquired and the liabilities assumed are recorded at their fair values with any excess of the aggregate consideration over the fair values of the identifiable net assets allocated to goodwill. Operating results have been included in these Consolidated Financial Statements from the date of the acquisition.

2020 Acquisitions

Effective August 1, 2020, the Company acquired MOCA LLC ("MOCA"), a dispensary operator in the Chicago, Illinois area for total consideration of $22,312, consisting of $21,174 in cash, including working capital adjustments, and 8,125 common units of AWH with a fair value of $1,138. We incurred $263 of acquisition-related costs during 2020, which are included in "General and administrative" in the accompanying Consolidated Statement of Operations. The transaction was treated as a business combination under ASC Topic 805, and MOCA was consolidated as a VIE from the signing date until the final closing date in December 2020.

Effective September 29, 2020, the Company's subsidiary, Ascend New Jersey, LLC, acquired the assets and liabilities of Greenleaf Compassion Center ("GCC"), a vertically integrated operator in New Jersey with licenses for three retail locations and one cultivation and manufacturing facility. Total consideration for this acquisition was $16,307, which consisted of $13,626 of cash, 8,438 common units of AWH with a fair value of $1,181, and settlement of a $1,500 note receivable (see Note 6, "Notes Receivable"). We incurred $114 of acquisition-related costs during 2020, which are included in "General and administrative" in the accompanying Consolidated Statement of Operations.

Additionally, effective December 15, 2020, the Company acquired Chicago Alternative Health Center, LLC and Chicago Alternative Health Center Holdings, LLC (collectively, "Midway") for total cash consideration of $28,000, subject to certain adjustments including a customary working capital adjustment. The transaction was treated as a business combination under ASC Topic 805, and Midway is consolidated as a VIE from the signing date through the final closing date, which is pending the state's approval of the license transfer. We incurred $149 of acquisition-related costs during 2020, which are included in "General and administrative expenses" in the accompanying Consolidated Statement of Operations.

Preliminary Purchase Price Allocation

The Company allocated the purchase price of each of its acquisitions during 2020 as summarized in the table below. The purchase price allocation for these acquisitions reflects various preliminary fair value estimates and analyses, including certain tangible assets acquired and liabilities assumed, the valuation of intangible assets acquired, and goodwill, which are subject to change within the measurement period as preliminary valuations are finalized (generally one year from the acquisition date). Measurement period adjustments are recorded in the reporting period in which the estimates are finalized and adjustment amounts are determined.

The previous member is a founder of the Company and has a significant equity interest in the Company. Ascend Michigan was previously accounted for as a VIE because the Company possessed the power to direct the significant activities of the VIE and had the obligation to absorb losses or the right to receive benefits from the VIE. Subsequent to the assignment of the member interests, Ascend Michigan is considered a wholly owned subsidiary. The assignment had no significant impact on the Company's results, as Ascend Michigan was previously consolidated as a VIE and will continue to be consolidated as a subsidiary. No impairment of assets or impact on results of operations occurred with the transfer of member interests. Based on the timing of the transfer in December

2020, the financial information as of and for the year ended December 31, 2020 related to Ascend Michigan is reflected in the table above.

10. LEASES

The Company leases land, buildings, equipment, and other capital assets which it plans to use for corporate purposes and the production and sale of cannabis products. We determine if an arrangement is a lease at inception and begin recording lease activity at the commencement date, which is generally the date in which we take possession of or control the physical use of the asset. ROU assets and lease liabilities are recognized based on the present value of lease payments over the lease term with lease expense recognized on a straight-line basis. We use our incremental borrowing rate to determine the present value of future lease payments unless the implicit rate is readily determinable. Our incremental borrowing rate is the rate of interest we would have to pay to borrow on a collateralized basis over a similar term at an amount equal to the lease payments in a similar economic environment. This incremental borrowing rate is applied to the minimum lease payments within each lease agreement to determine the amounts of our ROU assets and lease liabilities.

Our lease terms range from 1 to 20 years. Some leases include one or more options to renew, with renewal terms that can extend the lease terms. We typically exclude options to extend the lease in a lease term unless it is

reasonably certain that we will exercise the option and when doing so is at our sole discretion. The depreciable lives of assets and leasehold improvements are limited by the expected lease term unless there is a transfer of title or purchase option reasonably certain of exercise. Typically, if we decide to cancel or terminate a lease before the end of its term, we would owe the lessor the remaining lease payments under the term of such lease. Our lease agreements generally do not contain any material residual value guarantees or material restrictive covenants. We may rent or sublease to third parties certain real property assets that we no longer use.

Lease agreements may contain rent escalation clauses, rent holidays, or certain landlord incentives, including tenant improvement allowances. ROU assets include amounts for scheduled rent increases and are reduced by lease incentive amounts. Certain of our lease agreements include variable rent payments, consisting primarily of rental payments adjusted periodically for inflation and amounts paid to the lessor based on cost or consumption, such as maintenance and utilities. Variable rent lease components are not included in the lease liability.

The components of lease assets and lease liabilities and their classification on our Consolidated Balance Sheets were as follows:

2020 Activity

In March 2020, the Company sold and subsequently leased back one of its capital assets for total proceeds of $3,750, excluding transaction costs. This transaction did not meet the criteria to qualify for sale-leaseback treatment. Additionally, during 2019, the Company sold and subsequently leased back two of its capital assets for total proceeds of $14,000, excluding transaction costs. These transactions did not meet the criteria to qualify for sale-leaseback treatment. The "sold" assets remain within land, buildings, and leasehold improvements, as appropriate, for the duration of the lease and a financing liability equal to the amount of proceeds received is recorded within "Current portion of debt, net" and "Long-term debt, net" on the accompanying Consolidated Balance Sheets. In April 2020, in conjunction with a sale-leaseback of the Athol Property (see Note 10, "Leases"), the Company repaid $15,317 of the outstanding principal, plus accrued interest and a 5% pre-payment penalty. The remaining principal balance of $2,703 was replaced and reissued under a new one year secured note purchase agreement with an interest rate of 25% (the "April 2020 Term Notes"). The Company pre-paid the April 2020 Term Notes, plus accrued interest, in August 2020, without prepayment penalty. Approximately $33 of unamortized debt issuance costs related to these notes were expensed to interest expense when the debt was repaid.

(2) In May 2019, the Company entered into a loan and security agreement that provides for up to a maximum loan amount of $12,500 for the purchase of a building and related renovation (the "2019 Capital Construction Loan"). This loan matures on May 29, 2024 and is secured by the related property. Interest accrues at 14% per annum, compounded monthly. For the first year, interest accrues and is deferred as part of the principal balance payable at maturity and thereafter is due monthly, in arrears. Prepayment is permitted, subject to certain terms and fees. In conjunction with this loan, we are required to maintain

certain funds in a construction reserve account that will be applied for future renovation costs. These funds are reflected as "Restricted cash" on the Consolidated Balance Sheet.

(3) In June 2019, the Company entered into a convertible note purchase agreement whereby the Company can issue up to $35,000 of convertible notes, which amount can be increased at the Company's sole discretion (the "AWH Convertible Promissory Notes," each an "AWH Note"). The AWH Convertible Promissory Notes are convertible into common units of the Company on occurrence of certain events, such as a change of control or an initial public offering ("IPO") (which events had not occurred through December 31, 2020). Upon the occurrence of an IPO, each AWH Note, including interest thereon less applicable withholding taxes, will automatically convert into equity securities issued in connection with the IPO, with the number of securities issued on the basis of a price equal to the lesser of: (a)(i) a 20% discount to the issue price if an IPO occurs on or before 12 months from each note issuance; (ii) a 25% discount to the issue price if an IPO occurs after 12 months of each note issuance, but before maturity; and (b) the conversion price then in effect based on a defined pre-money valuation of the Company. Any conversion will be treated as a share-settled redemption and the related principal plus accrued interest will be reclassified to equity with no gain or loss recorded.

Each AWH Note matures two years from its issue date and can either be paid in full at maturity or converted into common units. Each AWH Note bears interest at 8% for the first twelve months, 10% for months thirteen through fifteen, and 13% thereafter through maturity. Interest is paid-in-kind and added to the outstanding balance of the note, to be paid at maturity or upon conversion. $1,000 of these notes were issued to related party entities that are managed by one of the founders of the Company. In conjunction with these notes, during 2019 the Company issued warrants to purchase 1,524 common units at $2.00 per unit that can be exercised for three years from issuance. The total fair value of these warrants at issuance was *de minimis*. In conjunction with the AWH Convertible Notes issued during 2020, the Company issued warrants to purchase 2,413 common units at $2.00 per unit that can be exercised for three years from issuance. The total fair value of $61 was recorded as a discount on the related notes and is being amortized to interest expense over the term of the related notes. Refer to Note 12, "Members' Equity," for additional details.

(4) In July 2019, the Company entered into a note purchase agreement, under which it issued two notes (the "July 2019 Notes") totaling $10,000 that mature on July 1, 2024 and are secured by the assets of Ascend Ohio, LLC. These notes bear interest at 15% per annum, to be paid quarterly until maturity. In conjunction with these notes, the Company issued warrants to purchase 2,188 common units at $1.60 per unit. The fair value of the warrants at issuance was *de minimis*. Refer to Note 12, "Members' Equity," for additional details.

(5) In connection with the Ann Arbor Lease (see Note 9, "Intangible Assets and Goodwill") in September 2019, the Company issued a secured promissory note due September 10, 2022 (the "Ann Arbor Note"). This note has an interest rate of 10% per annum to be paid monthly. Principal is due in full at maturity and prepayments are permitted without penalty.

(6) In October 2020, the Company entered into a $38,000 senior secured credit facility (the "October 2020 Credit Facility"), consisting of a $25,000 initial term loan and $13,000 aggregate principal of delayed draw term loans. The initial term loan was funded in October 2020 and the delayed draw term loans remain available for future funding. The October 2020 Credit Facility has an initial term of three years, but may be extended for up to two additional years upon satisfaction of certain conditions. Borrowings bear interest at 14.25% during the first three years, due quarterly in arrears and payable in arrears upon any prepayment and at maturity. Borrowings under the October 2020 Credit Facility are secured by a first priority senior secured lien on the assets of the Company and its subsidiaries with operations or assets located in Illinois and Massachusetts, other than certain defined excluded property. The October 2020 Credit Facility contains certain covenants, including a minimum cash balance requirement of $5,000 at the end of each fiscal month and a minimum cash to consolidated fixed charge ratio of 2.00 to 1.00. The Company was in compliance with these covenants at December 31, 2020. The October 2020 Credit Facility also contains certain customary events of default. The Company issued warrants for an aggregate of 2,500 common units with an exercise price of $2.00 per unit that can be exercised for five years from issuance. The fair value of $75 at issuance was recorded as a discount to the loan and is being amortized to interest expense over the term of the loan. Additional warrants may be issued for any draws under the delayed draw term loans. We incurred $1,810 of financing costs related to the loan that are being amortized to interest expense over the term of the loan. The lender is due an additional interest payment of $3,750 at maturity, subject to adjustment if the loans are extended. This payment may be settled in cash or equity at the lender's option and is being accreted as additional debt over the term of the loan.

(7) In October 2020, the Company entered into a financing agreement under which it can borrow up to $20,000 in the aggregate through term loans (the "NJ Term Loan"). In November 2020, the Company borrowed the full $20,000. Borrowings under the NJ Term Loan bears interest at a rate of 17.0% per annum and interest is due quarterly, in arrears. Borrowings under the NJ Term Loan are secured by (i) a first priority senior secured lien on substantially all of the assets and property of Ascend New Jersey, LLC and its subsidiaries, subject to certain customary exclusions, and (ii) a guarantee of AWH NJ Holdings, LLC. A prepayment of the outstanding balance under the NJ Term Loan is due in 2023 based on defined excess cash flow at that time and the remainder of the then-outstanding principal balance is due and payable at maturity on October 29, 2025.

The NJ Term Loan contains certain covenants, including a maximum debt to assets ratio of 70% as defined in the agreement. The Company was in compliance with these covenants at December 31, 2020. The NJ Term Loan also includes customary events of default. We incurred $1,454 of financing costs that are being amortized to interest expense over the term of the loan.

(8) In December 2020, the Company entered into a loan and security agreement for a $4,500 term loan due December 29, 2023 (the "NJ Real Estate Loan"). The NJ Real Estate Loan bears interest at 12.0% per annum and is due monthly, in arrears. Principal is due at maturity; prepayments are permitted with notice and subject to a prepayment fee. We incurred $135 of financing costs that are being amortized to interest expense over the term of the loan. Proceeds under the NJ Real Estate Loan were used to fund a loan receivable to the owners of a property leased by the Company (see Note 6, "Notes Receivable"). The NJ Real Estate Loan is secured by the loan receivable on the property.

(9) Sellers' Notes consist of amounts owed for acquisitions or other purchases. At December 31, 2020, $11,174 is due under the purchase agreement to the former owners of MOCA. This amount is included in "Current portion of debt, net" on the Consolidated Balance Sheet at December 31, 2020 and was paid in January 2021.

A total of $25,200 is due to the former owners of Midway. Of this balance, $17,200 is due at final closing in 2021 and is included in "Current portion of debt, net" on the Consolidated Balance Sheet at December 31, 2020. Interest of 13% per annum is due monthly on this payment. An additional $8,000 holdback payment is due one year from final closing as is included in "Long-term debt, net" on the Consolidated Balance Sheet at December 31, 2020. This holdback accrues interest at 13% per year from the final closing date until payment.

Additionally, as part of the purchase of the non-controlling interest (see Note 8, Variable Interest Entities), the Company will pay $11,000 to the former owners, payable in quarterly installments through December 2023. These payments do not bear interest and there therefore recorded at a discounted present value of $10,973, which discount will be accreted as interest expense as payments are made. The Company made payments of $1,571 during 2020. At December 31, 2020, $3,140 and $6,268 is included in "Current portion of debt, net" and "Long-term debt, net" respectively on the Consolidated Balance Sheet.

(10) Finance liability related to failed sale leaseback transactions. See Note 10, "Leases," for additional details.

During 2020 and 2019, we repaid $19,591 and $6,018 of principal under our notes. At December 31, 2020, the following cash payments are required under our debt arrangements:

12. MEMBERS' EQUITY

Share Capital

Pursuant to its operating agreement, the Company is authorized to issue Common Units, Preferred Units, and Restricted Common Units (see Note 13, "Equity-Based Compensation Expense"), all with no par value. Preferred Units collectively includes Series Seed Preferred Units, Series Seed+ Preferred Units, and Real Estate Preferred Units, unless otherwise specified. All unit issuances must be approved by the Board of Managers of the Company. All share classes are included within "Share capital" in the Consolidated Statements of Changes in Members' Equity on an as-converted to common units basis. In June 2019, the Company authorized a 10-for-1 unit split, which is reflected throughout the Financial Statements.

Subject to certain terms and conditions, the Company first, and each member holding Preferred Units and/or Common Units second, shall have a right of first refusal if any other member receives a bona fide offer that the Offering Member desires to accept to transfer all or any portion of the applicable units it owns.

Each holder of Preferred Units or Common Units has pre-emptive rights to purchase its applicable pro rata portion of any new securities the Company may propose to issue or sell to any party. Each Preferred Unit is convertible, at the option of the holder, at any time and from time to time, and without the payment of additional consideration by the holder thereof, into fully paid and non-assessable Common Units on a one-for-one basis subject to adjustment for unit splits or combinations, certain dividends, and distributions if/as applicable.

Any distributions determined by the Board are first made to the members holding Preferred Units in proportion to and up to the amounts necessary for each member to have received cumulative distributions equal to such members' capital contribution attributable to such Preferred Units, second to the Members holding Real Estate Preferred Units covering such member's unpaid yield (equal to the excess of 50% of the initial cost of such unit), and third to Common Units, Real Estate Preferred Units, and Incentive Units pro rata in proportion to their aggregate holdings of Common Units and Incentive Units treated as one class of Units on an as-converted basis.

The Preferred Units are convertible at the option of the Holder into common units on a one-for-one basis. In addition, if a go-public transaction were to occur then each common unit, Series Seed Preferred Unit, and Series Seed+ Preferred Unit would convert on a one-for-one basis. Each Real Estate Preferred unit would convert at a rate of one plus 1.5x, divided by the price at which the securities are sold to the public. This conversion feature for the Real Estate Preferred Units is considered a contingent beneficial conversion feature that would only be recognized if the event occurs. Such conversion event has not occurred through of December 31, 2020.

The following table summarizes the member units outstanding:

	As of December 31,	
(in thousands)	**2020**	**2019**
Common Units	96,094	63,571
Real Estate Preferred Units	45,602	45,602
Series Seed Preferred Units	28,505	28,505
Series Seed+ Preferred Units	41,964	41,964
Total	212,165	179,642

2020 Financing Activity

During 2020, the Company issued a total of 16,563 of common units in business acquisitions (refer to Note 4, "Acquisitions") and 3,437 of common units in an asset purchase (refer to Note 9, "Intangible Assets and Goodwill"). Additionally, the Company issued a total of 7,271 of common units in the purchase of the non-controlling interests of Ascend Illinois (see Note 8, "Variable Interest Entities").

2019 Financing Activity

During 2019, the Company issued 41,964 of Series Seed+ Preferred Units for gross proceeds of $37,768. Issuance costs were immaterial. Additionally, in August 2019, the Company issued 446 common units for total proceeds of $713. As discussed in Note 9, “Intangible Assets and Goodwill,” we issued 625 common units in conjunction with the acquisition of the Ann Arbor Lease.

Warrants

During 2019, upon the execution of the AWH Convertible Promissory Notes, certain note holders received warrants to purchase 1,524 of common units at an exercise price of $2.00 that can be exercised for three years from issuance. In July 2019, in conjunction with the July 2019 Notes, we issued warrants to purchase 2,188 of common units at an exercise price of $1.60 that can be exercised for two years or upon the closing of a public offering. Additionally, during 2019 we issued other warrants to purchase 625 common units at an exercise price of $2.00 that can be exercised for three years from issuance. The fair value of the warrants issued during 2019 was *de minimis*.

In conjunction with the AWH Convertible Notes issued during 2020, the Company issued warrants to purchase 2,413 common units at $2.00 per unit with an estimated total fair value of $61. These warrants can be exercised for three years from issuance. Additionally, in conjunction with the October 2020 Credit Facility, the Company issued warrants for an aggregate of 2,500 common units with an exercise price of $2.00 per unit and an estimated total fair value of $75. These warrants can be exercised for five years from issuance.

The warrants issued are equity-classified instruments, are subject to customary anti-dilution adjustments, are stand-alone instruments, and are not part of the terms of the notes to which they were issued. The fair value of such warrants is recorded as discount on the related notes and is amortized to interest expense over the term of the related notes. The fair value of the warrants is calculated using a Black-Scholes model. The fair values per warrant at issuance ranged from $0.01 to $0.05 and significant assumptions used in the calculation included volatility ranging from 69.2% to 108.4% and risk-free rates ranging from 0.17% to 2.17%. The weighted-average remaining contractual life of the warrants outstanding as of December 31, 2020 is 2.4 years and such warrants have no intrinsic value.

13. EQUITY-BASED COMPENSATION EXPENSE

In 2019, the Company’s Board of Managers approved an Equity Incentive Plan (the “Incentive Plan”) pursuant to which the Company can issue equity incentives. Company directors, officers, employees, and certain independent contractors (each, a “Grantee”) are eligible to receive awards of Incentive Units under the Incentive Plan. The number of Incentive Units the Company may issue under the Incentive Plan is limited to 10% of the aggregate total of Preferred Units and Common Units outstanding on a fully diluted basis as of the date of the grant. Any Incentive Units that are forfeited or repurchased by the Company are eligible for re-distribution under the Incentive Plan. The Incentive Units are granted as “profits interests” that provide for the Grantees to share in the proceeds of a liquidity event above a valuation hurdle specified in each award agreement. Such distributions would be made on a pro-rata basis after priority is given to the members holding Preferred Units and Common Units.

The Incentive Plan is administered by a committee designated by the Board of Members of the Company that establishes exercise prices, expiry dates, and vesting requirements. Vesting may be based on the continued service of the Grantee or on the achievement of performance goals set out in the Award Agreement. Incentive Units may also be fully vested on the date of grant. The Committee may, at any time, waive or accelerate the vesting requirements. The Incentive Units generally vest over two or three years. The estimated fair value of the Incentive Units at issuance is recognized as compensation expense over the related vesting period. In the event of a change of control or an Initial Public Offering, all unvested Incentive Units outstanding at such time shall fully vest on the date of the event.

The Company adopted a new incentive plan in November 2020 (the “2020 Plan”) which, among other changes, authorizes the issuance of incentive common unit options and restricted units (collectively, “Awards”).

(in thousands, except per unit data)

Approximately 19,887 restricted common units were issued under the plan during 2020. The maximum number of Awards to be issued under the 2020 Plan is 20,061 and any Awards that expire or are forfeited may be re-issued. Unless otherwise specified, the Awards may not be exercised for six months following a Go-Public transaction. The Awards generally vest over two or three years. The estimated fair value of the Awards at issuance is recognized as compensation expense over the related vesting period. Upon adoption of the 2020 Plan, the Incentive Units previously issued were cancelled and converted into restricted common units that are considered fully issued and outstanding.

The following table summarizes the Incentive Units activity through conversion:

	Number of Units
Unvested, December 31, 2019	4,300
Granted	1,706
Vested	(2,769)
Cancelled	(3,237)
Unvested, December 31, 2020	—

The Company recognized $367 and $311 as compensation expense in connection with the Incentive Units during 2020 and 2019, respectively, which is included in “General and administrative” on the Consolidated Statements of Operations.

The following table summarizes the restricted common units activity:

	Number of Units
Unvested, December 31, 2019	—
Granted	19,887
Vested	(5,252)
Forfeited	(76)
Unvested, December 31, 2020	14,559

The Company recognized $313 as compensation expense in connection with the restricted common units during 2020, which is included in “General and administrative” on the Consolidated Statements of Operations. As of December 31, 2020, total unrecognized compensation cost related to restricted common units was $1,802, which is expected to be recognized over the weighted-average remaining vesting period of 1.4 years.

14. INCOME TAXES

Since the Company operates in the cannabis industry, it is subject to the limitations of IRC Section 280E, which prohibits businesses engaged in the trafficking of Schedule I or Schedule II controlled substances from deducting ordinary and necessary business expenses from gross profit. Cannabis businesses operating in states that align their tax codes with IRC Section 280E are also unable to deduct ordinary and necessary business expenses for state tax purposes. Ordinary and necessary business expenses deemed non-deductible under IRC Section 280E are treated as permanent book-to-tax differences. Therefore, the effective tax rate can be highly variable and may not necessarily correlate with pre-tax income or loss.

Effective January 1, 2020, AWH elected to be treated as a C-Corporation for Federal income tax purposes. AWH did not recognize any deferred taxes as a result of this change, as AWH did not have any temporary book-to-tax differences prior to this election, largely due to the limitations of IRC Section 280E.

Net Operating Loss Carryforwards

State net operating loss carryforwards totaling $6,416 at December 31, 2020 are being carried forward where we are permitted to use net operating losses from prior periods to reduce future taxable income and begin to expire in 2029. As of December 31, 2020, all Federal net operating losses have been fully utilized. The statute of limitations with respect to our federal and state tax returns remain open for tax years 2018 and forward.

No valuation allowance has been provided on our net deferred tax assets, as we believe the remaining net deferred tax assets are more likely than not to be realizable in the applicable jurisdictions based on estimates of future taxable income. The Company has not recognized any uncertain tax positions.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted in response to the COVID-19 pandemic. Among other provisions, the CARES Act allows net operating loss carryforwards incurred in 2018, 2019, and 2020 to be carried back to each of the five preceding taxable years to generate a refund of previously paid income taxes. The Company is currently evaluating the impact of the CARES Act, but at present does not expect it to have a material impact on its provision due to the limitations of IRC Section 280E.

Unrecognized Tax Benefits

As of December 31, 2020 and 2019, the Company had no unrecognized tax benefits. The Company does not anticipate the total amount of unrecognized tax benefits to significantly change within the next twelve months. The Company recognized no interest expense or penalties on income tax assessments during 2020 or 2019, and there was no interest related to income tax assessments accrued as of December 31, 2020 or 2019.

15. COMMITMENTS AND CONTINGENCIES

Commitments

The Company does not have significant future annual commitments, other than related to leases and debt, which are disclosed in Notes 10 and 11, respectively.

Indemnifications

We are party to a variety of agreements under which we may be obligated to indemnify the other party for certain matters. These agreements are primarily standard indemnification arrangements entered into in our ordinary course of business. Pursuant to these arrangements, we may agree to indemnify, hold harmless, and reimburse the indemnified parties for losses suffered or incurred by the indemnified party. In addition, the Company has entered into indemnification agreements with members of its board of directors and senior management team that will require the Company, among other things, to indemnify them against certain liabilities that may arise by reason of their status or service as directors or officers. The maximum potential amount of future payments the Company could be required to make under these indemnification agreements is, in many cases, unlimited. To date, the Company has not incurred any material costs as a result of such indemnifications, and such costs would only be recognized as incurred.

Legal and Other Matters

The Company's operations are subject to a variety of local and state regulations. Failure to comply with one or more of those regulations could result in fines, restrictions on its operations, or losses of permits that could result in the Company ceasing operations. While management believes that the Company is in compliance with applicable local and state regulations as of December 31, 2020, cannabis regulations continue to evolve and are subject to differing interpretations, and accordingly, the Company may be subject to regulatory fines, penalties or restrictions in the future.

State laws that permit and regulate the production, distribution, and use of cannabis for adult use or medical purposes are in direct conflict with the Controlled Substances Act (21 U.S.C. § 811) (the "CSA"), which makes cannabis use and possession federally illegal. Although certain states and territories of the U.S. authorize medical and/or adult use cannabis production and distribution by licensed or registered entities, under U.S. federal law, the possession, use, cultivation, and transfer of cannabis and any related drug paraphernalia is illegal and any such acts are criminal acts under federal law under the CSA. Although the Company's activities are believed to be compliant with applicable state and local laws, strict compliance with state and local laws with respect to cannabis may neither absolve the Company of liability under U.S. federal law, nor may it provide a defense to any federal proceeding which may be brought against the Company.

The Company may be, from time to time, subject to various administrative, regulatory, and other legal proceedings arising in the ordinary course of business. Contingent liabilities associated with legal proceedings are recorded when a liability is probable and the contingent liability can be estimated. We do not accrue for contingent losses that, in our judgment, are considered to be reasonably possible but not probable. At December 31, 2020 and 2019, there were no pending or threatened lawsuits that could reasonably be expected to have a material effect on our consolidated results of operations, other than the matter discussed below.

In December 2020, the counterparties of the purchase agreement for the Company's potential acquisition of certain locations in Michigan, for consideration consisting of 9,539 common units and $16,532 of cash, filed a claim alleging breach of contract. The counterparties have asked the court to grant specific performance of the contracts between the Company and the counterparties. The Company intends to vigorously defend this action and assert all potential defenses and claims against the counterparties.

In December 2020, the Company submitted a state application to acquire BCCO, LLC, a medical dispensary license holder in Ohio for total cash consideration of approximately $3,500, subject to certain adjustments at closing. As discussed in Note 6, "Notes Receivable," the Company may settle the outstanding balances due under a note receivable and a working capital loan as part of the purchase price at closing. The Company has entered into a unit purchase option agreement with BCCO, LLC and expects to enter into a definitive purchase agreement following the state approval of the license transfer.

In December 2020, the Company submitted a state application to acquire Hemma LLC, the owner of a medical cultivation site in Ohio, for cash consideration of approximately $9,570, subject to certain adjustments at closing. As discussed in Note 6, "Notes Receivable," the Company may settle the outstanding balances due under a note receivable and a working capital loan as part of the purchase price at closing. The Company has entered into an amended merger agreement with Hemma Operations, LLC and expects to enter into a definitive purchase agreement following the state approval of the license transfer.

16. RELATED PARTY TRANSACTIONS

AWH has a management services agreement ("MSA") with AGP Partners, LLC ("AGP") under which AGP provides management services to AWH in connection with the monitoring and oversight of AWH's financial and business functions. The founder of AGP is the Chief Executive Officer and one of the founders of AWH. Pursuant to the MSA, AWH pays AGP a quarterly fee of $100. As of December 31, 2020 and 2019, $100 and $200, respectively, of these fees are included in "Accounts payable and other accrued expenses" on the Consolidated Balance Sheets. We recognized expenses of $400 during each of 2020 and 2019, respectively, that are included in "General and administrative" on the Consolidated Statements of Operations. AGP is entitled to receive $2,000 upon the termination of the MSA in the event of an initial public offering or a change of control. This payout is contingent upon the beneficial owners of AGP who serve as officers of the Company entering into lock-up agreements that extend for 180 days following such event. Pursuant to the MSA, each such lock-up agreement shall contain a provision whereby AWH's Board of Managers may waive, in whole or in part, such extended lock-up thereto if AWH's Board of Managers determines, in its sole discretion and in accordance with AWH's governing documents and applicable law, that such waiver will not have an adverse effect on AWH and its equity holders, business, financial condition, and prospects.

As discussed in Note 11, “Debt,” certain of the AWH Convertible Notes are with related party entities that are managed by one of the founders of the Company.

As discussed in Note 8, “Variable Interest Entities,” in December 2020 one of the founders of AWH assigned his interest in Ascend Michigan to AWH, after which AWH is the majority member, retaining 99.9% of the membership interests in Ascend Michigan.

18. SUBSEQUENT EVENTS

Management has evaluated subsequent events to determine if events or transactions occurring through February 25, 2021, the date on which the financial statements were available to be issued, require adjustment to or disclosure in the Company's consolidated financial statements. There were no events that require adjustment to or disclosure in the consolidated financial statements, except as disclosed.

Investments

On February 25, 2021, we entered into a definitive investment agreement (the "Investment Agreement") with MedMen Enterprises Inc. ("MedMen"), under which we will, subject to regulatory approval, complete an investment (the "Investment") of approximately $73,000 in MedMen NY, Inc. ("MMNY"), a licensed medical cannabis operator in New York. In connection with the investment, and subject to regulatory approval, MMNY will engage our services pursuant to a management agreement (the "Management Agreement") under which we will advise on MMNY's operations pending regulatory approval of the Investment transaction.

Under the terms of the Investment, at closing, MMNY will assume approximately $73,000 of MedMen's existing secured debt, AWH will invest $35,000 in cash in MMNY, and AWH New York, LLC will issue a senior secured promissory note in favor of MMNY's senior secured lender in the principal amount of $28,000, guaranteed by AWH, which cash investment and note will be used to reduce the amounts owed to MMNY's senior secured lender. Following its investment, AWH will hold a controlling interest in MMNY equal to approximately 86.7% of the equity in MMNY, and be provided with an option to acquire MedMen's remaining interest in MMNY in the future. AWH must also make an additional investment of $10,000 in exchange for additional equity in MMNY, which investment will also be used to repay MMNY's senior secured lender if adult-use cannabis sales commence in MMNY's dispensaries. The transactions contemplated by the Investment Agreement are subject to customary closing conditions, including approval from the New York State Department of Health and other applicable regulatory bodies.

Leases

Through the date on which the financial statements were available to be issued, new operating leases with ROU assets and related lease liabilities of approximately $7,400 have commenced.

Notes Payable

In January 2021, the Company entered into a convertible note purchase agreement (the "2021 AWH Convertible Promissory Notes"). The Company issued $49,500 of 2021 AWH Convertible Promissory Notes through the date these Financial Statements were available to be issued. Each note matures two years from its issue date and can either be paid in full at maturity or converted into common units. Each note bears interest at 8% for the first twelve months, 10% for months thirteen through fifteen, and 13% thereafter through maturity. Interest is paid-in-kind and added to the outstanding balance of the note, to be paid at maturity or upon conversion.

These notes are convertible into common units of the Company on occurrence of certain events, such as a change of control or an IPO (which events had not occurred as of the date of these Financial Statements). Upon the occurrence of an IPO, each note, including interest thereon less applicable withholding taxes, will automatically convert into equity securities issued in connection with the IPO, with the number of securities issued on the basis of a price equal to the lesser of: (a)(i) a 20% discount to the issue price if an IPO occurs on or before 12 months from each note issuance; (ii) a 25% discount to the issue price if an IPO occurs after 12 months of each note issuance, but before maturity; and (b) the conversion price then in effect based on a defined pre-money valuation of the Company. If not previously converted, at maturity the holder may elect the outstanding principal amount and accrued and unpaid interest to be paid in full in cash or convert into common units at a price of $3.00 per unit, subject to adjustments for splits, dividends, or other similar recapitalization events.

Item 14. Indemnification of Directors and Officers

Section 102 of the General Corporation Law of the State of Delaware permits a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his or her duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit. We expect to adopt a certificate of incorporation, which will become effective upon the consummation of this offering, and which will provide that none of our directors shall be personally liable to us or to our stockholders for monetary damages for any breach of fiduciary duty as a director, notwithstanding any provision of law imposing such liability, except to the extent that the General Corporation Law of the State of Delaware prohibits the elimination or limitation of liability of directors for breaches of fiduciary duty.

Section 145 of the General Corporation Law of the State of Delaware provides that a corporation has the power to indemnify a director, officer, employee or agent of the corporation, or a person serving at the request of the corporation for another corporation, partnership, joint venture, trust or other enterprise in related capacities, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with an action, suit or proceeding to which he or she was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding by reason of such position, if such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, in any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful, except that, in the case of actions brought by or in the right of the corporation, no indemnification shall be made with respect to any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or other adjudicating court determines that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Upon consummation of this offering, our certificate of incorporation and bylaws will provide indemnification for our directors and officers to the fullest extent permitted by the General Corporation Law of the State of Delaware, subject to certain limited exceptions. We will indemnify each person who was or is a party or threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of us) by reason of the fact that he or she is or was, or has agreed to become, a director or officer, or is or was serving, or has agreed to serve, at our request as a director, officer, partner, employee or trustee of, or in a similar capacity with, another corporation, partnership, joint venture, trust or other enterprise (all such persons being referred to as an "**Indemnitee**"), or by reason of any action alleged to have been taken or omitted in such capacity,

against all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding and any appeal therefrom, if such Indemnitee acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, our best interests, and, with respect to any criminal action or proceeding, he or she had no reasonable cause to believe his or her conduct was unlawful. Our certificate of incorporation and bylaws will provide that we will indemnify any Indemnitee who was or is a party to an action or suit by or in the right of us to procure a judgment in our favor by reason of the fact that the Indemnitee is or was, or has agreed to become, a director or officer, or is or was serving, or has agreed to serve, at our request as a director, officer, partner, employee or trustee of, or in a similar capacity with, another corporation, partnership, joint venture, trust or other enterprise, or by reason of any action alleged to have been taken or omitted in such capacity, against all expenses (including attorneys' fees) and, to the extent permitted by law, amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding, and any appeal therefrom, if the Indemnitee acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, our best interests, except that no indemnification shall be made with respect to any claim, issue or matter as to which such person shall have been adjudged to be liable to us, unless a court determines that, despite such adjudication but in view of all of the circumstances, he or she is entitled to indemnification of such expenses. Notwithstanding the foregoing, to the extent that any Indemnitee has been successful, on the merits or otherwise, he or she will be indemnified by us against all expenses (including attorneys' fees) actually and reasonably incurred in connection therewith. Expenses must be advanced to an Indemnitee under certain circumstances.

Prior to the closing of this offering, we will enter into indemnification agreements with each of our executive officers and directors. The indemnification agreements will provide the executive officers and directors with contractual rights to indemnification, and expense advancement and reimbursement, to the fullest extent permitted under the laws of the State of Delaware in effect from time to time, subject to certain exceptions contained in those agreements.

We maintain a general liability insurance policy that covers certain liabilities of directors and officers of our corporation arising out of claims based on acts or omissions in their capacities as directors or officers.

In any underwriting agreement we enter into in connection with the sale of common stock being registered hereby, the underwriters will agree to indemnify, under certain conditions, us, our directors, our officers and persons who control us within the meaning of the Securities Act against certain liabilities.

Item 17. Undertakings

The undersigned registrant hereby undertakes to provide to the underwriters at the closing specified in the underwriting agreement, certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

ARTICLE III
UNITS

Section 3.01 Units Generally. The Membership Interests of the Members shall be represented by issued and outstanding Units, which may be divided into one or more types, classes or series. Each type, class or series of Units shall have the privileges, preference, duties, liabilities, obligations and rights, including voting rights, if any, set forth in this Agreement with

respect to such type, class or series. The Board shall maintain a schedule of all Members, their respective mailing addresses and the amount and series of Units held by them (the "**Members Schedule**") and shall update the Members Schedule upon the issuance or Transfer of any Units to any new or existing Member. A copy of the Members Schedule as of the execution of this Agreement is attached hereto as Schedule A.

Section 3.02 Authorization and Issuance of Preferred Units. Subject to compliance with Section 9.01 and Section 10.01(b), the Company is hereby authorized to issue three classes of Preferred Units designated as Real Estate Preferred Units, Series Seed Preferred Units and Series Seed+ Preferred Units, respectively. As of the date hereof, the number of Real Estate Preferred Units, Series Seed Preferred Units and Series Seed+ Preferred Units issued and outstanding to the Members are set forth opposite each Member's name on the Members Schedule. References to Preferred Units in this Agreement shall be deemed to refer to Real Estate Preferred Units, Series Seed Preferred Units and Series Seed+ Preferred Units together as one class.

Section 3.03 Authorization and Issuance of Common Units. Subject to compliance with Section 9.01 and Section 10.01(b), the Company is hereby authorized to issue a class of Units designated as Common Units. As of the date hereof, the number of Common Units issued and outstanding to the Members are set forth opposite each Member's name on the Members Schedule. As of the date hereof, no other Common Units are issued and outstanding.

Section 3.04 Optional Conversion. The holders of the Preferred Units shall have conversion rights (the "**Conversion Rights**") as follows:

(a) **Right to Convert** Each Preferred Unit shall be convertible, at the option of the holder thereof, at any time and from time to time, and without the payment of additional consideration by the holder thereof, into fully paid and non-assessable Common Units. Initially, each one (1) Preferred Unit shall be convertible for one (1) Common Unit (the "**Conversion Rate**"). The Conversion Rate applicable to each Preferred Unit (i.e. the number of such Preferred Units necessary to convert into one (1) Common Unit) shall be subject to adjustment as provided in this Section 3.04 and in Section 3.05 below. Any such applicable adjustment to the Conversion Rate shall be determined on a Unit-by-Unit basis, and therefore different Conversion Rates may apply to Preferred Units of different series, or of the same series if such Preferred Units of the same series had a different Initial Cost.

(b) **Termination of Conversion Rights.** Subject to Section 3.05(c)(i) in the case of a Contingency Event (defined below) herein, in the event of a liquidation, dissolution, or winding up of the Company or a Change of Control, the Conversion Rights will terminate at the close of business on the last full day preceding the date fixed for the first payment of any funds and assets distributable on such event to the holders of Preferred Units, provided, however, that the Conversion Rights will not terminate upon a Change of Control if so determined by the Requisite Managers.

(c) **Mechanics of Conversion**

(i) **Notice of Conversion**. In order for a holder of Preferred Units to voluntarily convert Preferred Units into Common Units, such holder shall (a) provide written notice to the Company that such holder elects to convert all or any number of such holder's Preferred Units and, if applicable, any event on which such conversion is contingent (a "**Contingency Event**") and (b), if such holder's Preferred Units are certificated, surrender the certificate or certificates for such Preferred Units (or, if such holder alleges that such certificate has been lost, stolen or destroyed, a lost certificate affidavit and agreement reasonably acceptable to the Company to indemnify the Company against any claim that may be made against the Company on account of the alleged loss, theft or destruction of such certificate), at the principal office of the Company. Such notice shall state such holder's name or the names of the Permitted Transferees in which such holder wishes the Common Units to be issued. If required by the Company, any certificates surrendered for conversion shall be endorsed or accompanied by a written instrument or instruments of transfer, in form satisfactory to the Company, duly executed by the holder or his, her or its attorney duly authorized in writing. The close of business on the date of receipt by the Company of such notice and, if applicable, certificates (or lost certificate affidavit and agreement) shall be the time of conversion (the "**Conversion Time**"), and the Common Units issuable upon conversion of the specified Units shall be deemed to be outstanding of record as of such date.

(ii) **Effect of Conversion**. All Preferred Units which shall have been surrendered for conversion as herein provided shall no longer be deemed outstanding and all rights with respect to such Preferred Units shall immediate cease and terminate at the Conversion Time, except only for the right of the holders thereof to receive Common Units in exchange thereof.

(iii) **Taxes**. The Company shall pay any and all issue and other similar taxes that may be payable in respect of any issuance or delivery of Common Units upon conversion of Preferred Units pursuant to this Section 3.04. The Company shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issuance and delivery of Common Units in a name other than that in which the Preferred Units so converted were registered, and no such issuance or delivery shall be made unless and until the person or entity requesting such issuance has paid to the Company the amount of any such tax or has established, to the satisfaction of the Company, that such tax has been paid.

(iv) **Adjustment for Unit Splits or Combinations**. If the Company shall at any time or from time to time after any applicable original issue date for any series of Preferred Units (each such date, a "**Preferred Original Issue Date**") effect a subdivision or combination of the outstanding Common Units, the Conversion Rate for such series of Preferred Units in effect immediately before that subdivision shall be proportionately adjusted so that the number of Common

Units issuable on conversion of each Preferred Unit of such series shall be increased or decreased in proportion to such increase or decrease in the aggregate number of Common Units outstanding. Any adjustment under this subsection shall become effective at the close of business on the date the subdivision or combination becomes effective.

(v) **Adjustment for Certain Dividends and Distributions**. In the event the Company at any time or from time to time after any applicable Preferred Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Units entitled to receive, a dividend or other distribution payable on the Common Units in additional Common Units, then and in each such event the Conversion Rate for such series of Preferred Units in effect immediately before such event shall be proportionately adjusted so that the number of Common Units issuable on conversion of each Preferred Unit of such series shall be increased in proportion to such increase in the aggregate number of Common Units outstanding, as of the close of business of such record date. Notwithstanding the foregoing (a) if such record date shall have been fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the Conversion Rate then in effect for the applicable series of Preferred Units shall be recomputed accordingly as of the close of business on such record date and thereafter such Conversion Rate shall be adjusted pursuant to this subsection as of the time of actual payment of such dividends or distributions; and (b) no such adjustment shall be made if the holders of Preferred Units simultaneously receive a dividend or other distribution of Common Units in a number equal to the number of Common Units as they would have received if all outstanding Preferred Units had been converted into Common Units on the date of such event.

Section 3.05 Adjustment to Conversion Rate for Diluting Issues

(a) No adjustment in the Conversion Rate for Preferred Units shall be made as a result of the issuance or deemed issuance of Additional Common Units if the Company receives written notice from the Members holding at least 66.66% of the Preferred Units agreeing that no such adjustment shall be made as a result of the issuance or deemed issuance of such Additional Common Units.

(b) In the event the Company shall at any time after any Preferred Original Issue Date issue Additional Common Units (including Additional Common Units deemed to be issued pursuant to Section 3.06), without consideration or for a consideration per Additional Common Unit less than the Initial Cost of any Preferred Unit held by a Member (each as applicable, "**Diluted Units**"), then the Conversion Rate applicable to such Diluted Units (and only to such Diluted Units) shall be adjusted, concurrently with such issue, to a ratio determined in accordance with the following formula:

$$CP2 = CP1^* ((A + B) \div (A + C))$$

For purposes of the foregoing formula, the following definitions shall apply:

(i) "CP2" shall mean the number of Diluted Units necessary to convert into one (1) Common Unit immediately after such issue of Additional Common Units, which ratio shall be the Conversion Rate applicable to the Diluted Units subsequent to the issuance of the Additional Common Units;

(ii) "CP1" shall mean the number of Diluted Units necessary to convert into one (1) Common Unit pursuant to the Conversion Rate in effect immediately prior to such issue of Additional Common Units;

(iii) "A" shall mean the number of Common Units outstanding immediately prior to such issue of Additional Common Units (treating for this purpose as outstanding all Common Units issuable upon conversion or exchange of Convertible Securities (including the Preferred Units) outstanding immediately prior to such issue);

(iv) "B" shall mean the number of Common Units that would have been issued if such Additional Common Units had been issued at a price per share equal to the Initial Cost of the applicable Diluted Units (determined by dividing the aggregate consideration received by the Company in respect of such issue by the Initial Cost of the applicable Diluted Units); and

(v) "C" shall mean the number of such Additional Common Units issued in such transaction.

(c) **Determination of Consideration.** For the purposes of this Section 3.05, the consideration received by the Company for the issue of any Additional Common Units shall be computed as follows:

(i) **Cash and Property**. Such consideration shall:

(1) insofar as it consists of cash, be computed at the aggregate amount of cash received by the Company, excluding amounts paid or payable for accrued interest;

(2) insofar as it consists of property other than cash, be computed at the fair market value thereof at the time of such issue, as determined in good faith by the Board; and

(3) in the event Additional Common Units are issued together with other securities or other assets of the Company for consideration which covers both, be the proportion of such consideration so received, computed as provided in clauses (1) and (2) above, as determined in good faith by the Board.

(ii) **Convertible Securities**. The consideration per Unit received by the Company for Additional Common Units deemed to have been issued pursuant to Section 3.06, relating to Convertible Securities, shall be determined by

dividing: (i) The total amount, if any, received or receivable by the Company as consideration for the issue of such Convertible Securities, plus the minimum aggregate amount of additional consideration (as set forth in the instruments relating thereto, without regard to any provision contained therein for a subsequent adjustment of such consideration) payable to the Company upon the conversion or exchange of such Convertible Securities, by (ii) the maximum number of Common Units (as set forth in the instruments relating thereto, without regard to any provision contained therein for a subsequent adjustment of such number) issuable upon the conversion or exchange of such Convertible Securities.

(d) **Multiple Closing Dates.** In the event the Company shall issue on more than one date Additional Common Units that are a part of one transaction or a series of related transactions and that would result in an adjustment to the Conversion Rate applicable to any Preferred Units pursuant to the terms of Section 3.06(b), and such issuance dates occur within a period of no more than ninety (90) days from the first such issuance to the final such issuance, then, upon the final such issuance, such Conversion Rate shall be readjusted to give effect to all such issuances as if they occurred on the date of the first such issuance (and without giving effect to any additional adjustments as a result of any such subsequent issuances within such period).

Section 3.06 Deemed Issue of Additional Common Units

(a) If the Company at any time, or from time to time, after the Preferred Original Issue Date shall issue Convertible Securities (excluding Convertible Securities which are themselves Exempted Securities) or shall fix a record date for the determination of holders of any class of securities entitled to receive any such Convertible Securities, then the maximum number of Common Units (as set forth in the instrument relating thereto, assuming the satisfaction of any conditions to exercisability, convertibility or exchangeability, but without regard to any provision contained therein for a subsequent adjustment of such number) issuable upon the exercise of such Convertible Securities, the conversion or exchange of such Convertible Securities, shall be deemed to be Additional Common Units issued as of the time of such issue or, in case such a record date shall have been fixed, as of the close of business on such record date.

(b) If the terms of any Convertible Security, the issuance of which resulted in an adjustment to the Conversion Rate applicable to any Preferred Units pursuant to the terms of Section 3.05(b), are revised as a result of an amendment to such terms or any other adjustment pursuant to the provisions of such Convertible Security (but excluding automatic adjustments to such terms pursuant to anti-dilution or similar provisions of such Convertible Security) to provide for either (1) any increase or decrease in the number of Common Units issuable upon the exercise, conversion and/or exchange of any such Convertible Security or (2) any increase or decrease in the consideration payable to the Company upon such exercise, conversion and/or exchange, then, effective upon such increase or decrease becoming effective, such Conversion Rate computed upon the original issue of Convertible Security (or upon the occurrence of a record date with respect thereto) shall be readjusted to such Conversion Rate as would have obtained had

such revised terms been in effect upon the original date of issuance of such Convertible Security. Notwithstanding the foregoing, no readjustment pursuant to this clause (b) shall have the effect of increasing the Conversion Rate applicable to any Preferred Units to an amount which exceeds the lower of (i) the Conversion Rate applicable to such Preferred Units in effect immediately prior to the original adjustment made as a result of the issuance of such Convertible Security, or (ii) the Conversion Rate that would have resulted from any issuances of Additional Common Units (other than deemed issuances of Additional Common Units as a result of the issuance of such Convertible Security) between the original adjustment date and such readjustment date.

(c) If the terms of any Convertible Security (excluding Convertible Securities which are themselves Exempted Securities), the issuance of which did not result in an adjustment to any applicable Conversion Rate pursuant to the terms of Section 3.05(b) (either because the consideration per share (determined pursuant to Section 3.05(c)) of the Additional Common Units subject thereto was equal to or greater than the Conversion Rate applicable to any Preferred Units then in effect, or because such Convertible Security was issued before the Preferred Original Issue Date), are revised after the Preferred Original Issue Date as a result of an amendment to such terms or any other adjustment pursuant to the provisions of such Convertible Security (but excluding automatic adjustments to such terms pursuant to anti- dilution or similar provisions of such Convertible Security) to provide for either (1) any increase in the number of Common Units issuable upon the exercise, conversion or exchange of any such Convertible Security or (2) any decrease in the consideration payable to the Company upon such exercise, conversion or exchange, then such Convertible Security, as so amended or adjusted, and the Additional Common Units subject thereto (determined in the manner provided in Section 3.06) shall be deemed to have been issued effective upon such increase or decrease becoming effective.

(d) Upon the expiration or termination of any unconverted or unexchanged Convertible Security (or portion thereof) which resulted (either upon its original issuance or upon a revision of its terms) in an adjustment to any applicable Conversion Rate pursuant to the terms of Section 3.05(b), such Conversion Rate shall be readjusted to such Conversion Rate as would have obtained had such Convertible Security (or portion thereof) never been issued.

(e) If the number of Common Units issuable upon the exercise, conversion and/or exchange of any Convertible Security, or the consideration payable to the Company upon such exercise, conversion and/or exchange, is calculable at the time such Convertible Security is issued or amended but is subject to adjustment based upon subsequent events, any adjustment to any applicable Conversion Rate provided for in this Section 3.06 shall be effected at the time of such issuance or amendment based on such number of Units or amount of consideration without regard to any provisions for subsequent adjustments (and any subsequent adjustments shall be treated as provided in this Section 3.06). If the number of Common Units issuable upon the exercise, conversion and/or exchange of any Convertible Security, or the consideration payable to the Company upon such exercise, conversion and/or exchange, cannot be calculated at all

at the time such Convertible Security is issued or amended, any adjustment to any applicable Conversion Rate that would result under the terms of this Section 3.06 at the time of such issuance or amendment shall instead be effected at the time such number of Units and/or amount of consideration is first calculable (even if subject to subsequent adjustments), assuming for purposes of calculating such adjustment to the Conversion Rate that such issuance or amendment took place at the time such calculation can first be made.

Section 3.07 Other Issuances. In addition to the Preferred Units and Common Units, the Company is hereby authorized, subject to compliance with Section 8.02(c), Section 9.01 and Section 10.01(b), to authorize and issue or sell to any Person any of the following (collectively, "**New Interests**"): (i) any new type, class or series of Units not otherwise described in this Agreement, which Units may be designated as classes or series of the Preferred Units or Common Units but having different rights; and (ii) Unit Equivalents. The Board is hereby authorized, subject to Section 15.09, to amend this Agreement to reflect such issuance and to fix the relative privileges, preference, duties, liabilities, obligations and rights of any such New Interests, including the number of such New Interests to be issued, the preference (with respect to Distributions, in liquidation or otherwise) over any other Units and any contributions required in connection therewith.

Section 3.08 Certification of Units

(a) The Board in its sole discretion may, but shall not be required to, issue certificates to the Members representing the Units held by such Member.

(b) In the event that the Board shall issue certificates representing Units in accordance with Section 3.08(a), then in addition to any other legend required by Applicable Law, all certificates representing issued and outstanding Units shall bear a legend substantially in the following form:

THE UNITS REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A FIFTH AMENDED AND RESTATED LIMITED LIABILITY COMPANY AGREEMENT AMONG THE COMPANY AND ITS MEMBERS, A COPY OF WHICH IS ON FILE AT THE PRINCIPAL EXECUTIVE OFFICE OF THE COMPANY, AND MAY BE AMENDED OR RESTATED FROM TIME TO TIME. NO TRANSFER, SALE, ASSIGNMENT, PLEDGE, HYPOTHECATION OR OTHER DISPOSITION OF THE UNITS REPRESENTED BY THIS CERTIFICATE MAY BE MADE EXCEPT IN ACCORDANCE WITH THE PROVISIONS OF SUCH FIFTH AMENDED AND RESTATED LIMITED LIABILITY COMPANY AGREEMENT, AS AMENDED.

THE UNITS REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER ANY OTHER APPLICABLE SECURITIES LAWS AND MAY NOT BE TRANSFERRED, SOLD, ASSIGNED, PLEDGED, HYPOTHECATED OR OTHERWISE DISPOSED EXCEPT (A) PURSUANT TO A REGISTRATION STATEMENT EFFECTIVE UNDER SUCH ACT AND LAWS, OR (B) PURSUANT TO AN EXEMPTION FROM REGISTRATION.

(b) Such Member is an "accredited investor" within the meaning of Rule 501 promulgated under the Securities Act, as amended by Section 413(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and agrees that it will not take any action that could have an adverse effect on the availability of the exemption from registration provided by Rule 501 promulgated under the Securities Act with respect to the offer and sale of the Units;

(d) Such Member has conducted its own independent review and analysis of the business, operations, assets, liabilities, results of operations, financial condition and prospects of the Company and the Company Subsidiaries and such Member acknowledges that it has been provided adequate access to the personnel, properties, premises and records of the Company and the Company Subsidiaries for such purpose;

(e) The determination of such Member to acquire Units has been made by such Member independent of any other Member and independent of any statements or opinions as to the advisability of such purchase or as to the business, operations, assets, liabilities, results of operations, financial condition and prospects of the Company and the Company Subsidiaries that may have been made or given by any other Member or by any agent or employee of any other Member;

(g) Such Member is able to bear the economic and financial risk of an investment in the Company for an indefinite period of time;

(h) The execution, delivery and performance of this Agreement have been duly authorized by such Member and do not require such Member to obtain any consent or approval that has not been obtained and do not contravene or result in a default in any material respect under any provision of any law or regulation applicable to such Member or other governing documents or any agreement or instrument to which such Member is a party or by which such Member is bound;

(i) This Agreement is valid, binding and enforceable against such Member in accordance with its terms, except as may be limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws of general applicability relating to or affecting creditors' rights or general equity principles (regardless of whether considered at law or in equity); and

(j) Neither the issuance of any Units to any Member nor any provision contained herein will entitle the Member to remain in the employment of the Company or any Company Subsidiary or affect the right of the Company or any Company Subsidiary to terminate the Member's employment at any time for any reason, other than as otherwise provided in such Member's employment agreement or other similar agreement with the Company or Company Subsidiary, if applicable.

(k) None of the foregoing shall replace, diminish or otherwise adversely affect any Member's representations and warranties made by it in any Unit Purchase Agreement or Award Agreement, as applicable.

Section 4.03 No Personal Liability. By Applicable Law or expressly in this Agreement, no Member will be obligated personally for any debt, obligation or liability of the Company or of any Company Subsidiaries or other Members, whether arising in contract, tort or otherwise, solely by reason of being a Member.

Section 4.04 No Withdrawal. A Member shall not cease to be a Member as a result of the Bankruptcy of such Member. So long as a Member continues to hold any Units, such Member shall not have the ability to withdraw or resign as a Member prior to the dissolution and winding up of the Company and any such withdrawal or resignation or attempted withdrawal or resignation by a Member prior to the dissolution or winding up of the Company shall be null and

void. As soon as any Person who is a Member ceases to hold any Units, such Person shall no longer be a Member; provided, however, that this Agreement shall continue to apply with respect to any Units that have been called in accordance with any Award Agreement until full payment is made therefor in accordance with the terms of such Award Agreement.

Section 4.05 Death. The death of any Member shall not cause the dissolution of the Company. In such event the Company and its business shall be continued by the remaining Member or Members and the Units owned by the deceased Member shall automatically be Transferred in accordance with such Member's will, revocable or irrevocable trust, instructions of the Probate court, or under the laws of intestacy, whichever of the forgoing is applicable; provided, that within a reasonable time after such Transfer, the applicable persons receiving such deceased Member's Units shall sign a written undertaking substantially in the form of the Joinder Agreement.

Section 4.06 No Management by Members; Actions by Members. No Member, solely in his or its capacity as a Member, shall take part in the day-to-day management, operation or control of the business and affairs of the Company, or have any right, power or authority to act for or on behalf of or to bind the Company or transact any business in the name of the Company. No Member, solely in his or its capacity as a Member, shall have any rights other than those specifically provided herein or granted by law where consistent with a valid provision of this Agreement. This Section 4.06 shall not be interpreted to imply voting rights of a particular class of Units and voting rights shall only arise based upon the express provisions therefor applicable to a class of Units under this Agreement. Reference to Members and the procedures set forth hereunder for meetings and action of Members shall apply only to the particular class having an express right to vote as a Member on the matter in question.

Section 4.07 Voting.

(a) Except as otherwise provided by this Agreement (including Section 15.09) or as otherwise required by Applicable Law, the Voting Unitholders shall be entitled to one vote per Common Unit held by each such Voting Unitholder (calculated on an as-converted into Common Unit basis) for all matters pursuant to which such Voting Unitholder shall have voting rights as provided by this Agreement or required by the Act. For the avoidance of doubt, as of any date of determination, each Voting Unitholder holding Preferred Units shall, pursuant to the foregoing sentence, be entitled to one vote for each Common Unit into which its Preferred Units are then convertible as of such date of determination. Except as specifically provided in this Agreement, any other Company Membership Interests other than the Voting Units shall not entitle their holders to vote for any Company purposes, except to the extent required by the Act.

Section 4.08 Meetings.

(a) Meetings. Meetings of the Members, for any purpose or purposes, may be called by the Chief Executive Officer or, in his absence, the President, or by any Member or Members owning at least 20% of the total of all Voting Units.

(b) Place of Meetings. The Members may designate any place, either within or outside the State of Delaware, as the place of meeting for any meeting of the Members. If no designation is made, or if a special meeting is otherwise called, the place of meeting shall be the principal offices of the Company in the Commonwealth of Massachusetts.

(c) Notice. Written notice stating the place, date and time of the meeting and, in the case of a meeting of the Members not regularly scheduled, describing the purposes for which the meeting is called, shall be delivered not fewer than ten (10) days and not more than thirty (30) days before the date of the meeting (in accordance with the notice provisions hereof), by or at the direction of the Chief Executive Officer, President, Board or Member or Members owning at least 20% of the total of all Voting Units calling the meeting, to each Member entitled to vote at such meeting. When any notice is required to be given to any Member, a waiver thereof in writing signed by the Person entitled to such notice, whether before, at or after the time stated therein, shall be equivalent to the giving of such notice. Notwithstanding the foregoing provisions of this Section 4.08(c) if all the Members shall meet at any time and place, either within or outside the State of Delaware, and consent to the holding of a meeting at such time and place, such meeting shall be valid without call or notice, and at such meeting lawful action may be taken.

Section 4.09 Quorum. Members owning at least fifty percent (50%) of the Voting Units entitled to vote or consent on the matter, represented in person or by proxy, shall constitute a quorum at any meeting of the Members (collectively or by class, as the case may be). In the absence of a quorum at any such meeting, a majority of the Membership Interest so represented may adjourn the meeting from time to time for a period not to exceed thirty (30) days, or if after the adjournment of a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each Member of record entitled to vote at the meeting. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally noticed. The Members present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal during such meeting of that number of Units of Members whose absence would cause less than a quorum.

Section 4.10 Manner of Acting. If a quorum is present at a meeting, the affirmative vote of the Members who, in the aggregate, own more than fifty percent (50%) of the particular class or classes of Voting Units entitled to vote on or consent to the matter in accordance with this Section 4.10 (collectively or by class, as the case may be) shall be the act of the Members on the matter, unless the vote of a greater or lesser proportion or number is otherwise expressly required by the Certificate of Formation, this Agreement or Applicable Law. Unless otherwise expressly provided herein or required under any Applicable Law, only Members having a Voting Unit may vote or consent upon any matter which comes before the Members and in any event only if and to the extent such Member holds Voting Units of the class entitled to vote on the matter, and their vote or consent, as the case may be, shall be counted in the determination of whether the matter was approved by the Members entitled to vote on or consent to the matter. Unless otherwise expressly provided in this Agreement or required under any Applicable Law, all holders of Voting Units shall vote together as a single class (on an as-converted to Common Unit basis).

Section 4.11 Proxies. At all meetings of Members, a Member may vote in person or by proxy executed in writing by the Member or by a duly authorized attorney-in-fact. Such proxy shall be filed with the Secretary of the Company before or at the time of the meeting. No proxy shall be valid after eleven (11) months from the date of its execution, unless otherwise provided in the proxy. Every proxy shall be revocable at the pleasure of the Person executing it, or by his personal representatives or assigns, except in those cases where an irrevocable proxy is permitted by statute.

Section 4.12 Action Without Meeting. Action required or permitted to be taken at a meeting of Members (collectively or by class, as the case may be) may be taken without a meeting without prior notice and without a vote, if a consent in writing setting forth the action so taken, shall be signed by not less than the holders of a minimum number of votes necessary to approve such action at a meeting of the Members.

Section 4.13 Attendance by Telephone. Members may participate in any meeting of Members through the use of a conference telephone, video conference or similar communications equipment by means of which all persons participating in the meeting can hear each other, and such participation in the meeting shall constitute presence in person at such meeting.

Section 4.14 Power of Members. The Members shall have the power to exercise any and all rights or powers granted to Members pursuant to the express terms of this Agreement. Except as otherwise specifically provided by this Agreement, no Member, in its capacity as a Member, shall have the power to act for or on behalf of, or to bind, the Company.

Section 4.15 No Interest in Company Property. No real or personal property of the Company shall be deemed to be owned by any Member individually, but shall be owned by, and title shall be vested solely in, the Company. Without limiting the foregoing, each Member hereby irrevocably waives during the term of the Company any right that such Member may have to maintain any action for partition with respect to the property of the Company.

Section 4.16 Automatic Divestiture. If, during anytime while the Company or any Subsidiary holds a local or state license pursuant to a Cannabis Code, any of the following occur to a Member or to a member or shareholder of an entity that is a Member of Company, subject to Section 4.17 below all interests of that Member in the Company (the "**Affected Member**") will automatically and immediately terminate, and the Affected Member will cease to be a Member:

(a) The Affected Member is charged with or convicted of any criminal offense, if a conviction of the offense in question would, pursuant to a Cannabis Code, disqualify the Affected Member from owning a marijuana business. However, where an Affected Member is only charged with a criminal offense and not convicted, and where the Cannabis Regulatory Body and local licensing authorities are subject to a stay order, then the Affected Member's Units shall not be subject to divestiture under this Section 4.16;

(b) The Affected Member or any entity that it owns or controls incurs a revocation of any marijuana business license, and it is determined by the Board that such

revocation has a material adverse effect upon the issuance or continued good standing of the Company's marijuana business license;

(c) A Cannabis Regulatory Body or local licensing authority issues a formal recommendation stating that the Affected Member is unfit to have an ownership or economic interest in a marijuana business;

(d) A Cannabis Regulatory Body or local licensing authority issues a formal recommendation against the issuance to the Company of a marijuana business license or revokes a marijuana business license, which recommendation cites the participation of the Affected Member as a material factor in the decision, or a Cannabis Regulatory Body or local licensing authority conditions the issuance of a marijuana business license on the Company removing the Affected Member in the Company.

(e) A Cannabis Regulatory Body or local licensing authority advises the Company or any Subsidiary in writing, or it is otherwise determined by court order, that a decision on the Company's or any Subsidiary's marijuana business license is being delayed beyond one (1) year following the filing of the Company's or any Subsidiary's application for a marijuana business license, and the Company or any Subsidiary is advised before or after said date that the sole reason for such delay is the participation of or concerns about the Affected Member.

(f) The Affected Member demonstrates a repeated failure to attend meetings with a Cannabis Regulatory Body or any local licensing authority as may be required for the Company or any Subsidiary business to be conducted. As used herein, repeated failure to attend shall be demonstrated by failure to attend any meeting without good cause, or any two (2) meeting with any licensing authority.

(g) The Affected Member fails to provide information to the Cannabis Regulatory Body which is requested by or required by a Cannabis Regulatory Body.

(h) If the Affected Member is a partnership or other business entity and not a natural person, a member of the Affected Member is disqualified from obtaining an ownership interest in a licensed marijuana business by final written determination of a Cannabis Regulatory Body, unless such member is divested from the Affected Member in a timely manner.

Section 4.17 Right to Transfer. In addition to the rights provided to an Affected Member in Section 4.18(a) below and subject to the provisions of Section 10.01, prior to the automatic divestiture described above for a period of twenty-one (21) days after a Member becomes an Affected Member such Affected Member shall have the right to Transfer its Units to an individual or entity that would not, upon such Transfer, be an Affected Member.

Section 4.18 Settling of Accounts Following Automatic Divestiture.

(a) The Company shall continue in existence notwithstanding the automatic termination of any Member pursuant to Section 4.16 above. Notwithstanding any provision of this Agreement to the contrary, if the Affected Member is a corporate entity

and the occurrence of any of the events enumerated in Section 4.16 above is due to a member, shareholder or manager of the Affected Member, the Affected Member shall have an option to redeem its Units within 90 days of such divestiture and shall be restored to its ownership position before the divestiture events occur if the Board, a court of law, or a Cannabis Regulatory Body provides a written assurance or order that Affected Member has removed the member, shareholder or manager that caused any of the events enumerated in Section 4.16 above, pursuant to the terms of the Affected Member's governing documents.

(b) Provided that there is no Transfer of the Affected Member's Units pursuant to Section 4.17 above and the Affected Member's Units are cancelled pursuant to Section 4.16 above, the Company shall be liable for the terminated ownership interest of the Affected Member as follows: the Company shall deliver a note (the "**Payoff Note**") to the Affected Member for 100% of the Fair Market Value determined by the Board based on the implied value of the Company pursuant to the most recent financing round, unless it is reasonably determined by the Board, that there has been (x) a material negative impact on the valuation of the Company since the most recent financing round or (y) the most recent financing round was completed more than 12 months prior to the date the Board has notice of the event resulting in a member becoming an Affected Member, in which case the fair market value of the terminated ownership interest shall be determined as follows: (i) The Company and the Affected Member shall determine the fair market value of the Affected Member's Units by a mutually-agreed upon third party appraisal; (ii) If the Affected Member and the Company cannot agree on a third party appraisal, they shall both individually choose and pay for their own appraisal and provided that the two valuations of the Affected Member's Units are within ten (10%) percent of each other, the differences shall be averaged and used for calculating the Payoff Note, and (iii) if the differences of the two valuations are greater than ten (10%) percent of each other, a third party appraisal to determine the fair market value of the terminated ownership interest shall be done by an appraiser appointed by the American Arbitration Association sitting in Boston Massachusetts upon application therefor by the Company. The determination of any third party appraisal conducted in accordance with the preceding sentence shall be final and binding on the Company and the Affected Member, and the costs of such third party appraisal, except as set forth in sub-clause (ii) in the immediately preceding sentence, shall be shared equally by the Company and the Affected Member. The Payoff Note shall be payable over a three (3) year period and shall bear interest at the Company Interest Rate or shall be discounted (using the same rate) to present value if an earlier payoff is required under the Cannabis Code. The terms of the Payoff Note shall include equal monthly payments and shall be reasonable and customary for a transaction of this type. The Company may sell the Affected Member's Units, in accordance with the terms of this Agreement, to finance the Payoff Note or for any other lawful reason.

ARTICLE V
CAPITAL CONTRIBUTIONS; CAPITAL ACCOUNTS

Section 5.01 Initial Capital Contributions. Each Member owning Preferred Units or Common Units has made Capital Contributions and is deemed to own the number, type, series and class of Units, in each case, in the amounts set forth opposite such Member's name on the Members Schedule as in effect on the date hereof.

Section 5.02 Additional Capital Contributions.

(a) No Member shall be required to make any additional Capital Contributions to the Company. Any future Capital Contributions made by any Member shall only be made with the consent of the Board and in connection with an issuance of Units made in compliance with Section 9.01.

(b) No Member shall be required to lend any funds to the Company and no Member shall have any personal liability for the payment or repayment of any Capital Contribution by or to any other Member.

Section 5.03 Maintenance of Capital Accounts. The Company shall establish and maintain for each Member a separate capital account (a "**Capital Account**") on its books and records in accordance with this Section 5.03. Each Capital Account shall be established and maintained in accordance with the following provisions:

(a) Each Member's Capital Account shall be increased by the amount of:

(i) such Member's Capital Contributions, including such Member's initial Capital Contribution;

(ii) any Net Income or other item of income or gain allocated to such Member pursuant to Article VI and

(iii) any liabilities of the Company that are assumed by such Member or secured by any property Distributed to such Member.

(b) Each Member's Capital Account shall be decreased by:

(i) the cash amount or Book Value of any property Distributed to such Member pursuant to Article VII and Section 13.03(c);

(ii) the amount of any Net Loss or other item of loss or deduction allocated to such Member pursuant to Article VI and

(iii) the amount of any liabilities of such Member assumed by the Company or which are secured by any property contributed by such Member to the Company.

Section 5.04 Succession Upon Transfer. In the event that any Units are Transferred in accordance with the terms of this Agreement, the Transferee shall succeed to the Capital Account of the Transferor to the extent it relates to the Transferred Units and, subject to Section 6.04,

shall receive allocations and Distributions pursuant to Article VI, Article VII and Article VIII in respect of such Units.

Section 5.05 Negative Capital Accounts. In the event that any Member shall have a deficit balance in his, her or its Capital Account, such Member shall have no obligation, during the term of the Company or upon dissolution or liquidation thereof, to restore such negative balance or make any Capital Contributions to the Company by reason thereof, except as may be required by Applicable Law or in respect of any negative balance resulting from a withdrawal of capital or dissolution in contravention of this Agreement.

Section 5.06 No Withdrawal. No Member shall be entitled to withdraw any part of his, her or its Capital Account or to receive any Distribution from the Company, except as provided in this Agreement. No Member shall receive any interest, salary or drawing with respect to its Capital Contributions or its Capital Account, except as otherwise provided in this Agreement. The Capital Accounts are maintained for the sole purpose of allocating items of income, gain, loss and deduction among the Members and shall have no effect on the amount of any Distributions to any Members, in liquidation or otherwise.

Section 5.07 Treatment of Loans from Members. Loans by any Member to the Company shall not be considered Capital Contributions and shall not affect the maintenance of such Member's Capital Account, other than to the extent provided in Section 5.03(a)(iii), if applicable.

Section 5.08 Modifications. The foregoing provisions and the other provisions of this Agreement relating to the maintenance of Capital Accounts are intended to comply with Section 1.704-1(b) of the Treasury Regulations and shall be interpreted and applied in a manner consistent with such Treasury Regulations. If the Board determines that it is prudent to modify the manner in which the Capital Accounts, or any increases or decreases to the Capital Accounts, are computed in order to comply with such Treasury Regulations, the Board may authorize such modifications.

ARTICLE VI
ALLOCATIONS

Section 6.01 Allocation of Net Income and Net Loss. For each Fiscal Year (or portion thereof) ending prior to the Corporate Election Effective Date, except as otherwise provided in this Agreement, Net Income and Net Loss (and, to the extent necessary, individual items of income, gain, loss or deduction) of the Company shall be allocated among the Members in a manner such that, after giving effect to the special allocations set forth in Section 6.02, the Target Capital Account balance of each Member, immediately after making such allocations, is, as nearly as possible, equal to (a) the Distributions that would be made to such Member pursuant to Section 13.03(c) if the Company were dissolved, its affairs wound up and its assets sold for cash equal to their Book Value, all Company liabilities were satisfied (limited with respect to each Nonrecourse Liability to the Book Value of the assets securing such liability), and the net assets of the Company were Distributed, in accordance with Section 13.03(c).

Section 6.02 Regulatory and Special Allocations. Notwithstanding the provisions of Article VII, and for each Fiscal Year (or portion thereof) ending prior to the Corporate Election Effective Date:

(a) If there is a net decrease in Company Minimum Gain (determined according to Treasury Regulations Section 1.704-2(d)(1)) during any Fiscal Year, each Member shall be specially allocated Net Income for such Fiscal Year (and, if necessary, subsequent Fiscal Years) in an amount equal to such Member's share of the net decrease in Company Minimum Gain, determined in accordance with Treasury Regulations Section 1.704-2(g). The items to be so allocated shall be determined in accordance with Treasury Regulations Sections 1.704-2(f)(6) and 1.704-2(j)(2). This Section 6.02(a) is intended to comply with the "minimum gain chargeback" requirement in Treasury Regulation Section 1.704-2(f) and shall be interpreted consistently therewith.

(b) Member Nonrecourse Deductions shall be allocated in the manner required by Treasury Regulations Section 1.704-2(i). Except as otherwise provided in Treasury Regulations Section 1.704-2(i)(4), if there is a net decrease in Member Nonrecourse Debt Minimum Gain during any Fiscal Year, each Member that has a share of such Member Minimum Gain shall be specially allocated Net Income for such Fiscal Year (and, if necessary, subsequent Fiscal Years) in an amount equal to that Member's share of the net decrease in Member Nonrecourse Debt Minimum Gain. Items to be allocated pursuant to this paragraph shall be determined in accordance with Treasury Regulations Sections 1.704-2(i)(4) and 1.704-2(j)(2). This Section 6.02(b) is intended to comply with the "minimum gain chargeback" requirements in Treasury Regulations Section 1.704-2(i)(4) and shall be interpreted consistently therewith.

(c) In the event any Member unexpectedly receives any adjustments, allocations or Distributions described in Treasury Regulations Section 1.704- 1(b)(2)(ii)(d)(4), (5) or (6), Net Income shall be specially allocated to such Member in an amount and manner sufficient to eliminate the Adjusted Capital Account deficit created by such adjustments, allocations or Distributions as quickly as possible. This Section 6.02(c) is intended to comply with the qualified income offset requirement in Treasury Regulations Section 1.704-1(b)(2)(ii)(d) and shall be interpreted consistently therewith.

(d) In the event an allocation of Net Loss would cause or increase an Adjusted Capital Account deficit of a Member in a manner that cannot have "substantial economic effect" for federal income tax purposes, as determined in the reasonable judgment of the Board, such Net Loss will, unless otherwise determined by the Board, be allocated among all Members in proportion to their Unit holdings.

(e) The allocations set forth in paragraphs (a), (b), and (c) above (the "**Regulatory Allocations**") are intended to comply with certain requirements of the Treasury Regulations under Code Section 704. Notwithstanding any other provisions of this Article VI (other than the Regulatory Allocations), the Regulatory Allocations shall be taken into account in allocating Net Income and Net Losses among Members so that, to the extent possible, the net amount of such allocations of Net Income and Net Losses and other items and the Regulatory Allocations to each Member shall be equal to the net

amount that would have been allocated to such Member if the Regulatory Allocations had not occurred.

(f) The Company and the Members acknowledge that allocations like those described in Proposed Treasury Regulation Section 1.704-1(b)(4)(xii)(c) ("**Forfeiture Allocations**") result from the allocations of Net Income and Net Loss provided for in this Agreement. For the avoidance of doubt, the Company is entitled to make Forfeiture Allocations and, once required by applicable final or temporary guidance, allocations of Net Income and Net Loss will be made in accordance with Proposed Treasury Regulation Section 1.704-1(b)(4)(xii)(c) or any successor provision or guidance.

Section 6.03 Tax Allocations. For each Fiscal Year (or portion thereof) ending prior to the Corporate Election Effective Date:

(a) Subject to Section 6.03(b) through Section 6.03(e), all income, gains, losses and deductions of the Company shall be allocated, for federal, state and local income tax purposes, among the Members in accordance with the allocation of such income, gains, losses and deductions among the Members for computing their Capital Accounts, except that if any such allocation for tax purposes is not permitted by the Code or other Applicable Law, the Company's subsequent income, gains, losses and deductions shall be allocated among the Members for tax purposes, to the extent permitted by the Code and other Applicable Law, so as to reflect as nearly as possible the allocation set forth herein in computing their Capital Accounts.

(b) Items of Company taxable income, gain, loss and deduction with respect to any property contributed to the capital of the Company shall be allocated among the Members in accordance with Code Section 704(c) and the traditional method of Treasury Regulations Section 1.704-3(b), so as to take account of any variation between the adjusted basis of such property to the Company for federal income tax purposes and its Book Value.

(c) If the Book Value of any Company asset is adjusted pursuant to Treasury Regulation Section 1.704-1(b)(2)(iv)(f) as provided in clause (c) of the definition of Book Value, subsequent allocations of items of taxable income, gain, loss and deduction with respect to such asset shall take account of any variation between the adjusted basis of such asset for federal income tax purposes and its Book Value in the same manner as under Code Section 704(c).

(d) Allocations of tax credit, tax credit recapture and any items related thereto shall be allocated to the Members according to their interests in such items as determined by the Board taking into account the principles of Treasury Regulations Section 1.704- 1(b)(4)(ii).

(e) The Company shall make allocations pursuant to this Section 6.03 in accordance with the traditional method in accordance with Treasury Regulations Section 1.704-3(b).

(f) Allocations pursuant to this Section 6.03 are solely for purposes of federal, state and local taxes and shall not affect, or in any way be taken into account in computing, any Member's Capital Account or share of Net Income, Net Losses, Distributions or other items pursuant to any provisions of this Agreement.

Section 6.04 Allocations in Respect of Transferred Units. In the event of a Transfer of Units during any Fiscal Year ending prior to the Corporate Election Effective Date made in compliance with the provisions of Article X Net Income, Net Losses and other items of income, gain, loss and deduction of the Company attributable to such Units for such Fiscal Year shall be determined using the interim closing of the books method.

Section 6.05 Curative Allocations. In the event that the Tax Representative determines, after consultation with counsel experienced in income tax matters, that the allocation of any item of Company income, gain, loss or deduction for any Fiscal Year (or portion thereof) ending prior to the Corporate Election Effective Date is not specified in this Article VI (an "**Unallocated Item**"), or that the allocation of any item of Company income, gain, loss or deduction hereunder is clearly inconsistent with the Members' economic interests in the Company (determined by reference to the general principles of Treasury Regulations Section 1.704-1(b) and the factors set forth in Treasury Regulations Section 1.704-1(b)(3)(ii)) (a "**Misallocated Item**"), then the Board may allocate such Unallocated Items, or reallocate such Misallocated Items, to reflect such economic interests; provided, that no such allocation will be made without the prior consent of each Member that would be adversely and disproportionately affected thereby; and provided, further, that no such allocation shall have any material effect on the amounts distributable to any Member, including the amounts to be distributed upon the complete liquidation of the Company.

ARTICLE VII
DISTRIBUTIONS

Section 7.01 General.

(a) Subject to Section 7.01(b), Section 7.02 and Section 7.04, the Board shall have sole discretion regarding the amounts and timing of Distributions to Members, including to decide to forego payment of Distributions in order to provide for the retention and establishment of reserves of, or payment to third parties of, such funds as it deems necessary with respect to the reasonable business needs of the Company (which needs may include the payment or the making of provision for the payment when due of the Company's obligations, including, but not limited to, present and anticipated debts and obligations, capital needs and expenses, the payment of any management or administrative fees and expenses, and reasonable reserves for contingencies).

(b) Notwithstanding any provision to the contrary contained in this Agreement, the Company shall not make any Distribution to Members if such Distribution would violate Applicable Law.

Section 7.02 Priority of Distributions. After making all Distributions required for a given Fiscal Year under Section 7.04 and subject to the priority of Distributions pursuant to

Section 13.03(c) if applicable, all Distributions determined to be made by the Board pursuant to Section 7.01 shall be made as follows:

(a) First, to the Members holding Preferred Units in proportion to and up to the amounts necessary for each Member to have received cumulative Distributions under this Section 7.02(a) equal to each of such Members' Capital Contribution attributable to such Preferred Units;

(b) Second, to the Members holding Real Estate Preferred Units in proportion to and up to such Member's Unpaid Yield in respect of such Real Estate Preferred Units; and

(c) Third, any remaining amounts to the Members holding Common Units and Real Estate Preferred Units (calculated on an as-converted to Common Units basis) pro rata in proportion to their aggregate holdings of Common Units, with the holders of Real Estate Preferred Units being treated for the purposes of this Section 7.02(c) as if such Members had converted their Real Estate Preferred Units to Common Units pursuant to Section 3.04(a).

Provided, that, notwithstanding the foregoing, in the case of a Distribution described in Section 7.02(c) (including a liquidating distribution pursuant to Section 13.03) with respect to Common Units which were acquired upon conversion of Series Seed Preferred Units or Series Seed+ Preferred Units, such distribution shall be reduced, dollar-for-dollar, by the Distributions described in Section 7.02(a), if any, received with respect to such Series Seed Preferred Units or Series Seed+ Preferred Units, as applicable, and *provided, further*, Distributions shall be made with respect to Series Seed Preferred Units and Series Seed+ Preferred Units pursuant to Section 7.02(c), without the need for formal conversion, equal to the greater of: (x) distributions with respect to such Series Seed Preferred Units or Series Seed+ Preferred Units under Section 7.02(a) or (y) distributions that would have been made with respect to such Series Seed Preferred Units or Series Seed+ Preferred Units had all such Units been converted to Common Units immediately prior to such liquidation or capital transaction, which, for the avoidance of doubt, shall include the application of the preceding proviso.

Section 7.03 Tax Advances. For taxable periods ending prior to the Corporate Election Effective Date:

(a) Subject to any restrictions in any of the Company's and/or any Company Subsidiary's then applicable debt-financing arrangements, and subject to the Board's sole discretion to retain any other amounts necessary to satisfy the Company's and/or the Company Subsidiaries' obligations, at least five (5) days before each date prescribed by the Code for an individual to pay quarterly installments of estimated tax, the Company shall use commercially reasonable efforts to Distribute cash to each Member in proportion to and to the extent of such Member's Quarterly Estimated Tax Amount for the applicable calendar quarter (each such Distribution, a "**Tax Advance**").

(b) If, at any time after the final Quarterly Estimated Tax Amount has been Distributed pursuant to Section 7.03(a) with respect to any Fiscal Year, the aggregate Tax Advances to any Member with respect to such Fiscal Year are less than such Member's Tax Amount for such Fiscal Year (a "**Shortfall Amount**"), the Company shall use commercially reasonable efforts to Distribute cash in proportion to and to the extent of each Member's Shortfall Amount. The Company shall use commercially reasonable efforts to Distribute Shortfall Amounts with respect to a Fiscal Year before the 75th day of the next succeeding Fiscal Year; provided, that if the Company has made Distributions other than pursuant to this Section 7.03, the Board may apply such Distributions to reduce any Shortfall Amount.

(c) If the aggregate Tax Advances made to any Member pursuant to this Section 7.03 for any Fiscal Year exceed such Member's Tax Amount (an "**Excess Amount**"), such Excess Amount shall reduce subsequent Tax Advances that would be made to such Member pursuant to this Section 7.03, except to the extent taken into account as an advance pursuant to Section 7.03(d) to reduce subsequent Distributions.

(d) Any Distributions made pursuant to this Section 7.03 shall be treated for purposes of this Agreement as advances on Distributions pursuant to Section 7.02 and shall reduce, dollar-for-dollar, the amount otherwise Distributable to such Member pursuant to Section 7.02.

Section 7.04 Tax Withholding; Withholding Advances.

(a) Tax Withholding. If requested by the Board, each Member shall, if able to do so, deliver to the Board:

(i) an affidavit in form satisfactory to the Board that the applicable Member (or its members, as the case may be) is not subject to withholding under the provisions of any federal, state, local, foreign or other Applicable Law;

(ii) any certificate that the Board may reasonably request with respect to any such laws; and/or

(iii) any other form or instrument reasonably requested by the Board relating to any Member's status under such law.

(b) If a Member fails or is unable to deliver to the Board the affidavit described in Section 7.04(a)(i), the Board may withhold amounts from such Member in accordance with Section 7.04(c).

(c) Withholding Advances. The Company is hereby authorized at all times to make payments ("**Withholding Advances**") with respect to each Member in amounts required to discharge any obligation of the Company (as determined by the Tax Representative based on the advice of legal or tax counsel to the Company) to withhold or make payments to any federal, state, local or foreign taxing authority (a "**Taxing Authority**") with respect to any Distribution or (prior to the Corporate Election Effective Date) allocation by the Company of income or gain to such Member and to withhold the

same from Distributions to such Member. Any funds withheld from a Distribution by reason of this Section 7.04(c) shall nonetheless be deemed Distributed to the Member in question for all purposes under this Agreement.

(d) Repayment of Withholding Advances. Any Withholding Advance made by the Company to a Taxing Authority on behalf of a Member and not simultaneously withheld from a Distribution to that Member shall, with interest thereon accruing from the date of payment at the Company Interest Rate:

(i) be promptly repaid to the Company by the Member on whose behalf the Withholding Advance was made; or

(ii) with the consent of the Board, be repaid by reducing the amount of the next succeeding Distribution or Distributions to be made to such Member.

Interest shall cease to accrue from the time the Member on whose behalf the Withholding Advance was made repays such Withholding Advance (and all accrued interest) by either method of repayment described above.

(e) Indemnification. Each Member hereby agrees to indemnify and hold harmless the Company and the other Members from and against any liability with respect to taxes, interest or penalties which may be asserted by reason of the Company's failure to deduct and withhold tax on amounts Distributable or (prior to the Corporate Election Effective Date) allocable to such Member. The provisions of this Section 7.04(e) and the obligations of a Member pursuant to Section 7.04(c) shall survive the termination, dissolution, liquidation and winding up of the Company and the withdrawal of such Member from the Company or Transfer of its Units. The Company may pursue and enforce all rights and remedies it may have against each Member under this Section 7.04, including bringing a lawsuit to collect repayment with interest of any Withholding Advances.

(f) Overwithholding. Neither the Company nor the Board shall be liable for any excess taxes withheld in respect of any Distribution or (prior to the Corporate Election Effective Date) allocation of income or gain to a Member. In the event of an overwithholding, a Member's sole recourse shall be to apply for a refund from the appropriate Taxing Authority.

Section 7.05 Distributions in Kind.

(a) The Board is hereby authorized, in its sole discretion, to make Distributions to the Members in the form of securities or other property held by the Company. In any non-cash Distribution, the securities or property so Distributed will be Distributed among the Members in the same proportion and priority as cash equal to the Fair Market Value of such securities or property would be Distributed among the Members pursuant to Section 7.02.

(b) Any Distribution of securities shall be subject to such conditions and restrictions as the Board determines are required or advisable to ensure compliance with

Applicable Law. In furtherance of the foregoing, the Board may require that the Members execute and deliver such documents as the Board may deem necessary or appropriate to ensure compliance with all federal and state securities laws that apply to such Distribution and any further Transfer of the Distributed securities and may appropriately legend the certificates that represent such securities to reflect any restriction on Transfer with respect to such laws.

ARTICLE VIII
MANAGEMENT

Section 8.01 Management and Control of Company Business.

(a) For so long as Abner Kurtin remains in control (having the same meaning as used in the definition of Affiliate herein) of AGP Partners, LLC and holds a Significant Interest in AGP Partners, AGP Partners, LLC shall be and is hereby appointed the Managing Member (the "**Managing Member**") of the Company and shall have, subject to the limitations herein full, exclusive and complete discretion, power and authority to manage and control the business and affairs of the Company, to make all decisions affecting the business and affairs of the Company, and to take such actions as it deems necessary or appropriate to accomplish the purposes of the Company. The Managing Member shall use reasonable efforts to carry out the purposes of the Company and shall devote to the management of the business and affairs of the Company such time as the Managing Member, in its good faith judgment, shall deem to be reasonably required for the operation thereof. The foregoing notwithstanding, the Managing Member shall not make any Materials Decisions (as defined in Section 8.02(c)) without the approval of the Requisite Managers. At such time that Abner Kurtin no longer controls AGP Partners, LLC or no longer has a Significant Interest in AGP Partners, LLC, the duties, powers, and authority of the Managing Member shall be assumed by the Board.

(b) A board of managers of the Company (the "**Board**") is hereby established and shall be comprised of natural Persons (each such Person, a "**Manager**") who shall be appointed in accordance with the provisions of this Agreement. Each Manager of the Company shall be subject to the provisions of this Agreement whether or not such Manager has executed a counterpart hereof or been joined hereto**.**

(c) Except as otherwise expressly set forth in this Agreement, the Members, in their capacity as Members, shall not have any authority, right or power to bind the Company, or to manage or control, or to participate in the management or control of, the business and affairs of the Company in any manner whatsoever. Such management shall in every respect be the full and complete responsibility of the Managers alone as provided in this Agreement.

(d) Any approval, decision, action, consent, agreement, determination, or authorization that is required or permitted to be made by the Managers hereunder shall require the approval by an affirmative vote of a majority of the Managers then in office.

The foregoing notwithstanding, all Material Decisions shall require the approval of the Requisite Managers.

Section 8.02 Board of Managers.

(a) The Company and the Members shall take such actions as may be required to ensure that the number of managers constituting the Board is at all times five (5). A Manager (and/or any successor or replacement) may, but shall not be required to, be a Member of the Company. The Managers will be appointed or elected in the following manner:

(i) AGP Partners, LLC shall have the right to appoint three (3) Managers (the "**Common Managers**") and to remove and replace such Common Managers from time to time, who shall initially be Abner Kurtin, Scott Swid and Frank Perullo. Each Common Manager then in office shall be entitled to cast one (1) vote, provided, however, that Abner Kurtin, for so long as he is a Manager, or, in the event that Abner Kurtin is no longer a Manager, AGP Partners, LLC's designee shall be entitled to cast a tie-breaking Board vote in the event of a deadlock.

(ii) The holders of a majority of the Preferred Units, shall have the right to appoint two (2) Managers (the "**Preferred Managers**"), and to remove and replace such Preferred Managers from time to time, by the affirmative vote or consent of a majority of the Preferred Units, which Preferred Managers shall initially be Chris Leavy and Emily Paxhia. Each Preferred Manager then in office shall be entitled to cast one (1) vote.

Notwithstanding the foregoing, at such time that AGP Partners, LLC is no longer the Managing Member, all of the Managers shall be appointed by the Members voting as a single class, and such Members shall have the right to remove and replace such Managers from time to time.

(b) The Board shall maintain a schedule of all Managers with their respective mailing addresses, and shall update the schedule upon the removal or replacement of any Manager in accordance with this Section 8.02 or Section 8.03.

(c) The following is a list of material decisions ("**Material Decisions**") that shall require an affirmative vote of the Requisite Managers:

(i) a merger, consolidation, conversion or other similar transaction involving the Company or any of the Company Subsidiaries;

(ii) the sale, lease or conveyance of all or substantially all of the assets of the Company and the Company Subsidiaries on a consolidated basis;

(iii) any material acquisition by the Company or any Company Subsidiary, or any agreement to engage in such material acquisition or the

acquisition by the Company or any Company Subsidiary of an ownership interest in any Person;

(iv) the creation of Subsidiaries, or entering into a joint venture, partnership or limited liability company agreement by the Company or any of its Subsidiaries;

(v) any agreement or series of related agreements of the Company or any of its Subsidiaries for compensation and/or benefits of any Manager, Managing Member, Officer, or other executive of the Company or any other agreement for compensation and/or benefits with a total annual cost to the Company of at least $100,000;

(vi) any action that results in a liquidation or dissolution of the Company or any wholly-owned Company Subsidiary;

(vii) any transaction between the Company or a Subsidiary and any Affiliate of the Company or its Subsidiary, excluding transactions between the Company and wholly-owned Company Subsidiaries, provided, however, that in the event of such transaction whereby a conflict of interest exists with respect to any Requisite Managers of the Company, then such transaction shall require the consent of a majority of the outstanding Common Units, Real Estate Preferred Units, Series Seed Preferred Units and Series Seed+ Preferred Units of the Company voting as separate classes;

(viii) issuance of additional Units or the creation of new classes of Units by the Company or a Subsidiary;

(ix) increasing the size of the Board;

(x) confessing any judgment against the Company or a Subsidiary or consenting to a receiver of the assets of the Company or a Subsidiary; or

(xi) incur any indebtedness, pledge, or grant liens on any assets, or guarantee, assume, endorse, or otherwise become responsible for the obligations of any other Person in excess of $100,000 in a single transaction or series of related transactions, or in excess of $200,000 in the aggregate at any time outstanding by the Company or a Subsidiary.

Section 8.03 Removal; Resignation; Vacancies.

(a) At a meeting called expressly for that purpose, any Manager may be removed at any time, with or without cause, in accordance with Section 8.02(a) hereof.

(b) A Manager of the Company may resign at any time by giving written notice to the Members of the Company. The resignation of any Manager shall take effect thirty (30) days after receipt of notice thereof or at such later date specified in such notice; and, unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective. Subject to any forfeiture requirements contained in

any agreement between the Manager and the Company, the resignation of a Manager who is also a Member shall not affect the Manager's rights as a Member and shall not constitute its withdrawal as a Member.

(c) Any vacancy occurring for any reason in the office of the Managers of the Company shall be filled by action of the class, classes or series of Members that were entitled to appoint such Manager pursuant to the provisions of Section 8.02(a) herein. If such vacancy remains unfilled after thirty (30) days from the day such vacancy occurred, such vacancy may be filled by action of the Managers then in office, but the right and power of Members to appoint, remove and replace Managers pursuant to the provision of Section 8.02(a) shall not be affected thereby. Any Manager's position to be filled by reason of an increase in the number of Managers above five (5) Managers shall be filled by the election at a meeting of Members called for that purpose or by action pursuant to a written consent of Members, in each case in accordance with the vote or consent prescribed by Section 8.02(a) hereof for the appointment of a Preferred Manager. A Manager elected to fill a vacancy shall hold office until his or her successor shall be elected and qualified or until his or her earlier death, resignation or removal. A Manager elected to fill a position resulting from an increase in the number of Managers above five (5) Managers shall hold office until his or her successor shall be elected and qualified, or until his or her earlier death, resignation or removal.

Section 8.04 Meetings.

(a) Generally. The Board shall meet at such time and at such place as the Board may designate. Meetings of the Board may be held either in person or by means of telephone or video conference or other communications device that permits all Managers participating in the meeting to hear each other, at the offices of the Company or such other place (either within or outside the State of Delaware) as may be determined from time to time by the Board. Written notice of each meeting of the Board shall be given to each Manager at least twenty-four (24) hours prior to each such meeting.

(b) Special Meetings. Special meetings of the Board shall be held on the call of any three Managers upon at least five days' written notice (if the meeting is to be held in person) or one day's written notice (if the meeting is to be held by telephone communications or video conference) to the Managers, or upon such shorter notice as may be approved by all the Managers. Any Manager may waive such notice as to himself.

(c) Attendance and Waiver of Notice. Attendance of a Manager at any meeting shall constitute a waiver of notice of such meeting, except where a Manager attends a meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board need be specified in the notice or waiver of notice of such meeting.

Section 8.05 Quorum; Manner of Acting.

(a) Quorum. A majority of the Managers serving on the Board shall constitute a quorum for the transaction of business of the Board. At all times when the Board is conducting business at a meeting of the Board, a quorum of the Board must be present at such meeting, provided, however, that if a Manager fails to attend two consecutive meetings of the Board, such Manager shall be disregarded for the purposes of establishing a quorum at the next meeting after the second failure to attend. If a quorum shall not be present at any meeting of the Board, then the Managers present at the meeting may adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present.

(b) Participation. Any Manager may participate in a meeting of the Board by means of telephone or video conference or other communications device that permits all Managers participating in the meeting to hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting. A Manager may vote or be present at a meeting either in person or by proxy, and such proxy may be granted in writing, by means of Electronic Transmission or as otherwise permitted by Applicable Law.

(c) Binding Act. Each Manager shall have one vote on all matters submitted to the Board or any committee thereof, except as otherwise provided for in Section 8.02(a)(i). With respect to any matter before the Board except for Material Decisions, the act of a majority of the Managers constituting a quorum shall be the act of the Board.

Section 8.06 Action by Written Consent. Notwithstanding anything herein to the contrary, any action of the Board (or any committee of the Board) may be taken without a meeting if either (a) (i) for any action of a committee, a written consent of the Managers on the committee required to approve such action at a meeting shall approve such action except for a Material Decision which shall require the consent of the Requisite Managers, or (ii) for any action of the Board, the written consent of the Requisite Managers shall approve such action; provided, that prior written notice of such action is provided to all Managers at least one day before such action is taken, or (b) a written consent constituting all of the Managers on the Board (or committee) shall approve such action. Such consent shall have the same force and effect as a vote at a meeting where a quorum was present and may be stated as such in any document or instrument filed with the Secretary of State of Delaware.

Section 8.07 Compensation; No Employment.

(a) Each Manager shall be reimbursed for his reasonable out-of-pocket expenses incurred in the performance of his duties as a Manager, pursuant to such policies as from time to time established by the Board. Nothing contained in this Section 8.07 shall be construed to preclude any Manager from serving the Company in any other capacity and receiving reasonable compensation for such services.

(b) This Agreement does not, and is not intended to, confer upon any Manager any rights with respect to continued employment by the Company, and nothing herein should be construed to have created any employment agreement with any Manager.

Section 8.08 Committees. The Board may, by resolution, designate from among the Managers one or more committees, each of which shall be comprised of one or more Managers; provided, that in no event may the Board designate any committee with all of the authority of the Board nor designate the committee to make a Material Decision unless the committee is comprised of the Requisite Managers. Subject to the immediately preceding proviso, any such committee, to the extent provided in the resolution forming such committee, shall have and may exercise the authority of the Board, pursuant to such authorization, purposes and authorized acts of such committee as explicitly designated by the Board. The Board may dissolve any committee or remove any member of a committee at any time.

Section 8.09 Business with Affiliates. The Company and Company Subsidiaries may transact business with any Member or any Person related to a Member or a Manager with respect to the assets or business of the Company, provided (i) that for Members holding Preferred Units, a written agreement relating to such transaction has already been executed by the Company or Company Subsidiary, as applicable, and such applicable Member, or their respective Affiliates, prior to the adoption of this Agreement as of the date hereof or (ii) that (a) any such transaction shall be effected only on terms competitive with those that may be obtained in the marketplace from unaffiliated Persons and the terms governing such relationship are terms which would be entered into an arms-length transaction and (b) any such transaction is approved unanimously by the Preferred Managers.

Section 8.10 Officers. The Board may appoint individuals as officers of the Company (the "**Officers**") as it deems necessary or desirable to carry on the business of the Company and the Board may delegate to such Officers such power and authority as the Board deems advisable. Any individual may hold two or more offices of the Company. Each Officer shall hold office until his successor is designated by the Board or until his earlier death, resignation or removal. Any Officer may resign at any time upon written notice to the Board. Any Officer may be removed by the Board (acting by majority vote of all Managers other than the Officer being considered for removal, if applicable) with or without cause at any time. A vacancy in any office occurring because of death, resignation, removal or otherwise, may, but need not, be filled by the Board.

Section 8.11 No Personal Liability. By Applicable Law or expressly in this Agreement, no Manager will be obligated personally for any debt, obligation or liability of the Company or of any Company Subsidiaries, whether arising in contract, tort or otherwise, solely by reason of being a Manager.

Section 8.12 Observation Rights.

(a) Each Member or Member Group holding at least five percent (5%) of the outstanding equity interest in the Company shall have the right to appoint a representative (the "**Observer**") to attend all meetings (including telephonic or videoconference meetings) of the Board and any committees in a non-voting, observer capacity. The

Observer may participate fully in discussions of all matters brought to the Board or committee, as the case may be, for consideration, but in no event shall the Observer (i) be deemed to be a member of the Board or any committee, (ii) have or be deemed to have, or otherwise be subject to, any duties (fiduciary or otherwise) to the Company or the Members or (iii) have the right to propose or offer any motions or resolutions to the Board or committees. Notwithstanding the foregoing, the Observer shall be subject to the obligations of Section 11.01 as if such Observer were a Member. Upon request, the Company shall allow the Observer to attend Board or committee meetings by telephone or electronic communication. The presence of the Observer shall not be required for purposes of establishing a quorum.

(b) The Company shall provide to the Observer copies of all notices, minutes, consents and other materials that it provides to Board members, including any draft versions, proposed written consents, and exhibits and annexes to any such materials, at the same time and in the same manner as such information is delivered to the Board members.

ARTICLE IX
PRE-EMPTIVE RIGHTS

Section 9.01 Pre-emptive Right.

(a) Issuance of New Securities. The Company hereby grants to each holder of Preferred Units or Common Units (each, a "**Pre-emptive Member**") the right to purchase its Applicable Pro Rata Portion of any New Securities that the Company may from time to time propose to issue or sell to any party.

(b) Definition of New Securities. As used herein:

(i) the term "**New Preferred Securities**" shall mean any authorized but unissued Preferred Units and any Unit Equivalents convertible into Preferred Units, exchangeable or exercisable for Preferred Units, or providing a right to subscribe for, purchase or acquire Preferred Units;

(ii) the term "**New Common Securities**" shall mean any authorized but unissued Common Units and any Unit Equivalents convertible into Common Units, exchangeable or exercisable for Common Units, or providing a right to subscribe for, purchase or acquire Common Units; and

(iii) the term "**New Securities**" shall mean the New Preferred Securities and the New Common Securities, as applicable;

provided, that neither the term "**New Preferred Securities**" nor the term "**New Common Securities**" shall include Units or Unit Equivalents issued or sold by the Company in connection with: (i) a grant to any existing or prospective Managers, Officers or other Service Providers pursuant to any incentive plan or similar equity- based plans or other compensation agreement (an "**Incentive Plan**"); (ii) the conversion or exchange of any securities of the Company into

Units, or the exercise of any warrants or other rights to acquire Units; (iii) any acquisition by the Company or any Company Subsidiary of any equity interests, assets, properties or business of any Person; (iv) any merger, consolidation or other business combination involving the Company or any Company Subsidiary; (v) the commencement of any Public Offering or any transaction or series of related transactions involving a Change of Control; (vi) any subdivision of Units (by a split of Units or otherwise), payment of Distributions or any similar recapitalization; (vii) any private placement of warrants to purchase Membership Interests to lenders or other institutional investors (excluding the Members) in any arm's length transaction in which such lenders or investors provide debt financing to the Company or any Company Subsidiary; (viii) a joint venture, strategic alliance or other commercial relationship with any Person (including Persons that are customers, suppliers and strategic partners of the Company or any Company Subsidiary) relating to the operation of the Company's or any Company Subsidiary's business and not for the primary purpose of raising equity capital; or (ix) any office lease or equipment lease or similar equipment financing transaction in which the Company or any Company Subsidiary obtains from a lessor or vendor the use of such office space or equipment for its business.

(c) Additional Issuance Notices. The Company shall give written notice (an "**Issuance Notice**") of any proposed issuance or sale described in Section 9.01(a) to the Pre-emptive Members within five (5) Business Days following any meeting of the Board at which any such issuance or sale is approved. The Issuance Notice shall, if applicable, be accompanied by a written offer from any prospective purchaser seeking to purchase New Securities (a "**Prospective Purchaser**") and shall set forth the material terms and conditions of the proposed issuance or sale, including:

(i) the number and description of the New Securities proposed to be issued and the percentage of the Company's Units then outstanding on a Fully Diluted Basis (both in the aggregate and with respect to each class or series of Units proposed to be issued) that such issuance would represent;

(ii) the proposed issuance date, which shall be at least twenty (20) Business Days from the date of the Issuance Notice;

(iii) the proposed purchase price per Unit of the New Securities; and

(iv) if the consideration to be paid by the Prospective Purchaser includes non-cash consideration, the Board's good-faith determination of the Fair Market Value thereof.

The Issuance Notice shall also be accompanied by a current copy of the Members Schedule indicating the Pre-emptive Members' holdings of Preferred Units and Common Units in a manner that enables each Pre-emptive Member to calculate its Preferred Pro Rata Portion of any New Preferred Securities and its Common Pro Rata Portion of any New Common Securities.

(d) Exercise of Pre-emptive Rights. Each Pre-emptive Member shall for a period of fourteen (14) Business Days following the receipt of an Issuance Notice (the "**Exercise Period**") have the right to elect irrevocably to purchase all or any portion of its Preferred Pro Rata Portion of any New Preferred Securities and all or any portion of its Common Pro Rata Portion of any New Common Securities, as applicable, at the respective purchase prices set forth in the Issuance Notice by delivering a written notice to the Company (an "**Acceptance Notice**") specifying the number of New Preferred Securities and/or New Common Securities it desires to purchase. The delivery of an Acceptance Notice by a Pre-emptive Member shall be a binding and irrevocable offer by such Member to purchase the New Securities described therein. The failure of a Pre-emptive Member to deliver an Acceptance Notice by the end of the Exercise Period shall constitute a waiver of its rights under this Section 9.01 with respect to the purchase of such New Securities but shall not affect its rights with respect to any future issuances or sales of New Securities.

(e) Over-allotment. No later than five (5) Business Days following the expiration of the Exercise Period, the Company shall notify each Pre-emptive Member in writing of the number of New Securities that each Pre-emptive Member has agreed to purchase (including, for the avoidance of doubt, where such number is zero) (the "**Over- allotment Notice**"). Each Pre-emptive Member exercising its rights to purchase its Applicable Pro Rata Portion of the New Securities in full (an "**Exercising Member**") shall have a right of over-allotment such that if any other Pre-emptive Member has failed to exercise its right under this Section 9.01 to purchase its full Applicable Pro Rata Portion of the New Securities (each, a "**Non-Exercising Member**"), such Exercising Member may purchase its Applicable Pro Rata Portion of such Non-Exercising Member's allotment by giving written notice to the Company within five (5) Business Days of receipt of the Over- allotment Notice (the "**Over-allotment Exercise Period**").

(f) Sales to the Prospective Purchaser. Following the expiration of the Exercise Period and, if applicable, the Over-allotment Exercise Period, the Company shall be free to complete the proposed issuance or sale of New Securities described in the Issuance Notice with respect to which Pre-emptive Members declined to exercise the pre-emptive right set forth in this Section 9.01 on terms no less favorable to the Company than those set forth in the Issuance Notice (except that the amount of New Securities to be issued or sold by the Company may be reduced); provided, that: (i) such issuance or sale is closed within twenty (20) Business Days after the expiration of the Exercise Period and, if applicable, the Over-allotment Exercise Period (subject to the extension of such twenty (20) Business Day period for a reasonable time not to exceed forty (40) Business Days to the extent reasonably necessary to obtain any third-party approvals); and (ii) for the avoidance of doubt, the price at which the New Securities are sold to the Prospective Purchaser is at least equal to or higher than the purchase price described in the Issuance Notice. In the event the Company has not sold such New Securities within such time period, the Company shall not thereafter issue or sell any New Securities without first again offering such securities to the Members in accordance with the procedures set forth in this Section 9.01.

(g) Closing of the Issuance. The closing of any purchase by any Pre-emptive Member shall be consummated concurrently with the consummation of the issuance or sale described in the Issuance Notice. Upon the issuance or sale of any New Securities in accordance with this Section 9.01, the Company shall deliver the New Securities free and clear of any liens (other than those arising hereunder and those attributable to the actions of the purchasers thereof), and the Company shall so represent and warrant to the purchasers thereof, and further represent and warrant to such purchasers that such New Securities shall be, upon issuance thereof to the Exercising Members and after payment therefor, duly authorized, validly issued, fully paid and non-assessable. The Company, in the discretion of the Board pursuant to Section 3.08(a), may deliver to each Exercising Member certificates evidencing the New Securities. Each Exercising Member shall deliver to the Company the purchase price for the New Securities purchased by it by certified or bank check or wire transfer of immediately available funds. Each party to the purchase and sale of New Securities shall take all such other actions as may be reasonably necessary to consummate the purchase and sale including, without limitation, entering into such additional agreements as may be necessary or appropriate.

ARTICLE X
TRANSFER

Section 10.01 General Restrictions on Transfer.

(a) Each Member holding Common Units or Unit Equivalents with respect to Common Units acknowledges and agrees that such Member (or any Permitted Transferee of such Member) shall not Transfer any Common Units or Unit Equivalents with respect to Common Units without the written consent of the Managing Member except as permitted pursuant to Section 10.02.

(b) No Transfer of Units or Unit Equivalents to a Person not already a Member of the Company shall be deemed completed until the prospective Transferee is admitted as a Member of the Company in accordance with Section 4.01(b) hereof.

(c) Notwithstanding any other provision of this Agreement (including Section 10.02) each Member agrees that it will not, directly or indirectly, Transfer any of its Units or Unit Equivalents, and the Company agrees that it shall not issue any Units or Unit Equivalents:

(i) except as permitted under the Securities Act and other applicable federal or state securities or blue sky laws, and then, with respect to a Transfer of Units or Unit Equivalents, if requested by the Company, only upon delivery to the Company of an opinion of counsel in form and substance satisfactory to the Company to the effect that such Transfer may be effected without registration under the Securities Act;

(ii) if such Transfer or issuance occurs prior to the Corporate Election Effective Date and would cause the Company to be considered a “publicly traded partnership” under Section 7704(b) of the Code within the meaning of Treasury

Regulation Section 1.7704-1(h)(1)(ii), including the look-through rule in Treasury Regulation Section 1.7704-1(h)(3);

(iii) if such Transfer or issuance would affect the Company's existence or qualification as a limited liability company;

(iv) if such Transfer or issuance occurs prior to the Corporate Election Effective Date and would cause the Company to lose its status as a partnership for federal income tax purposes;

(v) if such Transfer or issuance occurs prior to the Corporate Election Effective Date and would cause a termination of the Company for federal income tax purposes;

(vi) if such Transfer or issuance would cause the Company or any of the Company Subsidiaries to be required to register as an investment company under the Investment Company Act of 1940, as amended; or
(vii) if such Transfer or issuance would cause the assets of the Company or any of the Company Subsidiaries to be deemed "Plan Assets" as defined under the Employee Retirement Income Security Act of 1974 or its accompanying regulations or result in any "prohibited transaction" thereunder involving the Company or any Company Subsidiary; or

(vii) to a Person that would be an Affected Member at the time of Transfer.

In any event, the Board may refuse the Transfer to any Person if such Transfer would have a material adverse effect on the Company as a result of any regulatory or other restrictions imposed by any Governmental Authority.

(d) Any Transfer or attempted Transfer of any Units or Unit Equivalents in violation of this Agreement shall be null and void, no such Transfer shall be recorded on the Company's books and the purported Transferee in any such Transfer shall not be treated (and the purported Transferor shall continue be treated) as the owner of such Units or Unit Equivalents for all purposes of this Agreement.

(e) For the avoidance of doubt, any Transfer of Units or Unit Equivalents permitted by this Section 10.01, Section 10.02 or made in accordance with the procedures described in Section 10.04, and purporting to be a sale, transfer, assignment or other disposal of the entire Membership Interest represented by such Units or Unit Equivalents, inclusive of all the rights and benefits applicable to such Membership Interest, shall be deemed a sale, transfer, assignment or other disposal of such Membership Interest in its entirety as intended by the parties to such Transfer, and shall not be deemed a sale, transfer, assignment or other disposal of any less than all of the rights and benefits of the Membership Interest unless explicitly agreed to by the parties to such Transfer.

(f) For the avoidance of doubt, a Member holding Preferred Units may Transfer any Preferred Units without consent of the Managing Member or the Members, provided, that such Transfer complies with this Section 10.01.

Section 10.02 Permitted Transfers. Consent of the Managing Member shall not be required for any of the following Transfers by any Member of any of its Common Units or Unit Equivalents with respect to Common Units:

(c) Pursuant to a Public Offering;

(d) Pursuant to a sale to another Member, if such Member is already a holder of the class of Unit being sold; or

(e) Pursuant to Section 10.04 below.

Section 10.03 [Reserved]

Section 10.04 Drag-along Rights.

(a) Participation. Subject to the consent of the Requisite Managers, if one or more Members (together with their respective Permitted Transferees) holding no less than a majority of all the Common Units (including holders of Preferred Units on in as-converted to Common Units basis) (such Member or Members, the "**Dragging Member**"), proposes to consummate, in one transaction or a series of related transactions, a Change of Control (a "**Drag-along Sale**"), the Dragging Member shall have the right, after delivering the Drag-along Notice in accordance with Section 10.04(c) and subject to compliance with Section 10.04(d), to require that each other Member (each, a "**Drag-along Member**") participate in such sale (including, if necessary, by converting their Unit Equivalents into the Units to be sold in the Drag-along Sale) in the manner set forth in Section 10.04(b).

(b) Sale of Units. Subject to compliance with Section 10.04(d):

(i) If the Drag-along Sale is structured as a sale resulting in a majority of the Common Units (including Preferred Units on an as-converted to Common Units basis) of the Company on a Fully Diluted Basis being held by a Third Party Purchaser, then each Drag-along Member shall sell, with respect to each class or series of Units proposed by the Dragging Member to be included in the Drag-along Sale, the number of Units and/or Unit Equivalents of such class or series equal to the product obtained by multiplying (a) the number of applicable Units on a Fully Diluted Basis held by such Drag-along Member by (b) a fraction (x) the numerator of which is equal to the number of applicable Units on a Fully Diluted Basis that the Dragging Member proposes to sell in the Drag-along Sale and (y) the denominator of which is equal to the number of applicable Units on a Fully Diluted Basis held by the Dragging Member at such time; and

(ii) If the Drag-along Sale is structured as a sale of all or substantially all of the consolidated assets of the Company and the Company Subsidiaries or as a merger, consolidation, recapitalization, or reorganization of the Company or other transaction requiring the consent or approval of the Members, then notwithstanding anything to the contrary in this Agreement (including Section 4.06), each Drag- along Member shall vote in favor of the transaction and otherwise consent to and raise no objection to such transaction, and shall take all actions to waive any dissenters', appraisal or other similar rights that it may have in connection with such transaction. The Distribution of the aggregate consideration of such transaction shall be made in accordance with Section 13.03(c).

(c) Sale Notice. The Dragging Member shall exercise its rights pursuant to this Section 10.04 by delivering a written notice (the "**Drag-along Notice**") to the Company and each Drag-along Member no later than twenty (20) Business Days prior to the closing date of such Drag-along Sale. The Drag-along Notice shall make reference to the Dragging Members' rights and obligations hereunder and shall describe in reasonable detail:

(i) The name of the person or entity to whom such Units are proposed to be sold;

(ii) The proposed date, time and location of the closing of the sale;

(iii) The number of each class or series of Units to be sold by the Dragging Member, the proposed amount of consideration for the Drag-along Sale and the other material terms and conditions of the Drag-along Sale, including a description of any non-cash consideration in sufficient detail to permit the valuation thereof and including, if available, the purchase price per Unit of each applicable class or series; and

(iv) A copy of any form of draft agreement proposed to be executed in connection therewith.

(d) Conditions of Sale. The obligations of the Drag-along Members in respect of a Drag-along Sale under this Section 10.04 are subject to the satisfaction of the following conditions:

(i) The consideration to be received by each Drag-along Member shall be the same form and amount of consideration to be received by the Dragging Member per Unit of each applicable class or series (the Distribution of which shall be made in accordance with Section 10.04(b)) and the terms and conditions of such sale shall, except as otherwise provided in Section 10.04(d)(iii), be the same as those upon which the Dragging Member sells its Units;

(ii) If the Dragging Member or any Drag-along Member is given an option as to the form and amount of consideration to be received, the same option shall be given to all Drag-along Members; and

(iii) Each Drag-along Member shall execute the applicable purchase agreement, if applicable, and make or provide the same representations, warranties, covenants, indemnities and agreements as the Dragging Member makes or provides in connection with the Drag-along Sale; provided, that each Drag-along Member shall only be obligated to make individual representations and warranties with respect to its title to and ownership of the applicable Units, authorization, execution and delivery of relevant documents, enforceability of such documents against the Drag-along Member, and other matters specifically relating to such Drag-along Member individually, but not with respect to any of the foregoing with respect to any other Members or their Units; provided, further, that all representations, warranties, covenants and indemnities shall be made by the Dragging Member and each Drag-along Member severally and not jointly and any indemnification obligation shall be pro rata based on the consideration received by the Dragging Member and each Drag-along Member, in each case in an amount not to exceed the aggregate proceeds received by the Dragging Member and each such Drag-along Member in connection with the Drag-along Sale.

(e) Cooperation. Each Drag-along Member shall take all actions as may be reasonably necessary to consummate the Drag-along Sale, including, without limitation, entering into agreements and delivering certificates and instruments, in each case, consistent with the agreements being entered into and the certificates being delivered by the Dragging Member, but subject to Section 10.04(d)(iii).

(f) Expenses. The fees and expenses of the Dragging Member incurred in connection with a Drag-along Sale and for the benefit of all Drag-along Members (it being understood that costs incurred by or on behalf of a Dragging Member for its sole benefit will not be considered to be for the benefit of all Drag-along Members), to the extent not paid or reimbursed by the Company or the Third Party Purchaser, shall be

shared by the Dragging Member and all the Drag-along Members on a pro rata basis, based on the consideration received by each such Member; provided, that no Drag-along Member shall be obligated to make any out-of-pocket expenditure prior to the consummation of the Drag- along Sale.

(g) Consummation of Sale. The Dragging Member shall have ninety (90) days following the date of the Drag-along Notice in which to consummate the Drag-along Sale, on the terms set forth in the Drag-along Notice (which ninety 90-day period may be extended for a reasonable time not to exceed one-hundred and twenty (120) days to the extent reasonably necessary to obtain required approvals or consents from any Governmental Authority). If at the end of such period the Dragging Member has not completed the Drag-along Sale, the Dragging Member may not then exercise its rights under this Section 10.04 without again fully complying with the provisions of this Section 10.04.

ARTICLE XI
COVENANTS

Section 11.01 Confidentiality.

(a) Each Member acknowledges that during the term of this Agreement, he will have access to and become acquainted with trade secrets, proprietary information and confidential information belonging to the Company, the Company Subsidiaries and their Affiliates that are not generally known to the public, including, but not limited to, information concerning business plans, financial statements and other information provided pursuant to this Agreement, operating practices and methods, expansion plans, strategic plans, marketing plans, contracts, customer lists or other business documents which the Company treats as confidential, in any format whatsoever (including oral, written, electronic or any other form or medium) (collectively, "**Confidential Information**"). In addition, each Member acknowledges that: (i) the Company has invested, and continues to invest, substantial time, expense and specialized knowledge in developing its Confidential Information; (ii) the Confidential Information provides the Company with a competitive advantage over others in the marketplace; and (iii) the Company would be irreparably harmed if the Confidential Information were disclosed to competitors or made available to the public. Without limiting the applicability of any other agreement to which any Member is subject, no Member shall, directly or indirectly, disclose or use (other than solely for the purposes of such Member monitoring and analyzing his investment in the Company or performing his duties as a Manager, Officer, employee, consultant or other service provider of the Company) at any time, including, without limitation, use for personal, commercial or proprietary advantage or profit, either during his association or employment with the Company or thereafter, any Confidential Information of which such Member is or becomes aware. Each Member in possession of Confidential Information shall take all appropriate steps to safeguard such information and to protect it against disclosure, misuse, espionage, loss and theft.

(b) Nothing contained in Section 11.01(a) shall prevent any Member from disclosing Confidential Information: (i) upon the order of any court or administrative

agency; (ii) upon the request or demand of any regulatory agency or authority having jurisdiction over such Member; (iii) to the extent compelled by legal process or required or requested pursuant to subpoena, interrogatories or other discovery requests; (iv) to the extent necessary in connection with the exercise of any remedy hereunder; (v) to other Members; (vi) to such Member's Representatives who, in the reasonable judgment of such Member, need to know such Confidential Information and agree to be bound by the provisions of this Section 11.01 as if a Member; or (vii) to any potential Permitted Transferee in connection with a proposed Transfer of Units from such Member, as long as such Transferee agrees to be bound by the provisions of this Section 11.01 as if a Member; provided, that in the case of clause (i), (ii) or (iii), such Member shall notify the Company and other Members of the proposed disclosure as far in advance of such disclosure as practicable (but in no event make any such disclosure before notifying the Company and other Members) and use reasonable efforts to ensure that any Confidential Information so disclosed is accorded confidential treatment satisfactory to the Company, when and if available.

(c) The restrictions of Section 11.01(a) shall not apply to Confidential Information that: (i) is or becomes generally available to the public other than as a result of a disclosure by a Member in violation of this Agreement; (ii) is or becomes available to a Member or any of its Representatives on a non-confidential basis prior to its disclosure to the receiving Member and any of its Representatives in compliance with this Agreement; (iii) is or has been independently developed or conceived by such Member without use of Confidential Information; or (iv) becomes available to the receiving Member or any of its Representatives on a non-confidential basis from a source other than the Company, any other Member or any of their respective Representatives; provided, that such source is not known by the recipient of the Confidential Information to be bound by a confidentiality agreement with the disclosing Member or any of its Representatives.

Section 11.02 Non-solicit; Non-compete.

(a) Non-solicit of Employees. In light of each Member's access to Confidential Information and position of trust and confidence with the Company, each Member further agrees that, while such Member is a member of the Company and for a period of one (1) year after such Member is no longer a member of the Company (the "**Restricted Period**"), he shall not, directly or indirectly through one or more of any of their respective Affiliates, hire or solicit, or encourage any other Person to hire or solicit, any individual who has been employed by the Company or any Company Subsidiary within six (6) months prior to the date of such hiring or solicitation, or encourage any such individual to leave such employment. This Section 11.02(a) shall not prevent a Member from hiring or soliciting any employee or former employee of the Company or any Company Subsidiary who responds to a general solicitation that is a public solicitation of prospective employees and not directed specifically to any Company or Company Subsidiary employees.

(b) Non-solicit of Clients. In light of each Manager's and Officer's access to Confidential Information and position of trust and confidence with the Company, the Company shall require pursuant to any Award Agreement, employment agreement, or other such agreement with a Manager or Officer that each Manager and Officer of the Company shall not, during the Restricted Period, directly or indirectly through one or more of any of their respective Affiliates, solicit or entice, or attempt to solicit or entice, any clients, customers or suppliers of the Company or any Company Subsidiary for purposes of diverting their business or services from the Company.

(c) Severability by Court Order. If any court of competent jurisdiction determines that any of the covenants set forth in this Section 11.02, or any part thereof, is unenforceable because of the duration or geographic scope of such provision, such court shall have the power to modify any such unenforceable provision in lieu of severing such unenforceable provision from this Agreement in its entirety, whether by rewriting the offending provision, deleting any or all of the offending provision, adding additional language to this Section 11.02 or by making such other modifications as it deems warranted to carry out the intent and agreement of the parties as embodied herein to the maximum extent permitted by Applicable Law. The parties hereto expressly agree that this Agreement as so modified by the court shall be binding upon and enforceable against each of them.

(d) Non-compete by Key Individuals. In light of each Key Individual's access to Confidential Information and position of trust and confidence with the Company, the Company hereby agrees that, during the period of any Key Individual's continued employment or other engagement with the Company or any Company Subsidiary, such Key Individual shall not directly or indirectly through one or more of any of their respective Affiliates, own, manage, operate, control or participate in the ownership, management, operation or control of, any Competitor or any division or business segment of any Competitor unless approved by the Requisite Managers; provided, that nothing in this Section 11.02(d) shall prohibit such Key Individual or any of his or her respective Affiliates from acquiring or owning, directly or indirectly:

(i) Up to 9.9% of the aggregate voting securities of any Competitor that is a publicly traded Person; or

(ii) Up to 9.9% of the aggregate voting securities of any Competitor that is not a publicly traded Person, so long as neither such Key Individual nor any of its Permitted Transferees, directly or indirectly through one or more of their respective Affiliates, designates a member of the board of directors (or similar body) of such Competitor or its Affiliates or is granted any other governance rights with respect to such Competitor or its Affiliates (other than customary governance rights granted in connection with the ownership of debt securities).

For purposes of this Section 11.02(d), "**Competitor**" means any other Person engaged, directly or indirectly, in whole or in part, in the same or similar business as the Company, including those

engaged in the business of the cultivation, manufacture, and sale of cannabis in any jurisdiction where the Company conducts business.

ARTICLE XII
ACCOUNTING; TAX MATTERS

Section 12.01 Financial Statements. The Company shall furnish to each Member holding five percent (5%) or more of the Common Units (including Preferred Units on an as-converted to Common Units basis) of the Company (each, a "**Qualified Member**") the following reports:

(a) Annual Financial Statements. As soon as available, and in any event within one hundred twenty (120) days after the end of each Fiscal Year, audited consolidated balance sheets of the Company and Company Subsidiaries as at the end of each such Fiscal Year and audited consolidated statements of income, cash flows and Members' equity for such Fiscal Year, in each case setting forth in comparative form the figures for the previous Fiscal Year, accompanied by the certification of independent certified public accountants of recognized national standing selected by the Board, certifying to the effect that, except as set forth therein, such financial statements have been prepared in accordance with GAAP, applied on a basis consistent with prior years, and fairly present in all material respects the financial condition of the Company and Company Subsidiaries as of the dates thereof and the results of their operations and changes in their cash flows and Members' equity for the periods covered thereby.

(b) Quarterly Financial Reports. As soon as available, and in any event within forty-five (45) days after the end of each quarterly accounting period in each Fiscal Year (other than the last fiscal quarter of the Fiscal Year), unaudited financial summary reports of the Company and Company Subsidiaries.

Section 12.02 Inspection Rights. Upon reasonable notice from a Qualified Member, the Company shall, and shall cause its Managers, Officers and employees to, afford each Qualified Member and its Representatives reasonable access during normal business hours to (i) the Company's and the Company Subsidiaries' properties, offices, plants and other facilities, (ii) the corporate, financial and similar records, reports and documents of the Company and the Company Subsidiaries, including, without limitation, all books and records, minutes of proceedings, internal management documents, reports of operations, reports of adverse developments, copies of any management letters and communications with Members or Managers, and to permit each Qualified Member and its Representatives to examine such documents and make copies thereof, and (iii) the Company's and the Company Subsidiaries' Officers, senior employees and public accountants, and to afford each Qualified Member and its Representatives the opportunity to discuss and advise on the affairs, finances and accounts of the Company and the Company Subsidiaries with their Officers, senior employees and public accountants (and the Company hereby authorizes said accountants to discuss with such Qualified Member and its Representatives such affairs, finances and accounts).

Section 12.03 Annual Strategic Plan. Not later than thirty (30) days prior to the commencement of each Fiscal Year, the Company shall prepare, submit to and obtain the

approval of the Board of an annual strategic plan. The Company and the Subsidiaries shall use commercially reasonable efforts to operate in all material respects in accordance with such annual strategic plan.

Section 12.04 Income Tax Audits. For each year in which the Company is subject to the partnership audit regime under subchapter C to chapter 63 of the Code, as added by the Bipartisan Budget Act of 2015, and the Treasury Regulations and other guidance promulgated thereunder:

(a) The Company shall designate Abner Kurtin to serve as the "partnership representative" of the Company within the meaning of Code section 6223 (the "**Tax Representative**"). The Tax Representative shall have sole authority to act on behalf of the Company for purposes of subchapter C of chapter 63 of the Code and any comparable provisions of state or local income tax laws with respect to the taxable year(s) such Person was designated to serve in such capacity, until such Person resigns or is replaced by the Board in accordance with applicable IRS procedures. If the Tax Representative is an entity rather than an individual, the Tax Representative shall appoint an individual to serve as the "designated individual" to act on behalf of the Tax Representative for the Company. For purposes of this Section 12.04, unless otherwise specified, all references to provisions of chapter 63 of the Code shall be to such provisions as enacted by the Bipartisan Budget Act of 2015, as amended.

(b) The Person serving as the Tax Representative shall be automatically removed as Tax Representative upon the death, dissolution and/or winding up, legal incompetency or Bankruptcy of such Person, and the Person serving as the Tax Representative may be removed at any time by the Board. Upon such removal of the Tax Representative a successor to serve in such position shall be designated by the Board, and the removed Tax Representative shall not take any action for or on behalf of the Company without the prior written consent of the Board.

(c) The Company shall indemnify and hold harmless the Tax Representative in accordance with Article XIV as a result of any act or decision concerning Company tax matters and within the scope of such Person's responsibility as Tax Representative. All amounts indemnified may be advanced as incurred in accordance with Article XIV. The Tax Representative shall be entitled to rely on the advice of outside legal counsel and accountants as to the nature and scope of such Person's responsibilities and authority, and any act or omission of the Tax Representative pursuant to such advice in no event shall subject the Tax Representative to liability to the Company or any Member.

(d) If the Company qualifies to elect pursuant to Code section 6221(b) (or successor provision) to have federal income tax audits and other proceedings undertaken by each Member rather than by the Company, the Company shall make such election.

(e) Notwithstanding other provisions of this Agreement to the contrary, if any "partnership adjustment" (as defined in Code section 6241(2)) is determined with respect to the Company, the Tax Representative, upon the determination of the Board in its sole discretion, will cause the Company to elect pursuant to Code section 6226 to have any

such adjustment passed through to the Members and former Members for the taxable year to which the adjustment relates (i.e., the "reviewed year" within the meaning of Code section 6225(d)(1)). In the event that the Tax Representative has not caused the Company to so elect pursuant to Code section 6226, then any "imputed underpayment" (as determined in accordance with Code section 6225) or "partnership adjustment" that does not give rise to an "imputed underpayment" shall be apportioned among the Members and former Members of the Company in such manner as may be necessary (as determined by the Board in good faith) so that, to the maximum extent possible, the tax and economic consequences of the partnership adjustment and any associated interest and penalties are borne by the Members and former Members based upon their interests in the Company for the reviewed year.

(f) Each Member and former Member agrees that, upon request of the Tax Representative, such Member shall (i) take such actions as may be necessary or desirable (as determined by the Board) to allow the Company to comply with the provisions of Code section 6226 so that any "partnership adjustments" are taken into account by the Members rather than the Company or (ii) file amended tax returns with respect to any "reviewed year" (within the meaning of Code section 6225(d)(1)) to reduce the amount of any "partnership adjustment" otherwise required to be taken into account by the Company.

(g) If the Company is obligated to pay any amount of tax (i.e., an "imputed underpayment" as described herein), penalty, interest, or other charges determined under the Code for a reviewed year, as set forth in a notice of final partnership adjustment or as finally determined upon any appeal or judicial proceeding (a "Company Level Tax"), each Member or former Member to which the assessment or payment relates (an "Indemnifying Member") shall indemnify the Company for, and pay to the Company, the Indemnifying Member's allocable share of the Company Level Tax. Each Indemnifying Member's allocable share of the Company Level Tax shall be determined in good faith by the Board in reliance upon, to the extent necessary, the advice of counsel or accountants. Promptly upon notification by the Board of the Indemnifying Member's obligation to indemnify the Company, an Indemnifying Member shall make a payment to the Company of immediately available funds, at the time and in the amount and manner directed by the Board. Amounts paid to the Company under this Section 12.04(g) by an Indemnifying Member who is not a Member of the Company at the time such payment is made shall not be treated as a Capital Contribution.

(h) Each Member and former Member agrees that such Member shall not treat any Company item inconsistently on such Member's federal, state, foreign, or other income tax return with the treatment of the item on the Company's return. Any deficiency for taxes imposed on any Member or former Member (including penalties, additions to tax or interest imposed with respect to such taxes, and any taxes imposed pursuant to Code section 6226, as amended) shall be paid by such Member, and if paid by the Company will be recoverable from such Member.

(i) The obligations of each Member or former Member under this Section 12.04 shall survive any actual or attempted Transfer, withdrawal or abandonment by such Member of its Transferable Membership Interest and the termination of this Agreement or the dissolution of the Company.

Section 12.05 Tax Returns; Tax Elections; Tax Matters.

(a) At the expense of the Company, the Board (or any Officer that it may designate pursuant to Section 8.10) shall endeavor to cause the preparation and timely filing (including extensions) of all tax returns required to be filed by the Company pursuant to the Code as well as all other required tax returns in each jurisdiction in which the Company and the Company Subsidiaries own property or do business. As soon as reasonably possible after the end of each Fiscal Year that ends prior to the Corporate Election Effective Date, the Board or designated Officer will cause to be delivered to each Person who was a Member at any time during such Fiscal Year, IRS Schedule K-1 to Form 1065 and such other information with respect to the Company as may be necessary for the preparation of such Person's federal, state and local income tax returns for such Fiscal Year.

(b) The Board shall make any and all elections for federal, state, local, or foreign tax purposes including without limitation any election, if permitted by Applicable Law: (i) to adjust the basis of property pursuant to Code sections 734(b), 743(b) and 754, or comparable provisions of state, local or foreign law, in connection with Transfers of Units and Company distributions; (ii) to extend the statute of limitations for assessment of tax deficiencies against the Members with respect to adjustments to the Company's federal, state, local or foreign tax returns; and (iii) to make all decisions on behalf of the Company and the Members and to direct the activities of the Tax Representative before taxing authorities or courts of competent jurisdiction in tax matters affecting the Company or the Members in their capacities as Members, and to direct the filing of any tax returns and to cause the execution of any agreements or other documents relating to or affecting such tax matters, including agreements or other documents that bind the Members with respect to such tax matters or otherwise affect the rights of the Company and the Members.

(c) The Company shall file a valid election under Treasury Regulation Section 301.7701-3(c) to be treated for federal income tax purposes as an association taxable as a corporation and shall be so treated on and after the Corporate Election Effective Date; the Company shall comply with all filing requirements relating thereto, including any comparable election, form or document required by any state or local tax law for the Company to be classified as an association taxable as a corporation under such state or local tax law.

(d) For all taxable years and other periods of the Company that begin on or after the Corporate Election Effective Date, each provision of this Agreement that refers to the Company as a partnership for applicable income tax purposes, or that otherwise relates to matters of partnership income taxation (including income tax reporting and procedure), shall not apply with respect to the Company or any Member during such

taxable year or other period. For the avoidance of doubt, this Section 12.05(d) shall apply to Section 5.03, ARTICLE VI, Section 7.03, Section 7.04(c), Section 7.04(d), Section 7.04(f), Section 10.01(c), Section 12.04 and this Section 12.05.

Section 12.06 Company Funds. All funds of the Company shall be deposited in its name, or in such name as may be designated by the Board, in such checking, savings or other accounts, or held in its name in the form of such other investments as shall be designated by the Board. The funds of the Company shall not be commingled with the funds of any other Person. All withdrawals of such deposits or liquidations of such investments by the Company shall be made exclusively upon the signature or signatures of such Officer or Officers as the Board may designate.

ARTICLE XIII
DISSOLUTION AND LIQUIDATION

Section 13.01 Events of Dissolution. The Company shall be dissolved and is affairs wound up only upon the occurrence of any of the following events:

(a) The determination of the Board to dissolve the Company pursuant to this Agreement;

(b) An election to dissolve the Company made by holders of two thirds of the Voting Units;

(c) The sale, exchange, involuntary conversion, or other disposition or Transfer of all or substantially all the assets of the Company; or

(d) The entry of a decree of judicial dissolution.

Section 13.02 Effectiveness of Dissolution. Dissolution of the Company shall be effective on the day on which the event described in Section 13.01 occurs, but the Company shall not terminate until the winding up of the Company has been completed, the assets of the Company have been distributed as provided in Section 13.03 and the Certificate of Formation shall have been cancelled as provided in Section 13.04.

Section 13.03 Liquidation. If the Company is dissolved pursuant to Section 13.01, the Company shall be liquidated and its business and affairs wound up in accordance with the following provisions:

(a) Liquidator. The Board, or, if the Board is unable to do so, a Person selected by the holders of a majority of the Common Units and a majority of the Preferred Units, shall act as liquidator to wind up the Company (the "**Liquidator**"). The Liquidator shall have full power and authority to sell, assign, and encumber any or all of the Company's assets and to wind up and liquidate the affairs of the Company in an orderly and business- like manner.

(b) Accounting. As promptly as possible after dissolution and again after final liquidation, the Liquidator shall cause a proper accounting to be made by a recognized firm of certified public accountants of the Company's assets, liabilities and operations

through the last day of the calendar month in which the dissolution occurs or the final liquidation is completed, as applicable.

(c) Distribution of Proceeds. The Liquidator shall liquidate the assets of the Company and Distribute the proceeds of such liquidation in the following order of priority, unless otherwise required by mandatory provisions of Applicable Law:

(i) First, to the payment of all of the Company's debts and liabilities to its creditors (including Members, if applicable) and the expenses of liquidation (including sales commissions incident to any sales of assets of the Company);

(ii) Second, to the establishment of and additions to reserves that are determined by the Board in its sole discretion to be reasonably necessary for any contingent unforeseen liabilities or obligations of the Company; and

(iii) Third, to the Members in the same manner as Distributions are made under Section 7.02.

(d) Discretion of Liquidator. Notwithstanding the provisions of Section 13.03(c) that require the liquidation of the assets of the Company, but subject to the order of priorities set forth in Section 13.03(c), if upon dissolution of the Company the Liquidator determines that an immediate sale of part or all of the Company's assets would be impractical or could cause undue loss to the Members, the Liquidator may defer the liquidation of any assets except those necessary to satisfy Company liabilities and reserves, and may, in its absolute discretion, Distribute to the Members, in lieu of cash, as tenants in common and in accordance with the provisions of Section 13.03(c), undivided interests in such Company assets as the Liquidator deems not suitable for liquidation. Any such Distribution in kind will be subject to such conditions relating to the disposition and management of such properties as the Liquidator deems reasonable and equitable and to any agreements governing the operating of such properties at such time. For purposes of any such Distribution, any property to be Distributed will be valued at its Fair Market Value.

Section 13.04 Cancellation of Certificate. Upon completion of the Distribution of the assets of the Company as provided in Section 13.03(c) hereof, the Company shall be terminated and the Liquidator shall cause the cancellation of the Certificate of Formation in the State of Delaware and of all qualifications and registrations of the Company as a foreign limited liability company in jurisdictions other than the State of Delaware and shall take such other actions as may be necessary to terminate the Company.

Section 13.05 Survival of Rights, Duties and Obligations. Dissolution, liquidation, winding up or termination of the Company for any reason shall not release any party from any Loss which at the time of such dissolution, liquidation, winding up or termination already had accrued to any other party or which thereafter may accrue in respect of any act or omission prior to such dissolution, liquidation, winding up or termination. For the avoidance of doubt, none of the foregoing shall replace, diminish or otherwise adversely affect any Member's right to indemnification pursuant to Section 14.03.

Section 13.06 Resource for Claims. Each Member shall look solely to the assets of the Company for all Distributions with respect to the Company, such Member's Capital Account, and such Member's share of Net Income, Net Loss and other items of income, gain, loss and deduction, and shall have no recourse therefor (upon dissolution or otherwise) against the Board, the Liquidator or any other Member.

ARTICLE XIV
EXCULPATION AND INDEMNIFICATION

Section 14.01 Exculpation of Covered Persons.

(a) Covered Persons. As used herein, the term "**Covered Person**" shall mean (i) each Member, (ii) each officer, director, shareholder, partner, member, controlling Affiliate, employee, agent or representative of each Member, and each of their controlling Affiliates, and (iii) each Manager, Officer, employee, agent or representative of the Company.

(b) Standard of Care. No Covered Person shall be liable to the Company or any other Covered Person for any loss, damage or claim incurred by reason of any action taken or omitted to be taken by such Covered Person in good-faith reliance on the provisions of this Agreement, so long as such action or omission does not constitute fraud or willful misconduct by such Covered Person.

(c) Good Faith Reliance. A Covered Person shall be fully protected in relying in good faith upon the records of the Company and upon such information, opinions, reports or statements (including financial statements and information, opinion or reports) of the following Persons or groups: (i) another Manager; (ii) one or more Officers or employees of the Company; (iii) any attorney, independent accountant, appraiser or other expert or professional employed or engaged by or on behalf of the Company; or (iv) any other Person selected in good faith by or on behalf of the Company, in each case as to matters that such relying Person reasonably believes to be within such other Person's professional or expert competence.

Section 14.02 Liabilities and Duties of Covered Persons.

(a) Limitation of Liability. This Agreement is not intended to limit the fiduciary duties of the Managers or the Managing Member. Notwithstanding the foregoing, this Agreement is not intended to, and does not, create or impose any fiduciary duty on any Waiving Member. Furthermore, each Waiving Member hereby waives, with regards only to all other Waiving Members, any and all fiduciary duties that, absent such waiver, may be implied by Applicable Law as applying to such other Waiving Member, and in doing so, acknowledges and agrees that the duties and obligation of each Waiving Member to each other and to the Company are only as expressly set forth in this Agreement. The provisions of this Agreement, to the extent that they restrict the duties and liabilities of a Waiving Member otherwise existing at law or in equity, are agreed by the Members to replace such other duties and liabilities of such Waiving Member.

(b) Duties. Whenever in this Agreement a Covered Person is permitted or required to make a decision (including a decision that is in such Covered Person's "discretion" or under a grant of similar authority or latitude), the Covered Person shall be entitled to consider only such interests and factors as such Covered Person desires, including its own interests, and shall have no duty or obligation to give any consideration to any interest of or factors affecting the Company or any other Person. Whenever in this Agreement a Covered Person is permitted or required to make a decision in such Covered Person's "good faith," the Covered Person shall act under such express standard and shall not be subject to any other or different standard imposed by this Agreement or any other Applicable Law.

Section 14.03 Indemnification.

(a) Indemnification. As the same now exists or may hereafter be amended, substituted or replaced the Company shall indemnify, hold harmless, defend, pay and reimburse any Covered Person against any and all losses, claims, damages, judgments, fines or liabilities, including reasonable legal fees or other expenses incurred in investigating or defending against such losses, claims, damages, judgments, fines or liabilities, and any amounts expended in settlement of any claims (collectively, "**Losses**") to which such Covered Person may become subject by reason of:

(i) Any act or omission or alleged act or omission performed or omitted to be performed on behalf of the Company, any Member or any direct or indirect Subsidiary of the foregoing in connection with the business of the Company; or

(ii) The fact that such Covered Person is or was acting in connection with the business of the Company as a partner, member, stockholder, controlling Affiliate, manager, director, officer, employee or agent of the Company, any Member, or any of their respective controlling Affiliates, or that such Covered Person is or was serving at the request of the Company as a partner, member, manager, director, officer, employee or agent of any Person including the Company or any Company Subsidiary;

provided, that (x) such Covered Person acted in good faith and in a manner believed by such Covered Person to be in, or not opposed to, the best interests of the Company and, with respect to any criminal proceeding, had no reasonable cause to believe his conduct was unlawful, and (y) such Covered Person's conduct did not constitute fraud or willful misconduct, in either case as determined by a final, nonappealable order of a court of competent jurisdiction. In connection with the foregoing, the termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the Covered Person did not act in good faith or, with respect to any criminal proceeding, had reasonable cause to believe that such Covered Person's conduct was unlawful, or that the Covered Person's conduct constituted fraud or willful misconduct.

(b) Reimbursement. The Company shall promptly reimburse (and/or advance to the extent reasonably required) each Covered Person for reasonable legal or other expenses (as incurred) of such Covered Person in connection with investigating, preparing to defend or defending any claim, lawsuit or other proceeding relating to any Losses for which such Covered Person may be indemnified pursuant to this Section 14.03; provided, that if it is finally judicially determined that such Covered Person is not entitled to the indemnification provided by this Section 14.03, then such Covered Person shall promptly reimburse the Company for any reimbursed or advanced expenses.

(c) Entitlement to Indemnity. The indemnification provided by this Section 14.03 shall not be deemed exclusive of any other rights to indemnification to which those seeking indemnification may be entitled under any agreement or otherwise. The provisions of this Section 14.03 shall continue to afford protection to each Covered Person regardless of whether such Covered Person remains in the position or capacity pursuant to which such Covered Person became entitled to indemnification under this Section 14.03 and shall inure to the benefit of the executors, administrators, legatees and distributees of such Covered Person.

(d) Insurance. To the extent available on commercially reasonable terms, the Company may purchase, at its expense, insurance to cover Losses covered by the foregoing indemnification provisions and to otherwise cover Losses for any breach or alleged breach by any Covered Person of such Covered Person's duties in such amount and with such deductibles as the Board may determine; provided, that the failure to obtain such insurance shall not affect the right to indemnification of any Covered Person under the indemnification provisions contained herein, including the right to be reimbursed or advanced expenses or otherwise indemnified for Losses hereunder. If any Covered Person recovers any amounts in respect of any Losses from any insurance coverage, then such Covered Person shall, to the extent that such recovery is duplicative, reimburse the Company for any amounts previously paid to such Covered Person by the Company in respect of such Losses.

(e) Funding of Indemnification Obligation. Notwithstanding anything contained herein to the contrary, any indemnity by the Company relating to the matters covered in this Section 14.03 shall be provided out of and to the extent of Company assets only, and no Member (unless such Member otherwise agrees in writing) shall have personal liability on account thereof or shall be required to make additional Capital Contributions to help satisfy such indemnity by the Company.

(f) Savings Clause. If this Section 14.03 or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the Company shall nevertheless indemnify and hold harmless each Covered Person pursuant to this Section 14.03 to the fullest extent permitted by any applicable portion of this Section 14.03 that shall not have been invalidated and to the fullest extent permitted by Applicable Law.

(g) Amendment. The provisions of this Section 14.03 shall be a contract between the Company, on the one hand, and each Covered Person who served in such capacity at any time while this Section 14.03 is in effect, on the other hand, pursuant to which the Company and each such Covered Person intend to be legally bound. No amendment, modification or repeal of this Section 14.03 that adversely affects the rights of a Covered Person to indemnification for Losses

incurred or relating to a state of facts existing prior to such amendment, modification or repeal shall apply in such a way as to eliminate or reduce such Covered Person's entitlement to indemnification for such Losses without the Covered Person's prior written consent.

(h) Survival. The provisions of this Article XIV shall survive the dissolution, liquidation, winding up and termination of the Company.

Section 15.04 Headings. The headings in this Agreement are inserted for convenience or reference only and are in no way intended to describe, interpret, define, or limit the scope, extent or intent of this Agreement or any provision of this Agreement.

Section 15.05 Severability. If any term or provision of this Agreement is held to be invalid, illegal or unenforceable under Applicable Law in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other term or provision of this Agreement or

invalidate or render unenforceable such term or provision in any other jurisdiction. Subject to Section 11.02(c), upon such determination that any term or other provision is invalid, illegal or unenforceable, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.

Section 15.06 Entire Agreement.

(a) This Agreement, together with the Certificate of Formation, any Incentive Plan, each Award Agreement and all related Exhibits and Schedules, constitutes the sole and entire agreement of the parties to this Agreement with respect to the subject matter contained herein and therein, and supersedes all prior and contemporaneous understandings, agreements, representations and warranties, both written and oral, with respect to such subject matter, including the Prior Agreement.

(b) In the event of an inconsistency or conflict between the provisions of this Agreement and any provision of any Incentive Plan or an applicable Award Agreement with respect to the subject matter of such Incentive Plan or Award Agreement, the Board shall resolve such conflict in its sole discretion.

Section 15.07 Successors and Assigns. Subject to the restrictions on Transfers set forth herein, this Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, executors, administrators, successors and assigns.

Section 15.08 No Third-party Beneficiaries. Except as provided in Article XIV which shall be for the benefit of and enforceable by Covered Persons as described therein, this Agreement is for the sole benefit of the parties hereto (and their respective heirs, executors, administrators, successors and assigns) and nothing herein, express or implied, is intended to or shall confer upon any other Person, including any creditor of the Company, any legal or equitable right, benefit or remedy of any nature whatsoever under or by reason of this Agreement.

Section 15.09 Amendment. No provision of this Agreement nor the Company's Certificate of Formation may be amended, modified or waived except by an instrument in writing executed by (a) the Company pursuant to a vote of the Requisite Managers and Members holding a majority of the Common Units and Preferred Units (on an as-converted to Common Units basis), voting as a single class, (b) if any such amendment adversely affects the rights or privileges of any particular Member and does not affect all other similarly situated Members in substantially the same manner, any such Member, and (c) if any such amendment adversely affects the rights or privileges of any particular class of Units and does not affect all other classes of Units in substantially the same manner, Members holding a majority of any such class of Units. Any such written amendment or modification will be binding upon the Company and each Member. Notwithstanding the foregoing, amendments to the Members Schedule following any new issuance, redemption, repurchase or Transfer of Units in accordance with this Agreement may be made by the Board without the consent of or execution by the Members.

Section 15.10 Waiver. No waiver by any party of any of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the applicable parties set forth in Section 15.09. No waiver by any party shall operate or be construed as a waiver in respect of any failure, breach or default not expressly identified by such written waiver, whether of a similar or different character, and whether occurring before or after that waiver. No failure to exercise, or delay in exercising, any right, remedy, power or privilege arising from this Agreement shall operate or be construed as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. For the avoidance of doubt, nothing contained in this Section 15.10 shall diminish any of the explicit and implicit waivers described in this Agreement, including in, Section 8.04(c), Section 9.01(d), Section 10.04(b)(ii), and Section 15.13 hereof. Notwithstanding the foregoing, the observance of any term hereof may not be waived with respect to any Member without the written consent of such Member, unless such amendment, modification, termination, or waiver applies to all Members in the same fashion (it being agreed that a waiver of the provisions of ARTICLE IX with respect to a particular transaction shall be deemed to apply to all Members in the same fashion if such waiver does so by its terms, notwithstanding the fact that certain Members may nonetheless, by agreement with the Company, purchase New Securities in such transaction).

Section 15.11 Governing Law. All issues and questions concerning the application, construction, validity, interpretation and enforcement of this Agreement shall be governed by and construed in accordance with the internal laws of the State of Delaware, without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of laws of any jurisdiction other than those of the State of Delaware.

Section 15.12 Submission to Jurisdiction. The parties hereby agree that any suit, action or proceeding seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement or the transactions contemplated hereby, whether in contract, tort or otherwise, shall be brought in the Court of Chancery of the State of Delaware (or, if such court lacks subject matter jurisdiction, in the Superior Court of the State of Delaware), so long as one of such courts shall have subject-matter jurisdiction over such suit, action or proceeding, and that any case of action arising out of this Agreement shall be deemed to have arisen from a transaction of business in the State of Delaware. Each of the parties hereby irrevocably consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such suit, action or proceeding in any such court or that any such suit, action or proceeding which is brought in any such court has been brought in an inconvenient form. Service of process, summons, notice or other document by registered mail to the address set forth in Section 15.03 shall be effective service of process for any suit, action or other proceeding brought in any such court.

Section 15.13 WAIVER OF JURY TRIAL. EACH PARTY HERETO HEREBY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES AND, THEREFORE, EACH SUCH PARTY IRREVOCABLY AND

UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL ACTION ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 15.14 Equitable Remedies. Each party hereto acknowledges that a breach or threatened breach by such party of any of its obligations under this Agreement would give rise to irreparable harm to the other parties, for which monetary damages would not be an adequate remedy, and hereby agrees that in the event of a breach or a threatened breach by such party of any such obligations, each of the other parties hereto shall, in addition to any and all other rights and remedies that may be available to them in respect of such breach, be entitled to equitable relief, including a temporary restraining order, an injunction, specific performance and any other relief that may be available from a court of competent jurisdiction (without any requirement to post bond).

Section 15.15 Attorneys' Fees. In the event that any party hereto institutes any legal suit, action or proceeding, including arbitration, against another party in respect of a matter arising out of or relating to this Agreement, the prevailing party in the suit, action or proceeding shall be entitled to receive, in addition to all other damages to which it may be entitled, the costs incurred by such party in conducting the suit, action or proceeding, including reasonable attorneys' fees and expenses and court costs.

Section 15.16 Remedies Cumulative. The rights and remedies under this Agreement are cumulative and are in addition to and not in substitution for any other rights and remedies available at law or in equity or otherwise, except to the extent expressly provided in Section 14.02 to the contrary.

Section 15.17 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, e-mail or other means of Electronic Transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

Section 15.18 Conversion to Corporation. The Members may cause the Company to convert to corporate form under applicable state law. If conversion occurs in connection with an Initial Public Offering, each Member agrees to lock-up restrictions substantially similar to those set forth in Section 15.19(d).

Section 15.19 Initial Public Offering.

(a) Initial Public Offering. If at any time the Board desires to cause (i) a Transfer of all or a substantial portion of (x) the assets of the Company or (y) the Units to a newly organized corporation or other business entity (an "**IPO Entity**"), (ii) a merger or consolidation of the Company into or with an IPO Entity, or (iii) another restructuring of all or substantially all the assets or Units of the Company into an IPO Entity (any such corporation also herein referred to as an "IPO Entity"), in any such case in anticipation of or otherwise in connection with an Initial Public Offering of securities of an IPO Entity or its Affiliate (an "**Initial Public Offering**"), each Member shall take such steps to effect

such Transfer, merger, consolidation, conversion or other restructuring as may be reasonably requested by the Board, including, without limitation, executing and delivering all agreements, instruments and documents as may be reasonably required and Transferring or tendering such Member's Units to an IPO Entity in exchange for or as consideration for shares of capital stock or other equity interests of the IPO Entity, determined in accordance with Section 15.19(b).

(b) Conversion of Units.

(i) In connection with a transaction described in Section 15.19(a) all outstanding Units shall convert into a single class of equity of the IPO Entity (the "**IPO Entity Securities**") as follows:

(1) Each Common Unit shall convert into one (1) IPO Entity Security;

(2) Each Series Seed Preferred Unit and Series Seed+ Preferred Unit shall convert into one (1) IPO Entity Security;

(3) Each Real Estate Preferred Unit shall convert into a number of IPO Entity Securities equal to (x) one (1) plus (y) (A) the original purchase price of such Real Estate Preferred Unit multiplied by 1.5, *divided by* (B) the price at which IPO Entity Securities are sold to the public generally in the Initial Public Offering.

(ii) Notwithstanding anything to the contrary contained herein, any Common Units subject to vesting pursuant to an Award Agreement shall continue to be subject to the same vesting schedule following conversion to IPO Entity Securities in accordance with this Section 15.19(b).

(c) Appointment of Proxy. Each Member hereby makes, constitutes and appoints the Company, with full power of substitution and resubstitution, its true and lawful attorney, for it and in its name, place and stead and for its use and benefit, to act as its proxy in respect of any vote or approval of Members required to give effect to this Section 15.19. The proxy granted pursuant to this Section 15.19(c) is a special proxy coupled with an interest and is irrevocable.

(d) Lock-up Agreement. Each Member hereby agrees that in connection with an Initial Public Offering, and upon the request of the managing underwriter in such offering, such Member shall not, without the prior written consent of such managing underwriter, during the period commencing on 90 days prior to the effective date of such registration and ending on the date specified by such managing underwriter (such period not to exceed 180 days in the case of an Initial Public Offering), (i) offer, pledge, sell, contract to sell, grant any option or contract to purchase, purchase any option or contract to sell, hedge the beneficial ownership of or otherwise dispose of, directly or indirectly, any Units or Unit Equivalents (including any equity securities of the IPO Entity) held immediately before the effectiveness of the registration statement for such offering, or (ii) enter into any swap or other arrangement that transfers to another, in whole or in part, any

of the economic consequences of ownership of such securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of Units or Unit Equivalents (including equity securities of the IPO Entity) or such other securities, in cash or otherwise. The foregoing provisions of this Section 15.19(d) shall not apply to sales of securities to be included in such Initial Public Offering or other offering if otherwise permitted. Each Member agrees to execute and deliver such other agreements as may be reasonably requested by the Company or the managing underwriter which are consistent with the foregoing or which are necessary to give further effect thereto.

Section 15.20 Sale of Units. In the event that a sale of substantially all of the Company is structured as a direct or indirect sale of Units by the Members, rather than a transaction giving rise to a distribution of proceeds by the Company, the purchase agreement governing such sale will have provisions therein which replicate, to the greatest extent possible, at least the economic result that would have been attained under Section 13.03 had the sale been structured as a sale of the Company's assets and a distribution of proceeds thereof (or modifications will be made to this Agreement, as determined in the reasonable discretion of the Board, to accomplish this result).

(a) The Plan and all Awards granted hereunder will be interpreted to the greatest extent possible in a manner that makes the Plan and such Awards exempt from Section 409A of the Code and the rules, regulations and other guidance promulgated thereunder (collectively, "Section 409A"), or, to the extent not so exempt, in compliance with Section 409A. Accordingly, this Plan and all Awards shall be read and interpreted to the extent necessary to be exempt from or comply with Section 409A. or other expenses that may be incurred by a Grantee on account of non-compliance with Section 409A. The Committee may also amend the Plan and/or any Award Agreement without the Grantee's consent to the extent necessary to (i) comply with Section 409A; or (ii) ensure that the Incentive Units granted under the Plan are treated as profits interests for all United States federal income tax purposes.

(b) Notwithstanding any other provision of this Plan or an applicable Award, if a Grantee is a "specified employee" within the meaning of Code Section 409A(a)(2)(B)(i) at the time of the Grantee's termination of employment, then any payments and benefits provided under this Plan or the applicable Award that constitute a "nonqualified deferred compensation plan" subject to Section 409A that are paid or provided to the Grantee on account of his or her separation from service shall not be paid or provided until after the six-month anniversary of the Grantee's termination date or, if earlier, the date of death of the Grantee, and any amounts so deferred will be paid in a lump sum on the day after such six-month period elapses, with the balance paid thereafter on the original schedule.

9.2 No Right to Awards. No Grantee shall have any claim to be granted any Award. There is no obligation for uniformity of treatment of Grantees or holders or beneficiaries of Awards and the terms and conditions of Awards need not be the same with respect to each Grantee or holder or beneficiary.

9.3 No Effect on Retirement and Other Benefit Plans. Except as specifically provided in a retirement or other benefit plan of the Company or a Company Subsidiary, Awards granted hereunder shall not be deemed "compensation" for purposes of computing benefits or contributions under any retirement plan of the Company or a Company Subsidiary. The Plan is unfunded, is not intended to provide retirement benefits, and is not intended to be a plan that is subject to the Employee Retirement Income Security Act of 1974, as amended ("**ERISA**") and shall be interpreted accordingly.

9.4 Compliance with Law. The obligations of the Company with respect to payments under the Plan are subject to compliance with all applicable laws and regulations.

9.5 Effective Date; Term of Plan. The Plan shall become effective on the Effective Date. This Plan will remain in effect until it is revised or terminated by further action of the Board.

9.6 Termination and Amendment. The Committee may at any time amend or modify this Plan in whole or in part. However, no amendment or termination of the Plan may impair the right of a Grantee with respect to an Award previously granted under the Plan without such Grantee's consent. Notwithstanding the foregoing, the Grantee's consent shall not be required if the Committee determines in its sole discretion that such an amendment or modification or termination is required or advisable for the Company, the Plan or the Award to satisfy any applicable law or regulation, stock exchange rule, over-the-counter market rule or to meet the requirements of any intended accounting treatment.

9.7 Applicable Law. The laws of the State of Delaware shall govern all questions concerning the construction, validity and interpretation of the Plan, without regard to such state's conflict of law rules.

9.8 Severability. If any provision of the Plan shall for any reason be held to be invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision hereof, and the Plan shall be construed as if such invalid or unenforceable provision were omitted.

9.9 Headings. The headings of sections herein are included solely for convenience and shall not affect the meaning of any of the provisions of the Plan.

ASCEND WELLNESS HOLDINGS, LLC

2020 Equity Incentive Plan

1. Purpose.

The purpose of this plan (the "Plan") is to secure for Ascend Wellness Holdings, LLC, a Delaware limited liability company (the "Company") and its members the benefits arising from unit ownership by employees, officers and managers of, and consultants or advisors to, the Company and its parent and subsidiary corporations who are expected to contribute to the Company's future growth and success. Under the Plan recipients may be awarded both (i) Common Unit Options (as defined in Section 2.1) to purchase the Company's common units ("Common Units") and (ii) units of Common Units ("Restricted Units Awards"). Except where the context otherwise requires, the term "Company" shall include any parent and all present and future subsidiaries of the Company as defined in Sections 424(e) and 424(f) of the Internal Revenue Code of 1986, as amended or replaced from time to time (the "Code"). Those provisions of the Plan which make express reference to Section 422 of the Code shall apply only to Incentive Common Unit Options (as that term is defined below). Appendix A to this Plan shall apply only to participants in the Plan who are residents of the State of California.

2. Types of Awards and Administration.

2.1 **Common Unit Options.** Options granted pursuant to the Plan ("Common Unit Options") shall be authorized by action of the Board of Managers of Ascend Wellness Holdings, LLC (the "Board" or "Board of Managers") and may be either incentive common unit options ("Incentive Common Unit Options") meeting the requirements of Section 422 of the Code or non-statutory Options which are not intended to meet the requirements of Section 422. All Options when granted are intended to be non-statutory Options, unless the applicable Option Agreement (as defined in Section 5.1) explicitly states that the Option is intended to be an Incentive Common Unit Option. The vesting of Options may be conditioned upon the completion of a specified period of employment with the Company and/or such other conditions or events as the Board may determine. The Board may also provide that Options are immediately exercisable subject to certain repurchase rights in the Company dependent upon the continued employment of the optionee and/or such other conditions or events as the Board may determine.

2.1.1 **Incentive Common Unit Options.** Incentive Common Unit Options may only be granted to employees of the Company. For so long as the Code shall so provide, Common Unit Options granted to any employee under the Plan (and any other incentive common unit option plans of the Company) which are intended to constitute Incentive Common Unit Options shall not constitute Incentive Common Unit Options to the extent that such Options, in the aggregate, become exercisable for the first time in any one calendar year for Common Units with an aggregate fair market value (determined as of the respective date or dates of grant) of more than $100,000. If an Option is intended to be an Incentive Common Unit Option, and if for any reason such Option (or any portion thereof) shall not qualify as an Incentive Common Unit Option, then, to the extent of such nonqualification, such Option (or

portion thereof) shall be regarded as a non-statutory Option appropriately granted under the Plan provided that such Option (or portion thereof) otherwise meets the Plan's requirements relating to non-statutory Options.

2.2 **Restricted Units Awards.** The Board in its discretion may grant Restricted Units Awards, entitling the recipient to acquire, for a purchase price determined by the Board, Common Units subject to such restrictions and conditions as the Board may determine at the time of grant ("Restricted Units"), including continued employment and/or achievement of pre-established performance goals and objectives.

2.3 **Administration.** The Plan shall be administered by the Board, whose construction and interpretation of the terms and provisions of the Plan shall be final and conclusive. The Board may in its sole discretion authorize issuance of Restricted Units, the grant of Options and the issuance of units upon exercise of such Options as provided in the Plan. The Board shall have authority, subject to the express provisions of the Plan, to construe Restricted Units Agreements, Option Agreements and the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan, to determine the terms and provisions of Restricted Units Agreements and Option Agreements, and to make all other determinations in the judgment of the Board necessary or desirable for the administration of the Plan. The Board may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Restricted Units Agreement or Option Agreement in the manner and to the extent it shall deem expedient to carry the Plan into effect and it shall be the sole and final judge of such expediency. No manager or person acting pursuant to authority delegated by the Board shall be liable for any action or determination under the Plan made in good faith. The Board may, to the full extent permitted by or consistent with applicable laws or regulations, delegate any or all of its powers under the Plan to a committee (the "Committee") appointed by the Board, and if the Committee is so appointed, to the extent of such delegation, all references to the Board in the Plan shall mean and relate to such Committee, other than references to the Board in this sentence and in Section 18 (as to amendment or termination of the Plan) and Section 22.

3. Eligibility.

Options may be granted, and Restricted Units may be issued, to persons who are, at the time of such grant or issuance, employees, officers or managers of, or consultants or advisors to, the Company; *provided*, that the class of persons to whom Incentive Common Unit Options may be granted shall be limited to employees of the Company.

3.1 **10% Member**. If any employee to whom an Incentive Common Unit Option is to be granted is, at the time of the grant of such Option, the owner of units possessing more than 10% of the total combined voting power of all classes of units of the Company (after taking into account the attribution of stock ownership rules of Section 424(d) of the Code) (a "Greater Than 10% Member"), any Incentive Common Unit Option granted to such individual must: (i) have an exercise price per unit of not less than 110% of the fair market value of one Common Unit at the time of grant; and (ii) expire by its terms not more than five years from the date of grant.

4. Units Subject to Plan.

Subject to adjustment as provided in Section 14.2 below, the maximum number of Common Units which may be issued under the Plan is 20,061,147 units, all of which may be issued with respect to Incentive Common Unit Options. If an Option shall expire or terminate for any reason without having been exercised in full, the unpurchased units subject to such Option shall again be available for subsequent Option grants or Restricted Units Awards under the Plan. If units of Restricted Units shall be forfeited to, or otherwise repurchased by, the Company pursuant to a Restricted Units Agreement, such repurchased units shall again be available for subsequent Option grants or Restricted Units Awards under the Plan. If units otherwise issuable upon exercise of an Option are withheld by the Company in payment of the exercise price of an Option or to satisfy tax withholding obligations with respect to such exercise, such withheld units shall again be available for subsequent Option grants or Restricted Units Awards under the Plan.

5. Forms of Restricted Units Agreements and Option Agreements.

5.1 **Option Agreement.** Each recipient of an Option shall execute an option agreement ("Option Agreement") in such form not inconsistent with the Plan as may be approved by the Board of Managers. Such Option Agreements may differ among recipients.

5.2 **Restricted Units Agreement.** Each recipient of a grant of Restricted Units shall execute an agreement ("Restricted Units Agreement") in such form not inconsistent with the Plan as may be approved by the Board of Managers. Such Restricted Units Agreements may differ among recipients.

5.3 **"Lock-Up" Agreement.** Unless the Board specifies otherwise, each Restricted Units Agreement and Option Agreement shall provide that upon the request of the Company or the managing underwriter(s) of any offering of securities of the Company that is the subject of a registration statement filed under the United States Securities Act of 1933, as amended from time to time (the "Act"), the holder of any Option or the purchaser of any Restricted Units shall, in connection therewith, agree in writing (in such form as the Company or such managing underwriter(s) shall request) to the general effect that for a period of time (not to exceed 180 days) from the effective date of the registration statement under the Act for such offering, the holder or purchaser will not sell, make any short sale of, loan, grant any option for the purchase of, or otherwise dispose of any Common Units of the Company owned or controlled by him or her.

6. Purchase Price.

6.1 **General.** The purchase price per unit of Restricted Units and per unit of Common Units deliverable upon the exercise of an Option shall be determined by the Board, provided, however, that in the case of any Option, the exercise price shall not be less than 100% of the fair market value of such Common Units, as determined by the Board, at the time of grant of such Option, or less than 110% of such fair market value in the case of any Incentive Common Unit Option granted to a Greater Than 10% Member.

6.2 **Payment of Purchase Price.** Option Agreements may provide for the payment of the exercise price by delivery of cash or a check to the order of the Company in an amount equal to the exercise price of such Options, or, to the extent provided in the applicable Option Agreement, by one of the following methods:

(i) with the consent of the Board, by delivery to the Company of Common Units; such surrendered units shall have a fair market value equal in amount to the exercise price of the Options being exercised,

(ii) with the consent of the Board, a personal recourse note issued by the optionee to the Company in a principal amount equal to such aggregate exercise price and with such other terms, including interest rate and maturity, as the Company may determine in its discretion; provided, however, that the interest rate borne by such note shall not be less than the lowest applicable federal rate, as defined in Section 1274(d) of the Code,

(iii) with the consent of the Board, if the class of Common Units is registered under the Securities Exchange Act of 1934 at such time, subject to rules as may be established by the Board, by delivery to the Company of a properly executed exercise notice along with irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company for the purchase price,

(iv) with the consent of the Board, by reducing the number of Option units otherwise issuable to the optionee upon exercise of the Option by a number of Common Units having a fair market value equal to such aggregate exercise price,

(v) with the consent of the Board, by any combination of such methods of payment.

The fair market value of any Common Units or other non-cash consideration which may be delivered upon exercise of an Option shall be determined by the Board of Managers. Restricted Units Agreements may provide for the payment of any purchase price in any manner approved by the Board of Managers at the time of authorizing the issuance thereof.

7. Option Period.

Notwithstanding any other provision of the Plan or any Option Agreement, each Option and all rights thereunder shall expire on the date specified in the applicable Option Agreement, provided that such date shall not be later than ten years after the date on which the Option is granted (or five years in the case of an Incentive Common Unit Option granted to a Greater Than

10% Member), and in either case, shall be subject to earlier termination as provided in the Plan or Option Agreement.

8. Exercise of Options.

8.1 **General.** Each Option shall be exercisable either in full or in installments at such time or times and during such period as shall be set forth in the Option Agreement evidencing such Option, subject to the provisions of the Plan. To the extent not exercised, installments shall accumulate and be exercisable, in whole or in part, at any time after becoming exercisable, but not later than the date the Option expires.

8.2 **Notice of Exercise.** An Option may be exercised by the optionee by delivering to the Company on any business day a written notice specifying the number of Common Units the optionee then desires to purchase and specifying the address to which the certificates for such units are to be mailed (the "Notice"), accompanied by payment for such units. In addition, the Company may require any individual to whom an Option is granted, as a condition of exercising such Option, to give written assurances (the "Investment Letter") in a substance and form satisfactory to the Company to the effect that such individual is acquiring the Common Units subject to the Option for his or her own account for investment and not with a view to the resale or distribution thereof, and to such other effects as the Company deems necessary or advisable in order to comply with any securities law(s).

8.3 **Delivery.** As promptly as practicable after receipt of the Notice, the Investment Letter (if required) and payment, the Company shall deliver or cause to be delivered to the optionee certificates for the number of units with respect to which such Option has been so exercised, issued in the optionee's name; provided, however, that such delivery shall be deemed effected for all purposes when the Company or a unit transfer agent shall have deposited such certificates in the United States mail, addressed to the optionee, at the address specified in the Notice.

9. Nontransferability of Options.

No Option shall be assignable or transferable by the person to whom it is granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution. During the life of an optionee, an Option shall be exercisable only by the optionee.

10. Termination of Option; Disability; Death. Except as may be otherwise expressly provided in the terms and conditions of the Option Agreement, Options shall terminate on the earliest to occur of:

(i) the date of expiration thereof;

(ii) 0 days after termination of the optionee's employment with, or provision of services to, the Company by the Company for Cause (as hereinafter defined);

(iii) 90 days after the date of voluntary termination of the optionee's employment with, or provision of services to, the Company by the optionee (other than for death or permanent disability as defined below); or

(iv) 90 days after the date of termination of the optionee's employment with, or provision of services to, the Company by the Company without Cause (other than for death or permanent disability as defined below).

Until the date on which the Option so expires, the optionee may exercise that portion of his or her Option which is exercisable at the time of termination of the employment or service relationship.

An employment or service relationship between the Company and the optionee shall be deemed to exist during any period during which the optionee is employed by or providing services to the Company. For the avoidance of doubt, a transfer of an optionee's employment or service relationship with the Company to a parent or subsidiary of the Company as defined in Sections 424(e) and 424(f) of the Code, or from such parent or subsidiary to the Company, shall not constitute termination of an employment or service relationship for purposes of the Plan. Whether an authorized leave of absence or an absence due to military or government service shall constitute termination of the employment or service relationship between the Company and the optionee shall be determined by the Board at the time thereof.

For purposes of this Section 10, the term "Cause" shall mean (a) any material breach by the optionee of any agreement to which the optionee and the Company are both parties, (b) any act (other than retirement) or omission to act by the optionee which may have a material and adverse effect on the Company's business or on the optionee's ability to perform services for the Company, including, without limitation, the commission of any crime (other than minor traffic violations), or (c) any material misconduct or material neglect of duties by the optionee in connection with the business or affairs of the Company. An optionee's employment shall be deemed to have been terminated for Cause if the Company determines within thirty (30) days of the termination of employment (whether such termination was voluntary or involuntary) that termination for Cause was warranted.

In the event of the permanent and total disability or death of an optionee while in an employment or other relationship with the Company, any Option held by such optionee shall terminate on the earlier of the date of expiration of the Option or 180 days following the date of such disability or death. After disability or death, the optionee (or in the case of death, his or her executor, administrator or any person or persons to whom this option may be transferred by will or by laws of descent and distribution) shall have the right, at any time prior to such termination of an Option , to exercise the Option to the extent the optionee was entitled to exercise such Option as of the date of his or her disability or death. An optionee is permanently and totally disabled if he or she is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to last for a

continuous period of not less than 12 months; permanent and total disability shall be determined in accordance with Section 22(e)(3) of the Code and the regulations issued thereunder.

11. Rights as a Member. The holder of an Option shall have no rights as a member with respect to any units covered by the Option (including, without limitation, any rights to receive dividends or non-cash distributions with respect to such units) until the date of issue of a unit certificate to him or her for such units. No adjustment shall be made for dividends or other rights for which the record date is prior to the date such unit certificate is issued.

12. Additional Provisions. The Board of Managers may, in its sole discretion, include additional provisions in Restricted Units Agreements and Option Agreements, including, without limitation, restrictions on transfer, rights of the Company to repurchase units of Restricted Units or Common Units acquired upon exercise of Options, commitments to pay cash bonuses, to make, arrange for or guaranty loans or to transfer other property to optionees upon exercise of Options, or such other provisions as shall be determined by the Board of Managers; *provided that* such additional provisions shall not be inconsistent with any other term or condition of the Plan and such additional provisions shall not be such as to cause any Incentive Common Unit Option to fail to qualify as an Incentive Common Unit Option within the meaning of Section 422 of the Code.

13. Acceleration, Extension, Etc. The Board of Managers may, in its sole discretion, (i) accelerate the date or dates on which all or any particular Option or Options may be exercised or (ii) extend the period or periods of time during which all, or any particular, Option or Options may be exercised.

14. Adjustment Upon Changes in Capitalization

14.1 **No Effect of Options upon Certain Corporate Transactions.** The existence of outstanding Options shall not affect in any way the right or power of the Company to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business, or any merger or consolidation, or any issue of Common Units, or any issue of bonds, debentures, preferred or prior preference units ahead of or affecting the Common Units or the rights thereof, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

14.2 **Adjustment Provisions.** If, through or as a result of any merger, consolidation, sale of all or substantially all of the assets of the Company, reorganization, recapitalization, reclassification, dividend, split, reverse split or other similar transaction, (i) the outstanding Common Units are increased, decreased or exchanged for a different number or kind of units or other securities of the Company, or (ii) additional units or new or different units or other securities of the Company or other non-cash assets are distributed with respect to such Common Units or other securities, an appropriate and proportionate adjustment shall be made in (x) the maximum number and kind of units reserved for issuance under the Plan, (y) the number and kind of units or other securities subject to any then outstanding Options, and (z) the price for each unit or other security subject to any then outstanding Options, so that upon exercise of such

Options, in lieu of the Common Units for which such Options were then exercisable, the relevant optionee shall be entitled to receive, for the same aggregate consideration, the same total number and kind of units or other securities, cash or property that the owner of an equal number of outstanding Common Units immediately prior to the event requiring adjustment would own as a result of the event. If any such event shall occur, appropriate adjustment shall also be made in the application of the provisions of this Section 14 and Section 15 with respect to Options and the rights of optionees after the event so that the provisions of such Sections shall be applicable after the event and be as nearly equivalent as practicable in operation after the event as they were before the event.

14.3 **No Adjustment in Certain Cases.** Except as hereinbefore expressly provided, the issue by the Company of units of any class, or securities convertible into units of any class, for cash or property or for labor or services, either upon direct sale or upon the exercise of rights or warrants to subscribe therefor, or upon conversion of units or obligations of the Company convertible into such units or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Common Units then subject to outstanding options.

14.4 **Board Authority to Make Adjustments.** Any adjustments under this Section 14 will be made by the Board of Managers, whose determination as to what adjustments, if any, will be made and the extent thereof will be final, binding and conclusive. No fractional units will be issued under the Plan on account of any such adjustments.

15. Effect of Certain Transactions

15.1 **General.** Except as provided in any Option Agreement or Restricted Units Agreement to the contrary, if the Company is merged with or into or consolidated with another corporation under circumstances where the members of the Company immediately prior to such merger or consolidation do not own after such merger or consolidation units representing at least fifty percent (50%) of the voting power of the Company or the surviving or resulting corporation, as the case may be, or if units representing fifty percent (50%) or more of the voting power of the Company are transferred to an Unrelated Third Party, as hereinafter defined, or if the Company is liquidated, or sells or otherwise disposes of all or substantially all its assets (each such transaction is referred to herein as a “Change in Control Transaction”), the Board, or the board of directors of any corporation assuming the obligations of the Company, may, in its discretion, take any one or more of the following actions, as to some or all outstanding Options Restricted Units Awards (and need not take the same action as to each such Option or Restricted Units Award): (i) provide that such Options shall be assumed, or equivalent Options shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), *provided that* any such Options substituted for Incentive Common Unit Options shall meet the requirements of Section 424(a) of the Code, (ii) upon written notice to the optionees, provide that all unexercised Options (whether vested or unvested) will terminate immediately prior to the consummation of the Change in Control Transaction unless exercised by the optionee to the extent otherwise then exercisable within a specified period following the date of such notice, (iii) upon written notice to the grantees, provide that all unvested units of Restricted Units shall be repurchased at cost,

(iv) make or provide for a cash payment to the optionees equal to the difference between (A) the fair market value of the per unit consideration (whether cash, securities or other property or any combination of the above) the holder of a Common Unit will receive upon consummation of the Change in Control Transaction (the "Per Unit Transaction Price") times the number of Common Units subject to outstanding vested Options (to the extent then exercisable at prices not equal to or in excess of the Per Unit Transaction Price) and (B) the aggregate exercise price of such outstanding vested Options, in exchange for the termination of such Options, or (v) provide that all or any outstanding Options shall become exercisable and all or any outstanding Restricted Units Awards shall vest in part or in full immediately prior to such event. To the extent that any Options are exercisable at a price equal to or in excess of the Per Unit Transaction Price, the Board may provide that such Options shall terminate immediately upon the consummation of the Change in Control Transaction without any payment being made to the holders of such Options. "Unrelated Third Party" shall mean any person who is not, on the date of adoption of this Plan by the Board, a holder of units of any class or preference or any unit option of the Company**.**

15.2 **Substitute Options.** The Company may grant Options in substitution for options held by employees, officers or directors of, or consultants or advisors to, another corporation who become employees, officers or managers of, or consultants or advisors to, the Company, as the result of a merger or consolidation of the employing corporation with the Company or as a result of the acquisition by the Company of property or stock of the employing corporation. The Company may direct that substitute Options be granted on such terms and conditions as the Board considers appropriate in the circumstances.

15.3 **Restricted Units.** In the event of a business combination or other transaction of the type detailed in Section 15.1, any securities, cash or other property received in exchange for units of Restricted Units shall continue to be governed by the provisions of any Restricted Units Agreement pursuant to which they were issued, including any provision regarding vesting, and such securities, cash, or other property may be held in escrow on such terms as the Board of Managers may direct, to insure compliance with the terms of any such Restricted Units Agreement.

16. No Special Employment Rights. Nothing contained in the Plan or in any Option Agreement or Restricted Units Agreement shall confer upon any optionee or holder of Restricted Units any right with respect to the continuation of his or her employment by the Company or interfere in any way with the right of the Company at any time to terminate such employment or to increase or decrease his or her compensation.

17. Other Employee Benefits. The amount of any compensation deemed to be received by an employee as a result of the issuance of units of Restricted Units or the grant or exercise of an Option or the sale of units received upon issuance of a Restricted Units Award or exercise of an Option will not constitute compensation with respect to which any other employee benefits of such employee are determined, including, without limitation, benefits under any bonus, pension, profit-sharing, life insurance or salary continuation plan, except as otherwise specifically determined by the Board of Managers.

18. Amendment of the Plan.

18.1 The Board may at any time, and from time to time, modify or amend in any respect or terminate the Plan. If member approval is not obtained within twelve months after any amendment increasing the number of units authorized under the Plan or changing the class of persons eligible to receive Options under the Plan, no Options granted pursuant to such amendments shall be deemed to be Incentive Common Unit Options and no Incentive Common Unit Options shall be issued pursuant to such amendments thereafter.

18.2 The termination or any modification or amendment of the Plan shall not, without the consent of an optionee or the holder of Restricted Units, adversely affect his or her rights under an Option or Restricted Units Award previously granted to him or her. With the consent of the recipient of Restricted Units or optionee affected, the Board may amend outstanding Restricted Units Agreements or Option Agreements in a manner not inconsistent with the Plan.

19. Withholding. The Company shall have the right to deduct from payments of any kind otherwise due to the optionee or recipient of Restricted Units, any federal, state or local taxes of any kind required by law to be withheld with respect to issuance of any units of Restricted Units or units issued upon exercise of Options. Prior to delivery of any Common Units pursuant to the terms of this Plan, the Board has the right to require that the optionee or recipient of Restricted Units remit to the Company an amount sufficient to satisfy any minimum tax withholding obligation. Subject to the prior approval of the Company, which may be withheld by the Company in its sole discretion, the obligor may elect to satisfy any minimum withholding obligations, in whole or in part, (i) by causing the Company to withhold Common Units otherwise issuable, or (ii) by delivering to the Company a sufficient number of Common Units. The units so withheld shall have a fair market value equal to such minimum withholding obligation. The fair market value of the units used to satisfy such minimum withholding obligation shall be determined by the Company as of the date that the amount of tax to be withheld is to be determined. A person who has made an election pursuant to this Section 19 may only satisfy his or her withholding obligation with Common Units which are not subject to any repurchase, forfeiture, unfulfilled vesting or other similar restrictions.

20. Effective Date and Duration of the Plan.

20.1 **Effective Date.** The Plan shall become effective when adopted by the Board of Managers. If member approval is not obtained within twelve months after the date of the Board's adoption of the Plan, no Options previously granted under the Plan shall be deemed to be Incentive Common Unit Options and no Incentive Common Unit Options shall be granted thereafter. Amendments to the Plan not requiring member approval shall become effective when adopted by the Board. Amendments requiring member approval shall become effective when adopted by the Board, but if member approval is not obtained within twelve months of the Board's adoption of such amendment, any Incentive Common Unit Options granted pursuant to such amendment shall be deemed to be non-statutory Options provided that such Options are authorized by the Plan. Subject to this limitation, Options may be granted under the Plan at any time after the effective date and before the date fixed for termination of the Plan.

20.2 **Termination.** Unless sooner terminated by action of the Board of Managers, the Plan shall terminate upon the close of business on the day next preceding the tenth anniversary of the date of its adoption by the Board of Managers.

21. Provision for Foreign Participants. The Board of Managers may, without amending the Plan, modify the terms of Option Agreements or Restricted Units Agreements to differ from those specified in the Plan with respect to participants who are foreign nationals or employed outside the United States to recognize differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters.

22. Requirements of Law. The Company shall not be required to sell or issue any units under any Option or Restricted Units Award if the issuance of such units shall constitute a violation by the optionee, the Restricted Units Award recipient, or by the Company of any provision of any law or regulation of any governmental authority. In addition, in connection with the Act, the Company shall not be required to issue any units upon exercise of any Option unless the Company has received evidence satisfactory to it to the effect that the holder of such Option will not transfer such units except pursuant to a registration statement in effect under the Act or unless an opinion of counsel satisfactory to the Company has been received by the Company to the effect that such registration is not required in connection with any such transfer. Any determination in this connection by the Board shall be final, binding and conclusive. In the event the units issuable on exercise of an Option are not registered under the Act or under the securities laws of each relevant state or other jurisdiction, the Company may imprint on the certificate(s) appropriate legends that counsel for the Company considers necessary or advisable to comply with the Act or any such state or other securities law. The Company may register, but in no event shall be obligated to register, any securities covered by the Plan pursuant to the Act; and in the event any units are so registered the Company may remove any legend on certificates representing such units. The Company shall not be obligated to take any affirmative action in order to cause the exercise of an Option, the grant of any Restricted Units Award or the issuance of units pursuant thereto to comply with any law or regulation of any governmental authority.

23. Conversion of Incentive Common Unit Options into Non-Qualified Options; Termination. The Board of Managers, with the consent of any optionee, may in its discretion take such actions as may be necessary to convert such optionee's Incentive Common Unit Options (or any installments or portions of installments thereof) that have not been exercised on the date of conversion into non-statutory Options at any time prior to the expiration of such Incentive Common Unit Options, regardless of whether the optionee is an employee of the Company or a parent or subsidiary of the Company at the time of such conversion. At the time of such conversion, the Board of Managers (with the consent of the optionee) may impose such conditions on the exercise of the resulting non-statutory Options as the Board of Managers in its discretion may determine, provided that such conditions shall not be inconsistent with this Plan. Nothing in this Plan shall be deemed to give any optionee the right to have such optionee's Incentive Common Unit Options converted into non-statutory Options, and no such conversion shall occur until and unless the Board of Managers takes appropriate action. The Board of

Managers, with the consent of the optionee, may also terminate any portion of any Incentive Common Unit Option that has not been exercised at the time of such termination.

24. Non-Exclusivity of this Plan; Non-Uniform Determinations. Neither the adoption of this Plan by the Board of Managers nor the approval of this Plan by the members of the Company shall be construed as creating any limitations on the power of the Board of Managers to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of unit options otherwise than under this Plan, and such arrangements may be either applicable generally or only in specific cases.

The determinations of the Board of Managers under this Plan need not be uniform and may be made by it selectively among persons who receive or are eligible to receive Options or Restricted Units Awards under this Plan (whether or not such persons are similarly situated). Without limiting the generality of the foregoing, the Board of Managers shall be entitled, among other things, to make non-uniform and selective determinations, and to enter into non-uniform and selective Option Agreements and Restricted Units Agreements, as to (a) the persons to receive Options or Restricted Units Awards under this Plan, (b) the terms and provisions of Options or Restricted Units Awards, (c) the exercise by the Board of Managers of its discretion in respect of the exercise of Options pursuant to the terms of this Plan, and (d) the treatment of leaves of absence pursuant to Section 10 hereof.

25. Governing Law. This Plan and each Option or Restricted Units Award shall be governed by the laws of The Commonwealth of Massachusetts, without regard to its principles of conflicts of law.

"Permitted Title Exceptions" include any Monetary Obligations, and Seller hereby agrees to and shall remove all Monetary Obligations on or before the Closing.

(d) Physical Inspection. Subject to the limitations set forth in this Section 4.1(d), during the Investigation Period, Buyer shall have the right, at Buyer's expense and with the prior written consent of Seller, which consent shall not be unreasonably withheld, conditioned or delayed and may be provided via electronic mail, to make inspections (including tests, surveys and other studies) of the Real Property and all matters relating thereto, including, but not limited to, soils and geologic conditions, location of property lines, utility availability and use restrictions, environmental conditions, the manner or quality of the construction of the Improvements, the habitability, merchantability, marketability, profitability or fitness for a particular purpose of the Real Property, the effect of applicable planning, zoning and subdivision statutes, ordinances, regulations, restrictions and permits, the character and amount of any fees or charges that must be paid to further develop, improve and/or occupy the Real Property and all other matters relating to the Real Property. In the event Buyer disapproves or finds unacceptable, in Buyer's sole and absolute discretion, any matters reviewed by Buyer during the Investigation Period or for any other reason or no reason, Buyer may elect to terminate this Agreement and the Escrow pursuant to the provisions of Section 4.2 hereof.

Section 4.2 Election to Terminate. In the event Buyer desires to terminate this Agreement and the Escrow for any reason or for no reason whatsoever, Buyer may elect to terminate this Agreement and the Escrow at any time: (a) by giving Seller written notice of Buyer's election to terminate this Agreement and the Escrow ("Buyer's Election to Terminate"), not later than 11:00 p.m. Eastern Time on the date of expiration of the Investigation Period; and/or (b) by failing to timely deliver to Seller Buyer's Election Not to Terminate pursuant to Section 4.3 hereof, which failure shall be deemed to constitute Buyer's delivery of Buyer's Election to Terminate this Agreement and the Escrow pursuant to this Section 4.2.

4.3. Holding Over.

4.3.1. If, with Landlord's prior written consent, Tenant holds possession of all or any part of the Premises after the Term, Tenant shall become a tenant from month-to-month after the expiration or earlier termination of the Term, and in such case Tenant shall continue to pay (a) Base Rent, as adjusted in accordance with Section 6, (b) Additional Rent, and (c) any amounts for which Tenant would otherwise be liable under this Lease if the Lease were still in effect. Any such month-to-month tenancy shall be subject to every other term, covenant and agreement contained herein.

4.3.2. If Tenant retains possession of any portion of the Premises after the Term without Landlord's prior written consent, then (a) Tenant shall be a tenant at sufferance subject to the terms and conditions of this Lease, except that the monthly rent shall be equal to [***] percent ([***]%) of the monthly Rent in effect during the last thirty (30) days of the Term, and (b) Tenant shall be liable to Landlord for any and all damages suffered by Landlord directly as a result of such holdover, including any lost rent or consequential, special and indirect damages (in each case, regardless of whether such damages are foreseeable).

4.3.3. Acceptance by Landlord of Rent after the expiration or earlier termination of the Term shall not result in an extension, renewal or reinstatement of this Lease. The foregoing provisions of this Section 4 are in addition to and do not affect Landlord's right of reentry or any other rights of Landlord hereunder or as otherwise provided by Applicable Laws. The provisions of this Section 4 shall survive the expiration or earlier termination of this Lease.

5. Tenant Improvements.

5.1. Tenant shall cause appropriate improvements consistent with the Permitted Use (the "**Tenant Improvements**") to be constructed in the Premises pursuant to the Work Letter attached hereto as Exhibit E (the "**Work Letter**") at a cost to Landlord not to exceed Six Million Dollars ($6,000,000.00) (the "**TI Allowance**"). The TI Allowance may be applied to the costs of (a) construction, (b) project review by Landlord (which fee shall equal [***] percent ([***]%) of the cost of the Tenant Improvements, including the TI Allowance), (c) commissioning of mechanical, electrical and plumbing systems by a licensed, qualified commissioning agent hired by Tenant, and review of such party's commissioning report by a licensed, qualified commissioning agent hired by Landlord, (d) space planning, architect, engineering and other related services performed by third parties unaffiliated with Tenant, (e) building permits and other taxes, fees, charges and levies by governmental authorities for permits or for inspections of the Tenant Improvements, and (f) costs and expenses for labor, material, equipment and fixtures. In no event shall the TI Allowance be used for (m) the cost of work that is not authorized by the Approved Plans (as defined in the Work Letter) or otherwise approved in writing by Landlord, (n) payments to Tenant or any affiliates of Tenant, (o) the purchase of any furniture, personal property or other non-building system equipment, (p) costs resulting from any default by Tenant of its obligations under this Lease or (q) costs that are recoverable by Tenant from a third party (e.g., insurers, warrantors, or tortfeasors).

5.2. Tenant shall have until December 20, 2031 to request disbursement for the final installment of the TI Allowance, and may request no more than five (5) disbursements of the TI Allowance, with each disbursement (other than the final disbursement) being no less than [***] Dollars ($[***]). Landlord's obligation to disburse any of the TI Allowance shall be conditional upon Tenant's satisfaction of the conditions precedent to funding of the TI Allowance set forth in Section 6.3 of the Work Letter. In addition, Landlord’s obligation to disburse any of the TI Allowance in excess of [***] Dollars ($[***]) shall be conditioned upon the satisfaction of the following: (a) Tenant's delivery to Landlord of a certificate of occupancy for the Premises suitable for the Permitted Use, as applicable; (b) Tenant's delivery to Landlord of a Certificate of Substantial Completion in the form of the American Institute of Architects document G704, executed by the project architect and the general contractor or such other form or certification as may be reasonably acceptable to Landlord; (c) Tenant's satisfaction of the conditions precedent to funding of the TI Allowance set forth in Section 6.3 of the Work Letter; and (d) there shall be no uncured event of default by Tenant under this Lease.

6. Rent.

6.1. Rent. Base Rent and Additional Rent (as defined below) shall together be denominated "**Rent**." Rent shall be paid by ACH, wire transfer or check (but in no event may Rent be payable in cash unless Landlord provides its consent to such form of payment, in Landlord's sole and absolute discretion) to Landlord, without abatement, deduction or offset, in lawful money of the United States of America to the address set forth in Section 2 or to such other person or at such other place as Landlord may from time designate in writing. In the event the Term commences on a day other than the first day of a calendar month or ends on a day other than the last day of a calendar month, then the Rent for such fraction of a month shall be prorated for such period on the basis of the number of days in the month and shall be paid at the then-current rate for such fractional month.

6.2. Base Rent. Tenant shall pay to Landlord as Base Rent for the Premises, commencing on the Commencement Date, the sums set forth in Section 2, subject to the rental adjustments provided in Section 6.5. Base Rent shall be paid in equal monthly installments, subject to the rental adjustments provided in Section 6.5, each in advance on, or before, the first day of each and every calendar month during the Term; provided that, so long as Tenant is not in default of its obligations under this Lease, One Hundred One Thousand Two Hundred Fifty Dollars (101,250.00) shall be abated for each month, or portion thereof, that the full Holdback Escrow Amount (as defined in the Purchase Agreement) is held by the Escrow Agent (as defined in the Purchase Agreement). Upon distribution of any portion of the Holdback Escrow Amount to any party in accordance with the terms of the Holdback Escrow Agreement (as defined in the Purchase Agreement), monthly Base Rent shall increase by [***] Dollars ($[***]) for every [***] Dollars ($[***]) of Holdback Escrow Amount so released. For illustration purposes only, if [***] Dollars ($[***]) is disbursed in accordance with the Holdback Escrow Agreement, then monthly Base Rent shall increase by [***] Dollars ($[***]).

6.3. Additional Rent. In addition to Base Rent, Tenant shall pay to Landlord as additional rent ("**Additional Rent**") at times hereinafter specified in this Lease (a) amounts related to Operating Expenses and Taxes (each as defined below), unless paid directly by Tenant to third parties to whom such amounts are owed, (b) the Property Management Fee (as defined below) and (c) any other amounts that Tenant assumes or agrees to pay under the provisions of this Lease that are owed to Landlord (whether or not such amounts are referred to herein as "Additional Rent"), including any and all other sums that may become due by reason of any default of Tenant or failure on Tenant's part to comply with the agreements, terms, covenants and conditions of this Lease to be performed by Tenant.

6.3.1. Operating Expenses. Tenant will pay directly all Operating Expenses of the Premises in a timely manner and prior to delinquency, unless otherwise specified herein that Landlord shall pay directly such Operating Expenses and receive reimbursement from Tenant. In the event that Tenant fails to pay any Operating Expense within ten (10) days after written notice by Landlord to Tenant, and without being under any obligation to do so and without hereby waiving any default by Tenant, Landlord may pay any delinquent Operating Expenses. Any Operating Expense paid by Landlord and any expenses reasonably incurred by Landlord in connection with the payment of the delinquent Operating Expense may be billed immediately to Tenant, or at Landlord's option and upon written notice to Tenant, may be deducted from the Security Deposit. "**Operating Expenses**" means all costs and expenses incurred by Landlord with respect to the ownership, maintenance and operation of the Premises including, but not limited to: insurance, maintenance, repair and replacement of the foundation, roof, walls, heating, ventilation, air conditioning, plumbing, electrical, mechanical, utility and safety systems, paving and parking areas, roads and driveways; maintenance of exterior areas such as gardening and landscaping, snow removal and signage; maintenance and repair of roof membrane, flashings, gutters, downspouts, roof drains, skylights and waterproofing; painting; lighting; cleaning; refuse removal; security; utilities for, or the maintenance of, outside areas; building personnel costs; personal property taxes; rentals or lease payments paid by Landlord for rented or leased personal property used in the operation or maintenance of the Premises; and fees for required licenses and permits.

6.3.2. Taxes. Tenant will promptly pay to Landlord upon Landlord's written request the amount of all Taxes levied and assessed for any such year upon the Premises. "**Taxes**" means any and all real estate taxes, fees, assessments and other charges of any kind or nature, whether general, special, ordinary or extraordinary, that Landlord shall pay or accrue (without regard to any different fiscal year used by such governmental authority) that

are levied in respect of the Premises, or in respect of any improvement, fixture, equipment or other property of Landlord, real or personal, located at the Premises, or used in connection with the operation of the Premises, and all fees, expenses, and costs incurred by Landlord in investigating, protesting, contesting, or in any way seeking to reduce or avoid increases in any assessments, levies, or the tax rate pertaining to the Taxes. Taxes shall not include Landlord's corporate franchise taxes, estate taxes, inheritance taxes or federal or state income taxes.

6.3.3. Estimated Costs. If and to the extent applicable, within sixty (60) days after the Commencement Date, and within sixty (60) days after the beginning of each calendar year, Landlord shall give Tenant a written estimate, for such calendar year, of the cost of Taxes and Operating Expenses payable by Landlord. Tenant shall pay such estimated amount to Landlord in equal monthly installments, in advance. Within ninety (90) days after the end of each calendar year, Landlord shall furnish to Tenant a statement showing in reasonable detail the cost of Taxes and Operating Expenses paid or payable by Landlord (the "**Annual Statement**"), and Tenant shall pay to Landlord the cost incurred by Landlord in excess of the payments made by Tenant within ten (10) days of receipt of such Annual Statement. In the event that the payments made by Tenant to Landlord for the estimated Taxes and Operating Expenses exceed the aggregate amount set forth in the Annual Statement, such excess amount shall be credited by Landlord to the Rent or other charges next due and owing, provided that, if the Term has expired, Landlord shall accompany said statement with the amount due Tenant.

6.3.4. Property Management Fee. Tenant shall pay to Landlord on, or before, the first day of each calendar month of the Term, as Additional Rent, the Property Management Fee. The "**Property Management Fee**" shall equal [***] percent ([***]%) of the then-current Base Rent due from Tenant. Tenant shall pay the Property Management Fee with respect to the entire Term, including any extensions thereof or any holdover periods, regardless of whether Tenant is obligated to pay Base Rent or any other Rent with respect to any such period or portion thereof.

6.3.5. Absolute Net Lease. This Lease shall be deemed and construed to be an "absolute net lease" and, except as herein expressly provided, the Landlord shall receive all payments required to be made by Tenant, free from all charges, assessments, impositions, expenses, deductions of any and every kind or nature whatsoever. Tenant shall, at Tenant's sole cost and expense, maintain the landscaping and parking lot, and make all additional repairs and alterations as required to maintain the Premises consistent with industry best practices.

6.4. Security Deposit. On or before the Execution Date of this Lease, Tenant shall deposit the sum in cash set forth in Section 2.2 (the "**Security Deposit**"), which sum shall be held by Landlord as security for the faithful performance by Tenant of all of the terms, covenants and conditions of this Lease to be kept and performed by Tenant during the Term. Landlord shall not be required to maintain a separate account for the Security Deposit, but may intermingle it with other funds of Landlord. Upon distribution of any portion of the Holdback Escrow Amount to any party in accordance with the terms of the Holdback Escrow Agreement, the Security Deposit shall increase by [***] Dollars for every [***] Dollars ($[***]) of Holdback Escrow Amount so released. For illustration purposes only, if the full [***] Dollars ($[***]) of the Holdback Escrow Amount is disbursed in accordance with the Holdback Escrow Agreement, then the Security Deposit shall increase by [***] Dollars ($[***]). If Tenant defaults with respect to any provision of this Lease, then without notice to Tenant, Landlord may (but shall not be required to) apply all or any part of the Security Deposit for the payment of any Rent or any other sum in default. If any portion of the Security Deposit is so used or applied, then Tenant shall, upon demand therefor, restore the Security Deposit to its original amount. If Tenant shall fully and faithfully perform every provision of this Lease to be performed by it, then the unapplied portion of the Security Deposit shall be returned to Tenant, or, at Landlord's option, to the last assignee of Tenant's interest hereunder, within sixty (60) days following the expiration of the Term. Tenant shall not be entitled to any interest on the Security Deposit. Tenant hereby irrevocably waives and relinquishes any and all rights, benefits, or protections, if any, Tenant now has, or in the future may have under any provision of law which (i) establishes the time frame by which a landlord must refund a security deposit under a lease, or (ii) provides that a landlord may claim from a security deposit only those sums reasonably necessary to remedy defaults in the payment of rent, to repair damage caused by a tenant, or to clean the subject premises. Tenant acknowledges and agrees that (A) any statutory time frames for the return of a security deposit are superseded by the express period identified in this Section 6.4, and (B) rather than be so limited, Landlord may claim from the Security Deposit (i) any and all sums expressly identified in this Section 6.4, and (ii) any additional

sums reasonably necessary to compensate Landlord for any and all losses or damages caused by Tenant's default of this Lease, including, but not limited to, all damages or rent due upon termination of this Lease. In the event of bankruptcy or other debtor-creditor proceedings against Tenant, the Security Deposit shall be deemed to be applied first to the payment of Rent and other charges due Landlord for all periods prior to the filing of such proceedings. Provided that (a) no default by Tenant under this Lease has occurred and is continuing and (b) Tenant has achieved an EBITDA (as defined below) for the immediately preceding six (6) month period that is equal to two times the then-current Base Rent for such time period (the "**EBITDA Condition**"), the Security Deposit shall be reduced to Eight Hundred Forty-Three Thousand Seven Hundred Fifty Dollars ($843,750.00) (the "**Reduced Security Deposit**"). For purposes of the foregoing, the term "**EBITDA**" shall mean net income before interest, taxes, depreciation and amortization. Landlord shall be required to deliver to Tenant the portion of the Security Deposit retained by Landlord that is in excess of the Reduced Security Deposit within thirty (30) days after (x) Tenant has delivered to Landlord reasonable supporting documentation that Tenant has satisfied the conditions set forth in Subsections (a) and (b) above, including a certification from the principal financial officer of Tenant confirming that such conditions have been satisfied and that the documentation provided to Landlord evidencing satisfaction of the EBITDA Condition is true, correct and complete in all material respects and does not contain any misrepresentations or omissions of facts, and (y) Landlord has approved such documentation and agrees that such conditions have been satisfied. If the Tenant subsequently fails to meet the EBITDA Condition at any time during the Term, then Tenant shall be required to promptly deliver to Landlord an amount sufficient to increase the Security Deposit held by Landlord back to the sum of One Million Four Hundred Six Thousand Two Hundred Fifty Dollars ($1,406,250.00). Following the reduction of the Security Deposit to the Reduced Security Deposit, upon Landlord's request, Tenant shall promptly deliver to Landlord such documentation as may be reasonably required by Landlord to assess whether the EBITDA Condition remains satisfied.

6.5. Base Rent Adjustments. Base Rent shall be subject to an annual upward adjustment of [***] percent ([***]%) of the then-current Base Rent. The first such adjustment shall become effective commencing on the first annual anniversary of the Commencement Date, and subsequent adjustments shall become effective on every successive annual anniversary for so long as this Lease continues in effect.

6.6. No Discharge of Rent Obligations. Tenant's obligation to pay Rent shall not be discharged or otherwise affected by (a) any Applicable Laws now or hereafter applicable to the Premises, (b) any other restriction on Tenant's use, (c) except as expressly provided herein, any casualty or taking or (d) any other occurrence; and Tenant waives all rights now or hereafter existing to terminate or cancel this Lease or quit or surrender the Premises or any part thereof, or to assert any defense in the nature of constructive eviction to any action seeking to recover rent. Tenant's obligation to pay Rent with respect to any period or obligations arising, existing or pertaining to the period prior to the date of the expiration or earlier termination of the Term or this Lease shall survive any such expiration or earlier termination; provided, however, that nothing in this sentence shall in any way affect Tenant's obligations with respect to any other period. Except as expressly provided in this Lease, Tenant, to the extent now or hereafter permitted by Applicable Laws, waives all rights now or hereafter conferred by statute or otherwise to quit, terminate or surrender this Lease or to any diminution, abatement or reduction of Rent payable hereunder.

7. Use.

7.1. Use. Tenant shall use the Premises solely for the Permitted Use, and shall not use the Premises, or permit or suffer the Premises to be used, for any other purpose without Landlord's prior written consent, which consent Landlord may withhold in its sole and absolute discretion. Tenant shall comply, and cause Tenant Parties to comply, with all Applicable Laws, zoning ordinances and certificates of occupancy issued for the Premises or any portion thereof. Tenant shall not use any portion of the roof of the Premises. Tenant shall not commit, or allow Tenant Parties to commit, any waste of the Premises. Tenant shall not do, or permit Tenant Parties to do, anything on or about the Premises that in any way increases the rate, or invalidates or prevents the procuring, of any insurance protecting against loss or damage to any portion of the Premises or its contents, or against liability for damage to property or injury to persons in or about any portion of the Premises. For purposes hereof, "**Tenant Parties**" means Tenant's agents, contractors, subcontractors, employees, customers, licensees, invitees, assignees and subtenants; and the term "**Applicable Laws**" means all federal (to the extent not in direct conflict with applicable state, municipal or local cannabis licensing and program laws, rules and regulations), state, municipal and local laws,

codes, ordinances, rules and regulations of governmental authorities, committees, associations, or other regulatory committees, agencies or governing bodies having jurisdiction over the Premises or any portion thereof, Landlord or Tenant, including both statutory and common law, hazardous waste rules and regulations, and state cannabis licensing and program laws, rules and regulations. Tenant may only place equipment within the Premises with floor loading consistent with the Building's structural design unless Tenant obtains Landlord's prior written approval. Tenant may place such equipment only in a location designed to carry the weight of such equipment.

7.2. Legal Compliance. Notwithstanding any other provision herein to the contrary, Tenant shall be responsible for all improvements or alterations required to be made and all liabilities, costs and expenses arising out of or in connection with the compliance of the Premises with Applicable Laws, including, without limitation, the Americans with Disabilities Act, 42 U.S.C. § 12101, et seq., and any state and local accessibility laws, codes, ordinances and rules (collectively, and together with regulations promulgated pursuant thereto, the "**ADA**"), and Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any Claims arising out of any such failure of the Premises to comply with Applicable Laws, including, without limitation, the ADA.

7.3. Indemnification. Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold Landlord and its affiliates, lenders, employees, agents and contractors (collectively, the "**Landlord Indemnitees**") harmless from and against any and all demands, claims, liabilities, losses, costs, expenses, criminal or civil actions, forfeiture seizures, causes of action, damages, suits or judgments, and all reasonable expenses (including reasonable attorneys' fees, charges and disbursements, regardless of whether the applicable demand, claim, action, cause of action or suit is voluntarily withdrawn or dismissed) incurred in investigating or resisting the same (collectively, "**Claims**") of any kind or nature that arise before, during or after the Term as a result of Tenant's breach of this Section 7.

8. Hazardous Materials.

8.1. Tenant shall not cause or permit any Hazardous Materials (as defined below) to be brought upon, kept or used in or about the Premises in violation of Applicable Laws by Tenant or any Tenant Party. If (a) Tenant breaches such obligation, (b) the presence of Hazardous Materials as a result of such a breach results in contamination of the Premises, any portion thereof, or any adjacent property, (c) contamination of the Premises otherwise occurs during the Term or any extension or renewal hereof or holding over hereunder or (d) contamination of the Premises occurs as a result of Hazardous Materials that are placed on or under or are released into the Premises by a Tenant Party, then Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any and all Claims of any kind or nature, including (w) diminution in value of the Premises or any portion thereof, (x) damages for the loss or restriction on use of rentable or usable space or of any amenity of the Premises, (y) damages arising from any adverse impact on marketing of space in the Premises or any portion thereof and (z) sums paid in settlement of Claims that arise before, during or after the Term as a result of such breach or contamination. This indemnification by Tenant includes costs incurred in connection with any investigation of site conditions or any clean-up, remedial, removal or restoration work required by any governmental authority because of Hazardous Materials present in the air, soil or groundwater above, on, under or about the Premises. Without limiting the foregoing, if the presence of any Hazardous Materials in, on, under or about the Premises, any portion thereof or any adjacent property caused or permitted by any Tenant Party results in any contamination of the Premises, any portion thereof or any adjacent property, then Tenant shall promptly take all actions at its sole cost and expense as are necessary to return the Premises, any portion thereof or any adjacent property to its respective condition existing prior to the time of such contamination; provided that Landlord's written approval of such action shall first be obtained, which approval Landlord shall not unreasonably withhold; and provided, further, that it shall be reasonable for Landlord to withhold its consent if such actions could have a material adverse long-term or short-term effect on the Premises, any portion thereof or any adjacent property. Tenant's obligations under this Section shall not be limited by any limitation on the amount or type of damages, compensation or benefits payable by or for Tenant under workers' compensation acts, disability benefit acts, employee benefit acts or similar legislation.

8.2. Landlord acknowledges that it is not the intent of this Section 8 to prohibit Tenant from operating its business for the Permitted Use. Tenant may operate its business according to the custom of Tenant's industry so long as the use or presence of Hazardous Materials is strictly and properly monitored in accordance with Applicable Laws. As a material inducement to Landlord to allow Tenant to use Hazardous Materials in connection with its business, Tenant agrees to deliver to Landlord (a) a list identifying each type of Hazardous Material to be present at the Premises that is subject to regulation under any environmental Applicable Laws in the form of a Tier II form pursuant to Section 312 of the Emergency Planning and Community Right-to-Know Act of 1986 (or any successor statute) or any other form reasonably requested by Landlord, (b) a list of any and all approvals or permits from governmental authorities required in connection with the presence of such Hazardous Material at the Premises and (c) correct and complete copies of notices of violations of Applicable Laws related to Hazardous Materials (collectively, "**Hazardous Materials Documents**"). Tenant shall deliver to Landlord updated Hazardous Materials Documents, within fourteen (14) days after receipt of a written request therefor from Landlord, not more often than once per year, unless (m) there are any changes to the Hazardous Materials Documents or (n) Tenant initiates any Tenant Improvements or Alterations or changes its business, in either case in a way that involves any material increase in the types or amounts of Hazardous Materials. In the event that a review of the Hazardous Materials Documents indicates non-compliance with this Lease or Applicable Laws, Tenant shall, at its expense, diligently take steps to bring its storage and use of Hazardous Materials into compliance. Notwithstanding anything in this Lease to the contrary or Landlord's review into Tenant's Hazardous Materials Documents or use or disposal of hazardous materials, however, Landlord shall not have and expressly disclaims any liability related to Tenant's or other tenants' use or disposal of Hazardous Materials, it being acknowledged by Tenant that Tenant is best suited to evaluate the safety and efficacy of its Hazardous Materials usage and procedures.

8.3. Tenant represents and warrants to Landlord that Tenant is not, nor has it been, in connection with the use, disposal or storage of Hazardous Materials, (a) subject to a material enforcement order issued by any governmental authority or (b) required to take any remedial action.

8.4. At any time, and from time to time, prior to the expiration of the Term, Landlord shall have the right to conduct appropriate tests of the Premises or any portion thereof to demonstrate that Hazardous Materials are present or that contamination has occurred due to the acts or omissions of a Tenant Party, the cost of which shall be an Operating Expense. Such inspections shall be made only after Landlord provides notice to and receives approval from the relevant regulatory authorities regarding the testing.

8.5. If underground or other storage tanks storing Hazardous Materials installed or utilized by Tenant are located on the Premises, or are hereafter placed on the Premises by Tenant (or by any other party, if such storage tanks are utilized by Tenant), then Tenant shall monitor the storage tanks, maintain appropriate records, implement reporting procedures, properly close any underground storage tanks, and take or cause to be taken all other steps necessary or required under the Applicable Laws.

8.6. Tenant shall promptly report to Landlord any actual or suspected presence of mold or water intrusion at the Premises.

8.7. Tenant's obligations under this Section 8 shall survive the expiration or earlier termination of the Lease. During any period of time needed by Tenant or Landlord after the termination of this Lease to complete the removal from the Premises of any such Hazardous Materials, Tenant shall be deemed a holdover tenant and subject to the provisions of Section 4.

8.8. As used herein, the term "**Hazardous Material**" means any toxic, explosive, corrosive, flammable, infectious, radioactive, carcinogenic, mutagenic or otherwise hazardous substance, material or waste that is or becomes regulated by Applicable Laws or any governmental authority.

9. Alterations.

9.1. Tenant shall not make any alterations, additions or improvements in or to the Premises or engage in any construction, demolition, reconstruction, renovation or other work (whether major or minor) of any kind in, at

or serving the Premises ("**Alterations**"), without obtaining Landlord's prior written consent, which shall not be unreasonably withheld, except Tenant may make non-structural Alterations to the interior of the Premises (excluding the roof) without such consent but upon at least ten (10) days' prior notice to Landlord, provided that the cost thereof does not exceed [***] Dollars ($[***]) per occurrence or an aggregate amount of [***] Dollars ($[***]) annually. Notwithstanding the foregoing, Tenant will not do anything that could have a material adverse effect on the Building or life safety systems, without obtaining Landlord's prior written consent. Any such improvements, excepting movable furniture, trade fixtures and equipment, shall become part of the realty and belong to Landlord. All alterations and improvements shall be properly permitted and installed at Tenant's sole cost, by a licensed contractor, in a good and workmanlike manner, and in conformity with all Applicable Laws. Any alterations that Tenant shall desire to make and which require the consent of Landlord shall be presented to Landlord in written form with detailed plans. Tenant shall: (i) acquire all applicable governmental permits; (ii) furnish Landlord with copies of both the permits and the plans and specifications at least thirty (30) days before the commencement of the work, and (iii) comply with all conditions of said permits in a prompt and expeditious manner. Any alterations shall be performed in a workmanlike manner with good and sufficient materials. Upon completion of any Alterations, Tenant shall promptly upon completion furnish Landlord with a reproducible copy of as-built drawings and specifications for any Alterations.

9.2. At least twenty (20) days prior to commencing any work relating to any Alterations requiring the approval of Landlord that have been so approved, Tenant shall notify Landlord in writing of the expected date of commencement. Tenant shall pay, when due, all claims for labor or materials furnished to or for Tenant for use in improving the Premises. Tenant shall not permit any mechanics' or materialmen's liens to be levied against the Premises arising out of work performed, materials furnished, or obligations to have been performed on the Premises by or at the request of Tenant. Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold Landlord Indemnitees from and against any and all Claims of any kind or nature that arise before, during or after the Term on account of claims of lien of laborers or materialmen or others for work performed or materials or supplies furnished for Tenant or its contractors, agents or employees. If Tenant fails to discharge or undertake to defend against such liability, upon receipt of written notice from Landlord of such failure, Tenant shall have fifteen (15) days (the "**Defense Cure Period**") to cure such failure by prosecuting such a defense. If Tenant fails to do so within the Defense Cure Period, then Landlord may settle the same and Tenant's liability to Landlord shall be conclusively established by such settlement provided that such settlement is entered into on commercially reasonable terms and conditions, the amount of such liability to include both the settlement consideration and the costs and expenses (including attorneys' fees) incurred by Landlord in effecting such settlement. In the event any contractor, agent or employee notifies Tenant of its intent to file a mechanics' or materialmen's lien against the Premises, Tenant shall immediately notify Landlord of such intention to file a lien or a lawsuit with respect to such lien.

9.3. Tenant shall repair any damage to the Premises caused by Tenant's removal of any property from the Premises. During any such restoration period, Tenant shall pay Rent to Landlord as provided herein as if such space were otherwise occupied by Tenant. The provisions of this Section shall survive the expiration or earlier termination of this Lease.

9.4. The Premises plus any Alterations, Tenant Improvements, attached equipment, decorations, fixtures and trade fixtures; movable casework and related appliances; and other additions and improvements attached to or built into the Premises made by either of the parties (including all floor and wall coverings; paneling; sinks and related plumbing fixtures; attached benches; production equipment; walk-in refrigerators; ductwork; conduits; electrical panels and circuits; attached machinery and equipment; and built-in furniture and cabinets, in each case, together with all additions and accessories thereto), shall (unless, prior to such construction or installation, Landlord elects otherwise in writing) at all times remain the property of Landlord, shall remain in the Premises and shall (unless, prior to construction or installation thereof, Landlord elects otherwise in writing) be surrendered to Landlord upon the expiration or earlier termination of this Lease. For the avoidance of doubt, the items listed on Exhibit B attached hereto (which Exhibit B may be updated by Tenant from and after the Commencement Date, subject to Landlord's written consent) constitute Tenant's property and shall be removed by Tenant upon the expiration or earlier termination of the Lease.

9.5. If Tenant shall fail to remove any of its property from the Premises prior to the expiration of the Term, then Landlord may, at its option, remove the same in any manner that Landlord shall choose and store such effects without liability to Tenant for loss thereof or damage thereto, and Tenant shall pay Landlord, upon demand, any costs and expenses incurred due to such removal and storage or Landlord may, at its sole option, without notice to Tenant and with Illinois Department of Agriculture approval as required for certain items, sell such property or any portion thereof at private sale and without legal process for such price as Landlord may obtain and apply the proceeds of such sale against any (a) amounts due by Tenant to Landlord under this Lease and (b) any expenses incident to the removal, storage and sale of such personal property.

9.6. Tenant shall pay to Landlord an amount equal to [***] percent ([***]%) of the cost to Tenant of all Alterations to cover Landlord's overhead and expenses for plan review, engineering review, coordination, scheduling and supervision thereof. For purposes of payment of such sum, Tenant shall submit to Landlord copies of all bills, invoices and statements covering the costs of such charges, accompanied by payment to Landlord of the fee set forth in this Section. In addition, Tenant shall reimburse Landlord for all third-party costs actually incurred by Landlord in connection with any Alterations, including any non-structural Alterations that do not require Landlord’s prior consent.

9.7. Tenant shall require its contractors and subcontractors performing work on the Premises to name Landlord and its affiliates and any lender as additional insureds on their respective insurance policies, except to the extent that the same is not permitted by Illinois law or regulation.

10. Odors and Fumes. Tenant shall not cause or permit (or conduct any activities that would cause) any release of any odors or fumes of any kind from the Premises. Tenant shall, at Tenant's sole cost and expense, provide odor eliminators and other devices (such as filters, air cleaners, scrubbers and whatever other equipment may in Landlord's judgment be necessary or appropriate from time to time) to abate any odors, fumes or other substances in Tenant's exhaust stream that, in Landlord's reasonable judgment, emanate from Tenant's Premises. Any work Tenant performs under this Section shall constitute Alterations. Tenant's responsibility to abate odors, fumes and exhaust shall continue throughout the Term. If Tenant fails to install satisfactory odor control equipment within thirty (30) days after Landlord's written demand made at any time, then Landlord may, without limiting Landlord's other rights and remedies, require Tenant to cease and suspend any operations in the Premises that, in Landlord's reasonable determination, cause odors, fumes or exhaust.

11. Repairs and Maintenance.

11.1. Care of Premises. This Lease shall be deemed and construed to be an "absolute net lease." Tenant shall, at its sole cost and expense, keep the Premises in a working, neat, clean, sanitary, safe condition and repair, and shall keep the Premises free from trash. Tenant shall make all repairs or replacements thereon or thereto, whether ordinary or extraordinary. Without limiting the foregoing, Tenant’s obligations hereunder shall include the maintenance, repair and replacement of the Building foundation, roof (including roof membrane), walls and all other structural components of the Building; all heating, ventilation, air conditioning, plumbing, electrical, mechanical, utility and safety systems serving the Building or Premises; the parking areas, roads and driveways located on the Premises; maintenance of exterior areas such as gardening and landscaping; snow removal and signage; maintenance and repair of flashings, gutters, downspouts, roof drains, skylights and waterproofing; and painting. Landlord shall not be required to furnish any services or facilities or to make any repairs, replacements or alterations of any kind in or on the Premises. Tenant shall receive all invoices and bills relative to the Premises and, except as otherwise provided herein, shall pay for all expenses directly to the person or company submitting a bill without first having to forward payment for the expenses to Landlord. Tenant hereby expressly waives the right to make repairs at the expense of Landlord as provided for in any Applicable Laws in effect at the time of execution of this Lease, or in any other Applicable Laws that may hereafter be enacted, and waives its rights under Applicable Laws relating to a landlord's duty to maintain its premises in a tenantable condition.

11.2. Service Contracts and Invoices. Tenant shall, promptly upon Landlord's written request therefor, provide Landlord with copies of all service contracts relating to the Tenant's maintenance of the Premises and invoices received from Tenant from such service providers.

11.3. Action by Landlord if Tenant Fails to Maintain. If Tenant refuses or neglects to repair or maintain the Premises as required hereunder to the reasonable satisfaction of Landlord, Landlord, at any time following ten (10) business days from the date on which Landlord shall make written demand on Tenant to affect such repair or maintenance, may, but shall not have the obligation to, make such repair and/or maintenance (without liability to Tenant for any loss or damage which may occur to Tenant's merchandise, fixtures or other personal property, or to Tenant's business by reason thereof) and upon completion thereof, Tenant shall pay to Landlord as Landlord Additional Rent Landlord's costs for making such repairs, plus interest at the Default Rate from the date of expenditure by Landlord upon demand therefor. Moreover, Tenant's failure to pay any of the charges in connection with the performance of its maintenance and repair obligations under this Lease will constitute a material default under the Lease.

11.4. No Rent Abatement. There shall be no abatement of Rent and no liability of Landlord by reason of any injury to or interference with Tenant's business arising from the making of any repairs, alterations or improvements in or to any portion of the Premises, or in or to improvements, fixtures, equipment and personal property therein.

11.5. Right of Entry. After providing the required notice to and receiving required approval from the relevant regulatory agencies including the Illinois Department of Agriculture, Landlord and Landlord's agents shall have the right to enter upon the Premises or any portion thereof for the purposes of performing any repairs or maintenance Landlord is permitted to make pursuant to this Lease, and of ascertaining the condition of the Premises or whether Tenant is observing and performing Tenant's obligations hereunder, all without unreasonable interference from Tenant or Tenant Parties. Except for emergency maintenance or repairs, the right of entry contained in this paragraph shall be exercisable at reasonable times, at reasonable hours and on reasonable notice, subject to Tenant's authorized personnel accompanying Landlord's agents in sensitive areas of the Premises and conditioned upon the required approval and consent from the Illinois Department of Agriculture and any other relevant regulatory agency. For the absence of doubt, all subsequent references to Landlord’s right of entry contained herein are subject to the same approval by the Illinois Department of Agriculture.

12. Liens. Tenant shall keep the Premises free from any liens arising out of work or services performed, materials furnished to or obligations incurred by Tenant. Tenant further covenants and agrees that any mechanic's or materialman's lien filed against the Premises for work or services claimed to have been done for, or materials claimed to have been furnished to, or obligations incurred by Tenant shall be discharged or bonded by Tenant within ten (10) days after the filing thereof, at Tenant's sole cost and expense. Should Tenant fail to discharge or bond against any lien of the nature described in this Section, Landlord may, at Landlord's election, pay such claim or otherwise provide security to eliminate the lien as a claim against title, and Tenant shall immediately reimburse Landlord for the costs thereof as Additional Rent. Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any Claims arising from any such liens, including any administrative, court or other legal proceedings related to such liens. In the event that Tenant leases or finances the acquisition of office equipment, furnishings or other personal property of a removable nature utilized by Tenant in the operation of Tenant's business, Tenant warrants that any Uniform Commercial Code financing statement shall, upon its face or by exhibit thereto, indicate that such financing statement is applicable only to removable personal property of Tenant located within the Premises.

13. Rules and Regulations and CC&Rs and Parking Facilities Tenant shall faithfully observe and comply with and shall ensure that its contractors, subcontractors, employees, subtenants and invitees faithfully observe and comply with such reasonable and nondiscriminatory rules and regulations as are hereafter promulgated by Landlord provided that the same do not prohibit the Permitted Use or otherwise significantly interfere with Tenant’s use and access to the Premises. This Lease is subject to any recorded covenants, conditions or restrictions on the Property or Premises, as the same may be amended, amended and restated, supplemented or otherwise modified from time to time (the "**CC&Rs**"). Tenant shall, at its sole cost and expense, comply with the CC&Rs.

14. Utilities and Services Tenant shall make all arrangements for and pay for all water, sewer, gas, heat, light, power, telephone service and any other service or utility Tenant requires at the Premises. Landlord shall not be liable for any failure or interruption of any utility service being furnished to the Premises, and no such failure or

interruption shall entitle Tenant to any abatement or right to terminate this Lease. In the event that any utilities are furnished by Landlord, Tenant shall pay to Landlord the cost thereof as an Operating Expense.

15. Estoppel Certificate. Tenant shall, within ten (10) days after receipt of written notice from Landlord, execute, acknowledge and deliver a statement in writing substantially in the form attached to this Lease as Exhibit C, or on any other form reasonably requested by a current or proposed lender or encumbrancer or proposed purchaser, (a) certifying that this Lease is unmodified and in full force and effect (or, if modified, stating the nature of such modification and certifying that this Lease as so modified is in full force and effect) and the dates to which rental and other charges are paid in advance, if any, (b) acknowledging that there are not, to Tenant's knowledge, any uncured defaults on the part of Landlord hereunder, or specifying such defaults if any are claimed, and (c) setting forth such further information with respect to this Lease or the Premises as may be requested thereon. Each Guarantor shall, within ten (10) days after receipt of written notice from Landlord, execute, acknowledge and deliver a statement in writing in the same form. Tenant's or any Guarantor's failure to deliver any such statement within such the prescribed time shall, at Landlord's option, constitute a Default (as defined below) under this Lease, and, in any event, shall be binding upon Tenant or such Guarantor (as applicable) that the Lease and such Guaranty are in full force and effect and without modification except as may be represented by Landlord in any certificate prepared by Landlord and delivered to Tenant or such Guarantor (as applicable) for execution.

16. Assignment or Subletting.

16.1. None of the following (each, a "**Transfer**"), either voluntarily or by operation of Applicable Laws, shall be directly or indirectly performed without Landlord's prior written consent: (a) Tenant selling, hypothecating, assigning, pledging, encumbering or otherwise transferring this Lease or subletting the Premises or (b) a controlling interest in Tenant being sold, assigned or otherwise transferred (other than as a result of shares in Tenant being sold on a public stock exchange or a Permitted Transfer as defined below). For purposes of the preceding sentence, "control" means (a) owning (directly or indirectly) more than fifty percent (50%) of the stock or other equity interests of another person or (b) possessing, directly or indirectly, the power to direct or cause the direction of the management and policies of such person.

16.2. In the event Tenant desires to effect a Transfer, then, at least thirty (30) but not more than ninety (90) days prior to the date when Tenant desires the Transfer to be effective (the "**Transfer Date**"), Tenant shall provide written notice to Landlord (the "**Transfer Notice**") containing information (including references) concerning the character of the proposed transferee, assignee or sublessee; the proposed Transfer Date; the most recent unconsolidated financial statements of Tenant and of the proposed transferee, assignee or sublessee ("**Required Financials**"); any ownership or commercial relationship between Tenant and the proposed transferee, assignee or sublessee; and the consideration and all other material terms and conditions of the proposed Transfer, all in such detail as Landlord shall reasonably require. In no event shall Landlord be deemed to be unreasonable for declining to consent to a Transfer to a transferee, assignee or sublessee of poor reputation, lacking financial qualifications or seeking a change in the Permitted Use, or jeopardizing directly or indirectly the status of Landlord or any of Landlord's affiliates as a Real Estate Investment Trust under the Internal Revenue Code of 1986, as amended from time to time.

16.3. The following are conditions precedent to a Transfer or to Landlord considering a request by Tenant to a Transfer:

16.3.1. Tenant shall remain fully liable under this Lease and each Guarantor shall continue to remain fully liable under such Guarantor's Guaranty, including with respect to the Term after the Transfer Date. Tenant agrees that it shall not be (and shall not be deemed to be) a guarantor or surety of this Lease, however, and waives its right to claim that it is a guarantor or surety or to raise in any legal proceeding any guarantor or surety defenses permitted by this Lease or by Applicable Laws;

16.3.2. Tenant shall provide Landlord with evidence reasonably satisfactory to Landlord that the value of Landlord's interest under this Lease shall not be diminished or reduced by the proposed Transfer. Such

evidence shall include evidence respecting the relevant business experience and financial responsibility and status of the proposed transferee, assignee or sublessee;

16.3.3. Tenant shall reimburse Landlord for Landlord's actual costs and expenses, including attorneys' fees, charges and disbursements incurred in connection with the review, processing and documentation of such request;

16.3.4. If Tenant's transfer of rights or sharing of the Premises provides for the receipt by, on behalf of or on account of Tenant of any consideration of any kind whatsoever (including a premium rental for a sublease or lump sum payment for an assignment, but excluding Tenant's reasonable costs in marketing and subleasing the Premises) in excess of the rental and other charges due to Landlord under this Lease, Tenant shall pay [***] percent ([***]%) of all of such excess to Landlord, after making deductions for any reasonable marketing expenses, tenant improvement funds expended by Tenant, alterations, cash concessions, brokerage commissions, attorneys' fees and free rent actually paid by Tenant. If such consideration consists of cash paid to Tenant, payment to Landlord shall be made upon receipt by Tenant of such cash payment;

16.3.5. The proposed transferee, assignee or sublessee shall agree that, in the event Landlord gives such proposed transferee, assignee or sublessee notice that Tenant is in default under this Lease, such proposed transferee, assignee or sublessee shall thereafter make all payments otherwise due Tenant directly to Landlord, which payments shall be received by Landlord without any liability being incurred by Landlord, except to credit such payment against those due by Tenant under this Lease, and any such proposed transferee, assignee or sublessee shall agree to attorn to Landlord or its successors and assigns should this Lease be terminated for any reason; provided, however, that in no event shall Landlord or its Lenders, successors or assigns be obligated to accept such attornment;

16.3.6. Tenant shall not then be in default hereunder in any respect;

16.3.7. Such proposed transferee, assignee or sublessee's use of the Premises shall be the same as the Permitted Use;

16.3.8. Landlord shall not be bound by any provision of any agreement pertaining to the Transfer, except for Landlord's written consent to the same;

16.3.9. Tenant shall pay all transfer and other taxes (including interest and penalties) assessed or payable for any Transfer;

16.3.10. Landlord's consent (or waiver of its rights) for any Transfer shall not waive Landlord's right to consent or refuse consent to any later Transfer; and

16.3.11. Tenant shall deliver to Landlord a list of Hazardous Materials (as defined below), certified by the proposed transferee, assignee or sublessee to be true and correct, that the proposed transferee, assignee or sublessee intends to use or store in the Premises. Additionally, Tenant shall deliver to Landlord, on or before the date any proposed transferee, assignee or sublessee takes occupancy of the Premises, all of the items relating to Hazardous Materials of such proposed transferee, assignee or sublessee as described in Section 8.

16.4. Any Transfer that is not in compliance with the provisions of this Section or with respect to which Tenant does not fulfill its obligations pursuant to this Section shall be void and shall, at the option of Landlord, terminate this Lease.

16.5. Notwithstanding any Transfer, Tenant shall remain fully and primarily liable for the payment of all Rent and other sums due or to become due hereunder, and for the full performance of all other terms, conditions and covenants to be kept and performed by Tenant. The acceptance of Rent or any other sum due hereunder, or the acceptance of performance of any other term, covenant or condition thereof, from any person or entity other than Tenant shall not be deemed a waiver of any of the provisions of this Lease or a consent to any Transfer.

16.6. If Tenant delivers to Landlord a Transfer Notice indicating a desire to transfer this Lease to a proposed transferee, assignee or sublessee, then Landlord shall have the option, exercisable by giving notice to Tenant within ten (10) days after Landlord's receipt of such Transfer Notice, to terminate this Lease as of the date specified in the Transfer Notice as the Transfer Date, except for those provisions that, by their express terms, survive the expiration or earlier termination hereof. If Landlord exercises such option, then Tenant shall have the right to withdraw such Transfer Notice by delivering to Landlord written notice of such election within five (5) business days after Landlord's delivery of notice electing to exercise Landlord's option to terminate this Lease. In the event Tenant withdraws the Transfer Notice as provided in this Section, this Lease shall continue in full force and effect. No failure of Landlord to exercise its option to terminate this Lease shall be deemed to be Landlord's consent to a proposed Transfer.

16.7. If Tenant sublets the Premises or any portion thereof, Tenant hereby immediately and irrevocably assigns to Landlord, as security for Tenant's obligations under this Lease, all rent from any such subletting, and appoints Landlord as assignee and attorney-in-fact for Tenant, and Landlord (or a receiver for Tenant appointed on Landlord's application) may collect such rent and apply it toward Tenant's obligations under this Lease; provided that, until the occurrence of a Default (as defined below) by Tenant, Tenant shall have the right to collect such rent.

16.8. Permitted Transfers. Tenant may assign its entire interest under this Lease or sublease all or a portion of the Premises without the consent of Landlord to: (i) an affiliate, subsidiary or parent of Tenant; (ii) any entity into which that Tenant or an affiliated party may merge or consolidate; (iii) any entity that acquires all or substantially all of the assets of Tenant; each a “Permitted Transfer” and such transferee a “Permitted Transferee”, provided that (a) Tenant notifies Landlord at least twenty (20) days prior to the effective date of any such Permitted Transfer, (b) Tenant is not in default and such assignment or sublease is not a subterfuge by Tenant to avoid its obligations under this Lease, (c) such Permitted Transferee shall have a tangible net worth (not including goodwill as an asset) computed in accordance with generally accepted accounting principles (“Net Worth”) at least equal to the Net Worth of the original Tenant on the day immediately preceding the effective date of such assignment or sublease and reasonably sufficient to comply with the obligations under this Lease, (d) no assignment or sublease relating to this Lease, whether with or without Landlord’s consent, shall relieve Tenant from any liability under this Lease, and (e) the liability of such Permitted Transferee under either an assignment or sublease shall be joint and several with Tenant and each Guarantor. Tenant’s notice to Landlord shall include information and documentation showing that each of the above conditions has been satisfied. As used in this Section 16.8, (w) “parent” shall mean a company which owns a majority of Tenant’s voting equity; (x) “subsidiary” shall mean an entity wholly owned by Tenant or at least fifty-one percent (51%) of whose voting equity is owned by Tenant; (y) “affiliate” shall mean an entity controlled by, controlling or under common control with Tenant; and (z) “control” shall mean the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person or entity.

17. Indemnification and Exculpation.

17.1. Tenant agrees to indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any and all Claims of any kind or nature, real or alleged, arising from (a) injury to or death of any person or damage to any property occurring within or about the Premises arising directly or indirectly out of the presence at or use or occupancy of the Premises or Project by a Tenant Party, (b) an act or omission on the part of any Tenant Party; (c) a breach or default by Tenant in the performance of any of its obligations hereunder or (d) injury to or death of persons or damage to or loss of any property, real or alleged, arising from the serving of any intoxicating substances at the Premises or Project, except to the extent any of the foregoing are directly caused by Landlord's gross negligence or willful misconduct. Tenant's obligations under this Section shall not be affected, reduced or limited by any limitation on the amount or type of damages, compensation or benefits payable by or for Tenant under workers' compensation acts, disability benefit acts, employee benefit acts or similar legislation. Tenant's obligations under this Section shall survive the expiration or earlier termination of this Lease.

17.2. Notwithstanding anything in this Lease to the contrary, Landlord shall not be liable to Tenant for and Tenant assumes all risk of (a) damage or losses caused by fire, electrical malfunction, gas explosion or water damage of any type (including broken water lines, malfunctioning fire sprinkler systems, roof leaks or stoppages of

lines), and (b) damage to personal property (in each case, regardless of whether such damages are foreseeable). Tenant further waives any claim for injury to Tenant's business or loss of income relating to any such damage or destruction of personal property as described in this Section. Notwithstanding anything in the foregoing or this Lease to the contrary, except as otherwise provided herein or as may be required by Applicable Laws, in no event shall Landlord be liable to Tenant for any consequential, special or indirect damages arising out of this Lease, including lost profits.

17.3. Landlord shall not be liable for any damages arising from any act, omission or neglect of any third party.

17.4. The provisions of this Section shall survive the expiration or earlier termination of this Lease.

18. Insurance; Waiver of Subrogation.

18.1. Landlord shall maintain a policy or policies of insurance protecting Landlord against the following (all of which shall be payable by Tenant as Operating Expenses):

18.1.1. Fire and other perils normally included within the classification of fire and extended coverage, together with insurance against vandalism and malicious mischief, to the extent of the full replacement cost of the Premises, including, at Landlord's option, earthquake and flood coverage, exclusive of trade fixtures, equipment and improvements insured by Tenant, with agreed value, full replacement and other endorsements which Landlord may elect to maintain;

18.1.2. Twenty-four (24) months of rental loss insurance and to the extent of 100% of the gross rentals from the Premises;

18.1.3. Comprehensive general liability insurance with a single limit of not less than $[***] for bodily injury or death and property damage with respect to the Premises, a general aggregate not less than $[***] for bodily injury or death and property damage with respect to the Premises, and not less than $[***] of excess umbrella liability insurance; and

18.1.4. At Landlord's sole option, environmental liability or environmental clean-up/remediation insurance in such amounts and with such deductibles and other provisions as Landlord may determine in its sole and absolute discretion.

18.2. Tenant shall, at its own cost and expense, procure and maintain during the Term the following insurance for the benefit of Tenant and Landlord (as their interests may appear) with insurers financially acceptable and lawfully authorized to do business in the state where the Premises are located:

18.2.1. Commercial General Liability insurance on a broad-based occurrence coverage form, with coverages including but not limited to bodily injury (including death), property damage (including loss of use resulting therefrom), premises/operations, personal & advertising injury, and contractual liability with limits of liability of not less than $[***] for bodily injury and property damage per occurrence, $[***] general aggregate, which limits may be met by use of excess and/or umbrella liability insurance provided that such coverage is at least as broad as the primary coverages required herein.

18.2.2. Commercial Automobile Liability insurance covering liability arising from the use or operation of any auto, including those owned, hired or otherwise operated or used by or on behalf of the Tenant. The coverage shall be on a broad-based occurrence form with combined single limits of not less than $[***] per accident for bodily injury and property damage.

18.2.3. Commercial Property insurance covering property damage to the full replacement cost value and business interruption. Covered property shall include all tenant improvements in the Premises (to the extent not insured by Landlord) and Tenant's property including personal property, furniture, fixtures, machinery,

equipment, stock, inventory and improvements and betterments, which may be owned by Tenant or Landlord and required to be insured hereunder, or which may be leased, rented, borrowed or in the care custody or control of Tenant, or Tenant's agents, employees or subcontractors. Such insurance, with respect only to all Alterations, Tenant Improvements or other work performed on the Premises by Tenant (collectively, "**Tenant Work**"), shall name Landlord and Landlord's current and future mortgagees as loss payees as their interests may appear. Such insurance shall be written on an "all risk" of physical loss or damage basis including the perils of fire, extended coverage, electrical injury, mechanical breakdown, windstorm, vandalism, malicious mischief, sprinkler leakage, back-up of sewers or drains, flood, earthquake, terrorism and such other risks Landlord may from time to time designate, for the full replacement cost value of the covered items with an agreed amount endorsement with no co-insurance. Business interruption coverage shall have limits sufficient to cover Tenant's lost profits and necessary continuing expenses, including rents due Landlord under the Lease. The minimum period of indemnity for business interruption coverage shall be twelve (12) months plus twelve (12) months' extended period of indemnity.

18.2.4. Workers' Compensation insurance as is required by statute or law, or as may be available on a voluntary basis and Employers' Liability insurance with limits of not less than the following: each accident, [***] Dollars ($[***]); disease, [***] Dollars ($[***]); disease (each employee), [***] Dollars ($[***]).

18.2.5. Pollution Legal Liability insurance is required if Tenant stores, handles, generates or treats Hazardous Materials, as determined solely by Landlord, on or about the Premises. Such coverage shall include bodily injury, sickness, disease, death or mental anguish or shock sustained by any person; property damage including physical injury to or destruction of tangible property including the resulting loss of use thereof, clean-up costs, and the loss of use of tangible property that has not been physically injured or destroyed; and defense costs, charges and expenses incurred in the investigation, adjustment or defense of claims for such compensatory damages. Coverage shall apply to both sudden and non-sudden pollution conditions including the discharge, dispersal, release or escape of smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, liquids or gases, waste materials or other irritants, contaminants or pollutants into or upon land, the atmosphere or any watercourse or body of water. Claims-made coverage is permitted, provided the policy retroactive date is continuously maintained prior to the commencement date of this Lease, and coverage is continuously maintained during all periods in which Tenant occupies the Premises. Coverage shall be maintained with limits of not less than $[***] per incident with a $[***] policy aggregate and for a period of two (2) years thereafter.

18.3. During all construction by Tenant at the Premises, with respect to tenant improvements being constructed (including the Tenant Improvements and any Alterations), Tenant shall cause the insurance required in Exhibit E-1 to be in place.

18.4. The insurance required of Tenant by this Section shall be with companies at all times having a current rating of not less than A- and financial category rating of at least Class VII in "A.M. Best's Insurance Guide" current edition. Tenant shall obtain for Landlord from the insurance companies/broker or cause the insurance companies/broker to furnish certificates of insurance evidencing all coverages required herein to Landlord. Landlord reserves the right to require complete, certified copies of all required insurance policies including any endorsements. No such policy shall be cancelable or subject to reduction of coverage or other modification or cancellation except after twenty (20) days' prior written notice to Landlord from Tenant or its insurers (except in the event of non-payment of premium, in which case ten (10) days' written notice shall be given). All such policies shall be written as primary policies, not contributing with and not in excess of the coverage that Landlord may carry. Tenant's required policies shall contain severability of interests clauses stating that, except with respect to limits of insurance, coverage shall apply separately to each insured or additional insured. Tenant shall, at least twenty-five (25) days prior to the expiration of such policies, furnish Landlord with renewal certificates of insurance or binders. Tenant agrees that if Tenant does not take out and maintain such insurance, Landlord may (but shall not be required to) procure such insurance on Tenant's behalf and at its cost to be paid by Tenant as Additional Rent. Commercial General Liability, Commercial Automobile Liability, Umbrella Liability and Pollution Legal Liability insurance as required above shall name Landlord, IIP Operating Partnership, LP and Innovative Industrial Properties, Inc. and their respective officers, employees, agents, general partners, members, subsidiaries, affiliates and Lenders ("**Landlord Parties**") as additional insureds as respects liability arising from work or operations performed by or on

behalf of Tenant, Tenant's use or occupancy of Premises, and ownership, maintenance or use of vehicles by or on behalf of Tenant.

18.5. Tenant assumes the risk of damage to any fixtures, goods, inventory, merchandise, equipment and leasehold improvements, and Landlord shall not be liable for injury to Tenant's business or any loss of income therefrom, relative to such damage, all as more particularly set forth within this Lease. Tenant shall, at Tenant's sole cost and expense, carry such insurance as Tenant desires for Tenant's protection with respect to personal property of Tenant or business interruption.

18.6. Tenant and its insurers hereby waive any and all rights of recovery or subrogation against the Landlord Parties with respect to any loss, damage, claims, suits or demands, howsoever caused, that are covered, or should have been covered, by valid and collectible insurance, including any deductibles or self-insurance maintained thereunder. If necessary, Tenant agrees to endorse the required insurance policies to permit waivers of subrogation as required hereunder and hold harmless and indemnify the Landlord Parties for any loss or expense incurred as a result of a failure to obtain such waivers of subrogation from insurers. Such waivers shall continue so long as Tenant's insurers so permit. Any termination of such a waiver shall be by written notice to Landlord, containing a description of the circumstances hereinafter set forth in this Section. Tenant, upon obtaining the policies of insurance required or permitted under this Lease, shall give notice to its insurance carriers that the foregoing waiver of subrogation is contained in this Lease. If such policies shall not be obtainable with such waiver or shall be so obtainable only at a premium over that chargeable without such waiver, then Tenant shall notify Landlord of such conditions.

18.7. Landlord may require insurance policy limits required under this Lease to be raised to conform with requirements of Landlord's lender, if any.

18.8. Any costs incurred by Landlord pursuant to this Section shall be included as Operating Expenses payable by Tenant pursuant to this Lease.

18.9. The provisions of this Section shall survive the expiration or earlier termination of this Lease.

19. Subordination and Attornment.

19.1. This Lease shall be subject and subordinate to the lien of any mortgage, deed of trust, or lease in which Landlord is tenant now or hereafter in force against the Premises or any portion thereof and to all advances made or hereafter to be made upon the security thereof without the necessity of the execution and delivery of any further instruments on the part of Tenant to effectuate such subordination.

19.2. Notwithstanding the foregoing, Tenant shall execute and deliver upon demand such further instrument or instruments evidencing such subordination of this Lease to the lien of any such mortgage or mortgages or deeds of trust or lease in which Landlord is tenant as may be required by Landlord. If any such mortgagee, beneficiary or landlord under a lease wherein Landlord is tenant (each, a "**Mortgagee**") so elects, however, this Lease shall be deemed prior in lien to any such lease, mortgage, or deed of trust upon or including the Premises regardless of date and Tenant shall execute a statement in writing to such effect at Landlord's request. If Tenant fails to execute any document required from Tenant under this Section within ten (10) days after written request therefor, Tenant hereby constitutes and appoints Landlord or its special attorney-in-fact to execute and deliver any such document or documents in the name of Tenant. Such power is coupled with an interest and is irrevocable.

19.3. Upon written request of Landlord and opportunity for Tenant to review, Tenant agrees to execute any Lease amendments not materially altering the terms of this Lease, if required by a Mortgagee incident to the financing of the real property of which the Premises constitute a part.

19.4. In the event any proceedings are brought for foreclosure, or in the event of the exercise of the power of sale under any mortgage or deed of trust made by Landlord covering the Premises, Tenant shall at the

election of the purchaser at such foreclosure or sale attorn to the purchaser upon any such foreclosure or sale and recognize such purchaser as Landlord under this Lease.

20. Defaults and Remedies

20.1. Late payment by Tenant to Landlord of Rent and other sums due shall cause Landlord to incur costs not contemplated by this Lease, the exact amount of which shall be extremely difficult and impracticable to ascertain. Such costs include processing and accounting charges and late charges that may be imposed on Landlord by the terms of any mortgage or trust deed covering the Premises. Therefore, if any installment of Rent due from Tenant is not received by Landlord within five (5) days after the date such payment is due, Tenant shall pay to Landlord (a) an additional sum of [***] percent ([***]%) of the overdue Rent as a late charge plus (b) interest at an annual rate (the "**Default Rate**") equal to the lesser of (a) [***] percent ([***]%) and (b) the highest rate permitted by Applicable Laws. The parties agree that this late charge represents a fair and reasonable estimate of the costs that Landlord shall incur by reason of late payment by Tenant and shall be payable as Additional Rent to Landlord due with the next installment of Rent. Landlord's acceptance of any Additional Rent (including a late charge or any other amount hereunder) shall not be deemed an extension of the date that Rent is due or prevent Landlord from pursuing any other rights or remedies under this Lease, at law or in equity.

20.2. No payment by Tenant or receipt by Landlord of a lesser amount than the Rent payment herein stipulated shall be deemed to be other than on account of the Rent, nor shall any endorsement or statement on any check or any letter accompanying any check or payment as Rent be deemed an accord and satisfaction, and Landlord may accept such check or payment without prejudice to Landlord's right to recover the balance of such Rent or pursue any other remedy provided in this Lease or in equity or at law.

20.3. If Tenant fails to pay any sum of money required to be paid by it hereunder or perform any other act on its part to be performed hereunder, in each case within the applicable cure period (if any) described herein, then Landlord may (but shall not be obligated to), without waiving or releasing Tenant from any obligations of Tenant, make such payment or perform such act. Notwithstanding the foregoing, in the event of an emergency, Landlord shall have the right to enter the Premises and act in accordance with its rights as provided elsewhere in this Lease. Tenant shall pay to Landlord as Additional Rent all sums so paid or incurred by Landlord, together with interest at the Default Rate, computed from the date such sums were paid or incurred.

20.4. The occurrence of any one or more of the following events shall constitute a "**Default**" hereunder by Tenant:

20.4.1. Tenant abandons or vacates the Premises;

20.4.2. Tenant fails to make any payment of Rent, as and when due, where such failure shall continue for a period of five (5) days after written notice thereof from Landlord to Tenant;

20.4.3. Tenant fails to observe or perform any obligation or covenant contained herein that is not otherwise described in this Section 20.4, and such failure (if susceptible to cure) is not cured within thirty (30) days after Tenant’s receipt of written notice from Landlord of such default, provided that if such default cannot reasonably be cured within thirty (30) days, then Tenant shall not be in Default so long as Tenant commences to cure such default within such thirty (30) day period and thereafter pursues such cure to completion, provided such cure period shall in no event exceed ninety (90) days;

20.4.4. Tenant makes an assignment for the benefit of creditors, or a receiver, trustee or custodian is appointed to or does take title, possession or control of all or substantially all of Tenant's or any Guarantor's assets;

20.4.5. Tenant or any Guarantor files a voluntary petition under the United States Bankruptcy Code or any successor statute (as the same may be amended from time to time, the "**Bankruptcy Code**") or an order

for relief is entered against Tenant or any Guarantor (as applicable) pursuant to a voluntary or involuntary proceeding commenced under any chapter of the Bankruptcy Code;

20.4.6. Any involuntary petition is filed against Tenant or any Guarantor under any chapter of the Bankruptcy Code and is not dismissed within one hundred twenty (120) days;

20.4.7. A default exists under any Guaranty executed by a Guarantor in favor of Landlord, after the expiration of any applicable notice and cure periods;

20.4.8. Tenant's interest in this Lease is attached, executed upon or otherwise judicially seized and such action is not released within one hundred twenty (120) days of the action;

20.4.9. A governmental authority seizes any part of the Property seeking forfeiture, whether or not a judicial forfeiture proceeding has commenced;

20.4.10. A final, appealable judgment having the effect of establishing that Tenant's operation violates Landlord's contractual obligations (i) pursuant to any private covenants of record restricting Landlord's Building containing the Premises or (ii) of good faith and fair dealing to any third party, including other tenants of the Building containing the Premises or occupants or owners of any other building within the Project; or

20.4.11. An event occurs that results in any insurance carrier that provides insurance coverage with respect to any aspect of the Project providing notice to the Landlord of its intent to cancel such insurance coverage, and Landlord, exercising commercially reasonable efforts, is not able to procure comparable replacement insurance coverage that is reasonably acceptable to Landlord prior to the actual cancellation date specified in the notice from the cancelling insurance carrier.

20.5. Notices given under this Section shall specify the alleged default and shall demand that Tenant perform the provisions of this Lease or pay the Rent that is in arrears, as the case may be, within the applicable period of time, or quit the Premises. No such notice shall be deemed a forfeiture or a termination of this Lease unless Landlord elects otherwise in such notice.

20.6. In the event of a Default by Tenant, and at any time thereafter, with or without notice or demand and without limiting Landlord in the exercise of any right or remedy that Landlord may have under Applicable Laws or this Lease, Landlord has the right to do any or all of the following:

20.6.1. Halt any Tenant Improvements or Alterations and order Tenant's contractors to stop work;

20.6.2. Terminate Tenant's right to possession of the Premises by written notice to Tenant or by any lawful means, in which case Tenant shall immediately surrender possession of the Premises to Landlord. In such event, Landlord shall have the immediate right to re-enter and remove all persons and property, and such property may be removed and stored elsewhere at the cost and for the account of Tenant, all without service of notice or resort to legal process and without being deemed guilty of trespass or becoming liable for any loss or damage; and

20.6.3. Terminate this Lease, in which event Tenant shall immediately surrender possession of the Premises to Landlord. In such event, Landlord shall have the immediate right to re-enter and remove all persons and property, and such property may be removed and stored elsewhere at the cost and for the account of Tenant, all without service of notice or resort to legal process and without being deemed guilty of trespass or becoming liable for any loss or damage. In the event that Landlord shall elect to so terminate this Lease, then Landlord shall be entitled to recover from Tenant all damages incurred by Landlord by reason of Tenant's default, including:

20.6.3.1. The sum of: (i) the worth at the time of award (computed by allowing interest at the Default Rate) of any unpaid Rent that had accrued at the time of such termination; plus (ii) the worth at the time

of award of the amount by which the unpaid Rent that would have accrued during the period commencing with termination of the Lease and ending at the time of award exceeds that portion of the loss of Landlord's rental income from the Premises that Tenant proves to Landlord's reasonable satisfaction could have been reasonably avoided; plus; (iii) the worth at the time of award of the amount by which the unpaid Rent for the balance of the Term after the time of award exceeds that portion of the loss of Landlord's rental income from the Premises that Tenant proves to Landlord's reasonable satisfaction could have been reasonably avoided; plus (iv) any other amount necessary to compensate Landlord for all the detriment caused by Tenant's failure to perform its obligations under this Lease or that in the ordinary course of things would be likely to result therefrom, including the cost of restoring the Premises to the condition required under the terms of this Lease, including any rent payments not otherwise chargeable to Tenant (e.g., during any "free" rent period or rent holiday); plus (v) At Landlord's election, such other amounts in addition to or in lieu of the foregoing as may be permitted from time to time by Applicable Laws; or

20.6.3.2. At Landlord's election, as minimum liquidated damages in addition to any (A) amounts paid or payable to Landlord pursuant to Section 20.6.3.1.(i) prior to such election and (B) costs of restoring the Premises to the condition required under the terms of this Lease, an amount (the "**Election Amount**") equal to either (Y) the positive difference (if any, and measured at the time of such termination) between (1) the then-present value of the total Rent and other benefits that would have accrued to Landlord under this Lease for the remainder of the Term if Tenant had fully complied with the Lease minus (2) the then-present cash rental value of the Premises as determined by Landlord for what would be the then-unexpired Term if the Lease remained in effect, computed using the discount rate of the Federal Reserve Bank of San Francisco at the time of the award plus one (1) percentage point (the "**Discount Rate**") or (Z) twelve (12) months (or such lesser number of months as may then be remaining in the Term) of Base Rent and Additional Rent at the rate last payable by Tenant pursuant to this Lease, in either case as Landlord specifies in such election. Landlord and Tenant agree that the Election Amount represents a reasonable forecast of the minimum damages expected to occur in the event of a breach, taking into account the uncertainty, time and cost of determining elements relevant to actual damages, such as fair market rent, time and costs that may be required to re-lease the Premises, and other factors; and that the Election Amount is not a penalty.

20.7. In addition to any other remedies available to Landlord at law or in equity and under this Lease, Landlord may continue this Lease in effect after Tenant's Default or abandonment and recover Rent as it becomes due. In addition, Landlord shall not be liable in any way whatsoever for its failure or refusal to relet the Premises. For purposes of this Section, the following acts by Landlord will not constitute the termination of Tenant's right to possession of the Premises: Acts of maintenance or preservation or efforts to relet the Premises, including alterations, remodeling, redecorating, repairs, replacements or painting as Landlord shall consider advisable for the purpose of reletting the Premises or any part thereof; or the appointment of a receiver upon the initiative of Landlord to protect Landlord's interest under this Lease or in the Premises.

20.8. Notwithstanding the foregoing, in the event of a Default by Tenant, Landlord may elect at any time to terminate this Lease and to recover damages to which Landlord is entitled.

20.9. If Landlord does not elect to terminate this Lease as provided in this Section 20, then Landlord may, from time to time, recover all Rent as it becomes due under this Lease. At any time thereafter, Landlord may elect to terminate this Lease and to recover damages to which Landlord is entitled.

20.10. All of Landlord's rights, options and remedies hereunder shall be construed and held to be nonexclusive and cumulative. Notwithstanding any provision of this Lease to the contrary, in no event shall Landlord be required to mitigate its damages with respect to any default by Tenant, except as required by Applicable Laws. Any such obligation imposed by Applicable Laws upon Landlord to relet the Premises after any termination of this Lease shall be subject to the reasonable requirements of Landlord to lease to high quality tenants on such terms as Landlord may from time to time deem appropriate in its discretion. Landlord shall not be obligated to relet the Premises to any party (i) unacceptable to a Lender, (ii) that requires Landlord to make improvements to or re-demise the Premises, (iii) that desires to change the Permitted Use, (iv) that desires to lease the Premises for more or less than the remaining Term or (v) to whom Landlord or an affiliate of Landlord may desire to lease other available space in the Project or at another property owned by Landlord or an affiliate of Landlord.

20.11. To the extent permitted by Applicable Laws, Tenant waives any and all rights of redemption granted by or under any present or future Applicable Laws if Tenant is evicted or dispossessed for any cause, or if Landlord obtains possession of the Premises due to Tenant's default hereunder or otherwise.

20.12. Landlord shall not be in default or liable for damages under this Lease unless Landlord fails to perform obligations required of Landlord within a reasonable time. In no event shall Tenant have the right to terminate or cancel this Lease or to withhold or abate rent or to set off any Claims against Rent as a result of any default or breach by Landlord of any of its covenants, obligations, representations, warranties or promises hereunder, except as may otherwise be expressly set forth in this Lease.

20.13. In the event of any default by Landlord, Tenant shall give notice by registered or certified mail to any (a) beneficiary of a deed of trust or (b) mortgagee under a mortgage covering the Premises or any portion thereof and to any landlord of any lease of land upon or within which the Premises are located, and shall offer such beneficiary, mortgagee or landlord a reasonable opportunity to cure the default, including time to obtain possession of the Premises by power of sale or a judicial action if such should prove necessary to effect a cure; provided that Landlord shall furnish to Tenant in writing, upon written request by Tenant, the names and addresses of all such persons who are to receive such notices.

21. Damage or Destruction

21.1. Tenant's Obligation to Rebuild. If the Premises are damaged or destroyed, Tenant shall immediately provide notice thereof to Landlord, and shall promptly thereafter deliver to Landlord Tenant's good faith estimate of the time it will take to repair and rebuild the Premises (the "Estimated Time For Repair"). Subject to the other provisions of this Section 21, Tenant shall promptly and diligently repair and rebuild the Premises in accordance with this Section 21 unless Landlord or Tenant terminates this Lease in accordance with Section 21.2.

21.2. Termination.

21.2.2. Landlord's Right to Terminate.

21.2.1.1. Landlord shall have the right to terminate this Lease following damage to or destruction of all or a substantial portion of the Premises if any of the following occurs (each, a "**Termination Condition**"): (i) insurance proceeds, together with additional amounts Tenant agrees to contribute under this Section 21, are not confirmed to be available to Landlord, within 90 days following the date of damage, to pay 100% of the cost to fully repair the damaged Premises, excluding the deductible for which Tenant shall also be responsible for paying as an Operating Expense; (ii) based upon the Estimated Time For Repair, the Premises cannot, with reasonable diligence, be fully repaired by Tenant within eighteen (18) months after the date of the damage or destruction; (iii) the Premises cannot be safely repaired because of the presence of hazardous factors, including, but not limited to, earthquake faults, chemical waste and other similar dangers; (iv) subject to the terms and conditions of Section 21.2.1.1. hereof, all or a substantial portion of the Premises are destroyed or damaged during the last 24 months of the Term; or (v) Tenant is in Default at the time of such damage or destruction past any period of notice and cure as elsewhere provided in this Lease. For purposes of this Section 21.2, a "substantial portion" of the Premises shall be deemed to be damaged or destroyed if the Premises is rendered unsuitable for the continued use and occupancy of Tenant's business substantially in the same manner conducted prior to the event causing the damage or destruction.

21.2.1.2. If all or a substantial portion of the Premises are destroyed or damaged within the last twenty-four (24) months of the initial Term, or within the last twenty-four (24) months of the first Extension Period under this Lease, and Landlord desires to terminate this Lease under Section 21.2.1.1. hereof, Landlord shall deliver a Termination Notice to Tenant pursuant to Section 21.2.3 below and Tenant shall have a period of thirty (30) days after receipt of the Termination Notice ("**Tenant's Early Option Period**") to exercise its option to extend the initial Term or the first Extension Period, as applicable, by providing Landlord with written notice of Tenant's exercise of its respective option prior to the expiration of Tenant's Early Option Period. If Tenant exercises its option rights under the immediately preceding sentence, the Termination Notice shall be deemed rescinded and Tenant

shall proceed to repair and rebuild the Premises in accordance with the other provisions of this Section 21. If Tenant fails to deliver such written notice to Landlord prior to the end of Tenant's Early Option Period, then Tenant shall be deemed to have waived its option to extend the Term, and the last day of Tenant's Early Option Period shall be deemed to be the date of the occurrence of the Termination Condition under Section 21.2.1.1.

21.2.2. Tenant's Right to Terminate. Tenant shall have the right to terminate this Lease following damage to or destruction of all or a substantial portion of the Premises if the Premises are destroyed or damaged during the last twenty-four (24) months of the Term or any Extension, which termination shall be deemed to constitute a Termination Condition.

21.2.3. Exercise of Termination Right. If a party elects to terminate this Lease and has the right to so terminate, such party will give the other party written notice of its election to terminate ("**Termination Notice**") within thirty (30) days after the occurrence of the applicable Termination Condition, and this Lease will terminate fifteen (15) days after the receiving party's receipt of such Termination Notice, except in the case of a termination by Landlord under Section 21.2.1.1., in which case this Lease will terminate fifteen (15) days after expiration of the Tenant Early Option Period if Tenant timely fails to exercise timely Tenant's option to extend the Term. If this Lease is terminated pursuant to Section 21.2, Landlord shall, subject to the rights of its lender(s), be entitled to receive and retain all the insurance proceeds resulting from such damage, including rental loss insurance, except for those proceeds payable under policies obtained by Tenant which specifically insure Tenant's personal property, trade fixtures and machinery.

21.3. Tenant's Obligation to Repair. If Tenant is required to repair or rebuild any damage or destruction of the Premises under Section 21.1, then Tenant shall (a) submit its plans to repair such damage and reconstruct the Premises to Landlord for review and approval, which approval shall not be unreasonably withheld; (b) diligently repair and rebuild the Premises in the same or better condition and with the same or better quality of materials as the condition of the Premises as of the Commencement Date, and in a manner that is consistent with the plans and specifications approved by Landlord; (c) obtain all permits and governmental approvals necessary to repair or reconstruct the Premises (which permits shall not contain any conditions that are materially more restrictive than the permits in existence on the date hereof); (d) cause all work to be performed only by qualified contractors that are reasonably approved by Landlord; (e) allow Landlord and its consultants and agents to enter the Premises at all reasonable times to inspect the Premises and Tenant's ongoing work and cooperate reasonably in good faith with their effort to ensure that the work is proceeding in a manner that is consistent with this Lease; (f) comply with all applicable laws and permits in connection with the performance of such work; (g) timely pay all of its consultants, suppliers and other contractors in connection with the performance of such work; (h) notify Landlord if Tenant receives any notice of any default or any violation of any applicable law or any permit or similar notice in connection with such work; (i) deliver as-built plans for the Premises within thirty (30) days after the completion of such repair and restoration; (j) ensure that Landlord has fee simple title to the Premises during such work without any claim by any contractor or other party; (k) maintain such insurance as Landlord may reasonably require (including insurance in the nature of builders' risk insurance) and (l) comply with such other conditions as Landlord may reasonably require. In addition, Tenant shall, at its expense, replace or fully repair all of Tenant's personal property and any alterations installed by Tenant existing at the time of such damage or destruction. To the fullest extent permitted by law, Tenant shall indemnify, protect, defend and hold Landlord (and its employees and agents) harmless from and against any and all claims, costs, expenses, suits, judgments, actions, investigations, proceedings and liabilities arising out of or in connection with Tenant's obligations under this Section 21, including, without limitation, any acts, omissions or negligence in the making or performance of any such repairs or replacements. In the event Tenant does not repair and rebuild the Premises pursuant to this Section 21, Tenant shall be in breach, and Landlord shall have the right to retain all casualty insurance proceeds and condemnation proceeds.

21.4. Application of Insurance Proceeds for Repair and Rebuilding. Landlord shall cause the insurance proceeds (the "**Insurance Proceeds**") on account of such damage or destruction to be held by Landlord and disbursed as follows:

21.4.1. Minor Restorations. If (i) the estimated cost of restoration is less than [***] Dollars ($[***]), (ii) prior to commencement of restoration, no Default or event which, with the passage of time, would give

rise to a Default shall exist and no mechanics' or materialmen's liens shall have been filed and remain undischarged, (iii) the architects, contracts, contractors, plans and specifications for the restoration shall have been approved by Landlord (which approval shall not be unreasonably withheld or delayed), (iv) Landlord shall be provided with reasonable assurance against mechanics' liens, accrued or incurred, as Landlord or its lenders may reasonably require and such other documents and instruments as Landlord or its lenders may reasonably require, and (v) Tenant shall have procured acceptable performance and payment bonds reasonably acceptable to Landlord in an amount and form, and from a surety, reasonably acceptable to Landlord, and naming Landlord as an additional obligee; then Landlord shall make available that portion of the Insurance Proceeds to Tenant for application to pay the costs of restoration incurred by Tenant and Tenant shall promptly complete such restoration.

21.4.2. Other Than Minor Restorations. If the estimated cost of restoration is equal to or exceeds[***] Dollars ($[***]), and if Tenant provides evidence satisfactory to Landlord that sufficient funds are available to restore the Premises, Landlord shall make disbursements from the available Insurance Proceeds from time to time in an amount not exceeding the cost of the work completed since the date covered by the last disbursement, upon receipt of (a) satisfactory evidence, including architect's certificates, of the stage of completion, of the estimated cost of completion and of performance of the work to date in a good and workmanlike manner in accordance with the contracts, plans and specifications, (b) reasonable assurance against mechanics' or materialmen's liens, accrued or incurred, as Landlord or its lenders may reasonably require, (c) contractors' and subcontractors' sworn statements, (d) a satisfactory bring-to-date of title insurance, (e) performance and payment bonds reasonably acceptable to Landlord in an amount and form, and from a surety, reasonably acceptable to Landlord, and naming Landlord as an additional obligee, (f) such other documents and instruments as Landlord or its lenders may reasonably require, and (g) other evidence of cost and payment so that Landlord can verify that the amounts disbursed from time to time are represented by work that is completed, in place and free and clear of mechanics' lien claims.

21.4.3. Requests for Disbursements. Requests for disbursement shall be made no more frequently than monthly and shall be accompanied by a certificate of Tenant describing in detail the work for which payment is requested, stating the cost incurred in connection therewith and stating that Tenant has not previously received payment for such work; the certificate to be delivered by Tenant upon completion of the work shall, in addition, state that the work has been completed and complies with the applicable requirements of this Lease. Landlord may retain 10% of each requisition until the restoration is fully completed. In addition, Landlord may withhold from amounts otherwise to be paid to Tenant, any amount that is necessary in Landlord's reasonable judgment to protect Landlord from any potential loss due to work that is improperly performed or claims by Tenant's contractors and consultants.

21.4.4. Costs in Excess of Insurance Proceeds. In addition, prior to commencement of restoration and at any time during restoration, if the estimated cost of restoration, as determined by the evaluation of an independent engineer acceptable to Landlord and Tenant, exceeds the amount of the Insurance Proceeds, Tenant will provide evidence satisfactory to Landlord that the amount of such excess will be available to restore the Premises. Any Insurance Proceeds remaining upon completion of restoration shall be refunded to Tenant up to the amount of Tenant's payments pursuant to the immediately preceding sentence. If no such refund is required, any sum of Insurance Proceeds remaining upon completion of restoration shall be paid to Landlord. In the event Landlord and Tenant cannot agree on an independent engineer, an independent engineer designated by Tenant and an independent engineer designated by Landlord shall within five (5) business days select an independent engineer licensed to practice in California who shall resolve such dispute within ten (10) business days after being retained by Landlord. All fees, costs and expenses of such third engineer so selected shall be shared equally by Landlord and Tenant.

21.5. Abatement of Rent. In the event of repair, reconstruction and restoration as provided in this Section, all Rent to be paid by Tenant under this Lease shall be abated proportionately based on the extent to which Tenant's use of the Premises is impaired during the period of such repair, reconstruction or restoration, unless Landlord provides Tenant with other space during the period of repair, reconstruction and restoration that, in Tenant's reasonable opinion, is suitable for the temporary conduct of Tenant's business; provided, however, that the amount of such abatement shall be reduced by the amount of Rent that is received by Tenant as part of the business interruption or loss of rental income with respect to the Premises from the proceeds of business interruption or loss

of rental income insurance. Tenant shall not otherwise be entitled to any compensation or damages from Landlord for loss of the use of the Premises, damage to Tenant's personal property or any inconvenience occasioned by such damage, repair or restoration.

21.6. Replacement Cost. The determination in good faith by Landlord of the estimated cost of repair of any damage, of the replacement cost, or of the time period required for repair shall be conclusive for purposes of this Section 21.

21.7. This Section 21 sets forth the terms and conditions upon which this Lease may terminate in the event of any damage or destruction. Accordingly, the parties hereby waive the provisions of any Applicable Laws (and any successor statutes) permitting the parties to terminate this Lease as a result of any damage or destruction.

22. Eminent Domain

22.1. In the event (a) the whole of the Premises or (b) such part thereof as shall substantially interfere with Tenant's use and occupancy of the Premises for the Permitted Use shall be taken for any public or quasi-public purpose by any lawful power or authority by exercise of the right of appropriation, condemnation or eminent domain, or sold to prevent such taking, Tenant or Landlord may terminate this Lease effective as of the date possession is required to be surrendered to such authority, except with regard to (y) items occurring prior to the taking and (z) provisions of this Lease that, by their express terms, survive the expiration or earlier termination hereof.

22.2. In the event of a partial taking of the Premises for any public or quasi-public purpose by any lawful power or authority by exercise of right of appropriation, condemnation, or eminent domain, or sole to prevent such taking, then, without regard to whether any portion of the Premises occupied by Tenant was so taken, Landlord may elect to terminate this Lease (except with regard to (a) items occurring prior to the taking and (b) provisions of this Lease that, by their express terms, survive the expiration or earlier termination hereof) as of such taking if such taking is, in Landlord’s sole opinion, of a material nature such as to make it uneconomical to continue use of the unappropriated portion for purposes of renting space for the Permitted Use.

22.3. Tenant shall be entitled to any award that is specifically awarded as compensation for (a) the taking of Tenant's personal property that was installed at Tenant's expense and (b) the costs of Tenant moving to a new location. Except as set forth in the previous sentence, any award for such taking shall be the property of Landlord.

22.4. If, upon any taking of the nature described in this Section, this Lease continues in effect, then Landlord shall promptly proceed to restore the Premises to substantially their same condition prior to such partial taking. To the extent such restoration is infeasible, as determined by Landlord in its sole and absolute discretion, the Rent shall be decreased proportionately to reflect the loss of any portion of the Premises no longer available to Tenant.

22.5. This Section 22 sets forth the terms and conditions upon which this Lease may terminate in the event of any damage or destruction. Accordingly, the parties hereby waive the provisions of any Applicable Laws (and any successor statutes) permitting the parties to terminate this Lease as a result of any damage or destruction.

23. Surrender. At least thirty (30) days prior to Tenant's surrender of possession of any part of the Premises, Tenant shall provide Landlord with a facility decommissioning and Hazardous Materials closure plan for the Premises ("**Exit Survey**") prepared by an independent third party state-certified professional with appropriate expertise, which Exit Survey must be reasonably acceptable to Landlord. In addition, at least ten (10) days prior to Tenant's surrender of possession of any part of the Premises, Tenant shall (a) provide Landlord with written evidence of all appropriate governmental releases obtained by Tenant in accordance with Applicable Laws, including laws pertaining to the surrender of the Premises, and (b) conduct a site inspection with Landlord. In addition, Tenant agrees to remain responsible after the surrender of the Premises for the remediation of any recognized environmental conditions set forth in the Exit Survey and comply with any recommendations set forth in

the Exit Survey. Tenant's obligations under this Section shall survive the expiration or earlier termination of the Lease. The provisions of this Section 23 shall survive the termination or expiration of this Lease, and no surrender of possession of any part of the Premises shall release Tenant from any of its obligations hereunder, unless such surrender is accepted in writing by Landlord.

24. Bankruptcy. In the event a debtor, trustee or debtor in possession under the Bankruptcy Code, or another person with similar rights, duties and powers under any other Applicable Laws, proposes to cure any default under this Lease or to assume or assign this Lease and is obliged to provide adequate assurance to Landlord that (a) a default shall be cured, (b) Landlord shall be compensated for its damages arising from any breach of this Lease and (c) future performance of Tenant's obligations under this Lease shall occur, then such adequate assurances shall include any or all of the following, as designated by Landlord in its sole and absolute discretion: (i) those acts specified in the Bankruptcy Code or other Applicable Laws as included within the meaning of "adequate assurance," even if this Lease does not concern a facility described in such Applicable Laws; (ii) a prompt cash payment to compensate Landlord for any monetary defaults or actual damages arising directly from a breach of this Lease; (iii) a cash deposit in an amount at least equal to the then-current amount of the Security Deposit; or (iv) the assumption or assignment of all of Tenant's interest and obligations under this Lease.

25. Brokers. Landlord and Tenant mutually represent and warrant that neither has had any dealings with any real estate broker or agent in connection with the negotiation of this Lease and that neither knows of any real estate broker or agent that is or might be entitled to a commission in connection with this Lease. Landlord and Tenant mutually agree to indemnify, save, defend (at the indemnified party's option and with counsel reasonably acceptable to the indemnified party) and hold the indemnified party harmless from any and all cost or liability for compensation claimed by any broker or agent employed or engaged by Landlord or Tenant or claiming to have been employed or engaged by Landlord or Tenant. The provisions of this Section 25 shall survive the expiration or termination of this Lease.

27. Definition of Landlord. With regard to obligations imposed upon Landlord pursuant to this Lease, the term "**Landlord**," as used in this Lease, shall refer only to Landlord or Landlord's then-current successor-in-interest. In the event of any transfer, assignment or conveyance of Landlord's interest in this Lease or in Landlord's fee title to or leasehold interest in the Property, as applicable, Landlord herein named (and in case of any subsequent transfers or conveyances, the subsequent Landlord) shall be automatically freed and relieved, from and after the date of such transfer, assignment or conveyance, from all liability for the performance of any covenants or obligations contained in this Lease thereafter to be performed by Landlord and, without further agreement, the transferee, assignee or conveyee of Landlord's in this Lease or in Landlord's fee title to or leasehold interest in the Property, as applicable, shall be deemed to have assumed and agreed to observe and perform any and all covenants and obligations of Landlord hereunder during the tenure of its interest in the Lease or the Property. Landlord or any subsequent Landlord may transfer its interest in the Premises or this Lease without Tenant's consent.

28. Limitation of Landlord's Liability. If Landlord is in default under this Lease and, as a consequence, Tenant recovers a monetary judgment against Landlord, the judgment shall be satisfied only out of (a) the proceeds of sale received on execution of the judgment and levy against the right, title and interest of Landlord in the Premises, (b) rent or other income from such real property receivable by Landlord or (c) the consideration received by Landlord from the sale, financing, refinancing or other disposition of all or any part of Landlord's right, title or interest in the Premises. Neither Landlord nor any of its affiliates, nor any of their respective partners, shareholders, directors, officers, employees, members or agents shall be personally liable for Landlord's obligations or any deficiency under this Lease. No partner, shareholder, director, officer, employee, member or agent of Landlord or any of its affiliates shall be sued or named as a party in any suit or action. No partner, shareholder, director, officer, employee, member or agent of Landlord or any of its affiliates shall be required to answer or otherwise plead to any service of process, and no judgment shall be taken or writ of execution levied against any partner, shareholder, director, officer, employee, member or agent of Landlord or any of its affiliates. Each of the covenants and agreements of this Section 28 shall be applicable to any covenant or agreement either expressly contained in this Lease or imposed by Applicable Laws and shall survive the expiration or earlier termination of this Lease.

29. Control by Landlord. Landlord reserves full control over the Premises to the extent not inconsistent Illinois law and regulation or with Tenant's enjoyment of the same as provided by this Lease; provided, however, that such rights shall be exercised in a way that does not materially adversely affect Tenant's beneficial use and occupancy of the Premises, including the Permitted Use and Tenant's access to the Premises. Tenant shall, at Landlord's request, promptly execute such further documents as may be reasonably appropriate to assist Landlord in the performance of its obligations hereunder; provided that Tenant need not execute any document that creates additional liability for Tenant or that deprives Tenant of the quiet enjoyment and use of the Premises as provided for in this Lease. Landlord may, upon twenty-four (24) hours' prior notice (which may be oral or by email to the office manager or other Tenant-designated individual at the Premises; but provided that no time restrictions shall apply or advance notice be required if an emergency necessitates immediate entry), enter the Premises to (v) inspect the same and to determine whether Tenant is in compliance with its obligations hereunder, (w) supply any service Landlord is required to provide hereunder, (x) post notices of nonresponsibility and (y) show the Premises to prospective tenants during the final year of the Term and current and prospective purchasers and lenders at any time (in all situations provided that Landlord's personnel are accompanied by Tenants' authorized personnel in sensitive areas of the Premises). In no event shall Tenant's Rent abate as a result of Landlord's activities pursuant to this Section 29; provided, however, that all such activities shall be conducted in such a manner so as to cause as little interference to Tenant as is reasonably possible. If an emergency necessitates immediate access to the Premises, Landlord may use whatever force is necessary to enter the Premises, and any such entry to the Premises shall not constitute a forcible or unlawful entry to the Premises, a detainer of the Premises, or an eviction of Tenant from the Premises or any portion thereof.

30. Joint and Several Obligations. If more than one person or entity executes this Lease as Tenant, then (i) each of them is jointly and severally liable for the keeping, observing and performing of all of the terms, covenants, conditions, provisions and agreements of this Lease to be kept, observed or performed by Tenant, and such terms, covenants, conditions, provisions and agreements shall be binding with the same force and effect upon each and all of the persons executing this Lease as Tenant; and (ii) the term "**Tenant**," as used in this Lease, shall mean and include each of them, jointly and severally. The act of, notice from/to, refund to, or signature of any one or more of them with respect to the tenancy under this Lease, including any renewal, extension, expiration, termination or modification of this Lease, shall be binding upon each and all of the persons executing this Lease as Tenant with the same force and effect as if each and all of them had so acted, so given or received such notice or refund, or so signed.

31. Representations. Each of Tenant and Landlord guarantees, warrants and represents that (a) such party is duly incorporated or otherwise established or formed and validly existing under the laws of its state of incorporation, establishment or formation, (b) such party is duly qualified to do business in the state in which the Property is located, (c) such party has full corporate, partnership, trust, association or other appropriate power and authority to enter into this Lease and to perform its obligations hereunder, (d) each person (and all of the persons if more than one signs) signing this Lease on behalf of such party is duly and validly authorized to do so and (e) neither (i) the execution, delivery or performance of this Lease nor (ii) the consummation of the transactions contemplated hereby will violate or conflict with any provision of documents or instruments under which such party is constituted or to which such party is a party. In addition, Tenant guarantees, warrants and represents that none of (x) it, (y) its affiliates or partners nor (z) to the best of its knowledge, its members, shareholders or other equity owners or any of their respective employees, officers, directors, representatives or agents is a person or entity with whom U.S. persons or entities are restricted from doing business under regulations of the Office of Foreign Asset Control ("**OFAC**") of the Department of the Treasury (including those named on OFAC's Specially Designated and Blocked Persons List) or under any statute, executive order (including the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism) or other similar governmental action.

32. Confidentiality. Tenant shall keep the terms and conditions of this Lease confidential and shall not (a) disclose to any third party any terms or conditions of this Lease or any other Lease-related document (including subleases, assignments, work letters, construction contracts, letters of credit, subordination agreements, non-disturbance agreements, brokerage agreements or estoppels) or (b) provide to any third party an original or copy of this Lease (or any Lease-related document). Notwithstanding the foregoing, confidential information under this

Section may be released by Landlord or Tenant under the following circumstances: (x) if required by Applicable Laws or in any judicial proceeding, including with respect to Tenant's permits and licenses required for the Permitted Use; provided that the releasing party has given the other party reasonable notice of such requirement, if feasible, (y) to a party's attorneys, investors, accountants, brokers and other bona fide consultants or advisers; provided such third parties agree to be bound by this Section or (z) to bona fide prospective assignees or subtenants of this Lease; provided they agree in writing to be bound by this Section.

33. Notices. Except as otherwise stated in this Lease, any notice, consent, demand, invoice, statement or other communication required or permitted to be given hereunder shall be in writing and shall be given by (a) personal delivery, (b) overnight delivery with a reputable international overnight delivery service, such as FedEx, or (c) facsimile or email transmission, so long as such transmission is followed within one (1) business day by delivery utilizing one of the methods described in Subsection 33(a) or (b). Any such notice, consent, demand, invoice, statement or other communication shall be deemed delivered (x) upon receipt, if given in accordance with Subsection 33(a); (y) one (1) business day after deposit with a reputable international overnight delivery service, if given if given in accordance with Subsection 33(b); or (z) upon transmission, if given in accordance with Subsection 33(c). Except as otherwise stated in this Lease, any notice, consent, demand, invoice, statement or other communication required or permitted to be given pursuant to this Lease shall be addressed to Tenant at the Premises, or to Landlord or Tenant at the addresses shown in Section 2. Either party may, by notice to the other given pursuant to this Section, specify additional or different addresses for notice purposes.

34. Guaranties. In the event that any entity affiliated with Tenant is formed after the Execution Date which entity conducts business in the cannabis industry (each, a "**New Guarantor**"), Tenant shall promptly cause such New Guarantor to execute a Guaranty in the form attached hereto as Exhibit D and deliver such executed Guaranty to Landlord. Any failure by Tenant to provide such Guaranty within thirty (30) days following the formation of such New Guarantor shall be deemed a material default under this Lease. The obligations of each Guarantor shall be joint and several and Tenant shall cause each Guarantor to execute and deliver such further documentation as may be reasonably required to confirm such Guarantor's full and unconditional guaranty of Tenant's obligations under this Lease.

35. Miscellaneous.

35.1. To induce Landlord to enter into this Lease, Tenant agrees that it shall, upon Landlord's written request and within one-hundred and twenty (120) days after the end of Tenant's financial year, furnish Landlord with a certified copy of Tenant's and Ascend Wellness Holdings, LLC's (or any successor entity thereto, "**Holdco Guarantor**") year-end financial statements for the previous year. Tenant also agrees that it shall, upon Landlord's written request and within forty-five (45) days after the end of Tenant's fiscal quarter, furnish to Landlord compiled financial statements for the quarter of Tenant and Holdco Guarantor. Tenant represents and warrants that all financial statements, records and information furnished by Tenant to Landlord in connection with this Lease are true, correct and complete in all respects and that all financial statements, records and information furnished by Holdco Guarantor to Landlord in connection with this Lease are true, correct and complete in all respects. The provisions of this Section shall not apply at any time while Tenant or Holdco Guarantor (as applicable) is a corporation whose shares are traded on any nationally recognized stock exchange.

35.2. The terms of this Lease are intended by the parties as a final, complete and exclusive expression of their agreement with respect to the terms that are included herein, and may not be contradicted or supplemented by evidence of any other prior or contemporaneous agreement except to the extent that modification is necessary to comply with Illinois law and/or regulation. To the extent that such modification is required, Landlord and Tenant agree to be bound by the terms of this Lease that are compliant and work in good faith, and within a reasonable period of time, to modify the non-compliant terms so that they may be brought into compliance.

35.3. Neither party shall record this Lease.

35.4. Landlord and Tenant have each participated in the drafting and negotiation of this Lease, and the language in all parts of this Lease shall be in all cases construed as a whole according to its fair meaning and not strictly for or against either Landlord or Tenant.

35.5. Except as otherwise expressly set forth in this Lease, each party shall pay its own costs and expenses incurred in connection with this Lease and such party's performance under this Lease; provided that, if either party commences an action, proceeding, demand, claim, action, cause of action or suit against the other party arising out of or in connection with this Lease, then the substantially prevailing party shall be reimbursed by the other party for all reasonable costs and expenses, including reasonable attorneys' fees and expenses, incurred by the substantially prevailing party in such action, proceeding, demand, claim, action, cause of action or suit, and in any appeal in connection therewith (regardless of whether the applicable action, proceeding, demand, claim, action, cause of action, suit or appeal is voluntarily withdrawn or dismissed).

35.6. Time is of the essence with respect to the performance of every provision of this Lease.

35.7. Each provision of this Lease performable by Tenant shall be deemed both a covenant and a condition.

35.8. Notwithstanding anything to the contrary contained in this Lease, Tenant's obligations under this Lease are independent and shall not be conditioned upon performance by Landlord.

35.9. Whenever consent or approval of either party is required, that party shall not unreasonably withhold, condition or delay such consent or approval, except as may be expressly set forth to the contrary.

35.10. Any provision of this Lease that shall prove to be invalid, void or illegal shall in no way affect, impair or invalidate any other provision hereof, and all other provisions of this Lease shall remain in full force and effect and shall be interpreted as if the invalid, void or illegal provision did not exist.

35.11. Each of the covenants, conditions and agreements herein contained shall inure to the benefit of and shall apply to and be binding upon the parties hereto and their respective heirs; legatees; devisees; executors; administrators; and permitted successors and assigns. This Lease is for the sole benefit of the parties and their respective heirs, legatees, devisees, executors, administrators and permitted successors and assigns, and nothing in this Lease shall give or be construed to give any other person or entity any legal or equitable rights. Nothing in this Section shall in any way alter the provisions of this Lease restricting assignment or subletting.

35.12. This Lease shall be governed by, construed and enforced in accordance with the laws of the state in which the Premises are located, without regard to such state's conflict of law principles.

35.13. Landlord covenants that Tenant, upon paying the Rent and performing its obligations contained in this Lease, may peacefully and quietly have, hold and enjoy the Premises, free from any claim by Landlord or persons claiming under Landlord, but subject to all of the terms and provisions hereof, provisions of Applicable Laws and rights of record to which this Lease is or may become subordinate. This covenant is in lieu of any other quiet enjoyment covenant, either express or implied.

35.14. Each of Tenant and Landlord guarantees, warrants and represents to the other party that the individual or individuals signing this Lease have the power, authority and legal capacity to sign this Lease on behalf of and to bind all entities, corporations, partnerships, limited liability companies, joint venturers or other organizations and entities on whose behalf such individual or individuals have signed.

35.15. This Lease may be executed in one or more counterparts, each of which, when taken together, shall constitute one and the same document.

35.16. No provision of this Lease may be modified, amended or supplemented except by an agreement in writing signed by Landlord and Tenant.

35.17. No waiver of any term, covenant or condition of this Lease shall be binding upon Landlord unless executed in writing by Landlord. The waiver by Landlord of any breach or default of any term, covenant or condition contained in this Lease shall not be deemed to be a waiver of any preceding or subsequent breach or default of such term, covenant or condition or any other term, covenant or condition of this Lease.

35.18. To the extent permitted by Applicable Laws, the parties waive trial by jury in any action, proceeding or counterclaim brought by the other party hereto related to matters arising out of or in any way connected with this Lease; the relationship between Landlord and Tenant; Tenant's use or occupancy of the Premises; or any claim of injury or damage related to this Lease or the Premises.

FORM OF

GUARANTY OF LEASE

This Guaranty of Lease ("**Guaranty**") is executed effective on the ____ day of December, 2018, by [_____], a [_____] ("**Guarantors**"), in favor of IIP-IL 1 LLC, a Delaware limited liability company ("**Landlord**"), whose address for notices is 11440 West Bernardo Court, Suite 220, San Diego, California 92127, Attn: General Counsel.

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Guarantor covenants and agrees as follows:

1. **Recitals.** This Guaranty is made with reference to the following recitals of facts which constitute a material part of this Guaranty:

(a) Landlord, as Landlord, and Ascend Illinois, LLC, an Illinois limited liability company, as Tenant ("**Tenant**"), entered into that certain Lease dated as of December 20, 2018 (the "**Lease**"), with respect to certain space in the building located at 420 Revolution Road, Barry, Illinois, as more particularly described in the Lease (the "**Leased Premises**").

(b) Guarantor is [DESCRIBE RELATIONSHIP OF GUARANTOR TO TENANT] and is therefore receiving a substantial benefit for executing this Guaranty.

(c) Landlord would not have entered into the Lease with Tenant without having received the Guaranty executed by Guarantor as an inducement to Landlord.

(d) By this Guaranty, Guarantor intends to absolutely, unconditionally and irrevocably guarantee the full, timely, and complete (i) payment of all rent and other sums required to be paid by Tenant under the Lease and any other indebtedness of Tenant, (ii) performance of all other terms, covenants, conditions and obligations of Tenant arising out of the Lease and all foreseeable and unforeseeable damages that may arise as a foreseeable or unforeseeable consequence of any non-payment, non-performance or non-observance of, or non-compliance with, any of the terms, covenants, conditions or other obligations described in the Lease (including, without limitation, all attorneys' fees and disbursements and all litigation costs and expenses incurred or payable by Landlord or for which Landlord may be responsible or liable, or caused by any such default), and (iii) payment of any and all expenses (including reasonable attorneys' fees and expenses and litigation expenses) incurred by Landlord in enforcing any of the rights under the Lease or this Guaranty within five (5) days after Landlord's demand thereafter (collectively, the "**Guaranteed Obligations**").

2. **Guaranty.** From and after the Execution Date (as such term is defined under the Lease), Guarantor absolutely, unconditionally and irrevocably guarantees, as principal obligor and not merely as surety, to Landlord, the full, timely and unconditional payment and performance, of the Guaranteed Obligations strictly in accordance with the terms of the Lease, as such Guaranteed Obligations may be modified, amended, extended or renewed from time to time. This is a Guaranty of payment and performance and not merely of collection. Guarantor agrees that Guarantor is primarily liable for and responsible for the payment and performance of the Guaranteed Obligations. Guarantor shall be bound by all of the provisions, terms, conditions, restrictions and limitations contained in the Lease which are to be observed or performed by Tenant, the same as if Guarantor was named therein as Tenant with joint and several liability with Tenant, and any remedies that Landlord has under the Lease against Tenant shall apply to Guarantor as well. If Tenant defaults in any Guaranteed Obligation under the Lease, Guarantor shall in lawful money of the United States, pay to Landlord on demand the amount due and owing under the Lease. Guarantor waives any rights to notices of acceptance, modifications, amendment, extension or breach of the Lease. If Guarantor is a natural person, it is expressly agreed that this guaranty shall survive the death of such guarantor and shall continue in effect. The obligations of Guarantor under this Guaranty are independent of the obligations of

Tenant or any other guarantor. Guarantor acknowledges that this Guaranty and Guarantor's obligations and liabilities under this Guaranty are and shall at all times continue to be absolute and unconditional in all respects and shall be the separate and independent undertaking of Guarantor without regard to the genuineness, validity, legality or enforceability of the Lease, and shall at all times be valid and enforceable irrespective of any other agreements or circumstances of any nature whatsoever which might otherwise constitute a defense to this Guaranty and the obligations and liabilities of Guarantor under this Guaranty or the obligations or liabilities of any other person or entity (including, without limitation, Tenant) relating to this Guaranty or the obligations or liabilities of Guarantor hereunder or otherwise with respect to the Lease or to Tenant. Guarantor hereby absolutely, unconditionally and irrevocably waives any and all rights it may have to assert any defense, set-off, counterclaim or cross-claim of any nature whatsoever with respect to this Guaranty or the obligations or liabilities of Guarantor under this Guaranty or the obligations or liabilities of any other person or entity (including, without limitation, Tenant) relating to this Guaranty or the obligations or liabilities of Guarantor under this Guaranty or otherwise with respect to the Lease, in any action or proceeding brought by the holder hereof to enforce the obligations or liabilities of Guarantor under this Guaranty. This Guaranty sets forth the entire agreement and understanding of Landlord and Guarantor, and Guarantor acknowledges that no oral or other agreements, understandings, representations or warranties exist with respect to this Guaranty or with respect to the obligations or liabilities of Guarantor under this Guaranty. The obligations of Guarantor under this Guaranty shall be continuing and irrevocable (a) during any period of time when the liability of Tenant under the Lease continues, and (b) until all of the Guaranteed Obligations have been fully discharged by payment, performance or compliance. If at any time all or any part of any payment received by Landlord from Tenant or Guarantor or any other person under or with respect to the Lease or this Guaranty has been refunded or rescinded pursuant to any court order, or declared to be fraudulent or preferential, or are set aside or otherwise are required to be repaid to Tenant, its estate, trustee, receiver or any other party, including as a result of the insolvency, bankruptcy or reorganization of Tenant or any other party (an "**Invalidated Payment**"), then Guarantor's obligations under the Guaranty shall, to the extent of such Invalidated Payment be reinstated and deemed to have continued in existence as of the date that the original payment occurred. This Guaranty shall not be affected or limited in any manner by whether Tenant may be liable, with respect to the Guaranteed Obligations individually, jointly with other primarily, or secondarily.

3. **No Impairment of Guaranteed Obligations**. Guarantor further agrees that Guarantor's liability for the Guaranteed Obligations shall in no way be released, discharged, impaired or affected or subject to any counterclaim, setoff or deduction by (a) any waiver, consent, extension, indulgence, compromise, release, departure from or other action or inaction of Landlord under or in respect of the Lease or this Guaranty, or any obligation or liability of Tenant, or any exercise or non-exercise of any right, remedy, power or privilege under or in respect to the Lease or this Guaranty, (b) any change in the time, manner or place of payment or performance of the Guaranteed Obligations, (c) the acceptance by Landlord of any additional security or any increase, substitution or change therein, (d) the release by Landlord of any security or any withdrawal thereof or decrease therein, (e) any assignment of the Lease or any subletting of all or any portion of the Leased Premises (with or without Landlord's consent), (f) any holdover by Tenant beyond the term of the Lease (g) any termination of the Lease, (h) any release or discharge of Tenant in any bankruptcy, receivership or other similar proceedings, (i) the impairment, limitation or modification of the liability of Tenant or the estate of Tenant in bankruptcy or of any remedy for the enforcement of Tenant's liability under the Lease resulting from the operation of any present or future provisions of any bankruptcy code or other statute or from the decision in any court, or the rejection or disaffirmance of the Lease in any such proceedings, (j) any merger, consolidation, reorganization or similar transaction involving Tenant, even if Tenant ceases to exist as a result of such transaction, (k) the change in the corporate relationship between Tenant and Guarantor or any termination of such relationship, (l) any change in the direct or indirect ownership of all or any part of the shares in Tenant, or (m) to the extent permitted under applicable law, any other occurrence or circumstance whatsoever, whether similar or dissimilar to the foregoing, which might otherwise constitute a legal or equitable defense or discharge of the liabilities of Guarantor or which might otherwise limit recourse against Guarantor. Guarantor further understands and agrees that Landlord may at any time enter into agreements with Tenant to amend and modify the Lease, and may waive or release any provision or provisions of the Lease, and, with reference to such instruments, may make and enter into any such agreement or agreements as Landlord and Tenant may deem proper and desirable, without in any manner impairing or affecting this Guaranty or any of Landlord's rights hereunder or Guarantor's obligations hereunder, unless otherwise agreed in writing thereunder or under the Lease.

4. **Remedies**.

(a) If Tenant defaults with respect to the Guaranteed Obligations, and if Guarantor does not fulfill Tenant's obligations immediately upon its receipt of written notice of such default from Landlord, Landlord may at its election proceed immediately against Guarantor, Tenant, or any combination of Tenant, Guarantor, and/or any other guarantor. It is not necessary for Landlord, in order to enforce payment and performance by Guarantor under this Guaranty, first or contemporaneously to institute suit or exhaust remedies against Tenant or other liable for any of the Guaranteed Obligations or to enforce rights against any collateral securing any of it. Guarantor hereby waives any right to require Landlord to join Tenant in any action brought hereunder or to commence any action against or obtain any judgment against Tenant or to pursue any other remedy or enforce any other right. If any portion of the Guaranteed Obligations terminates and Landlord continues to have any rights that it may enforce against Tenant under the Lease after such termination, then Landlord may at its election enforce such rights against Guarantor. Unless and until all Guaranteed Obligations have been fully satisfied, Guarantor shall not be released from its obligations under this Guaranty irrespective of: (i) the exercise (or failure to exercise) by Landlord of any of Landlord's rights or remedies (including, without limitation, compromise or adjustment of the Guaranteed Obligations or any part thereof); or (ii) any release by Landlord in favor of Tenant regarding the fulfillment by Tenant of any obligation under the Lease.

(b) Notwithstanding anything in the foregoing to the contrary, Guarantor hereby covenants and agrees to and with Landlord that Guarantor may be joined in any action by or against Tenant in connection with the Lease. Guarantor also agrees that, in any jurisdiction, it will be conclusively bound by the judgment in any such action by or against Tenant (wherever brought) as if Guarantor were a party to such action even though Guarantor is not joined as a party in such action.

5. **Waivers.** With the exception of the defense of prior payment, performance or compliance by Tenant or Guarantor of or with the Guaranteed Obligations which Guarantor is called upon to pay or perform, or the defense that Landlord's claim against Guarantor is barred by the applicable statute of limitations, Guarantor hereby waives and releases all defenses of the law of guaranty or suretyship to the extent permitted by law.

6. **Rights Cumulative.** All rights, powers and remedies of Landlord under this Guaranty shall be cumulative and in addition to all rights, powers and remedies given to Landlord by law.

7. **Representations and Warranties.** Guarantor hereby represents and warrants that (a) Guarantor has goods and net worth that are sufficient to enable Guarantor to promptly perform all of the Guaranteed Obligations as and when they are due; (b) Landlord has made no representation to Guarantor as to the creditworthiness or financial condition of Tenant; (c) Guarantor has full power to execute, deliver and carry out the terms and provisions of this Guaranty and has taken all necessary action to authorize the execution, delivery and performance of this Guaranty; (d) Guarantor's execution and delivery of, and the performance of its obligations under, this Guaranty does not conflict with or violate any of Guarantor's organizational documents, or any contract, agreement or decree which Guarantor is a party to or which is binding on Guarantor; (e) the individual executing this Guaranty on behalf of Guarantor has the authority to bind Guarantor to the terms and conditions of this Guaranty; (f) Guarantor has been represented by counsel of its choice in connection with this Guaranty; (g) this Guaranty when executed and delivered shall constitute the legal, valid and binding obligations of Guarantor enforceable against Guarantor in accordance with its terms; and (h) there is no action, suit, or proceeding pending or, to the knowledge of Guarantor, threatened against Guarantor before or by any governmental authority which questions the validity or enforceability of, or Guarantor's ability to perform under, this Guaranty.

8. **Subordination.** In the event of Tenant's insolvency or the disposition of the assets of Tenant, through bankruptcy, by an assignment for the benefit of creditors, by voluntary liquidation, or otherwise, the assets of Tenant applicable to the payment of all claims of Landlord and/or Guarantor shall be paid to Landlord and shall be first applied by Landlord to the Guaranteed Obligations. Any indebtedness of Tenant now or hereafter held by Guarantor, whether as original creditor or assignee or by way of subrogation, restitution, reimbursement, indemnification or otherwise, is hereby subordinated in right of payment to the Guaranteed Obligations. So long as an uncured event of default exists under the Lease, (a) at Landlord's written request, Guarantor shall cause Tenant to

pay to Landlord all or any part of any funds invested in or loaned to Tenant by Guarantor which Guarantor is entitled to withdraw or collect and (b) any such indebtedness or other amount collected or received by Guarantor shall be held in trust for Landlord and shall forthwith be paid over to Landlord to be credited and applied against the Guaranteed Obligations. Subject to the foregoing, Guarantor shall be entitled to receive from Landlord any amounts that are, from time to time, due to Guarantor in the ordinary course of business. Until all of Tenant's obligations under the Lease are fully performed, Guarantor shall have no right of subrogation against Tenant by reason of any payments, acts or performance by Guarantor under this Guaranty.

9. **Governing Law.** This Guaranty shall be governed by and construed in accordance with the laws of the State of Illinois, United States of America, without regard to principles of conflicts of laws. TO THE FULLEST EXTENT PERMITTED BY LAW, GUARANTOR HEREBY UNCONDITIONALLY AND IRREVOCABLY WAIVES ANY CLAIM TO ASSERT THAT THE LAW OF ANY OTHER JURISDICTION GOVERNS THIS GUARANTY.

10. **Attorneys' Fees.** In the event any litigation or other proceeding ("**Proceeding**") is initiated by any party against any other party to enforce this Guaranty, the prevailing party in such Proceeding shall be entitled to recover from the unsuccessful party all costs, expenses, and actual reasonable attorneys' fees relating to or arising out of such Proceeding.

11. **Modification.** This Guaranty may be modified only by a contract in writing executed by Guarantor and Landlord.

12. **Invalidity.** If any provision of the Guaranty shall be invalid or unenforceable, the remainder of this Guaranty shall not be affected by such invalidity or unenforceability. In the event, and to the extent, that this Guaranty shall be held ineffective or unenforceable by any court of competent jurisdiction, then Guarantor shall be deemed to be a tenant under the Lease with the same force and effect as if Guarantor were expressly named as a co-tenant therein with joint and several liability.

13. **Successors and Assigns.** Unless otherwise agreed in writing or under the Lease, this Guaranty shall be binding upon and shall inure to the benefit of the successors-in-interest and assigns of each party to this Guaranty.

14. **Notices.** Any notice, consent, demand, invoice, statement or other communication required or permitted to be given hereunder shall be in writing and shall be given by (a) personal delivery, (b) overnight delivery with a reputable international overnight delivery service, such as FedEx, or (c) facsimile or email transmission, so long as such transmission is followed within one (1) business day by delivery utilizing one of the methods described in subsections (a) or (b). Any such notice, consent, demand, invoice, statement or other communication shall be deemed delivered (x) upon receipt, if given in accordance with subsection (a); (y) one business (1) day after deposit with a reputable international overnight delivery service, if given if given in accordance with subsection (b); or (z) upon transmission, if given in accordance with subsection (c). Except as otherwise stated in this Guaranty, any notice, consent, demand, invoice, statement or other communication required or permitted to be given pursuant to this Guaranty shall be addressed to Guarantor or Landlord at the address set forth above in the introductory paragraph of this Guaranty. Either party may, by notice to the other given pursuant to this Section, specify additional or different addresses for notice purposes.

15. **Waiver.** Any waiver of a breach or default under this Guaranty must be in a writing that is duly executed by Landlord and shall not be a waiver of any other default concerning the same or any other provision of this Guaranty. No delay or omission in the exercise of any right or remedy shall impair such right or remedy or be construed as a waiver.

16. **Withholding**. Unless otherwise agreed in the Lease, any and all payments by Guarantor to Landlord under this Guaranty shall be made free and clear of and without deduction for any and all present or future taxes, duties, levies, imposts, deductions, assessments, fees, withholdings or similar charges, and all liabilities with respect thereto (collectively, "**Taxes**"). If Guarantor shall be required by any applicable laws to deduct any Taxes from or in respect of any sum payable under this Guaranty to Landlord: (a) the sum payable shall be increased as necessary so that

after making all required deductions, the Landlord receives an amount equal to the sum it would have received had no such deductions been made; (b) Guarantor shall make such deductions; and (c) Guarantor shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable laws.

17. **Financial Condition of Tenant**. Landlord shall have no obligation to disclose or discuss with Guarantor Landlord's assessment of the financial condition of Tenant. Guarantor has adequate means to obtain information from Tenant on a continuing basis concerning the financial condition of Tenant and its ability to perform its Guaranteed Obligations, and Guarantor assumes responsibility for being and keeping informed of Tenant's financial condition and of all circumstances bearing upon the risk of Tenant's failure to perform the Guaranteed Obligations.

18. **Bankruptcy**. So long as the Guaranteed Obligations remain outstanding, Guarantor shall not, without Landlord's prior written consent, commence or join with any other person in commencing any bankruptcy or similar proceeding of or against Tenant. As soon as the Schedule is completed, Tenant shall deliver the same to Landlord for Landlord's approval, which approval shall not be unreasonably withheld, conditioned or delayed. Such Schedule shall be approved or disapproved by Landlord within ten (10) business days after delivery to Landlord. Landlord's failure to respond within such ten (10) business day period shall be deemed approval by Landlord. The Construction Plans so approved, and all change orders approved (to the extent required) by Landlord, are referred to herein as the "**Approved Plans**."

2.3. Changes to the Tenant Improvements. Any material changes to the Approved Plans (each, a "**Change**") requested by Tenant shall be subject to the prior written approval of Landlord, not to be unreasonably withheld, conditioned or delayed. Any such Change request shall detail the nature and extent of any requested Changes, including any modification of the Approved Plans and the Schedule, as applicable, necessitated by the Change. 3. Monthly Base Rent. Notwithstanding anything in the Existing Lease to the contrary, in consideration of the Additional TI Allowance, commencing on the Amendment Effective Date, the monthly Base Rent shall increase by Thirty-Three Thousand Seven Hundred Fifty Dollars ($33,750.00) each month for the six (6) month period following the Amendment Effective Date (the "Base Rent Adjustment Period") for an aggregate increase to Base Rent in the amount of Two Hundred Two Thousand Five Hundred Dollars ($202,500.00) (the "Additional Base Rent"), subject to the adjustments to Base Rent set forth in the Lease, including the Base Rent adjustments set forth in Section 6.5 of the Existing Lease on each anniversary of the Commencement Date. For illustrative purposes, the chart below sets forth the incremental increases to Base Rent to account for the Additional Base Rent to be phased in during the Base Rent Adjustment Period, as adjusted pursuant to Section 6.5 of the Existing Lease.

Base Rent Adjustment Period:	Amount of Additional Base Rent:
8/18/20 - 9/17/20	$33,750.00
9/18/20 – 10/17/20	$67,500.00
10/18/20 – 11/17/20	$101,250.00
11/18/20 – 12/17/20	$135,000.00
12/18/20 – 1/17/21	$173,322.58
1/18/21 – 2/17/21	$208,575.00

4. Security Deposit. The Security Deposit under the Lease shall be increased to One Million Seven Hundred Fifty-Four Thousand Six Hundred Sixty-Two and 50/100 Dollars ($1,754,662.50). Accordingly, within two (2) business days after the Amendment Effective Date, Tenant shall deposit with Landlord the cash difference between the amount of the Security Deposit currently held by Landlord and the amount of the Security Deposit required per this Amendment, which upon receipt shall be held as part of the Security Deposit pursuant to Section 6.4 of the Existing Lease. Accordingly, Section 2.2 of the Existing Lease is hereby amended and restated in its entirety as follows:

> "2.2. Security Deposit: One Million Seven Hundred Fifty-Four Thousand Six Hundred Sixty-Two and 50/100 Dollars ($1,754,662.50)"

Furthermore, Section 6.4 of the Existing Lease is hereby amended and restated in its entirety as follows:

> "6.4. Security Deposit. On or before the Execution Date of this Lease, Tenant shall deposit the sum in cash set forth in Section 2.2 (the "**Security Deposit**"), which sum shall be held by Landlord as security for the faithful performance by Tenant of all of the terms, covenants and conditions of this Lease to be kept and performed by Tenant during the Term. Landlord shall not be required to maintain a separate account for the Security Deposit, but may intermingle it with other funds of Landlord. If Tenant defaults with respect to any provision of this Lease, then without notice to Tenant, Landlord may (but shall not be required to) apply all or any part of the Security Deposit for the payment of any Rent or any other sum in default. If any portion of the Security Deposit is so used or applied, then Tenant shall, upon demand therefor, restore the Security Deposit to its original amount. If Tenant shall fully and faithfully perform every provision of this Lease to be performed by it, then the unapplied portion of the Security Deposit shall be returned to Tenant, or, at Landlord's option, to the last assignee of Tenant's interest hereunder, within sixty (60) days following the expiration of the Term. Tenant shall not be entitled to any interest on the Security Deposit. Tenant hereby irrevocably waives and relinquishes any and all rights, benefits, or protections, if any, Tenant now has, or in the future may have under any provision of law which (i) establishes the time frame by

which a landlord must refund a security deposit under a lease, or (ii) provides that a landlord may claim from a security deposit only those sums reasonably necessary to remedy defaults in the payment of rent, to repair damage caused by a tenant, or to clean the subject premises. Tenant acknowledges and agrees that (A) any statutory time frames for the return of a security deposit are superseded by the express period identified in this Section 6.4, and (B) rather than be so limited, Landlord may claim from the Security Deposit (i) any and all sums expressly identified in this Section 6.4, and (ii) any additional sums reasonably necessary to compensate Landlord for any and all losses or damages caused by Tenant's default of this Lease, including, but not limited to, all damages or rent due upon termination of this Lease. In the event of bankruptcy or other debtor-creditor proceedings against Tenant, the Security Deposit shall be deemed to be applied first to the payment of Rent and other charges due Landlord for all periods prior to the filing of such proceedings."

5. Permitted Transfer. The first sentence of Section 16.8 of the Existing Lease is hereby amended and restated in its entirety as follows:

"Tenant may assign its entire interest under this Lease or sublease all or a portion of the Premises without the consent of Landlord to: (i) an affiliate, subsidiary or parent of Tenant; (ii) any entity into which that Tenant or an affiliated party may merge or consolidate; (iii) any entity that acquires all or substantially all of the assets of Tenant; each a "**Permitted Transfer**" and such transferee a "**Permitted Transferee**", provided that (a) Tenant notifies Landlord at least twenty (20) days prior to the effective date of any such Permitted Transfer, (b) Tenant is not in default and such assignment or sublease is not a subterfuge by Tenant to avoid its obligations under this Lease, (c) such Permitted Transferee shall have a tangible net worth (not including goodwill as an asset) computed in accordance with generally accepted accounting principles ("**Net Worth**") at least equal to the Net Worth of the original Tenant on the day immediately preceding the effective date of such assignment or sublease and reasonably sufficient to comply with the obligations under this Lease, (d) no assignment or sublease relating to this Lease, whether with or without Landlord's consent, shall relieve Tenant from any liability under this Lease, (e) the liability of such Permitted Transferee under either an assignment or sublease shall be joint and several with Tenant and each Guarantor; and (f) the ultimate parent company of any Permitted Transferee executes a Guaranty in favor of Landlord substantially in the form attached hereto as Exhibit D."

Except as modified by this Amendment, the Existing Lease and all the covenants, agreements, terms, provisions and conditions thereof shall remain in full force and effect and are hereby ratified and affirmed. In the event of any conflict between the terms contained in this Amendment and the Existing Lease, the terms herein contained shall supersede and control the obligations and liabilities of the parties.

Upon delivery of the Extension Notice, Tenant shall be irrevocably bound to lease the Premises for the Extension Period.

3.2.2. Notwithstanding the foregoing, Tenant shall not have the right to exercise an Extension Option (i) during the time commencing from the date Landlord delivers to Tenant a written notice that Tenant is in default under any provisions of this Lease and continuing until Tenant has cured the specified default to Landlord's reasonable satisfaction; (ii) at any time after any Default (provided, however, that, for purposes of this Section 3.2(ii), Landlord shall not be required to provide Tenant with a notice of such Default) and continuing until Tenant

4.1. Possession. Tenant hereby acknowledges that immediately prior to the Commencement Date, Tenant was in possession of the Premises, and is familiar with the condition thereof and accepts the Premises in its "as is" condition with all faults, and Landlord makes no representation or warranty of any kind with respect the Premises, and Landlord will have no obligation to improve, alter or repair the Premises. 4.3.3. Acceptance by Landlord of Rent after the expiration or earlier termination of the Term shall not result in an extension, renewal or reinstatement of this Lease. The foregoing provisions of this Section 4 are in addition to and do not affect Landlord's right of reentry or any other rights of Landlord hereunder or as otherwise provided by Applicable Laws. The provisions of this Section 4 shall survive the expiration or earlier termination of this Lease.

selling, or change of ownership interest of the Building, including brokerage commissions, attorneys, and accountants' fees, closing costs, title insurance premiums, transfer taxes and interest charges.

6.3.2. Taxes. Tenant will promptly pay to Landlord upon Landlord's written request the amount of all Taxes levied and assessed for any such year upon the Premises. "**Taxes**" means any and all real estate taxes, fees, assessments and other charges of any kind or nature, whether general, special, ordinary or extraordinary, that Landlord shall pay or accrue (without regard to any different fiscal year used by such governmental authority) that are levied in respect of the Premises, or in respect of any improvement, fixture, equipment or other property of Landlord, real or personal, located at the Premises, or used in connection with the operation of the Premises, and all fees, expenses, and costs incurred by Landlord in investigating, protesting, contesting, or in any way seeking to reduce or avoid increases in any assessments, levies, or the tax rate pertaining to the Taxes. Taxes shall not include Landlord's corporate franchise taxes, estate taxes, inheritance taxes or federal or state income taxes.

6.3.3. Estimated Costs. If and to the extent applicable, within sixty (60) days after the Commencement Date, and within sixty (60) days after the beginning of each calendar year, Landlord shall give Tenant a written estimate, for such calendar year, of the cost of Taxes and Operating Expenses payable by Landlord. Tenant shall pay such estimated amount to Landlord in equal monthly installments, in advance. Within ninety (90) days after the end of each calendar year, Landlord shall furnish to Tenant a statement showing in reasonable detail the cost of Taxes and Operating Expenses paid or payable by Landlord (the "**Annual Statement**"), and Tenant shall pay to Landlord the cost incurred by Landlord in excess of the payments made by Tenant within thirty (30) days of receipt of such Annual Statement. In the event that the payments made by Tenant to Landlord for the estimated Taxes and Operating Expenses exceed the aggregate amount set forth in the Annual Statement, such excess amount shall be credited by Landlord to the Rent or other charges next due and owing, provided that, if the Term has expired, Landlord shall accompany said statement with the amount due Tenant.

6.3.4. Property Management Fee. Tenant shall pay to Landlord on, or before, the first day of each calendar month of the Term, as Additional Rent, the Property Management Fee. The "**Property Management Fee**" shall equal [***] percent ([***]%) of the then-current Base Rent due from Tenant. Tenant shall pay the Property Management Fee with respect to the entire Term, including any extensions thereof or any holdover periods, regardless of whether Tenant is obligated to pay Base Rent or any other Rent with respect to any such period or portion thereof.

6.3.5. Absolute Net Lease. This Lease shall be deemed and construed to be an "absolute net lease" and, except as herein expressly provided, the Landlord shall receive all payments required to be made by Tenant, free from all charges, assessments, impositions, expenses, deductions of any and every kind or nature whatsoever. Tenant shall, at Tenant's sole cost and expense, maintain the landscaping and parking lot, and make all additional repairs and alterations as required to maintain the Premises consistent with industry best practices.

6.4. Security Deposit. On or before the Execution Date of this Lease, Tenant shall deposit the sum in cash set forth in Section 2.2 (the "**Security Deposit**"), which sum shall be held by Landlord as security for the faithful performance by Tenant of all of the terms, covenants and conditions of this Lease to be kept and performed by Tenant during the Term. Landlord shall not be required to maintain a separate account for the Security Deposit, but may intermingle it with other funds of Landlord. If Tenant defaults with respect to any provision of this Lease beyond applicable notice and cure periods, then without notice to Tenant, Landlord may (but shall not be required to) apply all or any part of the Security Deposit for the payment of any Rent or any other sum in default. If any portion of the Security Deposit is so used or applied, then Tenant shall, upon demand therefor, restore the Security Deposit to its original amount. If Tenant shall fully and faithfully perform every provision of this Lease to be performed by it, then the unapplied portion of the Security Deposit shall be returned to Tenant, or, at Landlord's option, to the last assignee of Tenant's interest hereunder, within sixty (60) days following the expiration of the Term. Tenant shall not be entitled to any interest on the Security Deposit. Tenant hereby irrevocably waives and relinquishes any and all rights, benefits, or protections, if any, Tenant now has, or in the future may have under any provision of law which (i) establishes the time frame by which a landlord must refund a security deposit under a lease, or (ii) provides that a landlord may claim from a security deposit only those sums reasonably necessary to remedy defaults in the payment of rent, to repair damage caused by a tenant, or to clean the subject premises.

Tenant acknowledges and agrees that (A) any statutory time frames for the return of a security deposit are superseded by the express period identified in this Section 6.4, and (B) rather than be so limited, Landlord may claim from the Security Deposit (i) any and all sums expressly identified in this Section 6.4, and (ii) any additional sums reasonably necessary to compensate Landlord for any and all losses or damages caused by Tenant's default of this Lease, including, but not limited to, all damages or rent due upon termination of this Lease. In the event of bankruptcy or other debtor-creditor proceedings against Tenant, the Security Deposit shall be deemed to be applied first to the payment of Rent and other charges due Landlord for all periods prior to the filing of such proceedings. Provided that (a) no default by Tenant under this Lease has occurred and is continuing and (b) Tenant has achieved an EBITDA (as defined below) for the immediately preceding six (6) month period that is equal to two times the then-current Base Rent for such time period (the "**EBITDA Condition**"), the Security Deposit shall be reduced to Five Hundred Fifty-Five Thousand Four Hundred Sixty-Eight and 75/100 Dollars ($555,468.75) (the "**Reduced Security Deposit**"). For purposes of the foregoing, the term "**EBITDA**" shall mean net income before interest, taxes, depreciation and amortization. Landlord shall be required to deliver to Tenant the portion of the Security Deposit retained by Landlord that is in excess of the Reduced Security Deposit within thirty (30) days after (x) Tenant has delivered to Landlord reasonable supporting documentation that Tenant has satisfied the conditions set forth in Subsections (a) and (b) above, including a certification from the principal financial officer of Tenant confirming that such conditions have been satisfied and that the documentation provided to Landlord evidencing satisfaction of the EBITDA Condition is true, correct and complete in all material respects and does not contain any misrepresentations or omissions of facts, and (y) Landlord reasonably has approved such documentation and agrees that such conditions have been satisfied. If the Tenant subsequently fails to meet the EBITDA Condition at any time during the Term, then Tenant shall be required to promptly deliver to Landlord an amount sufficient to increase the Security Deposit held by Landlord back to the sum of One Million One Hundred Ten Thousand Nine Hundred Thirty-Seven and 50/100 Dollars ($1,110,937.50). Following the reduction of the Security Deposit to the Reduced Security Deposit, upon Landlord's request, Tenant shall promptly deliver to Landlord such documentation as may be reasonably required by Landlord to assess whether the EBITDA Condition remains satisfied.

6.5. Base Rent Adjustments. Base Rent shall be subject to an annual upward adjustment of [***] percent ([***]%) of the then-current Base Rent. The first such adjustment shall become effective commencing on the first annual anniversary of the Commencement Date, and subsequent adjustments shall become effective on every successive annual anniversary for so long as this Lease continues in effect.

6.6. No Discharge of Rent Obligations. Tenant's obligation to pay Rent shall not be discharged or otherwise affected by (a) any Applicable Laws now or hereafter applicable to the Premises, (b) any other restriction on Tenant's use, (c) except as expressly provided herein, any casualty or taking or (d) any other occurrence; and Tenant waives all rights now or hereafter existing to terminate or cancel this Lease or quit or surrender the Premises or any part thereof, or to assert any defense in the nature of constructive eviction to any action seeking to recover rent. Tenant's obligation to pay Rent with respect to any period or obligations arising, existing or pertaining to the period prior to the date of the expiration or earlier termination of the Term or this Lease shall survive any such expiration or earlier termination; provided, however, that nothing in this sentence shall in any way affect Tenant's obligations with respect to any other period. Except as expressly provided in this Lease, Tenant, to the extent now or hereafter permitted by Applicable Laws, waives all rights now or hereafter conferred by statute or otherwise to quit, terminate or surrender this Lease or to any diminution, abatement or reduction of Rent payable hereunder.

7. Use.

7.1. Use. Tenant shall use the Premises solely for the Permitted Use, and shall not use the Premises, or permit or suffer the Premises to be used, for any other purpose without Landlord's prior written consent, which consent Landlord may withhold in its sole but reasonable discretion. Tenant shall comply, and cause Tenant Parties to comply, with all Applicable Laws, zoning ordinances and certificates of occupancy issued for the Premises or any portion thereof. Tenant shall not make any penetrations in the roof of the Building without the consent of Landlord, and any work on the roof shall be undertaken by contractors approved by the company providing the warranty for the roof and shall otherwise be performed in such a manner so as not to violate any roof warranty and, if there is no roof warranty, to the standards which the company previously providing the roof warranty would require if there was a roof warranty. Tenant shall not commit, or allow Tenant Parties to commit, any waste of the Premises. Tenant

shall not do, or permit Tenant Parties to do, anything on or about the Premises that in any way invalidates or prevents the procuring, of any insurance protecting against loss or damage to any portion of the Premises or its contents, or against liability for damage to property or injury to persons in or about any portion of the Premises. For purposes hereof, "**Tenant Parties**" means Tenant's agents, contractors, subcontractors, employees, customers, licensees, invitees, assignees and subtenants; and the term "**Applicable Laws**" means all federal (to the extent not in direct conflict with applicable state, municipal or local cannabis licensing and program laws, rules and regulations), state, municipal and local laws, codes, ordinances, rules and regulations of governmental authorities, committees, associations, or other regulatory committees, agencies or governing bodies having jurisdiction over the Premises or any portion thereof, Landlord or Tenant, including both statutory and common law, hazardous waste rules and regulations, and state cannabis licensing and program laws, rules and regulations. Tenant may only place equipment within the Premises with floor loading consistent with the Building's structural design unless Tenant obtains Landlord's prior written approval. Tenant may place such equipment only in a location designed to carry the weight of such equipment.

7.2. Legal Compliance. Notwithstanding any other provision herein to the contrary, Tenant shall be responsible for all improvements or alterations required to be made and all liabilities, costs and expenses arising out of or in connection with the compliance of the Premises with Applicable Laws, including, without limitation, the Americans with Disabilities Act, 42 U.S.C. § 12101, et seq., and any state and local accessibility laws, codes, ordinances and rules (collectively, and together with regulations promulgated pursuant thereto, the "**ADA**"), and Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any Claims arising out of any such failure of the Premises to comply with Applicable Laws, including, without limitation, the ADA.

7.3. Indemnification. Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold Landlord and its affiliates, lenders, employees, agents and contractors (collectively, the "**Landlord Indemnitees**") harmless from and against any and all demands, claims, liabilities, losses, costs, expenses, criminal or civil actions, forfeiture seizures, causes of action, damages, suits or judgments, and all reasonable expenses (including reasonable attorneys' fees, charges and disbursements, regardless of whether the applicable demand, claim, action, cause of action or suit is voluntarily withdrawn or dismissed) incurred in investigating or resisting the same (collectively, "**Claims**") of any kind or nature that arise before, during or after the Term as a result of Tenant's breach of this Section 7.

8. Hazardous Materials.

8.1. Tenant shall not cause or permit any Hazardous Materials (as defined below) to be brought upon, kept or used in or about the Premises in violation of Applicable Laws by Tenant or any Tenant Party. If (a) Tenant breaches such obligation, (b) the presence of Hazardous Materials as a result of such a breach results in contamination of the Premises, any portion thereof, or any adjacent property, (c) contamination of the Premises otherwise occurs during the Term or any extension or renewal hereof or holding over hereunder or (d) contamination of the Premises occurs as a result of Hazardous Materials that are placed on or under or are released into the Premises by a Tenant Party, then Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any and all Claims of any kind or nature, including (w) diminution in value of the Premises or any portion thereof, (x) damages for the loss or restriction on use of rentable or usable space or of any amenity of the Premises, (y) damages arising from any adverse impact on marketing of space in the Premises or any portion thereof and (z) sums paid in settlement of Claims that arise before, during or after the Term as a result of such breach or contamination. This indemnification by Tenant includes costs incurred in connection with any investigation of site conditions or any clean-up, remedial, removal or restoration work required by any governmental authority because of Hazardous Materials present in the air, soil or groundwater above, on, under or about the Premises. Without limiting the foregoing, if the presence of any Hazardous Materials in, on, under or about the Premises, any portion thereof or any adjacent property caused or permitted by any Tenant Party results in any contamination of the Premises, any portion thereof or any adjacent property, then Tenant shall promptly take all actions at its sole cost and expense as are necessary to return the Premises, any portion thereof or any adjacent property to its respective condition existing prior to the time of such contamination; provided that Landlord's written approval of such action shall first be obtained, which approval

Landlord shall not unreasonably withhold; and provided, further, that it shall be reasonable for Landlord to withhold its consent if such actions could have a material adverse long-term or short-term effect on the Premises, any portion thereof or any adjacent property. Tenant's obligations under this Section shall not be limited by any limitation on the amount or type of damages, compensation or benefits payable by or for Tenant under workers' compensation acts, disability benefit acts, employee benefit acts or similar legislation.

8.2. Landlord acknowledges that it is not the intent of this Section 8 to prohibit Tenant from operating its business for the Permitted Use. Tenant may operate its business according to the custom of Tenant's industry so long as the use or presence of Hazardous Materials is strictly and properly monitored in accordance with Applicable Laws. As a material inducement to Landlord to allow Tenant to use Hazardous Materials in connection with its business, Tenant agrees to deliver to Landlord (a) a list identifying each type of Hazardous Material to be present at the Premises that is subject to regulation under any environmental Applicable Laws in the form of a Tier II form pursuant to Section 312 of the Emergency Planning and Community Right-to-Know Act of 1986 (or any successor statute) or any other form reasonably requested by Landlord, (b) a list of any and all approvals or permits from governmental authorities required in connection with the presence of such Hazardous Material at the Premises and (c) correct and complete copies of notices of violations of Applicable Laws related to Hazardous Materials (collectively, "**Hazardous Materials Documents**"). Tenant shall deliver to Landlord updated Hazardous Materials Documents, within fourteen (14) days after receipt of a written request therefor from Landlord, not more often than once per year, unless (m) there are any changes to the Hazardous Materials Documents or (n) Tenant initiates any Tenant Improvements or Alterations or changes its business, in either case in a way that involves any material increase in the types or amounts of Hazardous Materials. In the event that a review of the Hazardous Materials Documents indicates non-compliance with this Lease or Applicable Laws, Tenant shall, at its expense, diligently take steps to bring its storage and use of Hazardous Materials into compliance. Notwithstanding anything in this Lease to the contrary or Landlord's review into Tenant's Hazardous Materials Documents or use or disposal of hazardous materials, however, Landlord shall not have and expressly disclaims any liability related to Tenant's or other tenants' use or disposal of Hazardous Materials, it being acknowledged by Tenant that Tenant is best suited to evaluate the safety and efficacy of its Hazardous Materials usage and procedures.

8.3. Tenant represents and warrants to Landlord that Tenant is not, nor has it been, in connection with the use, disposal or storage of Hazardous Materials, (a) subject to a material enforcement order issued by any governmental authority or (b) required to take any remedial action.

8.4. At any time, and from time to time, prior to the expiration of the Term, Landlord shall have the right to conduct appropriate tests of the Premises or any portion thereof to demonstrate that Hazardous Materials are present or that contamination has occurred due to the acts or omissions of a Tenant Party, the cost of which shall be an Operating Expense. Such inspections shall be made only after Landlord provides notice to and receives approval from the relevant regulatory authorities regarding the testing.

8.5. If underground or other storage tanks storing Hazardous Materials installed or utilized by Tenant are located on the Premises, or are hereafter placed on the Premises by Tenant (or by any other party, if such storage tanks are utilized by Tenant), then Tenant shall monitor the storage tanks, maintain appropriate records, implement reporting procedures, properly close any underground storage tanks, and take or cause to be taken all other steps necessary or required under the Applicable Laws.

8.6. Tenant shall promptly report to Landlord any actual or suspected presence of mold or water intrusion at the Premises.

8.7. Tenant's obligations under this Section 8 shall survive the expiration or earlier termination of the Lease. During any period of time needed by Tenant or Landlord after the termination of this Lease to complete the removal from the Premises of any such Hazardous Materials, Tenant shall be deemed a holdover tenant and subject to the provisions of Section 4.

8.8. As used herein, the term "**Hazardous Material**" means any toxic, explosive, corrosive, flammable, infectious, radioactive, carcinogenic, mutagenic or otherwise hazardous substance, material or waste that is or becomes regulated by Applicable Laws or any governmental authority.

9. Alterations.

9.1. Tenant shall not make any alterations, additions or improvements in or to the Premises or engage in any construction, demolition, reconstruction, renovation or other work (whether major or minor) of any kind in, at or serving the Premises ("**Alterations**"), without obtaining Landlord's prior written consent, which shall not be unreasonably withheld, except Tenant may make non-structural Alterations to the interior of the Premises (excluding the roof) without such consent but upon at least ten (10) days' prior notice to Landlord, provided that the cost thereof does not exceed [***] Dollars ($[***]) per occurrence or an aggregate amount of [***] Dollars ($[***]) annually. Notwithstanding the foregoing, Tenant will not do anything that could have a material adverse effect on the Building or life safety systems, without obtaining Landlord's prior written consent. Any such improvements, excepting movable furniture, trade fixtures and equipment, shall become part of the realty and belong to Landlord. All alterations and improvements shall be properly permitted and installed at Tenant's sole cost, by a licensed contractor, in a good and workmanlike manner, and in conformity with all Applicable Laws. Any alterations that Tenant shall desire to make and which require the consent of Landlord shall be presented to Landlord in written form with detailed plans. Tenant shall: (i) acquire all applicable governmental permits; (ii) furnish Landlord with copies of both the permits and the plans and specifications at least thirty (30) days before the commencement of the work, and (iii) comply with all conditions of said permits in a prompt and expeditious manner. Any alterations shall be performed in a workmanlike manner with good and sufficient materials. Upon completion of any Alterations, Tenant shall promptly upon completion furnish Landlord with a reproducible copy of as-built drawings and specifications for any Alterations.

9.2. At least twenty (20) days prior to commencing any work relating to any Alterations requiring the approval of Landlord that have been so approved, Tenant shall notify Landlord in writing of the expected date of commencement. Tenant shall pay, when due, all claims for labor or materials furnished to or for Tenant for use in improving the Premises. Tenant shall not permit any mechanics' or materialmen's liens to be levied against the Premises arising out of work performed, materials furnished, or obligations to have been performed on the Premises by or at the request of Tenant. Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold Landlord Indemnitees from and against any and all Claims of any kind or nature that arise before, during or after the Term on account of claims of lien of laborers or materialmen or others for work performed or materials or supplies furnished for Tenant or its contractors, agents or employees. If Tenant fails to discharge or undertake to defend against such liability, upon receipt of written notice from Landlord of such failure, Tenant shall have thirty (30) days (the "**Defense Cure Period**") to cure such failure by prosecuting such a defense. If Tenant fails to do so within the Defense Cure Period, then Landlord may settle the same and Tenant's liability to Landlord shall be conclusively established by such settlement provided that such settlement is entered into on commercially reasonable terms and conditions, the amount of such liability to include both the settlement consideration and the costs and expenses (including attorneys' fees) incurred by Landlord in effecting such settlement. In the event any contractor, agent or employee notifies Tenant of its intent to file a mechanics' or materialmen's lien against the Premises, Tenant shall immediately notify Landlord of such intention to file a lien or a lawsuit with respect to such lien.

9.3. Tenant shall repair any damage to the Premises caused by Tenant's removal of any property from the Premises. During any such restoration period, Tenant shall pay Rent to Landlord as provided herein as if such space were otherwise occupied by Tenant. The provisions of this Section shall survive the expiration or earlier termination of this Lease.

9.4. The Premises plus any Alterations, Tenant Improvements, attached equipment, decorations, fixtures and trade fixtures; movable casework and related appliances; and other additions and improvements attached to or built into the Premises made by either of the parties (including all floor and wall coverings; paneling; sinks and related plumbing fixtures; attached benches; production equipment; walk-in refrigerators; ductwork; conduits; electrical panels and circuits; attached machinery and equipment; and built-in furniture and cabinets, in

each case, together with all additions and accessories thereto), shall (unless, prior to such construction or installation, Landlord elects otherwise in writing) at all times remain the property of Landlord, shall remain in the Premises and shall (unless, prior to construction or installation thereof, Landlord elects otherwise in writing) be surrendered to Landlord upon the expiration or earlier termination of this Lease. For the avoidance of doubt, the items listed on Exhibit B attached hereto (which Exhibit B may be updated by Tenant from and after the Commencement Date, subject to Landlord's written consent) constitute Tenant's property and shall be removed by Tenant upon the expiration or earlier termination of the Lease.

9.5. If Tenant shall fail to remove any of its property from the Premises prior to the expiration of the Term, then Landlord may, at its option, remove the same in any manner that Landlord shall choose and store such effects without liability to Tenant for loss thereof or damage thereto, and Tenant shall pay Landlord, upon demand, any costs and expenses incurred due to such removal and storage or Landlord may, at its sole option, without notice to Tenant and subject to approval from Michigan cannabis regulatory authorities as required for certain items, sell such property or any portion thereof at private sale and without legal process for such price as Landlord may obtain and apply the proceeds of such sale against any (a) amounts due by Tenant to Landlord under this Lease and (b) any expenses incident to the removal, storage and sale of such personal property.

9.6. Tenant shall pay to Landlord an amount equal to [***] percent ([***]%) of the cost to Tenant of all Alterations to cover Landlord's overhead and expenses for plan review, engineering review, coordination, scheduling and supervision thereof. For purposes of payment of such sum, Tenant shall submit to Landlord copies of all bills, invoices and statements covering the costs of such charges, accompanied by payment to Landlord of the fee set forth in this Section. In addition, Tenant shall reimburse Landlord for all thirdparty costs actually incurred by Landlord in connection with any Alterations, including any non-structural Alterations that do not require Landlord’s prior consent.

9.7. Tenant shall require its contractors and subcontractors performing work on the Premises to name Landlord and its affiliates and any lender as additional insureds on their respective insurance policies, except to the extent that the same is not permitted by Michigan law or regulation.

10. Odors and Fumes. Tenant shall not cause or permit (or conduct any activities that would cause) any release of any odors or fumes of any kind from the Premises in excess of quantities prohibited by Applicable Law or any applicable CC&Rs. Tenant shall, at Tenant's sole cost and expense, provide odor eliminators and other devices (such as filters, air cleaners, scrubbers and whatever other equipment may in Landlord's judgment be necessary or appropriate from time to time) to abate any odors, fumes or other substances in Tenant's exhaust stream that, in Landlord's reasonable judgment, emanate from Tenant's Premises. Any work Tenant performs under this Section shall constitute Alterations. Tenant's responsibility to abate odors, fumes and exhaust shall continue throughout the Term. If Tenant fails to install satisfactory odor control equipment within thirty (30) days after Landlord's written demand made at any time, then Landlord may, without limiting Landlord's other rights and remedies, require Tenant to cease and suspend any operations in the Premises that, in Landlord's reasonable determination, cause odors, fumes or exhaust in violation of quantities allowed under Applicable Laws or any applicable CC&Rs.

11. Repairs and Maintenance.

11.1. Care of Premises. This Lease shall be deemed and construed to be an "absolute net lease." Tenant shall, at its sole cost and expense, keep the Premises in a working, neat, clean, sanitary, safe condition and repair, and shall keep the Premises free from trash. Tenant shall make all repairs or replacements thereon or thereto, whether ordinary or extraordinary. Without limiting the foregoing, Tenant’s obligations hereunder shall include the maintenance, repair and replacement of the Building foundation, roof (including roof membrane), walls and all other structural components of the Building; all heating, ventilation, air conditioning, plumbing, electrical, mechanical, utility and safety systems serving the Building or Premises; the parking areas, roads and driveways located on the Premises; maintenance of exterior areas such as gardening and landscaping; snow removal and signage; maintenance and repair of flashings, gutters, downspouts, roof drains, skylights and waterproofing; and painting. Landlord shall not be required to furnish any services or facilities or to make any repairs, replacements or alterations of any kind in or on the Premises. Tenant shall receive all invoices and bills relative to the Premises and, except as otherwise

provided herein, shall pay for all expenses directly to the person or company submitting a bill without first having to forward payment for the expenses to Landlord. Tenant hereby expressly waives the right to make repairs at the expense of Landlord as provided for in any Applicable Laws in effect at the time of execution of this Lease, or in any other Applicable Laws that may hereafter be enacted, and waives its rights under Applicable Laws relating to a landlord's duty to maintain its premises in a tenantable condition.

11.2. Service Contracts and Invoices. Tenant shall, promptly upon Landlord's written request therefor, provide Landlord with copies of all service contracts relating to the Tenant's maintenance of the Premises and invoices received from Tenant from such service providers.

11.3. Action by Landlord if Tenant Fails to Maintain. If Tenant refuses or neglects to repair or maintain the Premises as required hereunder to the reasonable satisfaction of Landlord, Landlord, at any time following ten (10) business days from the date on which Landlord shall make written demand on Tenant to affect such repair or maintenance, may, but shall not have the obligation to, make such repair and/or maintenance (without liability to Tenant for any loss or damage which may occur to Tenant's merchandise, fixtures or other personal property, or to Tenant's business by reason thereof unless caused by Landlord's active gross negligence or intentional misconduct) and upon completion thereof, Tenant shall pay to Landlord as Landlord Additional Rent Landlord's reasonable costs for making such repairs, plus interest at the Default Rate from the date of expenditure by Landlord upon demand therefor. Moreover, Tenant's failure to pay any of the charges in connection with the performance of its maintenance and repair obligations under this Lease will constitute a material default under the Lease.

11.4. No Rent Abatement. There shall be no abatement of Rent and no liability of Landlord by reason of any injury to or interference with Tenant's business arising from the making of any repairs, alterations or improvements in or to any portion of the Premises, or in or to improvements, fixtures, equipment and personal property therein unless caused by Landlord's active gross negligence or intentional misconduct.

11.5. Right of Entry. After providing the required notice to and receiving required approval from the relevant Michigan regulatory agencies, Landlord and Landlord's agents shall have the right to enter upon the Premises or any portion thereof for the purposes of performing any repairs or maintenance Landlord is permitted to make pursuant to this Lease, and of ascertaining the condition of the Premises or whether Tenant is observing and performing Tenant's obligations hereunder, all without unreasonable interference from Tenant or Tenant Parties. Except for emergency maintenance or repairs, the right of entry contained in this paragraph shall be exercisable at reasonable times, at reasonable hours and on reasonable notice of not less than twenty-four (24) hours, subject to Tenant's authorized personnel accompanying Landlord's agents in sensitive areas of the Premises and conditioned upon the required approval and consent from Michigan cannabis regulatory agencies. For the absence of doubt, all subsequent references to Landlord's right of entry contained herein are subject to the same approval by the Michigan cannabis regulatory agencies. Landlord shall use commercially reasonable efforts to minimize interference with Tenant's use and operations.

12. Liens. Tenant shall keep the Premises free from any liens arising out of work or services performed, materials furnished to or obligations incurred by Tenant. Tenant further covenants and agrees that any mechanic's or materialman's lien filed against the Premises for work or services claimed to have been done for, or materials claimed to have been furnished to, or obligations incurred by Tenant shall be discharged or bonded by Tenant within twenty (20) days after the filing thereof, at Tenant's sole cost and expense. Should Tenant fail to discharge or bond against any lien of the nature described in this Section, Landlord may, at Landlord's election, pay such claim or otherwise provide security to eliminate the lien as a claim against title, and Tenant shall promptly reimburse Landlord for the costs thereof as Additional Rent. Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any Claims arising from any such liens, including any administrative, court or other legal proceedings related to such liens. In the event that Tenant leases or finances the acquisition of office equipment, furnishings or other personal property of a removable nature utilized by Tenant in the operation of Tenant's business, Tenant warrants that any Uniform Commercial Code financing statement shall, upon its face or by exhibit thereto, indicate that such financing statement is applicable only to removable personal property of Tenant located within the Premises.

13. Rules and Regulations and CC&Rs and Parking Facilities. Tenant shall faithfully observe and comply with and shall ensure that its contractors, subcontractors, employees, subtenants and invitees faithfully observe and comply with such reasonable and nondiscriminatory rules and regulations as are hereafter promulgated by Landlord provided that the same do not prohibit the Permitted Use or otherwise significantly interfere with Tenant's use and access to the Premises. This Lease is subject to any recorded covenants, conditions or restrictions on the Property or Premises, as the same may be amended, amended and restated, supplemented or otherwise modified from time to time (the "**CC&Rs**"). Tenant shall, at its sole cost and expense, comply with the CC&Rs.

14. Utilities and Services. Tenant shall make all arrangements for and pay for all water, sewer, gas, heat, light, power, telephone service and any other service or utility Tenant requires at the Premises. Landlord shall not be liable for any failure or interruption of any utility service being furnished to the Premises, and no such failure or interruption shall entitle Tenant to any abatement or right to terminate this Lease. In the event that any utilities are furnished by Landlord, Tenant shall pay to Landlord the cost thereof as an Operating Expense.

15. Estoppel Certificate. Tenant shall, within ten (10) business days after receipt of written notice from Landlord, execute, acknowledge and deliver a statement in writing substantially in the form attached to this Lease as Exhibit C, or on any other form reasonably requested by a current or proposed lender or encumbrancer or proposed purchaser, (a) certifying that this Lease is unmodified and in full force and effect (or, if modified, stating the nature of such modification and certifying that this Lease as so modified is in full force and effect) and the dates to which rental and other charges are paid in advance, if any, (b) acknowledging that there are not, to Tenant's knowledge, any uncured defaults on the part of Landlord hereunder, or specifying such defaults if any are claimed, and (c) setting forth such further information with respect to this Lease or the Premises as may be requested thereon. Each Guarantor shall, within ten (10) days after receipt of written notice from Landlord, execute, acknowledge and deliver a statement in writing in the same form. Tenant's or any Guarantor's failure to deliver any such statement within such the prescribed time shall be binding upon Tenant or such Guarantor (as applicable) that the Lease and such Guaranty are in full force and effect and without modification except as may be represented by Landlord in any certificate prepared by Landlord and delivered to Tenant or such Guarantor (as applicable) for execution.

16. Assignment or Subletting.

16.1. None of the following (each, a "**Transfer**"), either voluntarily or by operation of Applicable Laws, shall be directly or indirectly performed without Landlord's prior written consent: (a) Tenant selling, hypothecating, assigning, pledging, encumbering or otherwise transferring this Lease or subletting the Premises or (b) a controlling interest in Tenant being sold, assigned or otherwise transferred (other than as a result of shares in Tenant being sold on a public stock exchange or a Permitted Transfer as defined below). For purposes of the preceding sentence, "control" means (a) owning (directly or indirectly) more than fifty percent (50%) of the stock or other equity interests of another person or (b) possessing, directly or indirectly, the power to direct or cause the direction of the management and policies of such person.

16.2. In the event Tenant desires to effect a Transfer, then, at least thirty (30) but not more than ninety (90) days prior to the date when Tenant desires the Transfer to be effective (the "**Transfer Date**"), Tenant shall provide written notice to Landlord (the "**Transfer Notice**") containing information (including references) concerning the character of the proposed transferee, assignee or sublessee; the proposed Transfer Date; the most recent unconsolidated financial statements of Tenant and of the proposed transferee, assignee or sublessee ("**Required Financials**"); any ownership or commercial relationship between Tenant and the proposed transferee, assignee or sublessee; and the consideration and all other material terms and conditions of the proposed Transfer, all in such detail as Landlord shall reasonably require. In no event shall Landlord be deemed to be unreasonable for declining to consent to a Transfer to a transferee, assignee or sublessee of poor reputation, lacking financial qualifications or seeking a change in the Permitted Use, or jeopardizing directly or indirectly the status of Landlord

or any of Landlord's affiliates as a Real Estate Investment Trust under the Internal Revenue Code of 1986, as amended from time to time.

16.3. The following are conditions precedent to a Transfer or to Landlord considering a request by Tenant to a Transfer:

16.3.1. Tenant shall remain fully liable under this Lease and each Guarantor shall continue to remain fully liable under such Guarantor's Guaranty, including with respect to the Term after the Transfer Date. Tenant agrees that it shall not be (and shall not be deemed to be) a guarantor or surety of this Lease, however, and waives its right to claim that it is a guarantor or surety or to raise in any legal proceeding any guarantor or surety defenses permitted by this Lease or by Applicable Laws;

16.3.2. Tenant shall provide Landlord with evidence reasonably satisfactory to Landlord that the value of Landlord's interest under this Lease shall not be diminished or reduced by the proposed Transfer. Such evidence shall include evidence respecting the relevant business experience and financial responsibility and status of the proposed transferee, assignee or sublessee;

16.3.3. Tenant shall reimburse Landlord for Landlord's actual out of pocket costs and expenses, including reasonable attorneys' fees, charges and disbursements incurred in connection with the review, processing and documentation of such request;

16.3.4. If Tenant's transfer of rights or sharing of the Premises provides for the receipt by, on behalf of or on account of Tenant of any consideration of any kind whatsoever (including a premium rental for a sublease or lump sum payment for an assignment, but excluding Tenant's reasonable costs in marketing and subleasing the Premises) in excess of the rental and other charges due to Landlord under this Lease, Tenant shall pay [***] percent ([***]%) of all of such excess to Landlord, after making deductions for any reasonable marketing expenses, tenant improvement funds expended by Tenant, alterations, cash concessions, brokerage commissions, attorneys' fees and free rent actually paid by Tenant. If such consideration consists of cash paid to Tenant, payment to Landlord shall be made upon receipt by Tenant of such cash payment;

16.3.5. The proposed transferee, assignee or sublessee shall agree that, in the event Landlord gives such proposed transferee, assignee or sublessee notice that Tenant is in default under this Lease, such proposed transferee, assignee or sublessee shall thereafter make all payments otherwise due Tenant directly to Landlord, which payments shall be received by Landlord without any liability being incurred by Landlord, except to credit such payment against those due by Tenant under this Lease, and any such proposed transferee, assignee or sublessee shall agree to attorn to Landlord or its successors and assigns should this Lease be terminated for any reason; provided, however, that in no event shall Landlord or its Lenders, successors or assigns be obligated to accept such attornment;

16.3.6. Tenant shall not then be in default hereunder in any respect;

16.3.7. Such proposed transferee, assignee or sublessee's use of the Premises shall be the same as the Permitted Use;

16.3.8. Landlord shall not be bound by any provision of any agreement pertaining to the Transfer, except for Landlord's written consent to the same;

16.3.9. Tenant shall pay all transfer and other taxes (including interest and penalties) assessed or payable for any Transfer;

16.3.10. Landlord's consent (or waiver of its rights) for any Transfer shall not waive Landlord's right to consent or refuse consent to any later Transfer; and

16.3.11. Tenant shall deliver to Landlord a list of Hazardous Materials (as defined below), certified by the proposed transferee, assignee or sublessee to be true and correct, that the proposed transferee, assignee or sublessee intends to use or store in the Premises. Additionally, Tenant shall deliver to Landlord, on or before the date any proposed transferee, assignee or sublessee takes occupancy of the Premises, all of the items relating to Hazardous Materials of such proposed transferee, assignee or sublessee as described in Section 8.

16.4. Any Transfer that is not in compliance with the provisions of this Section or with respect to which Tenant does not fulfill its obligations pursuant to this Section shall be void and shall, at the option of Landlord, terminate this Lease.

16.5. Notwithstanding any Transfer, Tenant shall remain fully and primarily liable for the payment of all Rent and other sums due or to become due hereunder, and for the full performance of all other terms, conditions and covenants to be kept and performed by Tenant. The acceptance of Rent or any other sum due hereunder, or the acceptance of performance of any other term, covenant or condition thereof, from any person or entity other than Tenant shall not be deemed a waiver of any of the provisions of this Lease or a consent to any Transfer.

16.6. If Tenant delivers to Landlord a Transfer Notice indicating a desire to transfer this Lease to a proposed transferee, assignee or sublessee other than a Permitted Transferee, then Landlord shall have the option, exercisable by giving notice to Tenant within ten (10) days after Landlord's receipt of such Transfer Notice, to terminate this Lease as of the date specified in the Transfer Notice as the Transfer Date, except for those provisions that, by their express terms, survive the expiration or earlier termination hereof. If Landlord exercises such option, then Tenant shall have the right to withdraw such Transfer Notice by delivering to Landlord written notice of such election within five (5) business days after Landlord's delivery of notice electing to exercise Landlord's option to terminate this Lease. In the event Tenant withdraws the Transfer Notice as provided in this Section, this Lease shall continue in full force and effect. No failure of Landlord to exercise its option to terminate this Lease shall be deemed to be Landlord's consent to a proposed Transfer.

16.7. If Tenant sublets the Premises or any portion thereof, Tenant hereby immediately and irrevocably assigns to Landlord, as security for Tenant's obligations under this Lease, all rent from any such subletting, and appoints Landlord as assignee and attorney-in-fact for Tenant, and Landlord (or a receiver for Tenant appointed on Landlord's application) may collect such rent and apply it toward Tenant's obligations under this Lease; provided that, until the occurrence of a Default (as defined below) by Tenant, Tenant shall have the right to collect such rent.

16.8. Permitted Transfers. Notwithstanding the above, Tenant may assign its entire interest under this Lease or sublease all or a portion of the Premises without the consent of Landlord to: (i) an affiliate, subsidiary or parent of Tenant; (ii) any entity into which that Tenant or an affiliated party may merge or consolidate; (iii) any entity that acquires all or substantially all of the assets of Tenant; each a “Permitted Transfer” and such transferee a “Permitted Transferee”, provided that (a) Tenant notifies Landlord at least twenty (20) days prior to the effective date of any such Permitted Transfer, (b) Tenant is not in default and such assignment or sublease is not a subterfuge by Tenant to avoid its obligations under this Lease, (c) such Permitted Transferee shall have a tangible net worth (not including goodwill as an asset) computed in accordance with generally accepted accounting principles (“Net Worth”) at least equal to the Net Worth of the original Tenant on the day immediately preceding the effective date of such assignment or sublease and reasonably sufficient to comply with the obligations under this Lease, (d) no assignment or sublease relating to this Lease, whether with or without Landlord’s consent, shall relieve Tenant from any liability under this Lease, and (e) the liability of such Permitted Transferee under either an assignment or sublease shall be joint and several with Tenant and each Guarantor. Tenant’s notice to Landlord shall include information and documentation showing that each of the above conditions has been satisfied. As used in this Section 16.8, (w) “parent” shall mean a company which owns a majority of Tenant’s voting equity; (x) “subsidiary” shall mean an entity wholly owned by Tenant or at least fifty-one percent (51%) of whose voting equity is owned by Tenant; (y) “affiliate” shall mean an entity controlled by, controlling or under common control with Tenant; and (z) “control” shall mean the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person or entity.

17. Indemnification and Exculpation.

17.1. Tenant agrees to indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any and all Claims of any kind or nature, real or alleged, arising from (a) injury to or death of any person or damage to any property occurring within or about the Premises arising directly or indirectly out of the presence at or use or occupancy of the Premises or Project by a Tenant Party, (b) an act or omission on the part of any Tenant Party; (c) a breach or default by Tenant in the performance of any of its obligations hereunder or (d) injury to or death of persons or damage to or loss of any property, real or alleged, arising from the serving of any intoxicating substances at the Premises or Project, except to the extent any of the foregoing are directly caused by Landlord's gross negligence or willful misconduct. Tenant's obligations under this Section shall not be affected, reduced or limited by any limitation on the amount or type of damages, compensation or benefits payable by or for Tenant under workers' compensation acts, disability benefit acts, employee benefit acts or similar legislation. Tenant's obligations under this Section shall survive the expiration or earlier termination of this Lease.

17.2. Notwithstanding anything in this Lease to the contrary, and except to the extent any of the foregoing are directly caused by Landlord's active gross negligence or willful misconduct, Landlord shall not be liable to Tenant for and Tenant assumes all risk of (a) damage or losses caused by fire, electrical malfunction, gas explosion or water damage of any type (including broken water lines, malfunctioning fire sprinkler systems, roof leaks or stoppages of lines), and (b) damage to personal property (in each case, regardless of whether such damages are foreseeable). Tenant further waives any claim for injury to Tenant's business or loss of income relating to any such damage or destruction of personal property as described in this Section. Notwithstanding anything in the foregoing or this Lease to the contrary, except as otherwise provided herein or as may be required by Applicable Laws, in no event shall Landlord be liable to Tenant for any consequential, special or indirect damages arising out of this Lease, including lost profits.

17.3. Landlord shall not be liable for any damages arising from any act, omission or neglect of any third party.

17.4. The provisions of this Section shall survive the expiration or earlier termination of this Lease.

18. Insurance; Waiver of Subrogation.

18.1. Landlord shall maintain a policy or policies of insurance protecting Landlord against the following (all of which shall be payable by Tenant as Operating Expenses):

18.1.1. Fire and other perils normally included within the classification of fire and extended coverage, together with insurance against vandalism and malicious mischief, to the extent of the full replacement cost of the Premises, including, at Landlord's option, flood coverage, exclusive of trade fixtures, equipment and improvements insured by Tenant, with agreed value, full replacement and other endorsements which Landlord may elect to maintain;

18.1.2. Twenty-four (24) months of rental loss insurance and to the extent of 100% of the gross rentals from the Premises;

18.1.3. Comprehensive general liability insurance with a single limit of not less than $[***] for bodily injury or death and property damage with respect to the Premises, a general aggregate not less than $[***] for bodily injury or death and property damage with respect to the Premises, and not less than $[***] of excess umbrella liability insurance; and

18.1.4. At Landlord's sole option, environmental liability or environmental clean-up/remediation insurance in such amounts and with such deductibles and other provisions as Landlord may determine in its sole and absolute discretion.

Notwithstanding the foregoing, Landlord may, at Landlord's option, request that Tenant procure and/or maintain, and pay directly, for one or more the foregoing policies of insurance, and Tenant shall exercise reasonable efforts to promptly procure such policies of insurance (or maintain such policies of insurance, as the case may be), and Landlord may require Tenant to name Landlord and Landlord's related parties as loss payees, in addition to other customary provisions related to Landlord's status as the owner of the Property.

18.2. Tenant shall, at its own cost and expense, procure and maintain during the Term the following insurance for the benefit of Tenant and Landlord (as their interests may appear) with insurers financially acceptable and lawfully authorized to do business in the state where the Premises are located:

18.2.1. Commercial General Liability insurance on a broad-based occurrence coverage form, with coverages including but not limited to bodily injury (including death), property damage (including loss of use resulting therefrom), premises/operations, personal & advertising injury, and contractual liability with limits of liability of not less than $[***] for bodily injury and property damage per occurrence, $[***] general aggregate, which limits may be met by use of excess and/or umbrella liability insurance provided that such coverage is at least as broad as the primary coverages required herein.

18.2.2. Commercial Automobile Liability insurance covering liability arising from the use or operation of any auto, including those owned, hired or otherwise operated or used by or on behalf of the Tenant. The coverage shall be on a broad-based occurrence form with combined single limits of not less than $[***] per accident for bodily injury and property damage.

18.2.3. Commercial Property insurance covering property damage to the full replacement cost value and business interruption. Covered property shall include all tenant improvements in the Premises (to the extent not insured by Landlord) and Tenant's property including personal property, furniture, fixtures, machinery, equipment, stock, inventory and improvements and betterments, which may be owned by Tenant or Landlord and required to be insured hereunder, or which may be leased, rented, borrowed or in the care custody or control of Tenant, or Tenant's agents, employees or subcontractors. Such insurance, with respect only to all Alterations, Tenant Improvements or other work performed on the Premises by Tenant (collectively, "**Tenant Work**"), shall name Landlord and Landlord's current and future mortgagees as loss payees as their interests may appear. Such insurance shall be written on an "all risk" of physical loss or damage basis including the perils of fire, extended coverage, electrical injury, mechanical breakdown, windstorm, vandalism, malicious mischief, sprinkler leakage, back-up of sewers or drains, flood, earthquake, terrorism and such other risks Landlord may from time to time designate, for the full replacement cost value of the covered items with an agreed amount endorsement with no co-insurance. Business interruption coverage shall have limits sufficient to cover Tenant's lost profits and necessary continuing expenses, including rents due Landlord under the Lease. The minimum period of indemnity for business interruption coverage shall be twelve (12) months plus twelve (12) months' extended period of indemnity.

18.2.4. Workers' Compensation insurance as is required by statute or law, or as may be available on a voluntary basis and Employers' Liability insurance with limits of not less than the following: each accident, [***] Dollars ($[***]); disease, [***] Dollars ($[***]); disease (each employee), [***] Dollars ($[***]).

18.2.5. Pollution Legal Liability insurance is required if Tenant stores, handles, generates or treats Hazardous Materials, as determined by Landlord, on or about the Premises. Such coverage shall include bodily injury, sickness, disease, death or mental anguish or shock sustained by any person; property damage including physical injury to or destruction of tangible property including the resulting loss of use thereof, clean-up costs, and the loss of use of tangible property that has not been physically injured or destroyed; and defense costs, charges and expenses incurred in the investigation, adjustment or defense of claims for such compensatory damages. Coverage shall apply to both sudden and non-sudden pollution conditions including the discharge, dispersal, release or escape of smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, liquids or gases, waste materials or other irritants, contaminants or pollutants into or upon land, the atmosphere or any watercourse or body of water. Claims-made coverage is permitted, provided the policy retroactive date is continuously maintained prior to the commencement date of this Lease, and coverage is continuously maintained during all periods in which Tenant

occupies the Premises. Coverage shall be maintained with limits of not less than $[***] per incident with a $[***] policy aggregate and for a period of two (2) years thereafter.

18.3. During all construction by Tenant at the Premises, with respect to tenant improvements being constructed (including the Tenant Improvements and any Alterations), Tenant shall cause the insurance required in Exhibit E-1 to be in place.

18.4. The insurance required of Tenant by this Section shall be with companies at all times having a current rating of not less than A- and financial category rating of at least Class VII in "A.M. Best's Insurance Guide" current edition. Tenant shall obtain for Landlord from the insurance companies/broker or cause the insurance companies/broker to furnish certificates of insurance evidencing all coverages required herein to Landlord. Landlord reserves the right to require complete, certified copies of all required insurance policies including any endorsements. To the extent such provision is available from the insurance company, no such policy shall be cancelable or subject to reduction of coverage or other modification or cancellation except after twenty (20) days' prior written notice to Landlord from Tenant or its insurers (except in the event of non-payment of premium, in which case ten (10) days' written notice shall be given). All such policies shall be written as primary policies, not contributing with and not in excess of the coverage that Landlord may carry. Tenant's required policies shall contain severability of interests clauses stating that, except with respect to limits of insurance, coverage shall apply separately to each insured or additional insured. Tenant shall, at least twenty-five (25) days prior to the expiration of such policies, furnish Landlord with renewal certificates of insurance or binders. Tenant agrees that if Tenant does not take out and maintain such insurance, Landlord may (but shall not be required to) procure such insurance on Tenant's behalf and at its cost to be paid by Tenant as Additional Rent. Commercial General Liability, Commercial Automobile Liability, Umbrella Liability and Pollution Legal Liability insurance as required above shall name Landlord, IIP Operating Partnership, LP and Innovative Industrial Properties, Inc. and their respective officers, employees, agents, general partners, members, subsidiaries, affiliates and Lenders ("**Landlord Parties**") as additional insureds as respects liability arising from work or operations performed by or on behalf of Tenant, Tenant's use or occupancy of Premises, and ownership, maintenance or use of vehicles by or on behalf of Tenant.

18.5. Tenant assumes the risk of damage to any fixtures, goods, inventory, merchandise, equipment and leasehold improvements, and Landlord shall not be liable for injury to Tenant's business or any loss of income therefrom, relative to such damage, all as more particularly set forth within this Lease. Tenant shall, at Tenant's sole cost and expense, carry such insurance as Tenant desires for Tenant's protection with respect to personal property of Tenant or business interruption.

18.6. Each party and its insurers hereby waive any and all rights of recovery or subrogation against the other party with respect to any loss, damage, claims, suits or demands, howsoever caused, that are covered, or should have been covered, by valid and collectible insurance, including any deductibles or self-insurance maintained thereunder. If necessary, either party agrees to endorse the required insurance policies to permit waivers of subrogation as required hereunder and hold harmless and indemnify the other party for any loss or expense incurred as a result of a failure to obtain such waivers of subrogation from insurers. Such waivers shall continue so long as the parties' insurers so permit. Any termination of such a waiver shall be by written notice to the other, containing a description of the circumstances hereinafter set forth in this Section. Each party, upon obtaining the policies of insurance required or permitted under this Lease, shall give notice to its insurance carriers that the foregoing waiver of subrogation is contained in this Lease. If such policies shall not be obtainable with such waiver or shall be so obtainable only at a premium over that chargeable without such waiver, then Tenant shall notify Landlord of such conditions.

18.7. Landlord may require insurance policy limits required under this Lease to be raised to conform with requirements of Landlord's lender, if any.

18.8. Any costs incurred by Landlord pursuant to this Section shall be included as Operating Expenses payable by Tenant pursuant to this Lease.

18.9. The provisions of this Section shall survive the expiration or earlier termination of this Lease.

19. Subordination and Attornment.

19.1. This Lease shall be subject and subordinate to the lien of any mortgage, deed of trust, or lease in which Landlord is tenant now or hereafter in force against the Premises or any portion thereof and to all advances made or hereafter to be made upon the security thereof without the necessity of the execution and delivery of any further instruments on the part of Tenant to effectuate such subordination.

19.2. Notwithstanding the foregoing, Tenant shall execute and deliver upon demand such further instrument or instruments evidencing such subordination of this Lease to the lien of any such mortgage or mortgages or deeds of trust or lease in which Landlord is tenant as may be required by Landlord provided such party recognizes Tenant's rights under the Lease. If any such mortgagee, beneficiary or landlord under a lease wherein Landlord is tenant (each, a "**Mortgagee**") so elects, however, this Lease shall be deemed prior in lien to any such lease, mortgage, or deed of trust upon or including the Premises regardless of date and Tenant shall execute a statement in writing to such effect at Landlord's request. If Tenant fails to execute any document required from Tenant under this Section within ten (10) business days after written request therefor, Tenant hereby constitutes and appoints Landlord or its special attorney-in-fact to execute and deliver any such document or documents in the name of Tenant. Such power is coupled with an interest and is irrevocable.

19.3. Upon written request of Landlord and opportunity for Tenant to review, Tenant agrees to execute any Lease amendments not materially altering the terms of this Lease, if reasonably required by a Mortgagee incident to the financing of the real property of which the Premises constitute a part.

19.4. In the event any proceedings are brought for foreclosure, or in the event of the exercise of the power of sale under any mortgage or deed of trust made by Landlord covering the Premises, Tenant shall at the election of the purchaser at such foreclosure or sale attorn to the purchaser upon any such foreclosure or sale and recognize such purchaser as Landlord under this Lease provided Tenant's rights under the Lease are not disturbed so long as Tenant is not default of its obligations hereunder.

20. Defaults and Remedies.

20.1. Late payment by Tenant to Landlord of Rent and other sums due shall cause Landlord to incur costs not contemplated by this Lease, the exact amount of which shall be extremely difficult and impracticable to ascertain. Such costs include processing and accounting charges and late charges that may be imposed on Landlord by the terms of any mortgage or trust deed covering the Premises. Therefore, if any installment of Rent due from Tenant is not received by Landlord within five (5) days after the date such payment is due, Tenant shall pay to Landlord (a) an additional sum of [***] percent ([***]%) of the overdue Rent as a late charge plus (b) interest at an annual rate (the "**Default Rate**") equal to the lesser of (a) [***] percent ([***]%) and (b) the highest rate permitted by Applicable Laws. The parties agree that this late charge represents a fair and reasonable estimate of the costs that Landlord shall incur by reason of late payment by Tenant and shall be payable as Additional Rent to Landlord due with the next installment of Rent. Landlord's acceptance of any Additional Rent (including a late charge or any other amount hereunder) shall not be deemed an extension of the date that Rent is due or prevent Landlord from pursuing any other rights or remedies under this Lease, at law or in equity.

20.2. No payment by Tenant or receipt by Landlord of a lesser amount than the Rent payment herein stipulated shall be deemed to be other than on account of the Rent, nor shall any endorsement or statement on any check or any letter accompanying any check or payment as Rent be deemed an accord and satisfaction, and Landlord may accept such check or payment without prejudice to Landlord's right to recover the balance of such Rent or pursue any other remedy provided in this Lease or in equity or at law.

20.3. If Tenant fails to pay any sum of money required to be paid by it hereunder or perform any other act on its part to be performed hereunder, in each case within the applicable cure period (if any) described herein, then Landlord may (but shall not be obligated to), without waiving or releasing Tenant from any obligations of Tenant, make such payment or perform such act. Notwithstanding the foregoing, in the event of an emergency, Landlord shall have the right to enter the Premises and act in accordance with its rights as provided elsewhere in this

Lease. Tenant shall pay to Landlord as Additional Rent all sums so paid or incurred by Landlord, together with interest at the Default Rate, computed from the date such sums were paid or incurred.

20.4. The occurrence of any one or more of the following events shall constitute a "**Default**" hereunder by Tenant:

20.4.1. Tenant abandons or vacates the Premises;

20.4.2. Tenant fails to make any payment of Rent, as and when due, where such failure shall continue for a period of five (5) days after written notice thereof from Landlord to Tenant;

20.4.3. Tenant fails to observe or perform any obligation or covenant contained herein that is not otherwise described in this Section 20.4, and such failure (if susceptible to cure) is not cured within thirty (30) days after Tenant's receipt of written notice from Landlord of such default, provided that if such default cannot reasonably be cured within thirty (30) days, then Tenant shall not be in Default so long as Tenant commences to cure such default within such thirty (30) day period and thereafter pursues such cure to completion, provided such cure period shall in no event exceed ninety (90) days;

20.4.4. Tenant makes an assignment for the benefit of creditors, or a receiver, trustee or custodian is appointed to or does take title, possession or control of all or substantially all of Tenant's or any Guarantor's assets;

20.4.5. Tenant or any Guarantor files a voluntary petition under the United States Bankruptcy Code or any successor statute (as the same may be amended from time to time, the "**Bankruptcy Code**") or an order for relief is entered against Tenant or any Guarantor (as applicable) pursuant to a voluntary or involuntary proceeding commenced under any chapter of the Bankruptcy Code;

20.4.6. Any involuntary petition is filed against Tenant or any Guarantor under any chapter of the Bankruptcy Code and is not dismissed within one hundred twenty (120) days;

20.4.7. A default exists under any Guaranty executed by a Guarantor in favor of Landlord, after the expiration of any applicable notice and cure periods;

20.4.8. Tenant's interest in this Lease is attached, executed upon or otherwise judicially seized and such action is not released within one hundred twenty (120) days of the action;

20.4.9. A governmental authority seizes any part of the Property seeking forfeiture, whether or not a judicial forfeiture proceeding has commenced;

20.4.10. A final, appealable judgment having the effect of establishing that Tenant's operation violates Landlord's contractual obligations (i) pursuant to any private covenants of record restricting Landlord's Building containing the Premises or (ii) of good faith and fair dealing to any third party, including other tenants of the Building containing the Premises or occupants or owners of any other building within the Project; or

20.4.11. An event occurs that results in any insurance carrier that provides insurance coverage with respect to any aspect of the Project providing notice to the Landlord of its intent to cancel such insurance coverage, and Landlord, exercising commercially reasonable efforts, is not able to procure comparable replacement insurance coverage that is reasonably acceptable to Landlord prior to the actual cancellation date specified in the notice from the cancelling insurance carrier.

20.5. Notices given under this Section shall specify the alleged default and shall demand that Tenant perform the provisions of this Lease or pay the Rent that is in arrears, as the case may be, within the applicable period of time, or quit the Premises. No such notice shall be deemed a forfeiture or a termination of this Lease unless Landlord elects otherwise in such notice.

20.6. In the event of a Default by Tenant, and at any time thereafter, with or without notice or demand and without limiting Landlord in the exercise of any right or remedy that Landlord may have under Applicable Laws or this Lease, Landlord has the right to do any or all of the following:

20.6.1. Halt any Tenant Improvements or Alterations and order Tenant's contractors to stop work;

20.6.2. Terminate Tenant's right to possession of the Premises by written notice to Tenant or by any lawful means, in which case Tenant shall immediately surrender possession of the Premises to Landlord. In such event, Landlord shall have the immediate right to re-enter and remove all persons and property, and such property may be removed and stored elsewhere at the cost and for the account of Tenant, all without service of notice or resort to legal process and without being deemed guilty of trespass or becoming liable for any loss or damage; and

20.6.3. Terminate this Lease, in which event Tenant shall immediately surrender possession of the Premises to Landlord. In such event, Landlord shall have the immediate right to re-enter and remove all persons and property, and such property may be removed and stored elsewhere at the cost and for the account of Tenant, pursuant to legal process and without being deemed guilty of trespass or becoming liable for any loss or damage. In the event that Landlord shall elect to so terminate this Lease, then Landlord shall be entitled to recover from Tenant all damages incurred by Landlord by reason of Tenant's default, including:

20.6.3.1. The sum of: (i) the worth at the time of award (computed by allowing interest at the Default Rate) of any unpaid Rent that had accrued at the time of such termination; plus (ii) the worth at the time of award of the amount by which the unpaid Rent that would have accrued during the period commencing with termination of the Lease and ending at the time of award exceeds that portion of the loss of Landlord's rental income from the Premises that Tenant proves to Landlord's reasonable satisfaction could have been reasonably avoided; plus; (iii) the worth at the time of award of the amount by which the unpaid Rent for the balance of the Term after the time of award exceeds that portion of the loss of Landlord's rental income from the Premises that Tenant proves to Landlord's reasonable satisfaction could have been reasonably avoided; plus (iv) any other amount necessary to compensate Landlord for all the detriment caused by Tenant's failure to perform its obligations under this Lease or that in the ordinary course of things would be likely to result therefrom, including the cost of restoring the Premises to the condition required under the terms of this Lease, including any rent payments not otherwise chargeable to Tenant (e.g., during any "free" rent period or rent holiday); plus (v) At Landlord's election, such other amounts in addition to or in lieu of the foregoing as may be permitted from time to time by Applicable Laws; or

20.6.3.2. At Landlord's election, as minimum liquidated damages in addition to any (A) amounts paid or payable to Landlord pursuant to Section 20.6.3.1.(i) prior to such election and (B) costs of restoring the Premises to the condition required under the terms of this Lease, an amount (the "**Election Amount**") equal to either (Y) the positive difference (if any, and measured at the time of such termination) between (1) the then-present value of the total Rent and other benefits that would have accrued to Landlord under this Lease for the remainder of the Term if Tenant had fully complied with the Lease minus (2) the then-present cash rental value of the Premises as determined by Landlord for what would be the then-unexpired Term if the Lease remained in effect, computed using the discount rate of the Federal Reserve Bank of San Francisco at the time of the award plus one (1) percentage point (the "**Discount Rate**") or (Z) twelve (12) months (or such lesser number of months as may then be remaining in the Term) of Base Rent and Additional Rent at the rate last payable by Tenant pursuant to this Lease, in either case as Landlord specifies in such election. Landlord and Tenant agree that the Election Amount represents a reasonable forecast of the minimum damages expected to occur in the event of a breach, taking into account the uncertainty, time and cost of determining elements relevant to actual damages, such as fair market rent, time and costs that may be required to re-lease the Premises, and other factors; and that the Election Amount is not a penalty.

20.7. In addition to any other remedies available to Landlord at law or in equity and under this Lease, Landlord may continue this Lease in effect after Tenant's Default or abandonment and recover Rent as it becomes due. In addition, Landlord shall not be liable in any way whatsoever for its failure or refusal to relet the Premises. For purposes of this Section, the following acts by Landlord will not constitute the termination of Tenant's right to

possession of the Premises: Acts of maintenance or preservation or efforts to relet the Premises, including alterations, remodeling, redecorating, repairs, replacements or painting as Landlord shall consider advisable for the purpose of reletting the Premises or any part thereof; or the appointment of a receiver upon the initiative of Landlord to protect Landlord's interest under this Lease or in the Premises.

20.8. Notwithstanding the foregoing, in the event of a Default by Tenant, Landlord may elect at any time to terminate this Lease and to recover damages to which Landlord is entitled.

20.9. If Landlord does not elect to terminate this Lease as provided in this Section 20, then Landlord may, from time to time, recover all Rent as it becomes due under this Lease. At any time thereafter, Landlord may elect to terminate this Lease and to recover damages to which Landlord is entitled.

20.10. All of Landlord's rights, options and remedies hereunder shall be construed and held to be nonexclusive and cumulative. Notwithstanding any provision of this Lease to the contrary, in no event shall Landlord be required to mitigate its damages with respect to any default by Tenant, except as required by Applicable Laws. Any such obligation imposed by Applicable Laws upon Landlord to relet the Premises after any termination of this Lease shall be subject to the reasonable requirements of Landlord to lease to high quality tenants on such terms as Landlord may from time to time deem appropriate in its discretion. Landlord shall not be obligated to relet the Premises to any party (i) reasonably unacceptable to a Lender, (ii) that desires to change the Permitted Use, or (iii) that desires to lease the Premises for less than the remaining Term.

20.11. To the extent permitted by Applicable Laws, Tenant waives any and all rights of redemption granted by or under any present or future Applicable Laws if Tenant is evicted or dispossessed for any cause, or if Landlord obtains possession of the Premises due to Tenant's default hereunder or otherwise.

20.12. Landlord shall not be in default or liable for damages under this Lease unless Landlord fails to perform obligations required of Landlord within thirty (30) days after written notice from Tenant, or if the failure to perform such obligation cannot be reasonably cured within thirty (30) days, within such time as may be reasonably required to perform such obligation provided that Landlord commences and diligently pursues such cure within the first thirty (30) days. In no event shall Tenant have the right to terminate or cancel this Lease or to withhold or abate rent or to set off any Claims against Rent as a result of any default or breach by Landlord of any of its covenants, obligations, representations, warranties or promises hereunder, except as may otherwise be expressly set forth in this Lease.

20.13. In the event of any default by Landlord, Tenant shall give notice by registered or certified mail to any (a) beneficiary of a deed of trust or (b) mortgagee under a mortgage covering the Premises or any portion thereof and to any landlord of any lease of land upon or within which the Premises are located, and shall offer such beneficiary, mortgagee or landlord a reasonable opportunity to cure the default, including time to obtain possession of the Premises by power of sale or a judicial action if such should prove necessary to effect a cure; provided that Landlord shall furnish to Tenant in writing, upon written request by Tenant, the names and addresses of all such persons who are to receive such notices.

21. Damage or Destruction.

21.1. Tenant's Obligation to Rebuild. If the Premises are damaged or destroyed, Tenant shall immediately provide notice thereof to Landlord, and shall promptly thereafter deliver to Landlord Tenant's good faith estimate of the time it will take to repair and rebuild the Premises (the "Estimated Time For Repair"). Subject to the other provisions of this Section 21, Tenant shall promptly and diligently repair and rebuild the Premises in accordance with this Section 21 unless Landlord or Tenant terminates this Lease in accordance with Section 21.2.

21.2. Termination.

21.2.1. Landlord's Right to Terminate.

21.2.1.1. Landlord shall have the right to terminate this Lease following damage to or destruction of all or a substantial portion of the Premises if any of the following occurs (each, a "**Termination Condition**"): (i) insurance proceeds, together with additional amounts Tenant agrees to contribute under this Section 21, are not confirmed to be available to Landlord, within 90 days following the date of damage, to pay 100% of the cost to fully repair the damaged Premises, excluding the deductible for which Tenant shall also be responsible for paying as an Operating Expense; (ii) based upon the Estimated Time For Repair, the Premises cannot, with reasonable diligence, be fully repaired by Tenant within eighteen (18) months after the date of the damage or destruction; (iii) the Premises cannot be safely repaired because of the presence of hazardous factors, including, but not limited to, earthquake faults, chemical waste and other similar dangers; (iv) subject to the terms and conditions of Section 21.2.1.1. hereof, all or a substantial portion of the Premises are destroyed or damaged during the last 24 months of the Term; or (v) Tenant is in Default at the time of such damage or destruction past any period of notice and cure as elsewhere provided in this Lease. For purposes of this Section 21.2, a "substantial portion" of the Premises shall be deemed to be damaged or destroyed if the Premises is rendered unsuitable for the continued use and occupancy of Tenant's business substantially in the same manner conducted prior to the event causing the damage or destruction.

21.2.1.2. If all or a substantial portion of the Premises are destroyed or damaged within the last twenty-four (24) months of the initial Term, or within the last twenty-four (24) months of the first Extension Period under this Lease, and Landlord desires to terminate this Lease under Section 21.2.1.1. hereof, Landlord shall deliver a Termination Notice to Tenant pursuant to Section 21.2.3 below and Tenant shall have a period of thirty (30) days after receipt of the Termination Notice ("**Tenant's Early Option Period**") to exercise its option to extend the initial Term or the first Extension Period, as applicable, by providing Landlord with written notice of Tenant's exercise of its respective option prior to the expiration of Tenant's Early Option Period. If Tenant exercises its option rights under the immediately preceding sentence, the Termination Notice shall be deemed rescinded and Tenant shall proceed to repair and rebuild the Premises in accordance with the other provisions of this Section 21. If Tenant fails to deliver such written notice to Landlord prior to the end of Tenant's Early Option Period, then Tenant shall be deemed to have waived its option to extend the Term, and the last day of Tenant's Early Option Period shall be deemed to be the date of the occurrence of the Termination Condition under Section 21.2.1.1.

21.2.2. Tenant's Right to Terminate. Tenant shall have the right to terminate this Lease following damage to or destruction of all or a substantial portion of the Premises if the Premises are destroyed or damaged during the last twenty-four (24) months of the Term or any Extension, which termination shall be deemed to constitute a Termination Condition.

21.2.3. Exercise of Termination Right. If a party elects to terminate this Lease and has the right to so terminate, such party will give the other party written notice of its election to terminate ("**Termination Notice**") within thirty (30) days after the occurrence of the applicable Termination Condition, and this Lease will terminate fifteen (15) days after the receiving party's receipt of such Termination Notice, except in the case of a termination by Landlord under Section 21.2.1.1., in which case this Lease will terminate fifteen (15) days after expiration of the Tenant Early Option Period if Tenant timely fails to exercise timely Tenant's option to extend the Term. If this Lease is terminated pursuant to Section 21.2, Landlord shall, subject to the rights of its lender(s), be entitled to receive and retain all the insurance proceeds resulting from such damage, including rental loss insurance, except for those proceeds payable under policies obtained by Tenant which specifically insure Tenant's personal property, trade fixtures and machinery.

21.3. Tenant's Obligation to Repair. If Tenant is required to repair or rebuild any damage or destruction of the Premises under Section 21.1, then Tenant shall (a) submit its plans to repair such damage and reconstruct the Premises to Landlord for review and approval, which approval shall not be unreasonably withheld; (b) diligently repair and rebuild the Premises in the same or better condition and with the same or better quality of materials as the condition of the Premises as of the Commencement Date, and in a manner that is consistent with the plans and

specifications approved by Landlord; (c) obtain all permits and governmental approvals necessary to repair or reconstruct the Premises (which permits shall not contain any conditions that are materially more restrictive than the permits in existence on the date hereof); (d) cause all work to be performed only by qualified contractors that are reasonably approved by Landlord; (e) allow Landlord and its consultants and agents to enter the Premises at all reasonable times to inspect the Premises and Tenant's ongoing work and cooperate reasonably in good faith with their effort to ensure that the work is proceeding in a manner that is consistent with this Lease; (f) comply with all applicable laws and permits in connection with the performance of such work; (g) timely pay all of its consultants, suppliers and other contractors in connection with the performance of such work; (h) notify Landlord if Tenant receives any notice of any default or any violation of any applicable law or any permit or similar notice in connection with such work; (i) deliver as-built plans for the Premises within thirty (30) days after the completion of such repair and restoration; (j) ensure that Landlord has fee simple title to the Premises during such work without any claim by any contractor or other party; (k) maintain such insurance as Landlord may reasonably require (including insurance in the nature of builders' risk insurance) and (l) comply with such other conditions as Landlord may reasonably require. In addition, Tenant shall, at its expense, replace or fully repair all of Tenant's personal property and any alterations installed by Tenant existing at the time of such damage or destruction that are not otherwise covered by landlord’s insurance for the Building. To the fullest extent permitted by law, Tenant shall indemnify, protect, defend and hold Landlord (and its employees and agents) harmless from and against any and all claims, costs, expenses, suits, judgments, actions, investigations, proceedings and liabilities arising out of or in connection with Tenant's obligations under this Section 21, including, without limitation, any acts, omissions or negligence in the making or performance of any such repairs or replacements. In the event Tenant does not repair and rebuild the Premises pursuant to this Section 21, Tenant shall be in breach, and Landlord shall have the right to retain all casualty insurance proceeds and condemnation proceeds.

21.4. Application of Insurance Proceeds for Repair and Rebuilding. Landlord shall cause the insurance proceeds (the "**Insurance Proceeds**") on account of such damage or destruction to be held by Landlord and disbursed as follows:

21.4.1. Minor Restorations. If (i) the estimated cost of restoration is less than [***] Dollars ($[***]), (ii) prior to commencement of restoration, no Default shall exist and no mechanics' or materialmen's liens shall have been filed and remain undischarged, (iii) the architects, contracts, contractors, plans and specifications for the restoration shall have been approved by Landlord (which approval shall not be unreasonably withheld or delayed), and (iv) Landlord shall be provided with reasonable assurance against mechanics' liens, accrued or incurred, as Landlord or its lenders may reasonably require and such other documents and instruments as Landlord or its lenders may reasonably require, then Landlord shall make available that portion of the Insurance Proceeds to Tenant for application to pay the costs of restoration incurred by Tenant and Tenant shall promptly complete such restoration.

21.4.2. Other Than Minor Restorations. If the estimated cost of restoration is equal to or exceeds [***] Dollars ($[***]), and if Tenant provides evidence satisfactory to Landlord that sufficient funds are available to restore the Premises, Landlord shall make disbursements from the available Insurance Proceeds from time to time in an amount not exceeding the cost of the work completed since the date covered by the last disbursement, upon receipt of (a) satisfactory evidence, including architect's certificates, of the stage of completion, of the estimated cost of completion and of performance of the work to date in a good and workmanlike manner in accordance with the contracts, plans and specifications, (b) reasonable assurance against mechanics' or materialmen's liens, accrued or incurred, as Landlord or its lenders may reasonably require, (c) contractors' and subcontractors' sworn statements, (d) a satisfactory bring-to-date of title insurance, (e) performance and payment bonds reasonably acceptable to Landlord in an amount and form, and from a surety, reasonably acceptable to Landlord, and naming Landlord as an additional obligee, (f) such other documents and instruments as Landlord or its lenders may reasonably require, and (g) other evidence of cost and payment so that Landlord can verify that the amounts disbursed from time to time are represented by work that is completed, in place and free and clear of mechanics' lien claims.

21.4.3. Requests for Disbursements. Requests for disbursement shall be made no more frequently than monthly and shall be accompanied by a certificate of Tenant describing in detail the work for which payment is requested, stating the cost incurred in connection therewith and stating that Tenant has not previously received

payment for such work; the certificate to be delivered by Tenant upon completion of the work shall, in addition, state that the work has been completed and complies with the applicable requirements of this Lease. Landlord may retain 5% of each requisition until the restoration is fully completed, provided that Landlord shall release retainage as to specific trades once their portion of the restoration work is completed. In addition, Landlord may withhold from amounts otherwise to be paid to Tenant, any amount that is necessary in Landlord's reasonable judgment to protect Landlord from any potential loss due to work that is improperly performed or claims by Tenant's contractors and consultants.

21.4.4. Costs in Excess of Insurance Proceeds. In addition, prior to commencement of restoration and at any time during restoration, if the estimated cost of restoration, as determined by the evaluation of an independent engineer acceptable to Landlord and Tenant, exceeds the amount of the Insurance Proceeds, Tenant will provide evidence satisfactory to Landlord that the amount of such excess will be available to restore the Premises. Any Insurance Proceeds remaining upon completion of restoration shall be refunded to Tenant up to the amount of Tenant's payments pursuant to the immediately preceding sentence. If no such refund is required, any sum of Insurance Proceeds remaining upon completion of restoration shall be paid to Landlord. In the event Landlord and Tenant cannot agree on an independent engineer, an independent engineer designated by Tenant and an independent engineer designated by Landlord shall within five (5) business days select an independent engineer licensed to practice in Michigan who shall resolve such dispute within ten (10) business days after being retained by Landlord. All fees, costs and expenses of such third engineer so selected shall be shared equally by Landlord and Tenant.

21.5. Abatement of Rent. In the event of repair, reconstruction and restoration as provided in this Section, all Rent to be paid by Tenant under this Lease shall be abated proportionately based on the extent to which Tenant's use of the Premises is impaired during the period of such repair, reconstruction or restoration, unless Landlord provides Tenant with other space during the period of repair, reconstruction and restoration that, in Tenant's reasonable opinion, is suitable for the temporary conduct of Tenant's business; provided, however, that the amount of such abatement shall be reduced by the amount of Rent that is received by Tenant as part of the business interruption or loss of rental income with respect to the Premises from the proceeds of business interruption or loss of rental income insurance. Tenant shall not otherwise be entitled to any compensation or damages from Landlord for loss of the use of the Premises, damage to Tenant's personal property or any inconvenience occasioned by such damage, repair or restoration.

21.6. Replacement Cost. The determination in good faith by Landlord of the estimated cost of repair of any damage, of the replacement cost, or of the time period required for repair, based upon written quotes or estimates from applicable insurance adjusters, architects or general contractors after an independent bidding process shall be conclusive for purposes of this Section 21.

21.7. This Section 21 sets forth the terms and conditions upon which this Lease may terminate in the event of any damage or destruction. Accordingly, the parties hereby waive the provisions of any Applicable Laws (and any successor statutes) permitting the parties to terminate this Lease as a result of any damage or destruction.

22. Eminent Domain.

22.1. In the event (a) the whole of the Premises or (b) such part thereof as shall substantially interfere with Tenant's use and occupancy of the Premises for the Permitted Use shall be taken for any public or quasi-public purpose by any lawful power or authority by exercise of the right of appropriation, condemnation or eminent domain, or sold to prevent such taking, Tenant or Landlord may terminate this Lease effective as of the date possession is required to be surrendered to such authority, except with regard to (y) items occurring prior to the taking and (z) provisions of this Lease that, by their express terms, survive the expiration or earlier termination hereof.

22.2. In the event of a partial taking of the Premises for any public or quasi-public purpose by any lawful power or authority by exercise of right of appropriation, condemnation, or eminent domain, or sold to prevent such taking, then, without regard to whether any portion of the Premises occupied by Tenant was so taken, Landlord may elect to terminate this Lease (except with regard to (a) items occurring prior to the taking and (b) provisions of

this Lease that, by their express terms, survive the expiration or earlier termination hereof) as of such taking if such taking is, in Landlord's sole but reasonable opinion, of a material nature such as to make it uneconomical to continue use of the unappropriated portion for purposes of renting space for the Permitted Use.

22.3. Tenant shall be entitled to any award that is specifically awarded as compensation for (a) the taking of Tenant's personal property that was installed at Tenant's expense and (b) the costs of Tenant moving to a new location. Except as set forth in the previous sentence, any award for such taking shall be the property of Landlord.

22.4. If, upon any taking of the nature described in this Section, this Lease continues in effect, then Landlord shall promptly proceed to restore the Premises to substantially their same condition prior to such partial taking. To the extent such restoration is infeasible, as determined by Landlord in its sole and absolute discretion, the Rent shall be decreased proportionately to reflect the loss of any portion of the Premises no longer available to Tenant.

22.5. This Section 22 sets forth the terms and conditions upon which this Lease may terminate in the event of any damage or destruction. Accordingly, the parties hereby waive the provisions of any Applicable Laws (and any successor statutes) permitting the parties to terminate this Lease as a result of any damage or destruction.

23. Surrender. At least thirty (30) days prior to Tenant's surrender of possession of any part of the Premises, Tenant shall provide Landlord with a facility decommissioning and Hazardous Materials closure plan for the Premises ("**Exit Survey**") prepared by an independent third party state-certified professional with appropriate expertise, which Exit Survey must be reasonably acceptable to Landlord. In addition, at least ten (10) days prior to Tenant's surrender of possession of any part of the Premises, Tenant shall (a) provide Landlord with written evidence of all appropriate governmental releases if so required to be obtained by Tenant in accordance with Applicable Laws, including laws pertaining to the surrender of the Premises, and (b) conduct a site inspection with Landlord. In addition, Tenant agrees to remain responsible after the surrender of the Premises for the remediation of any recognized environmental conditions set forth in the Exit Survey and comply with any recommendations set forth in the Exit Survey. Tenant's obligations under this Section shall survive the expiration or earlier termination of the Lease. The provisions of this Section 23 shall survive the termination or expiration of this Lease, and no surrender of possession of any part of the Premises shall release Tenant from any of its obligations hereunder, unless such surrender is accepted in writing by Landlord.

24. Bankruptcy. In the event a debtor, trustee or debtor in possession under the Bankruptcy Code, or another person with similar rights, duties and powers under any other Applicable Laws, proposes to cure any default under this Lease or to assume or assign this Lease and is obliged to provide adequate assurance to Landlord that (a) a default shall be cured, (b) Landlord shall be compensated for its damages arising from any breach of this Lease and (c) future performance of Tenant's obligations under this Lease shall occur, then such adequate assurances shall include any or all of the following, as designated by Landlord in its sole and absolute discretion: (i) those acts specified in the Bankruptcy Code or other Applicable Laws as included within the meaning of "adequate assurance," even if this Lease does not concern a facility described in such Applicable Laws; (ii) a prompt cash payment to compensate Landlord for any monetary defaults or actual damages arising directly from a breach of this Lease; (iii) a cash deposit in an amount at least equal to the then-current amount of the Security Deposit; or (iv) the assumption or assignment of all of Tenant's interest and obligations under this Lease.

25. Brokers. Landlord and Tenant mutually represent and warrant that neither has had any dealings with any real estate broker or agent in connection with the negotiation of this Lease and that neither knows of any real estate broker or agent that is or might be entitled to a commission in connection with this Lease. Landlord and Tenant mutually agree to indemnify, save, defend (at the indemnified party's option and with counsel reasonably acceptable to the indemnified party) and hold the indemnified party harmless from any and all cost or liability for compensation claimed by any broker or agent employed or engaged by Landlord or Tenant or claiming to have been employed or engaged by Landlord or Tenant. The provisions of this Section 25 shall survive the expiration or termination of this Lease.

27. Definition of Landlord. With regard to obligations imposed upon Landlord pursuant to this Lease, the term "**Landlord**," as used in this Lease, shall refer only to Landlord or Landlord's then-current successor-in-interest. In the event of any transfer, assignment or conveyance of Landlord's interest in this Lease or in Landlord's fee title to or leasehold interest in the Property, as applicable, Landlord herein named (and in case of any subsequent transfers or conveyances, the subsequent Landlord) shall be automatically freed and relieved, from and after the date of such transfer, assignment or conveyance, from all liability for the performance of any covenants or obligations contained in this Lease arising after the date of conveyance to be performed by Landlord and, without further agreement, the transferee, assignee or conveyee of Landlord's in this Lease or in Landlord's fee title to or leasehold interest in the Property, as applicable, shall be deemed to have assumed and agreed to observe and perform any and all covenants and obligations of Landlord hereunder during the tenure of its interest in the Lease or the Property. Landlord or any subsequent Landlord may transfer its interest in the Premises or this Lease without Tenant's consent.

28. Limitation of Landlord's Liability. If Landlord is in default under this Lease and, as a consequence, Tenant recovers a monetary judgment against Landlord, the judgment shall be satisfied only out of (a) the proceeds of sale received on execution of the judgment and levy against the right, title and interest of Landlord in the Premises, (b) rent or other income from such real property receivable by Landlord or (c) the consideration received by Landlord from the sale, financing, refinancing or other disposition of all or any part of Landlord's right, title or interest in the Premises. Neither Landlord nor any of its affiliates, nor any of their respective partners, shareholders, directors, officers, employees, members or agents shall be personally liable for Landlord's obligations or any deficiency under this Lease. No partner, shareholder, director, officer, employee, member or agent of Landlord or any of its affiliates shall be sued or named as a party in any suit or action. No partner, shareholder, director, officer, employee, member or agent of Landlord or any of its affiliates shall be required to answer or otherwise plead to any service of process, and no judgment shall be taken or writ of execution levied against any partner, shareholder, director, officer, employee, member or agent of Landlord or any of its affiliates. Each of the covenants and agreements of this Section 28 shall be applicable to any covenant or agreement either expressly contained in this Lease or imposed by Applicable Laws and shall survive the expiration or earlier termination of this Lease.

29. Control by Landlord. Landlord reserves full control over the Premises to the extent not inconsistent Michigan law and regulation or with Tenant's enjoyment of the same as provided by this Lease; provided, however, that such rights shall be exercised in a way that does not materially adversely affect Tenant's beneficial use and occupancy of the Premises, including the Permitted Use and Tenant's access to the Premises. Tenant shall, at Landlord's request, promptly execute such further documents as may be reasonably appropriate to assist Landlord in the performance of its obligations hereunder; provided that Tenant need not execute any document that creates additional liability for Tenant or that deprives Tenant of the quiet enjoyment and use of the Premises as provided for in this Lease. Landlord may, upon twenty-four (24) hours' prior notice (which may be oral or by email to the office manager or other Tenant-designated individual at the Premises; but provided that no time restrictions shall apply or advance notice be required if an emergency necessitates immediate entry), enter the Premises to (v) inspect the same and to determine whether Tenant is in compliance with its obligations hereunder, (w) supply any service Landlord is required to provide hereunder, (x) post notices of nonresponsibility and (y) show the Premises to prospective tenants during the final year of the Term and current and prospective purchasers and lenders at any time (in all situations provided that Landlord's personnel are accompanied by Tenants' authorized personnel in sensitive areas of the Premises). In no event shall Tenant's Rent abate as a result of Landlord's activities pursuant to this Section 29; provided, however, that all such activities shall be conducted in such a manner so as to cause as little interference to Tenant as is reasonably possible. If an emergency necessitates immediate access to the Premises, Landlord may use whatever force is necessary to enter the Premises, and any such entry to the Premises shall not constitute a forcible or unlawful entry to the Premises, a detainer of the Premises, or an eviction of Tenant from the Premises or any portion thereof.

30. Joint and Several Obligations. If more than one person or entity executes this Lease as Tenant, then (i) each of them is jointly and severally liable for the keeping, observing and performing of all of the terms, covenants, conditions, provisions and agreements of this Lease to be kept, observed or performed by Tenant, and such terms, covenants, conditions, provisions and agreements shall be binding with the same force and effect upon each and all of the persons executing this Lease as Tenant; and (ii) the term "**Tenant**," as used in this Lease, shall mean and include each of them, jointly and severally. The act of, notice from/to, refund to, or signature of any one or more of

them with respect to the tenancy under this Lease, including any renewal, extension, expiration, termination or modification of this Lease, shall be binding upon each and all of the persons executing this Lease as Tenant with the same force and effect as if each and all of them had so acted, so given or received such notice or refund, or so signed.

31. Representations. Each of Tenant and Landlord guarantees, warrants and represents that (a) such party is duly incorporated or otherwise established or formed and validly existing under the laws of its state of incorporation, establishment or formation, (b) such party is duly qualified to do business in the state in which the Property is located, (c) such party has full corporate, partnership, trust, association or other appropriate power and authority to enter into this Lease and to perform its obligations hereunder, (d) each person (and all of the persons if more than one signs) signing this Lease on behalf of such party is duly and validly authorized to do so and (e) neither (i) the execution, delivery or performance of this Lease nor (ii) the consummation of the transactions contemplated hereby will violate or conflict with any provision of documents or instruments under which such party is constituted or to which such party is a party. In addition, Tenant guarantees, warrants and represents that none of (x) it, (y) its affiliates or partners nor (z) to the best of its knowledge, its members, shareholders or other equity owners or any of their respective employees, officers, directors, representatives or agents is a person or entity with whom U.S. persons or entities are restricted from doing business under regulations of the Office of Foreign Asset Control ("**OFAC**") of the Department of the Treasury (including those named on OFAC's Specially Designated and Blocked Persons List) or under any statute, executive order (including the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism) or other similar governmental action.

32. Confidentiality. Tenant shall keep the terms and conditions of this Lease confidential and shall not (a) disclose to any third party any terms or conditions of this Lease or any other Lease-related document (including subleases, assignments, work letters, construction contracts, letters of credit, subordination agreements, non-disturbance agreements, brokerage agreements or estoppels) or (b) provide to any third party an original or copy of this Lease (or any Lease-related document) other than to its attorneys, accountants and other professionals. Notwithstanding the foregoing, confidential information under this Section may be released by Landlord or Tenant under the following circumstances: (x) if required by Applicable Laws or in any judicial proceeding, including with respect to Tenant's permits and licenses required for the Permitted Use; provided that the releasing party has given the other party reasonable notice of such requirement, if feasible, (y) to a party's attorneys, investors, accountants, brokers and other bona fide consultants or advisers; provided such third parties agree to be bound by this Section or (z) to bona fide prospective assignees or subtenants of this Lease; provided they agree in writing to be bound by this Section.

33. Notices. Except as otherwise stated in this Lease, any notice, consent, demand, invoice, statement or other communication required or permitted to be given hereunder shall be in writing and shall be given by (a) personal delivery, (b) overnight delivery with a reputable international overnight delivery service, such as FedEx, or (c) facsimile or email transmission, so long as such transmission is followed within one (1) business day by delivery utilizing one of the methods described in Subsection 33(a) or (b). Any such notice, consent, demand, invoice, statement or other communication shall be deemed delivered (x) upon receipt, if given in accordance with Subsection 33(a); (y) one (1) business day after deposit with a reputable international overnight delivery service, if given if given in accordance with Subsection 33(b); or (z) upon transmission, if given in accordance with Subsection 33(c). Except as otherwise stated in this Lease, any notice, consent, demand, invoice, statement or other communication required or permitted to be given pursuant to this Lease shall be addressed to Tenant at the Premises, or to Landlord or Tenant at the addresses shown in Section 2. Either party may, by notice to the other given pursuant to this Section, specify additional or different addresses for notice purposes.

34. Guaranties. In the event that any entity affiliated with Tenant is formed after the Execution Date which entity conducts business in the cannabis industry (each, a "**New Guarantor**"), Tenant shall promptly cause such New Guarantor to execute a Guaranty in the form attached hereto as Exhibit D and deliver such executed Guaranty to Landlord. Any failure by Tenant to provide such Guaranty within thirty (30) days following the formation of such New Guarantor shall be deemed a material default under this Lease. The obligations of each Guarantor shall be joint and several and Tenant shall cause each Guarantor to execute and deliver such further documentation as may

be reasonably required to confirm such Guarantor’s full and unconditional guaranty of Tenant’s obligations under this Lease.

35. Miscellaneous.

35.1. To induce Landlord to enter into this Lease, Tenant agrees that it shall, upon Landlord's written request and within one-hundred and twenty (120) days after the end of Tenant's financial year, furnish Landlord with a certified copy of Tenant's and Ascend Wellness Holdings, LLC's (or any successor entity thereto, "**Holdco Guarantor**") year-end financial statements for the previous year. Tenant also agrees that it shall, upon Landlord's written request and within forty-five (45) days after the end of Tenant's fiscal quarter, furnish to Landlord compiled financial statements for the quarter of Tenant and Holdco Guarantor. Tenant represents and warrants that all financial statements, records and information furnished by Tenant to Landlord in connection with this Lease are true, correct and complete in all respects and that all financial statements, records and information furnished by Holdco Guarantor to Landlord in connection with this Lease are true, correct and complete in all respects. The provisions of this Section shall not apply at any time while Tenant or Holdco Guarantor (as applicable) is a corporation whose shares are traded on any nationally recognized stock exchange.

35.2. The terms of this Lease are intended by the parties as a final, complete and exclusive expression of their agreement with respect to the terms that are included herein, and may not be contradicted or supplemented by evidence of any other prior or contemporaneous agreement except to the extent that modification is necessary to comply with Michigan law and/or regulation. To the extent that such modification is required, Landlord and Tenant agree to be bound by the terms of this Lease that are compliant and work in good faith, and within a reasonable period of time, to modify the non-compliant terms so that they may be brought into compliance.

35.3. Neither party shall record this Lease.

35.4. Landlord and Tenant have each participated in the drafting and negotiation of this Lease, and the language in all parts of this Lease shall be in all cases construed as a whole according to its fair meaning and not strictly for or against either Landlord or Tenant.

35.5. Except as otherwise expressly set forth in this Lease, each party shall pay its own costs and expenses incurred in connection with this Lease and such party's performance under this Lease; provided that, if either party commences an action, proceeding, demand, claim, action, cause of action or suit against the other party arising out of or in connection with this Lease, then the substantially prevailing party shall be reimbursed by the other party for all reasonable costs and expenses, including reasonable attorneys' fees and expenses, incurred by the substantially prevailing party in such action, proceeding, demand, claim, action, cause of action or suit, and in any appeal in connection therewith (regardless of whether the applicable action, proceeding, demand, claim, action, cause of action, suit or appeal is voluntarily withdrawn or dismissed).

35.6. Time is of the essence with respect to the performance of every provision of this Lease.

35.7. Each provision of this Lease performable by Tenant shall be deemed both a covenant and a condition.

35.8. Notwithstanding anything to the contrary contained in this Lease, Tenant's obligations under this Lease are independent and shall not be conditioned upon performance by Landlord.

35.9. Whenever consent or approval of either party is required, that party shall not unreasonably withhold, condition or delay such consent or approval, except as may be expressly set forth to the contrary.

35.10. Any provision of this Lease that shall prove to be invalid, void or illegal shall in no way affect, impair or invalidate any other provision hereof, and all other provisions of this Lease shall remain in full force and effect and shall be interpreted as if the invalid, void or illegal provision did not exist.

35.11. Each of the covenants, conditions and agreements herein contained shall inure to the benefit of and shall apply to and be binding upon the parties hereto and their respective heirs; legatees; devisees; executors; administrators; and permitted successors and assigns. This Lease is for the sole benefit of the parties and their respective heirs, legatees, devisees, executors, administrators and permitted successors and assigns, and nothing in this Lease shall give or be construed to give any other person or entity any legal or equitable rights. Nothing in this Section shall in any way alter the provisions of this Lease restricting assignment or subletting.

35.12. This Lease shall be governed by, construed and enforced in accordance with the laws of the state in which the Premises are located, without regard to such state's conflict of law principles.

35.13. EXHIBIT D

FORM OF

GUARANTY OF LEASE

This Guaranty of Lease ("**Guaranty**") is executed effective on the ____ day of [_____], 20[__], by [_____], a [_____] ("**Guarantors**"), in favor of IIP-MI 3 LLC, a Delaware limited liability company ("**Landlord**"), whose address for notices is 11440 West Bernardo Court, Suite 220, San Diego, California 92127, Attn: General Counsel.

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Guarantor covenants and agrees as follows:

1. **Recitals.** This Guaranty is made with reference to the following recitals of facts which constitute a material part of this Guaranty:

(a) Landlord, as Landlord, and FPAW MICHIGAN LLC, a Michigan limited liability company, as Tenant ("**Tenant**"), entered into that certain Lease dated as of July 2, 2019 (the "**Lease**"), with respect to certain space in the building located at 735 E. Hazel Street, Lansing, Michigan, as more particularly described in the Lease (the "**Leased Premises**").

(b) Guarantor is [DESCRIBE RELATIONSHIP OF GUARANTOR TO TENANT] and is therefore receiving a substantial benefit for executing this Guaranty.

(c) Landlord would not have entered into the Lease with Tenant without having received the Guaranty executed by Guarantor as an inducement to Landlord.

(d) By this Guaranty, Guarantor intends to absolutely, unconditionally and irrevocably guarantee the full, timely, and complete (i) payment of all rent and other sums required to be paid by Tenant under the Lease and any other indebtedness of Tenant, (ii) performance of all other terms, covenants, conditions and obligations of Tenant arising out of the Lease and all damages that may arise as a consequence of any non-payment, non-performance or non-observance of, or non-compliance with, any of the terms, covenants, conditions or other obligations described in the Lease (including, without limitation, all attorneys' fees and disbursements and all litigation costs and expenses reasonably incurred or payable by Landlord or for which Landlord may be responsible or liable, or caused by any such default), and (iii) payment of any and all expenses (including reasonable attorneys' fees and expenses and litigation expenses) incurred by Landlord in enforcing any of the rights under the Lease or this Guaranty within five (5) days after Landlord's demand thereafter (collectively, the "**Guaranteed Obligations**").

2. **Guaranty.** From and after the Execution Date (as such term is defined under the Lease), Guarantor absolutely, unconditionally and irrevocably guarantees, as principal obligor and not merely as surety, to Landlord, the full, timely and unconditional payment and performance, of the Guaranteed Obligations strictly in accordance with the terms of the Lease, as such Guaranteed Obligations may be modified, amended, extended or renewed from time to time. This is a Guaranty of payment and performance and not merely of collection. Guarantor agrees that Guarantor is primarily liable for and responsible for the payment and performance of the Guaranteed Obligations. Guarantor shall be bound by all of the provisions, terms, conditions, restrictions and limitations contained in the Lease which are to be observed or performed by Tenant, the same as if Guarantor was named therein as Tenant with joint and several liability with Tenant, and any remedies that Landlord has under the Lease against Tenant shall apply to Guarantor as well. If Tenant defaults in any Guaranteed Obligation under the Lease, Guarantor shall in lawful money of the United States, pay to Landlord on demand the amount due and owing under the Lease. Guarantor waives any rights to notices of acceptance, modifications, amendment, extension or breach of the Lease. If Guarantor is a natural person, it is expressly agreed that this guaranty shall survive the death of such guarantor and shall continue in effect. The obligations of Guarantor under this Guaranty are independent of the obligations of Tenant or any other guarantor. Guarantor acknowledges that this Guaranty and Guarantor's obligations and liabilities under this Guaranty are and shall at all times continue to be absolute and unconditional in all respects and shall be the separate and independent undertaking of Guarantor without regard to the genuineness, validity, legality

or enforceability of the Lease, and shall at all times be valid and enforceable irrespective of any other agreements or circumstances of any nature whatsoever which might otherwise constitute a defense to this Guaranty and the obligations and liabilities of Guarantor under this Guaranty or the obligations or liabilities of any other person or entity (including, without limitation, Tenant) relating to this Guaranty or the obligations or liabilities of Guarantor hereunder or otherwise with respect to the Lease or to Tenant. Guarantor hereby absolutely, unconditionally and irrevocably waives any and all rights it may have to assert any defense, set-off, counterclaim or cross-claim of any nature whatsoever with respect to this Guaranty or the obligations or liabilities of Guarantor under this Guaranty or the obligations or liabilities of any other person or entity (including, without limitation, Tenant) relating to this Guaranty or the obligations or liabilities of Guarantor under this Guaranty or otherwise with respect to the Lease, in any action or proceeding brought by the holder hereof to enforce the obligations or liabilities of Guarantor under this Guaranty. This Guaranty sets forth the entire agreement and understanding of Landlord and Guarantor, and Guarantor acknowledges that no oral or other agreements, understandings, representations or warranties exist with respect to this Guaranty or with respect to the obligations or liabilities of Guarantor under this Guaranty. The obligations of Guarantor under this Guaranty shall be continuing and irrevocable (a) during any period of time when the liability of Tenant under the Lease continues, and (b) until all of the Guaranteed Obligations have been fully discharged by payment, performance or compliance. If at any time all or any part of any payment received by Landlord from Tenant or Guarantor or any other person under or with respect to the Lease or this Guaranty has been refunded or rescinded pursuant to any court order, or declared to be fraudulent or preferential, or are set aside or otherwise are required to be repaid to Tenant, its estate, trustee, receiver or any other party, including as a result of the insolvency, bankruptcy or reorganization of Tenant or any other party (an "**Invalidated Payment**"), then Guarantor's obligations under the Guaranty shall, to the extent of such Invalidated Payment be reinstated and deemed to have continued in existence as of the date that the original payment occurred. This Guaranty shall not be affected or limited in any manner by whether Tenant may be liable, with respect to the Guaranteed Obligations individually, jointly with other primarily, or secondarily.

3. **No Impairment of Guaranteed Obligations**. Guarantor further agrees that Guarantor's liability for the Guaranteed Obligations shall in no way be released, discharged, impaired or affected or subject to any counterclaim, setoff or deduction by (a) any waiver, consent, extension, indulgence, compromise, release, departure from or other action or inaction of Landlord under or in respect of the Lease or this Guaranty, or any obligation or liability of Tenant, or any exercise or non-exercise of any right, remedy, power or privilege under or in respect to the Lease or this Guaranty, (b) any change in the time, manner or place of payment or performance of the Guaranteed Obligations, (c) the acceptance by Landlord of any additional security or any increase, substitution or change therein, (d) the release by Landlord of any security or any withdrawal thereof or decrease therein, (e) any assignment of the Lease or any subletting of all or any portion of the Leased Premises (with or without Landlord's consent), (f) any holdover by Tenant beyond the term of the Lease (g) any termination of the Lease, (h) any release or discharge of Tenant in any bankruptcy, receivership or other similar proceedings, (i) the impairment, limitation or modification of the liability of Tenant or the estate of Tenant in bankruptcy or of any remedy for the enforcement of Tenant's liability under the Lease resulting from the operation of any present or future provisions of any bankruptcy code or other statute or from the decision in any court, or the rejection or disaffirmance of the Lease in any such proceedings, (j) any merger, consolidation, reorganization or similar transaction involving Tenant, even if Tenant ceases to exist as a result of such transaction, (k) the change in the corporate relationship between Tenant and Guarantor or any termination of such relationship, (l) any change in the direct or indirect ownership of all or any part of the shares in Tenant, or (m) to the extent permitted under applicable law, any other occurrence or circumstance whatsoever, whether similar or dissimilar to the foregoing, which might otherwise constitute a legal or equitable defense or discharge of the liabilities of Guarantor or which might otherwise limit recourse against Guarantor. Guarantor further understands and agrees that Landlord may at any time enter into agreements with Tenant to amend and modify the Lease, and may waive or release any provision or provisions of the Lease, and, with reference to such instruments, may make and enter into any such agreement or agreements as Landlord and Tenant may deem proper and desirable, without in any manner impairing or affecting this Guaranty or any of Landlord's rights hereunder or Guarantor's obligations hereunder, unless otherwise agreed in writing thereunder or under the Lease.

4. **Remedies**.

If Tenant defaults with respect to the Guaranteed Obligations, and if Guarantor does not fulfill Tenant's obligations within a reasonable time period (not to exceed five (5) days with respect to any monetary obligation and thirty (30) days with respect to any non-monetary obligation) upon its receipt of written notice of such default from Landlord, Landlord may at its election proceed immediately against Guarantor, Tenant, or any combination of Tenant, Guarantor, and/or any other guarantor. It is not necessary for Landlord, in order to enforce payment and performance by Guarantor under this Guaranty, first or contemporaneously to institute suit or exhaust remedies against Tenant or other liable for any of the Guaranteed Obligations or to enforce rights against any collateral securing any of it. Guarantor hereby waives any right to require Landlord to join Tenant in any action brought hereunder or to commence any action against or obtain any judgment against Tenant or to pursue any other remedy or enforce any other right. If any portion of the Guaranteed Obligations terminates and Landlord continues to have any rights that it may enforce against Tenant under the Lease after such termination, then Landlord may at its election enforce such rights against Guarantor. Unless and until all Guaranteed Obligations have been fully satisfied, Guarantor shall not be released from its obligations under this Guaranty irrespective of: (i) the exercise (or failure to exercise) by Landlord of any of Landlord's rights or remedies (including, without limitation, compromise or adjustment of the Guaranteed Obligations or any part thereof); or (ii) any release by Landlord in favor of Tenant regarding the fulfillment by Tenant of any obligation under the Lease.

Notwithstanding anything in the foregoing to the contrary, Guarantor hereby covenants and agrees to and with Landlord that Guarantor may be joined in any action by or against Tenant in connection with the Lease. Guarantor also agrees that, in any jurisdiction, it will be conclusively bound by the judgment in any such action by or against Tenant (wherever brought) as if Guarantor were a party to such action even though Guarantor is not joined as a party in such action.

5. **Waivers.** With the exception of the defense of prior payment, performance or compliance by Tenant or Guarantor of or with the Guaranteed Obligations which Guarantor is called upon to pay or perform, or the defense that Landlord's claim against Guarantor is barred by the applicable statute of limitations, Guarantor hereby waives and releases all defenses of the law of guaranty or suretyship to the extent permitted by law.

6. **Rights Cumulative.** All rights, powers and remedies of Landlord under this Guaranty shall be cumulative and in addition to all rights, powers and remedies given to Landlord by law.

7. **Representations and Warranties.** Guarantor hereby represents and warrants that (a) Guarantor has a net worth sufficient to enable Guarantor to promptly perform all of the Guaranteed Obligations as and when they are due; (b) Landlord has made no representation to Guarantor as to the creditworthiness or financial condition of Tenant; (c) Guarantor has full power to execute, deliver and carry out the terms and provisions of this Guaranty and has taken all necessary action to authorize the execution, delivery and performance of this Guaranty; (d) Guarantor's execution and delivery of, and the performance of its obligations under, this Guaranty does not conflict with or violate any of Guarantor's organizational documents, or any contract, agreement or decree which Guarantor is a party to or which is binding on Guarantor; (e) the individual executing this Guaranty on behalf of Guarantor has the authority to bind Guarantor to the terms and conditions of this Guaranty; (f) Guarantor has been represented by counsel of its choice in connection with this Guaranty; (g) this Guaranty when executed and delivered shall constitute the legal, valid and binding obligations of Guarantor enforceable against Guarantor in accordance with its terms; and (h) there is no action, suit, or proceeding pending or, to the knowledge of Guarantor, threatened against Guarantor before or by any governmental authority which questions the validity or enforceability of, or Guarantor's ability to perform under, this Guaranty.

8. **Subordination.** In the event of Tenant's insolvency or the disposition of the assets of Tenant, through bankruptcy, by an assignment for the benefit of creditors, by voluntary liquidation, or otherwise, the assets of Tenant applicable to the payment of all claims of Landlord and/or Guarantor shall be paid to Landlord and shall be first applied by Landlord to the Guaranteed Obligations. Any indebtedness of Tenant now or hereafter held by Guarantor, whether as original creditor or assignee or by way of subrogation, restitution, reimbursement, indemnification or otherwise, is hereby subordinated in right of payment to the Guaranteed Obligations. So long as an uncured event of default exists under the Lease, (a) at Landlord's written request, Guarantor shall cause Tenant to

pay to Landlord all or any part of any funds invested in or loaned to Tenant by Guarantor which Guarantor is entitled to withdraw or collect and (b) any such indebtedness or other amount collected or received by Guarantor shall be held in trust for Landlord and shall forthwith be paid over to Landlord to be credited and applied against the Guaranteed Obligations. Subject to the foregoing, Guarantor shall be entitled to receive from Landlord any amounts that are, from time to time, due to Guarantor in the ordinary course of business. Until all of Tenant's obligations under the Lease are fully performed, Guarantor's right of subrogation against Tenant by reason of any payments, acts or performance by Guarantor under this Guaranty shall be subordinate to the Lease.

9. **Governing Law.** This Guaranty shall be governed by and construed in accordance with the laws of the State of Michigan, United States of America, without regard to principles of conflicts of laws. TO THE FULLEST EXTENT PERMITTED BY LAW, GUARANTOR HEREBY UNCONDITIONALLY AND IRREVOCABLY WAIVES ANY CLAIM TO ASSERT THAT THE LAW OF ANY OTHER JURISDICTION GOVERNS THIS GUARANTY.

10. **Attorneys' Fees.** In the event any litigation or other proceeding ("**Proceeding**") is initiated by any party against any other party to enforce this Guaranty, the prevailing party in such Proceeding shall be entitled to recover from the unsuccessful party all costs, expenses, and actual reasonable attorneys' fees relating to or arising out of such Proceeding.

11. **Modification.** This Guaranty may be modified only by a contract in writing executed by Guarantor and Landlord.

12. **Invalidity.** If any provision of the Guaranty shall be invalid or unenforceable, the remainder of this Guaranty shall not be affected by such invalidity or unenforceability. In the event, and to the extent, that this Guaranty shall be held ineffective or unenforceable by any court of competent jurisdiction, then Guarantor shall be deemed to be a tenant under the Lease with the same force and effect as if Guarantor were expressly named as a co-tenant therein with joint and several liability.

13. **Successors and Assigns.** Unless otherwise agreed in writing or under the Lease, this Guaranty shall be binding upon and shall inure to the benefit of the successors-in-interest and assigns of each party to this Guaranty.

14. **Notices.** Any notice, consent, demand, invoice, statement or other communication required or permitted to be given hereunder shall be in writing and shall be given by (a) personal delivery, (b) overnight delivery with a reputable international overnight delivery service, such as FedEx, or (c) facsimile or email transmission, so long as such transmission is followed within one (1) business day by delivery utilizing one of the methods described in subsections (a) or (b). Any such notice, consent, demand, invoice, statement or other communication shall be deemed delivered (x) upon receipt, if given in accordance with subsection (a); (y) one business (1) day after deposit with a reputable international overnight delivery service, if given if given in accordance with subsection (b); or (z) upon transmission, if given in accordance with subsection (c). Except as otherwise stated in this Guaranty, any notice, consent, demand, invoice, statement or other communication required or permitted to be given pursuant to this Guaranty shall be addressed to Guarantor or Landlord at the address set forth above in the introductory paragraph of this Guaranty. Either party may, by notice to the other given pursuant to this Section, specify additional or different addresses for notice purposes.

15. **Waiver.** Any waiver of a breach or default under this Guaranty must be in a writing that is duly executed by Landlord and shall not be a waiver of any other default concerning the same or any other provision of this Guaranty. No delay or omission in the exercise of any right or remedy shall impair such right or remedy or be construed as a waiver.

16. **Withholding**. Unless otherwise agreed in the Lease, any and all payments by Guarantor to Landlord under this Guaranty shall be made free and clear of and without deduction for any and all present or future taxes, duties, levies, imposts, deductions, assessments, fees, withholdings or similar charges, and all liabilities with respect thereto (collectively, "**Taxes**"). If Guarantor shall be required by any applicable laws to deduct any Taxes from or in respect of any sum payable under this Guaranty to Landlord: (a) the sum payable shall be increased as necessary so that after making all required deductions, the Landlord receives an amount equal to the sum it would have received had

no such deductions been made; (b) Guarantor shall make such deductions; and (c) Guarantor shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable laws.

17. **Financial Condition of Tenant**. Landlord shall have no obligation to disclose or discuss with Guarantor Landlord's assessment of the financial condition of Tenant. Guarantor has adequate means to obtain information from Tenant on a continuing basis concerning the financial condition of Tenant and its ability to perform its Guaranteed Obligations, and Guarantor assumes responsibility for being and keeping informed of Tenant's financial condition and of all circumstances bearing upon the risk of Tenant's failure to perform the Guaranteed Obligations.

18. **Bankruptcy**. So long as the Guaranteed Obligations remain outstanding, Guarantor shall not, without Landlord's prior written consent, commence or join with any other person in commencing any bankruptcy or similar proceeding of or against Tenant. Guarantor's obligations hereunder shall not be reduced, limited, impaired, discharged, deferred, suspended or terminated by any bankruptcy or similar proceeding (voluntary or involuntary) involving Tenant or by any defense that Tenant may have by reason of an order, decree or decision of any court or administrative body resulting from any such proceeding. To the fullest extent permitted by law, Guarantor will permit any trustee in bankruptcy, receiver, debtor in possession, assignee for the benefit of creditors or similar person to pay to Landlord or allow the claim of Landlord in respect of any interest, fees, costs, expenses or other Guaranteed Obligations accruing or arising after the date on which such case or proceeding is commenced.

19. **Conveyance or Transfer**. Without Landlord's written consent, Guarantor shall not convey, sell, lease or transfer any of its properties or assets to any person or entity to the extent that such conveyance, sale, lease or transfer could have a material adverse effect on Guarantor's ability to fulfill any of the Guaranteed Obligations.

20. **[NOTE: ONLY WHERE GUARANTOR IS NOT A DIRECT OR INDIRECT PARENT OF TENANT: [Limitation on Obligations Guaranteed.**

(a) Notwithstanding any other provision hereof, the right of recovery against Guarantor under Section 2 shall not exceed $1.00 less than the lowest amount that would render Guarantor's obligations under Section 2 void or voidable under applicable law, including, without limitation, the Uniform Fraudulent Conveyance Act, Uniform Fraudulent Transfer Act or any similar foreign, federal or state law to the extent applicable to the guaranty set forth herein and the obligations of Guarantor hereunder. To effectuate the foregoing, the Guaranteed Obligations in respect of the guarantee set forth in Section 2 at any time shall be limited to the maximum amount as would result in the Guaranteed Obligations with respect thereto not constituting a fraudulent transfer or conveyance after giving full effect to the liability under such guarantee set forth in Section 2 and its related contribution rights, but before taking into account any liabilities under any other guarantee by Guarantor. For purposes of the foregoing, all guarantees of Guarantor other than the guarantee under Section 2 will be deemed to be enforceable and payable after the guaranty under Section 2. To the fullest extent permitted by applicable law, this Section shall be for the benefit solely of creditors and representatives of creditors of Guarantor and not for the benefit of Guarantor or the holders of any equity interest in Guarantor.

This Work Letter (this "**Work Letter**") is made and entered into as of the 2nd day of July, 2019, by and between IIP-MI 3 LLC, a Delaware limited liability company ("**Landlord**"), and FPAW MICHIGAN LLC, a Michigan limited liability company ("**Tenant**"), and is attached to and made a part of that certain Lease dated as of July 2, 2019 (as the same may be amended, amended and restated, supplemented or otherwise modified from time to time, the "**Lease**"), by and between Landlord and Tenant for the Premises located at 735 E. Hazel Street, Lansing, Michigan. All capitalized terms used but not otherwise defined herein shall have the meanings given them in the Lease.

1. General Requirements.

1.1. Authorized Representatives.

(a) Landlord designates, as Landlord's authorized representative ("**Landlord's Authorized Representative**"), (i) Catherine Hastings as the person authorized to initial plans, drawings, approvals and to sign change orders pursuant to this Work Letter and (ii) an officer of Landlord as the person authorized to sign any amendments to this Work Letter or the Lease. Tenant shall not be obligated to respond to or act upon any such item until such item has been initialed or signed (as applicable) by the appropriate Landlord's Authorized Representative. Landlord may change either Landlord's Authorized Representative upon one (1) business day's prior written notice to Tenant.

(b) Tenant designates Ray Thek ("**Tenant's Authorized Representative**") as the person authorized to initial and sign all plans, drawings, change orders and approvals pursuant to this Work Letter. Landlord shall not be obligated to respond to or act upon any such item until such item has been initialed or signed (as applicable) by Tenant's Authorized Representative. Tenant may change Tenant's Authorized Representative upon one (1) business day's prior written notice to Landlord.

1.2. Schedule. The schedule for design and development of the Tenant Improvements, including the time periods for preparation and review of construction documents, approvals and performance, shall be in accordance with a schedule to be prepared by Tenant (the "**Schedule**"). Tenant shall prepare the Schedule so that it is a reasonable schedule for the completion of the Tenant Improvements. The Schedule shall clearly identify all activities requiring Landlord participation. As soon as the Schedule is completed, Tenant shall deliver the same to Landlord for Landlord's approval, which approval shall not be unreasonably withheld, conditioned or delayed. Such Schedule shall be approved or disapproved by Landlord within ten (10) business days after delivery to Landlord. Landlord's failure to respond within such ten (10) business day period shall be deemed approval by Landlord. If Landlord disapproves the Schedule, then Landlord shall notify Tenant in writing of its objections to such Schedule, and the parties shall confer and negotiate in good faith to reach agreement on the Schedule. The Schedule shall be subject to adjustment as mutually agreed upon in writing by the parties, or as provided in this Work Letter.

1.3. Tenant's Architects, Contractors and Consultants. The architect, engineering consultants, design team, general contractor and subcontractors responsible for the construction of the Tenant Improvements shall be selected by Tenant and approved by Landlord, which approval Landlord shall not unreasonably withhold, condition or delay. All Tenant contracts related to the Tenant Improvements shall provide that Tenant may assign such contracts and any warranties with respect to the Tenant Improvements to Landlord at any time.

2. Tenant Improvements. All Tenant Improvements shall be performed by Tenant's contractor, at Tenant's sole cost and expense (subject to Landlord's obligations with respect to any portion of the TI Allowance) and in accordance with the Approved Plans (as defined below), the Lease and this Work Letter. All material and equipment furnished by Tenant or its contractors as the Tenant Improvements shall be new or "like new;" the Tenant Improvements shall be performed in a first-class, workmanlike manner. Tenant shall take, and shall require its contractors to take, commercially reasonable steps to protect the Premises during the performance of any Tenant

2.1. Work Plans. Tenant shall prepare and submit to Landlord for approval schematics covering the Tenant Improvements prepared in conformity with the applicable provisions of this Work Letter (the "**Draft Schematic Plans**"). The Draft Schematic Plans shall contain sufficient information and detail to accurately describe the proposed design to Landlord and such other information as Landlord may reasonably request. Landlord shall notify Tenant in writing within ten (10) business days after receipt of the Draft Schematic Plans whether Landlord approves or objects to the Draft Schematic Plans and of the manner, if any, in which the Draft Schematic Plans are unacceptable. Landlord's failure to respond within such ten (10) business day period shall be deemed approval by Landlord. If Landlord reasonably objects to the Draft Schematic Plans, then Tenant shall revise the Draft Schematic Plans and cause Landlord's objections to be remedied in the revised Draft Schematic Plans. Tenant shall then resubmit the revised Draft Schematic Plans to Landlord for approval, such approval not to be unreasonably withheld, conditioned or delayed. Landlord's approval of or objection to revised Draft Schematic Plans and Tenant's correction of the same shall be in accordance with this Section until Landlord has approved the Draft Schematic Plans in writing or been deemed to have approved them. The iteration of the Draft Schematic Plans that is approved or deemed approved by Landlord without objection shall be referred to herein as the "**Approved Schematic Plans**."

2.2. Construction Plans. Tenant shall prepare final plans and specifications for the Tenant Improvements that (a) are consistent with and are logical evolutions of the Approved Schematic Plans and (b) incorporate any other Tenant-requested (and Landlord-approved) Changes (as defined below). As soon as such final plans and specifications ("**Construction Plans**") are completed, Tenant shall deliver the same to Landlord for Landlord's approval, which approval shall not be unreasonably withheld, conditioned or delayed. All such Construction Plans shall be submitted by Tenant to Landlord in electronic .pdf, CADD and full-size hard copy formats, and shall be approved or disapproved by Landlord within ten (10) business days after delivery to Landlord. Landlord's failure to respond within such ten (10) business day period shall be deemed approval by Landlord. If the Construction Plans are disapproved by Landlord, then Landlord shall notify Tenant in writing of its objections to such Construction Plans, and the parties shall confer and negotiate in good faith to reach agreement on the Construction Plans. The foregoing provisions of this Section 4 are in addition to and do not affect Landlord's right of reentry or any other rights of Landlord hereunder or as otherwise provided by Applicable Laws. The provisions of this Section 4 shall survive the expiration or earlier termination of this Lease.

Any Operating Expense paid by Landlord and any expenses reasonably incurred by Landlord in connection with the payment of the delinquent Operating Expense may be billed immediately to Tenant, or at Landlord's option and upon written notice to Tenant, may be deducted from the Security Deposit. "**Operating Expenses**" means all costs and expenses incurred by Landlord with respect to the ownership, maintenance and operation of the Premises including, but not limited to: insurance, maintenance, repair and replacement of the foundation, roof, walls, heating, ventilation, air conditioning, plumbing, electrical, mechanical, utility and safety systems, maintenance and repair of roof membrane, flashings, gutters, downspouts, roof drains, skylights and waterproofing; painting; lighting; cleaning; refuse removal; security; utilities for, or the maintenance of, outside areas; building personnel costs; personal property taxes; rentals or lease payments paid by Landlord for rented or leased personal property used in the operation or maintenance of the Premises; and fees for required licenses and permits. Operating Expenses shall exclude (a) legal fees, brokerage commissions, advertising costs and other related expenses incurred in connection with the leasing of the Buildings (or any portion thereof); (b) wages, salaries benefits, perquisites and compensation paid or given to (i) executives, shareholders, officers, directors or partners of Landlord, (ii) any principal or partner of the entity from time to time comprising Landlord, or (iii) off-site employees and employees at the Buildings above the level of building manager; (c) Landlord’s general overhead and administrative expenses not related to the Buildings; (d) payments of principal or interest on any mortgage or other encumbrance including ground lease payments and points, commissions and legal fees associated with financing; (e) non-cash items, such as deductions for depreciation and amortization of the Buildings and related equipment, or interest on capital invested; and (f) costs incurred in connection with the actual or contemplated sales, financing, refinancing, mortgaging, syndicating, selling, or change of ownership interest of the Buildings (or any portion thereof), including brokerage commissions, attorneys, and accountants’ fees, closing costs, title insurance premiums, transfer taxes and interest charges. Notwithstanding the foregoing, Operating Expenses shall include all costs, expenses, charges, fees, interest and other amounts required to be paid pursuant to the CC&Rs (as hereinafter defined), including, without limitation, all costs and expenses levied against the Premises by the Chestnut Hill Avenue Primary Condominium Association (or its board on its behalf) (the “**Association**”) in connection with the Project.

6.3.2. Taxes. Tenant will promptly pay to Landlord upon Landlord's written request the amount of all Taxes levied and assessed for any such year upon the Premises. "**Taxes**" means any and all real estate taxes, fees, assessments and other charges of any kind or nature, whether general, special, ordinary or extraordinary, that Landlord shall pay or accrue (without regard to any different fiscal year used by such governmental authority) that are levied in respect of the Premises, or in respect of any improvement, fixture, equipment or other property of Landlord, real or personal, located at the Premises, or used in connection with the operation of the Premises, and all fees, expenses, and costs incurred by Landlord in investigating, protesting, contesting, or in any way seeking to reduce or avoid increases in any assessments, levies, or the tax rate pertaining to the Taxes. Taxes shall not include Landlord's corporate franchise taxes, estate taxes, inheritance taxes or federal or state income taxes.

6.3.3. Estimated Costs. If and to the extent applicable, within sixty (60) days after the Commencement Date, and within sixty (60) days after the beginning of each calendar year, Landlord shall give Tenant a written estimate, for such calendar year, of the cost of Taxes and Operating Expenses payable by Landlord. Tenant shall pay such estimated amount to Landlord in equal monthly installments, in advance. Within ninety (90) days after the end of each calendar year, Landlord shall furnish to Tenant a statement showing in reasonable detail the cost of Taxes and Operating Expenses paid or payable by Landlord (the "**Annual Statement**"), and Tenant shall pay to Landlord the cost incurred by Landlord in excess of the payments made by Tenant within thirty (30) days of receipt of such Annual Statement. In the event that the payments made by Tenant to Landlord for the

estimated Taxes and Operating Expenses exceed the aggregate amount set forth in the Annual Statement, such excess amount shall be credited by Landlord to the Rent or other charges next due and owing, provided that, if the Term has expired, Landlord shall accompany said statement with the amount due Tenant.

6.3.4. Property Management Fee. Tenant shall pay to Landlord on, or before, the first day of each calendar month of the Term, as Additional Rent, the Property Management Fee. The "**Property Management Fee**" shall equal [***] percent ([***]%) of the then-current Base Rent due from Tenant. Tenant shall pay the Property Management Fee with respect to the entire Term, including any extensions thereof or any holdover periods, regardless of whether Tenant is obligated to pay Base Rent or any other Rent with respect to any such period or portion thereof.

6.3.5. Absolute Net Lease. This Lease shall be deemed and construed to be an "absolute net lease" and, except as herein expressly provided, the Landlord shall receive all payments required to be made by Tenant, free from all charges, assessments, impositions, expenses, deductions of any and every kind or nature whatsoever. Tenant shall, at Tenant's sole cost and expense, maintain the landscaping and parking lot, and make all additional repairs and alterations as required to maintain the Premises consistent with industry best practices.

6.4. Security Deposit. On or before the Execution Date of this Lease, Tenant shall deposit with Landlord the initial installment of the Security Deposit as set forth in Section 2.2 and shall thereafter deposit installments of the Security Deposit with Landlord as set forth in Section 2.2, which sums shall be held by Landlord as security for the faithful performance by Tenant of all of the terms, covenants and conditions of this Lease to be kept and performed by Tenant during the Term. Landlord shall not be required to maintain a separate account for the Security Deposit, but may intermingle it with other funds of Landlord. If Tenant defaults with respect to any provision of this Lease beyond applicable notice and cure periods, then without notice to Tenant, Landlord may (but shall not be required to) apply all or any part of the Security Deposit for the payment of any Rent or any other sum in default. If any portion of the Security Deposit is so used or applied, then Tenant shall, upon demand therefor, restore the Security Deposit to its original amount. If Tenant shall fully and faithfully perform every provision of this Lease to be performed by it, then the unapplied portion of the Security Deposit shall be returned to Tenant, or, at Landlord's option, to the last assignee of Tenant's interest hereunder, within sixty (60) days following the expiration of the Term. Tenant shall not be entitled to any interest on the Security Deposit. Tenant hereby irrevocably waives and relinquishes any and all rights, benefits, or protections, if any, Tenant now has, or in the future may have under any provision of law which (i) establishes the time frame by which a landlord must refund a security deposit under a lease, or (ii) provides that a landlord may claim from a security deposit only those sums reasonably necessary to remedy defaults in the payment of rent, to repair damage caused by a tenant, or to clean the subject premises. Tenant acknowledges and agrees that (A) any statutory time frames for the return of a security deposit are superseded by the express period identified in this Section 6.4, and (B) rather than be so limited, Landlord may claim from the Security Deposit (i) any and all sums expressly identified in this Section 6.4, and (ii) any additional sums reasonably necessary to compensate Landlord for any and all losses or damages caused by Tenant's default of this Lease, including, but not limited to, all damages or rent due upon termination of this Lease. In the event of bankruptcy or other debtor-creditor proceedings against Tenant, the Security Deposit shall be deemed to be applied first to the payment of Rent and other charges due Landlord for all periods prior to the filing of such proceedings. Provided that (a) no default by Tenant under this Lease has occurred and is continuing and (b) Tenant has achieved an EBITDA (as defined below) for the immediately preceding six (6) month period that is equal to two times the then-current Base Rent (which Base Rent shall be deemed to be $551,250.00 per month for the first twelve (12) months of the Term) for such time period (the "**EBITDA Condition**"), the Security Deposit shall be reduced to One Million Three Hundred Seventy-Eight Thousand One Hundred Twenty-Five Dollars ($1,378,125.00) (the "**Reduced Security Deposit**"). For purposes of the foregoing, the term "**EBITDA**" shall mean net income before interest, taxes, depreciation and amortization. Landlord shall be required to deliver to Tenant the portion of the Security Deposit retained by Landlord that is in excess of the Reduced Security Deposit within thirty (30) days after (x) Tenant has delivered to Landlord reasonable supporting documentation that Tenant has satisfied the conditions set forth in Subsections (a) and (b) above, including a certification from the principal financial officer of Tenant confirming that such conditions have been satisfied and that the documentation provided to Landlord evidencing satisfaction of the EBITDA Condition is true, correct and complete in all material respects and does not contain any misrepresentations or omissions of facts, and (y) Landlord reasonably has approved such documentation and agrees

that such conditions have been satisfied. If the Tenant subsequently fails to meet the EBITDA Condition at any time during the Term, then Tenant shall be required to promptly deliver to Landlord an amount sufficient to increase the Security Deposit held by Landlord back to the sum of Two Million Seven Hundred Fifty-Six Thousand Two Hundred Fifty Dollars ($2,756,250.00). Following the reduction of the Security Deposit to the Reduced Security Deposit, upon Landlord's request, Tenant shall promptly deliver to Landlord such documentation as may be reasonably required by Landlord to assess whether the EBITDA Condition remains satisfied.

6.5. Base Rent Adjustments. Base Rent shall be subject to an annual upward adjustment of [***] percent ([***]%) of the then-current Base Rent. The first such adjustment shall become effective commencing on the first annual anniversary of the Commencement Date, and subsequent adjustments shall become effective on every successive annual anniversary for so long as this Lease continues in effect.

6.6. No Discharge of Rent Obligations. Tenant's obligation to pay Rent shall not be discharged or otherwise affected by (a) any Applicable Laws now or hereafter applicable to the Premises, (b) any other restriction on Tenant's use, (c) except as expressly provided herein, any casualty or taking or (d) any other occurrence; and Tenant waives all rights now or hereafter existing to terminate or cancel this Lease or quit or surrender the Premises or any part thereof, or to assert any defense in the nature of constructive eviction to any action seeking to recover rent. Tenant's obligation to pay Rent with respect to any period or obligations arising, existing or pertaining to the period prior to the date of the expiration or earlier termination of the Term or this Lease shall survive any such expiration or earlier termination; provided, however, that nothing in this sentence shall in any way affect Tenant's obligations with respect to any other period. Except as expressly provided in this Lease, Tenant, to the extent now or hereafter permitted by Applicable Laws, waives all rights now or hereafter conferred by statute or otherwise to quit, terminate or surrender this Lease or to any diminution, abatement or reduction of Rent payable hereunder.

7. Use.

7.1. Use. Tenant shall use the Premises solely for the Permitted Use, and shall not use the Premises, or permit or suffer the Premises to be used, for any other purpose without Landlord's prior written consent, which consent Landlord may withhold in its sole but reasonable discretion. Tenant shall comply, and cause Tenant Parties to comply, with all Applicable Laws, zoning ordinances and certificates of occupancy issued for the Premises or any portion thereof. Tenant shall not make any penetrations in the roof of any Building without the consent of Landlord, and any work on the roof shall be undertaken by contractors approved by the company providing the warranty for the roof and shall otherwise be performed in such a manner so as not to violate any roof warranty and, if there is no roof warranty, to the standards which the company previously providing the roof warranty would require if there was a roof warranty. Tenant shall not commit, or allow Tenant Parties to commit, any waste of the Premises. Tenant shall not do, or permit Tenant Parties to do, anything on or about the Premises that in any way invalidates or prevents the procuring, of any insurance protecting against loss or damage to any portion of the Premises or its contents, or against liability for damage to property or injury to persons in or about any portion of the Premises. For purposes hereof, "**Tenant Parties**" means Tenant's agents, contractors, subcontractors, employees, customers, licensees, invitees, assignees and subtenants; and the term "**Applicable Laws**" means all federal (to the extent not in direct conflict with applicable state, municipal or local cannabis licensing and program laws, rules and regulations), state, municipal and local laws, codes, ordinances, rules and regulations of governmental authorities, committees, associations, or other regulatory committees, agencies or governing bodies having jurisdiction over the Premises or any portion thereof, Landlord or Tenant, including both statutory and common law, hazardous waste rules and regulations, and state cannabis licensing and program laws, rules and regulations. Tenant may only place equipment within the Premises with floor loading consistent with the applicable Building's structural design unless Tenant obtains Landlord's prior written approval. Tenant may place such equipment only in a location designed to carry the weight of such equipment.

7.2. Legal Compliance. Notwithstanding any other provision herein to the contrary, Tenant shall be responsible for all improvements or alterations required to be made and all liabilities, costs and expenses arising out of or in connection with the compliance of the Premises with Applicable Laws, including, without limitation, the Americans with Disabilities Act, 42 U.S.C. § 12101, et seq., and any state and local accessibility laws, codes, ordinances and rules (collectively, and together with regulations promulgated pursuant thereto, the "**ADA**"), and Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and

hold the Landlord Indemnitees harmless from and against any Claims arising out of any such failure of the Premises to comply with Applicable Laws, including, without limitation, the ADA.

7.3. Indemnification. Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold Landlord and its affiliates, lenders, employees, agents and contractors (collectively, the "**Landlord Indemnitees**") harmless from and against any and all demands, claims, liabilities, losses, costs, expenses, criminal or civil actions, forfeiture seizures, causes of action, damages, suits or judgments, and all reasonable expenses (including reasonable attorneys' fees, charges and disbursements, regardless of whether the applicable demand, claim, action, cause of action or suit is voluntarily withdrawn or dismissed) incurred in investigating or resisting the same (collectively, "**Claims**") of any kind or nature that arise before, during or after the Term as a result of Tenant's breach of this Section 7.

8. Hazardous Materials.

8.1. Tenant shall not cause or permit any Hazardous Materials (as defined below) to be brought upon, kept or used in or about the Premises in violation of Applicable Laws by Tenant or any Tenant Party. If (a) Tenant breaches such obligation, (b) the presence of Hazardous Materials as a result of such a breach results in contamination of the Premises, any portion thereof, or any adjacent property, (c) contamination of the Premises otherwise occurs during the Term or any extension or renewal hereof or holding over hereunder or (d) contamination of the Premises occurs as a result of Hazardous Materials that are placed on or under or are released into the Premises by a Tenant Party, then Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any and all Claims of any kind or nature, including (w) diminution in value of the Premises or any portion thereof, (x) damages for the loss or restriction on use of rentable or usable space or of any amenity of the Premises, (y) damages arising from any adverse impact on marketing of space in the Premises or any portion thereof and (z) sums paid in settlement of Claims that arise before, during or after the Term as a result of such breach or contamination. This indemnification by Tenant includes costs incurred in connection with any investigation of site conditions or any clean-up, remedial, removal or restoration work required by any governmental authority because of Hazardous Materials present in the air, soil or groundwater above, on, under or about the Premises. Without limiting the foregoing, if the presence of any Hazardous Materials in, on, under or about the Premises, any portion thereof or any adjacent property caused or permitted by any Tenant Party results in any contamination of the Premises, any portion thereof or any adjacent property, then Tenant shall promptly take all actions at its sole cost and expense as are necessary to return the Premises, any portion thereof or any adjacent property to its respective condition existing prior to the time of such contamination; provided that Landlord's written approval of such action shall first be obtained, which approval Landlord shall not unreasonably withhold; and provided, further, that it shall be reasonable for Landlord to withhold its consent if such actions could have a material adverse long-term or short-term effect on the Premises, any portion thereof or any adjacent property. Tenant's obligations under this Section shall not be limited by any limitation on the amount or type of damages, compensation or benefits payable by or for Tenant under workers' compensation acts, disability benefit acts, employee benefit acts or similar legislation.

8.2. Landlord acknowledges that it is not the intent of this Section 8 to prohibit Tenant from operating its business for the Permitted Use. Tenant may operate its business according to the custom of Tenant's industry so long as the use or presence of Hazardous Materials is strictly and properly monitored in accordance with Applicable Laws. As a material inducement to Landlord to allow Tenant to use Hazardous Materials in connection with its business, Tenant agrees to deliver to Landlord (a) a list identifying each type of Hazardous Material to be present at the Premises that is subject to regulation under any environmental Applicable Laws in the form of a Tier II form pursuant to Section 312 of the Emergency Planning and Community Right-to-Know Act of 1986 (or any successor statute) or any other form reasonably requested by Landlord, (b) a list of any and all approvals or permits from governmental authorities required in connection with the presence of such Hazardous Material at the Premises and (c) correct and complete copies of notices of violations of Applicable Laws related to Hazardous Materials (collectively, "**Hazardous Materials Documents**"). Tenant shall deliver to Landlord updated Hazardous Materials Documents, within fourteen (14) days after receipt of a written request therefor from Landlord, not more often than once per year, unless (m) there are any changes to the Hazardous Materials Documents or (n) Tenant initiates any Tenant Improvements or Alterations or changes its business, in either case in a way that involves any material increase in the types or amounts of Hazardous Materials. In the event that a review of the Hazardous Materials

Documents indicates non-compliance with this Lease or Applicable Laws, Tenant shall, at its expense, diligently take steps to bring its storage and use of Hazardous Materials into compliance. Notwithstanding anything in this Lease to the contrary or Landlord's review into Tenant's Hazardous Materials Documents or use or disposal of hazardous materials, however, Landlord shall not have and expressly disclaims any liability related to Tenant's or other tenants' use or disposal of Hazardous Materials, it being acknowledged by Tenant that Tenant is best suited to evaluate the safety and efficacy of its Hazardous Materials usage and procedures.

8.3. Tenant represents and warrants to Landlord that Tenant is not, nor has it been, in connection with the use, disposal or storage of Hazardous Materials, (a) subject to a material enforcement order issued by any governmental authority or (b) required to take any remedial action.

8.4. At any time, and from time to time, prior to the expiration of the Term, Landlord shall have the right to conduct appropriate tests of the Premises or any portion thereof to demonstrate that Hazardous Materials are present or that contamination has occurred due to the acts or omissions of a Tenant Party, the cost of which shall be an Operating Expense. Such inspections shall be made only after Landlord provides notice to and receives approval from the relevant regulatory authorities regarding the testing.

8.5. If underground or other storage tanks storing Hazardous Materials installed or utilized by Tenant are located on the Premises, or are hereafter placed on the Premises by Tenant (or by any other party, if such storage tanks are utilized by Tenant), then Tenant shall monitor the storage tanks, maintain appropriate records, implement reporting procedures, properly close any underground storage tanks, and take or cause to be taken all other steps necessary or required under the Applicable Laws.

8.6. Tenant shall promptly report to Landlord any actual or suspected presence of mold or water intrusion at the Premises.

8.7. Tenant's obligations under this Section 8 shall survive the expiration or earlier termination of the Lease. During any period of time needed by Tenant or Landlord after the termination of this Lease to complete the removal from the Premises of any such Hazardous Materials, Tenant shall be deemed a holdover tenant and subject to the provisions of Section 4.

8.8. As used herein, the term "**Hazardous Material**" means any toxic, explosive, corrosive, flammable, infectious, radioactive, carcinogenic, mutagenic or otherwise hazardous substance, material or waste that is or becomes regulated by Applicable Laws or any governmental authority.

9. Alterations.

9.1. Tenant shall not make any alterations, additions or improvements in or to the Premises or engage in any construction, demolition, reconstruction, renovation or other work (whether major or minor) of any kind in, at or serving the Premises ("**Alterations**"), without obtaining Landlord's prior written consent, which shall not be unreasonably withheld, except Tenant may make non-structural Alterations to the interior of the Premises (excluding the roof) without such consent but upon at least ten (10) days' prior notice to Landlord, provided that the cost thereof does not exceed [***] Dollars ($[***]) per occurrence or an aggregate amount of [***] Dollars ($[***]) annually. Notwithstanding the foregoing, Tenant will not do anything that could have a material adverse effect on any Building or life safety systems, without obtaining Landlord's prior written consent. Any such improvements, excepting movable furniture, trade fixtures and equipment, shall become part of the realty and belong to Landlord. All alterations and improvements shall be properly permitted and installed at Tenant's sole cost, by a licensed contractor, in a good and workmanlike manner, and in conformity with all Applicable Laws. Any alterations that Tenant shall desire to make and which require the consent of Landlord shall be presented to Landlord in written form with detailed plans. Tenant shall: (i) acquire all applicable governmental permits; (ii) furnish Landlord with copies of both the permits and the plans and specifications at least thirty (30) days before the commencement of the work, and (iii) comply with all conditions of said permits in a prompt and expeditious manner. Any alterations shall be performed in a workmanlike manner with good and sufficient materials. Upon completion of any Alterations, Tenant shall promptly upon completion furnish Landlord with a reproducible copy of as-built drawings and specifications for any Alterations.

9.2. At least twenty (20) days prior to commencing any work relating to any Alterations requiring the approval of Landlord that have been so approved, Tenant shall notify Landlord in writing of the expected date of commencement. Tenant shall pay, when due, all claims for labor or materials furnished to or for Tenant for use in improving the Premises. Tenant shall not permit any mechanics' or materialmen's liens to be levied against the Premises arising out of work performed, materials furnished, or obligations to have been performed on the Premises by or at the request of Tenant. Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold Landlord Indemnitees from and against any and all Claims of any kind or nature that arise before, during or after the Term on account of claims of lien of laborers or materialmen or others for work performed or materials or supplies furnished for Tenant or its contractors, agents or employees. If Tenant fails to discharge or undertake to defend against such liability, upon receipt of written notice from Landlord of such failure, Tenant shall have thirty (30) days (the "**Defense Cure Period**") to cure such failure by prosecuting such a defense. If Tenant fails to do so within the Defense Cure Period, then Landlord may settle the same and Tenant's liability to Landlord shall be conclusively established by such settlement provided that such settlement is entered into on commercially reasonable terms and conditions, the amount of such liability to include both the settlement consideration and the costs and expenses (including attorneys' fees) incurred by Landlord in effecting such settlement. In the event any contractor, agent or employee notifies Tenant of its intent to file a mechanics' or materialmen's lien against the Premises, Tenant shall immediately notify Landlord of such intention to file a lien or a lawsuit with respect to such lien.

9.3. Tenant shall repair any damage to the Premises caused by Tenant's removal of any property from the Premises. During any such restoration period, Tenant shall pay Rent to Landlord as provided herein as if such space were otherwise occupied by Tenant. The provisions of this Section shall survive the expiration or earlier termination of this Lease.

9.4. The Premises plus any Alterations, Tenant Improvements, attached equipment, decorations, fixtures and trade fixtures; movable casework and related appliances; and other additions and improvements attached to or built into the Premises made by either of the parties (including all floor and wall coverings; paneling; sinks and related plumbing fixtures; attached benches; production equipment; walk-in refrigerators; ductwork; conduits; electrical panels and circuits; attached machinery and equipment; and built-in furniture and cabinets, in each case, together with all additions and accessories thereto), shall (unless, prior to such construction or installation, Landlord elects otherwise in writing) at all times remain the property of Landlord, shall remain in the Premises and shall (unless, prior to construction or installation thereof, Landlord elects otherwise in writing) be surrendered to Landlord upon the expiration or earlier termination of this Lease. For the avoidance of doubt, the items listed on Exhibit B attached hereto (which Exhibit B may be updated by Tenant from and after the Commencement Date, subject to Landlord's written consent) constitute Tenant's property and shall be removed by Tenant upon the expiration or earlier termination of the Lease.

9.5. If Tenant shall fail to remove any of its property from the Premises prior to the expiration of the Term, then Landlord may, at its option, remove the same in any manner that Landlord shall choose and store such effects without liability to Tenant for loss thereof or damage thereto, and Tenant shall pay Landlord, upon demand, any costs and expenses incurred due to such removal and storage or Landlord may, at its sole option, without notice to Tenant and subject to approval from Massachusetts cannabis regulatory authorities as required for certain items, sell such property or any portion thereof at private sale and without legal process for such price as Landlord may obtain and apply the proceeds of such sale against any (a) amounts due by Tenant to Landlord under this Lease and (b) any expenses incident to the removal, storage and sale of such personal property.

9.6. Tenant shall reimburse Landlord for all third party costs actually incurred by Landlord in connection with any Alterations, including any non-structural Alterations that do not require Landlord’s prior consent.

9.7. Tenant shall require its contractors and subcontractors performing work on the Premises to name Landlord and its affiliates and any lender as additional insureds on their respective insurance policies, except to the extent that the same is not permitted by Massachusetts law or regulation.

10. Odors and Fumes. Tenant shall not cause or permit (or conduct any activities that would cause) any release of any odors or fumes of any kind from the Premises in excess of quantities prohibited by Applicable Law or any applicable CC&Rs. Tenant shall, at Tenant's sole cost and expense, provide odor eliminators and other devices (such as filters, air cleaners, scrubbers and whatever other equipment may in Landlord's judgment be necessary or appropriate from time to time) to abate any odors, fumes or other substances in Tenant's exhaust stream that, in Landlord's reasonable judgment, emanate from Tenant's Premises. Any work Tenant performs under this Section shall constitute Alterations. Tenant's responsibility to abate odors, fumes and exhaust shall continue throughout the Term. If Tenant fails to install satisfactory odor control equipment within thirty (30) days after Landlord's written demand made at any time, then Landlord may, without limiting Landlord's other rights and remedies, require Tenant to cease and suspend any operations in the Premises that, in Landlord's reasonable determination, cause odors, fumes or exhaust in violation of quantities allowed under Applicable Laws or any applicable CC&Rs.

11. Repairs and Maintenance.

11.1. Care of Premises. This Lease shall be deemed and construed to be an "absolute net lease." Tenant shall, at its sole cost and expense, keep the Premises in a working, neat, clean, sanitary, safe condition and repair, and shall keep the Premises free from trash. Tenant shall make all repairs or replacements thereon or thereto, whether ordinary or extraordinary. Without limiting the foregoing, Tenant’s obligations hereunder shall include the maintenance, repair and replacement of the foundation, roof (including roof membrane), walls and all other structural components of any Building; all heating, ventilation, air conditioning, plumbing, electrical, mechanical, utility and safety systems serving any Building or the Premises; the parking areas, roads and driveways located on the Premises; maintenance of exterior areas such as gardening and landscaping; snow removal and signage; maintenance and repair of flashings, gutters, downspouts, roof drains, skylights and waterproofing; and painting. Landlord shall not be required to furnish any services or facilities or to make any repairs, replacements or alterations of any kind in or on the Premises. Tenant shall receive all invoices and bills relative to the Premises and, except as otherwise provided herein, shall pay for all expenses directly to the person or company submitting a bill without first having to forward payment for the expenses to Landlord. Tenant hereby expressly waives the right to make repairs at the expense of Landlord as provided for in any Applicable Laws in effect at the time of execution of this Lease, or in any other Applicable Laws that may hereafter be enacted, and waives its rights under Applicable Laws relating to a landlord's duty to maintain its premises in a tenantable condition.

11.2. Service Contracts and Invoices. Tenant shall, promptly upon Landlord's written request therefor, provide Landlord with copies of all service contracts relating to the Tenant's maintenance of the Premises and invoices received from Tenant from such service providers.

11.3. Action by Landlord if Tenant Fails to Maintain. If Tenant refuses or neglects to repair or maintain the Premises as required hereunder to the reasonable satisfaction of Landlord, Landlord, at any time following ten (10) business days from the date on which Landlord shall make written demand on Tenant to affect such repair or maintenance, may, but shall not have the obligation to, make such repair and/or maintenance (without liability to Tenant for any loss or damage which may occur to Tenant's merchandise, fixtures or other personal property, or to Tenant's business by reason thereof unless caused by Landlord’s active gross negligence or intentional misconduct) and upon completion thereof, Tenant shall pay to Landlord as Landlord Additional Rent Landlord's reasonable costs for making such repairs, plus interest at the Default Rate from the date of expenditure by Landlord upon demand therefor. Moreover, Tenant's failure to pay any of the charges in connection with the performance of its maintenance and repair obligations under this Lease will constitute a material default under the Lease.

11.4. No Rent Abatement. There shall be no abatement of Rent and no liability of Landlord by reason of any injury to or interference with Tenant's business arising from the making of any repairs, alterations or improvements in or to any portion of the Premises, or in or to improvements, fixtures, equipment and personal property therein unless caused by Landlord’s active gross negligence or intentional misconduct.

11.5. Right of Entry. After providing the required notice to and receiving required approval from the relevant Massachusetts regulatory agencies, Landlord and Landlord's agents shall have the right to enter upon the Premises or any portion thereof for the purposes of performing any repairs or maintenance Landlord is permitted to make pursuant to this Lease, and of ascertaining the condition of the Premises or whether Tenant is observing and

performing Tenant's obligations hereunder, all without unreasonable interference from Tenant or Tenant Parties. Except for emergency maintenance or repairs, the right of entry contained in this paragraph shall be exercisable at reasonable times, at reasonable hours and on reasonable notice of not less than twenty-four (24) hours, subject to Tenant's authorized personnel accompanying Landlord's agents in sensitive areas of the Premises and conditioned upon the required approval and consent from Massachusetts cannabis regulatory agencies. For the absence of doubt, all subsequent references to Landlord's right of entry contained herein are subject to the same approval by the Massachusetts cannabis regulatory agencies. Landlord shall use commercially reasonable efforts to minimize interference with Tenant's use and operations.

12. Liens. Tenant shall keep the Premises free from any liens arising out of work or services performed, materials furnished to or obligations incurred by Tenant. Tenant further covenants and agrees that any mechanic's or materialman's lien filed against the Premises for work or services claimed to have been done for, or materials claimed to have been furnished to, or obligations incurred by Tenant shall be discharged or bonded by Tenant within twenty (20) days after the filing thereof, at Tenant's sole cost and expense. Should Tenant fail to discharge or bond against any lien of the nature described in this Section, Landlord may, at Landlord's election, pay such claim or otherwise provide security to eliminate the lien as a claim against title, and Tenant shall promptly reimburse Landlord for the costs thereof as Additional Rent. Tenant shall indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any Claims arising from any such liens, including any administrative, court or other legal proceedings related to such liens. In the event that Tenant leases or finances the acquisition of office equipment, furnishings or other personal property of a removable nature utilized by Tenant in the operation of Tenant's business, Tenant warrants that any Uniform Commercial Code financing statement shall, upon its face or by exhibit thereto, indicate that such financing statement is applicable only to removable personal property of Tenant located within the Premises.

13. Rules and Regulations and CC&Rs. Tenant shall faithfully observe and comply with and shall ensure that its contractors, subcontractors, employees, subtenants and invitees faithfully observe and comply with such reasonable and nondiscriminatory rules and regulations as are hereafter promulgated by Landlord provided that the same do not prohibit the Permitted Use or otherwise significantly interfere with Tenant's use and access to the Premises. This Lease is subject to any recorded covenants, conditions or restrictions on the Property or Premises, and any rules and regulations promulgated by the Association for the Project, in each case as the same may be amended, amended and restated, supplemented or otherwise modified from time to time (collectively, the "**CC&Rs**"). Tenant shall, at its sole cost and expense, comply with the CC&Rs.

14. Utilities and Services. Tenant shall make all arrangements for and pay for all water, sewer, gas, heat, light, power, telephone service and any other service or utility Tenant requires at the Premises. Landlord shall not be liable for any failure or interruption of any utility service being furnished to the Premises, and no such failure or interruption shall entitle Tenant to any abatement or right to terminate this Lease. In the event that any utilities are furnished by Landlord, Tenant shall pay to Landlord the cost thereof as an Operating Expense.

15. Estoppel Certificate. Tenant shall, within fifteen (15) business days after receipt of written notice from Landlord, execute, acknowledge and deliver a statement in writing substantially in the form attached to this Lease as Exhibit C, or on any other form reasonably requested by a current or proposed lender or encumbrancer or proposed purchaser, (a) certifying that this Lease is unmodified and in full force and effect (or, if modified, stating the nature of such modification and certifying that this Lease as so modified is in full force and effect) and the dates to which rental and other charges are paid in advance, if any, (b) acknowledging that there are not, to Tenant's knowledge, any uncured defaults on the part of Landlord hereunder, or specifying such defaults if any are claimed, and (c) setting forth such further information with respect to this Lease or the Premises as may be requested thereon. Each Guarantor shall, within ten (10) days after receipt of written notice from Landlord, execute, acknowledge and deliver a statement in writing in the same form. Tenant's or any Guarantor's failure to deliver any such statement within such the prescribed time shall be binding upon Tenant or such Guarantor (as applicable) that the Lease and such Guaranty are in full force and effect and without modification except as may be represented by Landlord in any certificate prepared by Landlord and delivered to Tenant or such Guarantor (as applicable) for execution.

16. Assignment or Subletting.

16.1. None of the following (each, a "**Transfer**"), either voluntarily or by operation of Applicable Laws, shall be directly or indirectly performed without Landlord's prior written consent: (a) Tenant selling, hypothecating, assigning, pledging, encumbering or otherwise transferring this Lease or subletting the Premises or (b) a controlling interest in Tenant being sold, assigned or otherwise transferred (other than as a result of shares in Tenant being sold on a public stock exchange or a Permitted Transfer as defined below). For purposes of the preceding sentence, "control" means (a) owning (directly or indirectly) more than fifty percent (50%) of the stock or other equity interests of another person or (b) possessing, directly or indirectly, the power to direct or cause the direction of the management and policies of such person.

16.2. In the event Tenant desires to effect a Transfer, then, at least thirty (30) but not more than ninety (90) days prior to the date when Tenant desires the Transfer to be effective (the "**Transfer Date**"), Tenant shall provide written notice to Landlord (the "**Transfer Notice**") containing information (including references) concerning the character of the proposed transferee, assignee or sublessee; the proposed Transfer Date; the most recent unconsolidated financial statements of Tenant and of the proposed transferee, assignee or sublessee ("**Required Financials**"); any ownership or commercial relationship between Tenant and the proposed transferee, assignee or sublessee; and the consideration and all other material terms and conditions of the proposed Transfer, all in such detail as Landlord shall reasonably require. In no event shall Landlord be deemed to be unreasonable for declining to consent to a Transfer to a transferee, assignee or sublessee of poor reputation, lacking financial qualifications or seeking a change in the Permitted Use, or jeopardizing directly or indirectly the status of Landlord or any of Landlord's affiliates as a Real Estate Investment Trust under the Internal Revenue Code of 1986, as amended from time to time.

16.3. The following are conditions precedent to a Transfer or to Landlord considering a request by Tenant to a Transfer:

16.3.1. Tenant shall remain fully liable under this Lease and each Guarantor shall continue to remain fully liable under such Guarantor's Guaranty, including with respect to the Term after the Transfer Date. Tenant agrees that it shall not be (and shall not be deemed to be) a guarantor or surety of this Lease, however, and waives its right to claim that it is a guarantor or surety or to raise in any legal proceeding any guarantor or surety defenses permitted by this Lease or by Applicable Laws;

16.3.2. Tenant shall provide Landlord with evidence reasonably satisfactory to Landlord that the value of Landlord's interest under this Lease shall not be diminished or reduced by the proposed Transfer. Such evidence shall include evidence respecting the relevant business experience and financial responsibility and status of the proposed transferee, assignee or sublessee;

16.3.3. Tenant shall reimburse Landlord for Landlord's actual out of pocket costs and expenses, including reasonable attorneys' fees, charges and disbursements incurred in connection with the review, processing and documentation of such request;

16.3.4. If Tenant's transfer of rights or sharing of the Premises provides for the receipt by, on behalf of or on account of Tenant of any consideration of any kind whatsoever (including a premium rental for a sublease or lump sum payment for an assignment, but excluding Tenant's reasonable costs in marketing and subleasing the Premises) in excess of the rental and other charges due to Landlord under this Lease, Tenant shall pay [***] percent ([***]%) of all of such excess to Landlord, after making deductions for any reasonable marketing expenses, tenant improvement funds expended by Tenant, alterations, cash concessions, brokerage commissions, attorneys' fees and free rent actually paid by Tenant. If such consideration consists of cash paid to Tenant, payment to Landlord shall be made upon receipt by Tenant of such cash payment;

16.3.5. The proposed transferee, assignee or sublessee shall agree that, in the event Landlord gives such proposed transferee, assignee or sublessee notice that Tenant is in default under this Lease, such proposed transferee, assignee or sublessee shall thereafter make all payments otherwise due Tenant directly to Landlord, which payments shall be received by Landlord without any liability being incurred by Landlord, except to credit such payment against those due by Tenant under this Lease, and any such proposed transferee, assignee or sublessee

shall agree to attorn to Landlord or its successors and assigns should this Lease be terminated for any reason; provided, however, that in no event shall Landlord or its Lenders, successors or assigns be obligated to accept such attornment;

16.3.6. Tenant shall not then be in default hereunder in any respect;

16.3.7. Such proposed transferee, assignee or sublessee's use of the Premises shall be the same as the Permitted Use;

16.3.8. Landlord shall not be bound by any provision of any agreement pertaining to the Transfer, except for Landlord's written consent to the same;

16.3.9. Tenant shall pay all transfer and other taxes (including interest and penalties) assessed or payable for any Transfer;

16.3.10. Landlord's consent (or waiver of its rights) for any Transfer shall not waive Landlord's right to consent or refuse consent to any later Transfer; and

16.3.11. Tenant shall deliver to Landlord a list of Hazardous Materials (as defined below), certified by the proposed transferee, assignee or sublessee to be true and correct, that the proposed transferee, assignee or sublessee intends to use or store in the Premises. Additionally, Tenant shall deliver to Landlord, on or before the date any proposed transferee, assignee or sublessee takes occupancy of the Premises, all of the items relating to Hazardous Materials of such proposed transferee, assignee or sublessee as described in Section 8.

16.4. Any Transfer that is not in compliance with the provisions of this Section or with respect to which Tenant does not fulfill its obligations pursuant to this Section shall be void and shall, at the option of Landlord, terminate this Lease.

16.5. Notwithstanding any Transfer, Tenant shall remain fully and primarily liable for the payment of all Rent and other sums due or to become due hereunder, and for the full performance of all other terms, conditions and covenants to be kept and performed by Tenant. The acceptance of Rent or any other sum due hereunder, or the acceptance of performance of any other term, covenant or condition thereof, from any person or entity other than Tenant shall not be deemed a waiver of any of the provisions of this Lease or a consent to any Transfer.

16.6. If Tenant delivers to Landlord a Transfer Notice indicating a desire to transfer this Lease to a proposed transferee, assignee or sublessee other than a Permitted Transferee, then Landlord shall have the option, exercisable by giving notice to Tenant within ten (10) days after Landlord's receipt of such Transfer Notice, to terminate this Lease as of the date specified in the Transfer Notice as the Transfer Date, except for those provisions that, by their express terms, survive the expiration or earlier termination hereof. If Landlord exercises such option, then Tenant shall have the right to withdraw such Transfer Notice by delivering to Landlord written notice of such election within five (5) business days after Landlord's delivery of notice electing to exercise Landlord's option to terminate this Lease. In the event Tenant withdraws the Transfer Notice as provided in this Section, this Lease shall continue in full force and effect. No failure of Landlord to exercise its option to terminate this Lease shall be deemed to be Landlord's consent to a proposed Transfer.

16.7. If Tenant sublets the Premises or any portion thereof, Tenant hereby immediately and irrevocably assigns to Landlord, as security for Tenant's obligations under this Lease, all rent from any such subletting, and appoints Landlord as assignee and attorney-in-fact for Tenant, and Landlord (or a receiver for Tenant appointed on Landlord's application) may collect such rent and apply it toward Tenant's obligations under this Lease; provided that, until the occurrence of a Default (as defined below) by Tenant, Tenant shall have the right to collect such rent.

16.8. Permitted Transfers. Notwithstanding the above, Tenant may assign its entire interest under this Lease or sublease all or a portion of the Premises without the consent of Landlord to: (i) an affiliate, subsidiary or parent of Tenant; (ii) any entity into which that Tenant or an affiliated party may merge or consolidate; (iii) any entity that acquires all or substantially all of the assets of Tenant; each a "**Permitted Transfer**" and such transferee a "**Permitted Transferee**", provided that (a) Tenant notifies Landlord at least twenty (20) days prior to the effective

date of any such Permitted Transfer, (b) Tenant is not in default and such assignment or sublease is not a subterfuge by Tenant to avoid its obligations under this Lease, (c) such Permitted Transferee shall have a tangible net worth (not including goodwill as an asset) computed in accordance with generally accepted accounting principles ("**Net Worth**") at least equal to the Net Worth of the original Tenant on the day immediately preceding the effective date of such assignment or sublease and reasonably sufficient to comply with the obligations under this Lease, (d) no assignment or sublease relating to this Lease, whether with or without Landlord's consent, shall relieve Tenant from any liability under this Lease, (e) the liability of such Permitted Transferee under either an assignment or sublease shall be joint and several with Tenant and each Guarantor; and (f) the parent company of any Permitted Transferee executes a Guaranty in favor of Landlord substantially in the form attached hereto as Exhibit D. Tenant's notice to Landlord shall include information and documentation showing that each of the above conditions has been satisfied. As used in this Section 16.8, (w) "parent" shall mean a company which owns a majority of Tenant's voting equity; (x) "subsidiary" shall mean an entity wholly owned by Tenant or at least fifty-one percent (51%) of whose voting equity is owned by Tenant; (y) "affiliate" shall mean an entity controlled by, controlling or under common control with Tenant; and (z) "control" shall mean the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person or entity.

17. Indemnification and Exculpation.

17.1. Tenant agrees to indemnify, save, defend (at Landlord's option and with counsel reasonably acceptable to Landlord) and hold the Landlord Indemnitees harmless from and against any and all Claims of any kind or nature, real or alleged, arising from (a) injury to or death of any person or damage to any property occurring within or about the Premises arising directly or indirectly out of the presence at or use or occupancy of the Premises or Project by a Tenant Party, (b) an act or omission on the part of any Tenant Party; (c) a breach or default by Tenant in the performance of any of its obligations hereunder or (d) injury to or death of persons or damage to or loss of any property, real or alleged, arising from the serving of any intoxicating substances at the Premises or Project, except to the extent any of the foregoing are directly caused by Landlord's gross negligence or willful misconduct. Tenant's obligations under this Section shall not be affected, reduced or limited by any limitation on the amount or type of damages, compensation or benefits payable by or for Tenant under workers' compensation acts, disability benefit acts, employee benefit acts or similar legislation. Tenant's obligations under this Section shall survive the expiration or earlier termination of this Lease.

17.2. Notwithstanding anything in this Lease to the contrary, and except to the extent any of the foregoing are directly caused by Landlord's active gross negligence or willful misconduct, Landlord shall not be liable to Tenant for and Tenant assumes all risk of (a) damage or losses caused by fire, electrical malfunction, gas explosion or water damage of any type (including broken water lines, malfunctioning fire sprinkler systems, roof leaks or stoppages of lines), and (b) damage to personal property (in each case, regardless of whether such damages are foreseeable). Tenant further waives any claim for injury to Tenant's business or loss of income relating to any such damage or destruction of personal property as described in this Section. Notwithstanding anything in the foregoing or this Lease to the contrary, except as otherwise provided herein or as may be required by Applicable Laws, in no event shall Landlord be liable to Tenant for any consequential, special or indirect damages arising out of this Lease, including lost profits.

17.3. Landlord shall not be liable for any damages arising from any act, omission or neglect of any third party.

17.4. The provisions of this Section shall survive the expiration or earlier termination of this Lease.

18. Insurance; Waiver of Subrogation.

18.1. Landlord shall maintain a policy or policies of insurance protecting Landlord against the following (all of which shall be payable by Tenant as Operating Expenses):

18.1.1. Fire and other perils normally included within the classification of fire and extended coverage, together with insurance against vandalism and malicious mischief, to the extent of the full replacement cost of the Premises, including, at Landlord's option, flood coverage, exclusive of trade fixtures, equipment and

improvements insured by Tenant, with agreed value, full replacement and other endorsements which Landlord may elect to maintain;

18.1.2. Fifteen (15) months of rental loss insurance and to the extent of 100% of the gross rentals from the Premises;

18.1.3. Comprehensive general liability insurance with a single limit of not less than $[***] for bodily injury or death and property damage with respect to the Premises, a general aggregate not less than $[***] for bodily injury or death and property damage with respect to the Premises, and not less than $[***] of excess umbrella liability insurance; and

18.1.4. At Landlord's sole option, environmental liability or environmental clean-up/remediation insurance in such amounts and with such deductibles and other provisions as Landlord may determine in its sole and absolute discretion.

Notwithstanding the foregoing, Landlord may, at Landlord’s option, forego procuring and/or maintaining one or more of the foregoing policies of insurance to the extent that such coverage is being maintained separately by the Association, and Landlord may, at Landlord's option, request that Tenant procure and/or maintain, and pay directly, for one or more the foregoing policies of insurance, in which case Tenant shall exercise reasonable efforts to promptly procure such policies of insurance (or maintain such policies of insurance, as the case may be), and Landlord may require Tenant to name Landlord and Landlord's related parties as loss payees, in addition to other customary provisions related to Landlord's status as the owner of the Property. Landlord and Tenant agree to reasonably cooperate with one another and the Association to ensure that the insurance policies procured and maintained by Landlord, Tenant and the Association, respectively, provide for the coverages outlined in this Section 18 without unnecessarily duplicating costs for such coverages.

18.2. Tenant shall, at its own cost and expense, procure and maintain during the Term the following insurance for the benefit of Tenant and Landlord (as their interests may appear) with insurers financially acceptable and lawfully authorized to do business in the state where the Premises are located:

18.2.1. Commercial General Liability insurance on a broad-based occurrence coverage form, with coverages including but not limited to bodily injury (including death), property damage (including loss of use resulting therefrom), premises/operations, personal & advertising injury, and contractual liability with limits of liability of not less than $[***] for bodily injury and property damage per occurrence, $[***] general aggregate, which limits may be met by use of excess and/or umbrella liability insurance provided that such coverage is at least as broad as the primary coverages required herein.

18.2.2. Commercial Automobile Liability insurance covering liability arising from the use or operation of any auto, including those owned, hired or otherwise operated or used by or on behalf of the Tenant. The coverage shall be on a broad-based occurrence form with combined single limits of not less than $[***] per accident for bodily injury and property damage.

18.2.3. Commercial Property insurance covering property damage to the full replacement cost value and business interruption. Covered property shall include all tenant improvements in the Premises (to the extent not insured by Landlord or the Association) and Tenant's property including personal property, furniture, fixtures, machinery, equipment, stock, inventory and improvements and betterments, which may be owned by Tenant or Landlord and required to be insured hereunder, or which may be leased, rented, borrowed or in the care custody or control of Tenant, or Tenant's agents, employees or subcontractors. Such insurance, with respect only to all Alterations, Tenant Improvements or other work performed on the Premises by Tenant (collectively, "**Tenant Work**"), shall name Landlord and Landlord's current and future mortgagees as loss payees as their interests may appear. Such insurance shall be written on an "all risk" of physical loss or damage basis including the perils of fire, extended coverage, electrical injury, mechanical breakdown, windstorm, vandalism, malicious mischief, sprinkler leakage, back-up of sewers or drains, flood, earthquake, terrorism and such other risks Landlord may from time to time designate, for the full replacement cost value of the covered items with an agreed amount endorsement with no co-insurance. Business interruption coverage shall have limits sufficient to cover Tenant's lost profits and necessary

continuing expenses, including rents due Landlord under the Lease. The minimum period of indemnity for business interruption coverage shall be twelve (12) months plus twelve (12) months' extended period of indemnity.

18.2.4. Workers' Compensation insurance as is required by statute or law, or as may be available on a voluntary basis and Employers' Liability insurance with limits of not less than the following: each accident, [***] Dollars ($[***]); disease, [***] Dollars ($[***]); disease (each employee), [***] Dollars ($[***]).

18.2.5. Pollution Legal Liability insurance is required (a) if Tenant stores, handles, generates or treats Hazardous Materials, as determined solely by Landlord, on or about the Premises, and (b) to the extent Landlord is not maintaining environmental insurance coverage pursuant to Section 18.1.4. Such coverage shall include bodily injury, sickness, disease, death or mental anguish or shock sustained by any person; property damage including physical injury to or destruction of tangible property including the resulting loss of use thereof, clean-up costs, and the loss of use of tangible property that has not been physically injured or destroyed; and defense costs, charges and expenses incurred in the investigation, adjustment or defense of claims for such compensatory damages. Coverage shall apply to both sudden and non-sudden pollution conditions including the discharge, dispersal, release or escape of smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, liquids or gases, waste materials or other irritants, contaminants or pollutants into or upon land, the atmosphere or any watercourse or body of water. Claims-made coverage is permitted, provided the policy retroactive date is continuously maintained prior to the commencement date of this Lease, and coverage is continuously maintained during all periods in which Tenant occupies the Premises. Coverage shall be maintained with limits of not less than $[***] per incident with a $[***] policy aggregate and for a period of two (2) years thereafter.;

18.3. During all construction by Tenant at the Premises, with respect to tenant improvements being constructed (including the Tenant Improvements and any Alterations), Tenant shall cause the insurance required in Exhibit E-1 to be in place.

18.4. The insurance required of Tenant by this Section shall be with companies at all times having a current rating of not less than A- and financial category rating of at least Class VII in "A.M. Best's Insurance Guide" current edition. Tenant shall obtain for Landlord from the insurance companies/broker or cause the insurance companies/broker to furnish certificates of insurance evidencing all coverages required herein to Landlord. Landlord reserves the right to require complete, certified copies of all required insurance policies including any endorsements. To the extent such provision is available from the insurance company, no such policy shall be cancelable or subject to reduction of coverage or other modification or cancellation except after twenty (20) days' prior written notice to Landlord from Tenant or its insurers (except in the event of non-payment of premium, in which case ten (10) days' written notice shall be given). All such policies shall be written as primary policies, not contributing with and not in excess of the coverage that Landlord may carry. Tenant's required policies shall contain severability of interests clauses stating that, except with respect to limits of insurance, coverage shall apply separately to each insured or additional insured. Tenant shall, at least twenty-five (25) days prior to the expiration of such policies, furnish Landlord with renewal certificates of insurance or binders. Tenant agrees that if Tenant does not take out and maintain such insurance, Landlord may (but shall not be required to) procure such insurance on Tenant's behalf and at its cost to be paid by Tenant as Additional Rent. Commercial General Liability, Commercial Automobile Liability, Umbrella Liability and Pollution Legal Liability insurance as required above shall name Landlord, IIP Operating Partnership, LP and Innovative Industrial Properties, Inc. and their respective officers, employees, agents, general partners, members, subsidiaries, affiliates and Lenders ("**Landlord Parties**") as additional insureds as respects liability arising from work or operations performed by or on behalf of Tenant, Tenant's use or occupancy of Premises, and ownership, maintenance or use of vehicles by or on behalf of Tenant.

18.5. Tenant assumes the risk of damage to any fixtures, goods, inventory, merchandise, equipment and leasehold improvements, and Landlord shall not be liable for injury to Tenant's business or any loss of income therefrom, relative to such damage, all as more particularly set forth within this Lease. Tenant shall, at Tenant's sole cost and expense, carry such insurance as Tenant desires for Tenant's protection with respect to personal property of Tenant or business interruption.

18.6. Each party and its insurers hereby waive any and all rights of recovery or subrogation against the other party with respect to any loss, damage, claims, suits or demands, howsoever caused, that are covered, or

should have been covered, by valid and collectible insurance, including any deductibles or self-insurance maintained thereunder. If necessary, either party agrees to endorse the required insurance policies to permit waivers of subrogation as required hereunder and hold harmless and indemnify the other party for any loss or expense incurred as a result of a failure to obtain such waivers of subrogation from insurers. Such waivers shall continue so long as the parties' insurers so permit. Any termination of such a waiver shall be by written notice to the other, containing a description of the circumstances hereinafter set forth in this Section. Each party, upon obtaining the policies of insurance required or permitted under this Lease, shall give notice to its insurance carriers that the foregoing waiver of subrogation is contained in this Lease. If such policies shall not be obtainable with such waiver or shall be so obtainable only at a premium over that chargeable without such waiver, then Tenant shall notify Landlord of such conditions.

18.7. Landlord may require insurance policy limits required under this Lease to be raised to conform with requirements of Landlord's lender, if any.

18.8. Any costs incurred by Landlord pursuant to this Section shall be included as Operating Expenses payable by Tenant pursuant to this Lease.

18.9. The provisions of this Section shall survive the expiration or earlier termination of this Lease.

19. Subordination and Attornment.

19.1. This Lease shall be subject and subordinate to the lien of any mortgage, deed of trust, or lease in which Landlord is tenant now or hereafter in force against the Premises or any portion thereof and to all advances made or hereafter to be made upon the security thereof without the necessity of the execution and delivery of any further instruments on the part of Tenant to effectuate such subordination.

19.2. Notwithstanding the foregoing, Tenant shall execute and deliver upon demand such further instrument or instruments evidencing such subordination of this Lease to the lien of any such mortgage or mortgages or deeds of trust or lease in which Landlord is tenant as may be required by Landlord provided such party recognizes Tenant's rights under the Lease. If any such mortgagee, beneficiary or landlord under a lease wherein Landlord is tenant (each, a "**Mortgagee**") so elects, however, this Lease shall be deemed prior in lien to any such lease, mortgage, or deed of trust upon or including the Premises regardless of date and Tenant shall execute a statement in writing to such effect at Landlord's request. If Tenant fails to execute any document required from Tenant under this Section within ten (10) business days after written request therefor, Tenant hereby constitutes and appoints Landlord or its special attorney-in-fact to execute and deliver any such document or documents in the name of Tenant. Such power is coupled with an interest and is irrevocable.

19.3. Upon written request of Landlord and opportunity for Tenant to review, Tenant agrees to execute any Lease amendments not materially altering the terms of this Lease, if reasonably required by a Mortgagee incident to the financing of the real property of which the Premises constitute a part.

19.4. In the event any proceedings are brought for foreclosure, or in the event of the exercise of the power of sale under any mortgage or deed of trust made by Landlord covering the Premises, Tenant shall at the election of the purchaser at such foreclosure or sale attorn to the purchaser upon any such foreclosure or sale and recognize such purchaser as Landlord under this Lease provided Tenant's rights under the Lease are not disturbed so long as Tenant is not default of its obligations hereunder.

20. Defaults and Remedies.

20.1. Late payment by Tenant to Landlord of Rent and other sums due shall cause Landlord to incur costs not contemplated by this Lease, the exact amount of which shall be extremely difficult and impracticable to ascertain. Such costs include processing and accounting charges and late charges that may be imposed on Landlord by the terms of any mortgage or trust deed covering the Premises. Therefore, if any installment of Rent due from Tenant is not received by Landlord within five (5) days after the date such payment is due, Tenant shall pay to Landlord (a) an additional sum of [***] percent ([***]%) of the overdue Rent as a late charge plus (b) interest at an annual rate (the "**Default Rate**") equal to the lesser of (a) [***] percent ([***]%) and (b) the highest rate permitted

by Applicable Laws. The parties agree that this late charge represents a fair and reasonable estimate of the costs that Landlord shall incur by reason of late payment by Tenant and shall be payable as Additional Rent to Landlord due with the next installment of Rent. Landlord's acceptance of any Additional Rent (including a late charge or any other amount hereunder) shall not be deemed an extension of the date that Rent is due or prevent Landlord from pursuing any other rights or remedies under this Lease, at law or in equity.

20.2. No payment by Tenant or receipt by Landlord of a lesser amount than the Rent payment herein stipulated shall be deemed to be other than on account of the Rent, nor shall any endorsement or statement on any check or any letter accompanying any check or payment as Rent be deemed an accord and satisfaction, and Landlord may accept such check or payment without prejudice to Landlord's right to recover the balance of such Rent or pursue any other remedy provided in this Lease or in equity or at law.

20.3. If Tenant fails to pay any sum of money required to be paid by it hereunder or perform any other act on its part to be performed hereunder, in each case within the applicable cure period (if any) described herein, then Landlord may (but shall not be obligated to), without waiving or releasing Tenant from any obligations of Tenant, make such payment or perform such act. Notwithstanding the foregoing, in the event of an emergency, Landlord shall have the right to enter the Premises and act in accordance with its rights as provided elsewhere in this Lease. Tenant shall pay to Landlord as Additional Rent all sums so paid or incurred by Landlord, together with interest at the Default Rate, computed from the date such sums were paid or incurred.

20.4. The occurrence of any one or more of the following events shall constitute a "**Default**" hereunder by Tenant:

20.4.1. Tenant abandons or vacates the Premises;

20.4.2. Tenant fails to make any payment of Rent, as and when due, where such failure shall continue for a period of five (5) days after written notice thereof from Landlord to Tenant;

20.4.3. Tenant fails to observe or perform any obligation or covenant contained herein that is not otherwise described in this Section 20.4, and such failure (if susceptible to cure) is not cured within thirty (30) days after Tenant’s receipt of written notice from Landlord of such default, provided that if such default cannot reasonably be cured within thirty (30) days, then Tenant shall not be in Default so long as Tenant commences to cure such default within such thirty (30) day period and thereafter pursues such cure to completion, provided such cure period shall in no event exceed ninety (90) days;

20.4.4. Tenant makes an assignment for the benefit of creditors, or a receiver, trustee or custodian is appointed to or does take title, possession or control of all or substantially all of Tenant's or any Guarantor's assets;

20.4.5. Tenant or any Guarantor files a voluntary petition under the United States Bankruptcy Code or any successor statute (as the same may be amended from time to time, the "**Bankruptcy Code**") or an order for relief is entered against Tenant or any Guarantor (as applicable) pursuant to a voluntary or involuntary proceeding commenced under any chapter of the Bankruptcy Code;

20.4.6. Any involuntary petition is filed against Tenant or any Guarantor under any chapter of the Bankruptcy Code and is not dismissed within one hundred twenty (120) days;

20.4.7. A default exists under any Guaranty executed by a Guarantor in favor of Landlord, after the expiration of any applicable notice and cure periods;

20.4.8. Tenant's interest in this Lease is attached, executed upon or otherwise judicially seized and such action is not released within one hundred twenty (120) days of the action;

20.4.9. A governmental authority seizes any part of the Property seeking forfeiture, whether or not a judicial forfeiture proceeding has commenced;

20.4.10. A final, appealable judgment having the effect of establishing that Tenant's operation violates Landlord's contractual obligations (i) pursuant to any private covenants of record restricting Landlord's Buildings comprising the Premises or (ii) of good faith and fair dealing to any third party, including other occupants or owners of any other building within the Project; or

20.4.11. An event occurs that results in any insurance carrier that provides insurance coverage with respect to any aspect of the Property providing notice to the Landlord of its intent to cancel such insurance coverage, and Landlord, exercising commercially reasonable efforts, is not able to procure comparable replacement insurance coverage that is reasonably acceptable to Landlord prior to the actual cancellation date specified in the notice from the cancelling insurance carrier.

20.5. Notices given under this Section shall specify the alleged default and shall demand that Tenant perform the provisions of this Lease or pay the Rent that is in arrears, as the case may be, within the applicable period of time, or quit the Premises. No such notice shall be deemed a forfeiture or a termination of this Lease unless Landlord elects otherwise in such notice.

20.6. In the event of a Default by Tenant, and at any time thereafter, with or without notice or demand and without limiting Landlord in the exercise of any right or remedy that Landlord may have under Applicable Laws or this Lease, Landlord has the right to do any or all of the following:

20.6.1. Halt any Tenant Improvements or Alterations and order Tenant's contractors to stop work;

20.6.2. Terminate Tenant's right to possession of the Premises by written notice to Tenant or by any lawful means, in which case Tenant shall immediately surrender possession of the Premises to Landlord. In such event, Landlord shall have the immediate right to re-enter and remove all persons and property, and such property may be removed and stored elsewhere at the cost and for the account of Tenant, all without service of notice or resort to legal process and without being deemed guilty of trespass or becoming liable for any loss or damage; and

20.6.3. Terminate this Lease, in which event Tenant shall immediately surrender possession of the Premises to Landlord. In such event, Landlord shall have the immediate right to re-enter and remove all persons and property, and such property may be removed and stored elsewhere at the cost and for the account of Tenant, pursuant to legal process and without being deemed guilty of trespass or becoming liable for any loss or damage. In the event that Landlord shall elect to so terminate this Lease, then Landlord shall be entitled to recover from Tenant all damages incurred by Landlord by reason of Tenant's default, including:

20.6.3.1. The sum of: (i) the worth at the time of award (computed by allowing interest at the Default Rate) of any unpaid Rent that had accrued at the time of such termination; plus (ii) the worth at the time of award of the amount by which the unpaid Rent that would have accrued during the period commencing with termination of the Lease and ending at the time of award exceeds that portion of the loss of Landlord's rental income from the Premises that Tenant proves to Landlord's reasonable satisfaction could have been reasonably avoided; plus; (iii) the worth at the time of award of the amount by which the unpaid Rent for the balance of the Term after the time of award exceeds that portion of the loss of Landlord's rental income from the Premises that Tenant proves to Landlord's reasonable satisfaction could have been reasonably avoided; plus (iv) any other amount necessary to compensate Landlord for all the detriment caused by Tenant's failure to perform its obligations under this Lease or that in the ordinary course of things would be likely to result therefrom, including the cost of restoring the Premises to the condition required under the terms of this Lease, including any rent payments not otherwise chargeable to Tenant (e.g., during any "free" rent period or rent holiday); plus (v) At Landlord's election, such other amounts in addition to or in lieu of the foregoing as may be permitted from time to time by Applicable Laws; or

20.6.3.2. At Landlord's election, as minimum liquidated damages in addition to any (A) amounts paid or payable to Landlord pursuant to Section 20.6.3.1.(i) prior to such election and (B) costs of restoring the Premises to the condition required under the terms of this Lease, an amount (the "**Election Amount**") equal to either (Y) the positive difference (if any, and measured at the time of such termination) between (1) the then-present value of the total Rent and other benefits that would have accrued to Landlord under this Lease for the remainder of

the Term if Tenant had fully complied with the Lease minus (2) the then-present cash rental value of the Premises as determined by Landlord for what would be the then-unexpired Term if the Lease remained in effect, computed using the discount rate of the Federal Reserve Bank of San Francisco at the time of the award plus one (1) percentage point (the "**Discount Rate**") or (Z) twelve (12) months (or such lesser number of months as may then be remaining in the Term) of Base Rent and Additional Rent at the rate last payable by Tenant pursuant to this Lease, in either case as Landlord specifies in such election. Landlord and Tenant agree that the Election Amount represents a reasonable forecast of the minimum damages expected to occur in the event of a breach, taking into account the uncertainty, time and cost of determining elements relevant to actual damages, such as fair market rent, time and costs that may be required to re-lease the Premises, and other factors; and that the Election Amount is not a penalty.

20.7. In addition to any other remedies available to Landlord at law or in equity and under this Lease, Landlord may continue this Lease in effect after Tenant's Default or abandonment and recover Rent as it becomes due. In addition, Landlord shall not be liable in any way whatsoever for its failure or refusal to relet the Premises. For purposes of this Section, the following acts by Landlord will not constitute the termination of Tenant's right to possession of the Premises: Acts of maintenance or preservation or efforts to relet the Premises, including alterations, remodeling, redecorating, repairs, replacements or painting as Landlord shall consider advisable for the purpose of reletting the Premises or any part thereof; or the appointment of a receiver upon the initiative of Landlord to protect Landlord's interest under this Lease or in the Premises.

20.8. Notwithstanding the foregoing, in the event of a Default by Tenant, Landlord may elect at any time to terminate this Lease and to recover damages to which Landlord is entitled.

20.9. If Landlord does not elect to terminate this Lease as provided in this Section 20, then Landlord may, from time to time, recover all Rent as it becomes due under this Lease. At any time thereafter, Landlord may elect to terminate this Lease and to recover damages to which Landlord is entitled.

20.10. All of Landlord's rights, options and remedies hereunder shall be construed and held to be nonexclusive and cumulative. Notwithstanding any provision of this Lease to the contrary, in no event shall Landlord be required to mitigate its damages with respect to any default by Tenant, except as required by Applicable Laws. Any such obligation imposed by Applicable Laws upon Landlord to relet the Premises after any termination of this Lease shall be subject to the reasonable requirements of Landlord to lease to high quality tenants on such terms as Landlord may from time to time deem appropriate in its discretion. Landlord shall not be obligated to relet the Premises to any party (i) reasonably unacceptable to a Lender, (ii) that desires to change the Permitted Use, or (iii) that desires to lease the Premises for less than the remaining Term.

20.11. To the extent permitted by Applicable Laws, Tenant waives any and all rights of redemption granted by or under any present or future Applicable Laws if Tenant is evicted or dispossessed for any cause, or if Landlord obtains possession of the Premises due to Tenant's default hereunder or otherwise.

20.12. Landlord shall not be in default or liable for damages under this Lease unless Landlord fails to perform obligations required of Landlord within thirty (30) days after written notice from Tenant, or if the failure to perform such obligation cannot be reasonably cured within thirty (30) days, within such time as may be reasonably required to perform such obligation provided that Landlord commences and diligently pursues such cure within the first thirty (30) days. In no event shall Tenant have the right to terminate or cancel this Lease or to withhold or abate rent or to set off any Claims against Rent as a result of any default or breach by Landlord of any of its covenants, obligations, representations, warranties or promises hereunder, except as may otherwise be expressly set forth in this Lease.

20.13. In the event of any default by Landlord, Tenant shall give notice by registered or certified mail to any (a) beneficiary of a deed of trust or (b) mortgagee under a mortgage covering the Premises or any portion thereof and to any landlord of any lease of land upon or within which the Premises are located, and shall offer such beneficiary, mortgagee or landlord a reasonable opportunity to cure the default, including time to obtain possession of the Premises by power of sale or a judicial action if such should prove necessary to effect a cure; provided that Landlord shall furnish to Tenant in writing, upon written request by Tenant, the names and addresses of all such persons who are to receive such notices.

21. Damage or Destruction.

21.1. Tenant's Obligation to Rebuild. If the Premises are damaged or destroyed, Tenant shall immediately provide notice thereof to Landlord, and shall promptly thereafter deliver to Landlord Tenant's good faith estimate of the time it will take to repair and rebuild the Premises (the "Estimated Time For Repair"). Subject to the other provisions of this Section 21, Tenant shall promptly and diligently repair and rebuild the Premises in accordance with this Section 21 unless Landlord or Tenant terminates this Lease in accordance with Section 21.2.

21.2. Termination.

21.2.1. Landlord's Right to Terminate.

21.2.1.1. Landlord shall have the right to terminate this Lease following damage to or destruction of all or a substantial portion of the Premises if any of the following occurs (each, a "**Termination Condition**"): (i) insurance proceeds, together with additional amounts Tenant agrees to contribute under this Section 21, are not confirmed to be available to Landlord, within 90 days following the date of damage, to pay 100% of the cost to fully repair the damaged Premises, excluding the deductible for which Tenant shall also be responsible for paying as an Operating Expense; (ii) based upon the Estimated Time For Repair, the Premises cannot, with reasonable diligence, be fully repaired by Tenant within eighteen (18) months after the date of the damage or destruction; (iii) the Premises cannot be safely repaired because of the presence of hazardous factors, including, but not limited to, earthquake faults, chemical waste and other similar dangers; (iv) subject to the terms and conditions of Section 21.2.1.1. hereof, all or a substantial portion of the Premises are destroyed or damaged during the last 24 months of the Term; or (v) Tenant is in Default at the time of such damage or destruction past any period of notice and cure as elsewhere provided in this Lease. For purposes of this Section 21.2, a "substantial portion" of the Premises shall be deemed to be damaged or destroyed if the Premises is rendered unsuitable for the continued use and occupancy of Tenant's business substantially in the same manner conducted prior to the event causing the damage or destruction.

21.2.1.2. If all or a substantial portion of the Premises are destroyed or damaged within the last twenty-four (24) months of the initial Term, or within the last twenty-four (24) months of the first Extension Period under this Lease, and Landlord desires to terminate this Lease under Section 21.2.1.1. hereof, Landlord shall deliver a Termination Notice to Tenant pursuant to Section 21.2.3 below and Tenant shall have a period of thirty (30) days after receipt of the Termination Notice ("**Tenant's Early Option Period**") to exercise its option to extend the initial Term or the first Extension Period, as applicable, by providing Landlord with written notice of Tenant's exercise of its respective option prior to the expiration of Tenant's Early Option Period. If Tenant exercises its option rights under the immediately preceding sentence, the Termination Notice shall be deemed rescinded and Tenant shall proceed to repair and rebuild the Premises in accordance with the other provisions of this Section 21. If Tenant fails to deliver such written notice to Landlord prior to the end of Tenant's Early Option Period, then Tenant shall be deemed to have waived its option to extend the Term, and the last day of Tenant's Early Option Period shall be deemed to be the date of the occurrence of the Termination Condition under Section 21.2.1.1.

21.2.2. Tenant's Right to Terminate. Tenant shall have the right to terminate this Lease following damage to or destruction of all or a substantial portion of the Premises if the Premises are destroyed or damaged during the last twenty-four (24) months of the Term or any Extension, which termination shall be deemed to constitute a Termination Condition.

21.2.3. Exercise of Termination Right. If a party elects to terminate this Lease and has the right to so terminate, such party will give the other party written notice of its election to terminate ("**Termination Notice**") within thirty (30) days after the occurrence of the applicable Termination Condition, and this Lease will terminate fifteen (15) days after the receiving party's receipt of such Termination Notice, except in the case of a termination by Landlord under Section 21.2.1.1., in which case this Lease will terminate fifteen (15) days after expiration of the Tenant Early Option Period if Tenant timely fails to exercise timely Tenant's option to extend the Term. If this Lease is terminated pursuant to Section 21.2, Landlord shall, subject to the rights of its lender(s), be entitled to receive and retain all the insurance proceeds resulting from such damage, including rental loss insurance,

except for those proceeds payable under policies obtained by Tenant which specifically insure Tenant's personal property, trade fixtures and machinery.

21.3. Tenant's Obligation to Repair. If Tenant is required to repair or rebuild any damage or destruction of the Premises under Section 21.1, then Tenant shall (a) submit its plans to repair such damage and reconstruct the Premises to Landlord for review and approval, which approval shall not be unreasonably withheld; (b) diligently repair and rebuild the Premises in the same or better condition and with the same or better quality of materials as the condition of the Premises as of the Commencement Date, and in a manner that is consistent with the plans and specifications approved by Landlord; (c) obtain all permits and governmental approvals necessary to repair or reconstruct the Premises (which permits shall not contain any conditions that are materially more restrictive than the permits in existence on the date hereof); (d) cause all work to be performed only by qualified contractors that are reasonably approved by Landlord; (e) allow Landlord and its consultants and agents to enter the Premises at all reasonable times to inspect the Premises and Tenant's ongoing work and cooperate reasonably in good faith with their effort to ensure that the work is proceeding in a manner that is consistent with this Lease; (f) comply with all applicable laws and permits in connection with the performance of such work; (g) timely pay all of its consultants, suppliers and other contractors in connection with the performance of such work; (h) notify Landlord if Tenant receives any notice of any default or any violation of any applicable law or any permit or similar notice in connection with such work; (i) deliver as-built plans for the Premises within thirty (30) days after the completion of such repair and restoration; (j) ensure that Landlord has fee simple title to the Premises during such work without any claim by any contractor or other party; (k) maintain such insurance as Landlord may reasonably require (including insurance in the nature of builders' risk insurance) and (l) comply with such other conditions as Landlord may reasonably require. In addition, Tenant shall, at its expense, replace or fully repair all of Tenant's personal property and any alterations installed by Tenant existing at the time of such damage or destruction that are not otherwise covered by landlord’s insurance for the Buildings. To the fullest extent permitted by law, Tenant shall indemnify, protect, defend and hold Landlord (and its employees and agents) harmless from and against any and all claims, costs, expenses, suits, judgments, actions, investigations, proceedings and liabilities arising out of or in connection with Tenant's obligations under this Section 21, including, without limitation, any acts, omissions or negligence in the making or performance of any such repairs or replacements. In the event Tenant does not repair and rebuild the Premises pursuant to this Section 21, Tenant shall be in breach, and Landlord shall have the right to retain all casualty insurance proceeds and condemnation proceeds.

21.4. Application of Insurance Proceeds for Repair and Rebuilding. Landlord shall cause the insurance proceeds (the "**Insurance Proceeds**") on account of such damage or destruction to be held by Landlord and disbursed as follows:

21.4.1. Minor Restorations. If (i) the estimated cost of restoration is less than [***] Dollars ($[***]), (ii) prior to commencement of restoration, no Default shall exist and no mechanics' or materialmen's liens shall have been filed and remain undischarged, (iii) the architects, contracts, contractors, plans and specifications for the restoration shall have been approved by Landlord (which approval shall not be unreasonably withheld or delayed), and (iv) Landlord shall be provided with reasonable assurance against mechanics' liens, accrued or incurred, as Landlord or its lenders may reasonably require and such other documents and instruments as Landlord or its lenders may reasonably require, then Landlord shall make available that portion of the Insurance Proceeds to Tenant for application to pay the costs of restoration incurred by Tenant and Tenant shall promptly complete such restoration.

21.4.2. Other Than Minor Restorations. If the estimated cost of restoration is equal to or exceeds [***] Dollars ($[***]), and if Tenant provides evidence satisfactory to Landlord that sufficient funds are available to restore the Premises, Landlord shall make disbursements from the available Insurance Proceeds from time to time in an amount not exceeding the cost of the work completed since the date covered by the last disbursement, upon receipt of (a) satisfactory evidence, including architect's certificates, of the stage of completion, of the estimated cost of completion and of performance of the work to date in a good and workmanlike manner in accordance with the contracts, plans and specifications, (b) reasonable assurance against mechanics' or materialmen's liens, accrued or incurred, as Landlord or its lenders may reasonably require, (c) contractors' and subcontractors' sworn statements, (d) a satisfactory bring-to-date of title insurance, (e) performance and payment bonds reasonably acceptable to Landlord in an amount and form, and from a surety, reasonably acceptable to Landlord, and naming Landlord as an

additional obligee, (f) such other documents and instruments as Landlord or its lenders may reasonably require, and (g) other evidence of cost and payment so that Landlord can verify that the amounts disbursed from time to time are represented by work that is completed, in place and free and clear of mechanics' lien claims.

21.4.3. Requests for Disbursements. Requests for disbursement shall be made no more frequently than monthly and shall be accompanied by a certificate of Tenant describing in detail the work for which payment is requested, stating the cost incurred in connection therewith and stating that Tenant has not previously received payment for such work; the certificate to be delivered by Tenant upon completion of the work shall, in addition, state that the work has been completed and complies with the applicable requirements of this Lease. Landlord may retain 5% of each requisition until the restoration is fully completed, provided that Landlord shall release retainage as to specific trades once their portion of the restoration work is completed. In addition, Landlord may withhold from amounts otherwise to be paid to Tenant, any amount that is necessary in Landlord's reasonable judgment to protect Landlord from any potential loss due to work that is improperly performed or claims by Tenant's contractors and consultants.

21.4.4. Costs in Excess of Insurance Proceeds. In addition, prior to commencement of restoration and at any time during restoration, if the estimated cost of restoration, as determined by the evaluation of an independent engineer acceptable to Landlord and Tenant, exceeds the amount of the Insurance Proceeds, Tenant will provide evidence satisfactory to Landlord that the amount of such excess will be available to restore the Premises. Any Insurance Proceeds remaining upon completion of restoration shall be refunded to Tenant up to the amount of Tenant's payments pursuant to the immediately preceding sentence. If no such refund is required, any sum of Insurance Proceeds remaining upon completion of restoration shall be paid to Landlord. In the event Landlord and Tenant cannot agree on an independent engineer, an independent engineer designated by Tenant and an independent engineer designated by Landlord shall within five (5) business days select an independent engineer licensed to practice in Massachusetts who shall resolve such dispute within ten (10) business days after being retained by Landlord. All fees, costs and expenses of such third engineer so selected shall be shared equally by Landlord and Tenant.

21.5. Abatement of Rent. In the event of repair, reconstruction and restoration as provided in this Section, all Rent to be paid by Tenant under this Lease shall be abated proportionately based on the extent to which Tenant's use of the Premises is impaired during the period of such repair, reconstruction or restoration, unless Landlord provides Tenant with other space during the period of repair, reconstruction and restoration that, in Tenant's reasonable opinion, is suitable for the temporary conduct of Tenant's business; provided, however, that the amount of such abatement shall be reduced by the amount of Rent that is received by Tenant as part of the business interruption or loss of rental income with respect to the Premises from the proceeds of business interruption or loss of rental income insurance. Tenant shall not otherwise be entitled to any compensation or damages from Landlord for loss of the use of the Premises, damage to Tenant's personal property or any inconvenience occasioned by such damage, repair or restoration.

21.6. Replacement Cost. The determination in good faith by Landlord of the estimated cost of repair of any damage, of the replacement cost, or of the time period required for repair, based upon written quotes or estimates from applicable insurance adjusters, architects or general contractors after an independent bidding process shall be conclusive for purposes of this Section 21.

21.7. This Section 21 sets forth the terms and conditions upon which this Lease may terminate in the event of any damage or destruction. Accordingly, the parties hereby waive the provisions of any Applicable Laws (and any successor statutes) permitting the parties to terminate this Lease as a result of any damage or destruction.

22. Eminent Domain.

22.1. In the event (a) the whole of the Premises or (b) such part thereof as shall substantially interfere with Tenant's use and occupancy of the Premises for the Permitted Use shall be taken for any public or quasi-public purpose by any lawful power or authority by exercise of the right of appropriation, condemnation or eminent domain, or sold to prevent such taking, Tenant or Landlord may terminate this Lease effective as of the date possession is required to be surrendered to such authority, except with regard to (y) items occurring prior to the

taking and (z) provisions of this Lease that, by their express terms, survive the expiration or earlier termination hereof.

22.2. In the event of a partial taking of the Premises for any public or quasi-public purpose by any lawful power or authority by exercise of right of appropriation, condemnation, or eminent domain, or sold to prevent such taking, then, without regard to whether any portion of the Premises occupied by Tenant was so taken, Landlord may elect to terminate this Lease (except with regard to (a) items occurring prior to the taking and (b) provisions of this Lease that, by their express terms, survive the expiration or earlier termination hereof) as of such taking if such taking is, in Landlord's sole but reasonable opinion, of a material nature such as to make it uneconomical to continue use of the unappropriated portion for purposes of renting space for the Permitted Use.

22.3. Tenant shall be entitled to any award that is specifically awarded as compensation for (a) the taking of Tenant's personal property that was installed at Tenant's expense and (b) the costs of Tenant moving to a new location. Except as set forth in the previous sentence, any award for such taking shall be the property of Landlord.

22.4. If, upon any taking of the nature described in this Section, this Lease continues in effect, then Landlord shall promptly proceed to restore the Premises to substantially their same condition prior to such partial taking. To the extent such restoration is infeasible, as determined by Landlord in its sole and absolute discretion, the Rent shall be decreased proportionately to reflect the loss of any portion of the Premises no longer available to Tenant.

22.5. This Section 22 sets forth the terms and conditions upon which this Lease may terminate in the event of any damage or destruction. Accordingly, the parties hereby waive the provisions of any Applicable Laws (and any successor statutes) permitting the parties to terminate this Lease as a result of any damage or destruction.

23. Surrender. At least thirty (30) days prior to Tenant's surrender of possession of any part of the Premises, Tenant shall provide Landlord with a facility decommissioning and Hazardous Materials closure plan for the Premises ("**Exit Survey**") prepared by an independent third party state-certified professional with appropriate expertise, which Exit Survey must be reasonably acceptable to Landlord. In addition, at least ten (10) days prior to Tenant's surrender of possession of any part of the Premises, Tenant shall (a) provide Landlord with written evidence of all appropriate governmental releases if so required to be obtained by Tenant in accordance with Applicable Laws, including laws pertaining to the surrender of the Premises, and (b) conduct a site inspection with Landlord. In addition, Tenant agrees to remain responsible after the surrender of the Premises for the remediation of any recognized environmental conditions set forth in the Exit Survey and comply with any recommendations set forth in the Exit Survey. Tenant's obligations under this Section shall survive the expiration or earlier termination of the Lease. The provisions of this Section 23 shall survive the termination or expiration of this Lease, and no surrender of possession of any part of the Premises shall release Tenant from any of its obligations hereunder, unless such surrender is accepted in writing by Landlord.

24. Bankruptcy. In the event a debtor, trustee or debtor in possession under the Bankruptcy Code, or another person with similar rights, duties and powers under any other Applicable Laws, proposes to cure any default under this Lease or to assume or assign this Lease and is obliged to provide adequate assurance to Landlord that (a) a default shall be cured, (b) Landlord shall be compensated for its damages arising from any breach of this Lease and (c) future performance of Tenant's obligations under this Lease shall occur, then such adequate assurances shall include any or all of the following, as designated by Landlord in its sole and absolute discretion: (i) those acts specified in the Bankruptcy Code or other Applicable Laws as included within the meaning of "adequate assurance," even if this Lease does not concern a facility described in such Applicable Laws; (ii) a prompt cash payment to compensate Landlord for any monetary defaults or actual damages arising directly from a breach of this Lease; (iii) a cash deposit in an amount at least equal to the then-current amount of the Security Deposit; or (iv) the assumption or assignment of all of Tenant's interest and obligations under this Lease.

25. Brokers. Landlord and Tenant mutually represent and warrant that neither has had any dealings with any real estate broker or agent in connection with the negotiation of this Lease and that neither knows of any real estate broker or agent that is or might be entitled to a commission in connection with this Lease. Landlord and Tenant

mutually agree to indemnify, save, defend (at the indemnified party's option and with counsel reasonably acceptable to the indemnified party) and hold the indemnified party harmless from any and all cost or liability for compensation claimed by any broker or agent employed or engaged by Landlord or Tenant or claiming to have been employed or engaged by Landlord or Tenant. The provisions of this Section 25 shall survive the expiration or termination of this Lease.

27. Definition of Landlord. With regard to obligations imposed upon Landlord pursuant to this Lease, the term "**Landlord**," as used in this Lease, shall refer only to Landlord or Landlord's then-current successor-in-interest. In the event of any transfer, assignment or conveyance of Landlord's interest in this Lease or in Landlord's fee title to or leasehold interest in the Property, as applicable, Landlord herein named (and in case of any subsequent transfers or conveyances, the subsequent Landlord) shall be automatically freed and relieved, from and after the date of such transfer, assignment or conveyance, from all liability for the performance of any covenants or obligations contained in this Lease arising after the date of conveyance to be performed by Landlord and, without further agreement, the transferee, assignee or conveyee of Landlord's in this Lease or in Landlord's fee title to or leasehold interest in the Property, as applicable, shall be deemed to have assumed and agreed to observe and perform any and all covenants and obligations of Landlord hereunder during the tenure of its interest in the Lease or the Property. Landlord or any subsequent Landlord may transfer its interest in the Premises or this Lease without Tenant's consent.

28. Limitation of Landlord's Liability. If Landlord is in default under this Lease and, as a consequence, Tenant recovers a monetary judgment against Landlord, the judgment shall be satisfied only out of (a) the proceeds of sale received on execution of the judgment and levy against the right, title and interest of Landlord in the Premises, (b) rent or other income from such real property receivable by Landlord or (c) the consideration received by Landlord from the sale, financing, refinancing or other disposition of all or any part of Landlord's right, title or interest in the Premises. Neither Landlord nor any of its affiliates, nor any of their respective partners, shareholders, directors, officers, employees, members or agents shall be personally liable for Landlord's obligations or any deficiency under this Lease. No partner, shareholder, director, officer, employee, member or agent of Landlord or any of its affiliates shall be sued or named as a party in any suit or action. No partner, shareholder, director, officer, employee, member or agent of Landlord or any of its affiliates shall be required to answer or otherwise plead to any service of process, and no judgment shall be taken or writ of execution levied against any partner, shareholder, director, officer, employee, member or agent of Landlord or any of its affiliates. Each of the covenants and agreements of this Section 28 shall be applicable to any covenant or agreement either expressly contained in this Lease or imposed by Applicable Laws and shall survive the expiration or earlier termination of this Lease.

29. Control by Landlord. Landlord reserves full control over the Premises to the extent not inconsistent Massachusetts law and regulation or with Tenant's enjoyment of the same as provided by this Lease; provided, however, that such rights shall be exercised in a way that does not materially adversely affect Tenant's beneficial use and occupancy of the Premises, including the Permitted Use and Tenant's access to the Premises. Tenant shall, at Landlord's request, promptly execute such further documents as may be reasonably appropriate to assist Landlord in the performance of its obligations hereunder; provided that Tenant need not execute any document that creates additional liability for Tenant or that deprives Tenant of the quiet enjoyment and use of the Premises as provided for in this Lease. Landlord may, upon twenty-four (24) hours' prior notice (which may be oral or by email to the office manager or other Tenant-designated individual at the Premises; but provided that no time restrictions shall apply or advance notice be required if an emergency necessitates immediate entry), enter the Premises to (v) inspect the same and to determine whether Tenant is in compliance with its obligations hereunder, (w) supply any service Landlord is required to provide hereunder, (x) post notices of nonresponsibility and (y) show the Premises to prospective tenants during the final year of the Term and current and prospective purchasers and lenders at any time (in all situations provided that Landlord's personnel are accompanied by Tenants' authorized personnel in sensitive areas of the Premises). In no event shall Tenant's Rent abate as a result of Landlord's activities pursuant to this Section 29; provided, however, that all such activities shall be conducted in such a manner so as to cause as little interference to Tenant as is reasonably possible. If an emergency necessitates immediate access to the Premises, Landlord may use whatever force is necessary to enter the Premises, and any such entry to the Premises shall not constitute a forcible or unlawful entry to the Premises, a detainer of the Premises, or an eviction of Tenant from the Premises or any portion thereof.

30. Joint and Several Obligations. If more than one person or entity executes this Lease as Tenant, then (i) each of them is jointly and severally liable for the keeping, observing and performing of all of the terms, covenants, conditions, provisions and agreements of this Lease to be kept, observed or performed by Tenant, and such terms, covenants, conditions, provisions and agreements shall be binding with the same force and effect upon each and all of the persons executing this Lease as Tenant; and (ii) the term "**Tenant**," as used in this Lease, shall mean and include each of them, jointly and severally. The act of, notice from/to, refund to, or signature of any one or more of them with respect to the tenancy under this Lease, including any renewal, extension, expiration, termination or modification of this Lease, shall be binding upon each and all of the persons executing this Lease as Tenant with the same force and effect as if each and all of them had so acted, so given or received such notice or refund, or so signed.

31. Representations. Each of Tenant and Landlord guarantees, warrants and represents that (a) such party is duly incorporated or otherwise established or formed and validly existing under the laws of its state of incorporation, establishment or formation, (b) such party is duly qualified to do business in the state in which the Property is located, (c) such party has full corporate, partnership, trust, association or other appropriate power and authority to enter into this Lease and to perform its obligations hereunder, (d) each person (and all of the persons if more than one signs) signing this Lease on behalf of such party is duly and validly authorized to do so and (e) neither (i) the execution, delivery or performance of this Lease nor (ii) the consummation of the transactions contemplated hereby will violate or conflict with any provision of documents or instruments under which such party is constituted or to which such party is a party. In addition, Tenant guarantees, warrants and represents that none of (x) it, (y) its affiliates or partners nor (z) to the best of its knowledge, its members, shareholders or other equity owners or any of their respective employees, officers, directors, representatives or agents is a person or entity with whom U.S. persons or entities are restricted from doing business under regulations of the Office of Foreign Asset Control ("**OFAC**") of the Department of the Treasury (including those named on OFAC's Specially Designated and Blocked Persons List) or under any statute, executive order (including the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism) or other similar governmental action.

32. Confidentiality. Tenant shall keep the terms and conditions of this Lease confidential and shall not (a) disclose to any third party any terms or conditions of this Lease or any other Lease-related document (including subleases, assignments, work letters, construction contracts, letters of credit, subordination agreements, non-disturbance agreements, brokerage agreements or estoppels) or (b) provide to any third party an original or copy of this Lease (or any Lease-related document) other than to its attorneys, accountants and other professionals. Notwithstanding the foregoing, confidential information under this Section may be released by Landlord or Tenant under the following circumstances: (x) if required by Applicable Laws or in any judicial proceeding, including with respect to Tenant's permits and licenses required for the Permitted Use; provided that the releasing party has given the other party reasonable notice of such requirement, if feasible, (y) to a party's attorneys, investors, accountants, brokers and other bona fide consultants or advisers; provided such third parties agree to be bound by this Section or (z) to bona fide prospective assignees or subtenants of this Lease; provided they agree in writing to be bound by this Section.

33. Notices. Except as otherwise stated in this Lease, any notice, consent, demand, invoice, statement or other communication required or permitted to be given hereunder shall be in writing and shall be given by (a) personal delivery, (b) overnight delivery with a reputable international overnight delivery service, such as FedEx, or (c) facsimile or email transmission, so long as such transmission is followed within one (1) business day by delivery utilizing one of the methods described in Subsection 33(a) or (b). Any such notice, consent, demand, invoice, statement or other communication shall be deemed delivered (x) upon receipt, if given in accordance with Subsection 33(a); (y) one (1) business day after deposit with a reputable international overnight delivery service, if given if given in accordance with Subsection 33(b); or (z) upon transmission, if given in accordance with Subsection 33(c). Except as otherwise stated in this Lease, any notice, consent, demand, invoice, statement or other communication required or permitted to be given pursuant to this Lease shall be addressed to Tenant at the Premises, or to Landlord or Tenant at the addresses shown in Section 2. Either party may, by notice to the other given pursuant to this Section, specify additional or different addresses for notice purposes.

34. Right of First Refusal. In the event the Tenant intends to enter into a transaction to sell one or more Units that comprise a part of the condominium project where the Premises is located (the "**ROFR Property**"), Tenant shall give Landlord written notice thereof (the "**Notice of Sale**"), which notice shall include the purchase price and other basic terms upon which Tenant is willing to purchase or sell such ROFR Property (the "**Proposed Transaction Terms**"). Landlord shall have a period of fifteen (15) business days from Landlord's receipt of a Notice of Sale to notify Tenant of its decision to purchase the ROFR Property from Tenant upon the Proposed Transaction Terms set forth in the Notice of Sale (the "**ROFR**"). If Landlord fails to notify Tenant of Landlord's intent to exercise the ROFR within fifteen (15) business days of receipt of the Notice of Sale, then Landlord shall be deemed to have waived the ROFR with respect to the transaction as described in the Notice of Sale. Should Landlord waive (or be deemed to have waived) the ROFR, Tenant shall be at liberty to proceed with the transaction described in the Notice of Sale so long as the economic terms of the transaction are not less favorable to Tenant than the Proposed Transaction Terms. If for any reason Tenant fails to sell the ROFR Property within six (6) months of the date Tenant first gives notice to Landlord pursuant to this Section 34, or if Tenant determines to enter into a sale transaction with respect to the ROFR Property upon terms that are substantially less favorable to Tenant than the Proposed Transaction Terms set forth in the Notice of Sale, then Landlord's ROFR rights pursuant to this Section 34 shall apply and Tenant must deliver a second Notice of Sale setting forth the same or revised Proposed Transaction Terms. For purposes of the preceding sentence, such terms shall be deemed to be substantially less favorable to Tenant if the overall economic benefits to be derived by Tenant from the transaction decrease by five percent (5%) or more. Landlord shall have a ten (10) business day period from Landlord's receipt of the second Notice of Sale to notify Tenant of its decision to purchase or not purchase the ROFR Property upon the Proposed Transaction Terms set forth in the second Notice of Sale. If Tenant either receives a notice from Landlord that Landlord does not desire to purchase the ROFR Property or Tenant fails to receive any notice from Landlord within the applicable time period, then Tenant shall have the right to proceed with the transaction described in the second Notice of Sale so long as the economic terms of the transaction are not less favorable to Tenant than the Proposed Transaction Terms set forth therein. In the event Landlord timely exercises its ROFR with respect to any transaction described in a Notice of Sale in accordance with the provisions of this Section 34, not later than thirty (30) days after the receipt by Tenant of Landlord's written notice of exercise of its ROFR, Landlord and Tenant shall enter into and execute a definitive purchase agreement, incorporating the Proposed Transaction Terms for the sale of the ROFR Property as reflected in the Notice of Sale.

35. Miscellaneous.

35.1. To induce Landlord to enter into this Lease, Tenant agrees that it shall, upon Landlord's written request and within one-hundred and twenty (120) days after the end of Tenant's financial year, furnish Landlord with a certified copy of Tenant's and Guarantor's year-end financial statements for the previous year. Tenant also agrees that it shall, upon Landlord's written request and within forty-five (45) days after the end of Tenant's fiscal quarter, furnish to Landlord compiled financial statements for the quarter of Tenant and Guarantor. Tenant represents and warrants that all financial statements, records and information furnished by Tenant to Landlord in connection with this Lease are true, correct and complete in all respects and that all financial statements, records and information furnished by Guarantor to Landlord in connection with this Lease are true, correct and complete in all respects. The provisions of this Section shall not apply at any time while Tenant or Guarantor (as applicable) is a corporation whose shares are traded on any nationally recognized stock exchange.

35.2. The terms of this Lease are intended by the parties as a final, complete and exclusive expression of their agreement with respect to the terms that are included herein, and may not be contradicted or supplemented by evidence of any other prior or contemporaneous agreement except to the extent that modification is necessary to comply with Massachusetts law and/or regulation. To the extent that such modification is required, Landlord and Tenant agree to be bound by the terms of this Lease that are compliant and work in good faith, and within a reasonable period of time, to modify the non-compliant terms so that they may be brought into compliance.

35.3. Neither party shall record this Lease.

35.4. Landlord and Tenant have each participated in the drafting and negotiation of this Lease, and the language in all parts of this Lease shall be in all cases construed as a whole according to its fair meaning and not strictly for or against either Landlord or Tenant.

35.5. Except as otherwise expressly set forth in this Lease, each party shall pay its own costs and expenses incurred in connection with this Lease and such party's performance under this Lease; provided that, if either party commences an action, proceeding, demand, claim, action, cause of action or suit against the other party arising out of or in connection with this Lease, then the substantially prevailing party shall be reimbursed by the other party for all reasonable costs and expenses, including reasonable attorneys' fees and expenses, incurred by the substantially prevailing party in such action, proceeding, demand, claim, action, cause of action or suit, and in any appeal in connection therewith (regardless of whether the applicable action, proceeding, demand, claim, action, cause of action, suit or appeal is voluntarily withdrawn or dismissed).

35.6. Time is of the essence with respect to the performance of every provision of this Lease.

35.7. Each provision of this Lease performable by Tenant shall be deemed both a covenant and a condition.

35.8. Notwithstanding anything to the contrary contained in this Lease, Tenant's obligations under this Lease are independent and shall not be conditioned upon performance by Landlord.

35.9. Whenever consent or approval of either party is required, that party shall not unreasonably withhold, condition or delay such consent or approval, except as may be expressly set forth to the contrary.

35.10. Any provision of this Lease that shall prove to be invalid, void or illegal shall in no way affect, impair or invalidate any other provision hereof, and all other provisions of this Lease shall remain in full force and effect and shall be interpreted as if the invalid, void or illegal provision did not exist.

35.11. Each of the covenants, conditions and agreements herein contained shall inure to the benefit of and shall apply to and be binding upon the parties hereto and their respective heirs; legatees; devisees; executors; administrators; and permitted successors and assigns. This Lease is for the sole benefit of the parties and their respective heirs, legatees, devisees, executors, administrators and permitted successors and assigns, and nothing in this Lease shall give or be construed to give any other person or entity any legal or equitable rights. Nothing in this Section shall in any way alter the provisions of this Lease restricting assignment or subletting.

35.12. This Lease shall be governed by, construed and enforced in accordance with the laws of the state in which the Premises are located, without regard to such state's conflict of law principles.

35.13. Landlord covenants that Tenant, upon paying the Rent and performing its obligations contained in this Lease, may peacefully and quietly have, hold and enjoy the Premises, free from any claim by Landlord or persons claiming under Landlord, but subject to all of the terms and provisions hereof, provisions of Applicable Laws and rights of record to which this Lease is or may become subordinate. This covenant is in lieu of any other quiet enjoyment covenant, either express or implied.

35.14. Each of Tenant and Landlord guarantees, warrants and represents to the other party that the individual or individuals signing this Lease have the power, authority and legal capacity to sign this Lease on behalf of and to bind all entities, corporations, partnerships, limited liability companies, joint venturers or other organizations and entities on whose behalf such individual or individuals have signed.

35.15. This Lease may be executed in one or more counterparts, each of which, when taken together, shall constitute one and the same document.

35.16. No provision of this Lease may be modified, amended or supplemented except by an agreement in writing signed by Landlord and Tenant.

35.17. No waiver of any term, covenant or condition of this Lease shall be binding upon Landlord unless executed in writing by Landlord. The waiver by Landlord of any breach or default of any term, covenant or condition contained in this Lease shall not be deemed to be a waiver of any preceding or subsequent breach or default of such term, covenant or condition or any other term, covenant or condition of this Lease.

35.18. To the extent permitted by Applicable Laws, the parties waive trial by jury in any action, proceeding or counterclaim brought by the other party hereto related to matters arising out of or in any way connected with this Lease; the relationship between Landlord and Tenant; Tenant's use or occupancy of the Premises; or any claim of injury or damage related to this Lease or the Premises.

EXHIBIT D

FORM OF

GUARANTY OF LEASE

This Guaranty of Lease ("**Guaranty**") is executed effective on the ____ day of [_____], 20[__], by [_____], a [_____] ("**Guarantor**"), in favor of IIP-MA 4 LLC, a Delaware limited liability company ("**Landlord**"), whose address for notices is 11440 West Bernardo Court, Suite 100, San Diego, California 92127, Attn: General Counsel.

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Guarantor covenants and agrees as follows:

1. **Recitals.** This Guaranty is made with reference to the following recitals of facts which constitute a material part of this Guaranty:

(a) Landlord, as Landlord, and MassGrow, LLC, a Massachusetts limited liability company, as Tenant ("**Tenant**"), entered into that certain Lease dated as of [_____], 2020 (the "**Lease**"), with respect to certain space in the buildings located at 134 Chestnut Hill Avenue, Units 1 & 2, in Athol, Massachusetts, as more particularly described in the Lease (the "**Leased Premises**").

(b) Guarantor is an affiliate of Tenant and is therefore receiving a substantial benefit for executing this Guaranty.

(c) Landlord would not have entered into the Lease with Tenant without having received the Guaranty executed by Guarantor as an inducement to Landlord.

(d) By this Guaranty, Guarantor intends to absolutely, unconditionally and irrevocably guarantee the full, timely, and complete (i) payment of all rent and other sums required to be paid by Tenant under the Lease and any other indebtedness of Tenant, (ii) performance of all other terms, covenants, conditions and obligations of Tenant arising out of the Lease and all damages that may arise as a consequence of any non-payment, non-performance or non-observance of, or non-compliance with, any of the terms, covenants, conditions or other obligations described in the Lease (including, without limitation, all attorneys' fees and disbursements and all litigation costs and expenses reasonably incurred or payable by Landlord or for which Landlord may be responsible or liable, or caused by any such default), and (iii) payment of any and all expenses (including reasonable attorneys' fees and expenses and litigation expenses) incurred by Landlord in enforcing any of the rights under the Lease or this Guaranty within five (5) days after Landlord's demand thereafter (collectively, the "**Guaranteed Obligations**").

2. **Guaranty.** From and after the Execution Date (as such term is defined under the Lease), Guarantor absolutely, unconditionally and irrevocably guarantees, as principal obligor and not merely as surety, to Landlord, the full, timely and unconditional payment and performance, of the Guaranteed Obligations strictly in accordance with the terms of the Lease, as such Guaranteed Obligations may be modified, amended, extended or renewed from time to time. This is a Guaranty of payment and performance and not merely of collection. Guarantor agrees that Guarantor is primarily liable for and responsible for the payment and performance of the Guaranteed Obligations. Guarantor shall be bound by all of the provisions, terms, conditions, restrictions and limitations contained in the Lease which are to be observed or performed by Tenant, the same as if Guarantor was named therein as Tenant with joint and several liability with Tenant, and any remedies that Landlord has under the Lease against Tenant shall apply to Guarantor as well. If Tenant defaults in any Guaranteed Obligation under the Lease, Guarantor shall in lawful money of the United States, pay to Landlord on demand the amount due and owing under the Lease. Guarantor waives any rights to notices of acceptance, modifications, amendment, extension or breach of the Lease. If Guarantor is a natural person, it is expressly agreed that this guaranty shall survive the death of such guarantor and shall continue in effect. The obligations of Guarantor under this Guaranty are independent of the obligations of Tenant or any other guarantor. Guarantor acknowledges that this Guaranty and Guarantor's obligations and liabilities under this Guaranty are and shall at all times continue to be absolute and unconditional in all respects and shall be the separate and independent undertaking of Guarantor without regard to the genuineness, validity, legality

or enforceability of the Lease, and shall at all times be valid and enforceable irrespective of any other agreements or circumstances of any nature whatsoever which might otherwise constitute a defense to this Guaranty and the obligations and liabilities of Guarantor under this Guaranty or the obligations or liabilities of any other person or entity (including, without limitation, Tenant) relating to this Guaranty or the obligations or liabilities of Guarantor hereunder or otherwise with respect to the Lease or to Tenant. Guarantor hereby absolutely, unconditionally and irrevocably waives any and all rights it may have to assert any defense, set-off, counterclaim or cross-claim of any nature whatsoever with respect to this Guaranty or the obligations or liabilities of Guarantor under this Guaranty or the obligations or liabilities of any other person or entity (including, without limitation, Tenant) relating to this Guaranty or the obligations or liabilities of Guarantor under this Guaranty or otherwise with respect to the Lease, in any action or proceeding brought by the holder hereof to enforce the obligations or liabilities of Guarantor under this Guaranty. This Guaranty sets forth the entire agreement and understanding of Landlord and Guarantor, and Guarantor acknowledges that no oral or other agreements, understandings, representations or warranties exist with respect to this Guaranty or with respect to the obligations or liabilities of Guarantor under this Guaranty. The obligations of Guarantor under this Guaranty shall be continuing and irrevocable (a) during any period of time when the liability of Tenant under the Lease continues, and (b) until all of the Guaranteed Obligations have been fully discharged by payment, performance or compliance. If at any time all or any part of any payment received by Landlord from Tenant or Guarantor or any other person under or with respect to the Lease or this Guaranty has been refunded or rescinded pursuant to any court order, or declared to be fraudulent or preferential, or are set aside or otherwise are required to be repaid to Tenant, its estate, trustee, receiver or any other party, including as a result of the insolvency, bankruptcy or reorganization of Tenant or any other party (an "**Invalidated Payment**"), then Guarantor's obligations under the Guaranty shall, to the extent of such Invalidated Payment be reinstated and deemed to have continued in existence as of the date that the original payment occurred. This Guaranty shall not be affected or limited in any manner by whether Tenant may be liable, with respect to the Guaranteed Obligations individually, jointly with other primarily, or secondarily.

3. **No Impairment of Guaranteed Obligations**. Guarantor further agrees that Guarantor's liability for the Guaranteed Obligations shall in no way be released, discharged, impaired or affected or subject to any counterclaim, setoff or deduction by (a) any waiver, consent, extension, indulgence, compromise, release, departure from or other action or inaction of Landlord under or in respect of the Lease or this Guaranty, or any obligation or liability of Tenant, or any exercise or non-exercise of any right, remedy, power or privilege under or in respect to the Lease or this Guaranty, (b) any change in the time, manner or place of payment or performance of the Guaranteed Obligations, (c) the acceptance by Landlord of any additional security or any increase, substitution or change therein, (d) the release by Landlord of any security or any withdrawal thereof or decrease therein, (e) any assignment of the Lease or any subletting of all or any portion of the Leased Premises (with or without Landlord's consent), (f) any holdover by Tenant beyond the term of the Lease (g) any termination of the Lease, (h) any release or discharge of Tenant in any bankruptcy, receivership or other similar proceedings, (i) the impairment, limitation or modification of the liability of Tenant or the estate of Tenant in bankruptcy or of any remedy for the enforcement of Tenant's liability under the Lease resulting from the operation of any present or future provisions of any bankruptcy code or other statute or from the decision in any court, or the rejection or disaffirmance of the Lease in any such proceedings, (j) any merger, consolidation, reorganization or similar transaction involving Tenant, even if Tenant ceases to exist as a result of such transaction, (k) the change in the corporate relationship between Tenant and Guarantor or any termination of such relationship, (l) any change in the direct or indirect ownership of all or any part of the shares in Tenant, or (m) to the extent permitted under applicable law, any other occurrence or circumstance whatsoever, whether similar or dissimilar to the foregoing, which might otherwise constitute a legal or equitable defense or discharge of the liabilities of Guarantor or which might otherwise limit recourse against Guarantor. Guarantor further understands and agrees that Landlord may at any time enter into agreements with Tenant to amend and modify the Lease, and may waive or release any provision or provisions of the Lease, and, with reference to such instruments, may make and enter into any such agreement or agreements as Landlord and Tenant may deem proper and desirable, without in any manner impairing or affecting this Guaranty or any of Landlord's rights hereunder or Guarantor's obligations hereunder, unless otherwise agreed in writing thereunder or under the Lease.

4. **Remedies**.

If Tenant defaults with respect to the Guaranteed Obligations, and if Guarantor does not fulfill Tenant's obligations within a reasonable time period (not to exceed five (5) days with respect to any monetary obligation and thirty (30) days with respect to any non-monetary obligation) upon its receipt of written notice of such default from Landlord, Landlord may at its election proceed immediately against Guarantor, Tenant, or any combination of Tenant, Guarantor, and/or any other guarantor. It is not necessary for Landlord, in order to enforce payment and performance by Guarantor under this Guaranty, first or contemporaneously to institute suit or exhaust remedies against Tenant or other liable for any of the Guaranteed Obligations or to enforce rights against any collateral securing any of it. Guarantor hereby waives any right to require Landlord to join Tenant in any action brought hereunder or to commence any action against or obtain any judgment against Tenant or to pursue any other remedy or enforce any other right. If any portion of the Guaranteed Obligations terminates and Landlord continues to have any rights that it may enforce against Tenant under the Lease after such termination, then Landlord may at its election enforce such rights against Guarantor. Unless and until all Guaranteed Obligations have been fully satisfied, Guarantor shall not be released from its obligations under this Guaranty irrespective of: (i) the exercise (or failure to exercise) by Landlord of any of Landlord's rights or remedies (including, without limitation, compromise or adjustment of the Guaranteed Obligations or any part thereof); or (ii) any release by Landlord in favor of Tenant regarding the fulfillment by Tenant of any obligation under the Lease.

Notwithstanding anything in the foregoing to the contrary, Guarantor hereby covenants and agrees to and with Landlord that Guarantor may be joined in any action by or against Tenant in connection with the Lease. Guarantor also agrees that, in any jurisdiction, it will be conclusively bound by the judgment in any such action by or against Tenant (wherever brought) as if Guarantor were a party to such action even though Guarantor is not joined as a party in such action.

5. **Waivers.** With the exception of the defense of prior payment, performance or compliance by Tenant or Guarantor of or with the Guaranteed Obligations which Guarantor is called upon to pay or perform, or the defense that Landlord's claim against Guarantor is barred by the applicable statute of limitations, Guarantor hereby waives and releases all defenses of the law of guaranty or suretyship to the extent permitted by law.

6. **Rights Cumulative.** All rights, powers and remedies of Landlord under this Guaranty shall be cumulative and in addition to all rights, powers and remedies given to Landlord by law.

7. **Representations and Warranties.** Guarantor hereby represents and warrants that (a) Guarantor has a net worth sufficient to enable Guarantor to promptly perform all of the Guaranteed Obligations as and when they are due; (b) Landlord has made no representation to Guarantor as to the creditworthiness or financial condition of Tenant; (c) Guarantor has full power to execute, deliver and carry out the terms and provisions of this Guaranty and has taken all necessary action to authorize the execution, delivery and performance of this Guaranty; (d) Guarantor's execution and delivery of, and the performance of its obligations under, this Guaranty does not conflict with or violate any of Guarantor's organizational documents, or any contract, agreement or decree which Guarantor is a party to or which is binding on Guarantor; (e) the individual executing this Guaranty on behalf of Guarantor has the authority to bind Guarantor to the terms and conditions of this Guaranty; (f) Guarantor has been represented by counsel of its choice in connection with this Guaranty; (g) this Guaranty when executed and delivered shall constitute the legal, valid and binding obligations of Guarantor enforceable against Guarantor in accordance with its terms; and (h) there is no action, suit, or proceeding pending or, to the knowledge of Guarantor, threatened against Guarantor before or by any governmental authority which questions the validity or enforceability of, or Guarantor's ability to perform under, this Guaranty.

8. **Subordination.** In the event of Tenant's insolvency or the disposition of the assets of Tenant, through bankruptcy, by an assignment for the benefit of creditors, by voluntary liquidation, or otherwise, the assets of Tenant applicable to the payment of all claims of Landlord and/or Guarantor shall be paid to Landlord and shall be first applied by Landlord to the Guaranteed Obligations. Any indebtedness of Tenant now or hereafter held by Guarantor, whether as original creditor or assignee or by way of subrogation, restitution, reimbursement, indemnification or otherwise, is hereby subordinated in right of payment to the Guaranteed Obligations. So long as an uncured event of default exists under the Lease, (a) at Landlord's written request, Guarantor shall cause Tenant to

pay to Landlord all or any part of any funds invested in or loaned to Tenant by Guarantor which Guarantor is entitled to withdraw or collect and (b) any such indebtedness or other amount collected or received by Guarantor shall be held in trust for Landlord and shall forthwith be paid over to Landlord to be credited and applied against the Guaranteed Obligations. Subject to the foregoing, Guarantor shall be entitled to receive from Landlord any amounts that are, from time to time, due to Guarantor in the ordinary course of business. Until all of Tenant's obligations under the Lease are fully performed, Guarantor's right of subrogation against Tenant by reason of any payments, acts or performance by Guarantor under this Guaranty shall be subordinate to the Lease.

9. **Governing Law.** This Guaranty shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts, United States of America, without regard to principles of conflicts of laws. TO THE FULLEST EXTENT PERMITTED BY LAW, GUARANTOR HEREBY UNCONDITIONALLY AND IRREVOCABLY WAIVES ANY CLAIM TO ASSERT THAT THE LAW OF ANY OTHER JURISDICTION GOVERNS THIS GUARANTY.

10. **Attorneys' Fees.** In the event any litigation or other proceeding ("**Proceeding**") is initiated by any party against any other party to enforce this Guaranty, the prevailing party in such Proceeding shall be entitled to recover from the unsuccessful party all costs, expenses, and actual reasonable attorneys' fees relating to or arising out of such Proceeding.

11. **Modification.** This Guaranty may be modified only by a contract in writing executed by Guarantor and Landlord.

12. **Invalidity.** If any provision of the Guaranty shall be invalid or unenforceable, the remainder of this Guaranty shall not be affected by such invalidity or unenforceability. In the event, and to the extent, that this Guaranty shall be held ineffective or unenforceable by any court of competent jurisdiction, then Guarantor shall be deemed to be a tenant under the Lease with the same force and effect as if Guarantor were expressly named as a co-tenant therein with joint and several liability.

13. **Successors and Assigns.** Unless otherwise agreed in writing or under the Lease, this Guaranty shall be binding upon and shall inure to the benefit of the successors-in-interest and assigns of each party to this Guaranty.

14. **Notices.** Any notice, consent, demand, invoice, statement or other communication required or permitted to be given hereunder shall be in writing and shall be given by (a) personal delivery, (b) overnight delivery with a reputable international overnight delivery service, such as FedEx, or (c) facsimile or email transmission, so long as such transmission is followed within one (1) business day by delivery utilizing one of the methods described in subsections (a) or (b). Any such notice, consent, demand, invoice, statement or other communication shall be deemed delivered (x) upon receipt, if given in accordance with subsection (a); (y) one business (1) day after deposit with a reputable international overnight delivery service, if given if given in accordance with subsection (b); or (z) upon transmission, if given in accordance with subsection (c). Except as otherwise stated in this Guaranty, any notice, consent, demand, invoice, statement or other communication required or permitted to be given pursuant to this Guaranty shall be addressed to Guarantor or Landlord at the address set forth above in the introductory paragraph of this Guaranty. Either party may, by notice to the other given pursuant to this Section, specify additional or different addresses for notice purposes.

15. **Waiver.** Any waiver of a breach or default under this Guaranty must be in a writing that is duly executed by Landlord and shall not be a waiver of any other default concerning the same or any other provision of this Guaranty. No delay or omission in the exercise of any right or remedy shall impair such right or remedy or be construed as a waiver.

16. **Withholding**. Unless otherwise agreed in the Lease, any and all payments by Guarantor to Landlord under this Guaranty shall be made free and clear of and without deduction for any and all present or future taxes, duties, levies, imposts, deductions, assessments, fees, withholdings or similar charges, and all liabilities with respect thereto (collectively, "**Taxes**"). If Guarantor shall be required by any applicable laws to deduct any Taxes from or in respect of any sum payable under this Guaranty to Landlord: (a) the sum payable shall be increased as necessary so that after making all required deductions, the Landlord receives an amount equal to the sum it would have received had

no such deductions been made; (b) Guarantor shall make such deductions; and (c) Guarantor shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable laws.

17. **Financial Condition of Tenant**. Landlord shall have no obligation to disclose or discuss with Guarantor Landlord's assessment of the financial condition of Tenant. Guarantor has adequate means to obtain information from Tenant on a continuing basis concerning the financial condition of Tenant and its ability to perform its Guaranteed Obligations, and Guarantor assumes responsibility for being and keeping informed of Tenant's financial condition and of all circumstances bearing upon the risk of Tenant's failure to perform the Guaranteed Obligations.

18. **Bankruptcy**. So long as the Guaranteed Obligations remain outstanding, Guarantor shall not, without Landlord's prior written consent, commence or join with any other person in commencing any bankruptcy or similar proceeding of or against Tenant. Guarantor's obligations hereunder shall not be reduced, limited, impaired, discharged, deferred, suspended or terminated by any bankruptcy or similar proceeding (voluntary or involuntary) involving Tenant or by any defense that Tenant may have by reason of an order, decree or decision of any court or administrative body resulting from any such proceeding. To the fullest extent permitted by law, Guarantor will permit any trustee in bankruptcy, receiver, debtor in possession, assignee for the benefit of creditors or similar person to pay to Landlord or allow the claim of Landlord in respect of any interest, fees, costs, expenses or other Guaranteed Obligations accruing or arising after the date on which such case or proceeding is commenced.

19. **Conveyance or Transfer**. Without Landlord's written consent, Guarantor shall not convey, sell, lease or transfer any of its properties or assets to any person or entity to the extent that such conveyance, sale, lease or transfer could have a material adverse effect on Guarantor's ability to fulfill any of the Guaranteed Obligations.

20. **Financials.** To induce Landlord to enter into the Lease, Guarantor (to the extent applicable) shall provide to Landlord all information as required to be provided by Tenant and/or Guarantor pursuant to Section 35.1 of the Lease, subject to all conditions set forth in that Section.

21. **Joint and Several Liability.** Guarantor's liability under this Guaranty shall be joint and several with any and all other Guarantors in accordance with the terms and conditions of the Lease.

22. **Release.** Upon full payment and performance of all of Guarantor’s obligations under the Lease, this Guaranty shall automatically terminate and be released.

Tenant may change Tenant's Authorized Representative upon one (1) business day's prior written notice to Landlord.

1.2. Schedule. The schedule for design and development of the Tenant Improvements, including the time periods for preparation and review of construction documents, approvals and performance, shall be in accordance with a schedule to be prepared by Tenant (the "**Schedule**"). Tenant shall prepare the Schedule so that it is a reasonable schedule for the completion of the Tenant Improvements. The Schedule shall clearly identify all activities requiring Landlord participation. As soon as the Schedule is completed, Tenant shall deliver the same to Landlord for Landlord's approval, which approval shall not be unreasonably withheld, conditioned or delayed. Such Schedule shall be approved or disapproved by Landlord within ten (10) business days after delivery to Landlord. Landlord's failure to respond within such ten (10) business day period shall be deemed approval by Landlord. If Landlord disapproves the Schedule, then Landlord shall notify Tenant in writing of its objections to such Schedule, and the parties shall confer and negotiate in good faith to reach agreement on the Schedule. The Schedule shall be subject to adjustment as mutually agreed upon in writing by the parties, or as provided in this Work Letter.

2.1. Work Plans. Tenant shall prepare and submit to Landlord for approval schematics covering the Tenant Improvements prepared in conformity with the applicable provisions of this Work Letter (the "**Draft Schematic Plans**"). The Draft Schematic Plans shall contain sufficient information and detail to accurately describe the proposed design to Landlord and such other information as Landlord may reasonably request. Landlord shall notify Tenant in writing within ten (10) business days after receipt of the Draft Schematic Plans whether Landlord approves or objects to the Draft Schematic Plans and of the manner, if any, in which the Draft Schematic Plans are unacceptable. Landlord's failure to respond within such ten (10) business day period shall be deemed approval by Landlord. If Landlord reasonably objects to the Draft Schematic Plans, then Tenant shall revise the Draft Schematic Plans and cause Landlord's objections to be remedied in the revised Draft Schematic Plans. Tenant shall then resubmit the revised Draft Schematic Plans to Landlord for approval, such approval not to be unreasonably withheld, conditioned or delayed. Landlord's approval of or objection to revised Draft Schematic Plans and Tenant's correction of the same shall be in accordance with this Section until Landlord has approved the Draft Schematic Plans in writing or been deemed to have approved them. The iteration of the Draft Schematic Plans that is approved or deemed approved by Landlord without objection shall be referred to herein as the "**Approved Schematic Plans**."

2.2. Construction Plans. Tenant shall prepare final plans and specifications for the Tenant Improvements that (a) are consistent with and are logical evolutions of the Approved Schematic Plans and (b) incorporate any other Tenant-requested (and Landlord-approved) Changes (as defined below). As soon as such final plans and specifications ("**Construction Plans**") are completed, Tenant shall deliver the same to Landlord for Landlord's approval, which approval shall not be unreasonably withheld, conditioned or delayed. All such Construction Plans shall be submitted by Tenant to Landlord in electronic .pdf, CADD and full-size hard copy formats, and shall be approved or disapproved by Landlord within ten (10) business days after delivery to Landlord. Landlord's failure to respond within such ten (10) business day period shall be deemed approval by Landlord. If the Construction Plans are disapproved by Landlord, then Landlord shall notify Tenant in writing of its objections to such Construction Plans, and the parties shall confer and negotiate in good faith to reach agreement on the Construction Plans. Promptly after the Construction Plans are approved by Landlord and Tenant, two (2) copies of such Construction Plans shall be initialed and dated by Landlord and Tenant, and Tenant shall promptly submit such Construction Plans to all appropriate Governmental Authorities for approval. The Construction Plans so approved, and all change orders approved (to the extent required) by Landlord, are referred to herein as the "**Approved Plans**."

2.3. Changes to the Tenant Improvements. Any material changes to the Approved Plans (each, a "**Change**") requested by Tenant shall be subject to the prior written approval of Landlord, not to be unreasonably withheld, conditioned or delayed. Any such Change request shall detail the nature and extent of any requested Changes, including any modification of the Approved Plans and the Schedule, as applicable, necessitated by the Change. In the event that Landlord fails to respond to any such Change request within five (5) business days of receipt, such Change shall be deemed approved.

At all times during the period beginning with commencement of construction of the Tenant Improvements and ending with final completion of the Tenant Improvements, Tenant shall maintain, or cause to be maintained (in addition to the insurance required of Tenant pursuant to the Lease), property insurance insuring Landlord and the Landlord Parties, as their interests may appear. Such policy shall, on a completed values basis for the full insurable value at all times, insure against loss or damage by fire, vandalism and malicious mischief and other such risks as are customarily covered by the so-called "broad form extended coverage endorsement" upon all Tenant Improvements and the general contractor's and any subcontractors' machinery, tools and equipment, all while each forms a part of, or is contained in, the Tenant Improvements or any temporary structures on the Premises, or is adjacent thereto; provided that, for the avoidance of doubt, insurance coverage with respect to the general contractor's and any subcontractors' machinery, tools and equipment shall be carried on a primary basis by such general contractor or the applicable subcontractor(s). Tenant agrees to pay any deductible, and Landlord is not responsible for any deductible, for a claim under such insurance. Such property insurance shall contain an express waiver of any right of subrogation by the insurer against Landlord and the Landlord Parties, and shall name Landlord and its affiliates as loss payees as their interests may appear.

4.2. Workers' Compensation Insurance. At all times during the period of construction of the Tenant Improvements, Tenant shall, or shall cause its contractors or subcontractors to, maintain statutory workers' compensation insurance as required by Applicable Laws.

Any deficiency in design or construction of the Tenant Improvements shall be solely the responsibility of Tenant (or its architect or contractor), notwithstanding the fact that Landlord may have approved of the same in writing.

6. TI Allowance.

6.1. Application of TI Allowance. Subject to the provisions of Section 5 of the Lease, Landlord shall contribute the TI Allowance toward the costs and expenses incurred in connection with the performance of the Tenant Improvements, in accordance with Section 5 of the Lease. portion of the TI Allowance. Tenant may apply the TI Allowance for the payment of construction and other costs in accordance with the terms and provisions of the Lease.

6.2. Approval of Budget for the Tenant Improvements. Notwithstanding anything to the contrary set forth elsewhere in this Work Letter or the Lease, Landlord shall not have any obligation to expend any portion of the TI Allowance until Landlord and Tenant shall have approved in writing the budget for the Tenant Improvements (the "**Approved Budget**"). Prior to Landlord's approval of the Approved Budget, Tenant shall pay all of the costs and expenses incurred in connection with the Tenant Improvements as they become due. Landlord shall not be obligated to reimburse Tenant for costs or expenses relating to the Tenant Improvements that exceed the amount of the TI Allowance. Landlord shall not unreasonably withhold, condition or delay its approval of any budget for Tenant Improvements that is proposed by Tenant.

6.3. Fund Requests. Subject to Section 5 of the Lease, Upon submission by Tenant to Landlord of (a) a statement (a "**Fund Request**") setting forth the total amount of the TI Allowance requested, (b) a summary of the Tenant Improvements performed using AIA standard form Application for Payment (G 702) executed by the general contractor and by the architect, (c) invoices from the general contractor, the architect, and any subcontractors, material suppliers and other parties in the amount of the TI Allowance requested by Tenant for reimbursement, (d) unconditional lien releases from the general contractor and each subcontractor and material supplier with respect to all payments made by Tenant for the Tenant Improvements in a form acceptable to Landlord and complying with Applicable Laws; and (e) the items required to be delivered by Tenant pursuant to Section 5 of the Lease, then Landlord shall, within fifteen (15) days following receipt by Landlord of the Fund Request and all accompanying materials required by this Section, pay to Tenant the amount of the TI Allowance requested.

(c) Notwithstanding the above, the provisions concerning Capital Expenditures are intended to apply only to non-voluntary, unexpected, and new Applicable Requirements. If the Capital Expenditures are instead triggered by Lessee as a result of an actual or proposed change in use, change in intensity of use, or modification to the Premises then, and in that event, Lessee shall either: (i) immediately cease such changed use or intensity of use and/or take such other steps as may be necessary to eliminate the requirement for such Capital Expenditure, or (ii) complete such Capital Expenditure at its own expense. Lessee shall not, however, have any right to terminate this Lease.

2.4 **Acknowledgements**. Lessee acknowledges that: (a) it has been given an opportunity to inspect and measure the Premises, (b) it has been advised by Lessor and/or Brokers to satisfy itself with respect to the size and condition of the Premises (including but not limited to the electrical, HVAC and fire sprinkler systems, security, environmental aspects, and compliance with Applicable Requirements and the Americans with Disabilities Act), and their suitability for Lessee's intended use, (c) Lessee has made such investigation as it deems necessary with reference to such matters and assumes all responsibility therefor as the same relate to its occupancy of the Premises, (d) it is not relying on any representation as to the size of the Premises made by Brokers or Lessor, (e) the square footage of the Premises was not material to Lessee's decision to lease the Premises and pay the Rent stated herein, and (f) neither Lessor, nor Lessor's agents, nor Brokers have made any oral or written representations or warranties with respect to said matters other than as set forth in this Lease.

3. **Term.**

3.1 **Term**. The Commencement Date, Expiration Date and Original Term of this Lease are as specified in Paragraph 1.3.

3.2 **Possession**. Lessor shall deliver possession of the Premises to Lessee on the Commencement Date.

4. **Rent.**

4.1 **Rent Defined**. All monetary obligations of Lessee to Lessor under the terms of this Lease (except for the Security Deposit) are deemed to be rent ("***Rent***"). Any and all other sums of money or charges to be paid by Lessee pursuant to the provisions of this Lease other than Base Rent are hereby designated as and included in the term "***Additional Rent***." A failure to pay Additional Rent shall be treated in all events as the failure to pay Rent.

4.2 **Payment**. Lessee shall cause payment of Rent to be received by Lessor in lawful money of the United States, without offset or deduction (except as specifically permitted in this Lease), on or before the day on

which it is due. All monetary amounts shall be rounded to the nearest whole dollar. In the event that any invoice prepared by Lessor is inaccurate such inaccuracy shall not constitute a waiver and Lessee shall be obligated to pay the amount set forth in this Lease. Rent for any period during the term hereof which is for less than one full calendar month shall be prorated based upon the actual number of days of said month. Payment of Rent shall be made to Lessor at its address stated herein or to such other persons or place as Lessor may from time to time designate in writing. Acceptance of a payment which is less than the amount then due shall not be a waiver of Lessor's rights to the balance of such Rent, regardless of Lessor's endorsement of any check so stating. In the event that any check, draft, or other instrument of payment given by Lessee to Lessor is dishonored for any reason, Lessee agrees to pay to Lessor the sum of $25 in addition to any Late Charge and Lessor, at its option, may require all future Rent be paid by cashier's check. Payments will be applied first to accrued late charges and attorney's fees, second to accrued interest, then to Base Rent, and any remaining amount to any other outstanding charges or costs. All payments hereunder shall be made by check or wire transfer and may not be made in cash.

4.3 **Operating Costs Payment.** Lessee shall pay to Lessor the Operating Costs as set forth in Paragraph 62. Further, Lessee shall during each calendar year pay to Lessor an estimate of the Operating Costs as hereinafter set forth. Beginning on the Commencement Date, Lessee shall pay to Lessor each month on the first day of the month an amount equal to one-twelfth (1/12) of the Operating Costs for the calendar year in question as reasonably estimated by Lessor, with an adjustment to be made between the parties at a later date as hereinafter provided. If the Commencement Date is not the first day of a calendar month, Lessee shall pay a prorated portion of the Operating Costs for such partial month on the Commencement Date. Furthermore, Lessor may from time to time furnish Lessee with notice of a re-estimation of the amount of the Operating Costs and Lessee shall commence paying its re-estimated Operating Costs on the first day of the month following receipt of said notice. As soon as practicable following the end of any calendar year, Lessor shall submit to Lessee a statement setting forth the exact amount of the Operating Costs for the calendar year just completed and the difference, if any, between the actual Operating Costs for the calendar year just completed and the estimated amount of Operating Costs which were paid for such year. Such statement shall also set forth the amount of the estimated Operating Costs reimbursement for the new calendar year computed in accordance with the foregoing provisions. To the extent that the actual Operating Costs for the period covered by such statement is higher than the estimated payments which Lessee previously paid during the calendar year just completed, Lessee shall pay to Lessor the difference within thirty (30) days following receipt of said statement from Lessor. To the extent that the actual Operating Costs for the period covered by the applicable statement is less than the estimated payments which Lessee previously paid during the calendar year just completed, Lessor shall at its option either refund said amount to Lessee within thirty (30) days or credit the difference against Lessee's estimated reimbursement for such Operating Costs for the current year. In addition, with respect to the monthly reimbursement, until Lessee receives such statement, Lessee's monthly reimbursement for the new calendar year shall continue to be paid at the then current rate, but Lessee shall commence payment to Lessor of the monthly installments of reimbursement on the basis of the statement beginning on the first day of the month following the month in which Lessee receives such statement.

5. **Security Deposit**. Lessee shall deposit with Lessor upon execution hereof the Security Deposit as security for Lessee's faithful performance of its obligations under this Lease. If Lessee fails to pay Rent and such failure continues beyond all applicable notice and cure periods, or otherwise Defaults is in Breach under this Lease, Lessor may use, apply or retain all or any portion of said Security Deposit for the payment of any amount already due Lessor, for Rents which will be due in the future, and/ or to reimburse or compensate Lessor for any liability, expense, loss or damage which Lessor may suffer or incur by reason thereof. If Lessor uses or applies all or any portion of the Security Deposit, Lessee shall within ten (10) days after written request therefor deposit monies with Lessor sufficient to restore said Security Deposit to the full amount required by this Lease. If the Base Rent increases during the term of this Lease, Lessee shall, upon written request from Lessor, deposit additional monies with Lessor so that the total amount of the Security Deposit shall at all times bear the same proportion to the increased Base Rent as the initial Security Deposit bore to the initial Base Rent. Should the Agreed Use be amended to accommodate a material change in the business of Lessee or to accommodate a sublessee or assignee, Lessor shall have the right to increase the Security Deposit to the extent necessary, in Lessor's reasonable judgment, to account for any increased wear and tear that the Premises may suffer as a result thereof. If a change in control of Lessee occurs during this Lease and following such change the financial condition of Lessee is, in Lessor's reasonable judgment, significantly reduced, Lessee shall deposit such additional monies with Lessor as shall be sufficient to

cause the Security Deposit to be at a commercially reasonable level based on such change in financial condition. Lessor shall not be required to keep the Security Deposit separate from its general accounts. Within thirty (30) days after the expiration or termination of this Lease, Lessor shall return that portion of the Security Deposit not used or applied by Lessor together with an itemized statement showing any deductions made by Lessor. Lessor shall upon written request provide Lessee with an accounting showing how that portion of the Security Deposit that was not returned was applied. No part of the Security Deposit shall be considered to be held in trust, to bear interest or to be prepayment for any monies to be paid by Lessee under this Lease. THE SECURITY DEPOSIT SHALL NOT BE USED BY LESSEE IN LIEU OF PAYMENT OF THE LAST MONTH'S RENT. Any Lender shall not be responsible for the Security Deposit until it has received the same. Lessee waives the provisions of all provisions of law now in force or that become in force after the date of execution of this Lease, that provide that Lessor may claim from a security deposit only those sums reasonably necessary to remedy defaults in the payment of rent, to repair damage caused by Lessee, or to clean the Premises. Lessor and Lessee agree that Lessor may, in addition, claim those sums reasonably necessary to compensate Lessee for any other foreseeable or unforeseeable loss or damage caused by the act or omission of Lessee or Lessor's officers, agents, employees, independent contractors, or invitees.

6. **Use.**

6.1 **Use**. Lessee shall use and occupy the Premises only for the Agreed Use, or any other legal use which is reasonably comparable thereto, and for no other purpose. Lessee shall not use or permit the use of the Premises in a manner that is unlawful, creates damage, waste or a nuisance, or that disturbs occupants of or causes damage to neighboring premises or properties. Other than guide, signal and seeing eye dogs, Lessee shall not keep or allow in the Premises any pets, animals, birds, fish, or reptiles. Lessor shall not unreasonably withhold or delay its consent to any written request for a modification of the Agreed Use, so long as the same will not impair the structural integrity of the improvements on the premises or the mechanical or electrical systems therein, and/or is not significantly more burdensome to the Premises. If Lessor elects to withhold consent, Lessor shall within seven (7) days after such request give written notification of same, which notice shall include an explanation of Lessor's objections to the change in the Agreed Use.

Lessee shall use commercially reasonable efforts to ensure that patients, customers, employees, agents, and owners of Lessee and Lessee's dispensary neither loiter, nor use, smoke, vape, dab, consume, in any form or fashion, any marijuana product in the Premises or on any sidewalks, parking areas or walkways serving the same. Since marijuana products may cause odors that migrate off site, Lessee shall have the duty to reasonably mitigate odors.

Lessee agrees that no smoking of any kind shall be permitted by any of Lessee's employees, agents, customers or invitees in the Premises or on any sidewalks, parking areas or walkways serving the same.

Notwithstanding the foregoing, Lessor acknowledges that the sidewalks, parking areas and walkways referenced in the preceding paragraphs are public areas outside of Lessee's control and Lessor therefore agrees that Lessee's responsibility with respect to those spaces shall be limited to making commercially reasonable efforts within the Premises to request that patients, customers, employees, agents, and owners of Lessee refrain from loitering or using/consuming cannabis in any way in these areas.

As soon as reasonably possible after the Commencement Date, Lessee shall open for business at the Premises for the Agreed Use.

6.2 **Hazardous Substances**.

(a) **Reportable Uses Require Consent**. The term "**Hazardous Substance**" as used in this Lease shall mean any product, substance, or waste whose presence, use, manufacture, disposal, transportation, or release, either by itself or in combination with other materials expected to be on the Premises, is either: (i) potentially injurious to the public health, safety or welfare, the environment or the Premises, (ii) regulated or monitored by any applicable state or local governmental authority, or (iii) a basis for potential liability of Lessor to any applicable state or local governmental agency or third party under any applicable statute or common law theory. Hazardous Substances shall include, but not be limited to, hydrocarbons, petroleum, gasoline, and/or crude oil or any products, by-products or fractions thereof. Notwithstanding anything to the contrary herein, Hazardous Substance shall not include cannabis/

marijuana or products derived therefrom. Except as otherwise provided herein, Lessee shall not engage in any activity in or on the Premises which constitutes a Reportable Use of Hazardous Substances without notice to the express prior written consent of Lessor and timely compliance (at Lessee's expense) with all Applicable Requirements. "**Reportable Use**" shall mean (i) the installation or use of any above or below ground storage tank, (ii) the generation, possession, storage, use, transportation, or disposal of a Hazardous Substance that requires a permit from, or with respect to which a report, notice, registration or business plan is required to be filed with, any governmental authority, and/or (iii) the presence at the Premises of a Hazardous Substance with respect to which any Applicable Requirements requires that a notice be given to persons entering or occupying the Premises or neighboring properties. Notwithstanding the foregoing, Lessee may use any ordinary and customary materials reasonably required to be used in the normal course of the Agreed Use, ordinary office supplies (copier toner, liquid paper, glue, etc.) and common household cleaning materials, so long as such use is in compliance with all Applicable Requirements, is not a Reportable Use, and does not expose the Premises or neighboring property to any meaningful risk of contamination or damage or expose Lessor to any liability therefor. In addition, Lessor may condition its consent to any Reportable Use upon receiving such additional assurances as Lessor reasonably deems necessary to protect itself, the public, the Premises and/or the environment against damage, contamination, injury and/or liability, including, but not limited to, the installation (and removal on or before Lease expiration or termination) of protective modifications (such as concrete encasements) and/or increasing the Security Deposit.

(b) **Duty to Inform Lessor**. If Lessee knows, or has reasonable cause to believe, that a Hazardous Substance has come to be located in, on, under or about the Premises, other than as previously consented to by Lessor (a "***Hazardous Substance Condition***"), Lessee shall immediately give written notice of such fact to Lessor, and provide Lessor with a copy of any report, notice, claim or other documentation which it has concerning the presence of such Hazardous Substance.

(c) **Lessee Remediation**. Lessee shall not cause or permit its employees, agents, contractors or invitees to cause any Hazardous Substance to be spilled or released in, on, under, or about the Premises (including through the plumbing or sanitary sewer system) and shall promptly, at Lessee's expense, comply with all Applicable Requirements and take all investigatory and/or remedial action reasonably recommended, whether or not formally ordered or required, for the cleanup of any contamination of, and for the maintenance, security and/or monitoring of the Premises or neighboring properties, that was caused or materially contributed to by Lessee, or pertaining to or involving any Hazardous Substance brought onto the Premises during the term of this Lease, by or for Lessee, or its employees, agents or contractors or any third party.

(d) **Lessee Indemnification**. Lessee shall indemnify, defend and hold Lessor, its agents, employees, lenders and ground lessor, if any, harmless from and against any and all loss of rents and/or damages, liabilities, judgments, claims, expenses, penalties, and attorneys' and consultants' fees arising out of or involving any Hazardous Substance brought onto the Premises by or for Lessee, or any employee, agent, or contractor of Lessee (provided, however, that Lessee shall have no liability under this Lease with respect to (a) any acts or omissions of Lessor or its employees, agents or contractors or (b) underground migration of any Hazardous Substance under the Premises from adjacent properties not caused or contributed to by Lessee). Lessee's obligations shall include, but not be limited to, the effects of any contamination or injury to person, property or the environment created or suffered by Lessee, and the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease. No termination, cancellation or release agreement entered into by Lessor and Lessee shall release Lessee from its obligations under this Lease with respect to Hazardous Substances, unless specifically so agreed by Lessor in writing at the time of such agreement.

(e) **Lessor Indemnification**. Except as otherwise provided in paragraph 8.7, Lessor and its successors and assigns shall indemnify, defend, reimburse and hold Lessee, its employees and lenders, harmless from and against any and all environmental damages, including the cost of remediation, which are caused by the gross negligence or willful misconduct of Lessor, its agents or employees. Lessor's obligations, as and when required by the Applicable Requirements, shall include, but not be limited to, the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease.

(f) **Investigations and Remediations**. Lessor shall retain the responsibility and pay for any investigations or remediation measures required by governmental entities having jurisdiction with respect to the

existence of Hazardous Substances on the Premises prior to Lessee's occupancy, unless such remediation measure is required as a result of Lessee's use (including "Alterations", as defined in Paragraph 7.2(a) below) of the Premises, in which event Lessee shall be responsible for such payment. Lessee shall cooperate fully in any such activities at the request of Lessor, including allowing Lessor and Lessor's agents to have reasonable access to the Premises at reasonable times in order to carry out Lessor's investigative and remedial responsibilities.

(g) **Lessor Termination Option**. If a Hazardous Substance Condition occurs during the term of this Lease, unless Lessee is responsible therefor as provided in this Lease (in which case Lessee shall make the investigation and remediation thereof required by the Applicable Requirements and this Lease shall continue in full force and effect, but subject to Lessor's rights under Paragraph 6.2(d) and Paragraph 13), Lessor may, at Lessor's option, either (i) investigate and remediate such Hazardous Substance Condition, if required, as soon as reasonably possible at Lessor's expense, in which event this Lease shall continue in full force and effect, or (ii) if the estimated cost to remediate such condition exceeds $[***], give written notice to Lessee, within thirty (30) days after receipt by Lessor of knowledge of the occurrence of such Hazardous Substance Condition, of Lessor's desire to terminate this Lease as of the date 60 days following the date of such notice. In the event Lessor elects to give a termination notice, Lessee may, within 10 days thereafter, give written notice to Lessor of Lessee's commitment to pay the amount by which the cost of the remediation of such Hazardous Substance Condition exceeds $[***]. Lessee shall provide Lessor with said funds or satisfactory assurance thereof within thirty (30) days following such commitment. In such event, this Lease shall continue in full force and effect, and Lessor shall proceed to make such remediation as soon as reasonably possible after the required funds are available. If Lessee does not give such notice and provide the required funds or assurance thereof within the time provided, this Lease shall terminate as of the date specified in Lessor's notice of termination.

6.3 **Lessee's Compliance with Applicable Requirements**. Except as otherwise provided in this Lease, Lessee shall, at Lessee's sole expense, fully, diligently and in a timely manner, materially comply with all Applicable Requirements related to Lessee's business and specific and unique use, the requirements of any applicable fire insurance underwriter or rating bureau, and the reasonable recommendations of Lessor's engineers and/or consultants which relate in any manner to the Premises, without regard to whether said Applicable Requirements are now in effect or become effective after the Commencement Date. Lessee shall, within 10 days after receipt of Lessor's written request, provide Lessor with copies of all permits and other documents, and other information evidencing Lessee's compliance with any Applicable Requirements specified by Lessor, and shall immediately upon receipt, notify Lessor in writing (with copies of any documents involved) of any threatened or actual claim, notice, citation, warning, complaint or report pertaining to or involving the failure of Lessee or the Premises to comply with any Applicable Requirements. Likewise, Lessee shall immediately give written notice to Lessor of: (i) any water damage to the Premises and any suspected seepage, pooling, dampness or other condition conducive to the production of mold; or (ii) any mustiness or other odors that might indicate the presence of mold in the Premises. In addition, Lessee shall provide copies of all relevant material safety data sheets (MSDS) to Lessor within 10 days of the receipt of a written request therefor. In addition, Lessee shall provide Lessor with copies of its business license, certificate of occupancy and/or any similar document within 10 days of the receipt of a written request therefor.

6.4 **Inspection; Compliance**. Lessor and Lessor's "Lender" (as defined in Paragraph 28) and consultants and other persons authorized by Lessor shall have the right to enter into Premises at any time, in the case of an emergency, and otherwise at reasonable times after reasonable notice, for the purpose of inspecting and/or testing the condition of the Premises and/or for verifying compliance by Lessee with this Lease. The cost of any such inspections shall be paid by Lessor, unless a violation of Applicable Requirements, or a Hazardous Substance Condition caused by Lessee (see paragraph 9.1) is found to exist or be imminent, or the inspection is requested or ordered by a governmental authority and is caused by Lessee. In such case, Lessee shall upon request reimburse Lessor for the cost of such inspection, so long as such inspection is reasonably related to the violation or contamination. In addition, Lessee shall provide copies of all relevant material safety data sheets (MSDS) to Lessor within ten (10) days of the receipt of a written request therefor. Lessee acknowledges that any failure on its part to allow such inspections or testing will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to allow such inspections and/or testing in a timely fashion the Base Rent shall be automatically

increased, without any requirement for notice to Lessee, by an amount equal to [***]% of the then existing Base Rent or $100, whichever is greater for the remainder to the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to allow such inspection and/or testing. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to such failure nor prevent the exercise of any of the other rights and remedies granted hereunder.

7. **Maintenance; Repairs; Utility Installations; Trade Fixtures and Alterations.**

7.1 **Lessee's Maintenance Obligations**.

(a) **In General**. Subject to reasonable wear and tear, the provisions of Paragraph 9 (Damage or Destruction), and 14 (Condemnation), Lessee shall, at Lessee's sole expense, keep the Premises, Utility Installations (intended for Lessee's exclusive use, no matter where located), and Alterations in good order, condition and repair, which shall include all necessary replacements (whether or not the portion of the Premises requiring repairs, or the means of repairing the same, are reasonably or readily accessible to Lessee, and whether or not the need for such repairs occurs as a result of Lessee's use, any prior use, the elements or the age of such portion of the Premises), including, but not limited to, all equipment or facilities, such as plumbing, HVAC equipment, electrical, lighting facilities, boilers, pressure vessels, fire protection system, fixtures, walls (interior and exterior), foundations, ceilings, roofs, roof drainage systems, floor coverings, windows, doors, plate glass, skylights, landscaping, driveways, parking lots, fences, retaining walls, signs, sidewalks and parkways located in, or on, or adjacent to the Premises. Lessee, in keeping the Premises in good order, condition and repair, shall exercise and perform good maintenance practices, specifically including the procurement and maintenance of the service contracts required by Paragraph 7.1(b) below. Lessee's obligations shall include restorations, replacements or renewals when necessary to keep the Premises and all improvements thereon or a part thereof in good order, condition and state of repair. Lessee shall, during the term of this Lease, keep the exterior appearance of the Building in a first-class condition (including, e.g. graffiti removal) consistent with the exterior appearance of other similar facilities of comparable age and size in the vicinity, including, when necessary, the exterior repainting of the Building. Lessee hereby waives all right to make repairs at Lessor's expense under applicable state or local law.

(b) **Service Contracts**. Lessee shall, at Lessee's sole expense, procure and maintain contracts, with copies to Lessor, in customary form and substance for, and with contractors specializing and experienced in the maintenance of the following equipment and improvements, if any, if and when installed on the Premises: (i) HVAC equipment, (ii) boiler, and pressure vessels, (iii) fire extinguishing systems, including fire alarm and/or smoke detection, (iv) landscaping and irrigation systems, (v) roof covering and drains, and (vi) clarifiers. However, Lessor reserves the right, upon notice to Lessee, to procure and maintain any or all of such service contracts, and Lessee shall reimburse Lessor, upon demand, for the cost thereof.

(c) **Failure to Perform**. If Lessee fails to perform Lessee's obligations under this Paragraph 7.1, Lessor may enter upon the Premises after ten (10) days' prior written notice to Lessee (except in the case of an emergency, in which case no notice shall be required), perform such obligations on Lessee's behalf, and put the Premises in good order, condition and repair, and Lessee shall promptly pay to Lessor a sum equal to [***]% of the cost thereof.

7.2 **Utility Installations; Trade Fixtures; Alterations.**

(a) **Definitions**. The term "**Utility Installations**" refers to all floor and window coverings, air and/or vacuum lines, power panels, electrical distribution, security and fire protection systems, communication cabling, lighting fixtures, HVAC equipment, plumbing, and fencing in or on the Premises. The term "**Trade Fixtures**" shall mean Lessee's machinery and equipment that can be removed without doing material damage to the Premises. The term "**Alterations**" shall mean any modification of the improvements, other than Utility Installations or Trade Fixtures, whether by addition or deletion. "**Lessee Owned Alterations and/or Utility Installations**" are defined as Alterations and/or Utility Installations made by Lessee that are not yet owned by Lessor pursuant to Paragraph 7.3(a).

(b) **Consent.** Lessee shall not make any Alterations or Utility Installations to the Premises without Lessor's prior written consent, which consent shall not be unreasonably withheld, conditioned or delayed. Lessee may, however, make non-structural Alterations or Utility Installations to the interior of the Premises (excluding the roof) without such consent but upon notice to Lessor, as long as they are not visible from the outside, do not involve puncturing, relocating or removing the roof or any existing walls, will not adversely affect the electrical, plumbing, HVAC, and/or life safety systems, do not trigger the requirement for additional modifications and/or improvements to the Premises resulting from Applicable Requirements, such as compliance with Title 24, and the cumulative cost thereof during this Lease as extended does not exceed a sum equal to 3 month's Base Rent in the aggregate or a sum equal to one month's Base Rent in any one year. Notwithstanding the foregoing, Lessee shall not make or permit any roof penetrations and/or install anything on the roof without the prior written approval of Lessor. Lessor may, as a precondition to granting such approval, require Lessee to utilize a contractor chosen and/or approved by Lessor. Any Alterations or Utility Installations that Lessee shall desire to make and which require the consent of the Lessor shall be presented to Lessor in written form with detailed plans. Consent shall be deemed conditioned upon Lessee's: (i) acquiring all applicable governmental permits, (ii) furnishing Lessor with copies of both the permits and the plans and specifications prior to commencement of the work, and (iii) compliance with all conditions of said permits and other Applicable Requirements in a prompt and expeditious manner. Any Alterations or Utility Installations shall be performed in a workmanlike manner with good and sufficient materials and in compliance with Applicable Requirements. Lessee shall promptly upon completion furnish Lessor with as-built plans and specifications. For work which costs an amount in excess of one month's Base Rent, Lessor may condition its consent upon Lessee providing a lien and completion bond in an amount equal to [***]% of the estimated cost of such Alteration or Utility Installation and/or upon Lessee's posting an additional Security Deposit with Lessor.

(c) **Liens; Bonds**. Lessee shall pay, when due, all claims for labor or materials furnished or alleged to have been furnished to or for Lessee or anyone claiming by, through or under Lessee at or for use on the Premises, which claims are or may be secured by any mechanic's or materialmen's lien against the Premises or any interest therein. Lessee shall give Lessor not less than ten (10) days' notice prior to the commencement of any work in, on or about the Premises, and Lessor shall have the right to post notices of non-responsibility. If Lessee shall contest the validity of any such lien, claim or demand, then Lessee shall, at its sole expense defend and protect itself, Lessor and the Premises against the same and shall pay and satisfy any such adverse judgment that may be rendered thereon before the enforcement thereof. If Lessor shall require, Lessee shall furnish a surety bond in an amount equal to [***]% of the amount of such contested lien, claim or demand, indemnifying Lessor against liability for the same. If Lessor elects to participate in any such action, Lessee shall pay Lessor's attorneys' fees and costs.

7.3 **Ownership; Removal; Surrender; and Restoration**.

(a) **Ownership**. Subject to Lessor's right to require removal or elect ownership as hereinafter provided and except as expressly provided herein, all Alterations and Utility Installations made by Lessee shall be the property of Lessee, but considered a part of the Premises. Lessor may, at any time, elect in writing to be the owner of all or any specified part of the Lessee Owned Alterations and Utility Installations. Unless otherwise instructed per paragraph 7.3(b) hereof, all Lessee Owned Alterations and Utility Installations shall, at the expiration or termination of this Lease, become the property of Lessor and be surrendered by Lessee with the Premises.

(b) **Removal**. Lessee may, but is not required to, remove any or all Lessee Owned Alterations or Utility Installations prior to the expiration or termination of this Lease. By delivery to Lessee of written notice from Lessor not earlier than 90 and not later than thirty (30) days prior to the end of the term of this Lease, Lessor may require that any or all Lessee Owned Alterations or Utility Installations be removed by the expiration or termination of this Lease. Lessor may require the removal at any time of all or any part of any Lessee Owned Alterations or Utility Installations made without the required consent.

(c) **Surrender; Restoration**. Lessee shall surrender the Premises by the Expiration Date or any earlier termination date, with all of the improvements, parts and surfaces thereof broom clean and free of debris, and in good operating order, condition and state of repair, ordinary wear and tear and damage caused by Lessor excepted. "Ordinary wear and tear" shall not include any damage or deterioration that would have been prevented by good maintenance practice. Notwithstanding the foregoing, if the Lessee occupies the Premises for 12 months or less, then Lessee shall surrender the Premises in the same condition as delivered to Lessee on the Commencement

Date with NO allowance for ordinary wear and tear. Lessee shall repair any damage occasioned by the installation, maintenance or removal of Trade Fixtures, Lessee owned Alterations and/or Utility Installations, furnishings, and equipment as well as the removal of any storage tank installed by or for Lessee. Lessee shall also remove from the Premises any and all Hazardous Substances brought onto the Premises by or for Lessee, or its employees, agents or contractors any third party (except Hazardous Substances which were deposited via underground migration from areas outside of the Premises) to the level specified in Applicable Requirements. Trade Fixtures shall remain the property of Lessee and shall be removed by Lessee. Any personal property of Lessee not removed on or before the Expiration Date or any earlier termination date shall be deemed to have been abandoned by Lessee and may be disposed of or retained by Lessor as Lessor may desire. The failure by Lessee to timely vacate the Premises pursuant to this Paragraph 7.3(c) without the express written consent of Lessor shall constitute a holdover under the provisions of Paragraph 24 below.

8. **Insurance; Indemnity.**

8.1 **Payment For Insurance**. Lessee shall pay for all insurance required under Paragraphs 8.2, 8.3 and 8.4. Premiums for policy periods commencing prior to or extending beyond the Lease term shall be prorated to correspond to the Lease term. Payment shall be made by Lessee to Lessor within ten (10) days following receipt of an invoice.

8.2 **Liability Insurance and Other Insurance**

(a) **Carried by Lessee.** Lessee agrees to maintain in full force and effect from the date on which Lessee first enters the Premises for any reason, throughout the Lease term, and thereafter so long as Lessee is in occupancy of any part of the Premises, a policy of commercial general liability insurance which insures Lessee's operation and use of the Premises and includes premises liability and products liability (including but not limited to cannabis retail/sales and dispensary use), the following exclusionary endorsements may be attached to this form, along with any standard and customary exclusions: nuclear energy exclusion, asbestos exclusion, and employment practices liability. Lessor, Lessor's managing agent, Lessor's Lender, and any other parties reasonably requested by Lessor shall be named additional insureds for ongoing and completed operations on a primary basis and non-contributory. Each such policy shall be written by a reputable and financially sound, duly licensed insurance company with an AM Best rating of at least A-. The minimum limits of liability of such insurance shall be $[***] for each such occurrence and in the aggregate. All such insurance coverage shall be written on an occurrence form, except for the products liability coverage which may be written on a claims-made form. Any claims-made coverage shall be in full force from lease commencement date and coverage will be maintained for a period of three (3) years after termination of this Lease and its obligations herein.

Lessee further agrees to maintain a Workers' Compensation and Employers' Liability Insurance policy. The limit of liability as respects Employers' Liability coverage shall be no less than $[***] per accident.

Except for Workers' Compensation and Employers' Liability coverage, Lessee agrees that Lessor and Lessor's managing agent shall be named as additional insureds on a primary and non-contributory basis. A duplicate original or a Certificate of Insurance evidencing the insurance requirements contained in the Lease shall be delivered to Lessor upon the execution of this Lease and then annually in advance of each policies renewal. Copies of additional insured endorsements, if required for coverage of additional insureds, also shall be delivered to Lessor. Lessor shall be given thirty (30) days advance written notice of any required insurance policy cancellation or non-renewals.

(b) **Carried by Lessor**. Lessor may, at Lessor's sole cost and expense, maintain liability insurance as described in Paragraph 8.2(a), in addition to, and not in lieu of, the insurance required to be maintained by Lessee. Lessee shall not be named as an additional insured therein.

8.3 **Property Insurance - Building, Improvements and Rental Value**.

(a) **Building and Improvements**. The Insuring Party shall obtain and keep in force a policy or policies in the name of Lessor, with loss payable to Lessor, any ground-lessor, and to any Lender insuring loss or damage to the Premises. The amount of such insurance shall be equal to the full insurable replacement cost of the

Premises, as the same shall exist from time to time, or the amount required by any Lender, but in no event more than the commercially reasonable and available insurable value thereof. Should Lessee so choose, Lessee Owned Alterations and Utility Installations, Trade Fixtures, and Lessee's personal property shall be insured by Lessee not by Lessor. If the coverage is available and commercially appropriate, such policy or policies shall insure against all risks of direct physical loss or damage, excluding the perils of flood and/or earthquake unless required by a Lender, and including coverage for debris removal and for demolition and increased cost of construction to comply with any Applicable Requirements ("***DICC Coverage***"), provided however that DICC Coverage may be subject to limits of no less than $[***] per occurrence. Said policy or policies shall also contain a waiver of subrogation. If such insurance coverage has a deductible clause, the deductible amount shall not exceed $[***] per occurrence for All Other Perils, and Lessee shall be liable for such deductible amount in the event of an Insured Loss.

(b) **Rental Value**. The Insuring Party shall obtain and keep in force a policy or policies in the name of Lessor with loss payable to Lessor and any Lender, insuring the loss of the full Rent for one year with an extended period of indemnity for an additional 180 days ("***Rental Value Insurance***"). The amount of coverage shall be adjusted annually to reflect the projected Rent otherwise payable by Lessee, for the next twelve (12) month period. Lessee shall be liable for any deductible amount in the event of such loss.

8.4 **Lessee's Property; Worker's Compensation Insurance**.

(a) **Property Damage**. Should Lessee so choose, Lessee may obtain and maintain insurance coverage on all of Lessee's personal property, Trade Fixtures, and Lessee Owned Alterations and Utility Installations. Such insurance shall be full replacement cost coverage with a deductible not to exceed $[***] per occurrence. The proceeds from any such insurance shall be used by Lessee for the replacement of personal property, Trade Fixtures and Lessee Owned Alterations and Utility Installations.

(b) **Worker's Compensation Insurance**. Lessee shall obtain and maintain a Worker's Compensation Insurance and Employers' Liability Insurance policy. The limit of liability as respects Employers' Liability coverage shall be no less than $[***] per accident. Such policy shall include a 'Waiver of Subrogation' endorsement. Lessee shall provide Lessor with a copy of such endorsement along with the certificate of insurance or copy of the policy required by paragraph 8.5.

(c) **No Representation of Adequate Coverage**. Lessor makes no representation that the limits or forms of coverage of insurance specified herein are adequate to cover Lessee's property, business operations or obligations under this Lease.

8.5 **Insurance Policies**. Insurance required herein shall be by companies maintaining during the policy term a "General Policyholders Rating" of at least A-, as set forth in the most current issue of "Best's Insurance Guide". Lessee shall not do or permit to be done anything which invalidates the required insurance policies. Lessee shall, prior to the Commencement Date, deliver to Lessor certificates evidencing the existence and amounts of the required insurance. Lessee shall, prior to the expiration of such policies, furnish Lessor with evidence of renewals, or Lessor may increase his liability insurance coverage and charge the cost thereof to Lessee, which amount shall be payable by Lessee to Lessor upon demand. Such policies shall be for a term of at least one year, or the length of the remaining term of this Lease, whichever is less. If either Party shall fail to procure and maintain the insurance required to be carried by it, the other Party may, but shall not be required to, procure and maintain the same.

8.6 **Waiver of Subrogation**. Without affecting any other rights or remedies, Lessee and Lessor each hereby release and relieve the other, and waive their entire right to recover damages against the other, for loss of or damage to its property arising out of or incident to the perils required to be insured against herein. The effect of such releases and waivers is not limited by the amount of insurance carried or required, or by any deductibles applicable hereto. The Parties agree to have their respective property damage insurance carriers waive any right to subrogation that such companies may have against Lessor or Lessee, as the case may be, so long as the insurance is not invalidated thereby.

8.7 **Indemnity**. Except for Lessor's gross negligence or willful misconduct, Lessee shall indemnify, protect, defend and hold harmless the Premises, Lessor and its agents, Lessor's master or ground lessor, partners and

Lenders, from and against any and all claims, loss of rents and/or damages, liens, judgments, penalties, attorneys' and consultants' fees, expenses and/or liabilities arising out of, involving, or in connection with, a Breach of the Lease by Lessee and/or the use and/or occupancy of the Premises by Lessee and/or by Lessee's employees, contractors or invitees. If any action or proceeding is brought against Lessor by reason of any of the foregoing matters, Lessee shall upon notice defend the same at Lessee's expense by counsel reasonably satisfactory to Lessor and Lessor shall cooperate with Lessee in such defense. Lessor need not have first paid any such claim in order to be defended or indemnified. Lessor shall indemnify, protect, defend and hold Lessee, and any of Lessee's affiliates, subsidiaries, parent companies, and any of their officers, directors, employees, and agents, harmless against any and all Claims arising out of or related to Lessor's gross negligence or willful misconduct.

8.8 **Exemption of Lessor and its Agents from Liability**. Notwithstanding the gross negligence or breach of this Lease by Lessor or its agents, neither Lessor nor its agents shall be liable under any circumstances for: (i) injury or damage to the person or goods, wares, merchandise or other property of Lessee, Lessee's employees, contractors, invitees, customers, or any other person in or about the Premises, whether such damage or injury is caused by or results from fire, steam, electricity, gas, water or rain, indoor air quality, the presence of mold or from the breakage, leakage, obstruction or other defects of pipes, fire sprinklers, wires, appliances, plumbing, HVAC or lighting fixtures, or from any other cause, whether the said injury or damage results from conditions arising upon the Premises or upon other portions of the building of which the Premises are a part, or from other sources or places, (ii) any damages arising from any act or neglect of any other tenant of Lessor or from the failure of Lessor or its agents to enforce the provisions of any other lease, or (iii) injury to Lessee's business or for any loss of income or profit therefrom. Instead, it is intended that Lessee's sole recourse in the event of such damages or injury be to file a claim on the insurance policy(ies) that Lessee is required to maintain pursuant to the provisions of paragraph 8.

8.9 **Failure to Provide Insurance**. If Lessee does not maintain the required insurance during the Term and/or does not provide Lessor with the required binders or certificates evidencing the existence of the required insurance, then, after ten (10) days' prior written notice, Lessor may obtain insurance policies sufficient to meet the requirements herein, Lessee shall pay to Lessor an amount equal to one hundred percent (100%) of the actual costs and expenses of such policies incurred by Lessor upon receipt of an invoice therefor. Lessor obtaining such policies shall in no event constitute a waiver of Lessee's Event of Default with respect to the failure to maintain such insurance, prevent the exercise of any of the other rights and remedies granted hereunder, nor relieve Lessee of its obligation to maintain the insurance specified in this Lease.

9. **Damage or Destruction.**

9.1 **Restoration Following Destruction.**

If any portion of the Premises or any appurtenance thereto shall be damaged or destroyed by fire or other casualty, then, whether or not such damage or destruction shall have been insured, Lessee shall give prompt written notice thereof to Lessor and shall proceed with reasonable diligence to repair or rebuild the same at its sole cost and expense or to replace the same with improvements of no lesser quality or value. To the extent such casualty is covered by the casualty insurance required by the provisions of Paragraph 8.3, Lessee shall not be required to commence restoration until such time as it shall have received insurance proceeds for such fire or other casualty and in any case until it has received all necessary permits.

Any repair or rebuilding following either a total or a partial destruction shall be performed pursuant to Paragraph 9.3, and, if there are insurance proceeds resulting from such damage or destruction and Lessee is in the process of repairing and restoring as provided in this Paragraph and in said Paragraph 9.3, then except as provided in said Paragraph 9.3 such proceeds shall be deposited with a bank or trust company pursuant to Paragraph 9.5 (the "***Depository***") and disbursed in the manner as provided in this Lease. If at any time Lessee shall fail to prosecute such work of repair or rebuilding with diligence and promptness, then Lessor may give to Lessee written notice of such failure and if such failure continues for sixty (60) days thereafter, then Lessor, in addition to all other rights which it may have, may enter upon the Premises, provide labor and/or materials, cause the performance of any contract and/or take such other action as it may deem advisable to prosecute such work. Lessor shall be entitled to reimbursement for its costs and expenses from any insurance proceeds and any other moneys held by the Depository for application to the cost of such work. All reasonable costs and expenses incurred by Lessor in carrying out such

work for which it is not reimbursed by the Depository shall be paid by Lessee upon demand, which demand may be made by Lessor periodically as such costs and expenses are incurred, in addition to any damages to which Lessor may be entitled hereunder.

All insurance proceeds in excess of $[***] shall be paid to the Depository.

9.2 **Lessee Obligations Following Destruction**.

Rent shall not abate because of any damage to or destruction of the Premises, or to the appurtenances thereto. Lessee shall continue to perform all of its obligations hereunder, notwithstanding any such damage or destruction.

Any rent insurance proceeds received by the Depository by reason of such damage or destruction shall be applied by it to the payment of the Rent and to premiums for any insurance required to be maintained by Lessee under this Lease. However, such payment shall not relieve Lessee of its obligations to pay punctually all such rents, real estate taxes and insurance premiums should rent insurance proceeds held by the Depository be insufficient to pay the same or if for any reason such rent insurance proceeds are not actually applied by a Depository to the payment of such amounts. All rent insurance proceeds and any balance of any insurance proceeds in excess of amounts utilized for repairs and/or rebuilding (where the damage has been fully repaired or restored) shall be paid to Lessee provided Lessee is not then in monetary default hereunder. In the event that there shall be excess insurance proceeds by reason of the fact that Lessee is precluded from making repairs and/or rebuilding by reason of operation of law (such as zoning changes, etc.) any such excess insurance proceeds shall be paid promptly to Lessor.

9.3 **Restoration after Fire or Condemnation**

Whenever Lessee shall be required to carry out any restoration or repair, Lessee, prior to the commencement of such work, shall comply with the following requirements if such work has a cost in excess of $[***] as determined by an independent architect or contractor selected by Lessee whose report is furnished to Lessor and any lender. If Lessee fails to have such a report promptly prepared then it shall be deemed that such work has a cost in excess of $[***].

1. Lessee shall furnish to Lessor complete plans and specifications for such work.

2. Lessee shall furnish to Lessor a budget for such work setting forth Lessee's good faith estimate of the cost of completion of such work. Such budget shall be updated periodically upon request of Lessor.

3. Lessee, at its sole cost, shall at Lessor's requests furnish to Lessor certified or photostatic copies of all permits and approvals required by law, regulation or ordinance in connection with the commencement and conduct of such work.

4. If the amount of fire insurance proceeds held by the Depository to be applied to pay for the cost of such work pursuant to this Paragraph shall be less than the Lessee's estimate of the cost of completion of such work, then Lessee shall deposit with the Depository an additional sum so that the Depository shall have at all times an amount equal to the estimate of cost of completion of such work.

5. The Depository shall not be required to make disbursements to Lessee more often than at thirty (30) day intervals or in interim amounts of less than [***] Dollars ($[***]), except for the final disbursement. Lessee shall make written request for each disbursement at least seven (7) days in advance, and shall comply with the following requirements in connection with each such disbursement:

A. Lessee shall deliver to the Depository, at the time of request for a disbursement, a certificate (the "***Certificate***") of an independent architect reasonably satisfactory to Lessor (the "***Architect***"), dated not more than ten (10) days prior to the application for withdrawal of funds and accompanied by such invoices, receipts, contracts or other evidence of the amount requested, setting-forth the following:

(i) That the sum then requested to be withdrawn either has been paid by Lessee, or is justly due to persons (whose names and addresses shall be stated) who have furnished services or materials for the work and giving a brief description of such services and materials and stating the progress of the work up to the date of said certificate;

(ii) That the sum then requested to be withdrawn, plus all sums previously withdrawn, does not exceed the cost of the work insofar as actually accomplished up to the date of such certificate, less any contractor holdbacks;

(iii) That all prior disbursements under this Paragraph have been expended solely in payment of costs for the work actually incurred;

(iv) That the remainder of the moneys held by the Depository will be sufficient to pay for the completion of the work in accordance with the estimate thereof.

(v) That no part of the cost of the services and materials described in the foregoing paragraph (i) is being made on the basis of the withdrawal of any funds in any previous or pending application; and

(vi) That, except for the amount requested, there is no outstanding indebtedness known, after due inquiry, in connection with the work which, if unpaid, might become the basis of a mechanic's or other similar lien upon the Premises, unless Lessor is contesting such indebtedness in good faith and agrees to discharge (by bonding or otherwise) any lien once filed.

B. Lessee shall deliver to the Depository satisfactory evidence that the Premises and all materials and all property described in the Certificate are free and clear of all liens, or encumbrances, except (a) liens or encumbrances encumbering the Premises as of the date of this Lease, (b) this Lease and any mortgages made by Lessor and (c) liens for taxes and other charges payable by Lessee which are not delinquent or the payment of which has been deferred by Lessee in full compliance with this Lease. The Depository shall receive a certificate of a title insurance company acceptable to Lessor, dated as of the date of the disbursement confirming the foregoing.

C. Lessee shall deliver to the Depository a survey of the Premises dated as of a date within ten (10) days prior to the advance, showing no encroachments or extensions over set-back lines. Surveys need not be so updated, however, if a foundation survey is provided and the work being performed does not touch or extend beyond the perimeter of the building on the Premises and would not affect any facts shown on an existing survey thereof.

D. There shall be no default by Lessee under the terms of this Lease. At the time of each disbursement, Lessor shall deliver to the Depository a certificate signed by Lessee, certifying to the fulfillment of the conditions of this clause. The Depository may rely on said certificate as being accurate unless, prior to the disbursement then being made, the Depository (where other than Lessor) shall have received a written notice from Lessor, referring to this clause, containing statements contrary to those set forth in said certificate.

Lessor shall receive a copy of each item required to be delivered to Depository hereunder concurrently with delivery to the Depository.

Upon compliance with the foregoing, the Depository shall pay to the persons named in the Certificate, the respective amounts stated in said Certificate to have been paid by it. Lessor shall have the right, from time to time, to inspect the restoration work. If, after all of said work shall be completed in accordance with the terms of this Lease, Lessee shall not be in default thereunder and all governmental approvals required shall have been obtained, there are funds held by the Depository for application to the cost of such work in excess of the amounts withdrawn, then such funds shall be paid out by the Depository as provided herein.

9.4 **Completion by Lessor**.

If, after a default by Lessee, Lessor shall perform any of such work, then Lessor may withdraw funds held by the Depository for application to the cost thereof. In withdrawing such funds Lessor need not comply with any of the preceding requirements, but must only comply with the requirements hereafter set forth. Such withdrawals shall be made not more often than at thirty (30) day intervals. At the time of each withdrawal request Lessor shall deliver to the Depository, a certificate from either the Architect or other architect selected by Lessor stating that the sum then requested to be withdrawn either has been paid by Lessor, and/or is justly due, to contractors, subcontractors, materialmen, engineers, architects or to other persons (whose names and addresses shall be stated) who have rendered or furnished services or materials for the work, and giving a brief description of such services and materials and the respective amounts so paid or due to each of said persons in respect thereof. Such certificate shall also state that no part of the cost of the services or materials described therein has been or is the basis of a withdrawal of funds in any previous or pending application.

9.5 **Depository**.

In any instance when a Depository is to serve, such Depository shall be selected by Lessor within ten (10) days after written notice by Lessee. The Depository so selected shall be a bank(s) or trust company(ies) authorized to do business in the State of Illinois and having a net worth of $1,000,000,000 or more. Upon the selection of such Depository, Lessor shall give to Lessee written notice thereof. If Lessor shall not select a Depository within ten (10) business days after notice from Lessee, then Lessee may select such Depository, which shall be a bank or trust company or escrow company authorized to do business in the State of Illinois.

Before paying out any moneys pursuant to this Lease, the Depository may retain free of trust its reasonable fees and expenses for acting as Depository. In the event there are not sufficient funds held by the Depository to pay its fees and expenses, Lessee shall pay all such fees and expenses.

The Depository shall be obligated to pay interest at competitive rates on any funds held by it. Any interest paid or received on the funds held in trust by it shall be accumulated with such funds. The Depository shall have no affirmative obligation to ascertain a determination of the amount of, or to effect the collection of, any insurance proceeds or condemnation awards(s), unless it shall have given an express undertaking to do so.

No contractor or any other person whatsoever, other than Lessor, Lessee and any Lender shall have any interest in or rights to any funds held by the Depository.

The Depository shall not commingle its own funds with funds received pursuant to any of the provisions of this Lease but shall hold such funds in trust for the purposes provided in this Lease. The Depository shall not be liable or accountable for any action taken or suffered by it or for any disbursement of funds made in good faith. If Lessor, Lessee and any Lender shall jointly instruct the Depository with regard to the disbursement of any funds held by it, then it shall disburse said funds in accordance with such instructions, and shall not be liable to anyone for having so disbursed said funds in accordance with such instructions.

10. **Real Property Taxes.**

10.1 **Definition**. As used herein, the term "**Real Property Taxes**" shall include any form of assessment; real estate, general, special, ordinary or extraordinary, or rental levy or tax (other than inheritance, personal income or estate taxes); improvement bond; and/or license fee imposed upon or levied against any legal or equitable interest of Lessor in the Premises, Lessor's right to other income therefrom, and/or Lessor's business of leasing, by any authority having the direct or indirect power to tax and where the funds are generated with reference to the Premises address. Real Property Taxes shall also include any tax, fee, levy, assessment or charge, or any increase therein: (i) imposed by reason of events occurring during the term of this Lease, including but not limited to, a change in the ownership of the Premises, and (ii) levied or assessed on machinery or equipment provided by Lessor to Lessee pursuant to this Lease and (iii) any special tax on rents, and any special taxes relative to the Agreed Use.

10.2 **Payment of Taxes**. In addition to Base Rent, Lessee shall pay to Lessor an amount equal to the Real Property Tax payment due at least twenty (20) days prior to the applicable delinquency date. If any such payment shall cover any period of time prior to the commencement or after the expiration or termination of this Lease, Lessee's share of such installment shall be prorated. Lessor may estimate the current Real Property Taxes, and require that such taxes be paid in advance to Lessor by Lessee monthly in advance with the payment of the Base Rent. Such monthly payments shall be an amount equal to the amount of the estimated installment of taxes divided by the number of months remaining before the month in which said installment becomes delinquent. When the actual amount of the applicable tax bill is known, the amount of such equal monthly advance payments shall be adjusted as required to provide the funds needed to pay the applicable taxes. If the amount collected by Lessor is insufficient to pay such Real Property Taxes when due, Lessee shall pay Lessor, upon demand, such additional sum as is necessary. If the amount collected by Lessor is more than the Real Property Taxes due, Lessor shall credit such additional amount to the next installment(s) of Base Rent due. Advance payments may be intermingled with other moneys of Lessor and shall not bear interest. If requested by Lessor, Lessee shall pay the Real Property Taxes directly to the taxing authority.

10.3 **Personal Property Taxes**. Lessee shall pay, prior to delinquency, all taxes assessed against and levied upon Lessee Owned Alterations, Utility Installations, Trade Fixtures, furnishings, equipment and all personal property of Lessee. When possible, Lessee shall cause its Lessee Owned Alterations and Utility Installations, Trade Fixtures, furnishings, equipment and all other personal property to be assessed and billed separately from the real property of Lessor. If any of Lessee's said property shall be assessed with Lessor's real property, Lessee shall pay Lessor the taxes attributable to Lessee's property within ten (10) days after receipt of a written statement setting forth the taxes applicable to Lessee's property.

11. **Utilities and Services**. Lessee shall pay for all water, gas, heat, light, power, telephone, trash disposal and other utilities and services supplied to the Premises, together with any taxes thereon. If any such services are not separately metered or billed to Lessee, Lessee shall pay a reasonable proportion, to be determined by Lessor, of all charges jointly metered or billed. There shall be no abatement of rent and Lessor shall not be liable in any respect whatsoever for the inadequacy, stoppage, interruption or discontinuance of any utility or service due to riot, strike, labor dispute, breakdown, accident, repair or other cause if beyond Lessor's reasonable control or in cooperation with governmental request or directions. Lessee hereby waives the provisions of any applicable existing or future law, ordinance or governmental regulation permitting the termination of this Lease due to an interruption, failure or inability to provide any services.

12. **Assignment and Subletting.**

12.1 Notwithstanding any other provisions of this Lease, Lessee covenants and agrees that it will not assign this Lease or sublet (which term, without limitation, shall include the granting of concessions, management arrangements and the like) the whole or any part of the Premises without, in each instance, having first received the express written consent of Lessor, which Lessor may withhold in its sole discretion except as expressly provided in this Paragraph 12.1. Lessor's consent to any proposed assignment of this Lease or subletting of all but not less than all of the Premises, shall not be unreasonably withheld, conditioned or delayed, provided that (i) any such assignee or sublessee (or an affiliated entity or parent company thereof) demonstrates the financial capacity to carry out all of the obligations under this Lease or the sublease, as the case may be, (ii) the assignee or sublessee has a business reputation that will not detract from the image of the Building and (iii) in the case of an assignment, the proposed assignee has a tangible net worth reasonably sufficient in Lessor's reasonable judgment to fully perform the obligations of Lessee under this Lease then remaining to be performed or in the case of a sublease, the proposed subtenant (or an affiliated entity or parent company thereof) has a financial net worth reasonably sufficient in Lessor's reasonable judgment to fully perform those obligations of Lessee under this Lease to be performed by the subtenant under the proposed sublease. Any assignment of this Lease or subletting of the whole or any part of the Premises (other than as permitted to an Affiliate of Lessee as set forth below) by Lessee without Lessor's express consent shall be invalid, void and of no force or effect. In any case where Lessor shall consent to such subletting, the Lessee named herein shall remain fully liable for the obligations of Lessee hereunder, including, without limitation, the obligation to pay the Rent and other amounts provided under this Lease. Any such request shall set forth, in detail reasonably satisfactory to Lessor, the identification of the proposed assignee or sublessee, its financial condition and the terms on which the proposed assignment or subletting is to be made, including, without limitation,

the Rent or any other consideration to be paid in respect thereto and such request shall be treated as Lessee's warranty in respect of the terms on which the proposed transfer is to be made.

It shall be a condition of the validity of any such assignment or subletting that the assignee or sublessee agrees directly with Lessor, in form satisfactory to Lessor, to be bound by all the obligations of Lessee hereunder, including, without limitation, the obligation to pay Base Rent and other amounts provided for under this Lease and the covenant against further assignment and subletting except in compliance with the terms of this Lease; any such subletting shall not relieve the Lessee named herein of any of the obligations of Lessee hereunder, and Lessee shall remain fully liable therefor. In no event, however, shall Lessee assign this Lease or sublet the whole or any part of the Premises to a proposed assignee or sublessee which has been judicially declared bankrupt or insolvent according to law, or with respect to which an assignment has been made of property for the benefit of creditors, or with respect to which a receiver, guardian, conservator, trustee in involuntary bankruptcy or similar officer has been appointed to take charge of all or any substantial part of the proposed assignee's or sublessee's property by a court of competent jurisdiction, or with respect to which a petition has been filed for reorganization under any provisions of the Bankruptcy Code now or hereafter enacted, or if a proposed assignee or sublessee has filed a petition for such reorganization, or for arrangements under any provisions of the Bankruptcy Code now or hereafter enacted and providing a plan for a debtor to settle, satisfy or extend the time for the payment of debts.

For the purposes of this Lease, the entering into of any management agreement or any agreement in the nature thereof transferring control or any substantial percentage of the profits and losses from the business operations of the Lessee in the Premises to a person or entity other than the Lessee (or an affiliate, subsidiary, or parent company of Lessee), or otherwise having substantially the same effect, shall be treated for all purposes as an assignment of this Lease and shall be governed by the provisions of this Paragraph 12.

Without limiting Lessor's discretion to grant or withhold its consent to any proposed assignment or subletting, if Lessee notifies Lessor in writing of Lessee's intent to assign this Lease or sublet the entire Premises, except in the case of a Permitted Transfer (as defined below), Lessor shall have the option, exercisable by written notice to Lessee given within thirty (30) days after Lessor's receipt of such notice of intent to assign or sublease, to terminate this Lease as of the date specified in Lessee's request.

Notwithstanding any contrary provisions herein, Lessor's consent shall not be required for an assignment or subletting to an Affiliate of Lessee, and for the purposes hereof, an "**Affiliate of Lessee**" shall mean (x) an entity which controls, is controlled by or under common control with Lessee, (y) a successor corporation related to Lessee by merger, consolidation, non-bankruptcy reorganization, or government action, or (z) a purchaser of substantially all of Lessee's assets at the Premises or stock; provided, however, that in the case of any assignment to an Affiliate of Lessee, the Affiliate shall agree directly with Lessor to be bound by all of the obligations of the Lessee under this Lease. Further, any person or entity owning directly or indirectly, a majority of either the outstanding voting rights or the outstanding ownership interests of Lessee, may assign or otherwise transfer such interests to another person or entity, provided that, in all instances, the combined net worth of the Lessee shall continue to have a net worth following consummation of such transaction that is at least equal to the net worth of Lessee as of the date of the assignment. In the avoidance of doubt, it is agreed that no assignment of this Lease, whether with or without the Lessor's consent, and no subletting of all or any portion of the Premises, again with or without the Lessor's consent, shall act to relieve the Lessee of its obligations under this Lease or release the Guarantor of its obligations under its guaranty. Any assignment or subletting pursuant to this paragraph shall be a "**Permitted Transfer**".

(a) An assignment or subletting without consent, other than a Permitted Transfer, shall, at Lessor's option, be a Default curable after notice per Paragraph 13.1(d), or a noncurable Breach without the necessity of any notice and grace period. If Lessor elects to treat such unapproved assignment or subletting as a noncurable Breach, Lessor may either: (i) terminate this Lease, or (ii) upon thirty (30) days written notice, increase the monthly Base Rent to [***]% of the Base Rent then in effect. Further, in the event of such Breach and rental adjustment, all fixed and non-fixed rental adjustments scheduled during the remainder of the Lease term shall be increased to [***]% of the scheduled adjusted rent.

(b) Lessee's remedy for any breach of Paragraph 12.1 by Lessor shall be limited to compensatory damages and/or injunctive relief.

(c) Lessor may reasonably withhold consent to a proposed assignment or subletting if Lessee is in Breach or Default at the time consent is requested.

(d) Notwithstanding the foregoing, allowing a de minimis portion of the Premises, i.e. 20 square feet or less, to be used by a third party vendor in connection with the installation of a vending machine or payphone shall not constitute a subletting.

12.2 **Terms and Conditions Applicable to Assignment and Subletting**.

(a) Regardless of Lessor's consent, no assignment or subletting shall: (i) be effective without the express written assumption by such assignee or sublessee of the obligations of Lessee under this Lease, (ii) release Lessee of any obligations hereunder, or (iii) alter the primary liability of Lessee for the payment of Rent or for the performance of any other obligations to be performed by Lessee.

(b) Lessor may accept Rent or performance of Lessee's obligations from any person other than Lessee pending approval or disapproval of an assignment. Neither a delay in the approval or disapproval of such assignment nor the acceptance of Rent or performance shall constitute a waiver or estoppel of Lessor's right to exercise its remedies for Lessee's Default or Breach.

(c) Lessor's consent to any assignment or subletting shall not constitute a consent to any subsequent assignment or subletting.

(d) In the event of any Default or Breach by Lessee, Lessor may proceed directly against Lessee, any Guarantors or anyone else responsible for the performance of Lessee's obligations under this Lease, including any assignee or sublessee, without first exhausting Lessor's remedies against any other person or entity responsible therefor to Lessor, or any security held by Lessor.

(e) Each request for consent to an assignment or subletting shall be in writing, accompanied by information relevant to Lessor's determination as to the financial and operational responsibility and appropriateness of the proposed assignee or sublessee, including but not limited to the intended use and/or required modification of the Premises, if any, together with a fee of $1000 as consideration for Lessor's considering and processing said request. Lessee agrees to provide Lessor with such other or additional information and/or documentation as may be reasonably requested. (See also Paragraph 34)

(f) Any assignee of, or sublessee under, this Lease shall, by reason of accepting such assignment, entering into such sublease, or entering into possession of the Premises or any portion thereof, be deemed to have assumed and agreed to conform and comply with each and every term, covenant, condition and obligation herein to be observed or performed by Lessee during the term of said assignment or sublease, other than such obligations as are contrary to or inconsistent with provisions of an assignment or sublease to which Lessor has specifically consented to in writing.

(g) Lessor's consent to any assignment or subletting shall not transfer to the assignee or sublessee any Option granted to the original Lessee by this Lease unless such transfer is specifically consented to by Lessor in writing, provided however the foregoing shall not apply to any Permitted Transfer. (See Paragraph 37.2)

12.3 **Additional Terms and Conditions Applicable to Subletting**. The following terms and conditions shall apply to any subletting by Lessee of all or any part of the Premises and shall be deemed included in all subleases under this Lease whether or not expressly incorporated therein:

(a) Lessee hereby assigns and transfers to Lessor all of Lessee's interest in all Rent payable on any sublease, and Lessor may collect such Rent and apply same toward Lessee's obligations under this Lease; provided, however, that until a Breach shall occur in the performance of Lessee's obligations, Lessee may collect said Rent. In the event that the amount collected by Lessor exceeds Lessee's then outstanding obligations any such excess shall be refunded to Lessee. Lessor shall not, by reason of the foregoing or any assignment of such sublease, nor by reason of the collection of Rent, be deemed liable to the sublessee for any failure of Lessee to perform and comply with any of Lessee's obligations to such sublessee. Lessee hereby irrevocably authorizes and directs any such sublessee, upon

receipt of a written notice from Lessor stating that a Breach exists in the performance of Lessee's obligations under this Lease, to pay to Lessor all Rent due and to become due under the sublease. Sublessee shall rely upon any such notice from Lessor and shall pay all Rents to Lessor without any obligation or right to inquire as to whether such Breach exists, notwithstanding any claim from Lessee to the contrary.

(b) In the event of a Breach by Lessee, Lessor may, at its option, require sublessee to attorn to Lessor, in which event Lessor shall undertake the obligations of the sublessor under such sublease from the time of the exercise of said option to the expiration of such sublease; provided, however, Lessor shall not be liable for any prepaid rents or security deposit paid by such sublessee to such sublessor or for any prior Defaults or Breaches of such sublessor.

(c) Any matter requiring the consent of the sublessor under a sublease shall also require the consent of Lessor.

(d) No sublessee shall further assign or sublet all or any part of the Premises without Lessor's prior written consent.

(e) Lessor shall deliver a copy of any notice of Default or Breach by Lessee to the sublessee, who shall have the right to cure the Default of Lessee within the grace period, if any, specified in such notice. The sublessee shall have a right of reimbursement and offset from and against Lessee for any such Defaults cured by the sublessee.

13. **Default; Breach; Remedies.**

13.1 **Default; Breach**. A "**Default**" is defined as a failure by the Lessee to comply with or perform any of the terms, covenants, conditions or Rules and Regulations under this Lease. A "Breach" is defined as the occurrence of one or more of the following Defaults, and the failure of Lessee to cure such Default within any applicable grace period:

(a) The abandonment of the Premises; or the vacating of the Premises without providing a commercially reasonable level of security, or where the coverage of the property insurance described in Paragraph 8.3 is jeopardized as a result thereof, or without providing reasonable assurances to minimize potential vandalism.

(b) The failure of Lessee to make any payment of Rent or any Security Deposit required to be made by Lessee hereunder, whether to Lessor or to a third party, when due, to provide reasonable evidence of insurance or surety bond, or to fulfill any obligation under this Lease which endangers or threatens life or property, where such failure continues for a period of 3 business days following written notice to Lessee. THE ACCEPTANCE BY LESSOR OF A PARTIAL PAYMENT OF RENT OR SECURITY DEPOSIT SHALL NOT CONSTITUTE A WAIVER OF ANY OF LESSOR'S RIGHTS, INCLUDING LESSOR'S RIGHT TO RECOVER POSSESSION OF THE PREMISES.

(c) The failure of Lessee to allow Lessor and/or its agents access to the Premises or the commission of waste, act or acts constituting public or private nuisance, and/or an illegal activity on the Premises by Lessee, subject to Paragraph 51, where such actions continue for a period of 3 business days following written notice to Lessee. In the event that Lessee commits waste, a nuisance or an illegal activity a second time then, subject to Paragraph 51, the Lessor may elect to treat such conduct as a non-curable Breach rather than a Default.

(d) The failure by Lessee to provide (i) reasonable written evidence of compliance with Applicable Requirements, (ii) the service contracts, (iii) the rescission of an unauthorized assignment or subletting, (iv) an Estoppel Certificate or financial statements, (v) a requested subordination, (vi) evidence concerning any guaranty and/or Guarantor, (vii) any document requested under Paragraph 42, (viii) material safety data sheets (MSDS), or (ix) any other documentation or information which Lessor may reasonably require of Lessee under the terms of this Lease, where any such failure continues for a period of 10 days following written notice to Lessee.

(e) A Default by Lessee as to the terms, covenants, conditions or provisions of this Lease, or of the rules adopted under Paragraph 40 hereof, other than those described in subparagraphs 13.1(a), (b), (c) or (d), above,

where such Default continues for a period of thirty (30) days after written notice; provided, however, that if the nature of Lessee's Default is such that more than thirty (30) days are reasonably required for its cure, then it shall not be deemed to be a Breach if Lessee commences such cure within said thirty (30) day period and thereafter diligently prosecutes such cure to completion.

(f) The occurrence of any of the following events: (i) the making of any general arrangement or assignment for the benefit of creditors; (ii) becoming a "debtor" as defined in 11 U.S.C. § 101 or any successor statute thereto (unless, in the case of a petition filed against Lessee, the same is dismissed within sixty (60) days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where possession is not restored to Lessee within thirty (30) days; or (iv) the attachment, execution or other judicial seizure of substantially all of Lessee's assets located at the Premises or of Lessee's interest in this Lease, where such seizure is not discharged within thirty (30) days; provided, however, in the event that any provision of this subparagraph is contrary to any applicable law, such provision shall be of no force or effect, and not affect the validity of the remaining provisions.

(g) The discovery that any financial statement of Lessee or of any Guarantor given to Lessor was materially false.

(h) If the performance of Lessee's obligations under this Lease is guaranteed: (i) the death of a Guarantor, (ii) the termination of a Guarantor's liability with respect to this Lease other than in accordance with the terms of such guaranty, (iii) a Guarantor's becoming insolvent or the subject of a bankruptcy filing, (iv) a Guarantor's refusal to honor the guaranty, or (v) a Guarantor's breach of its guaranty obligation on an anticipatory basis, and Lessee's failure, within sixty (60) days following written notice of any such event, to provide written alternative assurance or security, which, when coupled with the then existing resources of Lessee, equals or exceeds the combined financial resources of Lessee and the Guarantors that existed at the time of execution of this Lease.

13.2 **Remedies**. If Lessee fails to perform any of its affirmative duties or obligations, within thirty (30) days after written notice (or in case of an emergency, without notice), Lessor may, at its option, perform such duty or obligation on Lessee's behalf, including but not limited to the obtaining of reasonably required bonds, insurance policies, or governmental licenses, permits or approvals. Lessee shall pay to Lessor an amount equal to [***]% of the costs and expenses incurred by Lessor in such performance upon receipt of an invoice therefor. In the event of a Breach, Lessor may, with or without further notice or demand, and without limiting Lessor in the exercise of any right or remedy which Lessor may have by reason of such Breach:

(a) Terminate Lessee's right to possession of the Premises by any lawful means, in which case this Lease shall terminate and Lessee shall immediately surrender possession to Lessor. In such event Lessor shall be entitled to recover from Lessee: (i) the unpaid Rent which had been earned at the time of termination; (ii) the worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the Lessee proves could have been reasonably avoided; (iii) the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the Lessee proves could be reasonably avoided; and (iv) any other amount necessary to compensate Lessor for all the detriment proximately caused by the Lessee's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including but not limited to the cost of recovering possession of the Premises, expenses of reletting, including necessary renovation and alteration of the Premises, reasonable attorneys' fees, and that portion of any leasing commission paid by Lessor in connection with this Lease applicable to the unexpired term of this Lease. The worth at the time of award of the amount referred to in provision (iii) of the immediately preceding sentence shall be computed by discounting such amount at the discount rate of the Federal Reserve Bank of the District within which the Premises are located at the time of award plus one percent. Efforts by Lessor to mitigate damages caused by Lessee's Breach of this Lease shall not waive Lessor's right to recover any damages to which Lessor is otherwise entitled. If termination of this Lease is obtained through the provisional remedy of unlawful detainer, Lessor shall have the right to recover in such proceeding any unpaid Rent and damages as are recoverable therein, or Lessor may reserve the right to recover all or any part thereof in a separate suit. If a notice and grace period required under Paragraph 13.1 was not previously given, a notice to pay rent or quit, or to perform or quit given to Lessee under the unlawful detainer statute shall also constitute the notice required by Paragraph 13.1. In such case, the

applicable grace period required by Paragraph 13.1 and the unlawful detainer statute shall run concurrently, and the failure of Lessee to cure the Default within the greater of the two such grace periods shall constitute both an unlawful detainer and a Breach of this Lease entitling Lessor to the remedies provided for in this Lease and/or by said statute.

(b) Continue the Lease and Lessee's right to possession and recover the Rent as it becomes due, in which event Lessee may sublet or assign, subject only to reasonable limitations. Lessee acknowledges that the limitations on subletting and assignment set forth in Paragraph 12 herein are reasonable. Acts of maintenance, efforts to relet, and/or the appointment of a receiver to protect the Lessor's interests, shall not constitute a termination of the Lessee's right to possession.

(c) Pursue any other remedy now or hereafter available under the laws or judicial decisions of the state wherein the Premises are located. The expiration or termination of this Lease and/or the termination of Lessee's right to possession shall not relieve Lessee from liability under any indemnity provisions of this Lease as to matters occurring or accruing during the term hereof or by reason of Lessee's occupancy of the Premises.

(d) Lessee waives any right of redemption or relief from forfeiture under any other present or future law in the event Lessee is evicted and Lessor takes possession of the Property by reason of a default.

13.3 **Late Charges**. Lessee hereby acknowledges that late payment by Lessee of Rent will cause Lessor to incur costs not contemplated by this Lease, the exact amount of which will be extremely difficult to ascertain. Such costs include, but are not limited to, processing and accounting charges, and late charges which may be imposed upon Lessor by any Lender. Accordingly, if any Rent shall not be received by Lessor within five (5) days after such amount shall be due, then, without any requirement for notice to Lessee, Lessee shall immediately pay to Lessor a one-time late charge equal to [***]% of each such overdue amount or $100, whichever is greater. The Parties hereby agree that such late charge represents a fair and reasonable estimate of the costs Lessor will incur by reason of such late payment. Acceptance of such late charge by Lessor shall in no event constitute a waiver of Lessee's Default or Breach with respect to such overdue amount, nor prevent the exercise of any of the other rights and remedies granted hereunder. In the event that a late charge is payable hereunder, whether or not collected, for 3 consecutive installments of Base Rent, then notwithstanding any provision of this Lease to the contrary, Base Rent shall, at Lessor's option, become due and payable quarterly in advance.

13.4 **Interest**. Any monetary payment due Lessor hereunder, other than late charges, not received by Lessor, when due shall bear interest from the 31st day after it was due. The interest ("***Interest***") charged shall be computed at the rate of [***]% per annum but shall not exceed the maximum rate allowed by law. Interest is payable in addition to the potential late charge provided for in Paragraph 13.3.

13.5 **Breach by Lessor**. Lessor shall not be deemed in breach of this Lease unless Lessor fails within a reasonable time to perform an obligation required to be performed by Lessor. For purposes of this Paragraph, a reasonable time shall in no event be more less than thirty (30) days after receipt by Lessor, and any Lender whose name and address shall have been furnished to Lessee in writing for such purpose, of written notice specifying wherein such obligation of Lessor has not been performed; provided, however, that if the nature of Lessor's obligation is such that more than thirty (30) days are reasonably required for its performance, then Lessor shall not be in breach if performance is commenced within such thirty (30) day period and thereafter diligently pursued to completion. In no event shall Lessor be liable for punitive, consequential, special or indirect damages or loss of profits or the like.

14. **Condemnation**. If the Premises or any portion thereof are taken under the power of eminent domain or sold under the threat of the exercise of said power (collectively "***Condemnation***"), this Lease shall terminate as to the part taken as of the date the condemning authority takes title or possession, whichever first occurs. Condemnation awards and/or payments shall be the property of Lessor, whether such award shall be made as compensation for diminution in value of the leasehold, the value of the part taken, or for severance damages; provided, however, that Lessee shall be entitled to any compensation paid by the condemnor for Lessee's relocation expenses, loss of business goodwill and/or Trade Fixtures, without regard to whether or not this Lease is terminated pursuant to the provisions of this Paragraph, provided that no separate award to Lessee shall reduce Lessor's award.

In the event that this Lease is not terminated by reason of the Condemnation, Lessor shall repair any damage to the Premises caused by such Condemnation, but shall not be obligated to expend more than the award in such restoration. Further, if any substantial part of the Premises are taken or condemned, Lessee may, at its option, terminate this Lease as of the date the condemning authority takes title or possession, whichever first occurs. For purposes of the preceding sentence a "substantial part of the Premises" shall mean (i) 20% or more of the total floor area of the Premises or (ii) any portion of the Premises, the loss of which materially and adversely impacts (x) Lessee's ability to use the Premises for its Agreed Use, (y) the accessibility of the Premises, or (z) the visibility of the Premises. If Lessee does not terminate this Lease in accordance with the foregoing, this Lease shall remain in full force and effect as to the portion of the Premises remaining, except that the Base Rent shall be reduced in proportion to the reduction in floor area of the Premises.

15. **Estoppel Certificates; Financial Statements.**

(a) Lessee shall within ten (10) business days after written notice from Lessor execute, acknowledge and deliver to Lessor a statement in writing in form similar to the then most current "Estoppel Certificate" form published by AIR CRE or such other form as Lessor shall reasonably require, plus such additional information, confirmation and/or statements as may be reasonably requested by Lessor.

(b) If Lessee shall fail to execute or deliver the Estoppel Certificate within such 10-day period, Lessor may execute an Estoppel Certificate stating that: (i) the Lease is in full force and effect without modification except as may be represented by Lessor, (ii) there are no uncured defaults in Lessor's performance, and (iii) not more than one month's rent has been paid in advance. Prospective purchasers and encumbrancers may rely upon Lessor's Estoppel Certificate, and Lessee shall be estopped from denying the truth of the facts contained in said Certificate. In addition, Lessee acknowledges that any failure on its part to provide such an Estoppel Certificate will expose Lessor to risks and potentially cause Lessor to incur costs not contemplated by this Lease, the extent of which will be extremely difficult to ascertain. Accordingly, should the Lessee fail to execute and/or deliver a requested Estoppel Certificate in a timely fashion the monthly Base Rent shall be automatically increased, without any requirement for notice to Lessee, by an amount equal to [***]% of the then existing Base Rent or $100, whichever is greater until the Estoppel Certificate is provided for remainder of the Lease. The Parties agree that such increase in Base Rent represents fair and reasonable compensation for the additional risk/costs that Lessor will incur by reason of Lessee's failure to provide the Estoppel Certificate. Such increase in Base Rent shall in no event constitute a waiver of Lessee's Default or Breach with respect to the failure to provide the Estoppel Certificate nor prevent the exercise of any of the other rights and remedies granted hereunder.

(c) Lessee and all Guarantors shall, within ten (10) days after a request from Lessor, deliver to Lessor such financial statements as are reasonably required by Lessor to verify the net worth of Lessee, any Guarantor of Lessee's obligations under this Lease or an affiliate or parent company of Lessee as Lessor may request. Lessee represents and warrants to Lessor that all such financial statements provided in connection with this Lease including, without limitation, any that have been provided prior to the date of this Lease, are true, complete and correct as of the date thereof. Lessee further agrees to cooperate with any request by Lessor for Lessee's written permission or other cooperation in connection with Lessor's obtaining a credit report or similar information regarding Lessee and/or Lessee's principals or Guarantor from third-party sources; and in this regard, Lessee, to the maximum extent permitted by applicable law, hereby waives any obligations to Lessee which Lessor may otherwise have with regard to Lessor's seeking and/or obtaining any such third-party reports or information. Lessor anticipates that its request for the additional information prescribed in this Paragraph 15(c) will be limited either to a potential sale or financing of the Premises or of all or a portion of the Premises or to Lessor's concern as to the continuing financial ability of Lessee to perform its obligations under this Lease or of Guarantor to perform the obligations under the Guaranty. Lessee acknowledges and agrees that any financial statements submitted by Lessee to Lessor at any time in connection with this Lease are being relied upon by Lessor in entering into this Lease and extending any credit to Lessee and, to the extent that such financial statements, or any financial statements provided by Lessee to Lessor subsequent to the execution of this Lease, are materially false or incorrect, it shall be deemed a Lessee Default, and Lessor, upon or after discovery of such, may terminate this Lease or pursue any other applicable default remedies set forth in this Lease. Further, Lessor specifically reserves all rights it may have to object to a discharge or reorganization by Lessee or any Guarantor in any bankruptcy proceeding filed by or against Lessee or any Guarantor based upon such materially false or incorrect financial statements.

(d) If Lessor desires to finance, refinance, or sell the Premises, or any part thereof, Lessee and all Guarantors shall within ten (10) days after written notice from Lessor deliver to any potential lender or purchaser designated by Lessor such financial statements as may be reasonably required by such lender or purchaser, including but not limited to Lessee's financial statements for the past 2 years, provided such request is not made more than once per calendar year. All such financial statements shall be received by Lessor and such lender or purchaser in confidence and shall be used only for the purposes herein set forth.

16. **Definition of Lessor**. The term "Lessor" as used herein shall mean the owner or owners at the time in question of the fee title to the Premises, or, if this is a sublease, of the Lessee's interest in the prior lease. In the event of a transfer of Lessor's title or interest in the Premises or this Lease, Lessor shall deliver to the transferee or assignee (in cash or by credit) any unused Security Deposit held by Lessor. Upon such transfer or assignment and delivery of the Security Deposit, as aforesaid, the prior Lessor shall be relieved of all liability with respect to the obligations and/or covenants under this Lease thereafter to be performed by the Lessor. Subject to the foregoing, the obligations and/or covenants in this Lease to be performed by the Lessor shall be binding only upon the Lessor as hereinabove defined.

17. **Severability**. The invalidity of any provision of this Lease, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof.

18. **Days**. Unless otherwise specifically indicated to the contrary, the word "days" as used in this Lease shall mean and refer to calendar days.

19. **Limitation on Liability**. The obligations of Lessor under this Lease shall not constitute personal obligations of Lessor, or its partners, members, directors, officers or shareholders, and Lessee shall look to the Premises, and to no other assets of Lessor, for the satisfaction of any liability of Lessor with respect to this Lease, and shall not seek recourse against Lessor's partners, members, directors, officers or shareholders, or any of their personal assets for such satisfaction.

20. **Time of Essence**. Time is of the essence with respect to the performance of all obligations to be performed or observed by the Parties under this Lease.

21. **No Prior or Other Agreements; Broker Disclaimer**. This Lease contains all agreements between the Parties with respect to any matter mentioned herein, and no other prior or contemporaneous agreement or understanding shall be effective. Lessor and Lessee each represents and warrants to the Brokers that it has made, and is relying solely upon, its own investigation as to the nature, quality, character and financial responsibility of the other Party to this Lease and as to the use, nature, quality and character of the Premises. Brokers have no responsibility with respect thereto or with respect to any default or breach hereof by either Party.

22. **Notices.**

22.1 **Notice Requirements**. All notices required or permitted by this Lease or applicable law shall be in writing and may be delivered in person (by hand or by courier) or may be sent by regular, certified or registered mail or U.S. Postal Service Express Mail, with postage prepaid, or by facsimile transmission, or by email, and shall be deemed sufficiently given if served in a manner specified in this Paragraph 22. Each Party's present address for delivery or mailing of notices is set forth below. Either Party may by written notice to the other specify a different address for notice, except that upon Lessee's taking possession of the Premises, the Premises shall constitute Lessee's address for notice. A copy of all notices to Lessor shall be concurrently transmitted to such party or parties at such addresses as Lessor may from time to time hereafter designate in writing.

22.2 **Date of Notice**. Any notice sent by registered or certified mail, return receipt requested, shall be deemed given on the date of delivery shown on the receipt card, or if no delivery date is shown, the postmark thereon. If sent by regular mail the notice shall be deemed given 72 hours after the same is addressed as required herein and mailed with postage prepaid. Notices delivered by United States Express Mail or overnight courier that guarantees next day delivery shall be deemed given 24 hours after delivery of the same to the Postal Service or courier. Notices delivered by hand, or transmitted by facsimile transmission or by email shall be deemed delivered upon actual receipt. If notice is received on a Saturday, Sunday or legal holiday, it shall be deemed received on the next business day.

23. **Waivers.**

(a) No waiver by Lessor of the Default or Breach of any term, covenant or condition hereof by Lessee, shall be deemed a waiver of any other term, covenant or condition hereof, or of any subsequent Default or Breach by Lessee of the same or of any other term, covenant or condition hereof. Lessor's consent to, or approval of, any act shall not be deemed to render unnecessary the obtaining of Lessor's consent to, or approval of, any subsequent or similar act by Lessee, or be construed as the basis of an estoppel to enforce the provision or provisions of this Lease requiring such consent.

(b) The acceptance of Rent by Lessor shall not be a waiver of any Default or Breach by Lessee. Any payment by Lessee may be accepted by Lessor on account of monies or damages due Lessor, notwithstanding any qualifying statements or conditions made by Lessee in connection therewith, which such statements and/or conditions shall be of no force or effect whatsoever unless specifically agreed to in writing by Lessor at or before the time of deposit of such payment.

(c) THE PARTIES AGREE THAT THE TERMS OF THIS LEASE SHALL GOVERN WITH REGARD TO ALL MATTERS RELATED THERETO AND HEREBY WAIVE THE PROVISIONS OF ANY PRESENT OR FUTURE STATUTE TO THE EXTENT THAT SUCH STATUTE IS INCONSISTENT WITH THIS LEASE.

24. **No Right To Holdover**. Lessee has no right to retain possession of the Premises or any part thereof beyond the expiration or termination of this Lease. In the event that Lessee holds over, then the Base Rent shall be increased to [***]% of the Base Rent applicable immediately preceding the expiration or termination. Holdover Base Rent shall be calculated on monthly basis. Nothing contained herein shall be construed as consent by Lessor to any holding over by Lessee.

25. **Cumulative Remedies**. No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

26. **Covenants and Conditions; Construction of Agreement**. All provisions of this Lease to be observed or performed by Lessee are both covenants and conditions. In construing this Lease, all headings and titles are for the convenience of the Parties only and shall not be considered a part of this Lease. Whenever required by the context, the singular shall include the plural and vice versa. This Lease shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if both Parties had prepared it.

27. **Binding Effect; Choice of Law**. This Lease shall be binding upon the Parties, their personal representatives, successors and assigns and be governed by the laws of the State in which the Premises are located. Any litigation between the Parties hereto concerning this Lease shall be initiated in the county in which the Premises are located.

28. **Subordination; Attornment.**

28.1 **Subordination**. This Lease and any Option granted hereby shall be subject and subordinate to any ground lease, mortgage, deed of trust, or other hypothecation or security device (collectively, "**Security Device**"), now or hereafter placed upon the Premises, to any and all advances made on the security thereof, and to all renewals, modifications, and extensions thereof. Lessee agrees that the holders of any such Security Devices (in this Lease together referred to as "**Lender**") shall have no liability or obligation to perform any of the obligations of Lessor under this Lease. Any Lender may elect to have this Lease and/or any Option granted hereby superior to the lien of its Security Device by giving written notice thereof to Lessee, whereupon this Lease and such Options shall be deemed prior to such Security Device, notwithstanding the relative dates of the documentation or recordation thereof.

28.2 **Attornment**. In the event that Lessor transfers title to the Premises, or the Premises are acquired by another upon the foreclosure or termination of a Security Device to which this Lease is subordinated (i) Lessee shall attorn to such new owner, and upon request, enter into a new lease, containing all of the terms and provisions of this Lease, with such new owner for the remainder of the term hereof, or, at the election of the new owner, this Lease will automatically become a new lease between Lessee and such new owner, and (ii) Lessor shall thereafter be relieved of any further obligations hereunder and such new owner shall assume all of Lessor's obligations, except that such new owner shall not: (a) be liable for any act or omission of any prior lessor or with respect to events occurring prior to acquisition of ownership; (b) be subject to any offsets or defenses which Lessee might have against any prior lessor, (c) be bound by prepayment of more than one month's rent, or (d) be liable for the return of any security deposit paid to any prior lessor which was not paid or credited to such new owner.

28.3 **Self-Executing**. The agreements contained in this Paragraph 30 shall be effective without the execution of any further documents; provided, however, that, upon written request from Lessor or a Lender in connection with a sale, financing or refinancing of the Premises, Lessee and Lessor shall execute such further writings as may be reasonably required to separately document any subordination and/or attornment provided for herein.

29. **Attorneys' Fees**. If any Party or Broker brings an action or proceeding involving the Premises whether founded in tort, contract or equity, or to declare rights hereunder, the Prevailing Party (as hereafter defined) in any such proceeding, action, or appeal thereon, shall be entitled to reasonable attorneys' fees. Such fees may be awarded in the same suit or recovered in a separate suit, whether or not such action or proceeding is pursued to decision or judgment. The term, "**Prevailing Party**" shall include, without limitation, a Party or Broker who substantially obtains or defeats the relief sought, as the case may be, whether by compromise, settlement, judgment, or the abandonment by the other Party or Broker of its claim or defense. The attorneys' fees award shall not be computed

in accordance with any court fee schedule, but shall be such as to fully reimburse all attorneys' fees reasonably incurred. In addition, Lessor shall be entitled to attorneys' fees, costs and expenses incurred in the preparation and service of statutory 3-day notices of Default and consultations in connection therewith, whether or not a legal action is subsequently commenced in connection with such Default or resulting Breach ($250 is a reasonable minimum per occurrence for such services and consultation).

30. **Lessor's Access; Showing Premises; Repairs**. Lessor and Lessor's agents shall have the right to enter the Premises at any time, in the case of an emergency, and otherwise at reasonable times after reasonable prior notice for the purpose of showing the same to prospective purchasers, lenders, or tenants, and making such alterations, repairs, improvements or additions to the Premises as Lessor may deem necessary or desirable and the erecting, using and maintaining of utilities, services, pipes and conduits through the Premises and/or other premises as long as there is no material adverse effect on Lessee's use of the Premises. All such activities shall be without abatement of rent or liability to Lessee. If approval from any state or local governmental regulator or any other governmental authorities is necessary in order for Lessor or any mortgagee to inspect the Premises, Lessee shall use its best efforts to support obtaining such approvals for inspection, time being of the essence.

31. **Auctions**. Lessee shall not conduct, nor permit to be conducted, any auction upon the Premises without Lessor's prior written consent. Lessor shall not be obligated to exercise any standard of reasonableness in determining whether to permit an auction.

32. **Signs**. Lessor may place on the Premises ordinary "For Sale" signs at any time and ordinary "For Lease" signs during the last 6 months of the term hereof. Except as permitted in Paragraph 53, Lessee shall not place any sign upon the Premises without Lessor's prior written consent. All signs must comply with all Applicable Requirements.

33. **Termination; Merger**. Unless specifically stated otherwise in writing by Lessor, the voluntary or other surrender of this Lease by Lessee, the mutual termination or cancellation hereof, or a termination hereof by Lessor for Breach by Lessee, shall automatically terminate any sublease or lesser estate in the Premises; provided, however, that Lessor may elect to continue any one or all existing subtenancies. Lessor's failure within 10 days following any such event to elect to the contrary by written notice to the holder of any such lesser interest, shall constitute Lessor's election to have such event constitute the termination of such interest.

34. **Consents**. All requests for consent shall be in writing. Except as otherwise provided herein, wherever in this Lease the consent of a Party is required to an act by or for the other Party, such consent shall not be unreasonably withheld or delayed. Lessor's actual reasonable costs and expenses (including but not limited to architects', attorneys', engineers' and other consultants' fees) incurred in the consideration of, or response to, a request by Lessee for any Lessor consent, including but not limited to consents to an assignment, a subletting or the presence or use of a Hazardous Substance, shall be paid by Lessee upon receipt of an invoice and supporting documentation therefor. Lessor's consent to any act, assignment or subletting shall not constitute an acknowledgment that no Default or Breach by Lessee of this Lease exists, nor shall such consent be deemed a waiver of any then existing Default or Breach, except as may be otherwise specifically stated in writing by Lessor at the time of such consent. The failure to specify herein any particular condition to Lessor's consent shall not preclude the imposition by Lessor at the time of consent of such further or other conditions as are then reasonable with reference to the particular matter for which consent is being given. In the event that either Party disagrees with any determination made by the other hereunder and reasonably requests the reasons for such determination, the determining party shall furnish its reasons in writing and in reasonable detail within ten (10) business days following such request.

35. **Guarantor.**

35.1 **Execution**. The Guarantors shall each execute a guaranty in the form attached hereto, and each such Guarantor shall have the same obligations as Lessee under this Lease.

35.2 **Default**. It shall constitute a Default of the Lessee if any Guarantor fails or refuses, upon request to provide: (a) evidence of the execution of the guaranty, including the authority of the party signing on Guarantor's behalf to obligate Guarantor, and in the case of a corporate Guarantor, a certified copy of a resolution of its board of

directors authorizing the making of such guaranty, (b) current financial statements, (c) an Estoppel Certificate, or (d) written confirmation that the guaranty is still in effect.

36. **Quiet Possession**. Subject to payment by Lessee of the Rent and performance of all of the covenants, conditions and provisions on Lessee's part to be observed and performed under this Lease, Lessee shall have quiet possession and quiet enjoyment of the Premises during the term hereof.

37. **Options**. If Lessee is granted any Option, as defined below, then the following provisions shall apply.

37.1 **Definition**. "**Option**" shall mean: (a) the right to extend or reduce the term of or renew this Lease or to extend or reduce the term of or renew any lease that Lessee has on other property of Lessor; or (b) the right of first refusal or first offer to lease either the Premises or other property of Lessor.

37.2 **Options Personal To Original Lessee**. Any Option granted to Lessee in this Lease is personal to the original Lessee, and cannot be assigned except in connection with a Permitted Transfer, or exercised by anyone other than said original Lessee (or a transferee pursuant to a Permitted Transfer) and only while the original Lessee (or a transferee pursuant to a Permitted Transfer) is in full possession of the Premises.

37.3 **Multiple Options**. In the event that Lessee has any multiple Options to extend or renew this Lease, a later Option cannot be exercised unless the prior Options have been validly exercised.

37.4 **Effect of Default on Options**.

(a) Lessee shall have no right to exercise an Option: (i) during the period commencing with the giving of any notice of Default and continuing until said Default is cured, (ii) during the period of time any Rent is unpaid (without regard to whether notice thereof is given Lessee), (iii) during the time Lessee is in Breach of this Lease, or (iv) in the event that Lessee has been given 3 or more notices of separate Default on 3 separate occasions, whether or not the Defaults are cured, during the 12 month period immediately preceding the exercise of the Option.

(b) The period of time within which an Option may be exercised shall not be extended or enlarged by reason of Lessee's inability to exercise an Option because of the provisions of Paragraph 37.4(a).

(c) An Option shall terminate and be of no further force or effect, notwithstanding Lessee's due and timely exercise of the Option, if, after such exercise and prior to the commencement of the extended term or completion of the purchase, (i) Lessee fails to pay Rent for a period of thirty (30) days after such Rent becomes due (without any necessity of Lessor to give notice thereof), or (ii) if Lessee commits a Breach of this Lease.

38. **Multiple Buildings**. If the Premises are a part of a group of buildings controlled by Lessor, Lessee agrees that it will abide by and conform to all reasonable rules and regulations which Lessor may make from time to time for the management, safety, and care of said properties, including the care and cleanliness of the grounds and including the parking, loading and unloading of vehicles, and to cause its employees, suppliers, shippers, customers, contractors and invitees to so abide and conform. Lessee also agrees to pay its fair share of common expenses incurred in connection with such rules and regulations.

39. **Security Measures**. Lessee hereby acknowledges that the Rent payable to Lessor hereunder does not include the cost of guard service or other security measures, and that Lessor shall have no obligation whatsoever to provide same. Lessee assumes all responsibility for the protection of the Premises, Lessee, its agents and invitees and their property from the acts of third parties. Lessee acknowledges that, in all events, Lessee is responsible for providing security to the Premises, and Lessee shall indemnify, defend with counsel subject to Lessor's reasonable approval (which shall not be unreasonably withheld, conditioned or delayed), and save Lessor harmless from any claim for injury to person or damage to property asserted by any personnel, employee, guest, invitee or agent of Lessee which is suffered or occurs in or about the Premises by reason of the act of an intruder or any person other than Lessor or any personnel, employee, contractor, guest, invitee or agent of Lessor in or about the Premises.

40. **Reservations**. Provided same do not materially increase Lessee's obligations or materially diminish Lessee's rights hereunder, Lessor reserves to itself the right, from time to time, to grant, without the consent or joinder of Lessee, such easements, rights and dedications that Lessor deems necessary, and to cause the recordation

of parcel maps and restrictions, so long as such easements, rights, dedications, maps and restrictions do not unreasonably interfere with the use of the Premises by Lessee. Lessee agrees to sign any documents reasonably requested by Lessor to effectuate any such easement rights, dedication, map or restrictions.

41. **Authority; Multiple Parties; Execution.**

(a) If either Party hereto is a corporation, trust, limited liability company, partnership, or similar entity, each individual executing this Lease on behalf of such entity represents and warrants that he or she is duly authorized to execute and deliver this Lease on its behalf. Each Party shall, within thirty (30) days after request, deliver to the other Party satisfactory evidence of such authority.

(b) If this Lease is executed by more than one person or entity as "Lessee", each such person or entity shall be jointly and severally liable hereunder. It is agreed that any one of the named Lessees shall be empowered to execute any amendment to this Lease, or other document ancillary thereto and bind all of the named Lessees, and Lessor may rely on the same as if all of the named Lessees had executed such document.

(c) This Lease may be executed by the Parties in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

42. **Conflict**. Any conflict between the printed provisions of this Lease and the typewritten or handwritten provisions shall be controlled by the typewritten or handwritten provisions.

43. **Offer**. Preparation of this Lease by either Party or their agent and submission of same to the other Party shall not be deemed an offer to lease to the other Party. This Lease is not intended to be binding until executed and delivered by all Parties hereto.

44. **Amendments**. This Lease may be modified only in writing, signed by the Parties in interest at the time of the modification. As long as they do not materially change Lessee's obligations hereunder, Lessee agrees to make such reasonable non-monetary modifications to this Lease as may be reasonably required by a Lender in connection with the obtaining of normal financing or refinancing of the Premises.

45. **Waiver of Jury Trial**. TO THE FULLEST EXTENT PERMITTED BY LAW, THE PARTIES HEREBY WAIVE THEIR RESPECTIVE RIGHTS TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING INVOLVING THE PROPERTY OR ARISING OUT OF THIS AGREEMENT. THE PARTIES KNOWINGLY AND IRREVOCABLY WAIVE THEIR RESPECTIVE RIGHTS TO TRIAL BY JURY IN ANY ACTION TO RESOLVE ANY DISPUTE RELATING TO OR ARISING OUT OF THIS LEASE OR ANY PART THEREOF; AND IN CONNECTION WITH THIS LEASE, EACH OF LESSOR AND LESSEE REPRESENTS THAT IT HAS DISCUSSED SUCH WAIVER WITH ITS OWN INDEPENDENT COUNSEL AND HAS RELIED ON ADVICE OF ITS COUNSEL AND MAKES SUCH WAIVER KNOWINGLY AND VOLUNTARILY.

46. **Arbitration of Disputes**. An Addendum requiring the Arbitration of all disputes between the Parties and/or Brokers arising out of this Lease is not attached to this Lease.

47. **Accessibility; Americans with Disabilities Act.**

(a) The Premises have not undergone an inspection by a Certified Access Specialist (CASp). Note: A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises. Lessor hereby waives its right, if any, to require the Premises undergo a CASp inspection.

(b) Since compliance with the Americans with Disabilities Act (ADA) and other state and local accessibility statutes are dependent upon Lessee's specific use of the Premises, Lessor makes no warranty or

representation as to whether or not the Premises comply with ADA or any similar legislation. In the event that Lessee's use of the Premises requires modifications or additions to the Premises in order to be in compliance with ADA or other accessibility statutes, Lessee agrees to make any such necessary modifications and/or additions at Lessee's expense.

48. **Rent Adjustments**. The Base Rent shall be increased on each annual anniversary of the Commencement Date by an amount equal to three percent (3%).

49. **Options to Extend**. Lessor hereby grants to Lessee the option to extend the term of this Lease for two (2) additional five (5) year periods commencing when the prior term expires upon each and all of the following terms and conditions:

(i) In order to exercise an option to extend, Lessee must give written notice of such election to Lessor and Lessor must receive the same at least 6 but not more than 12 months prior to the date that the option period would commence, time being of the essence. If proper notification of the exercise of an option is not given and/or received, such option shall automatically expire. Options (if there are more than one) may only be exercised consecutively.

(ii) The provisions of Paragraph 37, including those relating to Lessee's Default set forth in Paragraph 37.4 of this Lease, are conditions of this option.

(iii) Except for the provisions of this Lease granting an option or options to extend the term, all of the terms and conditions of this Lease except where specifically modified by this option shall apply.

(iv) The monthly rent for each month of the option period shall be calculated as follows: Base Rent shall be increased on the first day of the option period (the "***Option Commencement Date***"), and shall increase on each annual anniversary of the Option Commencement Date by the greater of: (i) [***] percent ([***]%) or (ii) the increase, if any, in the Consumer Price Index of the Bureau of Labor Statistics of the United States Department of Labor, US City Average (1982-84=100), for All Urban Consumers (CPI-U), Not Seasonally Adjusted.

50. **Agreed Use.** Notwithstanding anything herein or in the Lease to the contrary, Lessor acknowledges that Lessee's Agreed Use is, at the time of the execution of this Lease, a violation of United States Code and federal law, and Lessor agrees that this violation shall not, on that basis alone, cause Lessee to forfeit the Premises or otherwise be in default or breach of this Lease. In the event of any change in license, law or regulatory posture concerning the Agreed Use, Lessor shall cooperate in good faith with Lessee and shall approve any changes in Lessee's Agreed Use that may be required to comply with any such change in law or policy.

51. **Filming**. Lessor agrees that Lessee may authorize the use of the Premises for filming of motion pictures, television tapes or films, commercials, videos, documentaries, commentaries, and any and all other still, electronic and other image capture purposes (collectively, "***Filming***"). Lessor agrees that any Filming may be performed during, before or after normal business hours. Upon Lessee's written request, Lessor shall execute such documentation required in connection with such Filming, including, without limitation, executing releases required by third parties filming on the Premises. All such third parties Filming on the Premises shall provide a certificate of insurance naming both Lessor and Lessee as an additional insured.

52. **Change in Laws**. Lessee, at its sole expense, shall comply with all laws, rules, orders and regulations of federal, state, county, and municipal authorities, and with any direction of any public officers pursuant to law, which impose any duty upon Lessor or Lessee with respect to the Premises, including any laws, rules, orders, regulations, and directions as shall hereafter be promulgated, provided however that, except as provided in the last sentence of this Paragraph, Lessee shall not be required to comply with federal law regarding cannabis / marijuana. The parties also acknowledge that under federal law, the production, distribution and sale of cannabis remains a violation of the Controlled Substances Act and that, as between Lessor and Lessee, the risk of enforcement of such law is on Lessee, and that no such enforcement shall act to relieve the Lessee of its obligations under this Lease. Lessee shall indemnify, defend and hold harmless Lessor and all managers and members of Lessor and any person or entity which has a direct or indirect interest in the Lessor and any agent of Lessor and any person or entity which has a

direct or indirect interest in Lessor from and against any and all losses, liabilities, claims and damages arising out of or resulting from the enforcement of such federal law.

53. **Signage**. Lessee shall have the right to install its standard signage on exterior of the front and, if possible, side of Premises. Said signage shall be at Lessee's sole cost and expense in accordance with city ordinances, and subject to Lessor's approval, the latter of which shall not be unreasonably withheld or delayed.

54. **Invalidity of Particular Provisions**. If any term or provision of this Lease or the application thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this Lease, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Lease shall be valid and enforceable to the fullest extent permitted by law.

55. **REIT/UBTI**. The Lessor and the Lessee hereby agree that it is their intent that all Rent and charges payable to the Lessor under this Lease shall qualify as "rents from real property" within the meaning of Sections 512(b)(3) and 856(d) of the Internal Revenue Code of 1986, as amended, (the "***Code***") and the U.S. Department of the Treasury Regulations promulgated thereunder (the "***Regulations***"). In the event that (i) the Code or the Regulations, or interpretations thereof by the Internal Revenue Service contained in revenue rulings or other similar public pronouncements, shall be changed so that any Rent or charges no longer so qualifies as "rent from real property" for purposes of either said Section 512(b)(3) or Section 856(d) or (ii) the Lessor, in its sole discretion, determines that there is any risk that all or part of any Rent or charges shall not qualify as "rents from real property" for the purposes of either said Sections 512(b)(3) or 856(d), such Rent and charges shall be adjusted in such manner as the Lessor may reasonably require so that it will so qualify; provided, however, that any adjustments required pursuant to this Paragraph shall be made so as to produce the equivalent (in economic terms) Rent and charges as payable prior to such adjustment. The parties agree to execute such further commercially reasonable instrument as may reasonably be required by the Lessor in order to give effect to the foregoing provisions of this Paragraph 55.

Without limitation of the foregoing and notwithstanding anything contained in this Lease to the contrary, if a sublease, concession or license of all or any portion of the Premises is permitted under this Lease, the provisions of this Paragraph 55 shall continue to apply provided however that the foregoing shall not limit Lessee's right to assign or sublease pursuant to the terms of this Lease including but not limited to the right to make Permitted Transfers.

As an inducement to Lessor to enter into this Lease, Lessee hereby represents and warrants that: (i) Lessee is not, nor is it owned or controlled directly or indirectly by, any person, group, entity or nation named on any list issued by the Office of Foreign Assets Control of the United States Department of the Treasury ("***OFAC***") pursuant to Executive Order 13224 or any similar list or any law, order, rule or regulation or any Executive Order of the President of the United States as a terrorist, "Specially Designated National and Blocked Person" or other banned or blocked person (any such person, group, entity or nation being hereinafter referred to as a "Prohibited Person"); (ii) Lessee is not (nor is it owned, controlled, directly or indirectly, by any person, group, entity or nation which is) acting directly or indirectly for or on behalf of any Prohibited Person; and (iii) from and after the effective date of the above-referenced Executive Order, Lessee (and any person, group, or entity which Lessee controls, directly or indirectly) has not conducted nor will conduct business nor has engaged nor will engage in any transaction or dealing with any Prohibited Person in violation of the U.S. Patriot Act or any OFAC rule or regulation, including without limitation any assignment of this Lease or any subletting of all or any portion of the Premises or the making or receiving of any contribution of funds, goods or services to or for the benefit of a Prohibited Person in violation of the U.S. Patriot Act or any OFAC rule or regulation. In connection with the foregoing, it is expressly understood and agreed that (x) any breach by Lessee of the foregoing representations and warranties shall be deemed a Breach by Lessee, and (y) the representations and warranties contained in this subsection shall be continuing in nature and shall survive the expiration or earlier termination of this Lease. At Lessor's request Lessee shall furnish to Lessor evidence confirming the representations in this Paragraph.

It is understood and agreed that the Lessor shall in no event be construed or held to be a partner or associate of the Lessee in the conduct of the Lessee's business, nor shall the Lessor be liable for any debts incurred by the Lessee in the conduct of the Lessee's business; but it is understood and agreed that the relationship is and at all times shall remain that of Lessor and Lessee.

56. **No Brokers**. Lessor and Lessee each represent and warrant to the other that no brokers were involved in the negotiation of this Lease and that no brokers are owed any commission in connection herewith.

57. **Confidentiality**. Lessor and Lessee agree that the final terms and conditions of this Lease and any financial information provided Lessee shall be kept confidential and shall not be disclosed to any other person or entity other than to Lessor's property managers or to Lessor's or Lessee's lenders, partners, attorneys, accountants or prospective buyers of the Premises or investors, provided the Lessor and Lessee shall be responsible for ensuring the parties to whom each makes disclosure shall maintain the confidentiality of the terms contained herein as if said parties were signatories to this Lease and in any litigation between Lessor and Lessee or then required by judicial or governmental order. The foregoing shall not prohibit the publicizing of the transaction contemplated by this Lease, provided that the material economic terms (for example, the monthly Base Rent and any economic incentives) are not disclosed.

58. **Access**. Subject to casualty, Lessee shall have access to the Premises twenty-four (24) hours per day, seven (7) days per week during the Lease term.

59. **Lease Contingent on Lessor Purchase**. For avoidance of doubt, the parties agree that notwithstanding Lessee's signature and delivery of this Lease, the Lease shall not be effective unless and until Lessor acquires ownership of the Premises pursuant to the Purchase and Sale Agreement dated July __, 2019 by and between Lessor, as Buyer, and HealthCentral Illinois Holdings, LLC, as Seller, as more fully set forth in Paragraph 1.3, and Base Rent shall be equitably pro-rated until such time as Lessor acquires ownership of the entire Premises.

60. **Maintenance of and Compliance with License**. Lessee shall at all times maintain in full force and effect and comply with all terms and conditions of all licenses and permits required to operate the Premises for the Agreed Use (collectively, the "***License***"). If Lessee at any time during the Lease term receives written notice of (i) termination of the License, (ii) noncompliance with a requirement of the License, (iii) a violation of the License, or (iv) any similar written notice from the authority having jurisdiction over the License (each, a "***Threatened Action***"), then Lessee shall immediately notify Lessor in writing and Lessee shall, within five (5) business days of receipt of written notice of a Threatened Action (or such sooner period as required by such written notice), cure any termination, noncompliance, or violation of the License, and take all other steps required to avoid the Threatened Action. If Lessee fails, in Lessor's reasonable judgment, to take all steps necessary to avoid the Threatened Action within said five (5) business day period (or sooner as set forth above), then such failure by Lessee shall be deemed a Default under the Lease and Lessor may, without limiting Lessor's other remedies pursuant to this Lease or otherwise available at law or in equity: (x) terminate this Lease upon thirty (30) days' written notice to Lessee (or such sooner period as may be required to avoid the Threatened Action), and/or (y) take all steps that Lessor deems reasonably required to preserve the License and to avoid the Threatened Action, including but not limited to requiring Lessee to transfer the Lease and/or the License to Lessor or a third party designated by Lessor.

61. **Operating Costs.**

(a) In addition to the Base Rent and other charges prescribed in this Lease, Lessee shall pay to Lessor, as Additional Rent required pursuant to this Lease, the cost of any kind which may be incurred by Lessor in its discretion in connection with the operation, cleaning, maintenance, ownership, management, repair and replacement of the Premises (collectively, the "***Operating Costs***"), including, without limitation, all costs of the following: lighting, painting, cleaning, policing, inspecting, repairing, replacing elements in the Premises; trash removal; insect and pest treatments and eradication; roof repairs and maintenance; environmental protection improvements or devices and health and safety improvements and devices which may be required by applicable laws (including the maintenance, repair and replacement of same); premiums and related expenses to obtain and maintain the policies of insurance required by this Lease; environmental monitoring programs and devices, wages and salaries of all employees, agents, consultants and others engaged in operation, cleaning, maintenance, repair, and replacement of the Premises; charges and assessments paid by Lessor pursuant to any owner's association, reciprocal easement, covenants or comparable document affecting the Premises, any fees which Lessor pays for the management or asset management of the Premises, an allowance for Lessor's administrative or overhead costs, in the amount of [***] percent ([***]%) of the total of all other Operating Costs; utilities, snow and ice removal; monthly amortization of capital improvements to the Premises (the monthly amortization of any given capital improvement shall be the sum

of (a) the quotient obtained by dividing the cost of the capital improvement by Lessor's estimate of the number of months of useful life of such improvement plus (b) an amount equal to the cost of the capital improvement times the lesser of (y) a rate not to exceed [***]% per annum and (z) the maximum annual interest rate permitted by law); the cost of resurfacing and restriping parking areas and roadways; reasonable reserves for any of the foregoing or any other Operating Costs; any other item stated in this Lease to be an Operating Cost. In addition, Lessor and Lessee agree that all costs incurred by Lessor with respect to all sewer (including septic systems, if applicable) and water lines and other equipment (including maintenance, repair and replacement of same), fire-protection equipment and devices (including maintenance, repair and replacement of same), exterior painting and for roof and canopy maintenance, repair and replacement shall be included as Operating Costs pursuant to this Paragraph 61. With regard to capital expenditures, (i) the original investment in capital improvements, i.e., upon the initial construction of the Premises, shall not be included, and (ii) capital improvements made either before or during the Lease term shall be included to the extent of a reasonable depreciation or amortization (including interest accruals commensurate with Lessor's interest costs) beginning with the date on which payment for the improvement was made and continuing through the reasonable useful life of the improvement.

(b) Lessee shall make payment to Lessor for Operating Costs based upon the estimated annual cost of Operating Costs, payable in advance at the same time each month as Base Rent is payable, but subject to adjustment after the end of the year on the basis of the actual costs for such year as provided for under Paragraph 4. Alternatively, Lessee shall, at Lessor's option, make payments to Lessor for Operating Costs on demand at intervals not more frequently than monthly. In addition, if either before or during the Lease term Lessor in its discretion elects to amortize a non-capital expense instead of charging it in full during the year in which it is incurred by Lessor, then such expense shall be amortized (with interest accruals commensurate with Lessor's interest costs) beginning with the date on which payment for the expense was made and continuing through the amortization period. With regard to the charges contemplated in this Paragraph 61, Lessee further agrees that unless within thirty (30) days after Lessor's delivery to Lessee of an assessment and/or statement related to any such charges, Lessee delivers to Lessor a written assertion of one or more specific errors or a written request for further detail regarding a specific charge, then the assessment and/or statement shall be deemed correct in all respects. In addition, Lessee further agrees that if it so asserts error or requests further information within such thirty (30) day period, Lessee will nevertheless pay all amounts charged by Lessor pending a resolution thereof.

GUARANTY OF LEASE

THIS GUARANTY OF LEASE ("**Guaranty**") is entered into as of July 5, 2019, by Ascend Wellness Holdings, LLC, an Illinois limited liability company ("**Guarantor**"), for the benefit of LCR 1014 EASTPORT PLAZA, LLC ("**Lessor**"), with reference to the following facts:

Lessor and HealthCentral Illinois Holdings, LLC ("**Lessee**"), have entered or will enter into a lease of even date herewith (the "**Lease**"). Capitalized terms used but not otherwise defined herein shall have the same meaning ascribed to them in the Lease.

By its covenants herein set forth, Guarantor has induced Lessor to enter into the Lease, which was made and entered into in consideration for Guarantor's said covenants.

Subject to the terms set forth herein, Guarantor unconditionally guarantees, without deduction by reason of setoff, defense or counterclaim, to Lessor and its successors and assigns the full and punctual payment (and not merely the collectability), performance and observance by Lessee, of all of the amounts, terms, covenants and conditions in the Lease contained on Lessee's part to be paid, kept, performed and observed. Notwithstanding the foregoing, in no event shall the scope of Guarantor's obligations exceed Lessee's obligations under the Lease except to the extent Lessee is relieved of any such obligation by reason of any bankruptcy or other like filing or order.

If Lessee shall at any time default in the punctual payment, performance and observance of any of the amounts, terms, covenants or conditions in the Lease contained on Lessee's part to be paid, kept, performed and observed (after applicable notice and cure period), Guarantor will pay, keep, perform and observe same, as the case may be, in the place and stead of Lessee. Guarantor shall also pay to Lessor all reasonable and necessary incidental damages and expenses incurred by Lessor as a direct and proximate result of Lessee's failure to perform, which expenses shall include reasonable attorneys' fees and interest on all sums due and owing Lessor by reason of Lessee's failure to pay same, at the maximum rate allowed by law.

Any act of Lessor, or its successors or assigns, consisting of a waiver of any of the terms or conditions of the Lease, the giving of any consent to any matter or thing relating to the Lease, or the granting of any indulgence or extension of time to Lessee may be done without notice to Guarantor and without releasing Guarantor from any of its obligations hereunder.

The obligations of Guarantor hereunder shall not be released by Lessor's receipt, application or release of any security given for the performance and observance of any covenant or condition in the Lease contained on Lessee's part to be performed or observed, nor by any modification of the Lease, regardless of whether Guarantor consents thereto or receives notice thereof.

The liability of Guarantor hereunder shall in no way be affected by: (a) the release or discharge of Lessee in any creditor's, receivership, bankruptcy or other proceeding; (b) the impairment, limitation or modification of the liability of Lessee or the estate of Lessee in bankruptcy, or of any remedy for the enforcement of Lessee's liability under the Lease resulting from the operation of any present or future provision of the Federal Bankruptcy Code or other statutes or from the decision of any court; (c) the rejection or disaffirmance of the Lease in any such proceedings; (d) the assignment or transfer of the Lease by Lessee; (e) any disability or other defense of Lessee; (f) the cessation from any cause whatever of the liability of Lessee; (g) the exercise by Lessor of any of its rights or remedies reserved under the Lease or by law; or (h) any termination of the Lease.

If Lessee shall become insolvent or be adjudicated bankrupt, whether by voluntary or involuntary petition, if any bankruptcy action involving Lessee shall be commenced or filed, if a petition for reorganization, arrangement or similar relief shall be filed against Lessee, or if a receiver of any part of Lessee's property or assets shall be appointed by any court, Guarantor shall pay to Lessor the amount of all accrued, unpaid and accruing rent and other charges due under the Lease and all principal and interest and other charges under to the date when the debtor-in- possession, the trustee or administrator accepts the Lease and commences paying same. At the option of Lessor, Guarantor shall either: (a) pay Lessor an amount equal to the rent and other charges which would have been payable for the unexpired portion of the Lease term reduced to present-day value; or (b) execute and deliver to Lessor a new lease for the balance of the Lease term with the same terms and conditions as the Lease, but with Guarantor as

Lessee thereunder. Any operation of any present or future debtor's relief act or similar act, or law or decision of any court, shall in no way affect the obligations of Guarantor or Lessee to perform any of the terms, covenants or conditions of the Lease or of this Guaranty.

Guarantor may be joined in any action against Lessee in connection with the obligations of Lessee under the Lease and recovery may be had against Guarantor in any such action. Lessor may enforce the obligations of Guarantor hereunder without first taking any action whatever against Lessee or its successors and assigns, or pursuing any other remedy or applying any security it may hold.

Until all of the covenants and conditions in the Lease on Lessee's part to be performed and observed are fully performed and observed, Guarantor: (a) shall have no right of subrogation against Lessee by reason of any payment or performance by Guarantor hereunder; and (b) subordinates any liability or indebtedness of Lessee now or hereafter held by Guarantor to the obligations of Lessee to Lessor under the Lease.

This Guaranty shall apply to the Lease, any extension, renewal, modification or amendment thereof, to any assignment, subletting or other tenancy thereunder and to any holdover term following the Lease term granted under the Lease, or any extension or renewal thereof. Notwithstanding anything in this Guaranty to the contrary, in the event Lessee assigns the Lease or subleases the Premises in accordance with the provisions of the Lease to a third party which is not an entity controlling or controlled by or under common control with Lessee or Guarantor (a "Third Party Assignee") then (a) the undersigned shall not be responsible for any incremental increase in Rent or other obligation under the Lease or for or during any extension of the Lease term resulting from an amendment to the Lease between Lessor and such Third Party Assignee which provides for an increase in Rent or other obligation due under the Lease or an extension of the Lease term or for any exercise of any option to extend the Lease term which may be exercised by said Third Party Assignee, unless Guarantor shall have consented in writing to such increase in Rent or other obligation or extension of Lease term; and (b) as a condition to the undersigned's liabilities under this Guaranty, Lessor shall be required to deliver written notice of any defaults by Lessee or the Third Party Assignee to Guarantor and Guarantor shall have the right to cure same within the time period provided in the Lease.

In the event of any litigation between Guarantor and Lessor with respect to the subject matter hereof, the unsuccessful party in such litigation shall pay to the successful party all fees, costs and expenses thereof, including reasonable attorneys' fees and expenses.

If there is more than one undersigned Guarantor, (a) the term "Guarantor", as used herein, shall include all of the undersigned; (b) each provision of this Guaranty shall be binding on each one of the undersigned, who shall be jointly and severally liable hereunder; and (c) Lessor shall have the right to join one or all of them in any proceeding or to proceed against them in any order.

Within fifteen (15) days after Lessor's written request (which requests may not be made more than once per calendar year), Guarantor shall furnish Lessor with financial statements or other reasonable financial information reflecting Guarantor's current financial condition, certified by Guarantor or its financial officer. If Guarantor is a publicly-traded corporation, delivery of Guarantor's last published financial information shall be satisfactory for purposes of this Paragraph.

This instrument constitutes the entire agreement between Lessor and Guarantor with respect to the subject matter hereof, superseding all prior oral and written agreements and understandings with respect thereto. It may not be changed, modified, discharged or terminated orally or in any manner other than by an agreement in writing signed by Guarantor and Lessor.

This Guaranty shall be governed by and construed in accordance with the laws of the State of Illinois.

Every notice, demand or request (collectively "**Notice**") required hereunder or by law to be given by either party to the other shall be in writing. Notices shall be given by personal service or by United States certified or registered mail, postage prepaid, return receipt requested, or by telegram, mailgram or same-day or overnight private courier, addressed to the party to be served at the address indicated below or such other address as the party to be served may from time to time designate in a Notice to the other party.

Any action to declare or enforce any right or obligation under the Lease may be commenced by Lessor in the state courts of the State of Illinois. Guarantor hereby consents to the jurisdiction of such Court for such purposes. Any notice, complaint or legal process so delivered shall constitute adequate notice and service of process for all purposes and shall subject Guarantor to the jurisdiction of such Court for purposes of adjudicating any matter related to this Guaranty. Lessor and Guarantor hereby waive their respective rights to trial by jury of any cause of action, claim, counterclaim or cross-complaint in any action, proceeding and/or hearing brought by either Lessor against Guarantor or Guarantor against Lessor on any matter whatever arising out of, or in any way connected with, the Lease, or this Guaranty.

This Guaranty may be assigned in whole or part by Lessor upon written notice to Guarantor, but it may not be assigned by Guarantor without Lessor's prior written consent, which may be withheld in Lessor's sole and absolute discretion.

The terms and provisions of this Guaranty shall be binding upon and inure to the benefit of the heirs, personal representatives, successors and permitted assigns of the parties hereto.

IN WITNESS WHEREOF, Guarantor has executed this Guaranty as of the date first above written.
